7. Take note of the estimated remaining recording time. Storage remaining for video recording is displayed above the OK button.

   **Note:** A warning prompt will be displayed if available recording time is less than 4 hours. The system will not allow the MHDD to be used if it has less than ??? time remaining.

8. Tap OK.
Mobile Recorder User Manual

Note: A successful Login will show the Officer ID number on the bottom right of the Camera View screen.

Sync the Wireless Microphone

1. Locate the contacts at the bottom of the wireless mic.

2. Press the wireless microphone contacts directly on top of the receiver's register contacts.

3. A confirmation tone will sound to indicate the receiver and the microphone have synchronized their frequencies.

4. The wireless microphone is now on standby mode and ready for use.

Note: Syncing a second microphone to the same receiver will replace and nullify the first microphone.
Other Login Options

The system administrator for the DVMS can enable one of four different login capabilities. These four different options are described below:

Quick login – Automatically logs in an officer after they login once, as long as the same hard drive is used in the same unit (typically used in take home vehicles).

Emergency login – If this option is enabled, when the user starts the mobile recording system and the light bar is activated, the system will boot into record mode automatically. If the light bar is not activated, the system will remain at the login screen.

Delayed login – If this option is enabled the officer can startup the mobile unit and will get a login prompt for 30 seconds. If the officer does not login within 30 seconds the mobile recorder program will start automatically with the ability to record a video. At the end of the recording period, once the stop button is pressed, the officer is prompted to login.

Windows login – The administrator may set BOClient to use MSWindows login credentials and automatically login to BO Client. Note that users will need to logoff from the current Windows session so that others will not gain access to DVMS system with other users’ access rights (this feature requires MDT integration or a connection to the department network).

Manually Start the Application

1. The system is designed to start automatically. If the system does not automatically start contact the system administrator or locate the application icon on the display screen.

2. Tap the Mobile Start icon to start the application.
Minimize/Maximize the Application Window

1. Tap the application icon to minimize the window.

2. Tap Hide Camera View to minimize the application window and access the desktop.

3. Tap the application icon to return to the Camera View screen.
Camera View Screen

The Camera View screen displays the camera input and provides options for the user to start recording, create bookmarks, take snapshots of the video and other functions. It also provides icons that indicate the light bar status, radar gun reading, GPS indicator (if installed), and the in-car microphone ON / OFF status.

At the bottom of this screen, it shows the Pre-Event Buffering time, which indicates the length of video that is being pre-recorded prior to User pressing the Record button.
Camera Preview – The camera preview displays the image as seen through the camera lens. The default image is set as the front facing camera. The system supports a spot exposure feature. Tap the brightest portion of the camera preview screen to automatically dim the preview screen for five seconds. This feature is useful for when lights are making portions of the preview too bright to see.

Video Log - The Video Log documents readings and status from various devices connect to the mobile recording system such as, light bar status, microphone status, bookmark, etc.

Snapshot Function – Tapping the snapshot icon will save a JPG freeze frame image of the video displayed on the camera preview screen. A preview of the snapshot will be displayed immediately beneath the snapshot icon for 15 seconds. Take a snapshot of the rear camera view by clicking on the C2 camera indicator to change the camera preview to secondary camera, then tap the snapshot icon.

Minimize/Enlarge Button – The minimize/enlarge button will minimize or enlarge the mobile recorder application and allow users the ability to access other programs on the computer.

Recording Indicators – The recording indicators blink red to signify which camera is recording. If no cameras are recording, the indicators will not blink. Users can tap on the recording indicators to make that cameras view active in the Camera Preview screen. When there is only one camera installed on the vehicle, the user will not see a C1 and C2 camera indicator. When three cameras are installed in the system, tapping the C2 camera indicator will toggle between camera’s two and three.

Date and Time – The Date and Time display is set during the login sequence and continuously displays the current date and time.

Buffer Setting – The Pre-Event Buffer is set by the System Administrator through COBAN’s BOClient application. The Pre-Event Buffer display is a reminder to the user that all recordings are provided with a pre-event recording. This buffer can be adjusted through BOClient or in some cases through mobile recorder.

Mic Icon – The wireless microphone icon will blink when the covert microphone is recording audio.

Light Bar Indicator – the light bar indicator will blink when the vehicles light bar is activated.

Function Buttons – The function buttons provide users the access to greater functionality, including:

The Menu button provides access to Camera View, Playback, Switch User, or Exit functions.

Bookmark Icon – Tap the bookmark icon to mark a spot in a video for later review or to pinpoint an action on the recording.

Auto Zoom - When tapped, the system will automatically zoom the camera, pause for 3 seconds and zoom back to user’s original zoom setting. There is no need to manually disengage the button when this feature is used.

Camera Control - Press Camera Control to access manual camera zoom, brightness and focus capabilities.

More - Allows users the ability to access additional system features and functions.

Secondary Camera View - If installed, will be configured as C2 and the second camera’s view will appear below the primary camera image next to C2 indicator.

Playback Functions – The playback feature allows user to play previously recorded video, enter / edit video event data, send selected video wirelessly (if wireless option is purchased) and manually retain video. (Please refer to Page 17 for more details)

Record Buttons – The user may initiate a recording by pressing the wireless microphone, turning on the light bar or siren (if equipped as a system trigger), or pressing the Record icons on the screen.
Recording

The core feature of the mobile recording system is its ability to quickly and accurately capture videos when the user initiates a recording. The COBAN mobile recording system incorporates a multitude of options to start a recording, and to view videos as they are being recorded. These options are detailed in the following section.

Start a Recording Manually

1. Tap the camera 1 icon to begin a recording using the primary camera via the video recorder.

2. Tap the camera 2 icon to begin a recording using the secondary camera via the video recorder.

Note: If the vehicle has three cameras, the user can switch the display between camera 2 and camera 3 by double tapping the camera 2 indicator beneath the video image display.

Note: The camera 1 icon will be shown as a white square when the mobile recorder is actively recording a video.

Not Recording  Recording

3. The recording indicators will blink red to signify which cameras are actively recording.

Note: While in record mode, the preview screen provides the ability to set bookmarks by pressing the bookmark icon (see page 16 for more information on this feature).
**Mobile Recorder User Manual**

**Stop Recording**

1. Tap the camera 1 icon \(\text{C1}\) to stop recording using the primary camera.

2. Tap the camera 2 icon \(\text{C2}\) to stop the recording on the secondary camera.

**Use Wireless Mic to Start Recording**

1. Press the Record button (larger button) on the wireless mic once.

2. This action will initiate the mobile recorder to record both audio and video data via the mobile recorder.

3. The wireless mic will vibrate twice and the record button will flash green to indicate that the mobile recording system has started a recording, depending on which mode it is in (see table below).

**Wireless Mic Alerts**

1. The wireless mic will flash color coded LEDs and/or vibrate to alert users of status changes and wireless mic maintenance alerts.

2. See the table to the right to decipher the alerts.

**Other Recording Options**

The system administrator can set other recording start and stop options via the system settings in BOClient, including:

- Light bar activation
- Vehicle speed activation
- Siren activation
- Weapons rack activation

The middle button of the wireless mic is configurable so that it can be used for the following purposes:

- Bookmark
- Stop recording
- Mute
Event Type

If enabled, the Event Type screen will pop up immediately after the user stops a video recording. Classifying a recording with an event type helps the DVMS save the video, and allows meta-data and other details about the video to be stored with the recording as well as sets the retention criteria for each video. The mobile recorder system will return to the Camera View Screen and Wireless Microphone will also return to standby once the video has been linked to an event type. In instances where both cameras are recording the system will give the user the option to carry over the event data to the secondary camera.

Select an Event Type

1. Tap the camera icon to stop recording.
2. The Event Type screen will appear.
3. Tap the appropriate event type to classify the video that was recorded. The Event Type will be highlighted in light blue when it is selected.
4. Tap Select to enter the event type.

Note: Events can be added or removed from the event type list by the system administrator through BOClient.
5. Tap any of the text fields to display the virtual keypad.

6. Type information regarding the recording using the virtual keypad then tap OK.
Snapshot

Using the snapshot feature will take a JPG freeze frame image of the video displayed on the preview screen. A preview of the snapshot will be displayed immediately beneath the snapshot icon for 15 seconds. This feature works for any camera installed on the system, but only the camera view shown on the preview screen is available for snapshot.

Take Snapshot

1. Tap snapshot icon to take a JPG freeze frame of the image on the camera view screen.

2. Tap the preview that appears beneath the snapshot icon to enlarge the snapshot.

Note: The snapshot preview will be displayed for approximately 15 seconds.
Review Snapshots

1. Use the arrow keys to scroll through the snapshots saved in the mobile recorder system.
2. Click X to delete snapshots.
3. Click OK to return to the Camera View screen.

Bookmark

Bookmarks are used to mark points in a video that the reviewer or user feels are significant. Bookmarks also allow users to quickly locate these significant points of videos during a review.

Set a Bookmark in Mobile Recorder

1. Start a video recording (see page 11 for more information on recording).
2. Tap the bookmark icon on the right side of the screen.
3. An entry will be displayed in the Video Log.

Note: The bookmark icon will not be displayed unless the mobile recorder is actively recording.

COBAN's mobile recorder camera is designed to focus beyond the vehicle's windshield. This point of focus ensures that rain drops or other debris on the windshield do not negatively affect the picture.

Users may use close shot mode to bring the focus point down to within one inch from the camera for 5 seconds. During this time, a snapshot will be taken for later review:

1. Position the ID or other object approximately 1 inch from the camera's lens.

2. Tap Close Shot.

3. The camera will re-focus and take a snapshot JPG image that will be saved in the snapshots file (see page 16 for more information on reviewing snapshots).

Pre-Event Playback

Pre-event buffer, or the length of video that will precede a recording when the record icon is activated can be adjusted, but only prior to a recording.

Another useful feature of the pre-event playback is a feature that allows the users to go back to any point in time that occurred since that user logged onto the mobile recorder system. The pre-event buffer starts at the time a user logs on or switches users (see page Switch Officer37 for information on switching officers).

1. Tap Pre-Event Playback.

2. Tap the left and right arrow buttons to adjust the length of the pre-event section in minutes.

Please select the length of video you want to retrieve from pre-event using > and < buttons. When finished, press the Film button to retrieve selected video.

6. Tap the extract button to retrieve the selected length of pre-event. This allows the user to playback and attach a longer pre-event segment than is defined in the back-office system.

7. The extra length of pre-event is included in the saved video.

Note: It is possible to adjust pre-event to append video to a previously recorded video by adjusting the pre-event buffer to a point prior to the recording's start time, i.e., to append ten minutes of pre-event to a video recorded from 8:00 to 8:15, adjust the pre-event buffer to a value greater than fifteen minutes.
Equipment Test

The Equipment Test feature allows the user to test the wireless mic and the covert mic without triggering a recording.

1. Ensure that the wireless mic is synchronized to the mobile recorder (see page 6 for information on syncing the wireless mic).
2. Tap Equipment Test.
3. The wireless mic will beep twice and flash green if the system is properly synchronized.
4. Press the record button on the wireless mic.
5. The microphone icon will be shown with flashing electrifying icons indicating that the microphone is active, if the covert mic is working properly.

Note: A feedback whine may be produced by the microphone during this test.
6. Also, the text M1 will appear at the top right of the camera preview screen to indicate that wireless 1 is active.
7. Note: When two mics are used, M1 and M2 will appear in the camera preview.

3. When a recording is started the camera will automatically zoom out to obtain the entire scene.

Note: When traffic watch is disabled the manual zoom button stays active.
Night Mode

Night Mode dims the in-car monitor for clarity and provides less glare during covert conditions.

1. Tap Night Mode to activate night mode and reduce the brightness of the monitor.

2. The preview screen will dim slightly.

3. Tap Night Mode again to deactivate night mode and return the monitor to the default brightness settings.
Color Mode

By default, color mode is enabled in the mobile recording system. There are times when it may be useful to disable color mode in order to enhance lighting and reduce glare. This feature is useful for capturing tire skid marks on roads or during dusk and dawn light conditions.

*Only two video channels can be recorded simultaneously.*

This information is stored in the Mobile Hard Disk Drive until it can be transferred to the BOClient.

This manual addresses the steps needed to properly use the Mobile recording system.

Login

Based on the system settings configured by the department users may need to login to the mobile recorder system using a valid user ID and password at the beginning of each shift. Other login types are described on page 7. This information allows the mobile recorder system to transfer videos taken during the shift to BOClient to be properly stored and classified in the DVMS. Complete the steps described in this section to login to the mobile recorder system.

Turn On the Mobile Recorder

1. Start the vehicle.
2. Turn on the mobile recorder using the On/Off switch on the monitor.
3. Allow the system to boot up.
Login to the Mobile Recorder

1. After the mobile recording system has been powered up, the Mobile Start Recorder software will initiate and display the Officer Login screen.

2. The officer ID should be automatically entered into the appropriate field from information input during MHDD checkout. If not, enter the appropriate Officer ID in the field provided.

Note: Tap Officer ID or Password to access the virtual keypad.

3. Type your password using the virtual keypad then tap OK.

4. Tap Login.

5. The System Time and Date screen will appear.

6. Change the system time and date if it is incorrect using the appropriate arrow keys.

7. Take note of the estimated remaining recording time. Storage remaining for video recording is displayed above the OK button.

Note: A warning prompt will be displayed if available recording time is less than 4 hours. The system will not allow the MHDD to be used if it has less than ??? time remaining.

8. Tap OK.
Note: A successful Login will show the Officer ID number on the bottom right of the Camera View screen.

Sync the Wireless Microphone

1. Locate the contacts at the bottom of the wireless mic.
2. Press the wireless microphone contacts directly on top of the receiver’s register contacts.
3. A confirmation tone will sound to indicate the receiver and the microphone have synchronized their frequencies.
4. The wireless microphone is now on standby mode and ready for use.

Note: Syncing a second microphone to the same receiver will replace and nullify the first microphone.
Other Login Options

The system administrator for the DVMS can enable one of four different login capabilities. These four different options are described below:

**Quick login** – Automatically logs in an officer after they login once, as long as the same hard drive is used in the same unit (typically used in take home vehicles).

**Emergency login** – If this option is enabled, when the user starts the mobile recording system and the light bar is activated, the system will boot into record mode automatically. If the light bar is not activated, the system will remain at the login screen.

**Delayed login** – If this option is enabled the officer can startup the mobile unit and will get a login prompt for 30 seconds. If the officer does not login within 30 seconds the mobile recorder program will start automatically with the ability to record a video. At the end of the recording period, once the stop button is pressed, the officer is prompted to login.

**Windows login** – The administrator may set BOClient to use MS Windows login credentials and automatically login to BO Client. Note that users will need to logoff from the current Windows session so that others will not gain access to DVMS system with other users’ access rights (this feature requires MDT integration or a connection to the department network).

Manually Start the Application

1. The system is designed to start automatically. If the system does not automatically start contact the system administrator or locate the application icon on the display screen.

2. Tap the Mobile Start icon to start the application.
Minimize/Maximize the Application Window

1. Tap the application icon to minimize the window.

2. Tap Hide Camera View to minimize the application window and access the desktop.

3. Tap the application icon to return to the Camera View screen.
Camera View Screen

The Camera View screen displays the camera input and provides options for the user to start recording, create bookmarks, take snapshots of the video and other functions. It also provides icons that indicate the light bar status, radar gun reading, GPS indicator (if installed), and the in-car microphone ON / OFF status.

At the bottom of this screen, it shows the Pre-Event Buffering time, which indicates the length of video that is being pre-recorded prior to User pressing the Record button.
**Camera Preview** – The camera preview displays the image as seen through the camera lens. The default image is set as the front facing camera. The system supports a spot exposure feature. Tap the brightest portion of the camera preview screen to automatically dim the preview screen for five seconds. This feature is useful for when lights are making portions of the preview too bright to see.

**Video Log** – The Video Log documents readings and status from various devices connect to the mobile recording system such as, light bar status, microphone status, bookmark, etc.

**Snapshot Function** – Tapping the snapshot icon will save a JPG freeze frame image of the video displayed on the camera preview screen. A preview of the snapshot will be displayed immediately beneath the snapshot icon for 15 seconds. Take a snapshot of the rear camera view by clicking on the C2 camera indicator to change the camera preview to secondary camera, then tap the snapshot icon.

**Minimize/Enlarge Button** – The minimize/enlarge button will minimize or enlarge the mobile recorder application and allow users the ability to access other programs on the computer.

**Recording Indicators** – The recording indicators blink red to signify which camera is recording. If no cameras are recording, the indicators will not blink. Users can tap on the recording indicators to make that camera's view active in the Camera Preview screen. When there is only one camera installed on the vehicle, the user will not see a C1 and C2 camera indicator. When three cameras are installed in the system, tapping the C2 camera indicator will toggle between camera's two and three.

**Date and Time** – The Date and Time display is set during the login sequence and continuously displays the current date and time.

**Buffer Setting** – The Pre-Event Buffer is set by the System Administrator through COBAN’s BOClient application. The Pre-Event Buffer display is a reminder to the user that all recordings are provided with a pre-event recording. This buffer can be adjusted through BOClient or in some cases through mobile recorder.

**Mic Icon** – The wireless microphone icon will blink when the covert microphone is recording audio.

**Light Bar Indicator** – the light bar indicator will blink when the vehicle's light bar is activated.

**Function Buttons** – The function buttons provide users the access to greater functionality, including:
- The **Menu** button provides access to Camera View, Playback, Switch User, or Exit functions.
- The **Bookmark Icon** – Tap the bookmark icon to mark a spot in a video for later review or to pinpoint an action on the recording.
- **Auto Zoom** - When tapped, the system will automatically zoom the camera, pause for 3 seconds and zoom back to user's original zoom setting. There is no need to manually disengage the button when this feature is used.
- **Camera Control** - Press Camera Control to access manual camera zoom, brightness and focus capabilities.
- **More** - Allows users the ability to access additional system features and functions.
- **Secondary Camera View** - If installed, will be configured as C2 and the second camera's view will appear below the primary camera image next to C2 indicator.
- **Playback Functions** – The playback feature allows user to play previously recorded video, enter / edit video event data, send selected video wirelessly (if wireless option is purchased) and manually retain video. (Please refer to Page 17 for more details)
- **Record Buttons** – The user may initiate a recording by pressing the wireless microphone, turning on the light bar or siren (if equipped as a system trigger), or pressing the **Record** icons on the screen.
Recording

The core feature of the mobile recording system is its ability to quickly and accurately capture videos when the user initiates a recording. The COBAN mobile recording system incorporates a multitude of options to start a recording, and to view videos as they are being recorded. These options are detailed in the following section.

Start a Recording Manually

1. Tap the camera 1 icon to begin a recording using the primary camera via the video recorder.

2. Tap the camera 2 icon to begin a recording using the secondary camera via the video recorder.

Note: If the vehicle has three cameras, the user can switch the display between camera 2 and camera 3 by double tapping the camera 2 indicator beneath the video image display.

Note: The camera 1 icon will be shown as a white square when the mobile recorder is actively recording a video.

Not Recording   Recording

3. The recording indicators will blink red to signify which cameras are actively recording.

Note: While in record mode, the preview screen provides the ability to set bookmarks by pressing the bookmark icon (see page 16 for more information on this feature).
Stop Recording

1. Tap the camera 1 icon [C1] to stop recording using the primary camera.
2. Tap the camera 2 icon [C2] to stop the recording on the secondary camera.

Use Wireless Mic to Start Recording

1. Press the Record button (larger button) on the wireless mic once.
2. This action will initiate the mobile recorder to record both audio and video data via the mobile recorder.
3. The wireless mic will vibrate twice and the record button will flash green to indicate that the mobile recording system has started a recording, depending on which mode it is in (see table below).

Wireless Mic Alerts

1. The wireless mic will flash color coded LEDs and/or vibrate to alert users of status changes and wireless mic maintenance alerts.
2. See the table to the right to decipher the alerts.

Other Recording Options

The system administrator can set other recording start and stop options via the system settings in BOClient, including:
- Light bar activation
- Vehicle speed activation
- Siren activation
- Weapons rack activation

The middle button of the wireless mic is configurable so that it can be used for the following purposes:
- Bookmark
- Stop recording
- Mute
Event Type

If enabled, the Event Type screen will pop up immediately after the user stops a video recording. Classifying a recording with an event type helps the DVMS save the video, and allows meta-data and other details about the video to be stored with the recording as well as sets the retention criteria for each video. The mobile recorder system will return to the Camera View Screen and Wireless Microphone will also return to standby once the video has been linked to an event type. In instances where both cameras are recording the system will give the user the option to carry over the event data to the secondary camera.

Select an Event Type

1. Tap the camera icon to stop recording.
2. The Event Type screen will appear.
3. Tap the appropriate event type to classify the video that was recorded. The Event Type will be highlighted in light blue when it is selected.
4. Tap Select to enter the event type.

Note: Events can be added or removed from the event type list by the system administrator through BOClient.
Mobile Recorder User Manual

5. Tap any of the text fields to display the virtual keypad.
6. Type information regarding the recording using the virtual keypad then tap OK.
Snapshot

Using the snapshot feature will take a JPG freeze frame image of the video displayed on the preview screen. A preview of the snapshot will be displayed immediately beneath the snapshot icon for 15 seconds. This feature works for any camera installed on the system, but only the camera view shown on the preview screen is available for snapshot.

Take Snapshot

1. Tap snapshot icon to take a JPG freeze frame of the image on the camera view screen.

2. Tap the preview that appears beneath the snapshot icon to enlarge the snapshot.

*Note:* The snapshot preview will be displayed for approximately 15 seconds.
Review Snapshots

1. Use the arrow keys to scroll through the snapshots saved in the mobile recorder system.
2. Click X to delete snapshots.
3. Click OK to return to the Camera View screen.

Bookmark

Bookmarks are used to mark points in a video that the reviewer or user feels are significant. Bookmarks also allow users to quickly locate these significant points of videos during a review.

Set a Bookmark in Mobile Recorder

1. Start a video recording (see page 11 for more information on recording).
2. Tap the bookmark icon on the right side of the screen.
3. An entry will be displayed in the Video Log.

*Note:* The bookmark icon will not be displayed unless the mobile recorder is actively recording.

**Close Shot**

COBAN's mobile recorder camera is designed to focus beyond the vehicle's windshield. This point of focus ensures that rain drops or other debris on the windshield do not negatively affect the picture.

Users may use close shot mode to bring the focus point down to within one inch from the camera for 5 seconds. During this time, a snapshot will be taken for later review:

1. Position the ID or other object approximately 1 inch from the camera's lens.

2. Tap Close Shot.

3. The camera will re-focus and take a snapshot JPG image that will be saved in the snapshots file (see page 16 for more information on reviewing snapshots).
View Snapshots

Snapshots, those taken via the snapshot function on the camera view screen or those taken utilizing the close shot function, are stored in the same place. Access these files by:

1. Tap View Snapshots.

2. Use the arrow keys to scroll through the snapshots in the mobile recorder system.

3. Click X to delete snapshots.

4. Click OK to return to Camera View screen.
Pre-Event Playback

Pre-event buffer, or the length of video that will precede a recording when the record icon is activated can be adjusted, but only prior to a recording.

Another useful feature of the pre-event playback is a feature that allows the users to go back to any point in time that occurred since that user logged onto the mobile recorder system. The pre-event buffer starts at the time a user logs on or switches users (see page Switch Officer37 for information on switching officers).

1. Tap Pre-Event Playback.

2. Tap the left and right arrow buttons to adjust the length of the pre-event section in minutes.
Mobile Recorder User Manual

3. Tap 🎥 to view the past minutes that the officer has input.

4. Tap 🎥 to record the past minutes.

5. Tap the record button.

**Note:** Another useful feature of this capability is to view past minutes of a currently recording video to review what was said or happened and verify facts.

6. Tap the extract button 🎥 to retrieve the selected length of pre-event. This allows the user to playback and attach a longer pre-event segment than is defined in the back-office system.

7. The extra length of pre-event is included in the saved video.

**Note:** It is possible to adjust pre-event to append video to a previously recorded video by adjusting the pre-event buffer to a point prior to the recording's start time, i.e., to append ten minutes of pre-event to a video recorded from 8:00 to 8:15, adjust the pre-event buffer to a value greater than fifteen minutes.
Equipment Test

The Equipment Test feature allows the user to test the wireless mic and the covert mic without triggering a recording.

1. Ensure that the wireless mic is synchronized to the mobile recorder (see page 6 for information on syncing the wireless mic).
2. Tap Equipment Test.

3. The wireless mic will beep twice and flash green if the system is properly synchronized.
4. Press the record button on the wireless mic.

5. The microphone icon will be shown with flashing electrifying icons indicating that the microphone is active, if the covert mic is working properly.

Note: A feedback whine may be produced by the microphone during this test.

6. Also, the text M1 will appear at the top right of the camera preview screen to indicate that wireless 1 is active.

7. Note: When two mics are used, M1 and M2 will appear in the camera preview.
8. Tap Click here to exit Test Mode to exit the test.

Sync GPS Time
This feature syncs the video clock to GPS time clock if the time is off by more than 10 minutes. This feature will only work if GPS is installed on the mobile recorder system.

1. Tap Sync GPS Time.

2. A popup window will appear providing the user with the difference between the system time and the GPS time.

3. Tap Yes to synchronize the system time to the GPS time.
Edit Event Data

Each recorded video is linked with an event type. Events can be defined as traffic stop, accident, assistance, or any other definable event type. Each event may have multiple data points including offender information, user activities, location description, and remarks.

1. To access the Event Data screen, tap Edit Event Data.

Note: This option will be grayed out if the system is not recording.

2. Tap Select Event.

3. Select the event type from the pre-defined event list.

4. Once event type is selected, the user may then start adding personal information of offenders, or select the applicable activities.

3. For events involving drug interdiction, the user can check the box in the Drug-1 or Drug-2 column across from the appropriate violation.

   **Note:** Drug-1 is commonly used to indicate personal use of the drug; Drug-2 is for other drug interdictions (such as Drug Trafficking or Dealing).

4. Tap OK to return to the Offender’s Data screen.
IP Address

1. Tap **IP Address** to display the IP address of the vehicle.

2. A popup window will appear providing the IP address information.

3. Click **OK** to return to the **Main Menu** screen.
Record Indicator

A red LED light is situated on the front of the COBAN camera in order to signify to users whether or not the system is recording. It is situated to be seen through the front windshield when the user is outside the vehicle.

1. Tap Record Indicator to deactivate the red LED on the camera.

2. Tap Record Indicator a second time to activate the red LED on the camera.
Traffic Watch

The traffic watch allows users the ability to zoom out as soon as the record button is tapped.

1. Tap Traffic Watch to turn on the traffic watch function.

2. The screen shot on the right shows a preview where the user is focusing on the license plate of the vehicle in the frame.

3. When a recording is started the camera will automatically zoom out to obtain the entire scene.

Note: When traffic watch is disabled the manual zoom button stays active.
Night Mode
Night Mode dims the in-car monitor for clarity and provides less glare during covert conditions.

1. Tap Night Mode to activate night mode and reduce the brightness of the monitor.

2. The preview screen will dim slightly.

3. Tap Night Mode again to deactivate night mode and return the monitor to the default brightness settings.
**Color Mode**

By default, color mode is enabled in the mobile recording system. There are times when it may be useful to disable color mode in order to enhance lighting and reduce glare. This feature is useful for capturing tire skid marks on roads or during dusk and dawn light conditions.

1. Tap **Color Mode** on the Menu screen to activate a black and white preview.

2. The preview screen will change from color to black and white.

3. Tap **Color Mode** again on the Menu screen to re-activate color mode and deactivate black and white preview.

**Note:** When in Black and White mode, the video recording will record in black and white only.

1. Adjust the camera to center the preview screen on the subject to zoom in on.

2. Tap AUTO ZOOM on the right of the Camera Preview screen to automatically zoom in on a subject in the preview screen automatically.

3. The camera will zoom out automatically.

Note: If the in-car set up has been configured to take a snapshot during auto zoom the system will automatically take a snapshot once the camera has zoomed in on the subject. The snapshot will be shown below SNAPSHOT for approximately 15 seconds. The snapshot will be saved with the other snapshots taken during that shift (see page 15 for more information on snapshots).
Playback Video

COBAN BOClient is a software application used to review videos at the department once the videos are uploaded from the mobile recorder system. MR. NEUMER: As a preliminary matter, I am providing the following information. An independent certified court reporter is present today to provide a verbatim transcript of this interview.

To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio record the interview. The recording is the confidential work product property of the court reporter and will not be provided to any party including the OIG. If you request, the audio recording will be discontinued.

So, Officer Fontaine, are you okay with the court reporter?

THE WITNESS: Yes.

MR. NEUMER: Let the record reflect today's date is March 16, 2016. The time is 12:18 p.m. We are located at Amicus Court Reporters, 300 West Adams, Suite 800.

My name Peter Neumer, N-e-u-m-e-r, the court reporter is Michelle Yohler, and I'd ask that the other individuals present identify themselves and spell their name for the record.
MR. BROWN: Kristophper Brown, B-r-o-w-n,
City of Chicago Inspector General's Office.

MS. RUSSELL: Jennifer Russell,
R-u-s-s-e-l-l, attorney for Officer Fontaine.

THE WITNESS: Officer Dora Fontaine, Star
Number 4484, City of Chicago, CPD.

MR. NEUMER: There are no other individuals
present. We are here today pursuant to an
investigation being conducted under Chapter 2-56
We're here for an interview of Dora Fontaine.

Officer Fontaine, would you please
raise your right hand, and if the court reporter
could swear Ms. Fontaine in.

(WHEREUPON, the witness was duly sworn.)

MR. NEUMER: Officer Fontaine, I am now
going to hand you a form that is marked
Advisement of Rights. This has already been
filled in with your name, my name, Investigator
Brown's name.

And I'm going to ask that you read
along with me as I go through, and then I would
just ask you -- after each paragraph, I'll ask
you to acknowledge that you have read the
paragraph that I have just read. So here's a

copy that's already been filled in.

(WHEREUPON, the document was
tendered to the witness.)

MR. NEUMER: So the Advisement of Rights
states, "I, Dora Fontaine, understand that I am
being interviewed by Peter Neumer and Kris Brown
from the City of Chicago Office of Inspector
General. I understand that this interview is
part of an official investigation and that I
have a duty to cooperate with the Office of
Inspector General which includes answering all
questions completely and truthfully."

Officer Fontaine, do you see the
paragraph I just read aloud to you?

THE WITNESS: I have read it.

MR. NEUMER: "I understand that I have no
right to remain silent. I understand that I
have an obligation to answer questions put to me
truthfully. I understand if I refuse to answer
questions put to me, I will be ordered by a
superior officer to answer the questions. I
further understand and I have been advised that
if I persist in my refusal to answer after an
order to do so, such further refusal constitutes a violation of the rules and regulations of the Chicago Police Department and may serve as the basis for my discharge."

Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: I have.

MR. NEUMER: "I understand and have been advised that my statements and responses may constitute an official police report. I understand that Rule 14 of the Chicago Police Department's rules and regulations prohibits making a false report, written or oral, and I further understand making such false report, whether written or oral, may result in my separation from the Chicago Police Department."

Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that any statement made by me during this interview may be used as evidence of misconduct or as the basis for disciplinary action up to and including removal or discharge."
Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that any statement made by me during this interview and the fruits thereof cannot be used against me in a criminal proceeding."

Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that I have the right to have a union representative or legal counsel of my choosing present at the interview to consult with and I will be given a reasonable time to obtain a union representative or legal counsel as long as the interview is not unduly detailed."

Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that a refusal to answer any question or any false, inaccurate, or deliberately incomplete statement by me would constitute a violation of Chicago Municipal
Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: I acknowledge that this statement of my administrative rights has been read aloud to me and I have been allowed to review this document.

Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: I would now ask you to sign the Advisement of Rights.

MS. RUSSELL: Prior to Officer Fontaine signing these rights, can you please provide me the Inspector General's position on whether they believe that criminal charges are probable in this matter.

MR. NEUMER: So in response to your statement, I would tell you that the Office of Inspector General is conducting an administrative investigation, not a criminal investigation. OIG is not conducting a joint
investigation and is not working with any other
law enforcement agency with respect to this
investigation.

MS. RUSSELL: So is it the Inspector
General's position that criminal charges are not
probable against Officer Fontaine?

MR. NEUMER: It is the OIG's position that
this is -- that the OIG is not conducting a
criminal investigation.

MS. RUSSELL: So my question was, do you
believe criminal charges are probable or not
probable? What is the Inspector General's
position on that?

MR. NEUMER: We don't have a criminal
investigation here.

MS. RUSSELL: So is it correct to say that
you believe that criminal charges are not
probable?

MR. NEUMER: What we can say is, based on
the investigation that the Office of Inspector
General is conducting, this investigation
pursuant to which Officer Fontaine is being
interviewed, it is not a criminal investigation.

We are the -- the rights we just read
Officer Fontaine are compelled administrative
rights, and, as Officer's been advised, the
statements you make during this interview cannot
be used against you in a criminal proceeding.

MS. RUSSELL: So as you are aware, the
union has filed an injunction on behalf of
Officer Fontaine and similarly-situated officers
regarding their rights per the contract,
regardless of whether the Inspector General
deems their investigation administrative or
otherwise, that the officer has the right to
receive her constitutional advisements to remain
silent if criminal charges are probable, not
whether the Office of Inspector General is
conducting an administrative or has deemed it
any other type of investigation.

Can we take a minute?

MR. NEUMER: Sure. We'll go off the
record. The time is 12:25 p.m.

(WHEREUPON, a recess was had.)

MR. NEUMER: We're back on the record. The
time is 12:27 p.m.

Officer Fontaine, I understand you
have a statement you would like to make?
THE WITNESS: I would like to preface the statement with the following: I believe I am entitled to be informed of my Constitutional rights to remain silent. I have received no assurance from the Office of Inspector General that criminal charges are not probable.

Proceeding with this statement is in violation of the applicable Collective Bargaining Agreement, but I have been advised that I will lose my job if I refuse to provide a statement.

MR. NEUMER: The Office of Inspector General would note that the outcome of this administrative investigation relates to the subject's employment, and, therefore, under the CBA and General Order the administrative rights OIG has provided Officer Fontaine are appropriate.

In addition, the arguments being put forward would eviscerate Garrity, and we are going to proceed as we believe we are legally entitled to.

MS. RUSSELL: At this point, as counsel on behalf of Officer Fontaine, we are seeking an
order from a senior officer before she proceeds.

MR. NEUMER: Officer Fontaine, is it fair to say that you will not answer questions from the Office of Inspector General regarding the Laquan McDonald shooting?

THE WITNESS: Absent an order of a senior officer.

MR. NEUMER: You will not answer questions regarding the Laquan McDonald shooting?

THE WITNESS: Correct.

MR. NEUMER: At this time I am going to place a phone call to Commander Robert Klimas. Counsel, is it fair to say that you agreed that we could have Commander Klimas order Officer Fontaine to answer questions via telephone?

MS. RUSSELL: Correct.

MR. NEUMER: The time is 12:30 and we're going to go off the record.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 12:31 p.m. We'll go back on the record. Counsel has agreed to have us place the call to Commander Klimas via
Mr. Neumer's Blackberry.

MS. RUSSELL: That's correct.

(PHONE RINGING.)

COMMANDER KLIMAS: Bob Klimas.

MR. NEUMER: Bob, I have you on speakerphone. This is Peter Neumer from the Chicago Inspector General's Office. Can you hear me?

COMMANDER KLIMAS: Yes, I can.

MR. NEUMER: Officer Fontaine, can you hear Commander Klimas?

THE WITNESS: Yes, I can.

MR. NEUMER: Commander Klimas, we are currently in a court-reported interview of Officer Dora Fontaine. Her counsel, Jennifer Russell, is here, Investigator Kris Brown, and Assistant Inspector General Peter Neumer are all here.

The Office of Inspector General, having provided appropriate notice to Officer Fontaine of this interview, is attempting to ask Officer Fontaine questions regarding the Laquan McDonald shooting. She has refused to answer questions regarding the
shooting absent a command from her superior officer, so I am asking you, Commander Klimas, to order Officer Fontaine to answer the Inspector General's questions.

COMMANDER KLIMAS: This is Commander Robert Klimas, K-l-i-m-a-s, with the Chicago Police Department, Bureau of Internal Affairs.

Officer Dora Fontaine, I'm giving you a direct order to answer all the questions posed to you today by Peter Neumer or his designees from the Office of Inspector General, City of Chicago.

THE WITNESS: Thank you. Yes, sir.

COMMANDER KLIMAS: Very good. Thank you.

MR. NEUMER: Thank you.

So with respect to -- I think where we were was the advisement form. We had made it through the end and we had asked that you sign the advisement form.

MS. RUSSELL: Tendering it back to you.

MR. NEUMER: And we are going to mark this Advisement of Rights form as Exhibit 1.
BY MR. NEUMER:

Q. And now I am going to mark several exhibits now. Officer Fontaine, these are exhibits that should have been provided to you, and I think were provided to you by IAD on February 22, 2016.

So first is what we’re going to mark as Exhibit 2, a document entitled Notification of Interview for CPD Member dated February 22, 2016.

(By MR. NEUMER:

Q. Officer Fontaine, have you seen this Notice of Interview previously?

A. Yes.

Q. And did IAD provide you with this Notice of Interview on or about February 22, 2016?

A. Yes.)
Q. I am now going to mark as Exhibit 3 a document titled Notification of Allegations also dated February 22, 2016.

(WHEREUPON, a certain document was marked Exhibit No. 3, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. Same question, have you seen the Notification of Allegations document previously?

A. Yes.

Q. And did IAD provide you with this Notification of Allegations on or about February 22, 2016?

A. Yes.

Q. I am now going to mark as Exhibit 4 a document entitled Receipt Form dated February 22, 2016.

(WHEREUPON, a certain document was marked Exhibit No. 4, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. Have you seen this receipt form previously, Officer Fontaine?

A. Yes.
Q. And did you sign this Receipt Form on February 22, 2016?

A. Yes.

Q. And actually I should ask you the same question with respect to Exhibits 2 and 3, which I'll just put back in front of you. Did you sign Exhibits 2, the Notice of Appearance, and Exhibit 3, the Notification of Allegations on February 22, 2016?

A. Yes.

MS. RUSSELL: For the record, regarding Exhibit Number 4, while it indicates that audio files were provided to Officer Fontaine from Beat Number 813 Robert and 845 Robert, no audio files were found on the disk she was provided.

BY MR. NEUMER:

Q. I'm now going to mark as Exhibit 5 what is an excerpt of a CPD Case Supplementary Report dated March 16, 2015, with the RD Number HX475653 containing Officer Fontaine's statement to Detective March?

(WHEREUPON, a certain document was marked Exhibit No. 5, for identification, as of 03/16/2016.)
BY MR. NEUMER:

Q. Officer Fontaine, have you seen the Exhibit 5 document, the Case Supplementary Report excerpt?

MR. NEUMER: We'll go off the record. The time is 12:38.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 12:40 p.m. We're back on the record.

BY MR. NEUMER:

Q. So I will ask you the question again.

With respect to Exhibit 5, excerpt of a CPD Case Supplementary Report with the RD Number HX475653, Officer Fontaine, have you seen this document before?

A. Yes.

Q. And did IAD provide you with this document on or about February 22, 2016?

A. Yes.

Q. I am now going to provide you with a document that has been previously marked Exhibit 6. This is a General Progress Report dated October 20th, 2014, with the RD Number OIG 15-0564 006619.
HX475653 containing Detective March's notes of
his interview with Officer Fontaine.

(WHEREUPON, a certain document was marked
Exhibit No. 6, for identification, as of
03/16/2016.)

BY MR. NEUMER:

Q. Officer Fontaine, have you seen the
General Progress Report marked as Exhibit 6?

A. Yes.

Q. I should say, have you seen it prior
to today?

A. Yes.

Q. Did IAD provide you with the General
Progress Report marked as Exhibit 6 on or about
February 22, 2016?

A. Yes.

Q. In order to prepare for today's
interview, did you review the materials that IAD
provided you, the Exhibits 2, 3, 4, 5, and 6 we
showed you?

MS. RUSSELL: She has a preliminary
statement she wants to make. Is now the
appropriate time or when we get into the
interview proper?
MR. NEUMER: I think if you want to make that preliminary statement now, that's fine. I'm just going to ask about sort of these materials. So I'll leave it up to you.

MS. RUSSELL: Let's just wait until after the exhibits.

MR. NEUMER: And then if you feel we're getting too far into the substance, stop me and we'll go forward.

MS. RUSSELL: Okay.

BY MR. NEUMER:

Q. In order to prepare for today's interview, Officer Fontaine, did you review the materials that IAD provided you from OIG including the Notification of Interview, the Notification of Allegations, the Receipt Form, the excerpt of a CPD Case Supplementary Report, and a General Progress Report?

A. Yes.

Q. And the materials that IAD provided you also included video from an in-car video systems of Beat 813R vehicle and the Beat 845R vehicle; is that correct?

A. Yes.
Q. And that DVD also contained video from a Dunkin' Donuts security camera as well; is that correct?
   A. Yes.

Q. Did you review those videos I mentioned, the Beat 813R video, the Beat 845R vehicle video, and the Dunkin' Donuts security camera video prior to today's interview?
   A. Yes.

Q. Since receiving our Notice of Interview, did you review any materials other than the materials provided to you by IAD on our behalf?
   A. No.

Q. Aside from your attorney, who did you speak to in preparation for this interview?

MS. RUSSELL: I'm going to have her read them now.

BY THE WITNESS:

A. This statement is not being made voluntarily but under duress and is only being made at this time because I know that I will lose my job if I refuse direct order being given to me by Commander Klimas. I am invoking each
and every right granted to me under Garrity

versus New Jersey.

Also on the advice of counsel I am
making the following additional objections: I
am objecting to the fact that the City of
Chicago Inspector General's Office is making
allegations against me and conducting an
investigation into its own allegations.

I am objecting that this interview is
taking place before an arbitrator has decided
the issues that were raised in regards to the
investigation. The Fraternal Order of Police
has filed a grievance and injunction regarding
this investigation, and the Inspector General
refuses to postpone this interrogation.

I am also objecting that I have
requested my prior sworn testimony, namely the
testimony I provided to the grand jury. The
Inspector General refuses to provide me with a
copy of my grand jury testimony and/or any other
statement I have made to the federal
investigators in violation of my rights under
the contract.

The Inspector General indicated that
it is not -- that it does not have possession of
my grand jury testimony. To the extent I am
questioned about any grand jury testimony, I
assert that the testimony is truthful and was
based upon my recollection at the time. I stand
by all of my answers.

MR. NEUMER: OIG again notes that we are
conducting an administrative investigation, not
a criminal investigation. We're not conducting
a joint investigation or working with any law
enforcement agency with respect to this
investigation.

OIG does not have the subject's grand
jury statement in its possession, and under the
CBA, the OIG does not have an obligation to
provide the subject a statement that's not in
its possession.

In addition, we would note that the
OIG is legally entitled to proceed and there are
no legal arguments under Garrity that would
prevent OIG from moving forward here.

BY MR. NEUMER:

Q. I believe the question that was
pending prior to Officer Fontaine's statement
was, aside from your attorney, who did you speak
to in preparation for this interview?

A. No one.

Q. At this time, I want to ask you some
background questions.

MR. NEUMER: Counsel, the way we would
propose working is, I'm asking Officer Fontaine
questions regarding different subject areas. At
the end of a subject area, I would give my
counsel -- my colleague here an opportunity to
ask cleanup questions, any follow-up questions
that I failed to ask. Is that --

MS. RUSSELL: That's acceptable. You'll be
the primary investigator?

MR. NEUMER: I'm going to be the primary
questioner, and then, again, at the end of each
section, I'll see if Investigator Brown has any
follow-up cleanup. I think in that way we can
move forward in the most expeditious manner.

MS. RUSSELL: That's fine.

BY MR. NEUMER:

Q. Officer Fontaine, what is your name
and star number?

A. Dora Fontaine, 4484.
Q. And what's your current unit of assignment?
A. Unit 8, District 8.
Q. What was your unit of assignment on October 20th, 2014?
A. I'm sorry, is it a beat -- the beat car? Or the unit is 8, District 8.
Q. So District 8 was your unit of assignment on October 20th, 2014?
A. The unit of assignment, that's where I was at.
Q. And what watch were you on as of October 20th, 2014?
A. First watch.
Q. What was your chain of command as of October 20th, 2014?
A. I don't understand.
Q. Who was your sergeant --
A. Oh, my sergeant was Sergeant Franko.
Q. Lieutenant?
A. Lieutenant was Lieutenant Cook.
Q. Commander?
A. Commander O'Donnell.
Q. And do you know those individuals'
first names?

A. James O'Connor was the commander; Jerry Cook, lieutenant; Stephen -- Steve Franko, sergeant.

Q. Officer Fontaine, what's your personal cell phone number?

A. I'm sorry, I gave you too many. It's .

Q. Was that the same cell phone number you had as of October 20th, 2014?

A. Yes.

Q. I want to talk to you a little bit about your appearance before the grand jury. You were summoned to give testimony before a federal grand jury regarding the McDonald shooting; is that correct?

A. Yes.

Q. And did you give testimony before a federal grand jury?

A. Yes.

Q. When did you give testimony before the federal grand jury?

A. I don't recall.

Q. Do you recall a month?
A. No, I don't recall.

Q. Was it in 2015?

A. I don't recall.

Q. Was it -- you don't recall whether it was 2016?

A. No.

Q. Was it -- well, did you assert your rights under the Fifth Amendment and refuse to testify?

A. At the grand jury?

Q. Yes.

A. No.

Q. Were you given immunity to testify before the grand jury?

A. No.

Q. How long were you testifying before the federal grand jury?

A. I don't recall.

Q. More than an hour?

A. I don't recall the time.

Q. It wasn't more than a day, was it?

A. No, it wasn't.

Q. So it was less than a day?
Q. But you don't recall whether it was as brief as five minutes or --
A. No, I don't know the time frame on that.

Q. Did you provide a written statement to the grand jury?
A. No.

Q. What subjects were you asked about before the grand jury?
A. I don't recall.

Q. So have you testified before a federal grand jury as the -- ever before? Is this the only time you've ever testified before a federal grand jury?
A. On behalf of myself?

Q. Yes.
A. Yes.

Q. And that testimony, would you consider it to be relatively important in that I assume that if you had -- if you lied to the grand jury, that would potentially subject you to criminal liability?
A. Yes.
Q. So the accuracy of your testimony was extremely important; isn't that correct?
A. Yes.
Q. You wanted to answer the questions you were asked correctly, right?
A. Yes.
Q. So you have no recollection as to what you were asked?
A. No.
Q. Were you asked about the Laquan McDonald shooting?
A. Yes.
Q. And what were you asked about the Laquan McDonald shooting?
MS. RUSSELL: Do you mind if we take a quick break?
MR. NEUMER: Sure. We'll go off the record. 12:52 p.m.
(WHEREUPON, a recess was had.)
MR. NEUMER: The time is 12:55 p.m. We'll go back on the record.
BY MR. NEUMER:
Q. I just want to sort of go back.
Officer Fontaine, you did give testimony before
a federal grand jury, correct?
A. Yes.
Q. And, again, I would imagine that was a stressful occasion?
A. Yes.
Q. And an important event for you?
A. Yes.
Q. Any recollection of, as you were going through, was it like summer of 2015, was it fall of 2015? I would think that date would stick out in your head perhaps.
A. It doesn't. I don't know why, but it doesn't.
Q. Okay. I believe you said you were asked questions about the Laquan McDonald shooting; is that correct?
A. Yes.
Q. And can you give us a sense of what type of questions you were asked about the Laquan McDonald shooting?
A. I -- I -- the problem is that there was so many different things going on at the time, different scenarios going on, the questioning, the kind of question. So I was
asked about what I saw.

Q. Okay.

A. What I witnessed. If I would do anything different. Why he did what he did.

Q. Okay.

A. And in that reference, that's why, with the time, it seemed to me like more than three hours or longer, but I could be wrong. But for me personally, it felt like a long time.

Q. So you were asked questions about why Officer Van Dyke did what he did?

A. Or the amount of shots was it correct, I guess.

Q. Were his --

A. Was it proper.

Q. -- actions appropriate?

A. Yes.

Q. And what did you say when they asked you whether his actions were appropriate?

A. I can't answer for anyone else but myself. I don't know what occurred before I arrived on scene. I don't know what he saw. I don't know what he witnessed, so I can't answer that question.
Q. Is that what you told the grand jury?
A. Yes.

Q. And when they asked you if -- I think you said you were asked whether you would do anything different; is that what --
A. Mm-hm.

Q. And how did you respond when asked that question?
A. Unless you're in that -- unless you're in a situation, you don't know how you're going to respond, so it all depends on what's occurring at the time.

Q. You were asked to describe what you saw in terms of witnessing the shooting of Laquan McDonald; is that correct?
A. Yes.

Q. And what did you say when you were asked to describe the shooting?
A. At this time, watching the video and everything else that's coming about it, it's -- honestly, I -- it's all mixed up because of the fact that once they showed me the video, certain parts were different than what I stated.

So, again, I tried to tell the truth
as much as I could, but, again, my point of view
and my -- what I saw, you know, might look
different in a video and that's what's
occurring, so I -- that's -- I...

Q. Okay. So you were saying that -- you
told the grand jury that -- did you give them
sort of a different version of events than the
version of events you related to
Detective March?

A. Did I tell them different events from
what I told Detective March?

Q. Uh-huh, the grand jury.

A. The grand jury, I told them what I
saw at that point in time, what was -- what I
remember of the situation. That's what I
explained to them at that point in time.

At that time, I had -- I remember
telling March what I saw. And, again, after
reviewing everything, it -- it kind of differs.

Q. And in what way does it differ?

A. It differs because, by looking at his
notes, there's -- where he puts that I said he
raised his arm as if attacking Van Dyke, I never
stated that or I don't recall stating that to
Q. Prior to your grand jury testimony, who did you speak to about -- in preparation for your grand jury testimony?

THE WITNESS: William Fahy?

BY THE WITNESS:

A. My lawyer.

BY MR. NEUMER:

Q. And what was your lawyer's name?

A. William Fahy.

Q. Is that F-a-h-e-y?

MS. RUSSELL: No, I think there is no "E."

THE WITNESS: Just the "Y."

MS. RUSSELL: F-a-h-y.

BY MR. NEUMER:

Q. Did you speak to anyone else in preparation for your grand jury testimony other than your attorney?

A. No.

Q. Did you have any communications with Officer Van Dyke before your grand jury testimony?

A. No.

Q. No phone calls?
A. Nope.

Q. No texts?

A. Nope.

Q. No e-mails?

A. Nope.

Q. Do you know Officer Van Dyke's personal cell phone number?

A. Nope.

Q. Do you have it in your phone?

A. Nope.

Q. Did you have communications with any of the other officers present at the McDonald shooting prior to your grand jury testimony?

A. I work with them.

Q. Did you have communications with the other officers present at the scene of the McDonald shooting regarding the McDonald shooting prior to your grand jury testimony?

A. Like in detail what's going on or --

Q. Did you discuss the Laquan McDonald shooting with any of the other officers who were present at the scene of the shooting prior to your grand jury testimony?

A. About what occurred or just -- we did
discuss like, Oh, I'm going to the grand jury.

They asked me, Are you going to the grand jury this date? Yes.

But about that night, no. Just about, you know, Oh, I got notified for this. Did you get notified for this?

Q. I would think that, you know, it would be normal to sort of discuss what you saw that night. Were you specifically trying not to talk about the Laquan McDonald shooting with the other officers who were present at the scene of the shooting?

MS. RUSSELL: It's okay. Go ahead.

BY THE WITNESS:

A. No, I didn’t want to talk about it.

BY MR. NEUMER:

Q. You didn’t want to talk about it?

A. No.

Q. So it was your own decision that I'm not going to discuss the Laquan McDonald shooting with any of the other officers present who were at the scene that night?

A. Yeah.

Q. At the -- when you were at the grand
jury, were you presented with any of the reports we've just introduced as exhibits, your statement to Detective March, the GPR?

A. I don't recall.

Q. No recollection of being provided with any exhibits?

A. No, I don't recall.

Q. Is it possible -- you just don't recall one way or the other?

A. No, I don't.

Q. Prior to your testimony before the grand jury, did you make any attempt to ensure that the statement you were going to make accorded with the other officers' statements who were present at the scene of the shooting?

A. I'm sorry?

Q. Prior to your grand jury testimony, did you make any attempt to sync up your story with the other officers who were present at the scene of the McDonald shooting?

A. No.

Q. Were you interviewed by the FBI regarding the Laquan McDonald shooting?

A. Yes.
Q. Do you recall when you were interviewed by the FBI?
A. No.

Q. Were you interviewed multiple times by the FBI?
A. No, just --

Q. Just one time?
A. -- once, mm-hm.

Q. Who was interviewing you?
A. I don't remember.

Q. Do you remember how many people were interviewing you?
A. I want to say it was two FBI agents and I think it was a State's Attorney and my lawyer and myself --

Q. Do you recall --
A. -- I think.

Q. Do you recall where that interview took place?
A. I don't recall.

Q. And what was the nature of that interview? What did they ask you; what did you say?
A. The same thing, about what occurred
that day, what happened, what was I working, who
was I working with, what I saw.

Q. And did you describe the shooting
incident to the FBI?

A. Yes.

Q. Did the statement you gave to the FBI
regarding the shooting differ at all from your
grand jury testimony?

A. No.

Q. Did the statement you gave to the FBI
regarding the shooting differ at all from the
statements you made to Detective March?

A. I'm sorry, what was it?

Q. Did the testimony -- well, did the
statement you made to the FBI regarding the
Laquan McDonald shooting, did that differ at all
from the statements you made to Detective March
regarding the shooting?

A. Not the statement I gave, no.

Q. So the statement you gave to the FBI
was the same as the statement you gave to
Detective March regarding the shooting?

A. Yes.

Q. I want to talk to you now about
October 20th, 2014. You were present on October 20th, 2014, when Laquan McDonald was shot, correct?

A. Yes.

Q. And do you know following the shooting which officers were responsible for controlling the perimeter of the shooting scene?

A. They sent us and anybody -- I don't know anybody else.

Q. Who's the "they"?

A. I'm sorry, the sergeant.

Q. The sergeant sent you to the scene of -- prior to the shooting, correct?

A. No. No. No.

Q. Okay. Walk me through it. Walk me through it.

A. Sorry.

Q. It's okay.

A. Prior -- there was a call coming out. That's how we responded.

Q. So you get a call; you respond to the scene prior to the shooting?

A. We respond and it's a -- basically it's occurring.
Q. There's an event that's occurring?
A. Yes.
Q. Yes. So you proceed to 41st and Pulaski?
A. Yes.
Q. And tell us then where does the sergeant call come in?
A. When we get there, everything is chaos. The sergeant -- I don't recall if he went over the air and told us to go do traffic or he went like -- or told us to do traffic on scene.
Q. Okay.
A. But we went towards going south.
Q. On Pulaski?
A. On Pulaski. To block off the traffic coming north.
Q. Okay. So which sergeant gave you that?
A. Sergeant Franko.
Q. So Sergeant Franko gives you and -- Officer Viramontes, is it?
A. Yes.
Q. To sort of do traffic control?
A. Yes.

Q. And then you proceeded to block off a portion of Pulaski?

A. Yes.

Q. So at any time while you were blocking off Pulaski, did you ever direct any civilian witnesses to the shooting to leave the scene?

A. No -- well, we were sent to block traffic. Then Sergeant Franko goes over the air and says give 41 Robert the paper.

Q. What does that mean?

A. Which means that we're in charge of having to do the paperwork for the shooting.

Q. Okay.

A. So we arrive, we're barely getting off, we turn around, and we go back to the scene.

MS. RUSSELL: Let me just -- can you read back the question.

So listen to the question he asked you.

(WHEREUPON, THE RECORD WAS BY THE REPORTER AS FOLLOWS:)
"QUESTION: So at any time while you were blocking off Pulaski, did you ever direct any civilian witnesses to the shooting to leave the scene?"

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. I just want to make sure we're all clear here. So the shooting occurs -- and correct me if I misstate anything.

The shooting occurs, you get, I'll call it an order, from Sergeant Franko over the radio to do traffic control?

A. I'm not sure if it was over the air or not. It was -- everything was going crazy. I -- we looked at him and then, you know, we -- I looked at him and stuff, and then he kind of went like that (indicating), so it's block off traffic.

Q. So it was -- Sergeant Franko was on the scene?

A. Yes.
Q. And are we talking like minutes after the shooting?
A. I don't know.
Q. So Sergeant Franko has arrived on the scene, correct?
A. Mm-hm.
Q. He orders you -- or he gestures you sort of with his hand to do traffic control?
A. Yeah.
Q. You interpreted it to say --
A. Yes.
Q. -- Officer Viramontes and I are on traffic control?
Okay. So then you block off part of the street on Pulaski?
A. Yes.
Q. And then you mentioned you got an order to do some paper. Is that -- meaning like do the write-up for --
A. Yes.
Q. -- or what is that paper? What is the paperwork that you were instructed to do?
A. It's a report, and you just have to log in everybody who's on scene as best as you
can and put a narrative stating to "See Detective Supplementary," that's it.

Q. And did you complete that report?
A. Yes.

Q. Where did you complete that report?
A. On the street.

Q. On the street. So you filled it out by hand?

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:
A. Oh, on the PDT. On ERA.

BY MR. NEUMER:
Q. Tell me what a PDT is.
A. It's like a computer, like this (indicating).

Q. So where was that PDT located?
A. It was in the car.

Q. In your vehicle?
A. Yes.

Q. And your vehicle was -- so you were 841 Robert, right?
A. Yes.
Q. So you were doing traffic control and blocking off Pulaski, right? And then did anything else happen before you got this order to do the paperwork?
A. No.
Q. And did you ever leave the scene prior to doing the paperwork?
A. Yes.
Q. Tell us about that.
A. Another sergeant was on scene. They order us to go with the body, McDonald's body, to the hospital. So we were on our way to follow the ambulance. We got called back to the scene.
Q. And who called you back?
A. Sergeant Spreyne.
Q. How do you spell that name?
A. S-p-r-e-y-e -- wait, n-e. S-p-r-e-y-n-e.
Q. And did that call come over the radio?
A. Yes.
Q. How far did you make it away from the scene?
A. Where were we? We were on the overpass.

Q. On the overpass...
A. Pulaski. So I want to say -- yeah.

Q. About how far away is that?
A. Oh, how far away? Like four or five blocks.

Q. So four or five blocks and then you get called back by Officer Spreyne?
A. Yes. Sergeant Spreyne.

Q. Sergeant Spreyne calls you back and says -- requests that you fill out a report regarding the shooting?
A. Yes, it -- wait, I'm trying to think. Franko gave us the order to do the papers. Spreyne sent us with the body and then he ordered us -- Spreyne ordered us back, yeah. A lot of confusion.

Q. Sure. What's the name of this report that you prepared?
A. It's a case report.

Q. Case report. Okay. So you prepared this case report on the PDT in your vehicle 841 Robert?
Q. Was Officer Viramontes in the vehicle with you while you prepared this case report?
A. Yes.

Q. Did you talk to anyone as you prepared this case report?
A. We asked for names and stars.

Q. Who did you ask for names and stars?
A. Any officer we saw on scene.

Q. So was it you and Officer Viramontes?
A. Mm-hm.

Q. Is it fair to say you kind of collectively filled out this report?
A. Yes, but there was so many people on scene, we had to call and get a copy of the job --

Q. What's --
A. -- which means, in the district, you can pull up our job, put in our number, 841 Robert, and it will notate everybody who's on scene, all the beat cars.

Q. So what's a job again? When you use the word, "job"?
A. That's the call. I'm sorry. The
Q. So you can type it in and it will --
on your PDT?
A. Not our PDT. In the system. In the
district. At the station.

Q. Oh, at the station?
A. Yeah.

Q. Okay. So I'm slightly confused. But
you didn't go to the station?
A. No.

Q. You were at the vehicle?
A. Yes.

Q. Did you call someone at the station?
A. Yes.

Q. And you said, Hey, I'm on this
job --
A. Can you please do that. Because we
were trying to get everybody, but there was so
many people, we were -- I didn't want to miss
anybody.

Q. Sure. So did you first, though,
start to go around the scene in person to talk
to everyone who was at the scene to get their
star number?
A. Viramontes kind of walked around, and I kind of grabbed whoever I saw closer to me here by the car so...

Q. So do you recall who you -- well -- yeah, do you recall who you talked to at the scene as far as completing this case report?

A. No, there was --

Q. Do you recall any -- did you talk to Officer Van Dyke?

A. No. No.

Q. You know you didn't talk to Officer Van Dyke as part of --

A. No.

Q. -- this case report? Okay. Do you recall anyone who you did talk to?

A. Who did -- I'm trying to think of who I talked to. I mean, from the other --

MS. RUSSELL: If you don't remember, you don't remember.

BY THE WITNESS:

A. Yeah, I don't remember because since I knew some of them, I knew them and I knew their beats, so I just, you know, logged them
BY MR. NEUMER:

Q. Sure.
A. But there was other people who weren't there from our unit that I kind of grabbed real quick, but I don't -- I didn't -- I didn't know who it was.

Q. I'm going to -- well, I'll keep going on this line of questioning.

How long did it take you to complete this case report?
A. I'm not sure. I'm not sure.

Q. Give me your best estimate.
A. Maybe an hour.

Q. Hour?
A. Maybe. Because we were waiting for stuff to come to us from the district.

Q. What stuff?
A. The printout.

Q. What's the printout?
A. Of the job of all the beat cars.

Q. Oh, they sent that to you?
A. Yes, somebody actually brought it over to me.
Q. Physical copy of it?
A. Yes.

Q. Okay. So you get a physical copy of the printout of the job and you're talking to various individuals on the scene?
A. No, at that point I started doing the --

Q. But you had --
A. -- the case report.

Q. You had talked to various individuals on the scene just to get their --
A. Yes.

Q. -- star number?
A. And beat number.

Q. And beat number. Okay.

Anything else that you did to prepare that case report?
A. That's it.

Q. Any other information-gathering?
A. No, that was it.

Q. And so your best estimate is the completion of that case report took about an hour?
A. Yeah. Maybe less, but yeah.
Q. Again, I'm -- just best estimate.

Could be more, could be less?

A. Yeah, I'm not quite sure the time.

Q. Were you on scene the entire time you were completing that case report?

A. Yes.

Q. And what do you do once you complete a case report?

A. Once we complete it, we let the sergeant know it's completed.

Q. And would that be Sergeant Franko?

A. Yes.

Q. And how do you let Sergeant Franko know your case report is completed?

A. We usually -- we either do it over the air or on the PDT.

Q. Do you remember what you did on this occasion?

A. I don't remember on this case.

Q. Did you ever -- once -- is it fair to say you submit a case report?

A. Yes.

Q. Do you hit a button --

A. Mm-hm.
Q. "Submit" or something like that?
A. Mm-hm.

MS. RUSSELL: Answer out loud like "yes" or "no."

BY THE WITNESS:
A. Yes. I'm sorry.

BY MR. NEUMER:
Q. Did you ever hear anything further after you completed that case report? Did anyone ask you about what you had put in that report?
A. No.

Q. So once you hit "send" or "submit," send it on to Franko, that was the last you heard of that case report?
A. Yes.

Q. So other than the completion of the case report, who else did you speak to at the scene of the shooting?
A. The detective.

Q. Which detective?
A. March.

Q. So you spoke to Detective March. Did you speak to anyone -- again, not as part of the
completion of the case report, but other than

Detective March, did you speak to anyone else at

the scene of the shooting?

MS. RUSSELL: Other than the officers she

already testified to?

MR. NEUMER: Correct.

BY THE WITNESS:

A. Not that I recall.

BY MR. NEUMER:

Q. Did you speak to a Mr. McNaughton?

A. No.

Q. So you did speak to Detective March

at the scene of the shooting?

A. Yes.

Q. At approximately what time did you

speak to Detective March?

A. I don't recall.

Q. Where were you and where was he when

this conversation took place?

A. In my vehicle.

Q. You were in your vehicle, okay.

A. Yes.

Q. Were you completing your case

Q. -- when he came by?

Okay. So during the time you were completing your case report, Detective March stopped by your vehicle?

A. Mm-hm. Yes.

Q. And what did he say to you when he came up to your vehicle?

A. He asked for the RD number and -- I'm really not sure exactly what he asked, but I know it was the RD number, and I think some of the beat cars he wanted to know was on scene.

Q. Was anyone else present when this conversation took place?

A. My partner.

Q. Officer Viramontes was in the car as well?

A. Yes.

Q. Did Detective March ask Officer Viramontes any questions when he came up to the car?

A. I don't know.

Q. Did Detective March ask you any questions about the shooting itself when he came
up to your vehicle?

A. Yes.

Q. What did he ask you?

A. Basically like where were we and if we saw anything.

Q. And what did you tell him?

A. I told him that I had seen something.

Q. Did you get into the details of the shooting?

A. Yes.

Q. Okay. Was Detective March taking notes during this conversation?

A. I don't recall. He had a pad and pencil, but I don't recall him writing anything down.

Q. How long did you speak to Detective March when he was outside your vehicle?

A. It wasn't long.

Q. Less than 15 minutes?

A. Yes.

Q. Was it like less than five minutes?

A. I don't know.

Q. And did Detective March ask questions...
about the shooting of Officer Viramontes?
A. No.

Q. It was just --
A. I'm sorry, did he ask Viramontes questions?

Q. Sure. Yes.
A. Yes.

Q. Did he -- was he asking you guys kind of like collectively, or was he directing the questions to you or Officer Viramontes?
A. He came to me and then I think he went to him because I was in the middle of doing the report. So after he talked to me, I got back in the car, I'm assuming he went and asked Viramontes.

Q. But you don't know?
A. No.

Q. So did you get outside the vehicle to talk to Detective March?
A. Yes.

Q. So he comes over, you're in the vehicle completing the case report?
A. Yes.

Q. And then you step outside the vehicle
to have a conversation with him regarding the shooting?

A. Yes, he asked me to step out.

Q. So prior to your conversation with Detective March, had you talked to Officer Viramontes about what you witnessed in terms of the McDonald shooting?

A. No. It happened so fast and we were going here, here, and there, so no.

Q. There were no conversations between the two of you as to, wow, that was crazy or anything?

A. No.

Q. No conversations --

MS. RUSSELL: She answered.

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Was that a deliberate decision on your part not to talk to Officer Viramontes?

A. No, there was so much going on, you don't have time to try to sit there and discuss what occurred because you're trying to do what they're ordering you to do and you're trying to
handle your job.

Q. Prior to conversation with Detective March, did you talk to -- did you have any conversations with Officer Mondragon?

A. No.

Q. Is that name familiar to you?

A. Yes.

Q. Okay. But you didn't have any conversations at all about any topics with Officer Mondragon prior to your conversation with Detective March?

A. No.

Q. Did you have any conversations with Officer Sebastian?

A. No.

Q. I'm sorry, my fault, I should have completed my question.

Did you have any conversations with Officer Sebastian at the scene of the shooting prior to your conversation with Detective March?

A. No.

Q. Did you have any conversations with Officer Gaffney prior to your conversation with Detective March?
A. No.

Q. Did you have any conversations with Officer McElligott prior to your conversation with Detective March?

A. No.

Q. How about any conversation with Officer Walsh prior to your conversations with Detective March?

A. No.

Q. At any time while you were at the scene of the shooting, did anyone separate you from the other officers who were at the scene of the shooting?

A. No.

Q. So nothing would have prevented you from talking to, say, Officer Mondragon or Officer Gaffney?

A. No. If I wanted -- no, because -- they were on that side; we were on this side.

Q. Which side were they?

A. They were on the north side; I was on the south side.

Q. North side of Pulaski?

A. They were on the north side of
Q. Closer to -- they were on the north side by like 41st?
A. Honestly, they -- all I know is that they were on the north side. I don't know where.

Q. They were further north than you?
A. Yes.

Q. With respect to Detective March, you talked to him outside the vehicle. I think you estimated it was less than a 15-minute conversation. He asked you questions about the shooting. Is that correct?
A. Yes.

Q. And did you talk to Detective March again that evening regarding the shooting?
A. Yes.

Q. Tell us about that conversation.
A. It was when we went to the area.

Q. And that's at 51st and Wentworth --
A. Yes.

Q. -- is that correct.

A. Yes.
Q. How did you get from the scene of the shooting to Area Central?

A. We drove over there.

Q. Who drove?

A. Viramontes.

Q. And you drove the 841 --

A. Robert.

Q. Okay. So is that -- did you drive over to Area Central after you completed the case report?

A. Yes.

Q. Did you do anything between completing the case report and driving over to Area Central?

A. Not that I recall, no.

Q. So pretty much as soon as you complete the case report, you drive from the scene of the shooting to Area Central?

A. Yes.

Q. Were you asked to go to Area Central?

A. Yes.

Q. Who asked you?

A. I don't remember. I don't remember.

I don't remember if it was a detective or the
Q. Are you talking about Detective March or Sergeant Franko?
A. Yes.
Q. Okay. Is it likely that one of those two --
A. Yes.
Q. -- were the people that, would you say, ordered you to go to Area Central?
A. Well, we have to go after a shooting, so yes.
Q. So they said you have to go to Area Central?
A. Well, yes.
Q. Either Sergeant Franko or Detective March?
A. Yes.

MS. RUSSELL: Can we take one minute, Peter?

MR. NEUMER: We'll go off the record. It is 1:30 p.m.
(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 1:32 p.m. We're
back on the record.

BY MR. NEUMER:

Q. And, Officer Fontaine, I think you were going to provide a little bit of a clarifying narrative as to where you were following the scene of the shooting and what activities you were doing sort of in sequential order. So please proceed.

A. Okay. After the shooting, we moved southbound to do traffic. We went to go do traffic. We were ordered to come back to where the shooting occurred to do the case report.

Once we were there doing the case report, we were ordered to follow the body to the hospital.

Q. And that's Sergeant Spreyne?

A. Sergeant Spreyne. So we start -- we leave the scene again, start following the body. We were ordered to come back --

Q. By Sergeant Spreyne.

A. -- to do the report, and we come back on scene. We start doing the report, and then Detective March comes up to us and starts asking us questions about -- he asks us about the
information -- some information about the report that we have, and then he starts asking us about the shooting. So now we're back on scene.

Then after that, we're done with the report and everything, we go to the area, 51st and Wentworth --

Q. And that's you and Officer Viramontes?

A. Me and Officer Viramontes.

Q. So once you arrived at Area Central, just walk us through where do you go? What happens?

A. Once we get there, there's an FOP representative and IPRA's there. And they tell us they have drinks and stuff, and they say you can use the bathroom. They show us where the restroom is, water, drinks, whatever. And then they have us waiting until the FOP speaks to us.

Q. Who's waiting?

A. All the officers.

Q. Okay.

A. There's all the officers on scene, the sergeants, and they're in -- it's kind of a small place, so it's kind of cubicles and stuff.
So it's --

Q. So lay the scene. You get there.

You're waiting in a room to be interviewed; is that correct?

A. That's -- yes, we're there to be interviewed by --

Q. So you're waiting at Area Central and there are other officers --

A. Yes.

Q. -- who were at the scene of the shooting in this room with you?

A. It's like an office.

Q. In an office. Okay.

A. And there's rooms.

Q. Describe this office to -- it's got cubicles?

A. When you walk in, there's tables where I guess the detectives sit and answer phones. And then over here you have rooms, and in the rooms -- it's like an office room, and it has cubicles.

Q. Okay.

A. So there's officers in there, there's officers out there, there's officers in the
restroom.

Q. And where are you sitting in this, I'll call it, room?

A. I'm outside. We're outside and then they had pizza so if anybody was hungry.

Q. So you're outside the main room?

A. Yes, at first we're outside --

Q. And is it like a side room, or where are you waiting when you're outside this main room?

A. There -- how should I put it? It's like you have a big room and then it's where all the detectives work. That's their area of work. In the offices, I'm assuming it's for like sergeants and lieutenants. So then there's one room where they have cubicles and they said we're going to wait for FO-- -- I think FOP was there and wanted to talk to us.

Q. Okay.

A. And then they called us in. We went in there, and then they said, okay, they told officers in order -- IPRA was going to question officers and in what order they were going to question them and who was going to be
questioned.

And then once we said okay, we went back out into this main room, and they have computers and stuff, and we sat there and just waited until they told us what to do next.

Q. So you and the other officers who were at the scene of the shooting were waiting in the big room in front of some of the computer stations?

A. Yes.

Q. And what other officers were there when -- waiting with you?

A. It was Viramontes -- it was Viramontes, Mondragon, Sebastian. There was two other officers from afternoon.

Q. Bacerra?

A. I don't -- what's the name?

Q. Officer Bacerra?

A. Bacerra.

Q. And Velez?

A. Bacerra and Velez.

Q. Okay.

Q. Was Officer Van Dyke present?
A. No.

Q. Was Officer Walsh present?
A. I don't remember.

Q. When you were waiting at those computer stations at Area Central with the other officers, did you have any conversation with those other officers about the shooting?
A. No. They just -- they -- it was more like they were talking about having to testify to IPRA. They asked me if I had to, and I'm like, No, they haven't told us that we have to. And that was it.

Like just, So you goes ain't going to IPRA? I'm like, So far no. Me and Rick thought we were going to be -- me and Viramontes thought we were going to be the last one.

So everybody was kind of like, you know -- oh, then the detective came and he showed us the video -- he showed me the video.

Q. So while you were waiting at Area Central -- was it Detective March?
A. Yes.

Q. Detective March showed you the video
of the Laquan McDonald shooting?

    A. Yes.

Q. Okay. Was this prior -- now, I know you talked to him at the scene of the shooting. Was this prior to when you spoke to him again about the shooting?

    A. He showed me the video and he -- you know, he showed me a few things from the video. And I was like, Oh, yeah, this and that. But that was it.

Q. Okay. Was he asking -- at Area Central, was he asking you questions about the shooting prior to showing you the video?

    A. Yes.

Q. What kind of questions was he asking?

    MS. RUSSELL: Is this in the Area or at the car?

BY MR. NEUMER:

Q. Sorry, in the area. So everything right now is at Area Central?

    A. At the Area. Yeah, he was showing me the video and he says, When he was walking -- he says, "It looks as if he's turning here." And I was like, "Oh, it does."
Q. Did he point out anything else about the video?
   A. No.

Q. It was primarily that he was -- okay. That he was -- that Laquan McDonald was turning at some point in the video?
   A. Yes.

Q. And what did he -- like, flush that out a little bit more for us. What was he saying? Like how did that come up?
   A. He just showed me the video and he was walking -- because I had told him he was walking southbound swaying the knife.
   And then that's when -- when we were at the Area, then he showed me the video and he's like, "Oh, is this where he's walking?"
"Yes." He goes, "You see he kind of turns around?" And I'm like, "Oh, yeah, he" -- looking at the video, I said it does look like he kind of turns.

Q. Did Detective March make any other observations about the video that you recall?
   A. No.

Q. I want to -- we'll get back to that
conversation. I want to -- you mentioned FOP representatives. I want to first ask you, did you talk to any FOP representatives at the scene of the shooting?

A. No.

Q. Did you talk to any FOP representatives at Area Central?

A. Yes.

Q. And what did you -- what were the nature of those conversations?

A. He talked to us as a group.

Q. Who is the "he"?

A. I can't think of his name.

Q. Is it Marlon Harvey? Chris Kato?

A. I can't think of his name.

Q. Not Mr. Harvey or not Mr. Kato?

MS. RUSSELL: If you don't know, say you don't know.

BY THE WITNESS:

A. I don't know.

BY MR. NEUMER:

Q. So you talked to a male FOP representative at Area Central?

A. He talked to all of us as a group.
Q. He talked to the officers -- the officers who were present at the scene of the shooting, not including Van Dyke or Walsh?

A. Yeah, I don't recall Walsh. I'm not sure if he was there or not. I can't remember.

Q. And you don't believe that Van Dyke was present and among the --

A. No, he wasn't.

Q. -- the group?

A. No, I don't think he was either.

Q. So an FOP representative is talking to the officers who -- most of the officers who were at the scene of the shooting. What does he say?

A. He kind of -- he just -- what did he say? He tells us about our rights and like what's going to happen at the area with us and what we have to do, and that's it.

Q. And so after the FOP representative kind of walks you through what the process will be, then you continue to wait --

A. Yes.

Q. Again in front of computer stations in the big room --
A. Yes.

Q. -- at Area Central?

Is that on the first floor, second floor?

A. I want to say it's the second floor because it's on top, so I want to say it's two floors there.

Q. Had you been involved in an officer-involved shooting before?

A. Never.

Q. Never. So this was the first. Did you, while you were waiting, talk with any of the other officers about what you had just seen?

A. No.

Q. I mean, I can imagine it's pretty traumatic, pretty stressful situation. There was no --

A. No. I just -- I don't know. I think I was like in shock, I -- I don't know.

Q. Do you think it would have been inappropriate to talk to the other officers at the scene about what you had just witnessed?

A. I -- yes.
Q. So is it fair to say that after you were waiting -- after the FOP representative spoke to you, you were waiting at the computer station -- just tell us what happened next.

A. People started going in, doing --

Q. Different rooms?

A. -- doing their statements.

Q. Okay. You never talked to IPRA?

A. No.

Q. Correct?

A. No, we never spoke to IPRA.

Q. So folks are going to make their statements to IPRA. Then what happens next?

A. They weren't sure if we were going to go or not, so they wanted us to wait.

Q. Who wasn't sure?

A. Who was it? I'm not sure. I can't remember who was the one advising us to go. No, I don't remember who.

Q. Do you recall who you were waiting next to? Like who was to your right and left?

A. I know Rick was one of
them -- Viramontes was one of them. I want to say Bacerra, I'm not sure.

Q. So you're watching people go into the room to get -- give a statement to IPRA, correct?

A. We were sitting down -- I was sitting down.

Q. Mm-hm. Sure.

A. And, you know, everybody was just like kind of doing their own thing on the phones and stuff like that.

Q. Yep. Was anyone texting you about the shooting at all?

A. No.

Q. Anyone call you while you were waiting to be interviewed --

A. No.

Q. -- at Area Central about the shooting?

A. No.

Q. So what happened next while you're waiting? You're seeing them go in to get interviewed; what happens next?

A. They just tell us to wait. We're
waiting. I think McElligott and Gaffney come up to us -- I'm trying to think.

MS. RUSSELL: If you don't remember, say you don't remember.

BY THE WITNESS:

A. I don't remember.

BY MR. NEUMER:

Q. Do you recall having any conversations with Officer McElligott or Officer Gaffney while you were waiting at Area Central?

A. One of the computers were down, and we were trying to get on it.

Q. For what reason were you trying to get on the computer?

A. I think somebody wanted to play a game or something.

Q. So did you have a conversation with Officer McElligott or Officer Gaffney about the computer that was down?

A. I -- yes, I think I did.

Q. And did you eventually get that computer up and running?

A. I don't remember.
Q. Eventually does Detective March come and get you to talk to you?

A. To show the video at one point.

That's it.

Q. So tell us about the interaction. Is he in a room and comes out and says, Officer Fontaine? Or how does he get your attention?

A. Yes, he's in a room. He comes out and says, Can you come here with me? And we go into the room and he shows me the video, and that's it. I come back out.

Q. Is the room small, big? What type of room is it?

A. It's a small room. It's an office.

Q. It's somebody -- is it his office or --

A. I don't know if it's his office or someone's office, but it's an office.

Q. It's someone's office. There's a desk?

A. Yes.

Q. A computer monitor?

A. Yes.
Q. And what does he say -- what does he say to you?

A. He just points out that, "Is that where he turned?" And he goes, "See? It's like he's turning." And I was like, "Yeah, he does look like he's turning."

Q. Did he ask you questions about the shooting prior to -- while you're in this office, so you're in an office. Is he behind a desk, Detective March?

A. No, because he's -- the computer's like right here, and we're both on this side of the desk.

Q. Both behind the desk; is that fair to say?

A. In front of the desk.

Q. In front of the desk?

A. Yeah, I think it's in front or on the side of the desk.

Q. You're on the same side of the desk?

A. Yes.

Q. And you're both looking at a computer monitor?

A. Mm-hm.
Q. Before you're looking at that computer monitor, did he ask you to walk him through the details of the shooting?

A. No.

Q. So he calls you into the office?

A. Mm-hm.

Q. Correct?

MS. RUSSELL: Yes?

BY THE WITNESS:

A. Yes. I'm so sorry.

BY MR. NEUMER:

Q. He calls you into the office and immediately directs your attention to the computer monitor?

A. Yes.

Q. And then he plays a portion of a video --

A. Yes.

Q. -- for you?

And that portion of the video contains the shooting of Laquan McDonald?

A. Yes.

Q. And what happens after he plays that portion of the video?
A. I go back and sit down and wait.

Q. Okay. But does he ask you questions while the video is playing about the video?

A. No.

Q. He plays the video. Does he ask you any questions before you go back to sit down?

A. No.

Q. Is that -- after he plays the video, is that when he makes a comment about Laquan McDonald turning?

A. Yes.

Q. So you're in the room, he plays the video for you, and makes a comment about Laquan McDonald turning?

A. Mm-hm.

Q. Is that correct?

A. Yes. Yes.

Q. And you agree with Detective March?

Or what do you say when he says, Oh, it looks like he's turning here?

A. I said, Yes, it does.

Q. Did he ask you any questions at that point?

A. No.
Q. And he said, Okay, you can go sit down?
A. Yes, that's it.
Q. That's it?
A. That was it.
Q. No other questions?
A. No.
Q. You go back into the other room then?
A. Yes.
Q. Do you continue to wait there?
A. Yes.
Q. What happens next?
A. We just wait. And then they don't call us. They say they're going to call us another day, and then they release us.
Q. Who releases you?
A. Sergeant Franko.
Q. Sergeant Franko releases you. Do you have a recollection as to when he released you?
A. No. It -- it was after 6:00 because we did fill out a -- it's a time due slip whenever you do overtime. So I remember filling one of those out, so it had to be after 6:00.
Q. So it was after 6:00 a.m. --
A. Yes.

Q. -- you were released from Area Central?

A. Mm-hm. Yes.

Q. You were released from Area Central, and then where do you go?

A. I go back to the district, change, and go home.

Q. Did you take the 841 Robert vehicle with Officer Viramontes to go to the district?

A. Yes.

Q. So the two of you drove together to the district?

A. Yes.

Q. Did you talk about the shooting at all during that conversation -- or, sorry, during that trip?

A. No. No. We just went home. We talked about that -- what we were -- I talked about what I had to do in the morning because I had to take the kids to school and stuff, and that was it. I just said I got to get home and get some sleep.

Q. Were you making a conscious decision
not to talk about the shooting with
Officer Viramontes during that trip?

A. Yes.

MR. NEUMER: The time is 1:53 p.m. Why
don't we go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 2:00 p.m. We're
back on the record.

BY MR. BROWN:

Q. Officer Fontaine, you mentioned to us
about a case report you filled out?

A. Yes.

Q. In that case report, it contains
officer names and star numbers; is that correct?

A. Yes.

Q. Did that case report contain any
substance as to what happened related to the
McDonald shooting?

A. No.

Q. Do you want to explain anything
further related to the case report?

A. It just has the -- my role when
filling out the case report is you put the date,
the time, the beat numbers, and just "see
detective sup."

Q. And you said you submitted the report that night?

A. Yes.

Q. Do you recall if it was edited after that point?

A. No.

MS. RUSSELL: No it wasn't edited or no you don't recall?

BY THE WITNESS:

A. No, I don't -- it -- it was not edited at that time.

BY MR. BROWN:

Q. Had it been edited, would you have been made aware of any changes to the report?

A. I should have been because it was under my PC number.

Q. So if we were to see that this document, this case report, it would have your PC number at the bottom?

A. Yes.

Q. Would it have anybody else's PC number?

A. Viramontes.
Q. And would that signify that he's in agreement with everything in the report?
A. Yes.
Q. So if changes were made to the report, he should have been made aware of those changes as well?
A. Yes.
Q. Going back to a little earlier. I briefly want to touch on the meeting with the FBI. You noted that the State's Attorney's Office was also there?
A. Yes.
Q. I just wanted to clarify, do you recall if it was the Cook County State's Attorney's Office was there, or was it the U.S. Attorney's Office?
A. I'm not sure.

THE WITNESS: Was it the State's -- I'm not sure.

MS. RUSSELL: Off the record.

(WHEREUPON, discussion was had off the record.)

MR. BROWN: The time is now 2:02 p.m. and we'll go back on the record.
BY MR. BROWN:

Q. Officer Fontaine, we were talking a little bit about the meeting with the FBI, and I'm just trying to clarify as to if it was the Cook County State's Attorney's Office that was also at the meeting, or was it the U.S. Attorney's Office?

A. It was the Cook County State's Attorney.

Q. Okay. Do you recall by chance who was there representing the Cook County State's Attorney's Office?

A. I don't recall.

Q. At that meeting, was the FBI the lead on the questions?

A. Yes.

Q. Did they tell you that your statement would be memorialized in any way?

A. I don't understand.

Q. I'm sorry, did they inform you that they were going to be making report of your statement?

A. No, not that they were going to make a report.
Q. Did you see -- you mentioned there were two FBI agents there at the meeting?
A. Yes.

Q. Do you recall them taking any notes?
A. Yes, they did.

Q. Do you recall whoever was there from the Cook County State's Attorney's Office taking any notes?
A. Yes, he was.

Q. So that was a gentleman?
A. That was a gentleman, yes.

Q. Anybody else besides the gentleman there representing the Cook County State's Attorney's Office?
A. No, not that I recall.

Q. And I think -- I'm pretty sure you already mentioned this, but it was just the one meeting with the FBI?
A. Yes.

Q. Any other meetings with the Cook County State's Attorney's Office?
A. Not that I recall, no.

Q. Did you ever have a meeting with the United States Attorney's Office?
A. No.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. Yes, I did meet with the FBI before the grand jury one time -- I'm sorry, the U.S. Attorney.

BY MR. BROWN:

Q. What was the nature of that meeting?

MS. RUSSELL: We'll take a quick break.

MR. BROWN: The time is 2:04 p.m. and we'll take a quick break.

(WHEREUPON, a recess was had.)

MR. BROWN: The time is now 2:05 p.m.

We'll go back on the record.

MS. RUSSELL: Can she clarify that last answer?

BY MR. BROWN:

Q. Officer Fontaine, please clarify.

A. I don't recall meeting with the U.S. Attorney.

Q. So before the grand jury you don't recall meeting with the U.S. Attorney's Office?
A. No.

Q. And you didn’t speak to the Cook County State's Attorney's Office after that meeting with the FBI?

A. No.

Q. I believe you mentioned in that meeting with the FBI you stated that you told them the same statement as what you told March -- I'm sorry, Detective March?

A. Yes.

Q. I wanted to ask, did you give them any sort of clarifying information such as, In light of the video, this is going to clarify my statement? Or did you say anything to clarify what you told the FBI?

A. To the FBI?

Q. Yes. I'm sorry. That was a bad question.

A. That's okay.

Q. I remember you noted earlier that you said after viewing the video, that kind of clarified what was written in the report, the Supplementary Report about, "as if attacking" in relation to?
A. I didn't know he had put "as if attacking."

Q. And we're going to get into that --

A. Oh, I'm sorry, you just stated --

Q. You had mentioned something about it was clarified after you saw the video; is that accurate?

A. I'm still confused.

Q. Okay. Maybe I'll wait until we flush this out a little bit later in the interview, but I just wanted to see if there was any clarifying statements you made to the FBI in regards to you made the same statement to March as what you told them?

A. Okay.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. When I talked to the FBI, I didn't know what March had written. I had no idea what he had written. That's why when I gave my statement to the FBI, I gave them my statement. I didn't know what he had put down.
BY MR. BROWN:

Q. I'm sorry. Okay. So at the point when you spoke to the FBI, you had not seen the final Case Supplementary Report that would have been authored by Detective March?

A. No.

Q. All right. When did you see the first see that statement by Detective March -- or I guess the write-up of your statement?

A. In the newspaper.

Q. In the newspaper. Okay. All right. And was that sometime in 2015?

A. Yes -- I don't recall.

Q. I definitely understand. I'm not going to keep hitting you about --

A. Yeah, I don't recall.

Q. You're just certain that you saw the statement after you spoke with the FBI?

A. Yes.

Q. When you spoke with the FBI, was that part of any sort of proffer negotiation?

A. I don't understand what you're saying.

Q. Was the subject of a proffer ever
brought up to you in regards to your conversations with the FBI?

A. I still don't understand.

BY MR. NEUMER:

Q. I think maybe I can -- so sometimes when individuals speak with the FBI, they'll sign what's called a proffer agreement. Do you recall signing any agreement right before you spoke to the FBI?

A. I did sign documents.

Q. Do you recall what those documents said at all? Were they explained to you?

A. They were explained to me, but --

Q. Do you have any recollection as to what...

A. No.

Q. That's fine.

BY MR. BROWN:

Q. Were you given a copy of the documents?

A. No.

Q. Was the negotiation about the documents, was that between your attorney and someone else?
A. Yes. My attorney was there. He read them with me and everything and I signed them.

Q. I just wanted to ask about Officer Viramontes?

A. Yes.

Q. He was your partner that night of the McDonald shooting, correct?

A. Yes.

Q. I wanted to ask, how long had he been your partner prior to that?

A. I think we've been going on five years.

Q. Five years. Okay. Like a steady every day he's been your partner for five years?

A. For the most part because when we're short, they separate us.

Q. Absent some other changes, he's your normal partner?

A. Yes.

Q. In the normal course of your work as you observe incidents or have to make arrests, would it be normal for you to speak with Officer Viramontes as to whatever has occurred?
A. Yes.

Q. And would those conversations occur before any type of report that would need to be authored by you or Officer Viramontes?

A. Can I explain --

Q. Sure, definitely explain.

A. -- when we partner up -- when you partner up, you're the driver and then there's the driver and the passenger.

Q. Okay.

A. When you arrive on-call, most of the time the person doing the paper is the one that kind of takes the lead and asks the questions and everything to decide more or less what kind of paper it is. Unless they have a question, then we kind of talk about it. So in that sense, yes.

Q. So to aid in, I guess, authoring whatever reports either you or Officer Viramontes would need to author, you guys would have conversations to make sure you're on the same page?

A. Yes.

Q. I just want to compare that with the
McDonald incident. You already stated that, because of the circumstances with that one, you didn't feel like you wanted to talk with anyone, including Officer Viramontes, about the incident?

A. Yes.

Q. Got you. Okay.

When you were at Area Central, you mentioned that at one point, the officers were all together in the big room. I know you mentioned that you didn't have conversations with any of the officers about the McDonald incident, but I wanted to ask you, do you know if -- or did you recall if any of the other officers were having conversations as to what occurred that night?

A. No. Like I said -- no, not that anybody was specifically having them, but everybody was just kind of trying to talk about something else.

Q. So was it like a feeling of a big event has happened and let's try to get our minds off of it by talking about other things?

A. Kind of. I think that -- especially
people who have never been involved, you don't
know how to -- what you should say, what you
shouldn't say, how you handle it, so you kind of
handle it your own way.

Q. Sure. No one instructed you guys not
to talk about it?
A. No.

Q. It's something that came organically;
it's just no one talked about the incident?
A. Not like detail in my presence, no.
Q. You mentioned that at some point
March brings you in to show you the video?
A. Yes.

Q. I wanted to ask, you mentioned it was
on a monitor. Do you recall if it was a laptop
such as this, or was it like a computer monitor
attached to like a hard -- like a big hard drive
or something?
A. I don't recall.
Q. Do you recall Detective March taking
any notes?
A. At that time, no.
Q. At that time.

MR. BROWN: That's all the follow-up I
BY MR. NEUMER:

Q. I want to talk to you, Officer Fontaine, about your relationships with the various officers who were at the scene of the shooting.

A. Mm-hm.

Q. I think you mentioned, with respect to Officer Viramontes, you and he had been partners for about five years prior to the shooting --

A. Yes.

Q. -- is that correct?

A. That I can think of, yeah.

Q. So generally you guys did not socialize outside of work?

A. No.

Q. Would you describe yourself as a friend of Officer Viramontes?
Q. With respect to Officer Van Dyke, what was your relationship with Officer Van Dyke prior to October 20th, 2014?

A. I really don't know him. I broke my ankle, and I was off for almost a whole year --

Q. Okay.

A. -- and when I returned, I saw new faces, and he was one of them. But I never really -- I didn't know him.

Q. Do you recall when you broke your ankle?

A. '13 I want to say.

Q. 2013?

A. 2013 I want to say.

Q. Have you ever partnered up with Officer Van Dyke?

A. No.

Q. Have you ever socialized with Officer Van Dyke outside of work?

A. No.

Q. Were you ever interviewed regarding a complaint someone made regarding Officer Van Dyke?
A. No.

Q. What was your relationship with Officer Gaffney prior to October 20th, 2014?

A. Gaffney, I've worked with him. I've known him.

Q. So how would you -- what was your work experience with Officer Gaffney?

A. Just coworker.

Q. How often would you have interactions like during a week with Officer Gaffney as part of your job?

A. As part of my job?

Q. Mm-hm.

A. Few times a week because if we ride on their jobs.

Q. And so that is their -- a job again is --

A. I'm sorry, a call.

Q. A call. Okay.

A. A call.

Q. So you would see him a few times a week responding to calls?

A. Yes.

Q. Okay.
A. At roll call.
Q. Okay.
A. Check-off. You just talk, you know.
Q. And how long had you guys been in the same, fair to say, unit?
A. Unit?
Q. Yeah.
A. I think we've been there the same amount of time, which is almost 15 years.
Q. Oh, okay.
A. I want to say we were -- yeah.
Q. So you've known Officer Gaffney for about 15 years?
A. Yes.
Q. And did you ever socialize with Officer Gaffney outside of work?
A. No.
Q. What was your relationship with Officer McElligott prior to October 20th, 2014?
A. Same thing, working, talking while at work and roll call, check-off.
Q. Same thing, see him a couple times a week on calls?
A. On calls or check-off, mm-hm.
Q. And how long had the two -- had you and Officer McElligott worked together?

A. With him I want to say the last three years I think we started talking more because I don't -- I don't remember when he came to the district.

Q. Okay.

A. And I didn't really associate with him.

Q. Ever socialize with Officer McElligott outside of work?

A. No.

Q. What was your relationship with Officer Bacerra prior to October 20th, 2014?

A. None.

Q. No relationship?

A. No.

Q. Never worked with him?

A. No -- that I can remember, no.

Q. No real interactions at work with Officer Bacerra?

A. Not really. He's on third watch.

Q. Okay. So you're on different watches?
A. Different watches.

Q. Never socialized with Officer Bacerra outside of the work?

A. No.

Q. What's your relationship with Officer Mondragon prior to October 20th, 2014?

A. Friends, coworkers. Same thing, roll call, check-off. We do a little bit more -- we talk a little bit more, I guess, girl to girl, more woman-to-woman things.

Q. Sure. Sure. So would you ever socialize with Officer Mondragon outside of work?

A. I don't recall ever associating with her outside of work.

Q. So work friends?

A. Yes.

Q. Okay.

A. Just recently now she had a daughter, so I've been giving her some of my daughter's stuff, so we kind of -- a little bit more --

Q. Okay.

A. -- outside of work.

Q. Is that in the last year or so?
A. Yes, two years.
Q. Was that -- did she have her daughter prior to October 20th, 2014?
A. Yes. Yes, I think so. Yes.
Q. What was your relationship with Officer Sebastian prior to October 20th, 2014?
A. Same thing, we talked at work and everything. And, prior to that, I don't think we socialized out of work.
Q. Do you socialize outside of work with Officer Sebastian now?
A. We have because she bought a house in Michigan and we have a house in Michigan, so we're -- we talk about that and --
Q. I got you. Do any -- well, I'll get through the end. How long have you worked with Officer Sebastian in the same unit?
A. About 15 years.
Q. Officer Velez, what was your relationship with her prior to October 20th, 2014?
A. Just -- she's third watch, so kind of seeing her, hi, bye, how you doing, that's it.
Q. And you never socialize with
Officer Velez outside of work?

A. No.

Q. What was your relationship with Officer Walsh prior to October 20th, 2014?

A. Just work-related.

Q. Never socialized outside of work?

A. (No audible response.)

Q. Would you say --

MS. RUSSELL: Make sure you answer out loud.

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Would you see Officer Walsh multiple times a week on calls and things of that nature?

A. Not as many, but I saw him in a few.

Q. And how long had you guys been in the same unit, you and Officer Walsh?

A. I'm not sure when he arrived to eight.

Q. Do any of the officers I mentioned, Officer Viramontes, Officer Van Dyke, Gaffney, McElligott, Bacerra, Mondragon, Sebastian, Velez, Walsh, live in your neighborhood in the
1  city?
2    A.  Sebastian used to and she moved out.
3  Q.  Okay.
4    A.  Mondragon lives close now. She just moved in. And I think McElligott lives close, too. And I think that's it that I can recall.
5  Q.  And what neighborhood do you reside in?
6    A.  I live in Beverly. They live in Mount Greenwood.
7  Q.  Got you.
8
9  MR. NEUMER:  Kris, do you have any follow-up regarding Officer Fontaine's relationship with the other officers at the scene of the shooting?
10  MR. BROWN:  I have no follow-up.
11  BY MR. NEUMER:
12  Q.  At this time we're going to put Exhibits 6 -- previously marked as Exhibit 6 and 7 -- I think I misspoke. What's been previously marked as Exhibit 5 and 6, the CSR and the GPR.
13  (WHEREUPON, Exhibit No. 5 and Exhibit No. 6 were tendered to the witness.)
BY MR. NEUMER:

Q. So, again, that's Exhibits 5 and 6.

The --

MS. RUSSELL: The notes are 6, okay.

BY MR. NEUMER:

Q. Notes are 6, the GPR dated October 20th, 2014. And the CSR -- the excerpt of the CSR containing Officer Fontaine's statement to Detective March.

So first, generally, I want to ask you what is a Case Supplementary Report?

MS. RUSSELL: In general.

BY THE WITNESS:

A. In general, it's something that's added on to an original case.

BY MR. NEUMER:

Q. Okay.

A. Because there's an original case first and then any supplementary is something added on to that.

Q. What's the purpose of a Case Supplementary Report?

A. My understanding is just extra facts.

Q. And who creates a Case Supplementary
Report?

A. Any officer that's -- any officer that's like -- any officer that has to work on a specific -- return to the original case report that they have extra information about it or anything has changed, they would be able to do a supplementary.

Q. Do officers create -- can I call them CSRs? Is that a term that --

A. I'm not familiar with that.

Q. Okay. We'll stick with Case Supplementary Report.

Do officers create Case Supplementary Reports, or is it detectives?

A. This here -- the form in front of me is a detective.

Q. So Exhibit 5 was created by a detective. Have you ever created a Case Supplementary Report in your time with CPD?

A. Yes.

Q. So you are familiar with Case Supplementary Reports?

A. When a regular patrol officer does it, it's called Supplementary Report, just a
regular Supplementary Report. It's a different format than this.

Q. Okay. Okay. So have you ever filled out a Case Supplementary Report?
A. No.

Q. So is it fair to say that generally detectives fill out Case Supplementary Reports?
A. I'm assuming, yes.

Q. But you -- do you not know one way or another?
A. I don't.

Q. It's not part of your general duties and responsibilities to fill out a Case Supplementary Report?
A. No.

Q. I'm now going to ask you about Exhibit 6, the General Progress Report dated October 20th, 2014. Are you familiar with the term GPR? Can I use that term?
A. I've never heard of that term.

Q. Never heard of that term?
A. No.

Q. Well, I'll ask you, what's your understanding as to what a GP- -- or what a

that statement and let me know when you've had a
chance to thoroughly read the statement.

A. You said the second one?

MS. RUSSELL: Stating with, "stated she was
a Chicago Police Officer"?

MR. NEUMER: Right. Exactly. So at the
top of the third page of Exhibit 5.

BY MR. NEUMER:

Q. Just to yourself. Just so you have a
chance to see what is stated and then we'll ask
you a few questions about that statement.

BY THE WITNESS:

A. Okay.

Q. Does Exhibit 5, Case Supplementary
Report, accurately you -- accurately reflect
what you said to Detective March on the night of
October 20th, 2014?

A. No.

Q. What statements in the Case
Supplementary Report are inaccurate?

MS. RUSSELL: Can we take a quick break?

MR. NEUMER: The time is 2:30 p.m. We'll
go off the record.

(WHEREUPON, a recess was had.)
MR. NEUMER: The time is 2:36 p.m. We're back on the record.

BY MR. NEUMER:

Q. And, correct me if I'm wrong, I believe I asked you if the Exhibit 5, Case Supplementary Report, accurately reflected what you said to Detective March on the night of October 20th, 2014. I believe you said no; is that correct?

A. Yes.

Q. And then I believe I asked you which statements specifically in the Case Supplementary Report are inaccurate. So if you could walk us through what statements --

MS. RUSSELL: Can I clarify?

MR. NEUMER: Sure.

MS. RUSSELL: What statements don't reflect what she told him?

MR. NEUMER: Yes.

MS. RUSSELL: I think that's a different question.

MR. NEUMER: Sure. Sure.

BY MR. NEUMER:

Q. So let's go with that. You've had a
chance to review the Exhibit 5 statement attributed to you. So can you walk us through which -- sentence by sentence or whatever sentences you did not make -- or statements you did not make to Detective March.

A. The sentences walking towards Van Dyke as if attacking Van Dyke.

Q. Okay.

A. I'm sorry, that's the tenth.

Q. Yep, I got you. That's fine.

So the sentence in full reads, "McDonald ignored the verbal direction, instead raised his right arm toward Officer Van Dyke as if attacking Van Dyke"?

A. Yes.

Q. And you're saying you did not make that statement to Detective March on the night of October 20th, 2014; is that correct?

A. Yes. I don't recall telling him that.

Q. So when you say you don't recall making that statement to Detective March, is it possible that you made the statement that McDonald raised his right arm toward
Officer Van Dyke as if attacking Van Dyke?

A. No.

Q. No, it's not possible?

A. No.

Q. Is it accurate to say that, in your opinion, McDonald raised his right arm toward Van Dyke as if attacking Van Dyke?

A. I'm sorry?

Q. I'm saying that -- I think you've --

MS. RUSSELL: Did you see that? Did you see --

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. You did not see McDonald raise his right arm toward Officer Van Dyke as if attacking Van Dyke?

A. No.

Q. Did you see McDonald -- when you were at the scene on October 20th, 2014, did you see McDonald raise his right arm toward Officer Van Dyke?

A. No.

Q. You did not see him raise his right
arm. Did you see him -- did you see McDonald on the night of October 20th, 2014, make any attacking movements toward Officer Van Dyke?

A. Yes.

Q. Tell us about those attacking movements.

A. Well, he was walking southbound, swaying the knife.

Q. Okay.

A. And from --

By the witness: So he's walking southbound swaying the knife, and from my point of view, it looked like he was coming in an angle.

By Mr. Neumer:

Q. So tell us about -- an angle in what way?

A. Like he was coming towards them but not --

Q. So let's try this direction-wise.
When you first see Laquan McDonald, what direction is he moving in?

A. He -- okay, after you -- after I looked at the video, I didn't even realize I was still in the car when a lot of this occurred, what I saw. I was still in the vehicle.

Q. Okay.

A. He was walking southbound swaying the knife walking -- he was walking southbound swaying the knife and Van Dyke and Walsh were -- how should I put it? They were outside their vehicle.

Q. Okay.

A. And from where I was looking at it on an angle, it looked like he was walking almost towards them.

Q. It looked to you like officer -- or that McDonald was walking towards the officers?

A. Yeah.

Q. Okay.

A. Like in their line.

Q. Again, what -- so what direction was he walking?

A. Southbound.
Q. Southbound. Okay.

And then you mentioned he was at an
angle. What did you mean by that?

A. From the point of view I had, it
looked as if he was on an angle.

Q. An angle to what? Are you saying he
was no longer walking southbound?

A. He was still walking southbound, but
it looked like he was kind of swaying over.

Okay, there's --

Q. Did he change direction or...

A. No, he was -- he was going -- he was
coming southbound -- how should I explain?

He was still coming southbound
swaying the knife, and when I -- when I saw
him -- how should I put it?

THE WITNESS: Can we take a break?

MS. RUSSELL: Sure.

MR. NEUMER: The time is 2:43 p.m. We'll
go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 2:44 p.m. We're
back on record.

What question was pending?
MS. RUSSELL: She was trying to explain what she meant by him walking at an angle.

MR. NEUMER: Okay.

BY THE WITNESS:

A. When I arrived on scene, I didn't realize until I saw the video I was still in the vehicle. So by the angle I'm in, he's walking southbound but because he's straight and I'm in the angle and Van Dyke and Joe are out of their car, it almost seemed to me as if he was walking towards them.

BY MR. NEUMER:

Q. Having watched the video, do you think it is accurate to say that McDonald was walking towards Officers Walsh and Van Dyke?

A. After watching the video?

Q. (Nodding).

MS. RUSSELL: Can I butt in? So I know what the question is, but I guess it depends like where you are in the sequence.

So at one level he is walking towards them, he's in the middle of the road, he's walking towards them as opposed to away from them.
Is that what you're asking generally?
like, is he walking towards them; is he away
from the middle of the road? I could be walking
towards you guys coming this way (indicating) or
I could be walking towards you going this way
(indicating). I'm not sure if that helps or
hurts.

MR. NEUMER: Sure.

MS. RUSSELL: But maybe you can explain
what you meant by it appeared he's walking
towards you or what you saw in the video.

BY THE WITNESS:

A. I mean, what I saw in the video, he
was still walking southbound swaying the knife.
And when I looked at the video, it did seem as
if he turned, but --

BY MR. NEUMER:

Q. Did he turn toward Officer Walsh and
Van Dyke, or did he turn away from Officer Walsh
and Van Dyke?

A. If you slow it down slow enough, it
looks as if he's turning towards them.
(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. But I'm not sure. But that's -- but I'm not sure if that's because he was shot at that point, that that's what made him (indicating), yes.

BY MR. NEUMER:

Q. So with respect to the statement in Exhibit 5, is there -- are there any of these other sentences that you never said to Detective March, other than the "as if attacking Van Dyke" portion?

A. The one about, "McDonald was walking sideways with his body facing east towards Jason Van Dyke and Officer Walsh," that I'm not sure.

Q. You don't know whether you made that statement --

A. No.

Q. -- to Detective March?

A. No, that one I'm not sure.

Q. Are there any other statements that you either know for certain or you are not sure
whether you made to Detective March on the night of October 20th, 2014, in the statement in Exhibit 5?

A. That's it.

Q. So you -- tell me, with respect to, "as if attacking Van Dyke," do you know whether or not you made that statement to Detective March?

A. I did not make it.

Q. You did not make it. And then with respect to "McDonald was walking sideways with his body facing east towards Officers Jason Van Dyke and Joseph Walsh" --

A. No.

Q. -- you don't know whether you made that statement?

A. No.

Q. Every other statement in -- every other sentence in this statement you think you did make to Detective March on the night of October 20th, 2014?

A. Yes.

Q. And, now, different question. Is -- so we've been talking about whether or not you
made these statements to Detective March. We
touched on it a little bit, but I want to ask it
directly.

Look at the statement in Exhibit 5. Are there any of these sentences that you
consider to be inaccurate; it's not actually
what happened?

A. For the rest of them?

Q. For -- I'm talking about the
entire -- so we were focussing primarily just
recently on whether you made the statements in
this exhibit to Detective March.

Now I'm going to ask you a different
question. I'm going to ask whether the
statements in -- that are attributed to you are
accurate. Do they reflect what actually
happened?

A. No.

Q. Do you understand the question that
I'm -- and so, as you look back at this -- as
you look over the statement attributed to you in
Exhibit 5. I want you to identify for me which,
if any, of the statements that are attributed to
you are not accurate, that's not how things
occurred on the night of October 20th, 2014.

A. The one where he -- where he raised his arm towards Officer Van Dyke as if attacking him.

Q. So that statement is not accurate?
A. Not that I know of.

Q. Not -- that's not what you witnessed on the night of October 20th, 2014?
A. Yes.

Q. Right. So you did not witness McDonald raising his right arm toward Officer Van Dyke as if attacking Van Dyke?
A. Yes.

Q. That's correct?
A. That's correct.

Q. So same question now. Are there any other statements or sentences in the statement that are not accurate according to what you witnessed on the night of October 20th, 2014?
A. No.

Q. So every other statement -- every other sentence in your statement is accurate according to what you witnessed on the night of October 20th, 2014?
A. Yes. Except that one sentence that I wasn't sure.

Q. Right.

A. Okay.

Q. Except for the "McDonald was walking sideways with his body facing east" --

A. Yes.

Q. -- you're not sure whether that statement is accurate?

A. I'm not sure if I said it at that point in time.

Q. Let's talk about the accuracy of that statement. Do you think it's accurate that McDonald was walking sideways with his body facing east towards Officer Van Dyke and Joseph Walsh?

A. Well, now that I look at the video, again, it does look accurate.

Q. Your statement -- or the statement, "McDonald was walking sideways with his body facing east towards Officers Jason Van Dyke and Joseph Walsh," having reviewed the video of the shooting, you feel that statement is accurate?

A. Because of that turn? In the video
there's like a slight turn --

Q. Immediately prior to McDonald --

well, at what --

MS. RUSSELL: Let me.

(WHEREUPON, discussion was

had off the record between Counsel and

Witness.)

BY THE WITNESS:

A. For that sentence, to be more

specific, it's not that he was walking sideways

eastbound through the street; he was walking

swaying, so he's kind of -- you know, what I

mean?

BY MR. NEUMER:

Q. Sure.

A. Swaying. So kind of --

MR. NEUMER: For the record --

BY THE WITNESS:

A. -- kind of in and out.

MR. NEUMER: -- Officer Fontaine is moving

her shoulders back and forth in a swinging

motion.

BY MR. NEUMER:

Q. Let's see, I want to ask you whether
you recall making any statements to
Detective March that are not reflected on the
night of -- make any statements on the night of
October 20th, 2014, regarding the shooting that
are not reflected in the Exhibit 5 report --

A. No, I don't remember.

Q. So you don't recall telling
Detective March anything on October 20th, 2014,
that is not in here?

Or, put differently, do you recall
any details you told Detective March that you
don't see included in Detective March's report?

A. The swaying of the knife.

Q. So Detective March didn't -- you told
him that the -- that Laquan McDonald was
swinging the knife, and you don't see that
reflected in Detective March's write-up of your
statement?

A. Correct. Yes.

Q. Any other details that you told --
A. Not that I remember.

Q. I'll just -- any other details you
recall telling Detective March that you don't
see in his write-up?
A. Not that I remember.

Q. Okay. So at this point, I'm going to go through some of the notice -- some of the allegations that are included in the Notice of Allegations. Some of this will be moderately duplicative but...

It is alleged that on or about October 20th, 2014, you made a false statement during an interview with Detective March when you stated that McDonald was walking southbound with his body facing east toward Officers Van Dyke and Walsh.

Do you stand by your previous statement?

A. The -- I'm sorry.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. I stand by my testimony that I've given you today.

MS. RUSSELL: Is that what you're asking?

BY MR. NEUMER:

Q. It is, but I'd like to really hone in
on, in particular, your statement -- the
statement in the report --

MS. RUSSELL: That's not her statement.

MR. NEUMER: Well, that's true.

BY MR. NEUMER:

Q. The statement that is attributed to
you in Detective March's report and whether you
stand by that previous statement or if there's
anything you'd like to add regarding the
allegations.

So let me read the allegation
again --

MS. RUSSELL: Really quick, before you do,
other than what she's already told you was not
correct? Do you see what I'm saying? The
allegation is you provided a false narrative to
Detective March. I mean, she's told you --

MR. NEUMER: And I --

MS. RUSSELL: So I guess I'm confused by
"Do you stand by your previous statement."

MR. NEUMER: Sure -- oh, sorry. I got you.

BY MR. NEUMER:

Q. So when I say, "previous statement,"
I'm not referring to anything you've told us
today. What I'm referring to is the statement
that is attributed to you in Detective March's
report, the Exhibit 5 report. And so I'll read
the allegation again and give you an opportunity
to respond.

So it is alleged that on or about
October 20th, 2014, you made a false statement
during an interview with Detective March when
you stated that McDonald was walking southbound
with his body facing east toward
Officers Van Dyke and Walsh.

Do you stand by your previous
statement as included in Exhibit 5, or is there
anything you'd like to add regarding this
allegation?

A. As I stated earlier, I don't remember
telling him that.

Q. Okay. It is alleged that on or about
October 20th, 2014, you made a material omission
during an interview with CPD Detective March
when, with respect to the McDonald shooting, you
failed to state that Officers Van Dyke and Walsh
moved towards McDonald prior to the shooting.

Why didn't you tell Detective March
that McDonald changed the direction in which he
was walking prior to being shot by
Officer Van Dyke -- let me read that again.
Strike that.

MS. RUSSELL: I think you're on four.

MR. NEUMER: Strike that.

BY MR. NEUMER:

Q. It is alleged that on or about
October 20th, 2014, you made a material omission
during an interview with CPD Detective March
when you failed to state that Officer Walsh and
Van Dyke moved towards McDonald prior to the
shooting.

Why didn't you tell Detective March
that Officer Walsh and Officer Van Dyke moved
towards McDonald prior to the shooting?

A. Detective March never asked me that
question and --

Q. Okay.

A. And I never saw that.

Q. You never saw Officers Walsh and
Van Dyke move towards McDonald prior to the
shooting?

A. No, their vehicle was blocking them.
MS. RUSSELL: From her view.

BY THE WITNESS:

A. From my view --

BY MR. NEUMER:

Q. From your view --

A. -- they were blocked.

Q. Officer Walsh and Officer Van Dyke were blocked from your view by their vehicle?

A. Yes.

Q. It is alleged that on or about October 20th, 2014, you made a material omission during an interview with CPD Detective March when you failed to state that Laquan McDonald changed direction prior to being shot by Officer Van Dyke.

Why didn't you tell Detective March that McDonald changed the direction in which he was walking prior to being shot by Officer Van Dyke?

A. I didn't see that. I didn't see him changing direction.

Q. Okay. It is alleged that on or about October 20th, 2014, you made a false statement during an interview with CPD Detective March
when, with respect to the McDonald shooting, you
stated that McDonald raised his right arm toward
Officer Van Dyke as if attacking Van Dyke.

Do you stand by that statement, or is there anything you would like to add regarding
this allegation?

A. I never made that statement.
Q. You never made that statement to Detective March.

A. To Detective March.
Q. Right. Do you have any idea why Detective March included that statement in his report?

A. I have no idea.
Q. Did Detective March at any time ever ask you to change your story about -- when he was interviewing you?

A. No.
Q. Did he ever direct you what to say regarding the McDonald shooting?

A. No.
Q. How about with respect to when he showed the video and he made a comment; did you feel as if he was instructing you how to
respond?

A. I -- different people were looking at the video, so I just assumed he wanted us to see the video.

MS. RUSSELL: Listen to his question. Can you read it back.

(WHEREUPON, the record was read by the reporter.)

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Do you know what he was trying to communicate to you by showing the video and making a comment on the shooting?

A. No.

Q. Did you feel pressured by Detective March to agree with his comment -- the comment that he made regarding the video?

A. No.

Q. It is alleged on or about October 20th, 2014, that you made a false statement to CPD Detective March when, with respect to McDonald shooting, you stated that the gunshots Officer Van Dyke fired at McDonald
were rapid fire and without pause.

Do you stand by your previous
statement to Detective March, or is there
anything you would like to add regarding this
allegation?

A. No, that's -- I stick to that. I --
that's -- at that point in time, that's what I
heard.

Q. It is alleged that on or about
October 20th, 2014, you provided a false
narrative to Detective David March of the CPD
concerning the McDonald shooting through a
series of false statements or material
omissions --

MS. RUSSELL: I'm sorry to interrupt you,
but what allegation are you on? My next one is
in-car video.

MR. NEUMER: Right. So this is one. We're
back to allegation one.

MS. RUSSELL: I see. Okay. Got it.

BY MR. NEUMER:

Q. So it is alleged that on or about
October 20th, 2014, you provided a false
narrative to Detective March concerning the
McDonald shooting through a series of false
statements and material omissions.

Do you stand by your previous
statements to Detective March, or is there
anything you would like to add regarding this
allegation?

A. Just what I stated earlier.

Q. Earlier in this interview?

A. In this interview.

MR. NEUMER: Kris, do you have follow-up on
this section?

MR. BROWN: Yeah, I've got a couple of
follow-ups.

BY MR. BROWN:

Q. You mentioned earlier that
Detective March showed you a video in an
office --

A. Yes.

Q. -- is that accurate?

Just a little bit ago I thought you
might have said something about he showed us the
video. I just wanted to get you to clarify, did
he just show you the video by yourself in the
office, or did he show the whole group in the
big room?

A. It was me, him, and I want to -- I --

as I'm thinking about it, I think there was

somebody else in there that was running the

video.

Q. Okay.

A. So I -- I'm sorry.

(WHEREUPON, discussion was

had off the record between Counsel and

Witness.)

BY THE WITNESS:

A. No, I'm sorry, I'm getting you

confused. There was no other officers, just me.

BY MR. BROWN:

Q. And the other person that was in the

room, that was a technical person to operate the

video?

A. I don't know. I don't know.

Q. Sure. You didn't know what the

purpose of -- for that other person, you don't

know why they were there?

A. No, I don't.

Q. Just to recap, when you were in the

side office looking at the video, it was just
yourself, Detective March, and this other person?

A. Yes.

Q. Did the other person say anything to you?

A. No.

Q. Did the other person take any notes as far as you know?

A. No.

Q. In the video that was shown to you by Detective March, was that the same video as what was tendered to you by IAD, I guess via us?

A. I can't answer that because -- it's not that I can't; I don't know. I don't know.

Q. Was it the same video that --

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

MS. RUSSELL: Let me interject. I think the video that she saw was the actions as depicted on the video that was provided to her. Whether it was the same video, she can't be certain.

Is that an accurate statement?
THE WITNESS: Yes.

BY MR. BROWN:

Q. And that's totally understandable. I'm not definitely trying to get you to say it's lie the exact same video --

A. Oh, okay.

Q. -- who knows what he showed that night. I just wanted to get you to say if it was the same footage, like the shooting --

A. Yes.

Q. -- was the same thing that you saw. Okay.

Do you recall how much of the video he showed you?

A. Just the walking southbound and him -- like I said, that little turn.

Q. So just -- you were just shown McDonald walking southbound from the Burger King --

A. I don't even think it was all the way from the Burger King.

Q. Okay.

A. I think it was just him walking and that turn -- that little turn.
Q. You did get to see the actual shooting, though, on the video, right?
   A. From the video?
   Q. Yes.
   A. Yes.
   Q. Okay.
   A. And all over the news.
   Q. Right.
   A. Yes.

MS. RUSSELL: Did Detective March show you the shooting portion?
   THE WITNESS: No.

BY MR. BROWN:

Q. So the video he showed you, he just showed you McDonald walking, I guess, towards Officer Walsh and Van Dyke, but the video was cut off before the shooting occurred?
   A. Yes. It was just the turn and that was it. It wasn't continued all the way.

MR. NEUMER: Can we go off the record for one moment?
   MR. BROWN: The time is now 3:10 p.m.
   (WHEREUPON, discussion was had off the record.)
MR. NEUMER: The time is 3:12. We'll go back on the record.

BY MR. NEUMER:

Q. Officer Fontaine, I'm now going to show you a portion of the video that was recovered from the in-car video system of Beat 813 Robert vehicle. This is one of the videos that OIG provided to you on February 22, 2016, on DVD.

My colleague, Kris Brown, is going to open the VLC media file titled VIDEO_TS.IFO on his laptop. File contains six minutes and five seconds of footage. The video has a time stamp on it indicating the date and time the video was recorded.

And we're going to advance the video to the portion time-stamped 9:57 p.m. and 22 seconds. And there's also a corresponding VLC media player time-bar time, which goes from zero to six minutes, five seconds.

And we are at 4:37 on the media player time bar. And, again, we should be at 9:57 and, I think, 22 seconds p.m. in terms of the embedded time stamp.
MR. BROWN: Then we want to go to a little bit before that to capture more of the walking?

MR. NEUMER: Well, I don't think Officer -- what I'm going to first do is play it from here and ask Officer Fontaine to stop the video when she sees her car pull up on the scene.

BY MR. NEUMER:

Q. We can do this a few times, so don't feel any pressure, but why don't we roll the video, and I want you to stop us when you see your vehicle, the vehicle that -- you're a passenger in, correct?

A. Yes.

Q. Pull up on the scene. So we're going to start the video.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. That's us.

MR. NEUMER: So Officer Fontaine has -- we stopped the video at embedded time stamp October 20th, 2014, 9:57 p.m. and 33 seconds.

BY MR. NEUMER:

Q. Is that correct, Officer Fontaine?

A. Yes.
Q. And you directed us to stop the video because you now see your -- the vehicle you were a passenger in that night, 841 Robert, pull up behind Officers Van Dyke and Walsh; is that correct?

A. Yes.

Q. So what I'm going to do now is, we're going to start the video again, and I want you to point out the turn that you've been -- you referred to a couple times. Is that fair?

A. Yes.

Q. So we're going to start the video. And, again, you can see this a couple times. I want you to direct us to stop the video when you see the turn that you were talking about earlier. So go ahead and start the video.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. Before that --

BY MR. NEUMER:

Q. We'll go back a few seconds and we'll start again.

(VIDEO BEING PLAYED)
BY THE WITNESS:

A. Stop. You see right here where it looks like he's walking and then...

BY MR. NEUMER:

Q. We have stopped it at 4 minutes and 54 seconds on the VLC media player time bar. There's no time stamp on the -- the time stamp embedded is not visible at the moment on the video footage.

And so, Officer Fontaine, why did you direct us to stop it right here?

A. Because this is where it looks like he went from straight to an angle, a little angle or --

Q. A little angle --

A. -- a twist.

Q. He's making a turn you're saying?

A. Yes.

Q. And is this the turn that Detective March pointed out to you when you were at Area Central and he showed you the video?

A. This wasn't the video. The video he showed me you saw his angle this way

(indicating).
Q. You saw whose angle which way?
A. Van -- McDonald, you actually saw him walking, not from the back, but from the side.

Q. From the side?
A. It might be the Dunkin' Donut one?

BY MR. BROWN:

Q. Was it a perspective from further away?

BY THE WITNESS:
A. Yes. It was --

MS. RUSSELL: Let's see the other one, if you don't mind, and then you say if that was the right one.

MR. NEUMER: Let's pull up the Dunkin' Donuts video.

MS. RUSSELL: Or the other car?

BY MR. BROWN:

Q. Is that it? It will take some time for me to get the moment. The vehicles come from this way, and you only get to see a small view from Van Dyke and Walsh like right there.

A. Then it must have been the other one.

MR. NEUMER: For the record, at the moment we are showing Officer Fontaine the Dunkin'
Donuts video surveillance that was provided to Officer Fontaine on DVD on February 22, 2016.

BY MR. NEUMER:

Q. Officer Fontaine, is it fair to say that the Dunkin' Donuts surveillance video footage that we are presently showing you is not what Detective March showed you on the night of October 20th, 2014?

A. Yes.

Q. We're now going to close this out and let's go back to the dash cam footage from --

MR. BROWN: 813.

BY MR. NEUMER:

Q. -- Vehicle 813 Robert. So I'm going to ask you, Officer Fontaine, once we load the file and get it to the appropriate portion, we'll show it to you again, and I'm going to ask you whether it's possible that the 813 Robert dash cam footage is what Detective March showed you on October 20th, 2014. But don't answer just yet. Let's watch the video again and see.

BY MR. BROWN:

Q. And for note, this one is in full-time, so maybe that -- maybe that might
assist you in seeing how it's playing out.

(VIDEO BEING PLAYED)

BY MR. BROWN:

Q. If you want, I can put it slower, frame by frame.

MR. NEUMER: So, for the record, the footage we just showed to Officer Fontaine of the shooting of Laquan McDonald was played at full speed. Previously we showed it to Officer Fontaine at a slowed-down speed.

BY MR. NEUMER:

Q. So, Officer, we'll stop the video. And I want to ask you if you think it's possible that the footage you are watching right now or the footage we showed you is the same footage that Detective March showed you on the night of October 20th, 2014? Do you think that's possible?

A. Yes.

Q. Do you think it's likely that this is the footage Detective March showed you?

A. Yes.

Q. So let's watch again. And I want to -- again, I want -- we've already identified
when your vehicle comes onto the scene. I want
you to now to identify for us the turn that
Detective March pointed out to you at Area
Central on October 20th, 2014.

BY MR. BROWN:

Q. I'm going to ask, would it be easier
for you to watch it full speed or would you like
it --

A. It has to be slow motion because I
can't tell you exactly when --

Q. Sure. No problem.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. Oh, I'm sorry. I forgot to --

BY MR. BROWN:

Q. That's okay.

MR. NEUMER: We'll go back a few seconds.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. That -- is that what you want me to
say where he turned?

BY MR. NEUMER:

Q. What I want you to identify is what
Detective March pointed out to you. I believe
previously you testified Detective March pointed out to you some sort of turn and asked whether you saw the turn when he was showing you the video at Area Central on October 20th, 2014.

So what we want you to identify right now is the turn that Detective March was referring to when he showed you the video. Does that make sense?

A. Yes.

Q. So let's watch it one more time and, again, I want you to focus specifically on the turn that Detective March was referring to.

MS. RUSSELL: If you remember exactly which one he showed you.

(VIDEO BEING PLAYED)

MR. NEUMER: So, for the record, we just showed Officer Fontaine a portion of the 813R vehicle dash cam from about 9:57 -- with the embedded time stamp 9:57 and 28 seconds to 9:57 41 seconds.

BY MR. NEUMER:

Q. Did you see the turn that Detective March was -- mentioned on the night of October 20th, 2014, when he showed you the
video?

A. You know, I'm not sure.

Q. Okay. Can you tell us -- and I'm going to go back.

A. Can I have a minute?

Q. Sure. Take a minute.

MR. NEUMER: The time is 3:24. We'll go off the record.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 3:25. We're back on the record.

We're now going to show Officer Fontaine the dash cam video from, I think, 845 Robert. Is that correct?

MR. BROWN: That's correct.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. No, that's not it.

BY MR. BROWN:

Q. That's not the one Detective March showed you?

A. No.

MS. RUSSELL: Are either of these the one
he showed you?

THE WITNESS: Like I said, I don't...

BY MR. BROWN:

Q. Did the video Detective March showed you appear to be as blurry as --

A. No.

Q. -- this video right here?

A. No.

MR. NEUMER: And, again, for the record, Officer Fontaine is viewing the footage from the 845R vehicle dash cam.

(VIDEO BEING PLAYED)

BY MR. NEUMER:

Q. Officer Fontaine, do you think -- would it help you to watch the 813 Robert dash cam footage additional times to try and identify the turn that Detective March mentioned on the night of October 20th, 2014?

A. Yes.

Q. It would?

MR. BROWN: Okay. So now we'll go back to the 813R video. Would you like to watch it in full speed or the slower speed?

THE WITNESS: No, full speed.
MR. NEUMER: We'll cut to the 9:57 and 28 seconds in the embedded time stamp for the 813 Robert dash cam footage now, and we will show the relevant portion to Officer Fontaine at full speed in an effort to help Officer Fontaine identify the turn that Detective March pointed out to her on the night of October 20th, 2014.  

(VIDEO BEING PLAYED)

MS. RUSSELL: The question is do you remember --

THE WITNESS: If that's the one --

MS. RUSSELL: -- Detective March?

THE WITNESS: Yes.

MS. RUSSELL: Are you sure?

BY MR. NEUMER:

Q. So now what I'm going to ask you to do again is have my colleague stop the video -- I want you to have Kris stop the video -- so what we want to do is establish a good record.

If you think you can identify the turn that Detective March pointed out to you -- and if you can't -- I'm not trying to put words in your mouth. You either can or if you don't think you can, that's okay, too, but we're going
to run it one more time and I want you to
instruct my colleague to stop the video if you	hink you identified the turn that
Detective March pointed out to you on the night
of October 20th, 2014, when he showed you this
video.

MS. RUSSELL: So you've identified, you
seeing the video, where you have seen the turn,
but the question is Detective March that
night --

THE WITNESS: Yes.

MS. RUSSELL: Okay? So if you can
remember, you can; if you can't, you can't.

MR. NEUMER: So we'll watch it -- maybe go
back like three seconds or something.

MR. BROWN: Rewind it one more time?

THE WITNESS: No, I'm not sure.

BY MR. NEUMER:

Q. Do you think that watching it again
would help you become more sure -- or would
help -- is it fair to say that you've watched
the video maybe five to seven times and you're
not sure when Detective March -- the exact
moment he was -- he referred you to when he
showed you the video?

A. Yes.

Q. Okay.

MR. NEUMER: I think -- did you have any follow-up?

MR. BROWN: I think I have another couple quick ones.

BY MR. BROWN:

Q. I just wanted to ask, prior to the night of the McDonald shooting had you ever been questioned by a detective before?

A. By a detective?

Q. Yes, in this manner that March was questioning you.

A. Not at -- no, not in this situation.

Q. My next question was going to be, are there other situations where you were questioned?

A. On a call. Like if I was on a call and detectives came on scene, yes.

Q. But not in a situation where you were taken back to an area station and questioned about an incident like your observation of an incident?
A. I'm trying to think. I don't recall.

Q. Even in those instances where you weren't taken back to an area, maybe a detective just spoke to you about something else?

A. I have had detectives talk to me about stuff in certain cases.

Q. In relation to your observations as to whatever occurred?

A. Yes.

Q. Okay. In any of those instances, do you recall the detective showing you a video prior to getting your statement?

A. No.

Q. I think from what we were understanding from the -- when you're at the area and when March asked you to come into that office with yourself and then that other person was in there, it didn't sound like there was much conversation that occurred at that meeting, correct?

A. Yes.

Q. Was it -- it safe to say that the stuff -- the statements that are attributed to you in the detective Supplementary Report, those
all came from when March spoke to you near your
squad car?
A. Yes.
Q. I just wanted to make sure that --
since he didn't speak to you much at the area,
that when he did talk to you about the stuff
that's in the report.
A. I can't speak for him, so I don't
know, but I'm assuming, yes.
Q. No, I'm kind of asking did you -- the
statements that are attributed to you in this
report, did you make those statements near your
squad car?
A. That one, yes.
Q. Okay.
MR. BROWN: That's all.
BY MR. NEUMER:
Q. The statements that are attributed to
you in Exhibit 5 you made to Detective March
outside of your squad car at the scene of the
Laquan McDonald shooting?
A. Yes.
MS. RUSSELL: Other than the ones she's
previously testified to that she did not make.

MR. BROWN: Yes.

BY THE WITNESS:

A. Yes.

BY MR. BROWN:

Q. Yes. Okay. All right.

You mentioned that you weren't certain about the statement in Exhibit 5 about the walking sideways with his body facing east.

Can you -- I wanted to get -- if possible, can you elaborate on why you think you might not have made that statement?

A. Because of the fact that I -- I've stated that he was walking southbound swaying the knife. Otherwise, I would understand that I'd be like he was walking actually all the way facing east.

THE WITNESS: Do you know -- how can I say this?

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. I mean, I just saw him walking
BY MR. BROWN:

Q. And that's perfectly fine. I was hoping to get to that language that's in the report that's attributed to you. Is that -- was that language something you typically wouldn't say, like you -- would you say like a person's walking in a direction facing another direction? Is that a statement that you would normally make in a report? Do you get usually that specific with a person's direction as they're walking?

A. Not that detailed. I mean, depending on the situation. But for something like this, it's -- what I witnessed was southbound. Do you know --

Q. I think I understand. So you're saying it's -- depending on the situation, you might have put in your statement that a person was walking in a certain direction, but, in this particular instance, in relation to Exhibit 5, you think McDonald was walking southbound and --

A. Because --

Q. -- that's why you're not sure about that statement being totally accurate?
A. Yes.

Q. Okay.

MR. BROWN: That's all.

BY MR. NEUMER:

Q. Really quickly, with respect to Detective March, did he provide you -- so he showed you the video, right, at Area Central?

That's correct, the dash cam -- or he showed you footage of the Laquan McDonald shooting, correct?

A. Yes.

Q. Okay. Did he give you --

MS. RUSSELL: Hold on a second.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY MR. NEUMER:

Q. Did he show you footage of the scene of the Laquan McDonald shooting?

A. Yes.

Q. And he showed you footage of Laquan McDonald walking?

A. Yes.

Q. Is it fair to say you don't know
whether he showed you the actual shooting?

A. Yes.

Q. Is it possible he showed you the shooting?

A. It's possible.

Q. Other than his showing to you of the footage of the scene of the Laquan McDonald shooting, did he provide you with any other information regarding the shooting of Laquan McDonald as you were giving him statements regarding your version of events?

A. I'm sorry, was he...

Q. Did he provide you any other information? He showed you the video. Did he provide you any other details regarding the shooting as you were discussing the -- your witnessing of the shooting?

MS. RUSSELL: I think -- I don't think her testimony was that they were discussing the -- what she witnessed in the room, the video. She did in the car.

BY MR. NEUMER:

Q. At any point in the night of October 20th, 2014, when you were talking to
Detective March, did he provide you details regarding the shooting of Laquan McDonald?

A. No.

Q. Other than showing you the video at Area Central?

A. No.

Q. Nothing else?

A. No.

Q. Did he ever direct you to make certain statements regarding what you witnessed?

A. No.

Q. Did he ever tell you what you said you saw was not accurate?

A. No.

Q. I think now we are going to move on to dash cam. And we want to talk to you about the 841 Robert in-car video system. That 841 Robert is also Vehicle 8948.

Do you have a recollection of the vehicle number you were driving -- you were a passenger in on the night of October 20th, 2014?

A. I don't remember. We change vehicles every day.

Q. If we showed you a report showing
that vehicle 841 Robert was Vehicle Number 8948, would you have any reason to doubt the accuracy of that report?

A. No.

Q. And we'll show you that -- we'll get to that.

So generally what's the purpose of an in-car video system?

A. To make -- I'm sorry. Just to make sure everything's logged in that it's keeping -- that if we arrived on scene -- arrive on a scene of a call or a traffic stop, that we're following, you know, our rules. And if anything goes awry with the subjects being stopped or even can go wrong, it's kind of to protect both parties.

Q. And so that in-car video system, it captures video and audio; is that correct?

A. Yes.

Q. And can you walk us through the ways you interact with the in-car video system as part of your daily duties.

A. You -- well, when you start your tour, you have to log in. The mics do not work
if the camera doesn't work. So if the camera
doesn't work, your mics do not work. The mics
have to be synced to the camera.

Q. And you sync those mics prior to the
start of your tour of duty?

A. To the start of the tour, yeah. Yes.

When you turn on your camera at the beginning of
your tour, you sync the mics, and then they
should all -- everything should be working.

Q. And then throughout the rest of your
shift, another -- what other ways do you use the
in-car video system for your vehicle?

A. Again, to video any kind of calls,
stops, interactions with specific people.

Q. And now I want to talk -- as of
October 20th, 2014, what rules and regulations
governed your use of the in-car video system?

A. I'm sorry?

Q. Do you know what rules and
regulations applied with respect to your or any
officer's use of the in-car video system?

A. The use of it? That we have to use
it?

Q. (Nodding.)
A. Yes, it's a procedure that we have to use it.

Q. I'm going to show you what we will mark as Exhibit 7. This is Special Order S03-05 issued February 23, 2012.

(WHEREUPON, a certain document was marked Exhibit No. 7, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. And this is a Chicago Police Department Special Order pertaining to in-car video systems. I would direct your attention to Section 6 on Page 3 titled Operational Procedures.

So have you seen Exhibit 7, this Special Order before, Officer Fontaine?

A. 6 or 7?

Q. Sorry, it's Exhibit 7. Section 6 of Exhibit 7. But I'm asking you more broadly, have you seen this exhibit, this Special Order prior to today?

A. Yes.

Q. Okay. And where did you come into contact with this Special Order?
A. They have them in the stations.

Q. Did you ever receive training on these procedures?

A. Yes.

Q. Tell us about this training or those trainings.

A. The training was done through eLearning, which is programmed into the computer, where you bring it up and they give you -- they show you how to turn it on, how to turn it off, how it works.

Q. And how long did that training take?

A. I'm not quite sure, but maybe an hour, 45 minutes, hour.

Q. Did you receive any other trainings other than that eLearning training?

A. Not that I recall.

Q. Did you ever go to the academy for a training on in-car video systems?

A. I don't remember.

Q. With respect to that Section 6 on Page -- actually, I think it's Page -- no, it is Page 3, do you see the portion of Section 6(A)(1) where it says, "At the beginning of a
"tour of duty" -- I'll insert department members are to -- "visually inspect the in-car video system equipment for damage; obtain the remote transmitter/audio recorder and ensure that it is securely fastened to member's person; follow the startup procedures for the in-car video system as trained and ensure the system is working properly."

Do you see that section?
A. Yes.

Q. Were you familiar with that section?
A. Yes.

Q. Okay. Were you familiar with that section as of October 20th, 2014?
A. Yes.

Q. Did you know that you were to follow those procedures outlined in Section 6(A)(1) of Exhibit 7?
A. Yes.

Q. Okay. Let's see, do you see the note in that same section --

(WHEREUPON, discussion was had off the record between Counsel and Witness.)
BY MR. NEUMER:

Q. Do you see the note in that same section that states, "Members will immediately notify supervisor if at any time the in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable, or the remote transmitter/audio recorder is missing"?

A. Yes.

Q. Did you ever -- was there ever an occasion where you had to notify your supervisor regarding a damaged in-car video system?

A. Yes.

Q. Okay --

A. Can -- go ahead.

Q. Tell us, how does that process work when you have to notify a supervisor about a damaged in-car video system?

A. The procedure we had at that point was, because we're so short on cars, we -- they assign us a car, and we have to take the car that's assigned to us.

If the equipment's not working, the sergeant by -- sometimes they get stuck in the
station, but by -- when they come out, they'll PDT us and they'll ask us, How's the camera? How's the mics?

Q. Who will come out?
A. The sergeant. We have to send them a message over the computer stating the cameras are working or they're not working or -- when they're not working, there's a ticket number. The ticket number's like a work request that it has to be worked on for the vehicles.

So as long as there's a ticket number, they want us to take the car out. And then we, in turn, will notify the sergeant when he comes out on the street saying, you know what, we have a ticket number, our camera's not working.

Q. So would you notify your -- and I'm talking -- let's direct this all to October 20th, 2014, --
A. Yes.

Q. -- the procedures that are in place as of that time. Would you notify your sergeant every day like, Camera's working or in-car video system is working, or only when it wasn't
working would you talk to your sergeant about it?

A. Every day. It's working every day or it's not working or a ticket number.

Q. So -- okay. So let's say it's not working -- again, going back to that. And I think you touched on this, but like if you try and power on the system or find out it's not working in whatever way, what do you do?

A. Well, if it's not working, like I said, and has a ticket number, we still have to go out.

Q. Okay. And how do you know if it has a ticket number, the vehicle has a ticket number?

A. Because there's an actual -- it says ticket number, and they have it on the camera or they have it somewhere around in the camera.

Q. What if there's no ticket number on the camera?

A. Then we have to notify the sergeant that it's not working and then -- you know, I don't know if he calls -- I don't know what he does, but apparently they're the only ones who
can get a ticket number.

Q. So you call your sergeant, you tell them the in-car video system's not working, and is that it?

A. That's it.

Q. And sergeant does whatever he does. You don't know what he does.

A. Exactly.

Q. Are you familiar with the term "help desk ticket"?

A. Yes.

Q. Is that the -- does that differ from the ticket you were talking about?

A. I'm assuming -- I don't know if that's the same ticket the sergeant gets, I don't know.

Q. But there's like a sticker on -- like say someone had called your supervisor -- say you call your supervisor and report something, in-car video system's not operating, right?

A. Yes.

Q. Are you then supposed to get some sort of sticker or something and put that on the camera?
A. Not a sticker. They just give us a
ticket number and we write it down on any piece
of paper we have, and then we have to make sure
it's somewhere stuck or shoved --

Q. Visible.
A. Visible. On the camera. So

Q. You can write it on whatever scrap of paper and tape it up there?
A. Mm-hm. Yes.

Q. So, let's see, you were the passenger
in the 813 Robert vehicle on October 20th, 2014?
A. No.

Q. 841?
A. Yes.

Q. Right. I apologize. Let's try this
again.

You were the passenger in the
841 Robert vehicle on October 20th, 2014, right?
A. Yes.

Q. And 841 Robert, that -- well, let me
just back up a little bit.

Were you in the same -- generally,
are you in the same vehicle every day as part of
your officer duties?

A. They try to keep you in the same vehicle.

Q. Do you have any recollection, with respect to the vehicle you were in on October 20th, 2014, whether you had been in that vehicle for the days prior?

A. I'm not sure.

Q. But generally you'd be in the same vehicle for a matter of days or weeks? Or tell me how that works.

A. Yes, if everything goes well, yes, then we can have the car almost, you know, months at a time.

Q. Okay. And so the 813 Robert vehicle -- 841 Robert vehicle had an in-car video system, right? For the vehicle you were driving on October 20th, 2014.

A. Yes.

Q. And as of October 20th, 2014, how long had you been either the -- working and driving and being the passenger in CPD vehicles that had in-car video systems?

A. It had been a while since we were in
one with a camera. Is that the question?

Q. Well, say more about what you mean.

Prior to October 20th, 2014, you had not been
driving vehicles or being a passenger in a
vehicle with an in-car video system?

A. There was a lot of -- for the most
part, 841 Robert, it's a rapid car, so they get
the last --

Q. Rapid?

A. Rapid.

Q. What does that mean?

A. This means that in-progress calls for
the whole -- like we have 10 sector, 30 sector,
20 sector.

Q. Okay.

A. So we're not assigned to a beat, so
we just kind of float around. And because we're
not assigned a beat, we're the last ones to get
whatever's left. They want the beat cars out
there first, so, basically, whatever's left,
they give it to us.

Q. Okay.

A. So a lot of times it's the pool cars
that they give the rapid cars, which the pool
Q. And so those pool cars don't have in-car video systems?
A. Exactly.

Q. So how long had you been driving or assigned a CPD vehicle that had an in-car video system?
A. I don't recall.

Q. Was it a matter of years, do you think, prior to October 20th, 2014?
A. I don't think it was years, but -- I -- I don't recall because we float around sometimes.

Q. With respect to the vehicle you were driving on October 20th, 2014, do you recall having issues with that vehicle's in-car video system on previous tours?
A. Yes.

Q. Tell us about those issues.
A. The -- well, there had been a ticket number on it for a very -- for a while, and -- see, because they changed it. But a lot of -- that vehicle, the camera wasn't working and it
had a ticket number.

Q. The vehicle you were driving on October 20th, 2014?
A. Passenger, yes.

Q. The in-car video system wasn't working?
A. No.

Q. And you're saying it had a ticket number on it?
A. Yes. I --

Q. I want you to be very clear here. Are you saying that there was a ticket number stickered to the -- somewhere around the camera on the 841 Robert vehicle on the night of October 20th, 2014?
A. Yes.

Q. That's your recollection, that there was a -- some sort of sticker with a ticket number?
A. There was a piece of paper with the ticket number, yes.

Q. So on -- do you recall whether you had driven the 813 -- 841 Robert vehicle on the previous day?
A. I don't recall.

Q. Do you recall what -- so do you recall that 841 Robert vehicle having a sticker on its camera like that previous day, the previous week?

A. Having a ticket number on it, yes.

Q. In the previous week?

A. Yes.

Q. I'm sorry, prior to October 20th, 2014.

A. Yeah, I -- I'm not sure.

MS. RUSSELL: Can we take a quick break?

MR. NEUMER: It's 3:56 p.m. We'll go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 4:03 p.m. We're back on the record.

BY MR. NEUMER:

Q. Officer Fontaine, do you have something you'd like to say clarifying your statement regarding a ticket on the camera of the 841 Robert vehicle on the night of October 20th, 2014?

A. Yes, I'm not sure if there was a
ticket number because we do jump from car to
car, so I -- I don't recall.

BY MR. NEUMER:

Q. I want to direct your attention again
to the night of October 20th, 2014. Do you
recall what sort of procedures you followed at
the beginning of your tour with respect to the
preparation of the in-car video system for the
841 Robert vehicle?

A. At -- because it was so early in the
beginning of the tour, we were still waiting for
our sergeant to come out so we can send him a
message.

Q. So do you have an independent
recollection of attempting to start up the
in-car video system for the 841 Robert vehicle
on October 20th, 2014?

A. No, we didn't try it because of
the --

Q. Sorry, let me -- I'm asking whether
you have a specific recollection of
October 20th, 2014, and the startup procedures
you either attempted or were going to attempt on
the night -- on that night. Does that make
sense?
A. Yes.
Q. Okay.
A. Again, because I'm not sure if it had a ticket number or not, I don't -- I don't -- again, depending on if there's no ticket, we try it. But if there's a ticket, we don't. So because I don't know, I can't -- I'm not sure.
Q. You're not sure what kind of protocols you followed with respect --
A. Exactly.
Q. -- in-car video system for the 841 Robert vehicle on October 20th, 2014?
A. Yes.
Q. Do you have any recollection whether you visually inspected the in-car video system for the 841 Robert vehicle for any equipment damage?
A. Yes.
Q. You did?
A. Yes because we -- at the beginning of the tour, we have to walk around the car and make sure if there's any damage outside of it, and then we check inside to make sure there's
nothing left from anyone. And so we did do
that.

Q. You and Officer Viramontes?
A. Yes.

Q. And you recall doing that on
October 20th, 2014, before the start of your
tour?
A. When we get on -- get to the vehicle,
that's the first thing we do.

Q. And where is the vehicle located?
A. In the parking lot.

Q. And where is the parking lot located?
A. The district is 3420 West 63rd
Street.

Q. Okay. So you recall getting to the
parking lot at 3420 West 63rd Street and you and
Officer Viramontes doing a visual inspection of
the outer --
A. The outside and inside.

Q. So you do an interior and exterior
visual inspection of the in-car video system on
October 20th, 2014?
A. Yes.

Q. Did you log in to the in-car video
system for the 841 Robert vehicle on October 20th, 2014?

A. To the video part of it?

Q. Well, just the in-car video system you have to log into it, right?

A. We have to log into it. No.

Q. Did you log into the in-car video system for the 841 Robert vehicle on October 20th, 2014?

A. No.

Q. Why not?

A. Again, it wasn't working.

Q. So log-in was not possible?

A. We didn't try it because -- if it had a ticket, we didn't try it. And I remember not trying it.

Q. But you don't --

A. -- I don't remember if there was a ticket or not.

MS. RUSSELL: Can we have a minute, please?

MR. NEUMER: Sure. 4:07 p.m. We'll go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: 4:07 p.m. We're back on the
BY MR. NEUMER:

Q. Do you want to make a statement or --

I can't remember what the last question was.

A. About turning on the in-car camera?

Q. Yes.

A. Because I do believe there was a
ticket number, that's why I didn't try to log
in.

Q. You believe there was like some sort
of taped-up number on the in-car video system
somewhere on the camera?

A. Yes.

Q. So would there have been any reason
for you to sync the microphone to the in-car
video system for the 841 Robert vehicle on
October 20th, 2014?

A. No.

Q. Because it wasn't working?

A. Exactly.

Q. Okay.

A. Yes.

Q. And there would be no point in
verifying that the microphones were synced and
operational because the in-car video system for
the 841 Robert vehicle was not working on
October 20th, 2014?
   A. Yes, you can't sync them if it's not
      on.
   Q. Right. And it's fair to say that
      there would have been no audio or video
      recovered from the 841 Robert vehicle's in-car
      video system the night of October 20th, 2014?
   A. Yes.
   Q. Because the in-car video system
      wasn't working?
   A. Yes.
   Q. And did you at any time on
      October 20th, 2014, or prior to October 20th,
      2014, intentionally tamper with the in-car video
      system for the 841 Robert vehicle causing it to
      be nonfunctional?
   A. No.
   Q. Do you know if Officer Viramontes at
      any time on October 20th, 2014, or prior to
      October 20th, 2014, intentionally tampered with
      the in-car video system for the 841 Robert
      vehicle on -- causing it to be nonfunctional?
A. No.

MR. NEUMER: At this time we are going to hand you what has been previously marked as Exhibits 8, 9, and 10.

(WHEREUPON, Exhibit No. 8, No. 9 and No. 10 were tendered to the witness.)

BY MR. NEUMER:

Q. This all has to do with the 841 Robert vehicle, and its in-car video system.

So Exhibit 8 is a Supplementary Report created by Sergeant Lance Becvar regarding his findings as to the in-car video systems for five CPD vehicles that were at the scene of the Laquan McDonald shooting including the 841 Robert vehicle.

Exhibit 9 is an in-car camera Video Retrieval Worksheet dated October 20th, 2014, that has notes regarding the five vehicles that were at the scene of the Laquan McDonald shooting including the 841 Robert vehicle.

And then Exhibit 10 is an e-mail dated Friday, July 17, 2015, from Sergeant Lance Becvar to Jonathan Lewin regarding his findings as to the in-car video systems for Vehicle
9 -- well, it says 8949, it's actually referring to 8948, which is the 841 Robert vehicle.

So take a moment. Please look these over, these three exhibits, and let me know when you've had a chance to look these over. You don't -- just let me know when you've had a chance to look these over.

MS. RUSSELL: So how do we know that the -- this 8949, how do we know it's actually not 8949 and it's hers?

BY MR. NEUMER:

Q. Right, so if you look at Exhibits 8 and 9, they refer --

MS. RUSSELL: They flow?

BY MR. NEUMER:

Q. -- 841 Robert vehicle as 8948, both 8 and 9 do. So I think it is fair to say we've also confirmed with Sergeant Lance Becvar that that was a typo, that 8949 is actually 8948, but it is true that it refers to Vehicle 8949.

So I'm proceeding under the assumption that the Vehicle 8949 referenced in the Exhibit 10 e-mail from Lance Becvar to
Jonathan Lewin in actuality refers to the 841 Robert vehicle, 8948.

     And with respect to -- I'll direct your attention to exhibit -- why don't we go to Exhibit 8. You'll see that near the bottom of Exhibit 8, which is the Supplementary Report -- you've got it.

With respect to Beat 841 Robert vehicle, 8948, he notes, "Not engaged. Officer reported application error." So my question is, do you recall having a conversation with Sergeant Becvar on the night of October 20th, 2014, regarding the 841 Robert or Vehicle 8948 in-car video system?

     A. No.

     Q. Do you know who Sergeant Lance Becvar is?

     A. No.

     Q. Ever heard that name?

     A. No.

     Q. Do you recall ever having conversations with anyone regarding the in-car video system of the 841 Robert vehicle on the night of October 20th, 2014?
A. No, I don't recall.

Q. So, again, Officer -- sorry, Sergeant Becvar notes in his Supplementary Report that the in-car video system for 841 Robert vehicle was not engaged and that the officer reported application error.

What is the proper protocol for an officer to follow if the in-car video system for their vehicle is not functioning properly?

A. Notify the sergeant.

Q. And did you notify your sergeant on October 20th, 2014, regarding Vehicle 8948 or the 841 Robert vehicle's in-car video system?

A. No, because it was so early in the night.

Q. Okay. Say more. What does that mean that it was early in the night?

A. It was so early in the night because, like I said, until the sergeant comes out, we can't send them a message on the PDT.

Q. And when does he come out?

A. Depending on what he has to do.

Q. So when would it be appropriate to send him a message regarding an inoperable
in-car video system?

A. Usually between -- we usually try
between 10:30 and...

Q. 10:30 and after?

A. 10:30, yes, and after.

Q. Did you intend on the night of
October 20th, 2014, to contact your sergeant
about a malfunctioning in-car video system?

A. Yes.

Q. You did intend to do that?

A. Yes, we were going to let him know
that it wasn't working.

Q. At any point in the evening of
October 20th, 2014, or the morning of
October 21st, 2014, did you notify -- is it
Sergeant Franko?

A. Sergeant Franko.

Q. At any time on the night of
October 20th, 2014, or the morning of
October 21st 2014, did you notify Sergeant
Franko about a nonfunctioning in-car video
system in the 841 Robert vehicle, Number 8948
and its in-car video system?

A. Not that I recall.
Q. Do you recall whether at any time after October 20th or October 21st you notified Sergeant Franko about a nonfunctioning in-car video system in the 841 Robert vehicle?

A. At -- after the 20th?

Q. Yep, after the 20th, after the 21st, did you ever notify Sergeant Franko about a nonfunctioning --

A. Yes.

Q. -- in-car video system in the 841 Robert vehicle?

A. Yes.

Q. When did you do that?

A. I -- I'm not sure, but they -- I can't remember if I was audio or not, but it -- it happened again where we had a ticket number on our vehicle.

Q. Do you recall whether that was the same vehicle you were driving -- sorry, you were the passenger in on October 20th, 2014?

A. I don't remember.

Q. Do you recall ever notifying Sergeant Franko about an issue with a nonfunctioning in-car video system for the 841 Robert vehicle
after October 20th, 2014?

A. Again --

MS. RUSSELL: Do you remember or not?

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Do you recall filing a help desk ticket with respect to the Vehicle Number 8948 with respect to its nonoperational in-car video system?

A. No.

Q. Any reason --

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. I don't -- I didn't because we don't do that. Only a sergeant can do that.

BY MR. NEUMER:

Q. Only the sergeant can do the --

A. Only a sergeant --

Q. Help desk ticket?

A. Yes. Not a regular officer. We can't do that.
Q. Can you -- do you have any sense as to why there was no audio recovered from any of the five vehicles, the CPD vehicles that were at the scene of the Laquan McDonald shooting?

A. No.

Q. Were you -- did you know before today that there was no audio recovered from any of those five vehicles at the scene of the Laquan McDonald shooting?

A. Oh, yes.

Q. You did? Were you surprised to hear that none of those five vehicles captured any audio?

A. Yes.

Q. Why were you surprised?

A. I always assumed if the camera's working, the video -- the audio's working. That was my assumption.

Q. Have you ever heard of a practice amongst Chicago police officers to disable the audio component of their vehicles in-car video systems?

A. Have I ever heard of people doing that?
MS. RUSSELL: I think the question was, have you heard of a practice.

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Have you ever heard of occasions where Chicago police officers have disabled intentionally their in-car video systems?

A. No.

Q. Never?

A. No. Not that somebody actually did it, no.

Q. Going to the Notice of Allegations, it is alleged that on or about October 20th, 2014, you failed to ensure the in-car video system for CPD Vehicle 8948 was working properly at the beginning of your tour of duty. What is your response to that allegation?

A. My response is I -- it happened so early in the night I didn't have a chance to follow our protocol that we're used to because if it was 3:00 in the morning, you would have noticed it would have been done.
Q. But at any time after 10:30 on the night of October 20th, 2014, did you notify your sergeant of an issue with the 8948 vehicle's in-car video system?

A. No because everybody was running around doing other stuff, and I -- I didn't.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

MS. RUSSELL: Can we go off the record?

MR. NEUMER: Sure. The time is 4:20 p.m. and we'll go off the record.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: 4:21 p.m. We're back on the record.

BY MR. NEUMER:

Q. Clarifying statement, Officer Fontaine?

A. I didn't notify him because we were already in the area -- we were at the Area.

Q. You were at Area Central at 10:30?

A. No, when -- first of all, everything was going on and then, like I said, I didn't
notify him because when we went to the Area,
again, everybody was kind of doing so much
different things I didn't have a chance to do
it.

Q. Is it fair to say you forgot to
notify your sergeant about the inoperable in-car
video system for vehicle 841 Robert?
A. Yes.

Q. It is alleged that on or about
October 20th, 2014, you failed to immediately
notify a supervisor that the in-car video system
for CPD Vehicle 8948 was inoperable or damaged.
What is your response to that allegation?
A. I didn't notify him right away and
also because I assumed there was a -- I thought
there was a ticket, so I thought it was already
reported.

Q. It is alleged that on or about
October 20th, 2014, you failed to record audio
and video events with CPD Vehicle 8948's in-car
video system during your tour of duty. What is
your response to that allegation?
A. I thought it was broken, so that's
why it -- there was no video or audio.
Q. Is there any -- are there any documents or -- that you're aware of that would sort of corroborate your statement that there may have been a sticker or a ticket on the camera for the 813 Robert vehicle on October 20th, 2014?

A. No.

Q. Would there be any record that you're aware of that would show that someone had placed a sticker or ticket, taped it up to the camera of the 841 Robert vehicle's -- to that vehicle's camera?

A. The only record would be with whoever the sergeant requests the number through, but that's -- that's the only thing besides having -- or me taking a picture of it, which from now on I will.

Q. If there are no help desk tickets open for that 841 Robert vehicle, I mean, would that -- strike that.

I don't believe there are any help desk tickets open for the 841 Robert vehicle, so how do you explain the lack of a help desk ticket with respect to the 841 Robert vehicle
with your statement that you thought there was a
sticker placed on the camera for the vehicle on
the night of October 20th, 2014?
A. I don't know.
Q. Is it possible that there was no
sticker placed on the camera for the 841 Robert
vehicle on the night of October 20th, 2014, and
you just forgot to notify your sergeant
regarding the nonoperational in-car video
system?
A. No.
Q. Not possible?
A. No, because I -- that's one thing
that if it -- if there's not a ticket number or
something, I do it. This is something that I
do.
Q. Yeah, I just -- it's -- you know, I
think you've been very forthcoming, and I
just -- I think there's perhaps a little bit of
a disconnect here.
And I want to give you the
opportunity -- this is your, kind of,
opportunity to explain to us what might have
happened that night. So I -- do you have
anything else to add regarding the...

(WHEREUPON, discussion was
had off the record between Counsel and
Witness.)

BY THE WITNESS:

A. I mean, looking back, you know, I
thought there was a ticket number. Apparently
there wasn't. I -- that's -- I don't remember.

MR. NEUMER: Kris, follow-up?

MR. BROWN: Just a couple follow-ups on the
dash camera stuff.

BY MR. BROWN:

Q. Those duties you mentioned earlier as
far as checking the camera system and the mic
system, do those duties hold for the passenger
and the driver of a vehicle?

A. Yes.

Q. And if -- and correct me if I'm
wrong -- I think you said that if the camera
system is operational, you would send a PDT
notification to your sergeant and you would also
send a notification if the system was not
operational, right?

A. Either case, yes.
Q. So in the case where just like for --
I'm not going to say specifically for
October 20th, 2014, but if the system isn't
working, yourself and your partner would both
send a message in the PDT system saying it's not
working?
A. No, because we're together, so we'll
send the sergeant a message saying we're using
this vehicle, camera not working, under ticket
number; mic's not working, under ticket number,
blah, blah, blah. So we would both send one.
Q. Who would normally send the PDT
message?
A. It varies. Whoever -- whoever -- it
just varies.
Q. It's not -- there's no rhyme or
reason --
A. No.
Q. -- it's not necessarily the driver or
the passenger, it's just whoever?
A. Yeah. It's just who signs on first.
Like if, say, I'm doing still my check and he's
already done with his and he's in there and he
just does it, then he'll do it. If it's the
other way around, I'll do it.

So there's -- I mean, for us, there's no rhyme or reason. We just -- either one of us does it.

Q. Okay. Even if there's a note on the car about it not working, you would still put a PDT message in, correct, either yourself or your partner?

A. Yes.

Q. And, in theory, the days preceding whoever used that vehicle -- I'm talking about the 841R vehicle -- they, whoever used the vehicle, would also have put in a PDT message relating to the video system working or not working, correct?

A. I can't answer for everybody. I don't know what they do.

Q. Sure. I'm not trying to -- because I don't know for certain if you drove the car the day before or, you know, if Viramontes was in the car the day before. I'm asking just more so is it just general policy in your district that pretty much whoever is in the car, they're going to send a PDT message to the sergeant if the
video system is either working or not working?

A. Yes.

Q. Do you know if the sergeant ever followed up if he doesn't receive a message about the system not working?

A. He'll send messages. If somebody doesn't send him a message, he'll send a message about your vehicle and stuff.

Q. Do you recall receiving such a message on October 20th or I guess maybe even the next day, October 21st, 2014?

A. No.

Q. Do you recall getting any message maybe in the later days about that one particular day, October 20th, 2014?

A. No.

Q. Other than the PDT message, is there any other notification that you would make to the sergeant or anyone else if there was an issue with the video or, I guess, the audio in the vehicle?

A. No, just the sergeant.

Q. But I mean other than the PDT message, would there be anything else? Would
you do an e-mail or a phone call or anything else?

A. No.

Q. Just PDT message?

A. Yeah, or if we see him on a call face to face. I mean, otherwise, it's just a PDT.

Q. So even if you see him face to face, do you not have to do the PDT for that day?

A. Well, we do. We send a message.

Q. And you send it -- is that because it's policy, or why do you send it even though you've seen him that -- the sergeant that day?

A. To make sure it's notated that we -- so we have proof that we -- that we're covering ourselves.

Q. That makes sense. As far as you know, is that policy or --

A. I don't know.

Q. -- the policy?

A. I don't know.

Q. Earlier you mentioned that you -- that particular day of October 20th, 2014, you didn't send a PDT out because the McDonald incident happened fairly early and you would
normally send a message out around 10:30.

I wanted to ask why is it that you
have to wait until 10:30 to send a message?
Can't you just send it whenever you notice that
the video system is not working?

A. No, the sergeant has to be logged on
to his PDT for it to accept messages. So even
if we send a message, it says it won't accept it
because it's not logged on.

Q. I see. I didn't know. I thought it
was like an e-mail.

A. Oh, no.

Q. So the sergeant also has to have his
system on to receive a message?

A. Yes.

Q. I guess in order to get it from you.

A. Yes. So even if we say -- that's how
we know he's still in the station because if we
try and it doesn't go through, it means he's
still not out.

Q. Does the system work where, let's
say, you send a message and the sergeant doesn't
have the system on, that he will receive your
message when he turns his system on?
A. I'm not sure.

Q. I guess is it safe to say that you always want to make sure the sergeant has his PDT system on before you send him a message?

A. Well, yes, because I -- to my knowledge, he wouldn't receive my message.

Q. But your system would tell you if you tried to send the message and he didn't get it --

A. Yes.

Q. -- correct?

A. Yes, so you just keep trying.

Q. Okay. And, for whatever reason, the sergeant usually doesn't have his PDT message system on until 10:30?

A. No, whenever he comes out. Again, sometimes -- depending on what he has to do after roll call, he might be out right with us, he might not. So depending on when he comes out, I -- you know.

Q. Okay.

MR. BROWN: Those are all the questions I have.

MR. NEUMER: I'm going to go off the record.
for one moment. The time is 4:33 p.m.

(WHEREUPON, discussion was

had off the record.)

MR. NEUMER: The time is 4:35 p.m. We're

back on the record.

BY MR. NEUMER:

Q. You know, we have no substantive

follow-up on any of the previous topics, but we

will give you the opportunity -- understanding

what we're looking for here today, we try to be

thorough, we try to ask you all relevant

questions, but we want to give you the

opportunity, is there anything else you would

like to add today?

Or, put differently, are there any

questions that we should have asked you that we

didn't?

MS. RUSSELL: Sorry guys.

MR. NEUMER: The time is 4:35 p.m. We'll

go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 4:37 p.m. We're

back on the record.
BY THE WITNESS:

A. I just wanted to say one thing. I've answered everything as best as I could, as honestly as I could, but it's stressful because you're on TV, grand jury -- I'm sorry -- your name's all over the place...

MS. RUSSELL: Let's take another quick break.

MR. NEUMER: Time is 4:37. We'll go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 4:39 p.m. and we'll go back on the record.

BY THE WITNESS:

A. I just wanted to say I've been in front of the grand jury, the FBI, in the newspapers. Everywhere I turn, my name is there.

From the beginning I've been trying to be honest and remember as best as I can, but with everything being thrown in your face, you start seeing things different. And you don't want to answer wrong or you don't want to say what you think you saw now because you saw
something else.

So, for this, the best of my
knowledge, I've answered as best and truthful as
I know. That's all I wanted to say.

MR. NEUMER: The time is 4:40 p.m. and
we'll go off the record.

(WHEREUPON, the interview was
concluded at 4:40 p.m.)

The two officers were assigned to a marked vehicle. VIRAMONTES was driving the vehicle and FONTAINE was the passenger.

The two officers responded to the request for assistance made by Beat 815R, regarding a man with a knife at 41st Street and Pulaski Road. Officer VIRAMONTES drove northbound on Pulaski. When they arrived at the scene of this incident, in front of the Dunkin’ Donuts restaurant, Officer FONTAINE saw a black male subject, now known as Laquan MCDONALD, walking southbound in the street, with a knife in his right hand. MCDONALD was walking sideways, with his body facing east, toward Officers Jason VAN DYKE and Joseph WALSH. These two officers were standing in the middle of the street, on the right side of their police vehicle, which was facing southbound. FONTAINE heard the officers repeatedly order MCDONALD to “Drop the knife!” MCDONALD ignored the verbal direction and instead, raised his right arm toward Officer VAN DYKE, as if attacking VAN DYKE. At this time VAN DYKE fired multiple shots from his handgun, until MCDONALD fell to the ground and stopped moving his right arm and hand, which still grasped the knife. The gunshots were rapid fire, without pause. Officer WALSH then kicked the knife out of MCDONALD’s hand.

IN-CAR VIDEO SYSTEMS

ISSUE DATE: 23 February 2012  EFFECTIVE DATE: 23 February 2012
RESOURCES: Version dated 20 April 2011, S10-10
INDEX CATEGORY: Field Operations

I. PURPOSE

This directive:

A. implements the use of Department in-car video systems.
B. establishes the policies and procedures for the use, maintenance, and repair of in-car video systems.
C. establishes the roles and responsibilities of Department members affected by the introduction of in-car video systems for the video and audio recording of incidents.
D. establishes the requirements for viewing, retaining, and duplicating digitally recorded incidents.
E. continues the use of the Digitally Recorded Data Viewing/Hold/Duplication Request (CPD-65.224).
F. identifies the Records Division as the Department repository and viewing location of digitally recorded data created by the in-car video systems.

II. POLICY

The Department is committed to protecting the safety and welfare of its members and the public. The in-car video systems can provide members with an invaluable instrument to enhance criminal prosecution by providing powerful evidence of criminal activity, limit civil liabilities, and objectively document officer conduct during individual interactions. Members assigned to a vehicle equipped with an in-car video system will use it pursuant to this directive.

III. GENERAL INFORMATION

A. There is no expectation of privacy for Department members related to incidents recorded by in-car video systems. Supervisors, members of Bureau of Internal Affairs, and the Independent Police Review Authority (IPRA) investigators may request to review the digitally recorded data from a vehicle equipped with an in-car video system. Any digitally recorded data created by the in-car video system may be used without a Department member's permission for any official Departmental purpose.

B. The in-car video system will automatically engage audio and video recording when the vehicle's emergency roof lights are activated. However, Department members may manually activate the in-car video system without the activation of the emergency equipment. At the conclusion of the incident, Department members must manually disengage all recording processes, regardless of what method activated the in-car video system.

C. The Records Division will be the custodians of the digitally recorded data and will be responsible for the retention, duplication, and viewing of the in-car video systems. The Director, Records Division, will establish retention, viewing, and duplication procedures that provide for inventory control, the security of the digitally recorded data, and authorized duplications.

D. All digitally recorded data created by the in-car video systems will be retained by the Records Division for a minimum of 90 days. Digitally recorded data that is marked and held as having evidentiary or training value will be retained as prescribed by law and established Department policy.

E. In general, minor infractions and minor deviations from Department policy observed through the review of digitally recorded data will not be subject to the disciplinary process and will be treated as a training opportunity.
IV. RECORDING GUIDELINES

A. Department members will use only Department-issued video and audio recording equipment.

B. Department members will conform to all laws and Department policies concerning the use of the in-car video system for the video and audio recording of incidents.

1. Department members are lawfully permitted to video record individuals without their consent if they are on the public way or in public view.

2. Department members who are in uniform and have identified their office are lawfully permitted to simultaneously audibly and visually record individuals without their consent whenever:
   a. the member is conducting an enforcement stop, or
   b. the patrol vehicle emergency lights are activated or would otherwise be activated if not for the need to conceal the presence of law enforcement.

NOTE: Any reports completed for an audibly recorded incident, including Traffic Stop Statistical Study - Driver Information Cards (CPD-21.103), Traffic Stop Statistical Study Stickers (CPD-15.516), and Personal Service Citations, must include the initial violation or investigatory need that led to the stop.

NOTE: Department members may audibly record an enforcement stop regardless of the subsequent enforcement action taken.

3. Department members may audibly and visually record an individual with the consent of the individual.

C. Uniformed Department members assigned to vehicles equipped with in-car video systems will activate the system to simultaneously audibly and visually record the entire incident for all enforcement stops.

1. arrests and transports.
2. nonpursuit emergency vehicle operations.
3. any situation that the member, through training and experience, believes to serve a proper police purpose.

E. During the recording of an incident, Department members will not disengage the in-car video system until the entire incident has been recorded.

NOTE: Department members will be required to justify any disengagement of the in-car video system prior to the entire incident being recorded.

F. If recorded, felony and misdemeanor arrests, motor vehicle pursuits, traffic crashes resulting in property damage, personal injury, or a fatality, DUI incidents, and failure to yield to an emergency vehicle will be automatically stored by the in-car video system indefinitely when the correct event is selected from the postevent pop-up menu. All other incidents will be automatically stored for ninety days.

G. If digitally recorded data will be needed in judicial proceedings beyond ninety days, members will place an extended hold on that digitally recorded data as described in Item VIII of this directive, including but not limited to the following circumstances:

1. Traffic stops other than DUI,
2. Enforcement stops,
3. Other traffic crash investigations, and
4. Stops for citizen assistance.

I. Assigned supervisors will request an extended hold on all digitally recorded motor vehicle pursuits and traffic crashes involving Department vehicles.

V. DEPLOYMENT OF THE IN-CAR VIDEO SYSTEMS

A. Commanding officers of units with vehicles equipped with in-car video systems will:

1. ensure that vehicles equipped with in-car video systems are evenly distributed for use by all watches.

NOTE: Commanding officers will ensure the units assigned to traffic duties in district law enforcement use vehicles equipped with in-car video systems.

2. during the tour of duty:
   a. audibly and visually record events in accordance with this directive.
   b. annotate all reports, including Contact Information Cards (CPD-21.101), prepared for an event which has been recorded by listing "Video Recorded Incident" at the end of the narrative portion.
c. after an incident has been recorded, use the post-event pop-up menu to select the most serious recorded occurrence as the event type and enter other event information.

**NOTE:** If the member did not use the post-event pop-up menu to mark the incident as being held for evidence, the member will request an extended hold on digitally recorded data in accordance with Item VIII of this directive.

d. if the in-car video system indicates that the memory required to record incidents is becoming low or if the member observes that less than 30 minutes of recording time is available, download the digitally recorded data.

3. at the conclusion of a tour of duty:
   a. verify the in-car video system is working properly.
   b. initiate the downloading of the digitally recorded data.

**NOTE:** Members will immediately notify a supervisor if unable to complete the downloading of digitally recorded data due to technical problems.

c. shut down the in-car video system and log off the system.

d. return the remote transmitter/audio recorder to the designated area for charging.

B. The sergeant assigned to supervise Department members using Department vehicles equipped with an in-car video system will:

1. monitor subordinates to ensure the in-car video system is used and that digitally recorded data is properly downloaded.

2. ensure that the Help Desk is contacted and a ticket number is obtained whenever any member is unable to use the in-car video system or download digitally recorded data due to technical problems.

3. initiate an investigation when notified of a missing or lost remote transmitter/audio recorder.

   a. whether each vehicle has an in-car video system and if it is functioning,
   b. all responses related to malfunctions of vehicles equipped with in-car video systems.
   c. digitally recorded data downloaded to land-based terminals, noting any units unable to complete the download and the Help Desk ticket number obtained.
   d. any request submitted for an extended hold of digitally recorded data.
   e. any instances of additional training, corrective measures, or disciplinary actions.

5. document on the Traffic Pursuit Report (CPD-22.958) or traffic crash report that the incident has been digitally recorded.

6. obtain a complaint register number and order an evidence technician to process the equipment if any damage or malfunction is suspected to have been caused by deliberate (tampering) means.

C. **Station supervisors** will:

1. designate a sergeant responsible for monitoring the downloading of digitally recorded data for the watch.
2. record the total number of vehicles equipped with in-car video systems deployed during the watch and the total number of these vehicle that do not have a functioning in-car video system, if any, on the Watch Incident Log (CPD-21.916).

3. ensure the status of vehicles equipped with in-car video systems is recorded on the Personal Equipment Log (CPD-21.919) by recording the word "VIDEO" in the "Camera/Tripod No." column.

4. if an in-car video system malfunctions or the system or vehicle becomes inoperable during the tour, record the vehicle and beat numbers and the words "VIDEO DOWN" on the Watch Incident Log.

D. When digitally recorded data is determined to have evidentiary or training value, or a complaint against a Department member is received that involves a digitally recorded incident, the supervisor reviewing the recorded data will request an extended hold on the data.

VII. DOWNLOADING DIGITALLY RECORDED DATA FROM THE IN-CAR VIDEO SYSTEM

A. When downloading digitally recorded data from the mobile unit of an in-car video system to a land-based terminal, Department members will:

1. download the data in accordance with the manufacturer's guidelines and training.

2. ensure the download of data was complete and return the vehicle back into service.

B. With the approval of the station supervisor in the district of occurrence, special requests for the immediate viewing of digitally recorded data from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA will be processed for major incidents where an in-car camera system may be reasonably expected to have captured a component of the incident.

1. Major incidents include, but are not limited to:

   a. police-involved shootings,

   b. serious injury or death to a Department member,

   c. serious injury or death to a member of the public.

2. Special requests for viewing digitally recorded data will be made to the station supervisor in the district of occurrence, who will:

   a. evaluate the request;

   b. determine if the need for retrieval outweighs the operational impact of the vehicle being taken out of service; and

   c. notify Crime Prevention and Information Center (CPIC) of the decision.

3. Special requests will be in the form of one of the following types:

   a. Special wireless upload, or

   b. Emergency on-site retrieval.

C. Special Wireless Uploads

1. The station supervisor in the district of occurrence will take the vehicle out of service and secure it at the unit of assignment or other appropriate location.

2. The supervisor will:

   a. verify that the vehicle operator or partner is signed on to the in-car camera system;

   b. instruct the member to manually flag the entire tour of duty's available video for upload;
c. instruct the member to initiate a manual upload of this video with the vehicle in range of the facility's wireless hotspot; and

NOTE: If video cannot be uploaded via wireless hotspot, a cradle upload will be used.

d. ensure that the vehicle remains out of service until the upload is complete.

3. Once complete, the station supervisor will allow personnel from the Bureau of Detectives, Bureau of Internal Affairs, or IFRA, as appropriate, to review the uploaded files.

NOTE: For officer-involved shootings when an On-Call Incident Commander (OCIC) will respond, an emergency on-site retrieval will be immediately requested through CPIC.

4. The station supervisor may identify an alternate vehicle for the member to use while the identified vehicle completes its video upload, as appropriate.

5. If an attempt to wirelessly upload is unsuccessful, members may contact the City of Chicago Help Desk at 4-DATA for assistance.

6. If a wireless upload fails, an emergency on-site retrieval will be conducted.

D. Emergency On-Site Retrieval

1. The station supervisor in the district of occurrence will notify CPIC of an approved emergency on-site retrieval.

NOTE: An emergency on-site retrieval will only be conducted when an OCIC is responding or a wireless upload fails and contacting the City of Chicago Help Desk at 4-DATA has not resolved the problem.

2. CPIC will notify the Public Sector Information Technology (PSIT) Group personnel of a manual video retrieval from the "fail-safe" internal drive request.

3. The station supervisor in the district of occurrence will take the identified vehicle out of service during the retrieval process.

4. If the identified vehicle is still in use when the designated supervisor arrives at the unit facility or other appropriate location, the supervisor will report to the vehicle and instruct any member logged onto the system to log off the system.

5. The vehicle will remain out of service until PSIT responds and conducts the video retrieval.

NOTE: On-site review of video will be limited to the series of events and time frame giving rise to the alleged incident.

E. Viewing and Obtaining Copies of In-Car Video Recordings

1. Once retrieval has been completed for the requested time frame, the video may be viewed by personnel from the requesting party at the location of retrieval.

2. Requests for copies of in-car video recordings will be made by completing the form entitled "Digitally Recorded Data Viewing/Hold/Duplication Request" (CPD-65.224) and forwarding it to the Records Division.

F. The Managing Deputy Director, PSIT, will:

1. establish procedures to ensure the security of the digitally recorded data from downloading to storage by the Records Division.
2. develop a system to monitor the memory capacity of the land-based terminals and provide for the security of the downloaded data.

G. If members are unable to download digitally recorded data from the mobile unit of the in-car video system to the land-based terminals due to system inoperability:

1. the station supervisor will notify the Help Desk and follow any further instructions given by the responding member of PSIT.

2. A designated member of PSIT will respond to the requesting unit and:
   a. ensure the security of the digitally recorded data.
   b. perform a manual download of the digitally recorded data.
   c. record the manual download on the Help Desk ticket.

VIII. REQUESTING A HOLD FOR DIGITALLY RECORDED DATA

A. Department members will place an extended hold on digitally recorded data they recorded using the postevent pop-up menu on the in-car video system.

B. Within the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will request that a supervisor place the extended hold by using the land-based terminal at the district/unit station.

C. After the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will:
   1. complete the Digitally Recorded Data Viewing/Hold /Duplication Request form.
   2. indicate on the form the necessary actions by the Records Division.
   3. explain in the narrative portion of the form the reason for the request.
   4. submit the form to the station supervisor/designated unit supervisor for approval.
   5. submit the completed and approved form to the Records Division for processing and retention in accordance with existing records-retention requirements.

D. Department members who wish to remove an extended hold on digitally recorded data will follow the procedures outlined in Item VIII-C of this directive indicating the circumstances requiring the removal of the extended hold.

E. The Director, Records Division, will:
   1. develop a cataloging system for storage and retrieval of recordings and procedures for ensuring archives are maintained consistent with Department directives (including the Forms Retention Schedule), applicable state and federal laws, and compliance with all court orders.
   2. be responsible for retaining digitally recorded data for which an extended hold was requested as prescribed by law and established Department policy.

IX. VIEWING, RETAINING, AND DUPLICATING DIGITALLY RECORDED DATA

A. All digitally recorded data created by the in-car video systems are the property of the Chicago Police Department. Dissemination of any digitally recorded data outside the Department is strictly prohibited without specific authorization by the Superintendent or an appointed designee.

   1. Any non-Departmental requests for duplication of digitally recorded data must be approved by the Superintendent or an appointed designee.
2. All approved requests will be forwarded in an expeditious manner to the Director, Records Division, along with:
   a. a completed and approved Digitally Recorded Data Viewing/Hold/Duplication Request form, and
   b. written instructions, including dissemination information, for compliance with the request.

B. Department members assigned to vehicles equipped with in-car video systems and their supervisors are encouraged to use the review/playback functions of the system for the purposes of:
   1. developing familiarity with the functions, capabilities, and limitations of the in-car video systems to create consistent recording techniques which capture relevant actions.
   2. searching for and identifying recorded events having evidentiary or training value.
   3. reviewing approach and officer safety issues.
   4. ensuring consistency with written reports.

C. Reviewing Digitally Recorded Data

   Investigating members may view digitally recorded data in the performance of official police business. When it is necessary to view digitally recorded data stored by the Records Division, the following procedures will apply:

   1. The requesting Department member will:
      a. prepare a Digitally Recorded Data Viewing / Hold / Duplication Request form, including approval of the requestor's station supervisor/designated unit supervisor.
      b. schedule an appointment to view the recorded incident with a Records Division supervisor (or an appointed designee) to ensure the availability of a technician and playback equipment.
      c. present the properly completed and approved form to a Records Division supervisor at the scheduled time.

   2. A Records Division supervisor will:
      a. process all approved recorded incident review requests.
      b. assign a technician to assist the requestor in viewing the recorded incident, as required.

D. Obtaining a Video Recording

   1. A duplicate copy of selected information may be made to retain that information:
      a. when it is not required that the master video be retained for an indefinite period (e.g., investigation of a routine administrative incident when the punishment is of a summary or minor nature).
      b. when the requesting member determines that a duplicate video of a master video will be sufficient.

   2. A duplicate video recording may be obtained by:
      a. completing a Digitally Recorded Data Viewing / Hold / Duplication Request form and submitting the completed form to the station supervisor/designated unit supervisor for approval.
      b. notifying the Records Division that a duplicate video recording is required and submit the approved Digitally Recorded Data Viewing/Hold/Duplication Request form to the Director, Records Division.
c. indicating to the Records Division which information from the digitally recorded data is to be included on the duplicate video recording.

3. When the duplicate video recording has served the purpose for which it was made, the requesting member will ensure that it is immediately returned to the Records Division.

NOTE: A member requesting a duplicate video recording will not make additional copies of it or permit unauthorized persons to duplicate or view it under any circumstances.

E. Special Situations

When the Records Division receives a request for an extended hold of digitally recorded data that indicates it pertains to:

1. a motor vehicle pursuit or traffic crash involving a Department vehicle, the Director, Records Division, will ensure a duplicate video is forwarded to the Traffic Review Board.

2. an incident having training value, the Director, Records Division, will ensure a duplicate video is forwarded to the Deputy Chief, Education and Training Division.

MR. NEUMER: As a preliminary matter, I am providing the following information. An independent certified court reporter is present today to provide a verbatim transcript of this interview.

To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio record the interview. The recording is the confidential work product property of the court reporter and will not be provided to any party including the OIG. If you request, the audio recording will be discontinued.

So, Officer Fontaine, are you okay with the court reporter?

THE WITNESS: Yes.

MR. NEUMER: Let the record reflect today's date is March 16, 2016. The time is 12:18 p.m. We are located at Amicus Court Reporters, 300 West Adams, Suite 800.

My name Peter Neumer, N-e-u-m-e-r, the court reporter is Michelle Yohler, and I'd ask that the other individuals present identify themselves and spell their name for the record.
MR. BROWN: Kristopher Brown, B-r-o-w-n,
City of Chicago Inspector General's Office.

MS. RUSSELL: Jennifer Russell,
R-u-s-s-e-l-l, attorney for Officer Fontaine.

THE WITNESS: Officer Dora Fontaine, Star
Number 4484, City of Chicago, CPD.

MR. NEUMER: There are no other individuals
present. We are here today pursuant to an
investigation being conducted under Chapter 2-56
We're here for an interview of Dora Fontaine.

Officer Fontaine, would you please
raise your right hand, and if the court reporter
could swear Ms. Fontaine in.

(WHEREUPON, the witness was duly sworn.)

MR. NEUMER: Officer Fontaine, I am now
going to hand you a form that is marked
Advisement of Rights. This has already been
filled in with your name, my name, Investigator
Brown's name.

And I'm going to ask that you read
along with me as I go through, and then I would
just ask you -- after each paragraph, I'll ask
you to acknowledge that you have read the
paragraph that I have just read. So here's a
copy that's already been filled in.

(WHEREUPON, the document was
tendered to the witness.)

MR. NEUMER: So the Advisement of Rights
states, "I, Dora Fontaine, understand that I am
being interviewed by Peter Neumer and Kris Brown
from the City of Chicago Office of Inspector
General. I understand that this interview is
part of an official investigation and that I
have a duty to cooperate with the Office of
Inspector General which includes answering all
questions completely and truthfully."

Officer Fontaine, do you see the
paragraph I just read aloud to you?

THE WITNESS: I have read it.

MR. NEUMER: "I understand that I have no
right to remain silent. I understand that I
have an obligation to answer questions put to me
truthfully. I understand if I refuse to answer
questions put to me, I will be ordered by a
superior officer to answer the questions. I
further understand and I have been advised that
if I persist in my refusal to answer after an
order to do so, such further refusal constitutes
a violation of the rules and regulations of the
Chicago Police Department and may serve as the
basis for my discharge."

Officer Fontaine, do you see the
paragraph I just read aloud to you?

THE WITNESS: I have.

MR. NEUMER: "I understand and have been
advised that my statements and responses may
constitute an official police report. I
understand that Rule 14 of the Chicago Police
Department's rules and regulations prohibits
making a false report, written or oral, and I
further understand making such false report,
whether written or oral, may result in my
separation from the Chicago Police Department."

Officer Fontaine, do you see the
paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that any
statement made by me during this interview may
be used as evidence of misconduct or as the
basis for disciplinary action up to and
including removal or discharge."
Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that any statement made by me during this interview and the fruits thereof cannot be used against me in a criminal proceeding."

Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that I have the right to have a union representative or legal counsel of my choosing present at the interview to consult with and I will be given a reasonable time to obtain a union representative or legal counsel as long as the interview is not unduly detailed."

Officer Fontaine, do you see the paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I understand that a refusal to answer any question or any false, inaccurate, or deliberately incomplete statement by me would constitute a violation of Chicago Municipal
Ordinance 2-56 and may serve as the basis for my
discharge."

Officer Fontaine, do you see the
paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: "I acknowledge that this
statement of my administrative rights has been
read aloud to me and I have been allowed to
review this document."

Officer Fontaine, do you see the
paragraph I just read aloud to you?

THE WITNESS: Yes, I have.

MR. NEUMER: I would now ask you to sign
the Advisement of Rights.

MS. RUSSELL: Prior to Officer Fontaine
signing these rights, can you please provide me
the Inspector General's position on whether they
believe that criminal charges are probable in
this matter.

MR. NEUMER: So in response to your
statement, I would tell you that the Office of
Inspector General is conducting an
administrative investigation, not a criminal
investigation. OIG is not conducting a joint
investigation and is not working with any other law enforcement agency with respect to this investigation.

MS. RUSSELL: So is it the Inspector General's position that criminal charges are not probable against Officer Fontaine?

MR. NEUMER: It is the OIG's position that this is -- that the OIG is not conducting a criminal investigation.

MS. RUSSELL: So my question was, do you believe criminal charges are probable or not probable? What is the Inspector General's position on that?

MR. NEUMER: We don't have a criminal investigation here.

MS. RUSSELL: So is it correct to say that you believe that criminal charges are not probable?

MR. NEUMER: What we can say is, based on the investigation that the Office of Inspector General is conducting, this investigation pursuant to which Officer Fontaine is being interviewed, it is not a criminal investigation.

We are the -- the rights we just read
Officer Fontaine are compelled administrative rights, and, as Officer's been advised, the statements you make during this interview cannot be used against you in a criminal proceeding.

MS. RUSSELL: So as you are aware, the union has filed an injunction on behalf of Officer Fontaine and similarly-situated officers regarding their rights per the contract, regardless of whether the Inspector General deems their investigation administrative or otherwise, that the officer has the right to receive her constitutional advisements to remain silent if criminal charges are probable, not whether the Office of Inspector General is conducting an administrative or has deemed it any other type of investigation.

Can we take a minute?

MR. NEUMER: Sure. We'll go off the record. The time is 12:25 p.m.

(WHEREUPON, a recess was had.)

MR. NEUMER: We're back on the record. The time is 12:27 p.m.

Officer Fontaine, I understand you have a statement you would like to make?
THE WITNESS: I would like to preface the statement with the following: I believe I am entitled to be informed of my Constitutional rights to remain silent. I have received no assurance from the Office of Inspector General that criminal charges are not probable. Proceeding with this statement is in violation of the applicable Collective Bargaining Agreement, but I have been advised that I will lose my job if I refuse to provide a statement.

MR. NEUMER: The Office of Inspector General would note that the outcome of this administrative investigation relates to the subject's employment, and, therefore, under the CBA and General Order the administrative rights OIG has provided Officer Fontaine are appropriate.

In addition, the arguments being put forward would eviscerate Garrity, and we are going to proceed as we believe we are legally entitled to.

MS. RUSSELL: At this point, as counsel on behalf of Officer Fontaine, we are seeking an
order from a senior officer before she proceeds.

MR. NEUMER: Officer Fontaine, is it fair to say that you will not answer questions from the Office of Inspector General regarding the Laquan McDonald shooting?

THE WITNESS: Absent an order of a senior officer.

MR. NEUMER: You will not answer questions regarding the Laquan McDonald shooting?

THE WITNESS: Correct.

MR. NEUMER: At this time I am going to place a phone call to Commander Robert Klimas. Counsel, is it fair to say that you agreed that we could have Commander Klimas order Officer Fontaine to answer questions via telephone?

MS. RUSSELL: Correct.

MR. NEUMER: The time is 12:30 and we're going to go off the record.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 12:31 p.m. We'll go back on the record. Counsel has agreed to have us place the call to Commander Klimas via
Mr. Neumer's Blackberry.

MS. RUSSELL: That's correct.

(PHONE RINGING.)

COMMANDER KLIMAS: Bob Klimas.

MR. NEUMER: Bob, I have you on speakerphone. This is Peter Neumer from the Chicago Inspector General's Office. Can you hear me?

COMMANDER KLIMAS: Yes, I can.

MR. NEUMER: Officer Fontaine, can you hear Commander Klimas?

THE WITNESS: Yes, I can.

MR. NEUMER: Commander Klimas, we are currently in a court-reported interview of Officer Dora Fontaine. Her counsel, Jennifer Russell, is here, Investigator Kris Brown, and Assistant Inspector General Peter Neumer are all here.

The Office of Inspector General, having provided appropriate notice to Officer Fontaine of this interview, is attempting to ask Officer Fontaine questions regarding the Laquan McDonald shooting. She has refused to answer questions regarding the
shooting absent a command from her superior officer, so I am asking you, Commander Klimas, to order Officer Fontaine to answer the Inspector General's questions.

COMMANDER KLIMAS: This is Commander Robert Klimas, K-l-i-m-a-s, with the Chicago Police Department, Bureau of Internal Affairs.

Officer Dora Fontaine, I'm giving you a direct order to answer all the questions posed to you today by Peter Neumer or his designees from the Office of Inspector General, City of Chicago.

THE WITNESS: Thank you. Yes, sir.

COMMANDER KLIMAS: Very good. Thank you.

MR. NEUMER: Thank you.

So with respect to -- I think where we were was the advisement form. We had made it through the end and we had asked that you sign the advisement form.

MS. RUSSELL: Tendering it back to you.

MR. NEUMER: And we are going to mark this Advisement of Rights form as Exhibit 1.
WHEREUPON, a certain document was marked Exhibit No. 1, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. And now I am going to mark several exhibits now. Officer Fontaine, these are exhibits that should have been provided to you, and I think were provided to you by IAD on February 22, 2016.

So first is what we’re going to mark as Exhibit 2, a document entitled Notification of Interview for CPD Member dated February 22, 2016.

(WHEREUPON, a certain document was marked Exhibit No. 2, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. Officer Fontaine, have you seen this Notice of Interview previously?

A. Yes.

Q. And did IAD provide you with this Notice of Interview on or about February 22, 2016?

A. Yes.
Q. I am now going to mark as Exhibit 3 a document titled Notification of Allegations also dated February 22, 2016.

(WHEREUPON, a certain document was marked Exhibit No. 3, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. Same question, have you seen the Notification of Allegations document previously?

A. Yes.

Q. And did IAD provide you with this Notification of Allegations on or about February 22, 2016?

A. Yes.

Q. I am now going to mark as Exhibit 4 a document entitled Receipt Form dated February 22, 2016.

(WHEREUPON, a certain document was marked Exhibit No. 4, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. Have you seen this receipt form previously, Officer Fontaine?

A. Yes.
Q. And did you sign this Receipt Form on February 22, 2016?
A. Yes.

Q. And actually I should ask you the same question with respect to Exhibits 2 and 3, which I'll just put back in front of you. Did you sign Exhibits 2, the Notice of Appearance, and Exhibit 3, the Notification of Allegations on February 22, 2016?
A. Yes.

MS. RUSSELL: For the record, regarding Exhibit Number 4, while it indicates that audio files were provided to Officer Fontaine from Beat Number 813 Robert and 845 Robert, no audio files were found on the disk she was provided.

BY MR. NEUMER:

Q. I'm now going to mark as Exhibit 5 what is an excerpt of a CPD Case Supplementary Report dated March 16, 2015, with the RD Number HX475653 containing Officer Fontaine's statement to Detective March?

(WHEREUPON, a certain document was marked Exhibit No. 5, for identification, as of 03/16/2016.)
BY MR. NEUMER:

Q. Officer Fontaine, have you seen the Exhibit 5 document, the Case Supplementary Report excerpt?

MR. NEUMER: We'll go off the record. The time is 12:38.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 12:40 p.m. We're back on the record.

BY MR. NEUMER:

Q. So I will ask you the question again. With respect to Exhibit 5, excerpt of a CPD Case Supplementary Report with the RD Number HX475653, Officer Fontaine, have you seen this document before?

A. Yes.

Q. And did IAD provide you with this document on or about February 22, 2016?

A. Yes.

Q. I am now going to provide you with a document that has been previously marked Exhibit 6. This is a General Progress Report dated October 20th, 2014, with the RD Number
HX475653 containing Detective March's notes of
his interview with Officer Fontaine.

(WHEREUPON, a certain document was marked
Exhibit No. 6, for identification, as of
03/16/2016.)

BY MR. NEUMER:

Q. Officer Fontaine, have you seen the
General Progress Report marked as Exhibit 6?
A. Yes.

Q. I should say, have you seen it prior
to today?
A. Yes.

Q. Did IAD provide you with the General
Progress Report marked as Exhibit 6 on or about
February 22, 2016?
A. Yes.

Q. In order to prepare for today's
interview, did you review the materials that IAD
provided you, the Exhibits 2, 3, 4, 5, and 6 we
showed you?

MS. RUSSELL: She has a preliminary
statement she wants to make. Is now the
appropriate time or when we get into the
interview proper?
MR. NEUMER: I think if you want to make that preliminary statement now, that's fine. I'm just going to ask about sort of these materials. So I'll leave it up to you.

MS. RUSSELL: Let's just wait until after the exhibits.

MR. NEUMER: And then if you feel we're getting too far into the substance, stop me and we'll go forward.

MS. RUSSELL: Okay.

BY MR. NEUMER:

Q. In order to prepare for today's interview, Officer Fontaine, did you review the materials that IAD provided you from OIG including the Notification of Interview, the Notification of Allegations, the Receipt Form, the excerpt of a CPD Case Supplementary Report, and a General Progress Report?

A. Yes.

Q. And the materials that IAD provided you also included video from an in-car video systems of Beat 813R vehicle and the Beat 845R vehicle; is that correct?

A. Yes.
Q. And that DVD also contained video from a Dunkin' Donuts security camera as well; is that correct?
   A. Yes.

Q. Did you review those videos I mentioned, the Beat 813R video, the Beat 845R vehicle video, and the Dunkin' Donuts security camera video prior to today's interview?
   A. Yes.

Q. Since receiving our Notice of Interview, did you review any materials other than the materials provided to you by IAD on our behalf?
   A. No.

Q. Aside from your attorney, who did you speak to in preparation for this interview?

MS. RUSSELL: I'm going to have her read them now.

BY THE WITNESS:

A. This statement is not being made voluntarily but under duress and is only being made at this time because I know that I will lose my job if I refuse direct order being given to me by Commander Klimas. I am invoking each
and every right granted to me under Garrity
versus New Jersey.

Also on the advice of counsel I am
making the following additional objections: I
am objecting to the fact that the City of
Chicago Inspector General's Office is making
allegations against me and conducting an
investigation into its own allegations.

I am objecting that this interview is
taking place before an arbitrator has decided
the issues that were raised in regards to the
investigation. The Fraternal Order of Police
has filed a grievance and injunction regarding
this investigation, and the Inspector General
refuses to postpone this interrogation.

I am also objecting that I have
requested my prior sworn testimony, namely the
testimony I provided to the grand jury. The
Inspector General refuses to provide me with a
copy of my grand jury testimony and/or any other
statement I have made to the federal
investigators in violation of my rights under
the contract.

The Inspector General indicated that
it is not -- that it does not have possession of
my grand jury testimony. To the extent I am
questioned about any grand jury testimony, I
assert that the testimony is truthful and was
based upon my recollection at the time. I stand
by all of my answers.

MR. NEUMER: OIG again notes that we are
conducting an administrative investigation, not
a criminal investigation. We're not conducting
a joint investigation or working with any law
enforcement agency with respect to this
investigation.

OIG does not have the subject's grand
jury statement in its possession, and under the
CBA, the OIG does not have an obligation to
provide the subject a statement that's not in
its possession.

In addition, we would note that the
OIG is legally entitled to proceed and there are
no legal arguments under Garrity that would
prevent OIG from moving forward here.

BY MR. NEUMER:

Q. I believe the question that was
pending prior to Officer Fontaine's statement
was, aside from your attorney, who did you speak
to in preparation for this interview?

A. No one.

Q. At this time, I want to ask you some
background questions.

MR. NEUMER: Counsel, the way we would
propose working is, I'm asking Officer Fontaine
questions regarding different subject areas. At
the end of a subject area, I would give my
counsel -- my colleague here an opportunity to
ask cleanup questions, any follow-up questions
that I failed to ask. Is that --

MS. RUSSELL: That's acceptable. You'll be
the primary investigator?

MR. NEUMER: I'm going to be the primary
questioner, and then, again, at the end of each
section, I'll see if Investigator Brown has any
follow-up cleanup. I think in that way we can
move forward in the most expeditious manner.

MS. RUSSELL: That's fine.

BY MR. NEUMER:

Q. Officer Fontaine, what is your name
and star number?

A. Dora Fontaine, 4484.
Q. And what's your current unit of assignment?

A. Unit 8, District 8.

Q. What was your unit of assignment on October 20th, 2014?

A. I'm sorry, is it a beat -- the beat car? Or the unit is 8, District 8.

Q. So District 8 was your unit of assignment on October 20th, 2014?

A. The unit of assignment, that's where I was at.

Q. And what watch were you on as of October 20th, 2014?

A. First watch.

Q. What was your chain of command as of October 20th, 2014?

A. I don't understand.

Q. Who was your sergeant --

A. Oh, my sergeant was Sergeant Franko.

Q. Lieutenant?

A. Lieutenant was Lieutenant Cook.

Q. Commander?

A. Commander O'Donnell.

Q. And do you know those individuals'
first names?

A. James O'Connor was the commander; Jerry Cook, lieutenant; Stephen -- Steve Franko, sergeant.

Q. Officer Fontaine, what's your personal cell phone number?

A. I'm sorry, I gave you too many. It's .

Q. Was that the same cell phone number you had as of October 20th, 2014?

A. Yes.

Q. I want to talk to you a little bit about your appearance before the grand jury. You were summoned to give testimony before a federal grand jury regarding the McDonald shooting; is that correct?

A. Yes.

Q. And did you give testimony before a federal grand jury?

A. Yes.

Q. When did you give testimony before the federal grand jury?

A. I don't recall.

Q. Do you recall a month?
A. No, I don't recall.

Q. Was it in 2015?

A. I don't recall.

Q. Was it -- you don't recall whether it was 2016?

A. No.

Q. Was it -- well, did you assert your rights under the Fifth Amendment and refuse to testify?

A. At the grand jury?

Q. Yes.

A. No.

Q. Were you given immunity to testify before the grand jury?

A. No.

Q. How long were you testifying before the federal grand jury?

A. I don't recall.

Q. More than an hour?

A. I don't recall the time.

Q. It wasn't more than a day, was it?

A. No, it wasn't.

Q. So it was less than a day?
A. Yes.

Q. But you don't recall whether it was as brief as five minutes or --

A. No, I don't know the time frame on that.

Q. Did you provide a written statement to the grand jury?

A. No.

Q. What subjects were you asked about before the grand jury?

A. I don't recall.

Q. So have you testified before a federal grand jury as the -- ever before? Is this the only time you've ever testified before a federal grand jury?

A. On behalf of myself?

Q. Yes.

A. Yes.

Q. And that testimony, would you consider it to be relatively important in that I assume that if you had -- if you lied to the grand jury, that would potentially subject you to criminal liability?

A. Yes.
Q. So the accuracy of your testimony was extremely important; isn't that correct?
A. Yes.
Q. You wanted to answer the questions you were asked correctly, right?
A. Yes.
Q. So you have no recollection as to what you were asked?
A. No.
Q. Were you asked about the Laquan McDonald shooting?
A. Yes.
Q. And what were you asked about the Laquan McDonald shooting?

MS. RUSSELL: Do you mind if we take a quick break?
MR. NEUMER: Sure. We'll go off the record. 12:52 p.m.
(WHEREUPON, a recess was had.)
MR. NEUMER: The time is 12:55 p.m. We'll go back on the record.
BY MR. NEUMER:
Q. I just want to sort of go back.
Q. Officer Fontaine, you did give testimony before
a federal grand jury, correct?

A. Yes.

Q. And, again, I would imagine that was a stressful occasion?

A. Yes.

Q. And an important event for you?

A. Yes.

Q. Any recollection of, as you were going through, was it like summer of 2015, was it fall of 2015? I would think that date would stick out in your head perhaps.

A. It doesn't. I don't know why, but it doesn't.

Q. Okay. I believe you said you were asked questions about the Laquan McDonald shooting; is that correct?

A. Yes.

Q. And can you give us a sense of what type of questions you were asked about the Laquan McDonald shooting?

A. I -- I -- the problem is that there was so many different things going on at the time, different scenarios going on, the questioning, the kind of question. So I was
asked about what I saw.

Q. Okay.

A. What I witnessed. If I would do anything different. Why he did what he did.

Q. Okay.

A. And in that reference, that's why, with the time, it seemed to me like more than three hours or longer, but I could be wrong. But for me personally, it felt like a long time.

Q. So you were asked questions about why Officer Van Dyke did what he did?

A. Or the amount of shots was it correct, I guess.

Q. Were his --

A. Was it proper.

Q. -- actions appropriate?

A. Yes.

Q. And what did you say when they asked you whether his actions were appropriate?

A. I can't answer for anyone else but myself. I don't know what occurred before I arrived on scene. I don't know what he saw. I don't know what he witnessed, so I can't answer that question.
Q. Is that what you told the grand jury?
A. Yes.

Q. And when they asked you if -- I think you said you were asked whether you would do anything different; is that what --
A. Mm-hm.

Q. And how did you respond when asked that question?
A. Unless you're in that -- unless you're in a situation, you don't know how you're going to respond, so it all depends on what's occurring at the time.

Q. You were asked to describe what you saw in terms of witnessing the shooting of Laquan McDonald; is that correct?
A. Yes.

Q. And what did you say when you were asked to describe the shooting?
A. At this time, watching the video and everything else that's coming about it, it's -- honestly, I -- it's all mixed up because of the fact that once they showed me the video, certain parts were different than what I stated.

So, again, I tried to tell the truth
as much as I could, but, again, my point of view
and my -- what I saw, you know, might look
different in a video and that's what's
occurring, so I -- that's -- I...

Q. Okay. So you were saying that -- you
told the grand jury that -- did you give them
sort of a different version of events than the
version of events you related to
Detective March?

A. Did I tell them different events from
what I told Detective March?

Q. Uh-huh, the grand jury.

A. The grand jury, I told them what I
saw at that point in time, what was -- what I
remember of the situation. That's what I
explained to them at that point in time.

At that time, I had -- I remember
telling March what I saw. And, again, after
reviewing everything, it -- it kind of differs.

Q. And in what way does it differ?

A. It differs because, by looking at his
notes, there's -- where he puts that I said he
raised his arm as if attacking Van Dyke, I never
stated that or I don't recall stating that to
Q. Prior to your grand jury testimony, who did you speak to about -- in preparation for your grand jury testimony?

THE WITNESS: William Fahy?

BY THE WITNESS:

A. My lawyer.

BY MR. NEUMER:

Q. And what was your lawyer's name?

A. William Fahy.

Q. Is that F-a-h-e-y?

MS. RUSSELL: No, I think there is no "E."

THE WITNESS: Just the "Y."

MS. RUSSELL: F-a-h-y.

BY MR. NEUMER:

Q. Did you speak to anyone else in preparation for your grand jury testimony other than your attorney?

A. No.

Q. Did you have any communications with Officer Van Dyke before your grand jury testimony?

A. No.

Q. No phone calls?
A. Nope.

Q. No texts?

A. Nope.

Q. No e-mails?

A. Nope.

Q. Do you know Officer Van Dyke's personal cell phone number?

A. Nope.

Q. Do you have it in your phone?

A. Nope.

Q. Did you have communications with any of the other officers present at the McDonald shooting prior to your grand jury testimony?

A. I work with them.

Q. Did you have communications with the other officers present at the scene of the McDonald shooting regarding the McDonald shooting prior to your grand jury testimony?

A. Like in detail what's going on or --

Q. Did you discuss the Laquan McDonald shooting with any of the other officers who were present at the scene of the shooting prior to your grand jury testimony?

A. About what occurred or just -- we did
discuss like, Oh, I'm going to the grand jury.
They asked me, Are you going to the grand jury
this date? Yes.
But about that night, no. Just
about, you know, Oh, I got notified for this.
Did you get notified for this?
Q. I would think that, you know, it
would be normal to sort of discuss what you saw
that night. Were you specifically trying not to
talk about the Laquan McDonald shooting with the
other officers who were present at the scene of
the shooting?
MS. RUSSELL: It's okay. Go ahead.
BY THE WITNESS:
A. No, I didn't want to talk about it.
BY MR. NEUMER:
Q. You didn't want to talk about it?
A. No.
Q. So it was your own decision that I'm
not going to discuss the Laquan McDonald
shooting with any of the other officers present
who were at the scene that night?
A. Yeah.
Q. At the -- when you were at the grand
jury, were you presented with any of the reports we've just introduced as exhibits, your statement to Detective March, the GPR?

A. I don't recall.

Q. No recollection of being provided with any exhibits?

A. No, I don't recall.

Q. Is it possible -- you just don't recall one way or the other?

A. No, I don't.

Q. Prior to your testimony before the grand jury, did you make any attempt to ensure that the statement you were going to make accorded with the other officers' statements who were present at the scene of the shooting?

A. I'm sorry?

Q. Prior to your grand jury testimony, did you make any attempt to sync up your story with the other officers who were present at the scene of the McDonald shooting?

A. No.

Q. Were you interviewed by the FBI regarding the Laquan McDonald shooting?

A. Yes.
Q. Do you recall when you were interviewed by the FBI?
A. No.
Q. Were you interviewed multiple times by the FBI?
A. No, just --
Q. Just one time?
A. -- once, mm-hm.
Q. Who was interviewing you?
A. I don't remember.
Q. Do you remember how many people were interviewing you?
A. I want to say it was two FBI agents and I think it was a State's Attorney and my lawyer and myself --
Q. Do you recall --
A. -- I think.
Q. Do you recall where that interview took place?
A. I don't recall.
Q. And what was the nature of that interview? What did they ask you; what did you say?
A. The same thing, about what occurred
that day, what happened, what was I working, who
was I working with, what I saw.

Q. And did you describe the shooting
incident to the FBI?

A. Yes.

Q. Did the statement you gave to the FBI
regarding the shooting differ at all from your
grand jury testimony?

A. No.

Q. Did the statement you gave to the FBI
regarding the shooting differ at all from the
statements you made to Detective March?

A. I'm sorry, what was it?

Q. Did the testimony -- well, did the
statement you made to the FBI regarding the
Laquan McDonald shooting, did that differ at all
from the statements you made to Detective March
regarding the shooting?

A. Not the statement I gave, no.

Q. So the statement you gave to the FBI
was the same as the statement you gave to
Detective March regarding the shooting?

A. Yes.

Q. I want to talk to you now about
October 20th, 2014. You were present on October 20th, 2014, when Laquan McDonald was shot, correct?

A. Yes.

Q. And do you know following the shooting which officers were responsible for controlling the perimeter of the shooting scene?

A. They sent us and anybody -- I don't know anybody else.

Q. Who's the "they"?

A. I'm sorry, the sergeant.

Q. The sergeant sent you to the scene of -- prior to the shooting, correct?

A. No. No. No.

Q. Okay. Walk me through it. Walk me through it.

A. Sorry.

Q. It's okay.

A. Prior -- there was a call coming out. That's how we responded.

Q. So you get a call; you respond to the scene prior to the shooting?

A. We respond and it's a -- basically it's occurring.
Q. There's an event that's occurring?
A. Yes.

Q. Yes. So you proceed to 41st and Pulaski?
A. Yes.

Q. And tell us then where does the sergeant call come in?
A. When we get there, everything is chaos. The sergeant -- I don't recall if he went over the air and told us to go do traffic or he went like -- or told us to do traffic on scene.

Q. Okay.
A. But we went towards going south.

Q. On Pulaski?
A. On Pulaski. To block off the traffic coming north.

Q. Okay. So which sergeant gave you that?
A. Sergeant Franko.

Q. So Sergeant Franko gives you and -- Officer Viramontes, is it?
A. Yes.

Q. To sort of do traffic control?
Q. And then you proceeded to block off a portion of Pulaski?

A. Yes.

Q. So at any time while you were blocking off Pulaski, did you ever direct any civilian witnesses to the shooting to leave the scene?

A. No -- well, we were sent to block traffic. Then Sergeant Franko goes over the air and says give 41 Robert the paper.

Q. What does that mean?

A. Which means that we're in charge of having to do the paperwork for the shooting.

Q. Okay.

A. So we arrive, we're barely getting off, we turn around, and we go back to the scene.

MS. RUSSELL: Let me just -- can you read back the question.

So listen to the question he asked you.

(WHEREUPON, THE RECORD WAS)

BY THE REPORTER AS FOLLOWS:)

"QUESTION: So at any time while you were blocking off Pulaski, did you ever direct any civilian witnesses to the shooting to leave the scene?"

BY THE WITNESS:
A. No.

BY MR. NEUMER:
Q. I just want to make sure we're all clear here. So the shooting occurs -- and correct me if I misstate anything.

   The shooting occurs, you get, I'll call it an order, from Sergeant Franko over the radio to do traffic control?

A. I'm not sure if it was over the air or not. It was -- everything was going crazy. I -- we looked at him and then, you know, we -- I looked at him and stuff, and then he kind of went like that (indicating), so it's block off traffic.

Q. So it was -- Sergeant Franko was on the scene?

A. Yes.
Q. And are we talking like minutes after
the shooting?
A. I don't know.
Q. So Sergeant Franko has arrived on the
scene, correct?
A. Mm-hm.
Q. He orders you -- or he gestures you
sort of with his hand to do traffic control?
A. Yeah.
Q. You interpreted it to say --
A. Yes.
Q. -- Officer Viramontes and I are on
traffic control?
Okay. So then you block off part of
the street on Pulaski?
A. Yes.
Q. And then you mentioned you got an
order to do some paper. Is that -- meaning like
do the write-up for --
A. Yes.
Q. -- or what is that paper? What is
the paperwork that you were instructed to do?
A. It's a report, and you just have to
log in everybody who's on scene as best as you
can and put a narrative stating to "See Detective Supplementary," that's it.

Q. And did you complete that report?
A. Yes.

Q. Where did you complete that report?
A. On the street.

Q. On the street. So you filled it out by hand?

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. Oh, on the PDT. On ERA.

BY MR. NEUMER:

Q. Tell me what a PDT is.
A. It's like a computer, like this (indicating).

Q. So where was that PDT located?
A. It was in the car.

Q. In your vehicle?
A. Yes.

Q. And your vehicle was -- so you were 841 Robert, right?
A. Yes.
Q. So you were doing traffic control and blocking off Pulaski, right? And then did anything else happen before you got this order to do the paperwork?

A. No.

Q. And did you ever leave the scene prior to doing the paperwork?

A. Yes.

Q. Tell us about that.

A. Another sergeant was on scene. They order us to go with the body, McDonald's body, to the hospital. So we were on our way to follow the ambulance. We got called back to the scene.

Q. And who called you back?

A. Sergeant Spreyne.

Q. How do you spell that name?

A. S-p-r-e-y-e -- wait, n-e. S-p-r-e-y-n-e.

Q. And did that call come over the radio?

A. Yes.

Q. How far did you make it away from the scene?
A. Where were we? We were on the overpass.

Q. On the overpass...

A. Pulaski. So I want to say -- yeah.

Q. About how far away is that?

A. Oh, how far away? Like four or five blocks.

Q. So four or five blocks and then you get called back by Officer Spreyne?

A. Yes. Sergeant Spreyne.

Q. Sergeant Spreyne calls you back and says -- requests that you fill out a report regarding the shooting?

A. Yes, it -- wait, I'm trying to think.

Franko gave us the order to do the papers.

Spreyne sent us with the body and then he ordered us -- Spreyne ordered us back, yeah.

A lot of confusion.

Q. Sure. What's the name of this report that you prepared?

A. It's a case report.

Q. Case report. Okay. So you prepared this case report on the PDT in your vehicle 841 Robert?
Q. Was Officer Viramontes in the vehicle with you while you prepared this case report?
A. Yes.

Q. Did you talk to anyone as you prepared this case report?
A. We asked for names and stars.

Q. Who did you ask for names and stars?
A. Any officer we saw on scene.

Q. So was it you and Officer Viramontes?
A. Mm-hm.

Q. Is it fair to say you kind of collectively filled out this report?
A. Yes, but there was so many people on scene, we had to call and get a copy of the job --

Q. What's --
A. -- which means, in the district, you can pull up our job, put in our number, 841 Robert, and it will notate everybody who's on scene, all the beat cars.

Q. So what's a job again? When you use the word, "job"?
A. That's the call. I'm sorry. The
call.

Q. So you can type it in and it will --
on your PDT?
A. Not our PDT. In the system. In the
district. At the station.
Q. Oh, at the station?
A. Yeah.
Q. Okay. So I'm slightly confused. But
you didn't go to the station?
A. No.
Q. You were at the vehicle?
A. Yes.
Q. Did you call someone at the station?
A. Yes.
Q. And you said, Hey, I'm on this
job --
A. Can you please do that. Because we
were trying to get everybody, but there was so
many people, we were -- I didn't want to miss
anybody.
Q. Sure. So did you first, though,
start to go around the scene in person to talk
to everyone who was at the scene to get their
star number?
A. Viramontes kind of walked around, and I kind of grabbed whoever I saw closer to me here by the car so...

Q. So do you recall who you -- well -- yeah, do you recall who you talked to at the scene as far as completing this case report?

A. No, there was --

Q. Do you recall any -- did you talk to Officer Van Dyke?

A. No. No.

Q. You know you didn't talk to Officer Van Dyke as part of --

A. No.

Q. -- this case report? Okay. Do you recall anyone who you did talk to?

A. Who did -- I'm trying to think of who I talked to. I mean, from the other --

MS. RUSSELL: If you don't remember, you don't remember.

BY THE WITNESS:

A. Yeah, I don't remember because since I knew some of them, I knew them and I knew their beats, so I just, you know, logged them
BY MR. NEUMER:

Q. Sure.

A. But there was other people who weren't there from our unit that I kind of grabbed real quick, but I don't -- I didn't -- I didn't know who it was.

Q. I'm going to -- well, I'll keep going on this line of questioning.

How long did it take you to complete this case report?

A. I'm not sure. I'm not sure.

Q. Give me your best estimate.

A. Maybe an hour.

Q. Hour?

A. Maybe. Because we were waiting for stuff to come to us from the district.

Q. What stuff?

A. The printout.

Q. What's the printout?

A. Of the job of all the beat cars.

Q. Oh, they sent that to you?

A. Yes, somebody actually brought it over to me.
Q. Physical copy of it?
A. Yes.

Q. Okay. So you get a physical copy of the printout of the job and you're talking to various individuals on the scene?
A. No, at that point I started doing the --

Q. But you had --
A. -- the case report.

Q. You had talked to various individuals on the scene just to get their --
A. Yes.

Q. -- star number?
A. And beat number.

Q. And beat number. Okay.
A. Anything else that you did to prepare that case report?
A. That's it.

Q. Any other information-gathering?
A. No, that was it.

Q. And so your best estimate is the completion of that case report took about an hour?
A. Yeah. Maybe less, but yeah.
Q. Again, I'm -- just best estimate. Could be more, could be less?
A. Yeah, I'm not quite sure the time.
Q. Were you on scene the entire time you were completing that case report?
A. Yes.
Q. And what do you do once you complete a case report?
A. Once we complete it, we let the sergeant know it's completed.
Q. And would that be Sergeant Franko?
A. Yes.
Q. And how do you let Sergeant Franko know your case report is completed?
A. We usually -- we either do it over the air or on the PDT.
Q. Do you remember what you did on this occasion?
A. I don't remember on this case.
Q. Did you ever -- once -- is it fair to say you submit a case report?
A. Yes.
Q. Do you hit a button --
A. Mm-hm.
Q.  "Submit" or something like that?
A.  Mm-hm.

MS. RUSSELL: Answer out loud like "yes" or
"no."

BY THE WITNESS:
A.  Yes. I'm sorry.

BY MR. NEUMER:
Q.  Did you ever hear anything further
after you completed that case report? Did
anyone ask you about what you had put in that
report?
A.  No.
Q.  So once you hit "send" or "submit,"
send it on to Franko, that was the last you
heard of that case report?
A.  Yes.
Q.  So other than the completion of the
case report, who else did you speak to at the
scene of the shooting?
A.  The detective.
Q.  Which detective?
A.  March.
Q.  So you spoke to Detective March. Did
you speak to anyone -- again, not as part of the
completion of the case report, but other than
Detective March, did you speak to anyone else at
the scene of the shooting?

MS. RUSSELL: Other than the officers she
already testified to?

MR. NEUMER: Correct.

BY THE WITNESS:
A. Not that I recall.

BY MR. NEUMER:
Q. Did you speak to a Mr. McNaughton?
A. No.

Q. So you did speak to Detective March
at the scene of the shooting?
A. Yes.

Q. At approximately what time did you
speak to Detective March?
A. I don't recall.

Q. Where were you and where was he when
this conversation took place?
A. In my vehicle.

Q. You were in your vehicle, okay.
A. Yes.

Q. Were you completing your case
report --
A. Yes.

Q. -- when he came by?

Okay. So during the time you were completing your case report, Detective March stopped by your vehicle?

A. Mm-hm. Yes.

Q. And what did he say to you when he came up to your vehicle?

A. He asked for the RD number and -- I'm really not sure exactly what he asked, but I know it was the RD number, and I think some of the beat cars he wanted to know was on scene.

Q. Was anyone else present when this conversation took place?

A. My partner.

Q. Officer Viramontes was in the car as well?

A. Yes.

Q. Did Detective March ask Officer Viramontes any questions when he came up to the car?

A. I don't know.

Q. Did Detective March ask you any questions about the shooting itself when he came
up to your vehicle?

A. Yes.

Q. What did he ask you?

A. Basically like where were we and if we saw anything.

Q. And what did you tell him?

A. I told him that I had seen something.

Q. Did you get into the details of the shooting?

A. Yes.

Q. Okay. Was Detective March taking notes during this conversation?

A. I don't recall. He had a pad and pencil, but I don't recall him writing anything down.

Q. How long did you speak to Detective March when he was outside your vehicle?

A. It wasn't long.

Q. Less than 15 minutes?

A. Yes.

Q. Was it like less than five minutes?

A. I don't know.

Q. And did Detective March ask questions
about the shooting of Officer Viramontes?

A. No.

Q. It was just --

A. I'm sorry, did he ask Viramontes questions?

Q. Sure. Yes.

A. Yes.

Q. Did he -- was he asking you guys kind of like collectively, or was he directing the questions to you or Officer Viramontes?

A. He came to me and then I think he went to him because I was in the middle of doing the report. So after he talked to me, I got back in the car, I'm assuming he went and asked Viramontes.

Q. But you don't know?

A. No.

Q. So did you get outside the vehicle to talk to Detective March?

A. Yes.

Q. So he comes over, you're in the vehicle completing the case report?

A. Yes.

Q. And then you step outside the vehicle
to have a conversation with him regarding the
shooting?

A. Yes, he asked me to step out.

Q. So prior to your conversation with
Detective March, had you talked to
Officer Viramontes about what you witnessed in
terms of the McDonald shooting?

A. No. It happened so fast and we were
going here, here, and there, so no.

Q. There were no conversations between
the two of you as to, wow, that was crazy or
anything?

A. No.

Q. No conversations --

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Was that a deliberate decision on
your part not to talk to Officer Viramontes?

A. No, there was so much going on, you
don't have time to try to sit there and discuss
what occurred because you're trying to do what
they're ordering you to do and you're trying to
handle your job.

Q. Prior to conversation with Detective March, did you talk to -- did you have any conversations with Officer Mondragon?

A. No.

Q. Is that name familiar to you?

A. Yes.

Q. Okay. But you didn't have any conversations at all about any topics with Officer Mondragon prior to your conversation with Detective March?

A. No.

Q. Did you have any conversations with Officer Sebastian?

A. No.

Q. I'm sorry, my fault, I should have completed my question. Did you have any conversations with Officer Sebastian at the scene of the shooting prior to your conversation with Detective March?

A. No.

Q. Did you have any conversations with Officer Gaffney prior to your conversation with Detective March?
A. No.

Q. Did you have any conversations with Officer McElligott prior to your conversation with Detective March?

A. No.

Q. How about any conversation with Officer Walsh prior to your conversations with Detective March?

A. No.

Q. At any time while you were at the scene of the shooting, did anyone separate you from the other officers who were at the scene of the shooting?

A. No.

Q. So nothing would have prevented you from talking to, say, Officer Mondragon or Officer Gaffney?

A. No. If I wanted -- no, because -- they were on that side; we were on this side.

Q. Which side were they?

A. They were on the north side; I was on the south side.

Q. North side of Pulaski?

A. They were on the north side of
Q. Closer to -- they were on the north side by like 41st?
A. Honestly, they -- all I know is that they were on the north side. I don't know where.
Q. They were further north than you?
A. Yes.
Q. With respect to Detective March, you talked to him outside the vehicle. I think you estimated it was less than a 15-minute conversation. He asked you questions about the shooting. Is that correct?
A. Yes.
Q. And did you talk to Detective March again that evening regarding the shooting?
A. Yes.
Q. Tell us about that conversation.
A. It was when we went to the area.
Q. And that's at 51st and Wentworth --
A. Yes.
Q. -- is that correct.
A. Area Central?
A. Yes.
Q. How did you get from the scene of the shooting to Area Central?
A. We drove over there.

Q. Who drove?
A. Viramontes.

Q. And you drove the 841 --
A. Robert.

Q. Okay. So is that -- did you drive over to Area Central after you completed the case report?
A. Yes.

Q. Did you do anything between completing the case report and driving over to Area Central?
A. Not that I recall, no.

Q. So pretty much as soon as you complete the case report, you drive from the scene of the shooting to Area Central?
A. Yes.

Q. Were you asked to go to Area Central?
A. Yes.

Q. Who asked you?
A. I don't remember. I don't remember.

I don't remember if it was a detective or the
Q. Are you talking about Detective March or Sergeant Franko?
A. Yes.

Q. Okay. Is it likely that one of those two --
A. Yes.

Q. -- were the people that, would you say, ordered you to go to Area Central?
A. Well, we have to go after a shooting, so yes.

Q. So they said you have to go to Area Central?
A. Well, yes.

Q. Either Sergeant Franko or Detective March?
A. Yes.

MS. RUSSELL: Can we take one minute, Peter?

MR. NEUMER: We'll go off the record. It is 1:30 p.m.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 1:32 p.m. We're
back on the record.

BY MR. NEUMER:

Q. And, Officer Fontaine, I think you were going to provide a little bit of a clarifying narrative as to where you were following the scene of the shooting and what activities you were doing sort of in sequential order. So please proceed.

A. Okay. After the shooting, we moved southbound to do traffic. We went to go do traffic. We were ordered to come back to where the shooting occurred to do the case report.

Once we were there doing the case report, we were ordered to follow the body to the hospital.

Q. And that's Sergeant Spreyne?

A. Sergeant Spreyne. So we start -- we leave the scene again, start following the body. We were ordered to come back --

Q. By Sergeant Spreyne.

A. -- to do the report, and we come back on scene. We start doing the report, and then Detective March comes up to us and starts asking us questions about -- he asks us about the
information -- some information about the report
that we have, and then he starts asking us about
the shooting. So now we're back on scene.

Then after that, we're done with the
report and everything, we go to the area, 51st
and Wentworth --

Q. And that's you and
Officer Viramontes?

A. Me and Officer Viramontes.

Q. So once you arrived at Area Central,
just walk us through where do you go? What
happens?

A. Once we get there, there's an FOP
representative and IPRA's there. And they tell
us they have drinks and stuff, and they say you
can use the bathroom. They show us where the
restroom is, water, drinks, whatever. And then
they have us waiting until the FOP speaks to us.

Q. Who's waiting?

A. All the officers.

Q. Okay.

A. There's all the officers on scene,
the sergeants, and they're in -- it's kind of a
small place, so it's kind of cubicles and stuff.
Q. So lay the scene. You get there. You're waiting in a room to be interviewed; is that correct?

A. That's -- yes, we're there to be interviewed by --

Q. So you're waiting at Area Central and there are other officers --

A. Yes.

Q. -- who were at the scene of the shooting in this room with you?

A. It's like an office.

Q. In an office. Okay.

A. And there's rooms.

Q. Describe this office to -- it's got cubicles?

A. When you walk in, there's tables where I guess the detectives sit and answer phones. And then over here you have rooms, and in the rooms -- it's like an office room, and it has cubicles.

Q. Okay.

A. So there's officers in there, there's officers out there, there's officers in the
restroom.

Q. And where are you sitting in this, I'll call it, room?

A. I'm outside. We're outside and then they had pizza so if anybody was hungry.

Q. So you're outside the main room?

A. Yes, at first we're outside --

Q. And is it like a side room, or where are you waiting when you're outside this main room?

A. There -- how should I put it? It's like you have a big room and then it's where all the detectives work. That's their area of work. In the offices, I'm assuming it's for like sergeants and lieutenants. So then there's one room where they have cubicles and they said we're going to wait for FO- -- I think FOP was there and wanted to talk to us.

Q. Okay.

A. And then they called us in. We went in there, and then they said, okay, they told officers in order -- IPRA was going to question officers and in what order they were going to question them and who was going to be
questioned.

And then once we said okay, we went back out into this main room, and they have computers and stuff, and we sat there and just waited until they told us what to do next.

Q. So you and the other officers who were at the scene of the shooting were waiting in the big room in front of some of the computer stations?

A. Yes.

Q. And what other officers were there when -- waiting with you?

A. It was Viramontes -- it was Viramontes, Mondragon, Sebastian. There was two other officers from afternoon.

Q. Bacerra?

A. I don't -- what's the name?

Q. Officer Bacerra?

A. Bacerra.

Q. And Velez?

A. Bacerra and Velez.

Q. Okay.

Q. Was Officer Van Dyke present?
A. No.

Q. Was Officer Walsh present?
A. I don't remember.

Q. When you were waiting at those computer stations at Area Central with the other officers, did you have any conversation with those other officers about the shooting?
A. No. They just -- they -- it was more like they were talking about having to testify to IPRA. They asked me if I had to, and I'm like, No, they haven't told us that we have to. And that was it.

Like just, So you goes ain't going to IPRA? I'm like, So far no. Me and Rick thought we were going to be -- me and Viramontes thought we were going to be the last one.

So everybody was kind of like, you know -- oh, then the detective came and he showed us the video -- he showed me the video.

Q. So while you were waiting at Area Central -- was it Detective March?
A. Yes.

Q. Detective March showed you the video
of the Laquan McDonald shooting?

A. Yes.

Q. Okay. Was this prior -- now, I know you talked to him at the scene of the shooting. Was this prior to when you spoke to him again about the shooting?

A. He showed me the video and he -- you know, he showed me a few things from the video. And I was like, Oh, yeah, this and that. But that was it.

Q. Okay. Was he asking -- at Area Central, was he asking you questions about the shooting prior to showing you the video?

A. Yes.

Q. What kind of questions was he asking?

MS. RUSSELL: Is this in the Area or at the car?

BY MR. NEUMER:

Q. Sorry, in the area. So everything right now is at Area Central?

A. At the Area. Yeah, he was showing me the video and he says, When he was walking -- he says, "It looks as if he's turning here." And I was like, "Oh, it does."
Q. Did he point out anything else about the video?

A. No.

Q. It was primarily that he was -- okay. That he was -- that Laquan McDonald was turning at some point in the video?

A. Yes.

Q. And what did he -- like, flush that out a little bit more for us. What was he saying? Like how did that come up?

A. He just showed me the video and he was walking -- because I had told him he was walking southbound swaying the knife. And then that's when -- when we were at the Area, then he showed me the video and he's like, "Oh, is this where he's walking?" "Yes." He goes, "You see he kind of turns around?" And I'm like, "Oh, yeah, he" -- looking at the video, I said it does look like he kind of turns.

Q. Did Detective March make any other observations about the video that you recall?

A. No.

Q. I want to -- we'll get back to that
conversation. I want to -- you mentioned FOP representatives. I want to first ask you, did you talk to any FOP representatives at the scene of the shooting?

A. No.

Q. Did you talk to any FOP representatives at Area Central?

A. Yes.

Q. And what did you -- what were the nature of those conversations?

A. He talked to us as a group.

Q. Who is the "he"?

A. I can't think of his name.

Q. Is it Marlon Harvey? Chris Kato?

A. I can't think of his name.

Q. Not Mr. Harvey or not Mr. Kato?

MS. RUSSELL: If you don't know, say you don't know.

BY THE WITNESS:

A. I don't know.

BY MR. NEUMER:

Q. So you talked to a male FOP representative at Area Central?

A. He talked to all of us as a group.
Q. He talked to the officers -- the officers who were present at the scene of the shooting, not including Van Dyke or Walsh?
A. Yeah, I don't recall Walsh. I'm not sure if he was there or not. I can't remember.

Q. And you don't believe that Van Dyke was present and among the --
A. No, he wasn't.

Q. -- the group?
A. No, I don't think he was either.

Q. So an FOP representative is talking to the officers who -- most of the officers who were at the scene of the shooting. What does he say?
A. He kind of -- he just -- what did he say? He tells us about our rights and like what's going to happen at the area with us and what we have to do, and that's it.

Q. And so after the FOP representative kind of walks you through what the process will be, then you continue to wait --
A. Yes.

Q. Again in front of computer stations in the big room --
Q. -- at Area Central?

Is that on the first floor, second floor?

A. I want to say it's the second floor because it's on top, so I want to say it's two floors there.

Q. Had you been involved in an officer-involved shooting before?

A. Never.

Q. Never. So this was the first.

Did you, while you were waiting, talk with any of the other officers about what you had just seen?

A. No.

Q. I mean, I can imagine it's pretty traumatic, pretty stressful situation. There was no --

A. No. I just -- I don't know. I think I was like in shock, I -- I don't know.

Q. Do you think it would have been inappropriate to talk to the other officers at the scene about what you had just witnessed?

A. I -- yes.
Q. So is it fair to say that after you were waiting -- after the FOP representative spoke to you, you were waiting at the computer station -- just tell us what happened next.

A. People started going in, doing --

Q. Different rooms?

A. -- doing their statements.

No, to go talk to IPRA, to do their statements and stuff.

Q. Okay. You never talked to IPRA?

A. No.

Q. Correct?

A. No, we never spoke to IPRA.

Q. So folks are going to make their statements to IPRA. Then what happens next?

A. They weren't sure if we were going to go or not, so they wanted us to wait.

Q. Who wasn't sure?

A. Who was it? I'm not sure. I can't remember who was the one advising us to go. No, I don't remember who.

Q. Do you recall who you were waiting next to? Like who was to your right and left?

A. I know Rick was one of
them -- Viramontes was one of them. I want to
say Bacerra, I'm not sure.

Q. So you're watching people go into the
room to get -- give a statement to IPRA,
correct?

A. We were sitting down -- I was sitting
down.

Q. Mm-hm. Sure.

A. And, you know, everybody was just
like kind of doing their own thing on the phones
and stuff like that.

Q. Yep. Was anyone texting you about
the shooting at all?

A. No.

Q. Anyone call you while you were
waiting to be interviewed --

A. No.

Q. -- at Area Central about the
shooting?

A. No.

Q. So what happened next while you're
waiting? You're seeing them go in to get
interviewed; what happens next?

A. They just tell us to wait. We're
waiting. I think McElligott and Gaffney come up to us -- I'm trying to think.

MS. RUSSELL: If you don't remember, say you don't remember.

BY THE WITNESS:

A. I don't remember.

BY MR. NEUMER:

Q. Do you recall having any conversations with Officer McElligott or Officer Gaffney while you were waiting at Area Central?

A. One of the computers were down, and we were trying to get on it.

Q. For what reason were you trying to get on the computer?

A. I think somebody wanted to play a game or something.

Q. So did you have a conversation with Officer McElligott or Officer Gaffney about the computer that was down?

A. I -- yes, I think I did.

Q. And did you eventually get that computer up and running?

A. I don't remember.
Q. Eventually does Detective March come and get you to talk to you?

A. To show the video at one point. That's it.

Q. So tell us about the interaction. Is he in a room and comes out and says, Officer Fontaine? Or how does he get your attention?

A. Yes, he's in a room. He comes out and says, Can you come here with me? And we go into the room and he shows me the video, and that's it. I come back out.

Q. Is the room small, big? What type of room is it?

A. It's a small room. It's an office.

Q. It's somebody -- is it his office or --

A. I don't know if it's his office or someone's office, but it's an office.

Q. It's someone's office. There's a desk?

A. Yes.

Q. A computer monitor?

A. Yes.
Q. And what does he say -- what does he say to you?

A. He just points out that, "Is that where he turned?" And he goes, "See? It's like he's turning." And I was like, "Yeah, he does look like he's turning."

Q. Did he ask you questions about the shooting prior to -- while you're in this office, so you're in an office. Is he behind a desk, Detective March?

A. No, because he's -- the computer's like right here, and we're both on this side of the desk.

Q. Both behind the desk; is that fair to say?

A. In front of the desk.

Q. In front of the desk?

A. Yeah, I think it's in front or on the side of the desk.

Q. You're on the same side of the desk?

A. Yes.

Q. And you're both looking at a computer monitor?

A. Mm-hm.
Q. Before you’re looking at that computer monitor, did he ask you to walk him through the details of the shooting?

A. No.

Q. So he calls you into the office?

A. Mm-hm.

Q. Correct?

MS. RUSSELL: Yes?

BY THE WITNESS:

A. Yes. I’m so sorry.

BY MR. NEUMER:

Q. He calls you into the office and immediately directs your attention to the computer monitor?

A. Yes.

Q. And then he plays a portion of a video --

A. Yes.

Q. -- for you?

And that portion of the video contains the shooting of Laquan McDonald?

A. Yes.

Q. And what happens after he plays that portion of the video?
A. I go back and sit down and wait.

Q. Okay. But does he ask you questions while the video is playing about the video?

A. No.

Q. He plays the video. Does he ask you any questions before you go back to sit down?

A. No.

Q. Is that -- after he plays the video, is that when he makes a comment about Laquan McDonald turning?

A. Yes.

Q. So you're in the room, he plays the video for you, and makes a comment about Laquan McDonald turning?

A. Mm-hm.

Q. Is that correct?

A. Yes. Yes.

Q. And you agree with Detective March?

Or what do you say when he says, Oh, it looks like he's turning here?

A. I said, Yes, it does.

Q. Did he ask you any questions at that point?

A. No.
Q. And he said, Okay, you can go sit down?
A. Yes, that's it.

Q. That's it?
A. That was it.

Q. No other questions?
A. No.

Q. You go back into the other room then?
A. Yes.

Q. Do you continue to wait there?
A. Yes.

Q. What happens next?
A. We just wait. And then they don't call us. They say they're going to call us another day, and then they release us.

Q. Who releases you?
A. Sergeant Franko.

Q. Sergeant Franko releases you. Do you have a recollection as to when he released you?
A. No. It -- it was after 6:00 because we did fill out a -- it's a time due slip whenever you do overtime. So I remember filling one of those out, so it had to be after 6:00.

Q. So it was after 6:00 a.m. --
A. Yes.

Q. -- you were released from Area Central?

A. Mm-hm. Yes.

Q. You were released from Area Central, and then where do you go?

A. I go back to the district, change, and go home.

Q. Did you take the 841 Robert vehicle with Officer Viramontes to go to the district?

A. Yes.

Q. So the two of you drove together to the district?

A. Yes.

Q. Did you talk about the shooting at all during that conversation -- or, sorry, during that trip?

A. No. No. We just went home. We talked about that -- what we were -- I talked about what I had to do in the morning because I had to take the kids to school and stuff, and that was it. I just said I got to get home and get some sleep.

Q. Were you making a conscious decision
not to talk about the shooting with
Officer Viramontes during that trip?
A. Yes.

MR. NEUMER: The time is 1:53 p.m. Why
don't we go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 2:00 p.m. We're
back on the record.

BY MR. BROWN:

Q. Officer Fontaine, you mentioned to us
about a case report you filled out?
A. Yes.

Q. In that case report, it contains
officer names and star numbers; is that correct?
A. Yes.

Q. Did that case report contain any
substance as to what happened related to the
McDonald shooting?
A. No.

Q. Do you want to explain anything
further related to the case report?
A. It just has the -- my role when
filling out the case report is you put the date,
the time, the beat numbers, and just "see
Q. And you said you submitted the report that night?
A. Yes.
Q. Do you recall if it was edited after that point?
A. No.

MS. RUSSELL: No it wasn't edited or no you don't recall?

BY THE WITNESS:
A. No, I don't -- it -- it was not edited at that time.

BY MR. BROWN:
Q. Had it been edited, would you have been made aware of any changes to the report?
A. I should have been because it was under my PC number.

Q. So if we were to see that this document, this case report, it would have your PC number at the bottom?
A. Yes.
Q. Would it have anybody else's PC number?
A. Viramontes.
Q. And would that signify that he's in agreement with everything in the report?
A. Yes.
Q. So if changes were made to the report, he should have been made aware of those changes as well?
A. Yes.
Q. Going back to a little earlier. I briefly want to touch on the meeting with the FBI. You noted that the State's Attorney's Office was also there?
A. Yes.
Q. I just wanted to clarify, do you recall if it was the Cook County State's Attorney's Office was there, or was it the U.S. Attorney's Office?
A. I'm not sure.
THE WITNESS: Was it the State's -- I'm not sure.
MS. RUSSELL: Off the record.
(WHEREUPON, discussion was had off the record.)
MR. BROWN: The time is now 2:02 p.m. and we'll go back on the record.
BY MR. BROWN:

Q. Officer Fontaine, we were talking a little bit about the meeting with the FBI, and I'm just trying to clarify as to if it was the Cook County State's Attorney's Office that was also at the meeting, or was it the U.S. Attorney's Office?

A. It was the Cook County State's Attorney.

Q. Okay. Do you recall by chance who was there representing the Cook County State's Attorney's Office?

A. I don't recall.

Q. At that meeting, was the FBI the lead on the questions?

A. Yes.

Q. Did they tell you that your statement would be memorialized in any way?

A. I don't understand.

Q. I'm sorry, did they inform you that they were going to be making report of your statement?

A. No, not that they were going to make a report.
Q. Did you see -- you mentioned there were two FBI agents there at the meeting?
A. Yes.

Q. Do you recall them taking any notes?
A. Yes, they did.

Q. Do you recall whoever was there from the Cook County State's Attorney's Office taking any notes?
A. Yes, he was.

Q. So that was a gentleman?
A. That was a gentleman, yes.

Q. Anybody else besides the gentleman there representing the Cook County State's Attorney's Office?
A. No, not that I recall.

Q. And I think -- I'm pretty sure you already mentioned this, but it was just the one meeting with the FBI?
A. Yes.

Q. Any other meetings with the Cook County State's Attorney's Office?
A. Not that I recall, no.

Q. Did you ever have a meeting with the United States Attorney's Office?
A. No.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. Yes, I did meet with the FBI before the grand jury one time -- I'm sorry, the U.S. Attorney.

BY MR. BROWN:

Q. What was the nature of that meeting?

MS. RUSSELL: We'll take a quick break.

MR. BROWN: The time is 2:04 p.m. and we'll take a quick break.

(WHEREUPON, a recess was had.)

MR. BROWN: The time is now 2:05 p.m.
We'll go back on the record.

MS. RUSSELL: Can she clarify that last answer?

BY MR. BROWN:

Q. Officer Fontaine, please clarify.

A. I don't recall meeting with the U.S. Attorney.

Q. So before the grand jury you don't recall meeting with the U.S. Attorney's Office?
A. No.

Q. And you didn't speak to the Cook County State's Attorney's Office after that meeting with the FBI?

A. No.

Q. I believe you mentioned in that meeting with the FBI you stated that you told them the same statement as what you told March -- I'm sorry, Detective March?

A. Yes.

Q. I wanted to ask, did you give them any sort of clarifying information such as, In light of the video, this is going to clarify my statement? Or did you say anything to clarify what you told the FBI?

A. To the FBI?

Q. Yes. I'm sorry. That was a bad question.

A. That's okay.

Q. I remember you noted earlier that you said after viewing the video, that kind of clarified what was written in the report, the Supplementary Report about, "as if attacking" in relation to?
A. I didn't know he had put "as if attacking."

Q. And we're going to get into that --

A. Oh, I'm sorry, you just stated --

Q. You had mentioned something about it was clarified after you saw the video; is that accurate?

A. I'm still confused.

Q. Okay. Maybe I'll wait until we flush this out a little bit later in the interview, but I just wanted to see if there was any clarifying statements you made to the FBI in regards to you made the same statement to March as what you told them?

A. Okay.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. When I talked to the FBI, I didn't know what March had written. I had no idea what he had written. That's why when I gave my statement to the FBI, I gave them my statement. I didn't know what he had put down.
BY MR. BROWN:

Q. I'm sorry. Okay. So at the point when you spoke to the FBI, you had not seen the final Case Supplementary Report that would have been authored by Detective March?

A. No.

Q. All right. When did you see the -- first see that statement by Detective March -- or I guess the write-up of your statement?

A. In the newspaper.

Q. In the newspaper. Okay. All right. And was that sometime in 2015?

A. Yes -- I don't recall.

Q. I definitely understand. I'm not going to keep hitting you about --

A. Yeah, I don't recall.

Q. You're just certain that you saw the statement after you spoke with the FBI?

A. Yes.

Q. When you spoke with the FBI, was that part of any sort of proffer negotiation?

A. I don't understand what you're saying.

Q. Was the subject of a proffer ever
brought up to you in regards to your conversations with the FBI?

A. I still don't understand.

BY MR. NEUMER:

Q. I think maybe I can -- so sometimes when individuals speak with the FBI, they'll sign what's called a proffer agreement. Do you recall signing any agreement right before you spoke to the FBI?

A. I did sign documents.

Q. Do you recall what those documents said at all? Were they explained to you?

A. They were explained to me, but --

Q. Do you have any recollection as to what...

A. No.

Q. That's fine.

BY MR. BROWN:

Q. Were you given a copy of the documents?

A. No.

Q. Was the negotiation about the documents, was that between your attorney and someone else?
A. Yes. My attorney was there. He read them with me and everything and I signed them.

Q. I just wanted to ask about Officer Viramontes?

A. Yes.

Q. He was your partner that night of the McDonald shooting, correct?

A. Yes.

Q. I wanted to ask, how long had he been your partner prior to that?

A. I think we've been going on five years.

Q. Five years. Okay. Like a steady every day he's been your partner for five years?

A. For the most part because when we're short, they separate us.

Q. Absent some other changes, he's your normal partner?

A. Yes.

Q. In the normal course of your work as you observe incidents or have to make arrests, would it be normal for you to speak with Officer Viramontes as to whatever has occurred?
A. Yes.

Q. And would those conversations occur before any type of report that would need to be authored by you or Officer Viramontes?

A. Can I explain --

Q. Sure, definitely explain.

A. -- when we partner up -- when you partner up, you're the driver and then there's the driver and the passenger.

Q. Okay.

A. When you arrive on-call, most of the time the person doing the paper is the one that kind of takes the lead and asks the questions and everything to decide more or less what kind of paper it is. Unless they have a question, then we kind of talk about it. So in that sense, yes.

Q. So to aid in, I guess, authoring whatever reports either you or Officer Viramontes would need to author, you guys would have conversations to make sure you're on the same page?

A. Yes.

Q. I just want to compare that with the
McDonald incident. You already stated that, because of the circumstances with that one, you didn't feel like you wanted to talk with anyone, including Officer Viramontes, about the incident?

A. Yes.

Q. Got you. Okay.

When you were at Area Central, you mentioned that at one point, the officers were all together in the big room. I know you mentioned that you didn't have conversations with any of the officers about the McDonald incident, but I wanted to ask you, do you know if -- or did you recall if any of the other officers were having conversations as to what occurred that night?

A. No. Like I said -- no, not that anybody was specifically having them, but everybody was just kind of trying to talk about something else.

Q. So was it like a feeling of a big event has happened and let's try to get our minds off of it by talking about other things?

A. Kind of. I think that -- especially
people who have never been involved, you don't know how to -- what you should say, what you shouldn't say, how you handle it, so you kind of handle it your own way.

Q. Sure. No one instructed you guys not to talk about it?
A. No.

Q. It's something that came organically; it's just no one talked about the incident?
A. Not like detail in my presence, no.

Q. You mentioned that at some point March brings you in to show you the video?
A. Yes.

Q. I wanted to ask, you mentioned it was on a monitor. Do you recall if it was a laptop such as this, or was it like a computer monitor attached to like a hard -- like a big hard drive or something?
A. I don't recall.

Q. Do you recall Detective March taking any notes?
A. At that time, no.

Q. At that time.

MR. BROWN: That's all the follow-up I
BY MR. NEUMER:

Q. I want to talk to you, Officer Fontaine, about your relationships with the various officers who were at the scene of the shooting.

A. Mm-hm.

Q. I think you mentioned, with respect to Officer Viramontes, you and he had been partners for about five years prior to the shooting --

A. Yes.

Q. -- is that correct?

A. Once he came to my son's birthday party.

Q. So one occasion outside of work?

A. That I can think of, yeah.

Q. So generally you guys did not socialize outside of work?

A. No.

Q. Would you describe yourself as a friend of Officer Viramontes?
1. A. Yes.
2. Q. With respect to Officer Van Dyke, what was your relationship with Officer Van Dyke prior to October 20th, 2014?
3. A. I really don't know him. I broke my ankle, and I was off for almost a whole year --
4. Q. Okay.
5. A. -- and when I returned, I saw new faces, and he was one of them. But I never really -- I didn't know him.
6. Q. Do you recall when you broke your ankle?
7. A. '13 I want to say.
8. Q. 2013?
9. A. 2013 I want to say.
10. Q. Have you ever partnered up with Officer Van Dyke?
11. A. No.
12. Q. Have you ever socialized with Officer Van Dyke outside of work?
13. A. No.
14. Q. Were you ever interviewed regarding a complaint someone made regarding Officer Van Dyke?
Q. What was your relationship with Officer Gaffney prior to October 20th, 2014?
A. Gaffney, I've worked with him. I've known him.

Q. So how would you -- what was your work experience with Officer Gaffney?
A. Just coworker.

Q. How often would you have interactions like during a week with Officer Gaffney as part of your job?
A. As part of my job?

Q. Mm-hm.
A. Few times a week because if we ride on their jobs.

Q. And so that is their -- a job again is --
A. I'm sorry, a call.

Q. A call. Okay.
A. A call.

Q. So you would see him a few times a week responding to calls?
A. Yes.

Q. Okay.
At roll call.

Okay.

Check-off. You just talk, you know.

And how long had you guys been in the same, fair to say, unit?

Unit?

Yeah.

I think we've been there the same amount of time, which is almost 15 years.

Oh, okay.

I want to say we were -- yeah.

So you've known Officer Gaffney for about 15 years?

Yes.

And did you ever socialize with Officer Gaffney outside of work?

No.

What was your relationship with Officer McElligott prior to October 20th, 2014?

Same thing, working, talking while at work and roll call, check-off.

Same thing, see him a couple times a week on calls?

On calls or check-off, mm-hm.
Q. And how long had the two -- had you
and Officer McElligott worked together?
A. With him I want to say the last three
years I think we started talking more because I
don't -- I don't remember when he came to the
district.
Q. Okay.
A. And I didn't really associate with
him.
Q. Ever socialize with
Officer McElligott outside of work?
A. No.
Q. What was your relationship with
Officer Bacerra prior to October 20th, 2014?
A. None.
Q. No relationship?
A. No.
Q. Never worked with him?
A. No -- that I can remember, no.
Q. No real interactions at work with
Officer Bacerra?
A. Not really. He's on third watch.
Q. Okay. So you're on different
watches?
A. Different watches.

Q. Never socialized with Officer Bacerra outside of the work?

A. No.

Q. What's your relationship with Officer Mondragon prior to October 20th, 2014?

A. Friends, coworkers. Same thing, roll call, check-off. We do a little bit more -- we talk a little bit more, I guess, girl to girl, more woman-to-woman things.

Q. Sure. Sure. So would you ever socialize with Officer Mondragon outside of work?

A. I don't recall ever associating with her outside of work.

Q. So work friends?

A. Yes.

Q. Okay.

A. Just recently now she had a daughter, so I've been giving her some of my daughter's stuff, so we kind of -- a little bit more --

Q. Okay.

A. -- outside of work.

Q. Is that in the last year or so?
A. Yes, two years.

Q. Was that -- did she have her daughter prior to October 20th, 2014?

A. Yes. Yes, I think so. Yes.

Q. What was your relationship with Officer Sebastian prior to October 20th, 2014?

A. Same thing, we talked at work and everything. And, prior to that, I don't think we socialized out of work.

Q. Do you socialize outside of work with Officer Sebastian now?

A. We have because she bought a house in Michigan and we have a house in Michigan, so we're -- we talk about that and --

Q. I got you. Do any -- well, I'll get through the end. How long have you worked with Officer Sebastian in the same unit?

A. About 15 years.

Q. Officer Velez, what was your relationship with her prior to October 20th, 2014?

A. Just -- she's third watch, so kind of seeing her, hi, bye, how you doing, that's it.

Q. And you never socialize with
Officer Velez outside of work?

A. No.

Q. What was your relationship with Officer Walsh prior to October 20th, 2014?

A. Just work-related.

Q. Never socialized outside of work?

A. (No audible response.)

Q. Would you say --

MS. RUSSELL: Make sure you answer out loud.

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Would you see Officer Walsh multiple times a week on calls and things of that nature?

A. Not as many, but I saw him in a few.

Q. And how long had you guys been in the same unit, you and Officer Walsh?

A. I'm not sure when he arrived to eight.

Q. Do any of the officers I mentioned, Officer Viramontes, Officer Van Dyke, Gaffney, McElligott, Bacerra, Mondragon, Sebastian, Velez, Walsh, live in your neighborhood in the
Q. Okay.
A. Mondragon lives close now. She just moved in. And I think McElligott lives close, too. And I think that's it that I can recall.
Q. And what neighborhood do you reside in?
A. I live in Beverly. They live in Mount Greenwood.
Q. Got you.
MR. NEUMER: Kris, do you have any follow-up regarding Officer Fontaine's relationship with the other officers at the scene of the shooting?
MR. BROWN: I have no follow-up.
BY MR. NEUMER:
Q. At this time we're going to put Exhibits 6 -- previously marked as Exhibit 6 and 7 -- I think I misspoke. What's been previously marked as Exhibit 5 and 6, the CSR and the GPR.
(WHEREUPON, Exhibit No. 5 and Exhibit No. 6 were tendered to the witness.)
BY MR. NEUMER:

Q. So, again, that's Exhibits 5 and 6. The --

MS. RUSSELL: The notes are 6, okay.

BY MR. NEUMER:

Q. Notes are 6, the GPR dated October 20th, 2014. And the CSR -- the excerpt of the CSR containing Officer Fontaine's statement to Detective March.

So first, generally, I want to ask you what is a Case Supplementary Report?

MS. RUSSELL: In general.

BY THE WITNESS:

A. In general, it's something that's added on to an original case.

BY MR. NEUMER:

Q. Okay.

A. Because there's an original case first and then any supplementary is something added on to that.

Q. What's the purpose of a Case Supplementary Report?

A. My understanding is just extra facts.

Q. And who creates a Case Supplementary
Report?

A. Any officer that's -- any officer that's like -- any officer that has to work on a specific -- return to the original case report that they have extra information about it or anything has changed, they would be able to do a supplementary.

Q. Do officers create -- can I call them CSRIs? Is that a term that --

A. I'm not familiar with that.

Q. Okay. We'll stick with Case Supplementary Report.

Do officers create Case Supplementary Reports, or is it detectives?

A. This here -- the form in front of me is a detective.

Q. So Exhibit 5 was created by a detective. Have you ever created a Case Supplementary Report in your time with CPD?

A. Yes.

Q. So you are familiar with Case Supplementary Reports?

A. When a regular patrol officer does it, it's called Supplementary Report, just a
regular Supplementary Report. It's a different format than this.

Q. Okay. Okay. So have you ever filled out a Case Supplementary Report?
A. No.

Q. So is it fair to say that generally detectives fill out Case Supplementary Reports?
A. I'm assuming, yes.

Q. But you -- do you not know one way or another?
A. I don't.

Q. It's not part of your general duties and responsibilities to fill out a Case Supplementary Report?
A. No.

Q. I'm now going to ask you about Exhibit 6, the General Progress Report dated October 20th, 2014. Are you familiar with the term GPR? Can I use that term?
A. I've never heard of that term.

Q. Never heard of that term?
A. No.

Q. Well, I'll ask you, what's your understanding as to what a GP-- -- or what a
General Progress Report is?

A. I have no knowledge.

Q. Do you know what the purpose of a General Progress Report is?

A. I don't. This is the first time I've seen one.

Q. Okay. Do you know who creates a General Progress Report?

A. I'm assuming the detective with this in front of me.

Q. Okay. But you have no --

A. I have no idea who would -- who would do this.

Q. And you've never filled out a General Progress Report as part of your duties as a Chicago Police Department employee?

A. No, not this form.

Q. I want to direct your attention to Exhibit 5, the Case Supplementary Report, and the statement that is attributed to you in that exhibit. I think it's on the third page.

I would ask now that you read what is I think two paragraphs about a third or two-fifths of the page. Take your time. Read
that statement and let me know when you've had a
chance to thoroughly read the statement.

A. You said the second one?

MS. RUSSELL: Stating with, "stated she was
a Chicago Police Officer"?

MR. NEUMER: Right. Exactly. So at the
top of the third page of Exhibit 5.

BY MR. NEUMER:

Q. Just to yourself. Just so you have a
chance to see what is stated and then we'll ask
you a few questions about that statement.

BY THE WITNESS:

A. Okay.

Q. Does Exhibit 5, Case Supplementary
Report, accurately you -- accurately reflect
what you said to Detective March on the night of
October 20th, 2014?

A. No.

Q. What statements in the Case
Supplementary Report are inaccurate?

MS. RUSSELL: Can we take a quick break?

MR. NEUMER: The time is 2:30 p.m. We'll
go off the record.

(WHEREUPON, a recess was had.)
MR. NEUMER: The time is 2:36 p.m. We're back on the record.

BY MR. NEUMER:

Q. And, correct me if I'm wrong, I believe I asked you if the Exhibit 5, Case Supplementary Report, accurately reflected what you said to Detective March on the night of October 20th, 2014. I believe you said no; is that correct?

A. Yes.

Q. And then I believe I asked you which statements specifically in the Case Supplementary Report are inaccurate. So if you could walk us through what statements --

MS. RUSSELL: Can I clarify?

MR. NEUMER: Sure.

MS. RUSSELL: What statements don't reflect what she told him?

MR. NEUMER: Yes.

MS. RUSSELL: I think that's a different question.

MR. NEUMER: Sure. Sure.

BY MR. NEUMER:

Q. So let's go with that. You've had a
chance to review the Exhibit 5 statement attributed to you. So can you walk us through which -- sentence by sentence or whatever sentences you did not make -- or statements you did not make to Detective March.

A. The sentences walking towards Van Dyke as if attacking Van Dyke.

Q. Okay.

A. I'm sorry, that's the tenth.

Q. Yep, I got you. That's fine.

So the sentence in full reads, "McDonald ignored the verbal direction, instead raised his right arm toward Officer Van Dyke as if attacking Van Dyke"?

A. Yes.

Q. And you're saying you did not make that statement to Detective March on the night of October 20th, 2014; is that correct?

A. Yes. I don't recall telling him that.

Q. So when you say you don't recall making that statement to Detective March, is it possible that you made the statement that McDonald raised his right arm toward
Officer Van Dyke as if attacking Van Dyke?

A. No.

Q. No, it's not possible?

A. No.

Q. Is it accurate to say that, in your opinion, McDonald raised his right arm toward Van Dyke as if attacking Van Dyke?

A. I'm sorry?

Q. I'm saying that -- I think you've --

MS. RUSSELL: Did you see that? Did you see --

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. You did not see McDonald raise his right arm toward Officer Van Dyke as if attacking Van Dyke?

A. No.

Q. Did you see McDonald -- when you were at the scene on October 20th, 2014, did you see McDonald raise his right arm toward Officer Van Dyke?

A. No.

Q. You did not see him raise his right
arm. Did you see him -- did you see McDonald on
the night of October 20th, 2014, make any
attacking movements toward Officer Van Dyke?
A. Yes.

Q. Tell us about those attacking
movements.
A. Well, he was walking southbound,
swaying the knife.
Q. Okay.
A. And from --

MS. RUSSELL: Let the record reflect that
the witness is swaying a knife -- no, strike
that. She's not swaying a knife. She's making
swaying motions with her right hand.

BY THE WITNESS:
A. So he's walking southbound swaying
the knife, and from my point of view, it looked
like he was coming in an angle.

BY MR. NEUMER:
Q. So tell us about -- an angle in what
way?
A. Like he was coming towards them but
not --
Q. So let's try this direction-wise.
When you first see Laquan McDonald, what direction is he moving in?

A. He -- okay, after you -- after I looked at the video, I didn't even realize I was still in the car when a lot of this occurred, what I saw. I was still in the vehicle.

Q. Okay.

A. He was walking southbound swaying the knife walking -- he was walking southbound swaying the knife and Van Dyke and Walsh were -- how should I put it? They were outside their vehicle.

Q. Okay.

A. And from where I was looking at it on an angle, it looked like he was walking almost towards them.

Q. It looked to you like officer -- or that McDonald was walking towards the officers?

A. Yeah.

Q. Okay.

A. Like in their line.

Q. Again, what -- so what direction was he walking?

A. Southbound.
Q. Southbound. Okay.

And then you mentioned he was at an angle. What did you mean by that?

A. From the point of view I had, it looked as if he was on an angle.

Q. An angle to what? Are you saying he was no longer walking southbound?

A. He was still walking southbound, but it looked like he was kind of swaying over.

Okay, there's --

Q. Did he change direction or...

A. No, he was -- he was going -- he was coming southbound -- how should I explain?

He was still coming southbound swaying the knife, and when I -- when I saw him -- how should I put it?

THE WITNESS: Can we take a break?

MS. RUSSELL: Sure.

MR. NEUMER: The time is 2:43 p.m. We'll go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 2:44 p.m. We're back on record.

What question was pending?
MS. RUSSELL: She was trying to explain what she meant by him walking at an angle.

MR. NEUMER: Okay.

BY THE WITNESS:

A. When I arrived on scene, I didn't realize until I saw the video I was still in the vehicle. So by the angle I'm in, he's walking southbound but because he's straight and I'm in the angle and Van Dyke and Joe are out of their car, it almost seemed to me as if he was walking towards them.

BY MR. NEUMER:

Q. Having watched the video, do you think it is accurate to say that McDonald was walking towards Officers Walsh and Van Dyke?

A. After watching the video?

Q. (Nodding).

MS. RUSSELL: Can I butt in? So I know what the question is, but I guess it depends like where you are in the sequence.

So at one level he is walking towards them, he's in the middle of the road, he's walking towards them as opposed to away from them.
Is that what you're asking generally?
like, is he walking towards them; is he away
from the middle of the road? I could be walking
towards you guys coming this way (indicating) or
I could be walking towards you going this way
(indicating). I'm not sure if that helps or
hurts.

MR. NEUMER: Sure.

MS. RUSSELL: But maybe you can explain
what you meant by it appeared he's walking
towards you or what you saw in the video.

BY THE WITNESS:

A. I mean, what I saw in the video, he
was still walking southbound swaying the knife.
And when I looked at the video, it did seem as
if he turned, but --

BY MR. NEUMER:

Q. Did he turn toward Officer Walsh and
Van Dyke, or did he turn away from Officer Walsh
and Van Dyke?

A. If you slow it down slow enough, it
looks as if he's turning towards them.
WHEREUPON, discussion was
had off the record between Counsel and
Witness.)

BY THE WITNESS:

A. But I'm not sure. But that's -- but
I'm not sure if that's because he was shot at
that point, that that's what made him
(indicating), yes.

BY MR. NEUMER:

Q. So with respect to the statement in
Exhibit 5, is there -- are there any of these
other sentences that you never said to
Detective March, other than the "as if attacking
Van Dyke" portion?

A. The one about, "McDonald was walking
sideways with his body facing east towards Jason
Van Dyke and Officer Walsh," that I'm not sure.

Q. You don't know whether you made that
statement --

A. No.

Q. -- to Detective March?

A. No, that one I'm not sure.

Q. Are there any other statements that
you either know for certain or you are not sure
whether you made to Detective March on the night of October 20th, 2014, in the statement in Exhibit 5?

A. That's it.

Q. So you -- tell me, with respect to, "as if attacking Van Dyke," do you know whether or not you made that statement to Detective March?

A. I did not make it.

Q. You did not make it. And then with respect to "McDonald was walking sideways with his body facing east towards Officers Jason Van Dyke and Joseph Walsh" --

A. No.

Q. -- you don't know whether you made that statement?

A. No.

Q. Every other statement in -- every other sentence in this statement you think you did make to Detective March on the night of October 20th, 2014?

A. Yes.

Q. And, now, different question. Is -- so we've been talking about whether or not you
made these statements to Detective March. We
touched on it a little bit, but I want to ask it
directly.

Look at the statement in Exhibit 5. Are there any of these sentences that you
consider to be inaccurate; it's not actually
what happened?

A. For the rest of them?
Q. For -- I'm talking about the
entire -- so we were focussing primarily just
recently on whether you made the statements in
this exhibit to Detective March.

Now I'm going to ask you a different
question. I'm going to ask whether the
statements in -- that are attributed to you are
accurate. Do they reflect what actually
happened?

A. No.
Q. Do you understand the question that
I'm -- and so, as you look back at this -- as
you look over the statement attributed to you in
Exhibit 5, I want you to identify for me which,
if any, of the statements that are attributed to
you are not accurate, that's not how things
occurred on the night of October 20th, 2014.

A. The one where he -- where he raised his arm towards Officer Van Dyke as if attacking him.

Q. So that statement is not accurate?
A. Not that I know of.

Q. Not -- that's not what you witnessed on the night of October 20th, 2014?
A. Yes.

Q. Right. So you did not witness McDonald raising his right arm toward Officer Van Dyke as if attacking Van Dyke?
A. Yes.

Q. That's correct?
A. That's correct.

Q. So same question now. Are there any other statements or sentences in the statement that are not accurate according to what you witnessed on the night of October 20th, 2014?
A. No.

Q. So every other statement -- every other sentence in your statement is accurate according to what you witnessed on the night of October 20th, 2014?
A. Yes. Except that one sentence that I wasn't sure.

Q. Right.

A. Okay.

Q. Except for the "McDonald was walking sideways with his body facing east" --

A. Yes.

Q. -- you're not sure whether that statement is accurate?

A. I'm not sure if I said it at that point in time.

Q. Let's talk about the accuracy of that statement. Do you think it's accurate that McDonald was walking sideways with his body facing east towards Officer Van Dyke and Joseph Walsh?

A. Well, now that I look at the video, again, it does look accurate.

Q. Your statement -- or the statement, "McDonald was walking sideways with his body facing east towards Officers Jason Van Dyke and Joseph Walsh," having reviewed the video of the shooting, you feel that statement is accurate?

A. Because of that turn? In the video
there's like a slight turn --

Q. Immediately prior to McDonald --

well, at what --

MS. RUSSELL: Let me.

(WHEREUPON, discussion was

had off the record between Counsel and

Witness.)

BY THE WITNESS:

A. For that sentence, to be more

specific, it's not that he was walking sideways

eastbound through the street; he was walking

swaying, so he's kind of -- you know, what I

mean?

BY MR. NEUMER:

Q. Sure.

A. Swaying. So kind of --

MR. NEUMER: For the record --

BY THE WITNESS:

A. -- kind of in and out.

MR. NEUMER: -- Officer Fontaine is moving

her shoulders back and forth in a swinging

motion.

BY MR. NEUMER:

Q. Let's see, I want to ask you whether
you recall making any statements to
Detective March that are not reflected on the
night of -- make any statements on the night of
October 20th, 2014, regarding the shooting that
are not reflected in the Exhibit 5 report --

A. No, I don't remember.
Q. So you don't recall telling
Detective March anything on October 20th, 2014,
that is not in here?

Or, put differently, do you recall
any details you told Detective March that you
don't see included in Detective March's report?

A. The swaying of the knife.
Q. So Detective March didn't -- you told
him that the -- that Laquan McDonald was
swinging the knife, and you don't see that
reflected in Detective March's write-up of your
statement?

A. Correct. Yes.
Q. Any other details that you told --
A. Not that I remember.
Q. I'll just -- any other details you
recall telling Detective March that you don't
see in his write-up?
A. Not that I remember.

Q. Okay. So at this point, I'm going to go through some of the notice -- some of the allegations that are included in the Notice of Allegations. Some of this will be moderately duplicative but...

It is alleged that on or about October 20th, 2014, you made a false statement during an interview with Detective March when you stated that McDonald was walking southbound with his body facing east toward Officers Van Dyke and Walsh.

Do you stand by your previous statement?

A. The -- I'm sorry.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. I stand by my testimony that I've given you today.

MS. RUSSELL: Is that what you're asking?

BY MR. NEUMER:

Q. It is, but I'd like to really hone in...
on, in particular, your statement -- the
statement in the report --

MS. RUSSELL: That's not her statement.

MR. NEUMER: Well, that's true.

BY MR. NEUMER:

Q. The statement that is attributed to
you in Detective March's report and whether you
stand by that previous statement or if there's
anything you'd like to add regarding the
allegations.

So let me read the allegation
again --

MS. RUSSELL: Really quick, before you do,
other than what she's already told you was not
correct? Do you see what I'm saying? The
allegation is you provided a false narrative to
Detective March. I mean, she's told you --

MR. NEUMER: And I --

MS. RUSSELL: So I guess I'm confused by
"Do you stand by your previous statement."

MR. NEUMER: Sure -- oh, sorry. I got you.

BY MR. NEUMER:

Q. So when I say, "previous statement,"
I'm not referring to anything you've told us
today. What I'm referring to is the statement that is attributed to you in Detective March's report, the **Exhibit 5** report. And so I'll read the allegation again and give you an opportunity to respond.

So it is alleged that on or about October 20th, 2014, you made a false statement during an interview with Detective March when you stated that McDonald was walking southbound with his body facing east toward Officers Van Dyke and Walsh.

Do you stand by your previous statement as included in **Exhibit 5**, or is there anything you'd like to add regarding this allegation?

A. As I stated earlier, I don't remember telling him that.

Q. Okay. It is alleged that on or about October 20th, 2014, you made a material omission during an interview with CPD Detective March when, with respect to the McDonald shooting, you failed to state that Officers Van Dyke and Walsh moved towards McDonald prior to the shooting.

Why didn't you tell Detective March
that McDonald changed the direction in which he
was walking prior to being shot by
Officer Van Dyke -- let me read that again.

Strike that.

MS. RUSSELL: I think you're on four.

MR. NEUMER: Strike that.

BY MR. NEUMER:

Q. It is alleged that on or about
October 20th, 2014, you made a material omission
during an interview with CPD Detective March
when you failed to state that Officer Walsh and
Van Dyke moved towards McDonald prior to the
shooting.

Why didn't you tell Detective March
that Officer Walsh and Officer Van Dyke moved
towards McDonald prior to the shooting?

A. Detective March never asked me that
question and --

Q. Okay.

A. And I never saw that.

Q. You never saw Officers Walsh and
Van Dyke move towards McDonald prior to the

A. No, their vehicle was blocking them.
1 MS. RUSSELL: From her view.
2
3 BY THE WITNESS:
4   A. From my view --
5
6 BY MR. NEUMER:
7   Q. From your view --
8   A. -- they were blocked.
9   Q. Officer Walsh and Officer Van Dyke
10 were blocked from your view by their vehicle?
11   A. Yes.
12   Q. It is alleged that on or about
13 October 20th, 2014, you made a material omission
14 during an interview with CPD Detective March
15 when you failed to state that Laquan McDonald
16 changed direction prior to being shot by
17 Officer Van Dyke.
18   Why didn't you tell Detective March
19 that McDonald changed the direction in which he
20 was walking prior to being shot by
21 Officer Van Dyke?
22   A. I didn't see that. I didn't see him
23 changing direction.
24   Q. Okay. It is alleged that on or about
25 October 20th, 2014, you made a false statement
26 during an interview with CPD Detective March
when, with respect to the McDonald shooting, you
stated that McDonald raised his right arm toward
Officer Van Dyke as if attacking Van Dyke.

Do you stand by that statement, or is there anything you would like to add regarding
this allegation?

A. I never made that statement.

Q. You never made that statement to Detective March.

A. To Detective March.

Q. Right. Do you have any idea why Detective March included that statement in his report?

A. I have no idea.

Q. Did Detective March at any time ever ask you to change your story about -- when he was interviewing you?

A. No.

Q. Did he ever direct you what to say regarding the McDonald shooting?

A. No.

Q. How about with respect to when he showed the video and he made a comment; did you feel as if he was instructing you how to
respond?

A. I -- different people were looking at the video, so I just assumed he wanted us to see the video.

MS. RUSSELL: Listen to his question.

Can you read it back.

(WHEREUPON, the record was read by the reporter.)

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Do you know what he was trying to communicate to you by showing the video and making a comment on the shooting?

A. No.

Q. Did you feel pressured by Detective March to agree with his comment -- the comment that he made regarding the video?

A. No.

Q. It is alleged on or about October 20th, 2014, that you made a false statement to CPD Detective March when, with respect to McDonald shooting, you stated that the gunshots Officer Van Dyke fired at McDonald
were rapid fire and without pause.

Do you stand by your previous statement to Detective March, or is there anything you would like to add regarding this allegation?

A. No, that's -- I stick to that. I --

that's -- at that point in time, that's what I heard.

Q. It is alleged that on or about October 20th, 2014, you provided a false narrative to Detective David March of the CPD concerning the McDonald shooting through a series of false statements or material omissions --

MS. RUSSELL: I'm sorry to interrupt you, but what allegation are you on? My next one is in-car video.

MR. NEUMER: Right. So this is one. We're back to allegation one.

MS. RUSSELL: I see. Okay. Got it.

BY MR. NEUMER:

Q. So it is alleged that on or about October 20th, 2014, you provided a false narrative to Detective March concerning the
McDonald shooting through a series of false
statements and material omissions.

Do you stand by your previous
statements to Detective March, or is there
anything you would like to add regarding this
allegation?

A. Just what I stated earlier.

Q. Earlier in this interview?

A. In this interview.

MR. NEUMER: Kris, do you have follow-up on
this section?

MR. BROWN: Yeah, I've got a couple of
follow-ups.

BY MR. BROWN:

Q. You mentioned earlier that
Detective March showed you a video in an
office --

A. Yes.

Q. -- is that accurate?

Just a little bit ago I thought you
might have said something about he showed us the
video. I just wanted to get you to clarify, did
he just show you the video by yourself in the
office, or did he show the whole group in the
big room?

A. It was me, him, and I want to -- I -- as I'm thinking about it, I think there was somebody else in there that was running the video.

Q. Okay.

A. So I -- I'm sorry.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. No, I'm sorry, I'm getting you confused. There was no other officers, just me.

BY MR. BROWN:

Q. And the other person that was in the room, that was a technical person to operate the video?

A. I don't know. I don't know.

Q. Sure. You didn't know what the purpose of -- for that other person, you don't know why they were there?

A. No, I don't.

Q. Just to recap, when you were in the side office looking at the video, it was just
yourself, Detective March, and this other person?

Q. Did the other person say anything to you?

A. No.

Q. Did the other person take any notes as far as you know?

A. No.

Q. In the video that was shown to you by Detective March, was that the same video as what was tendered to you by IAD, I guess via us?

A. I can't answer that because -- it's not that I can't; I don't know. I don't know.

Q. Was it the same video that --

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

MS. RUSSELL: Let me interject. I think the video that she saw was the actions as depicted on the video that was provided to her. Whether it was the same video, she can't be certain.

Is that an accurate statement?
THE WITNESS: Yes.

BY MR. BROWN:

Q. And that's totally understandable.

I'm not definitely trying to get you to say it's
lie the exact same video --

A. Oh, okay.

Q. -- who knows what he showed that
night. I just wanted to get you to say if it
was the same footage, like the shooting --

A. Yes.

Q. -- was the same thing that you saw.

Okay.

Do you recall how much of the video
he showed you?

A. Just the walking southbound and
him -- like I said, that little turn.

Q. So just -- you were just shown
McDonald walking southbound from the Burger
King --

A. I don't even think it was all the way
from the Burger King.

Q. Okay.

A. I think it was just him walking and
that turn -- that little turn.
Q. You did get to see the actual shooting, though, on the video, right?

A. From the video?

Q. Yes.

A. Yes.

Q. Okay.

A. And all over the news.

Q. Right.

A. Yes.

MS. RUSSELL: Did Detective March show you the shooting portion?

THE WITNESS: No.

BY MR. BROWN:

Q. So the video he showed you, he just showed you McDonald walking, I guess, towards Officer Walsh and Van Dyke, but the video was cut off before the shooting occurred?

A. Yes. It was just the turn and that was it. It wasn't continued all the way.

MR. NEUMER: Can we go off the record for one moment?

MR. BROWN: The time is now 3:10 p.m.

(WHEREUPON, discussion was had off the record.)
MR. NEUMER: The time is 3:12. We'll go back on the record.

BY MR. NEUMER:

Q. Officer Fontaine, I'm now going to show you a portion of the video that was recovered from the in-car video system of Beat 813 Robert vehicle. This is one of the videos that OIG provided to you on February 22, 2016, on DVD.

My colleague, Kris Brown, is going to open the VLC media file titled VIDEO_TS.IFO on his laptop. File contains six minutes and five seconds of footage. The video has a time stamp on it indicating the date and time the video was recorded.

And we're going to advance the video to the portion time-stamped 9:57 p.m. and 22 seconds. And there's also a corresponding VLC media player time-bar time, which goes from zero to six minutes, five seconds.

And we are at 4:37 on the media player time bar. And, again, we should be at 9:57 and, I think, 22 seconds p.m. in terms of the embedded time stamp.
MR. BROWN: Then we want to go to a little bit before that to capture more of the walking?

MR. NEUMER: Well, I don't think Officer -- what I'm going to first do is play it from here and ask Officer Fontaine to stop the video when she sees her car pull up on the scene.

BY MR. NEUMER:

Q. We can do this a few times, so don't feel any pressure, but why don't we roll the video, and I want you to stop us when you see your vehicle, the vehicle that -- you're a passenger in, correct?

A. Yes.

Q. Pull up on the scene. So we're going to start the video.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. That's us.

MR. NEUMER: So Officer Fontaine has -- we stopped the video at embedded time stamp October 20th, 2014, 9:57 p.m. and 33 seconds.

BY MR. NEUMER:

Q. Is that correct, Officer Fontaine?

A. Yes.
Q. And you directed us to stop the video because you now see your -- the vehicle you were a passenger in that night, 841 Robert, pull up behind Officers Van Dyke and Walsh; is that correct?

A. Yes.

Q. So what I'm going to do now is, we're going to start the video again, and I want you to point out the turn that you've been -- you referred to a couple times. Is that fair?

A. Yes.

Q. So we're going to start the video.

And, again, you can see this a couple times. I want you to direct us to stop the video when you see the turn that you were talking about earlier. So go ahead and start the video.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. Before that --

BY MR. NEUMER:

Q. We'll go back a few seconds and we'll start again.

(VIDEO BEING PLAYED)
BY THE WITNESS:

A. Stop. You see right here where it looks like he's walking and then...

BY MR. NEUMER:

Q. We have stopped it at 4 minutes and 54 seconds on the VLC media player time bar. There's no time stamp on the -- the time stamp embedded is not visible at the moment on the video footage.

And so, Officer Fontaine, why did you direct us to stop it right here?

A. Because this is where it looks like he went from straight to an angle, a little angle or --

Q. A little angle --

A. -- a twist.

Q. He's making a turn you're saying?

A. Yes.

Q. And is this the turn that Detective March pointed out to you when you were at Area Central and he showed you the video?

A. This wasn't the video. The video he showed me you saw his angle this way

(indicating).
Q. You saw whose angle which way?
A. Van -- McDonald, you actually saw him walking, not from the back, but from the side.

Q. From the side?
A. It might be the Dunkin' Donut one?

BY MR. BROWN:

Q. Was it a perspective from further away?

BY THE WITNESS:

A. Yes. It was --

MS. RUSSELL: Let's see the other one, if you don't mind, and then you say if that was the right one.

MR. NEUMER: Let's pull up the Dunkin' Donuts video.

MS. RUSSELL: Or the other car?

BY MR. BROWN:

Q. Is that it? It will take some time for me to get the moment. The vehicles come from this way, and you only get to see a small view from Van Dyke and Walsh like right there.

A. Then it must have been the other one.

MR. NEUMER: For the record, at the moment we are showing Officer Fontaine the Dunkin'
Donuts video surveillance that was provided to Officer Fontaine on DVD on February 22, 2016.

BY MR. NEUMER:

Q. Officer Fontaine, is it fair to say that the Dunkin' Donuts surveillance video footage that we are presently showing you is not what Detective March showed you on the night of October 20th, 2014?

A. Yes.

Q. We're now going to close this out and let's go back to the dash cam footage from --

MR. BROWN: 813.

BY MR. NEUMER:

Q. -- Vehicle 813 Robert. So I'm going to ask you, Officer Fontaine, once we load the file and get it to the appropriate portion, we'll show it to you again, and I'm going to ask you whether it's possible that the 813 Robert dash cam footage is what Detective March showed you on October 20th, 2014. But don't answer just yet. Let's watch the video again and see.

BY MR. BROWN:

Q. And for note, this one is in full-time, so maybe that -- maybe that might
assist you in seeing how it's playing out.

(VIDEO BEING PLAYED)

BY MR. BROWN:

Q. If you want, I can put it slower, frame by frame.

MR. NEUMER: So, for the record, the footage we just showed to Officer Fontaine of the shooting of Laquan McDonald was played at full speed. Previously we showed it to Officer Fontaine at a slowed-down speed.

BY MR. NEUMER:

Q. So, Officer, we'll stop the video. And I want to ask you if you think it's possible that the footage you are watching right now or the footage we showed you is the same footage that Detective March showed you on the night of October 20th, 2014? Do you think that's possible?

A. Yes.

Q. Do you think it's likely that this is the footage Detective March showed you?

A. Yes.

Q. So let's watch again. And I want to -- again, I want -- we've already identified
when your vehicle comes onto the scene. I want you to now to identify for us the turn that Detective March pointed out to you at Area Central on October 20th, 2014.

BY MR. BROWN:

Q. I'm going to ask, would it be easier for you to watch it full speed or would you like it --

A. It has to be slow motion because I can't tell you exactly when --

Q. Sure. No problem.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. Oh, I'm sorry. I forgot to --

BY MR. BROWN:

Q. That's okay.

MR. NEUMER: We'll go back a few seconds.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. That -- is that what you want me to say where he turned?

BY MR. NEUMER:

Q. What I want you to identify is what Detective March pointed out to you. I believe
previously you testified Detective March pointed out to you some sort of turn and asked whether you saw the turn when he was showing you the video at Area Central on October 20th, 2014. So what we want you to identify right now is the turn that Detective March was referring to when he showed you the video. Does that make sense?

A. Yes.

Q. So let's watch it one more time and, again, I want you to focus specifically on the turn that Detective March was referring to.

MS. RUSSELL: If you remember exactly which one he showed you.

(VIDEO BEING PLAYED)

MR. NEUMER: So, for the record, we just showed Officer Fontaine a portion of the 813R vehicle dash cam from about 9:57 -- with the embedded time stamp 9:57 and 28 seconds to 9:57 41 seconds.

BY MR. NEUMER:

Q. Did you see the turn that Detective March was -- mentioned on the night of October 20th, 2014, when he showed you the
video?

A. You know, I'm not sure.

Q. Okay. Can you tell us -- and I'm going to go back.

A. Can I have a minute?

Q. Sure. Take a minute.

MR. NEUMER: The time is 3:24. We'll go off the record.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 3:25. We're back on the record.

We're now going to show Officer Fontaine the dash cam video from, I think, 845 Robert. Is that correct?

MR. BROWN: That's correct.

(VIDEO BEING PLAYED)

BY THE WITNESS:

A. No, that's not it.

BY MR. BROWN:

Q. That's not the one Detective March showed you?

A. No.

MS. RUSSELL: Are either of these the one
he showed you?

THE WITNESS: Like I said, I don't...

BY MR. BROWN:

Q. Did the video Detective March showed you appear to be as blurry as --

A. No.

Q. -- this video right here?

A. No.

MR. NEUMER: And, again, for the record, Officer Fontaine is viewing the footage from the 845R vehicle dash cam.

(VIDEO BEING PLAYED)

BY MR. NEUMER:

Q. Officer Fontaine, do you think --

would it help you to watch the 813 Robert dash cam footage additional times to try and identify the turn that Detective March mentioned on the night of October 20th, 2014?

A. Yes.

Q. It would?

MR. BROWN: Okay. So now we'll go back to the 813R video. Would you like to watch it in full speed or the slower speed?

THE WITNESS: No, full speed.
MR. NEUMER: We'll cut to the 9:57 and 28 seconds in the embedded time stamp for the 813 Robert dash cam footage now, and we will show the relevant portion to Officer Fontaine at full speed in an effort to help Officer Fontaine identify the turn that Detective March pointed out to her on the night of October 20th, 2014.

(VIDEO BEING PLAYED)

MS. RUSSELL: The question is do you remember --

THE WITNESS: If that's the one --

MS. RUSSELL: -- Detective March?

THE WITNESS: Yes.

MS. RUSSELL: Are you sure?

BY MR. NEUMER:

Q. So now what I'm going to ask you to do again is have my colleague stop the video -- I want you to have Kris stop the video -- so what we want to do is establish a good record.

If you think you can identify the turn that Detective March pointed out to you -- and if you can't -- I'm not trying to put words in your mouth. You either can or if you don't think you can, that's okay, too, but we're going
to run it one more time and I want you to
instruct my colleague to stop the video if you
think you identified the turn that
Detective March pointed out to you on the night
of October 20th, 2014, when he showed you this
video.

MS. RUSSELL: So you've identified, you
seeing the video, where you have seen the turn,
but the question is Detective March that
night --

THE WITNESS: Yes.

MS. RUSSELL: Okay? So if you can
remember, you can; if you can't, you can't.

MR. NEUMER: So we'll watch it -- maybe go
back like three seconds or something.

MR. BROWN: Rewind it one more time?

THE WITNESS: No, I'm not sure.

BY MR. NEUMER:

Q. Do you think that watching it again
would help you become more sure -- or would
help -- is it fair to say that you've watched
the video maybe five to seven times and you're
not sure when Detective March -- the exact
moment he was -- he referred you to when he
showed you the video?

A. Yes.

Q. Okay.

MR. NEUMER: I think -- did you have any follow-up?

MR. BROWN: I think I have another couple quick ones.

BY MR. BROWN:

Q. I just wanted to ask, prior to the night of the McDonald shooting had you ever been questioned by a detective before?

A. By a detective?

Q. Yes, in this manner that March was questioning you.

A. Not at -- no, not in this situation.

Q. My next question was going to be, are there other situations where you were questioned?

A. On a call. Like if I was on a call and detectives came on scene, yes.

Q. But not in a situation where you were taken back to an area station and questioned about an incident like your observation of an incident?
A. I'm trying to think. I don't recall.

Q. Even in those instances where you weren't taken back to an area, maybe a detective just spoke to you about something else?

A. I have had detectives talk to me about stuff in certain cases.

Q. In relation to your observations as to whatever occurred?

A. Yes.

Q. Okay. In any of those instances, do you recall the detective showing you a video prior to getting your statement?

A. No.

Q. I think from what we were understanding from the -- when you're at the area and when March asked you to come into that office with yourself and then that other person was in there, it didn't sound like there was much conversation that occurred at that meeting, correct?

A. Yes.

Q. Was it -- it safe to say that the stuff -- the statements that are attributed to you in the detective Supplementary Report, those
all came from when March spoke to you near your
squad car?
   A. Yes.
   Q. I just wanted to make sure that --
since he didn't speak to you much at the area,
that when he did talk to you about the stuff
that's in the report.
   A. I can't speak for him, so I don't
know, but I'm assuming, yes.
   Q. No, I'm kind of asking did you -- the
statements that are attributed to you in this
report, did you make those statements near your
squad car?
   A. That one, yes.
   Q. Okay.
   MR. BROWN: That's all.
BY MR. NEUMER:
   Q. The statements that are attributed to
you in Exhibit 5 you made to Detective March
outside of your squad car at the scene of the
Laquan McDonald shooting?
   A. Yes.
   MS. RUSSELL: Other than the ones she's
previously testified to that she did not make.

MR. BROWN: Yes.

BY THE WITNESS:

A. Yes.

BY MR. BROWN:

Q. Yes. Okay. All right.

You mentioned that you weren't certain about the statement in Exhibit 5 about the walking sideways with his body facing east. Can you -- I wanted to get -- if possible, can you elaborate on why you think you might not have made that statement?

A. Because of the fact that I -- I've stated that he was walking southbound swaying the knife. Otherwise, I would understand that I'd be like he was walking actually all the way facing east.

THE WITNESS: Do you know -- how can I say this?

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. I mean, I just saw him walking
southbound swaying the knife.

BY MR. BROWN:

Q. And that's perfectly fine. I was hoping to get to that language that's in the report that's attributed to you. Is that -- was that language something you typically wouldn't say, like you -- would you say like a person's walking in a direction facing another direction? Is that a statement that you would normally make in a report? Do you get usually that specific with a person's direction as they're walking?

A. Not that detailed. I mean, depending on the situation. But for something like this, it's -- what I witnessed was southbound. Do you know --

Q. I think I understand. So you're saying it's -- depending on the situation, you might have put in your statement that a person was walking in a certain direction, but, in this particular instance, in relation to Exhibit 5, you think McDonald was walking southbound and --

A. Because --

Q. -- that's why you're not sure about that statement being totally accurate?

whether he showed you the actual shooting?

A. Yes.

Q. Is it possible he showed you the shooting?

A. It's possible.

Q. Other than his showing to you of the footage of the scene of the Laquan McDonald shooting, did he provide you with any other information regarding the shooting of Laquan McDonald as you were giving him statements regarding your version of events?

A. I'm sorry, was he...

Q. Did he provide you any other information? He showed you the video. Did he provide you any other details regarding the shooting as you were discussing the -- your witnessing of the shooting?

MS. RUSSELL: I think -- I don't think her testimony was that they were discussing the -- what she witnessed in the room, the video. She did in the car.

BY MR. NEUMER:

Q. At any point in the night of October 20th, 2014, when you were talking to
Detective March, did he provide you details regarding the shooting of Laquan McDonald?

A. No.

Q. Other than showing you the video at Area Central?

A. No.

Q. Nothing else?

A. No.

Q. Did he ever direct you to make certain statements regarding what you witnessed?

A. No.

Q. Did he ever tell you what you said you saw was not accurate?

A. No.

Q. I think now we are going to move on to dash cam. And we want to talk to you about the 841 Robert in-car video system. That 841 Robert is also Vehicle 8948. Do you have a recollection of the vehicle number you were driving -- you were a passenger in on the night of October 20th, 2014?

A. I don't remember. We change vehicles every day.

Q. If we showed you a report showing
that vehicle 841 Robert was Vehicle Number 8948, would you have any reason to doubt the accuracy of that report?

A. No.

Q. And we'll show you that -- we'll get to that.

So generally what's the purpose of an in-car video system?

A. To make -- I'm sorry. Just to make sure everything's logged in that it's keeping -- that if we arrived on scene -- arrive on a scene of a call or a traffic stop, that we're following, you know, our rules. And if anything goes awry with the subjects being stopped or even can go wrong, it's kind of to protect both parties.

Q. And so that in-car video system, it captures video and audio; is that correct?

A. Yes.

Q. And can you walk us through the ways you interact with the in-car video system as part of your daily duties.

A. You -- well, when you start your tour, you have to log in. The mics do not work
if the camera doesn't work. So if the camera doesn't work, your mics do not work. The mics have to be synced to the camera.

Q. And you sync those mics prior to the start of your tour of duty?
A. To the start of the tour, yeah. Yes. When you turn on your camera at the beginning of your tour, you sync the mics, and then they should all -- everything should be working.

Q. And then throughout the rest of your shift, another -- what other ways do you use the in-car video system for your vehicle?
A. Again, to video any kind of calls, stops, interactions with specific people.

Q. And now I want to talk -- as of October 20th, 2014, what rules and regulations governed your use of the in-car video system?
A. I'm sorry?

Q. Do you know what rules and regulations applied with respect to your or any officer's use of the in-car video system?
A. The use of it? That we have to use it?

Q. (Nodding.)
A. Yes, it's a procedure that we have to use it.

Q. I'm going to show you what we will mark as Exhibit 7. This is Special Order S03-05 issued February 23, 2012.

(WHEREUPON, a certain document was marked Exhibit No. 7, for identification, as of 03/16/2016.)

BY MR. NEUMER:

Q. And this is a Chicago Police Department Special Order pertaining to in-car video systems. I would direct your attention to Section 6 on Page 3 titled Operational Procedures.

So have you seen Exhibit 7, this Special Order before, Officer Fontaine?

A. 6 or 7?

Q. Sorry, it's Exhibit 7. Section 6 of Exhibit 7. But I'm asking you more broadly, have you seen this exhibit, this Special Order prior to today?

A. Yes.

Q. Okay. And where did you come into contact with this Special Order?
A. They have them in the stations.

Q. Did you ever receive training on these procedures?

A. Yes.

Q. Tell us about this training or those trainings.

A. The training was done through eLearning, which is programmed into the computer, where you bring it up and they give you -- they show you how to turn it on, how to turn it off, how it works.

Q. And how long did that training take?

A. I'm not quite sure, but maybe an hour, 45 minutes, hour.

Q. Did you receive any other trainings other than that eLearning training?

A. Not that I recall.

Q. Did you ever go to the academy for a training on in-car video systems?

A. I don't remember.

Q. With respect to that Section 6 on Page -- actually, I think it's Page -- no, it is Page 3, do you see the portion of Section 6(A)(1) where it says, "At the beginning of a
tour of duty" -- I'll insert department members are to -- "visually inspect the in-car video system equipment for damage; obtain the remote transmitter/audio recorder and ensure that it is securely fastened to member's person; follow the startup procedures for the in-car video system as trained and ensure the system is working properly."

Do you see that section?

A. Yes.

Q. Were you familiar with that section?

A. Yes.

Q. Okay. Were you familiar with that section as of October 20th, 2014?

A. Yes.

Q. Did you know that you were to follow those procedures outlined in Section 6(A)(1) of Exhibit 7?

A. Yes.

Q. Okay. Let's see, do you see the note in that same section --

(WHEREUPON, discussion was had off the record between Counsel and Witness.)
BY MR. NEUMER:

Q. Do you see the note in that same section that states, "Members will immediately notify supervisor if at any time the in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable, or the remote transmitter/audio recorder is missing"?

A. Yes.

Q. Did you ever -- was there ever an occasion where you had to notify your supervisor regarding a damaged in-car video system?

A. Yes.

Q. Okay --

A. Can -- go ahead.

Q. Tell us, how does that process work when you have to notify a supervisor about a damaged in-car video system?

A. The procedure we had at that point was, because we're so short on cars, we -- they assign us a car, and we have to take the car that's assigned to us.

If the equipment's not working, the sergeant by -- sometimes they get stuck in the
station, but by -- when they come out, they'll
PDT us and they'll ask us, How's the camera?
How's the mics?

Q. Who will come out?
A. The sergeant. We have to send them a
message over the computer stating the cameras
are working or they're not working or -- when
they're not working, there's a ticket number.
The ticket number's like a work request that it
has to be worked on for the vehicles.

So as long as there's a ticket
number, they want us to take the car out. And
then we, in turn, will notify the sergeant when
he comes out on the street saying, you know
what, we have a ticket number, our camera's not
working.

Q. So would you notify your -- and I'm
talking -- let's direct this all to
October 20th, 2014, --
A. Yes.

Q. -- the procedures that are in place
as of that time. Would you notify your sergeant
every day like, Camera's working or in-car video
system is working, or only when it wasn't
working would you talk to your sergeant about it?

A. Every day. It's working every day or it's not working or a ticket number.

Q. So -- okay. So let's say it's not working -- again, going back to that. And I think you touched on this, but like if you try and power on the system or find out it's not working in whatever way, what do you do?

A. Well, if it's not working, like I said, and has a ticket number, we still have to go out.

Q. Okay. And how do you know if it has a ticket number, the vehicle has a ticket number?

A. Because there's an actual -- it says ticket number, and they have it on the camera or they have it somewhere around in the camera.

Q. What if there's no ticket number on the camera?

A. Then we have to notify the sergeant that it's not working and then -- you know, I don't know if he calls -- I don't know what he does, but apparently they're the only ones who
can get a ticket number.

Q. So you call your sergeant, you tell them the in-car video system's not working, and is that it?
A. That's it.

Q. And sergeant does whatever he does. You don't know what he does.
A. Exactly.

Q. Are you familiar with the term "help desk ticket"?
A. Yes.

Q. Is that the -- does that differ from the ticket you were talking about?
A. I'm assuming -- I don't know if that's the same ticket the sergeant gets, I don't know.

Q. But there's like a sticker on -- like say someone had called your supervisor -- say you call your supervisor and report something, in-car video system's not operating, right?
A. Yes.

Q. Are you then supposed to get some sort of sticker or something and put that on the camera?
A. Not a sticker. They just give us a ticket number and we write it down on any piece of paper we have, and then we have to make sure it's somewhere stuck or shoved --

Q. Visible.

A. Visible. On the camera. So whatever --

Q. You can write it on whatever scrap of paper and tape it up there?

A. Mm-hm. Yes.

Q. So, let's see, you were the passenger in the 813 Robert vehicle on October 20th, 2014?

A. No.

Q. 841?

A. Yes.

Q. Right. I apologize. Let's try this again.

You were the passenger in the 841 Robert vehicle on October 20th, 2014, right?

A. Yes.

Q. And 841 Robert, that -- well, let me just back up a little bit.

Were you in the same -- generally, are you in the same vehicle every day as part of
your officer duties?

A. They try to keep you in the same vehicle.

Q. Do you have any recollection, with respect to the vehicle you were in on October 20th, 2014, whether you had been in that vehicle for the days prior?

A. I'm not sure.

Q. But generally you'd be in the same vehicle for a matter of days or weeks? Or tell me how that works.

A. Yes, if everything goes well, yes, then we can have the car almost, you know, months at a time.

Q. Okay. And so the 813 Robert vehicle -- 841 Robert vehicle had an in-car video system, right? For the vehicle you were driving on October 20th, 2014.

A. Yes.

Q. And as of October 20th, 2014, how long had you been either the -- working and driving and being the passenger in CPD vehicles that had in-car video systems?

A. It had been a while since we were in
one with a camera. Is that the question?

Q. Well, say more about what you mean.

Prior to October 20th, 2014, you had not been

driving vehicles or being a passenger in a

vehicle with an in-car video system?

A. There was a lot of -- for the most

part, 841 Robert, it's a rapid car, so they get

the last --

Q. Rapid?

A. Rapid.

Q. What does that mean?

A. This means that in-progress calls for

the whole -- like we have 10 sector, 30 sector,

20 sector.

Q. Okay.

A. So we're not assigned to a beat, so

we just kind of float around. And because we're

not assigned a beat, we're the last ones to get

whatever's left. They want the beat cars out

there first, so, basically, whatever's left,

they give it to us.

Q. Okay.

A. So a lot of times it's the pool cars

that they give the rapid cars, which the pool
Q. And so those pool cars don't have in-car video systems?
A. Exactly.
Q. So how long had you been driving or assigned a CPD vehicle that had an in-car video system?
A. I don't recall.
Q. Was it a matter of years, do you think, prior to October 20th, 2014?
A. I don't think it was years, but -- I -- I don't recall because we float around sometimes.
Q. With respect to the vehicle you were driving on October 20th, 2014, do you recall having issues with that vehicle's in-car video system on previous tours?
A. Yes.
Q. Tell us about those issues.
A. The -- well, there had been a ticket number on it for a very -- for a while, and -- see, because they changed it. But a lot of -- that vehicle, the camera wasn't working and it
Q. The vehicle you were driving on October 20th, 2014?
A. Passenger, yes.

Q. The in-car video system wasn't working?
A. No.

Q. And you're saying it had a ticket number on it?
A. Yes. I --

Q. I want you to be very clear here. Are you saying that there was a ticket number stickered to the -- somewhere around the camera on the 841 Robert vehicle on the night of October 20th, 2014?
A. Yes.

Q. That's your recollection, that there was a -- some sort of sticker with a ticket number?
A. There was a piece of paper with the ticket number, yes.

Q. So on -- do you recall whether you had driven the 813 -- 841 Robert vehicle on the previous day?
A. I don't recall.

Q. Do you recall what -- so do you recall that 841 Robert vehicle having a sticker on its camera like that previous day, the previous week?

A. Having a ticket number on it, yes.

Q. In the previous week?

A. Yes.

Q. I'm sorry, prior to October 20th, 2014.

A. Yeah, I -- I'm not sure.

MS. RUSSELL: Can we take a quick break?

MR. NEUMER: It's 3:56 p.m. We'll go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 4:03 p.m. We're back on the record.

BY MR. NEUMER:

Q. Officer Fontaine, do you have something you'd like to say clarifying your statement regarding a ticket on the camera of the 841 Robert vehicle on the night of October 20th, 2014?

A. Yes, I'm not sure if there was a
ticket number because we do jump from car to
car, so I -- I don't recall.

BY MR. NEUMER:

Q. I want to direct your attention again
to the night of October 20th, 2014. Do you
recall what sort of procedures you followed at
the beginning of your tour with respect to the
preparation of the in-car video system for the
841 Robert vehicle?

A. At -- because it was so early in the
beginning of the tour, we were still waiting for
our sergeant to come out so we can send him a
message.

Q. So do you have an independent
recollection of attempting to start up the
in-car video system for the 841 Robert vehicle
on October 20th, 2014?

A. No, we didn't try it because of
the --

Q. Sorry, let me -- I'm asking whether
you have a specific recollection of
October 20th, 2014, and the startup procedures
you either attempted or were going to attempt on
the night -- on that night. Does that make
sense?

A. Yes.

Q. Okay.

A. Again, because I'm not sure if it had a ticket number or not, I don't -- I don't -- again, depending on if there's no ticket, we try it. But if there's a ticket, we don't. So because I don't know, I can't -- I'm not sure.

Q. You're not sure what kind of protocols you followed with respect --

A. Exactly.

Q. -- in-car video system for the 841 Robert vehicle on October 20th, 2014?

A. Yes.

Q. Do you have any recollection whether you visually inspected the in-car video system for the 841 Robert vehicle for any equipment damage?

A. Yes.

Q. You did?

A. Yes because we -- at the beginning of the tour, we have to walk around the car and make sure if there's any damage outside of it, and then we check inside to make sure there's
nothing left from anyone. And so we did do
that.

Q. You and Officer Viramontes?
A. Yes.

Q. And you recall doing that on
October 20th, 2014, before the start of your
tour?
A. When we get on -- get to the vehicle,
that's the first thing we do.

Q. And where is the vehicle located?
A. In the parking lot.

Q. And where is the parking lot located?
A. The district is 3420 West 63rd
Street.

Q. Okay. So you recall getting to the
parking lot at 3420 West 63rd Street and you and
Officer Viramontes doing a visual inspection of
the outer --
A. The outside and inside.

Q. So you do an interior and exterior
visual inspection of the in-car video system on
October 20th, 2014?
A. Yes.

Q. Did you log in to the in-car video
system for the 841 Robert vehicle on
October 20th, 2014?

A. To the video part of it?

Q. Well, just the in-car video system you have to log into it, right?

A. We have to log into it. No.

Q. Did you log into the in-car video system for the 841 Robert vehicle on
October 20th, 2014?

A. No.

Q. Why not?

A. Again, it wasn't working.

Q. So log-in was not possible?

A. We didn't try it because -- if it had a ticket, we didn't try it. And I remember not trying it.

Q. But you don't --

A. -- I don't remember if there was a ticket or not.

MS. RUSSELL: Can we have a minute, please?

MR. NEUMER: Sure. 4:07 p.m. We'll go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: 4:07 p.m. We're back on the
record.

BY MR. NEUMER:

Q. Do you want to make a statement or --
I can't remember what the last question was.

A. About turning on the in-car camera?

Q. Yes.

A. Because I do believe there was a ticket number, that's why I didn't try to log in.

Q. You believe there was like some sort of taped-up number on the in-car video system somewhere on the camera?

A. Yes.

Q. So would there have been any reason for you to sync the microphone to the in-car video system for the 841 Robert vehicle on October 20th, 2014?

A. No.

Q. Because it wasn't working?

A. Exactly.

Q. Okay.

A. Yes.

Q. And there would be no point in verifying that the microphones were synced and
operational because the in-car video system for
the 841 Robert vehicle was not working on
October 20th, 2014?
   A. Yes, you can't sync them if it's not
      on.
   Q. Right. And it's fair to say that
there would have been no audio or video
recovered from the 841 Robert vehicle's in-car
video system the night of October 20th, 2014?
   A. Yes.
   Q. Because the in-car video system
wasn't working?
   A. Yes.
   Q. And did you at any time on
October 20th, 2014, or prior to October 20th,
2014, intentionally tamper with the in-car video
system for the 841 Robert vehicle causing it to
be nonfunctional?
   A. No.
   Q. Do you know if Officer Viramontes at
any time on October 20th, 2014, or prior to
October 20th, 2014, intentionally tampered with
the in-car video system for the 841 Robert
vehicle on -- causing it to be nonfunctional?
MR. NEUMER: At this time we are going to hand you what has been previously marked as Exhibits 8, 9, and 10.

(WHEREUPON, Exhibit No. 8, No. 9 and No. 10 were tendered to the witness.)

BY MR. NEUMER:

Q. This all has to do with the 841 Robert vehicle, and its in-car video system.

So Exhibit 8 is a Supplementary Report created by Sergeant Lance Becvar regarding his findings as to the in-car video systems for five CPD vehicles that were at the scene of the Laquan McDonald shooting including the 841 Robert vehicle.

Exhibit 9 is an in-car camera Video Retrieval Worksheet dated October 20th, 2014, that has notes regarding the five vehicles that were at the scene of the Laquan McDonald shooting including the 841 Robert vehicle.

And then Exhibit 10 is an e-mail dated Friday, July 17, 2015, from Sergeant Lance Becvar to Jonathan Lewin regarding his findings as to the in-car video systems for Vehicle...
9— -- well, it says 8949, it's actually referring to 8948, which is the 841 Robert vehicle.

So take a moment. Please look these over, these three exhibits, and let me know when you've had a chance to look these over. You don't -- just let me know when you've had a chance to look these over.

MS. RUSSELL: So how do we know that the -- this 8949, how do we know it's actually not 8949 and it's hers?

BY MR. NEUMER:

Q. Right, so if you look at Exhibits 8 and 9, they refer --

MS. RUSSELL: They flow?

BY MR. NEUMER:

Q. -- 841 Robert vehicle as 8948, both 8 and 9 do. So I think it is fair to say we've also confirmed with Sergeant Lance Becvar that that was a typo, that 8949 is actually 8948, but it is true that it refers to Vehicle 8949.

So I'm proceeding under the assumption that the Vehicle 8949 referenced in the Exhibit 10 e-mail from Lance Becvar to
Jonathan Lewin in actuality refers to the 841 Robert vehicle, 8948. And with respect to -- I'll direct your attention to exhibit -- why don't we go to Exhibit 8. You'll see that near the bottom of Exhibit 8, which is the Supplementary Report -- you've got it.

With respect to Beat 841 Robert vehicle, 8948, he notes, "Not engaged. Officer reported application error." So my question is, do you recall having a conversation with Sergeant Becvar on the night of October 20th, 2014, regarding the 841 Robert or Vehicle 8948 in-car video system?

A. No.

Q. Do you know who Sergeant Lance Becvar is?

A. No.

Q. Ever heard that name?

A. No.

Q. Do you recall ever having conversations with anyone regarding the in-car video system of the 841 Robert vehicle on the night of October 20th, 2014?
A. No, I don't recall.

Q. So, again, Officer -- sorry, Sergeant Becvar notes in his Supplementary Report that the in-car video system for 841 Robert vehicle was not engaged and that the officer reported application error.

What is the proper protocol for an officer to follow if the in-car video system for their vehicle is not functioning properly?

A. Notify the sergeant.

Q. And did you notify your sergeant on October 20th, 2014, regarding Vehicle 8948 or the 841 Robert vehicle's in-car video system?

A. No, because it was so early in the night.

Q. Okay. Say more. What does that mean that it was early in the night?

A. It was so early in the night because, like I said, until the sergeant comes out, we can't send them a message on the PDT.

Q. And when does he come out?

A. Depending on what he has to do.

Q. So when would it be appropriate to send him a message regarding an inoperable
in-car video system?

A. Usually between -- we usually try between 10:30 and...

Q. 10:30 and after?

A. 10:30, yes, and after.

Q. Did you intend on the night of October 20th, 2014, to contact your sergeant about a malfunctioning in-car video system?

A. Yes.

Q. You did intend to do that?

A. Yes, we were going to let him know that it wasn't working.

Q. At any point in the evening of October 20th, 2014, or the morning of October 21st, 2014, did you notify -- is it Sergeant Franko?

A. Sergeant Franko.

Q. At any time on the night of October 20th, 2014, or the morning of October 21st 2014, did you notify Sergeant Franko about a nonfunctioning in-car video system in the 841 Robert vehicle, Number 8948 and its in-car video system?

A. Not that I recall.
Q. Do you recall whether at any time after October 20th or October 21st you notified Sergeant Franko about a nonfunctioning in-car video system in the 841 Robert vehicle?

A. At -- after the 20th?

Q. Yep, after the 20th, after the 21st, did you ever notify Sergeant Franko about a nonfunctioning --

A. Yes.

Q. -- in-car video system in the 841 Robert vehicle?

A. Yes.

Q. When did you do that?

A. I -- I'm not sure, but they -- I can't remember if I was audio or not, but it -- it happened again where we had a ticket number on our vehicle.

Q. Do you recall whether that was the same vehicle you were driving -- sorry, you were the passenger in on October 20th, 2014?

A. I don't remember.

Q. Do you recall ever notifying Sergeant Franko about an issue with a nonfunctioning in-car video system for the 841 Robert vehicle?
after October 20th, 2014?

A. Again --

MS. RUSSELL: Do you remember or not?

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Do you recall filing a help desk ticket with respect to the Vehicle Number 8948 with respect to its nonoperational in-car video system?

A. No.

Q. Any reason --

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

BY THE WITNESS:

A. I don't -- I didn't because we don't do that. Only a sergeant can do that.

BY MR. NEUMER:

Q. Only the sergeant can do the --

A. Only a sergeant --

Q. Help desk ticket?

A. Yes. Not a regular officer. We can't do that.
Q. Can you -- do you have any sense as to why there was no audio recovered from any of the five vehicles, the CPD vehicles that were at the scene of the Laquan McDonald shooting?
A. No.

Q. Were you -- did you know before today that there was no audio recovered from any of those five vehicles at the scene of the Laquan McDonald shooting?
A. Oh, yes.
Q. You did? Were you surprised to hear that none of those five vehicles captured any audio?
A. Yes.

Q. Why were you surprised?
A. I always assumed if the camera's working, the video -- the audio's working. That was my assumption.

Q. Have you ever heard of a practice amongst Chicago police officers to disable the audio component of their vehicles in-car video systems?
A. Have I ever heard of people doing that?
MS. RUSSELL: I think the question was, have you heard of a practice.

BY THE WITNESS:

A. No.

BY MR. NEUMER:

Q. Have you ever heard of occasions where Chicago police officers have disabled intentionally their in-car video systems?

A. No.

Q. Never?

A. No. Not that somebody actually did it, no.

Q. Going to the Notice of Allegations, it is alleged that on or about October 20th, 2014, you failed to ensure the in-car video system for CPD Vehicle 8948 was working properly at the beginning of your tour of duty.

What is your response to that allegation?

A. My response is I -- it happened so early in the night I didn't have a chance to follow our protocol that we're used to because if it was 3:00 in the morning, you would have noticed it would have been done.
Q. But at any time after 10:30 on the night of October 20th, 2014, did you notify your sergeant of an issue with the 8948 vehicle's in-car video system?

A. No because everybody was running around doing other stuff, and I -- I didn't.

(WHEREUPON, discussion was had off the record between Counsel and Witness.)

MS. RUSSELL: Can we go off the record?

MR. NEUMER: Sure. The time is 4:20 p.m. and we'll go off the record.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: 4:21 p.m. We're back on the record.

BY MR. NEUMER:

Q. Clarifying statement, Officer Fontaine?

A. I didn't notify him because we were already in the area -- we were at the Area.

Q. You were at Area Central at 10:30?

A. No, when -- first of all, everything was going on and then, like I said, I didn't
notify him because when we went to the Area,
again, everybody was kind of doing so much
different things I didn't have a chance to do it.

Q. Is it fair to say you forgot to notify your sergeant about the inoperable in-car video system for vehicle 841 Robert?
A. Yes.

Q. It is alleged that on or about October 20th, 2014, you failed to immediately notify a supervisor that the in-car video system for CPD Vehicle 8948 was inoperable or damaged. What is your response to that allegation?
A. I didn't notify him right away and also because I assumed there was a -- I thought there was a ticket, so I thought it was already reported.

Q. It is alleged that on or about October 20th, 2014, you failed to record audio and video events with CPD Vehicle 8948's in-car video system during your tour of duty. What is your response to that allegation?
A. I thought it was broken, so that's why it -- there was no video or audio.
Q. Is there any -- are there any
documents or -- that you're aware of that would
sort of corroborate your statement that there
may have been a sticker or a ticket on the
camera for the 813 Robert vehicle on
October 20th, 2014?
A. No.

Q. Would there be any record that you're
aware of that would show that someone had placed
a sticker or ticket, taped it up to the camera
of the 841 Robert vehicle's -- to that vehicle's
camera?
A. The only record would be with whoever
the sergeant requests the number through, but
that's -- that's the only thing besides
having -- or me taking a picture of it, which
from now on I will.

Q. If there are no help desk tickets
open for that 841 Robert vehicle, I mean, would
that -- strike that.

I don't believe there are any help
desk tickets open for the 841 Robert vehicle, so
how do you explain the lack of a help desk
ticket with respect to the 841 Robert vehicle
with your statement that you thought there was a
sticker placed on the camera for the vehicle on
the night of October 20th, 2014?
   A.  I don't know.
   Q.  Is it possible that there was no
sticker placed on the camera for the 841 Robert
vehicle on the night of October 20th, 2014, and
you just forgot to notify your sergeant
regarding the nonoperational in-car video
system?
   A.  No.
   Q.  Not possible?
   A.  No, because I -- that's one thing
that if it -- if there's not a ticket number or
something, I do it.  This is something that I
do.
   Q.  Yeah, I just -- it's -- you know, I
think you've been very forthcoming, and I
just -- I think there's perhaps a little bit of
a disconnect here.
   And I want to give you the
opportunity -- this is your, kind of,
opportunity to explain to us what might have
happened that night.  So I -- do you have
anything else to add regarding the...

(WHEREUPON, discussion was
had off the record between Counsel and
Witness.)

BY THE WITNESS:

A. I mean, looking back, you know, I
thought there was a ticket number. Apparently
there wasn't. I -- that's -- I don't remember.

MR. NEUMER: Kris, follow-up?

MR. BROWN: Just a couple follow-ups on the
dash camera stuff.

BY MR. BROWN:

Q. Those duties you mentioned earlier as
far as checking the camera system and the mic
system, do those duties hold for the passenger
and the driver of a vehicle?

A. Yes.

Q. And if -- and correct me if I'm
wrong -- I think you said that if the camera
system is operational, you would send a PDT
notification to your sergeant and you would also
send a notification if the system was not
operational, right?

A. Either case, yes.
Q. So in the case where just like for --
I'm not going to say specifically for
October 20th, 2014, but if the system isn't
working, yourself and your partner would both
send a message in the PDT system saying it's not
working?
A. No, because we're together, so we'll
send the sergeant a message saying we're using
this vehicle, camera not working, under ticket
number; mic's not working, under ticket number,
blah, blah, blah. So we would both send one.

Q. Who would normally send the PDT
message?
A. It varies. Whoever -- whoever -- it
just varies.

Q. It's not -- there's no rhyme or
reason --
A. No.

Q. -- it's not necessarily the driver or
the passenger, it's just whoever?
A. Yeah. It's just who signs on first.
Like if, say, I'm doing still my check and he's
already done with his and he's in there and he
just does it, then he'll do it. If it's the
other way around, I'll do it.

So there's -- I mean, for us, there's no rhyme or reason. We just -- either one of us does it.

Q. Okay. Even if there's a note on the car about it not working, you would still put a PDT message in, correct, either yourself or your partner?

A. Yes.

Q. And, in theory, the days preceding whoever used that vehicle -- I'm talking about the 841R vehicle -- they, whoever used the vehicle, would also have put in a PDT message relating to the video system working or not working, correct?

A. I can't answer for everybody. I don't know what they do.

Q. Sure. I'm not trying to -- because I don't know for certain if you drove the car the day before or, you know, if Viramontes was in the car the day before. I'm asking just more so is it just general policy in your district that pretty much whoever is in the car, they're going to send a PDT message to the sergeant if the

you do an e-mail or a phone call or anything else?

A. No.

Q. Just PDT message?

A. Yeah, or if we see him on a call face to face. I mean, otherwise, it's just a PDT.

Q. So even if you see him face to face, do you not have to do the PDT for that day?

A. Well, we do. We send a message.

Q. And you send it -- is that because it's policy, or why do you send it even though you've seen him that -- the sergeant that day?

A. To make sure it's notated that we -- so we have proof that we -- that we're covering ourselves.

Q. That makes sense. As far as you know, is that policy or --

A. I don't know.

Q. -- the policy?

A. I don't know.

Q. Earlier you mentioned that you -- that particular day of October 20th, 2014, you didn't send a PDT out because the McDonald incident happened fairly early and you would
normally send a message out around 10:30.

I wanted to ask why is it that you
have to wait until 10:30 to send a message?
Can't you just send it whenever you notice that
the video system is not working?

A. No, the sergeant has to be logged on
to his PDT for it to accept messages. So even
if we send a message, it says it won't accept it
because it's not logged on.

Q. I see. I didn't know. I thought it
was like an e-mail.

A. Oh, no.

Q. So the sergeant also has to have his
system on to receive a message?

A. Yes.

Q. I guess in order to get it from you.

A. Yes. So even if we say -- that's how
we know he's still in the station because if we
try and it doesn't go through, it means he's
still not out.

Q. Does the system work where, let's
say, you send a message and the sergeant doesn't
have the system on, that he will receive your
message when he turns his system on?
A. I'm not sure.

Q. I guess is it safe to say that you always want to make sure the sergeant has his PDT system on before you send him a message?

A. Well, yes, because I -- to my knowledge, he wouldn't receive my message.

Q. But your system would tell you if you tried to send the message and he didn't get it --

A. Yes.

Q. -- correct?

A. Yes, so you just keep trying.

Q. Okay. And, for whatever reason, the sergeant usually doesn't have his PDT message system on until 10:30?

A. No, whenever he comes out. Again, sometimes -- depending on what he has to do after roll call, he might be out right with us, he might not. So depending on when he comes out, I -- you know.

Q. Okay.

MR. BROWN: Those are all the questions I have.

MR. NEUMER: I'm going to go off the record
for one moment. The time is 4:33 p.m.

(WHEREUPON, discussion was
had off the record.)

MR. NEUMER: The time is 4:35 p.m. We're
back on the record.

BY MR. NEUMER:

Q. You know, we have no substantive
follow-up on any of the previous topics, but we
will give you the opportunity -- understanding
what we're looking for here today, we try to be
thorough, we try to ask you all relevant
questions, but we want to give you the
opportunity, is there anything else you would
like to add today?

Or, put differently, are there any
questions that we should have asked you that we
didn't?

MS. RUSSELL: Sorry guys.

MR. NEUMER: The time is 4:35 p.m. We'll
go off the record.

(WHEREUPON, a recess was had.)

MR. NEUMER: The time is 4:37 p.m. We're
back on the record.
BY THE WITNESS:

   A. I just wanted to say one thing. I've answered everything as best as I could, as honestly as I could, but it's stressful because you're on TV, grand jury -- I'm sorry -- your name's all over the place...

   MS. RUSSELL: Let's take another quick break.

   MR. NEUMER: Time is 4:37. We'll go off the record.

   (WHEREUPON, a recess was had.)

   MR. NEUMER: The time is 4:39 p.m. and we'll go back on the record.

BY THE WITNESS:

   A. I just wanted to say I've been in front of the grand jury, the FBI, in the newspapers. Everywhere I turn, my name is there.

   From the beginning I've been trying to be honest and remember as best as I can, but with everything being thrown in your face, you start seeing things different. And you don't want to answer wrong or you don't want to say what you think you saw now because you saw
something else.

So, for this, the best of my knowledge, I've answered as best and truthful as I know. That's all I wanted to say.

MR. NEUMER: The time is 4:40 p.m. and we'll go off the record.

(WHEREUPON, the interview was concluded at 4:40 p.m.)

THIS IS A FIELD INVESTIGATION EXC. CLEARED CLOSED (OTHER EXCEPTIONAL) REPORT
stated she was a Chicago Police Officer assigned to the 008th District. She was on duty, in uniform, working on Beat 841R. FONTAINE was working with Police Officer Ricardo VIRAMONTES. The two officers were assigned to a marked vehicle. VIRAMONTES was driving the vehicle and FONTAINE was the passenger.

The two officers responded to the request for assistance made by Beat 815R, regarding a man with a knife at 41st Street and Pulaski Road. Officer VIRAMONTES drove northbound on Pulaski. When they arrived at the scene of this incident, in front of the Dunkin' Donuts restaurant, Officer FONTAINE saw a black male subject, now known as Laquan MCDONALD, walking southbound in the street, with a knife in his right hand. MCDONALD was walking sideways, with his body facing east, toward Officers Jason VAN DYKE and Joseph WALSH. These two officers were standing in the middle of the street, on the right side of their police vehicle, which was facing southbound. FONTAINE heard the officers repeatedly order MCDONALD to "Drop the knife!" MCDONALD ignored the verbal direction and instead, raised his right arm toward Officer VAN DYKE, as if attacking VAN DYKE. At this time VAN DYKE fired multiple shots from his handgun, until MCDONALD fell to the ground and stopped moving his right arm and hand, which still grasped the knife. The gunshots were rapid fire, without pause. Officer WALSH then kicked the knife out of MCDONALD's hand.

IN-CAR VIDEO SYSTEMS

ISSUE DATE: 23 February 2012  EFFECTIVE DATE: 23 February 2012
RESCINDS: Version dated 20 April 2011, S10-10
INDEX CATEGORY: Field Operations

I. PURPOSE

This directive:

A. implements the use of Department in-car video systems.
B. establishes the policies and procedures for the use, maintenance, and repair of in-car video systems.
C. establishes the roles and responsibilities of Department members affected by the introduction of in-car video systems for the video and audio recording of incidents.
D. establishes the requirements for viewing, retaining, and duplicating digitally recorded incidents.
E. continues the use of the Digitally Recorded Data Viewing/Hold/Duplication Request (CPD-65.224).
F. identifies the Records Division as the Department repository and viewing location of digitally recorded data created by the in-car video systems.

II. POLICY

The Department is committed to protecting the safety and welfare of its members and the public. The in-car video systems can provide members with an invaluable instrument to enhance criminal prosecution by providing powerful evidence of criminal activity, limit civil liabilities, and objectively document officer conduct during individual interactions. Members assigned to a vehicle equipped with an in-car video system will use it pursuant to this directive.

III. GENERAL INFORMATION

A. There is no expectation of privacy for Department members related to incidents recorded by in-car video systems. Supervisors, members of Bureau of Internal Affairs, and the Independent Police Review Authority (IPRA) investigators may request to review the digitally recorded data from a vehicle equipped with an in-car video system. Any digitally recorded data created by the in-car video system may be used without a Department member’s permission for any official Departmental purpose.

B. The in-car video system will automatically engage audio and video recording when the vehicle’s emergency roof lights are activated. However, Department members may manually activate the in-car video system without the activation of the emergency equipment. At the conclusion of the incident, Department members must manually disengage all recording processes, regardless of what method activated the in-car video system.

C. The Records Division will be the custodians of the digitally recorded data and will be responsible for the retention, duplication, and viewing of the in-car video systems. The Director, Records Division, will establish retention, viewing, and duplication procedures that provide for inventory control, the security of the digitally recorded data, and authorized duplications.

D. All digitally recorded data created by the in-car video systems will be retained by the Records Division for a minimum of 90 days. Digitally recorded data that is marked and held as having evidentiary or training value will be retained as prescribed by law and established Department policy.

E. In general, minor infractions and minor deviations from Department policy observed through the review of digitally recorded data will not be subject to the disciplinary process and will be treated as a training opportunity.
IV. RECORDING GUIDELINES

A. Department members will use only Department-issued video and audio recording equipment.

B. Department members will conform to all laws and Department policies concerning the use of the in-car video system for the video and audio recording of incidents.

1. Department members are lawfully permitted to video record individuals without their consent if they are on the public way or in public view.

2. Department members who are in uniform and have identified their office are lawfully permitted to simultaneously audibly and visually record individuals without their consent whenever:
   a. the member is conducting an enforcement stop, or
   b. the patrol vehicle emergency lights are activated or would otherwise be activated if not for the need to conceal the presence of law enforcement.

NOTE: Any reports completed for an audibly recorded incident, including Traffic Stop Statistical Study - Driver Information Cards (CPD-21.103), Traffic Stop Statistical Study Stickers (CPD-15.516), and Personal Service Citations, must include the initial violation or investigatory need that led to the stop.

NOTE: Department members may audibly record an enforcement stop regardless of the subsequent enforcement action taken.

3. Department members may audibly and visually record an individual with the consent of the individual.

C. Uniformed Department members assigned to vehicles equipped with in-car video systems will activate the system to simultaneously audibly and visually record the entire incident for all enforcement stops.

D. Uniformed Department members assigned to vehicles equipped with in-car video systems will activate the system to visually record the entire incident for all:
   1. arrests and transports.
   2. nonpursuit emergency vehicle operations.
   3. any situation that the member, through training and experience, believes to serve a proper police purpose.

E. During the recording of an incident, Department members will not disengage the in-car video system until the entire incident has been recorded.

NOTE: Department members will be required to justify any disengagement of the in-car video system prior to the entire incident being recorded.

F. If recorded, felony and misdemeanor arrests, motor vehicle pursuits, traffic crashes resulting in property damage, personal injury, or a fatality, DUI incidents, and failure to yield to an emergency vehicle will be automatically stored by the in-car video system indefinitely when the correct event is selected from the postevent pop-up menu. All other incidents will be automatically stored for ninety days.

G. If digitally recorded data will be needed in judicial proceedings beyond ninety days, members will place an extended hold on that digitally recorded data as described in Item VIII of this directive, including but not limited to the following circumstances:
   1. Traffic stops other than DUI,
2. Enforcement stops,
3. Other traffic crash investigations, and
4. Stops for citizen assistance.

H. When a complaint against a Department member is received that involves a digitally recorded incident, the investigating member will request an extended hold on the data.

I. Assigned supervisors will request an extended hold on all digitally recorded motor vehicle pursuits and traffic crashes involving Department vehicles.

V. DEPLOYMENT OF THE IN-CAR VIDEO SYSTEMS

A. Commanding officers of units with vehicles equipped with in-car video systems will:

1. ensure that vehicles equipped with in-car video systems are evenly distributed for use by all watches.

   NOTE: Commanding officers will ensure the units assigned to traffic duties in district law enforcement use vehicles equipped with in-car video systems.

2. whenever feasible, ensure vehicles equipped with the in-car video systems are deployed every tour of duty and service is requested for inoperable vehicles equipped with in-car video systems.

B. The station supervisors will:

   b. annotate all reports, including Contact Information Cards (CPD-21.101), prepared for an event which has been recorded by listing “Video Recorded Incident” at the end of the narrative portion.
c. after an incident has been recorded, use the post-event pop-up menu to select the most serious recorded occurrence as the event type and enter other event information.

**NOTE:** If the member did not use the post-event pop-up menu to mark the incident as being held for evidence, the member will request an extended hold on digitally recorded data in accordance with Item VIII of this directive.

3. at the conclusion of a tour of duty:
   a. verify the in-car video system is working properly.
   b. initiate the downloading of the digitally recorded data.

   **NOTE:** Members will immediately notify a supervisor if unable to complete the downloading of digitally recorded data due to technical problems.

   c. shut down the in-car video system and logoff the system.
   d. return the remote transmitter/audio recorder to the designated area for charging.

B. The sergeant assigned to supervise Department members using Department vehicles equipped with an in-car video system will:

2. ensure that the Help Desk is contacted and a ticket number is obtained whenever any member is unable to use the in-car video system or download digitally recorded data due to technical problems.
3. initiate an investigation when notified of a missing or lost remote transmitter/audio recorder.
4. document on the Supervisor’s Management Log (CPD-11.455):
   a. whether each vehicle has an in-car video system and if it is functioning.
   b. all responses related to malfunctions of vehicles equipped with in-car video systems.

C. **Station supervisors** will:

1. designate a sergeant responsible for monitoring the downloading of digitally recorded data for the watch.
2. record the total number of vehicles equipped with in-car video systems deployed during the watch and the total number of these vehicles that do not have a functioning in-car video system, if any, on the Watch Incident Log (CPD-21.916).

3. ensure the status of vehicles equipped with in-car video systems is recorded on the Personal Equipment Log (CPD-21.919) by recording the word “VIDEO” in the “Camera/Tripod No.” column.

4. if an in-car video system malfunctions or the system or vehicle becomes inoperable during the tour, record the vehicle and beat numbers and the words “VIDEO DOWN” on the Watch Incident Log.

D. When digitally recorded data is determined to have evidentiary or training value, or a complaint against a Department member is received that involves a digitally recorded incident, the supervisor reviewing the recorded data will request an extended hold on the data.

VII. DOWNLOADING DIGITALLY RECORDED DATA FROM THE IN-CAR VIDEO SYSTEM

A. When downloading digitally recorded data from the mobile unit of an in-car video system to a land-based terminal, Department members will:

1. download the data in accordance with the manufacturer's guidelines and training.
2. ensure the download of data was complete and return the vehicle back into service.

B. With the approval of the station supervisor in the district of occurrence, special requests for the immediate viewing of digitally recorded data from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA will be processed for major incidents where an in-car camera system may be reasonably expected to have captured a component of the incident.

1. Major incidents include, but are not limited to:
   a. police-involved shootings,
   b. serious injury or death to a Department member,
   c. serious injury or death to a member of the public.

2. Special requests for viewing digitally recorded data will be made to the station supervisor in the district of occurrence, who will:
   a. evaluate the request;
   b. determine if the need for retrieval outweighs the operational impact of the vehicle being taken out of service; and
   c. notify Crime Prevention and Information Center (CPIC) of the decision.

3. Special requests will be in the form of one of the following types:
   a. Special wireless upload, or
   b. Emergency on-site retrieval.

C. Special Wireless Uploads

1. The station supervisor in the district of occurrence will take the vehicle out of service and secure it at the unit of assignment or other appropriate location.

2. The supervisor will:
   a. verify that the vehicle operator or partner is signed on to the in-car camera system;
   b. instruct the member to manually flag the entire tour of duty’s available video for upload;
c. instruct the member to initiate a manual upload of this video with the vehicle in range of the facility’s wireless hotspot; and

NOTE: If video cannot be uploaded via wireless hotspot, a cradle upload will be used.

d. ensure that the vehicle remains out of service until the upload is complete.

3. Once complete, the station supervisor will allow personnel from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA, as appropriate, to review the uploaded files.

NOTE: For officer-involved shootings when an On-Call Incident Commander (OCIC) will respond, an emergency on-site retrieval will be immediately requested through CPIC.

4. The station supervisor may identify an alternate vehicle for the member to use while the identified vehicle completes its video upload, as appropriate.

5. If an attempt to wirelessly upload is unsuccessful, members may contact the City of Chicago Help Desk at 4-DATA for assistance.

6. If a wireless upload fails, an emergency on-site retrieval will be conducted.

D. Emergency On-Site Retrieval

1. The station supervisor in the district of occurrence will notify CPIC of an approved emergency on-site retrieval.

NOTE: An emergency on-site retrieval will only be conducted when an OCIC is responding or a wireless upload fails and contacting the City of Chicago Help Desk at 4-DATA has not resolved the problem.

2. CPIC will notify the Public Sector Information Technology (PSIT) Group personnel of a manual video retrieval from the “fail-safe” internal drive request.

3. The station supervisor in the district of occurrence will take the identified vehicle out of service during the retrieval process.

4. If the identified vehicle is still in use when the designated supervisor arrives at the unit facility or other appropriate location, the supervisor will report to the vehicle and instruct any member logged onto the system to log off the system.

5. The vehicle will remain out of service until PSIT responds and conducts the video retrieval.

NOTE: On-site review of video will be limited to the series of events and time frame giving rise to the alleged incident.

E. Viewing and Obtaining Copies of In-Car Video Recordings

1. Once retrieval has been completed for the requested time frame, the video may be viewed by personnel from the requesting party at the location of retrieval.

2. Requests for copies of in-car video recordings will be made by completing the form entitled “Digitally Recorded Data Viewing/Hold/Duplication Request” (CPD-65.224) and forwarding it to the Records Division.

F. The Managing Deputy Director, PSIT, will:

1. establish procedures to ensure the security of the digitally recorded data from downloading to storage by the Records Division.
2. develop a system to monitor the memory capacity of the land-based terminals and provide for the security of the downloaded data.

G. If members are unable to download digitally recorded data from the mobile unit of the in-car video system to the land-based terminals due to system inoperability:

1. the station supervisor will notify the Help Desk and follow any further instructions given by the responding member of PSIT.

2. A designated member of PSIT will respond to the requesting unit and:
   a. ensure the security of the digitally recorded data.
   b. perform a manual download of the digitally recorded data.
   c. record the manual download on the Help Desk ticket.

VIII. REQUESTING A HOLD FOR DIGITALLY RECORDED DATA

A. Department members will place an extended hold on digitally recorded data they recorded using the postevent pop-up menu on the in-car video system.

B. Within the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will request that a supervisor place the extended hold by using the land-based terminal at the district/unit station.

C. After the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will:
   1. complete the Digitally Recorded Data Viewing/Hold/Duplication Request form.
   2. indicate on the form the necessary actions by the Records Division.
   3. explain in the narrative portion of the form the reason for the request.
   4. submit the form to the station supervisor/designated unit supervisor for approval.
   5. submit the completed and approved form to the Records Division for processing and retention in accordance with existing records-retention requirements.

D. Department members who wish to remove an extended hold on digitally recorded data will follow the procedures outlined in Item VIII-C of this directive indicating the circumstances requiring the removal of the extended hold.

E. The Director, Records Division, will:
   1. develop a cataloging system for storage and retrieval of recordings and procedures for ensuring archives are maintained consistent with Department directives (including the Forms Retention Schedule), applicable state and federal laws, and compliance with all court orders.
   2. be responsible for retaining digitally recorded data for which an extended hold was requested as prescribed by law and established Department policy.

IX. VIEWING, RETAINING, AND DUPLICATING DIGITALLY RECORDED DATA

A. All digitally recorded data created by the in-car video systems are the property of the Chicago Police Department. Dissemination of any digitally recorded data outside the Department is strictly prohibited without specific authorization by the Superintendent or an appointed designee.

1. Any non-Departmental requests for duplication of digitally recorded data must be approved by the Superintendent or an appointed designee.
2. All approved requests will be forwarded in an expeditious manner to the Director, Records Division, along with:
   a. a completed and approved Digitally Recorded Data Viewing/Hold/Duplication Request form, and
   b. written instructions, including dissemination information, for compliance with the request.

B. Department members assigned to vehicles equipped with in-car video systems and their supervisors are encouraged to use the review/playback functions of the system for the purposes of:
   1. developing familiarity with the functions, capabilities, and limitations of the in-car video systems to create consistent recording techniques which capture relevant actions.
   2. searching for and identifying recorded events having evidentiary or training value.
   3. reviewing approach and officer safety issues.
   4. ensuring consistency with written reports.

C. Reviewing Digitally Recorded Data

Investigating members may view digitally recorded data in the performance of official police business. When it is necessary to view digitally recorded data stored by the Records Division, the following procedures will apply:

1. The requesting Department member will:
   a. prepare a Digitally Recorded Data Viewing / Hold / Duplication Request form, including approval of the requestor's station supervisor/designated unit supervisor.
   b. schedule an appointment to view the recorded incident with a Records Division supervisor (or an appointed designee) to ensure the availability of a technician and playback equipment.
   c. present the properly completed and approved form to a Records Division supervisor at the scheduled time.

2. A Records Division supervisor will:
   a. process all approved recorded incident review requests.
   b. assign a technician to assist the requestor in viewing the recorded incident, as required.

D. Obtaining a Video Recording

1. A duplicate copy of selected information may be made to retain that information:
   a. when it is not required that the master video be retained for an indefinite period (e.g., investigation of a routine administrative incident when the punishment is of a summary or minor nature).
   b. when the requesting member determines that a duplicate video of a master video will be sufficient.

2. A duplicate video recording may be obtained by:
   a. completing a Digitally Recorded Data Viewing / Hold / Duplication Request form and submitting the completed form to the station supervisor/designated unit supervisor for approval.
   b. notifying the Records Division that a duplicate video recording is required and submit the approved Digitally Recorded Data Viewing/Hold/ Duplication Request form to the Director, Records Division.
c. indicating to the Records Division which information from the digitally recorded data is to be included on the duplicate video recording.

3. When the duplicate video recording has served the purpose for which it was made, the requesting member will ensure that it is immediately returned to the Records Division.

NOTE: A member requesting a duplicate video recording will not make additional copies of it or permit unauthorized persons to duplicate or view it under any circumstances.

E. Special Situations

When the Records Division receives a request for an extended hold of digitally recorded data that indicates it pertains to:

1. a motor vehicle pursuit or traffic crash involving a Department vehicle, the Director, Records Division, will ensure a duplicate video is forwarded to the Traffic Review Board.
2. an incident having training value, the Director, Records Division, will ensure a duplicate video is forwarded to the Deputy Chief, Education and Training Division.

(Original exhibits sent to Mr. Neumer.)
MR. NEUMER: As a preliminary matter, I am providing the following information: An independent certified court reporter is present today to provide a verbatim transcript of this interview.

To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio-record the interview. The recording is a confidential work product property of the court reporter and will not be provided to any party, including the OIG. If you request, the audio recording will be discontinued.

Officer Fontaine, are you okay with the court reporter audio-recording the interview?

THE INTERVIEWEE: No.

MR. NEUMER: So I might ask that we will have to be extra careful in terms of talking over each other.

And, Andrew, if at any time we are going too fast, please just note for us and give us a little wave or something, and we will be sure to slow down.

(Whereupon, the audio recording was stopped.)

MR. NEUMER: So let the record reflect that
today's date is June 17, 2016. The time is 2:22 p.m. We are located at Amicus Court Reporters, 300 West Adams Street, Suite 800.

My name is Peter Neumer, the court reporter is Andrew Pitts, and I would ask that the other individuals present identify themselves and spell their name for the record.

MS. RUSSELL: Jennifer Russell, R-U-S-S-E-L-L, Officer Fontaine's attorney.

MR. NEUMER: There are no other individuals present. We are here today pursuant to an investigation being conduct under Chapter 2-56 of the municipal code of the City of Chicago. We are here for an interview of Officer Dora Fontaine.

Officer Fontaine, would you please raise your right hand, and the court reporter will swear in.

MS. RUSSELL: Officer Fontaine, based upon advice of counsel, is not going to be sworn in for
this administrative statement.

DORA FONTAINE,
called as an Interviewee herein, having refused to
be administered an oath, was examined and testified

Officer Fontaine, do you see the paragraph I just read aloud to you?

A. Yes.

A. Yes.

Q. Okay. And now I am going to hand you what has previously been marked as Exhibit 5, which is a General Progress Report dated October 20th, 2014 with the RD number HX475653 containing detective March's notes of his interview of Officer Fontaine.

(Whereupon, a document was tendered to the Interviewee.)

BY MR. NEUMER:

Q. Officer Fontaine, have you seen this Exhibits 5 document prior to today?

A. Yes.

Q. And did BIA provide you with this document prior to your previous OIG interview?

A. Yes.

Q. Let's see. Aside from your attorney,
Officer Fontaine, did you speak to anybody else in preparation for today’s interview?

A. No.

Q. Do you have any prepared remarks that you would like to make at this time?

A. Yes. This statement is not being made voluntarily but under duress and is only being made at this time because I know that I will lose my job if I refuse direct order being given to me by Commander Klimas.

MS. RUSSELL: In addition, I would like to note for the record that the objections stated prior to Officer Fontaine’s statement on October 16, 2016, we continue to object for those -- strike that, March 16, 2016. We would ask that those objections remain, and we believe they are still objectionable.

In addition, we would like to assert an objection based on 6.2G of the contract that the length of this interview is unreasonable in that this is Officer Fontaine’s second interview. The first one, March 16, 2016, began at 12:18 a.m. and ended at 4:40 p.m., wherein the Office of Inspector General had more than ample opportunity to explore Officer Fontaine's full knowledge regarding the
facts and circumstances regarding the Laquan McDonald shooting.

MR. NEUMER: Okay. Before we --

MR. BROWN: And I think you might have said 12:18 a.m.

MS. RUSSELL: 12:18 p.m. to 4:40 p.m. on March 16, 2016.

MR. BROWN: Okay.

MR. NEUMER: That would have been one epic interview.

MS. RUSSELL: Exactly.

MR. NEUMER: Okay. Before we get started, Counsel, I just wanted to confirm on the record that you are okay with us providing you with the transcript of today's interview within 120 hours of the interview taking place as opposed to 72 hours.

MS. RUSSELL: Correct.

BY MR. NEUMER:

Q. Okay. Officer Fontaine, could you just state your name and Star number for the record, please.

Q. And, Officer Fontaine, what is your
current unit of assignment?
   A. Unit 8.

Q. Officer Fontaine, we interviewed you, Kris and I interviewed you, on March 16, 2016; is that correct?
   A. Yes.

Q. And during that interview, you stated that you were interviewed by Detective March on the night of October 20, 2014 regarding the shooting of Laquan McDonald?
   A. Yes.

Q. And we asked you a series of questions regarding the summary of that statement that Detective March put in the case supplementary report; is that correct?
   A. Yes.

Q. Okay. I am now handing -- well, you might already have it in front of you, Exhibit 4, what we are calling Exhibit 4, which is an excerpt of a CPD case supplementary report dated March 16, 2015 with the RD number HX47453 which contains Detective March's summary of the statement Officer Fontaine provided to him that day.

And I want to go over with you certain
statements in this CSR that Detective March attributes to you, and I am going to ask you -- well, probably more than two, but two questions in particular.

The first question will be whether you made the statement to Detective March that evening, and then the second statement or the second question is whether that statement is accurate. Okay?

A. Yes.

Q. So, again, the first statement or the -- the first question will be whether you made that statement to Detective March. Forget whether it's true or accurate or not, whatever. It's just did you make that statement. And then secondly, we are going to ask whether that statement is accurate. Okay?

A. Yes.

Q. So --

MS. RUSSELL: And, Peter, to the extent that this was fully explored sentence by sentence during her previous statement, we are going to be referring to specific page numbers, I believe starting with page number 112, where you went through this
exercise during her last statement. So to the extent that this is repetitive, certainly Officer Fontaine stands by her previous statement to the OIG, but we will address certainly any additional questions.

   MR. NEUMER: Sure.

   MS. RUSSELL: So we would ask for the leeway, at least on your specific questions, to review the transcript to determine whether these are, in fact, duplicative to the exact questions you asked last time.

   MR. NEUMER: Okay.

   MS. RUSSELL: Okay?

   MR. NEUMER: And maybe what I can do is identify the particular statements that I am going to be asking about, and I think you will see that the -- well, I will leave it up to you --

   MS. RUSSELL: Okay.

   MR. NEUMER: -- what your sense is.

   BY MR. NEUMER:

   Q. So the first statement I am going to ask about -- and I'll just run through the statements that I am going ask about, and then if you want to look through the transcript, that's fine.

   BY MR. NEUMER:

   Q. So the first statement I am going to ask about -- and I'll just run through the statements that I am going ask about, and then if you want to look through the transcript, that's fine.
The first statement is -- let's see.

MR. NEUMER: So it's on page -- is there a page number on your copy of the exhibit?

MS. RUSSELL: I have 15 of 22.

MR. NEUMER: 15. Good.

BY MR. NEUMER:

Q. And so this should be in the middle of the larger paragraph there. Actually, I think it's third sentence, "When they arrived at the scene of this incident in front of the Dunkin' Donuts restaurant, Officer Fontaine saw a black male subject, now known as Laquan McDonald, walking down the middle of the street with a knife in his hand."

That is the first statement I am going to be asking about. Second statement: "These two officers were standing in the middle of the street on the right side of their police vehicle which was facing southbound."

You will notice I skipped a sentence in between there.

Next statement: "Fontaine heard the officers repeatedly order McDonald to drop the knife."

Next statement: "McDonald ignored the
verbal direction and instead raised his right arm
toward Officer Van Dyke as if to attack Van Dyke."
I will note we did discuss the second part of that
sentence, raising the right arm toward Officer Van
Dyke, and I have no questions about that today.

The next statement I will be asking
about, "At this time, Van Dyke fired multiple shots
from his hand gun until McDonald fell to the ground
and stopped moving his arm and hand which still
grapsed the knife."

Those are the statements that we will be
discussing today.

MS. RUSSELL: Peter, can we take a break?

MR. NEUMER: Sure. The time is 2:39, and we
will go off the record.

(Whereupon, a break was taken.)

MR. NEUMER: The time is 2:39, and we will go
back on the record.

BY MR. NEUMER:

Q. Okay. So, again, at least two questions,
but two primary questions as we go through each of
these statements, one, whether you made the
statement to Detective March on the night of
October 20, 2014; two, is that statement accurate.
So with respect to the first statement,
"When they arrived at the scene of this incident in
front of the Dunkin' Donuts restaurant,
Officer Fontaine saw a black male subject, now
known as Laquan McDonald, walking southbound down
the street with a knife in his right hand,"
Officer Fontaine, did you make this statement to
Detective March to the night of October 20, 2014?

A. Yes.

Q. Is your statement accurate?
A. To the best of my ability, yes.

Q. Okay. And do you recall where you were
when you made this statement to Detective March?
A. Outside of our squad car.

Q. And was anyone else present?

MS. RUSSELL: Peter, I will just object that we
have fully explored the different times that she
spoke with Detective March.

You can answer. Go ahead and answer.

Can you read the question again?

(Whereupon, the record was read by
the reporter as requested.)

THE INTERVIEWEE: Can I --

MS. RUSSELL: Sure.
MR. NEUMER: Sure.

THE INTERVIEWEE: Sorry.

MR. NEUMER: The time is 2:41, and we will go off the record.

(Whereupon, a break was taken.)

MR. NEUMER: Time is 2:43. We are back on the record.

MR. NEUMER: I think -- well, what was the question that was pending?

(Whereupon, the record was read by the reporter as requested.)

BY THE INTERVIEWEE:

A. I stand by my previous statement. Yes, I stand by my previous statement.

BY MR. NEUMER:

Q. The statement you provided in your previous interview with OIG?

A. Yes.

Q. Okay. And is it fair to say -- well, let me see.

MS. RUSSELL: It's page 56.

MR. NEUMER: Page 56.

MS. RUSSELL: At least that's where it starts.
BY MR. NEUMER:

Q. So your previous statement was that Officer Viramontes was present in your car -- and that's the 841 Robert vehicle --

A. Yes.

Q. -- when you gave your statement to Detective March; is that correct?

A. Yes.

Q. Okay. Next statement: "Two officers were standing in the middle of the street on the right side of their police vehicle which was facing southbound."

Did you make this statement to Detective March on the night of October 20, 2014?

A. Yes, I stand by my previous statement.

MR. NEUMER: On this one, I don't think we specifically asked.

THE INTERVIEWEE: So --

MR. NEUMER: So.

MS. RUSSELL: Can we take a quick break?

MR. NEUMER: Sure. The time is 2:45 p.m. We will go off the record.

(Whereupon, a break was taken.)

MR. NEUMER: Time is 2:47. We are back on the
BY MR. NEUMER:

Q. So I believe we were discussing the statement included in the Exhibit 4 CSR, in particular the statement, "These two officers were standing in the middle of the street on the right side of their police vehicle which was facing southbound."

My question, Officer Fontaine, did you make this statement to Detective March on the night of October 20, 2014?

A. To the best of my recollection, yes.

Q. Okay. Is that statement accurate? That is, is that what happened on the night of October 20, 2014?

A. To the best of my knowledge, yes.

Q. And when you made this statement, were you in your 841 Robert vehicle with Officer Viramontes?

A. I was standing outside.

Q. Standing outside the vehicle, and Officer Viramontes was inside vehicle?

A. Yes.

Q. Okay. Next statement: "Fontaine heard
the officers repeatedly order McDonald to drop the knife."

Did you make this statement to Detective March on the night of October 20, 2014?

A. Yes, to the best of my knowledge. Yes.

Q. Is that statement accurate?

A. Yes.

Q. Okay. And were you outside the 841 Robert vehicle when you made that statement to Detective March?

A. Yes.

Q. And Officer Viramontes was inside the 841 Robert vehicle at that time?

A. Yes.

Q. Next statement: "McDonald ignored the verbal direction."

The full statement is "McDonald ignored the verbal direction and instead raised his right arm toward Officer Van Dyke as if to attack Van Dyke," but I want to focus on the first part of that statement, "McDonald ignored the verbal direction."

Did you make that statement to Detective March on the night of October 20, 2014?
A. To the best of my knowledge, I -- I'm sorry.

MS. RUSSELL: Can you repeat the question?

THE INTERVIEWEE: Yes.

(Whereupon, the record was read by the reporter as requested.)

BY THE INTERVIEWEE:

A. Yes, to the best of my recollection.

Yes.

BY MR. NEUMER:

Q. Okay. Is that statement accurate?

A. Yes.

Q. Next statement: "At this time, Van Dyke fired multiple shots from his hand gun until McDonald fell to the ground and stopped moving his arm and hand which still grasped the knife."

Did you make this statement to Detective March on the night of October 20, 2014?

A. Yes. To the best of my knowledge, yes.

Q. Is your statement -- is that statement accurate?

A. Yes.

Q. And were you just outside the 841 Robert vehicle when you made that statement to Detective
March?

A. Yes.

Q. And was Officer Viramontes inside the 841 Robert vehicle when you made that statement to Detective March?

A. Yes.

Q. Let's see. So I want to -- well, let's see. Are we good?

MR. BROWN: Yeah.

BY MR. NEUMER:

Q. We are going to show you a video. This is -- we are going to show you a portion of the video that was recovered from the in-car video system of the 813 Robert vehicle. This is one of the videos that OIG provided to you on or about February 22, 2016 on a DVD.

Kris is going to open the VLC media file titled Video_ts.ifo on his laptop, and this file canes 6 minutes and 5 seconds of footage. The video also has a timestamp on it indicating the date and time the video was recorded.

We are going to advance the video to the portion time stamped 9:57:28 in the VLC media player time bar time, which goes from zero to 6
minutes and 5 seconds is going to be at 4:43, and we are going to ask you to watch about 20 seconds or so of the footage. And then I want you to pay close attention to the arrival of your vehicle.

I think we established in the previous interview that the 841 Robert vehicle -- you were the passenger in that vehicle -- comes onto the scene, the shooting scene; is that correct?

A. Yes. Yes.

MS. RUSSELL: And, Peter, to the extent that her viewing of the video and giving you narrative on the video has nothing to do with the three allegations regarding false statements to Detective March, we object.

MR. NEUMER: Okay.

BY MR. NEUMER:

Q. So let's see. So are we at -- we can even go maybe to 4:43 on the --

MR. BROWN: Sure.

MR. NEUMER: We'll just back it up slightly.

MR. BROWN: And, Officer Fontaine, would you prefer to watch it in real speed, or would you prefer to watch it in like a slower speed, like a half speed?
MS. RUSSELL: Whatever you prefer, and then she can decide, as we fully reviewed the video multiple times last time we were here and she addressed what she saw on the video, she addressed different questions you had for her in the video.

She is here to address three allegations regarding a narrative, nothing regarding the video. We would say the video speaks for itself; however, if you want to show it to her, we will view it.

BY MR. NEUMER:

Q. Okay. So we are going to watch it at full speed. We will go to 4:43 on the VLC time bar, and I think -- so we are at 4:43. And, again, I want you to pay attention to when your vehicle arrives in connection with the start of the shooting. Okay?

A. Yes.

MR. NEUMER: So can we go ahead and play.

(Whereupon, a video was shown.)

MR. NEUMER: And we can stop it here. We are stopping at 4:58 on the VLC media time player, and on the screen Laquan McDonald is now in -- prone in the street.
BY MR. NEUMER:

Q. So, Officer Fontaine, when we were talking about your interview with Detective March earlier, you stated that you -- that the statement that you heard the officer say, "Drop the knife," was accurate.

And I want to know if your vehicle arrived on the scene early enough to hear the officers, Officer Walsh and Officer Van Dyke, repeatedly say, "Drop the knife?"

MS. RUSSELL: She already indicated that that statement was accurate, period.

MR. NEUMER: And I guess --

MS. RUSSELL: She already previously identified when her vehicle showed up on the scene.

MR. NEUMER: I guess I just want to --

MS. RUSSELL: She is not going to be able to pinpoint.

MR. NEUMER: -- give her another opportunity, if watching the video changes your assessment of whether that statement was accurate or not.

MS. RUSSELL: If you want to look at the video again, we can look at it if we need to.
BY THE INTERVIEWEE:

A. No.

BY MR. NEUMER:

Q. Did you hear the officers, Officers Van Dyke and Walsh, say, "Drop the knife," before Van Dyke began firing at McDonald?

A. I'm not quite sure when I heard it, but I heard it.

Q. Do you recall if it was before he, Van Dyke, began shooting McDonald?

A. I --

MS. RUSSELL: I think she just answered that.

BY MR. NEUMER:

Q. Do you remember whether your sirens were on when you approached the shooting scene?

A. I don't remember.

Q. I think that, based on my viewing, your lights, the Mars lights of your vehicle are on. Do you want to watch it again to see if you agree or disagree with that assessment?

Do you recall whether your lights were on?

A. According to the video, they were on.

Q. When your Mars lights are on, are your
sirens usually going as well?

A. No. They don't have -- there's a toggle switch.

Q. Okay.

A. And you could either turn the lights on by themselves or different sections or different modes.

Q. I got you.

Do you recall whether you had your sirens going?

A. I don't recall. I don't remember.

Q. When you are responding to a scene where your lights on, generally speaking, are your sirens on as well?

A. We use the siren to clear traffic.

Q. Okay.

A. Once we get to the scene, we cut the sirens off.

Q. Okay. Okay. So usually, you would use your sirens to allow you to get to the scene quicker?

A. Yes.

Q. Okay. And then once you get to the scene, you turn those sirens off?
A. Uh-huh.

Q. Was that a yes?

A. I'm sorry. Yes.

Q. But you don't recall whether your sirens were on as you approached the scene of the McDonald shooting?

A. No.

MR. NEUMER: We are going to go off the record just one moment. The time is 2:58.

(Whereupon, a break was taken.)

MR. NEUMER: 3:05 p.m. We are back on the record.

BY MR. NEUMER:

Q. So, Officer Fontaine, we were talking about the statement "drop the knife" that you heard on the night of October 20, 2014.

And I wanted to ask you do you recall how many times you heard Officers Walsh and Van Dyke say, "Drop the knife"?

A. No, I don't recall how many times.

Q. Do you recall, did Officer Van Dyke say, "Drop the knife," as he was shooting McDonald?

A. I don't recall.

Q. Okay.
A. I --

Q. And I guess, so watching the video, it seems like it might have been, given your arrival to the scene in the 841 Robert vehicle, which seems to occur just about as the shooting began, I wanted to get your take on how you could have heard the officers saying "drop the knife" as you were still in your vehicle.

A. Like I said, I -- excuse me. I heard it. I can't tell you how or when, but I heard it.

Q. Okay. Is it possible that you heard him say or heard the officer say, "Drop the knife," after the shooting began?

MS. RUSSELL: She already said she doesn't know multiple times, but it happened before the shooting.

BY MR. NEUMER:

Q. I am going to direct your attention to the Notice of Allegations, and it will be -- so looking at Allegation number 2, "It is alleged that on or about October 20, 2014, you made a false statement during an interview with CPD Detective David March of the Chicago Police Department when, with respect to the McDonald shooting, you stated that you heard Officers Van Dyke and Walsh
repeatedly order McDonald to drop the knife."

What is your response to this allegation?

A. I stand by my statement.

Q. Okay.

A. Yeah.

Q. Is there anything you would like to add regarding this allegation?

MS. RUSSELL: Can we take a break?

MR. NEUMER: Time is 3:08, and we will go off the record.

(Whereupon, a break was taken.)

MS. RUSSELL: We will go back on.

MR. NEUMER: Okay. Time is 3:08, and we will go back on the record.

BY THE INTERVIEWEE:

A. It's not a false statement. I --

MR. NEUMER: Okay.

BY MR. NEUMER:

Q. Allegation number 3, "It is alleged that on or about October 20, 2014, you made a false statement during an interview with CPD Detective David March when, with respect to the McDonald shooting, you stated that McDonald ignored Officers Van Dyke and Walsh's directive to drop the
knife and that Van Dyke then fired multiple shots
from his hand gun until McDonald fell to the ground
and stopped moving his arm and hand which still
graped the knife."

Officer Fontaine, what is your response
to this allegation?
A. It is not a false statement.
Q. Okay. Do you stand by this statement?
A. Yes.
Q. Is there anything you would like to add
regarding this allegation?
A. No.

MR. NEUMER: Kris, do you have any?
MR. BROWN: Just one follow-up question.

FURTHER EXAMINATION

BY MR. BROWN:

Q. Is it possible that you only heard the
officers give the order to drop the knife once?
A. I don't recall how many times I heard
it, but I heard it.

MR. BROWN: Okay.
MR. NEUMER: I am going -- 3:09 p.m. We are
just going to go off the record.

(Whereupon, a break was taken.)
MR. NEUMER: Time is 3:15 p.m.

FURTHER EXAMINATION

BY MR. NEUMER:

Q. So I think we have asked all our substantive questions today. I wanted to ask you one more time with respect to this line of questioning, "Drop the knife," arrival of your vehicle, would it be at all helpful for you to review the 813 Robert dash cam video another time?

A. No.

Q. Okay. Then I will just ask, you know, understanding what we are looking at today and at our previous interview, we try and ask all relevant questions, but sometimes we don't ask all the necessary questions.

So at this time, if you think there are any questions we should have asked you that we didn’t or any information that you think we should know, this is your opportunity to put that information on the record.

MS. RUSSELL: And I would just like to state that, you know, the officer is here at your request to answer questions that you ask of her, and she is only required to answer questions you ask of her,
not to propose questions you should have and didn’t ask.

But with that, Officer Fontaine, do you have any additional statement you want to make?

THE INTERVIEWEE: No.

MR. NEUMER: Okay. The time is 3:17, and this interview is concluded.

(Which were all proceedings in the above-entitled interview this date.)

We are here today pursuant to an investigation being conducted under Chapter 2-56 of the municipal code of the City of Chicago. We are here for an interview of Officer Thomas Gaffney.

Mr. Gaffney, would you please raise your right hand.

MR. FAHY: No, he's not going to be sworn. It's an administrative statement.

THOMAS GAFFNEY,
was examined and testified as follows:

EXAMINATION

BY MR. NEUMER:

Q. Okay. I'm now going to show you an advisement of rights. This has been previously marked as Exhibit 1.

(Gaffney Exhibit No. 1 was marked
BY MR. NEUMER:

Q. And I ask that you read along as I read this out loud to you. I'll ask you at the end of each paragraph if you have read the paragraph that I just read aloud to you.

So the advisement states, I, Thomas Gaffney, understand that I am being interviewed by Peter Neumer and Kristopher Brown from the City of Chicago Office of Inspector General.

I understand that this interview is part of an official investigation; that I have a duty to cooperate with the Office of the Inspector General which includes answering all questions completely and truthfully?

Officer Gaffney, do you see the paragraph that I just read aloud to you?

A. Yes.

Q. I understand that I have no right to remain silent. I understand that I have an obligation to answer questions put to me truthfully.

I understand that if I refuse to answer questions put to me, I will be ordered by a superior officer to answer the questions?
I further understand that I have been advised that if I persist in my refusal to answer after an order to do so, such further refusal constitutes a violation of the rules and regulations of the Chicago Police Department and may serve as the basis for my discharge.

Officer Gaffney, do you see the paragraph that I just read aloud to you?

A. Yes.

Q. I understand that I have been advised that my statements or responses may constitute an official police report. I understand that Rule 14 of the Chicago Police Department's rules and regulations prohibits making a false report, written or oral, and I further understand that making such a false report, whether written or oral, may result in my separation from the Chicago Police Department.

Do you see the paragraph I just read aloud?

A. Yes.

Q. I understand that any statement made by me during this interview may be used as evidence of misconduct or as the basis for disciplinary action up to and including removal or discharge.

Do you see that paragraph?
A. Yes.

Q. I understand that any statement made by me during this interview and the fruits thereof cannot be used against me in a criminal proceeding.

Do you see that paragraph?

A. Yes.

Q. I understand that I have the right to have a union representative or legal counsel of my choosing present at the interview to consult with and that I will be given a reasonable time to obtain a union representative or legal counsel as long as the interview is not unduly delayed.

Do you see that paragraph?

A. Yes.

Q. I understand that a refusal to answer any questions or any false, inaccurate or deliberately incomplete statement by me would constitute a violation of Chicago Municipal Ordinance 2-56 and may serve as the basis for my discharge.

Do you see that paragraph?

A. Yes.

Q. I acknowledge that this statement of my administrative rights has been read aloud to me and I have been allowed to review this document.
Do you see that paragraph?

A. Yes.

Q. At this time we would ask that you sign the advisement rights form marked as Exhibit 1.

A. Sure.

MR. BROWN: Peter and I will witness it after you.

BY MR. NEUMER:

Q. At this time I'm going to be putting before you some exhibits that were previously provided to you by BIA, so we will just kind of run through these.

MR. FAHY: Before we go any further, there's something my client wants to state for the record.

THE WITNESS: This statement is not being given voluntary but under duress. I am only giving this statement because I know I will be fired if I refuse.

MR. FAHY: In addition to that, I just want to put an objection on the record to my client being compelled to give answers today.

It is my understanding that there has been an order entered in the case of the People versus
Jason van Dyke by Judge Gaughan and that order specifically prevents any witnesses or anyone involved in that case from providing statements in any way related to the evidence in that case, so I'm objecting to these proceedings, that it puts my client in potential violation of a Court order.

MR. NEUMER: All right. Your objection is noted for the record.

A. Yes.

A. Yes.

Q. You reviewed those videos as well in preparation for today's interview?

statement; is that fair to say?

MR. FAHY: That's fair to say.

MR. NEUMER: I should have noted
beforehand, there's water, there's beverages.

There's some snacks available. If at any time you
need to take a break or consult with your attorney,
just let us know.

BY MR. NEUMER:

Q. Okay. Could you tell us your full name,
your star number and your current unit of assignment.

A. Thomas Gaffney, G-A-F-F-N-E-Y. My star is
19958. I work in the 8th district.
Q. What was your unit of assignment as of October 20, 2014?
A. Same unit, 8th district.

Q. What watch were you on as --
A. First watch, midnights.

Q. What was your chain of command as of October 20, 2014?
A. What do you mean by chain of manned?
Q. Who is your sergeant, lieutenant?
A. Sergeant was Steven Franco. My lieutenant is Lieutenant Cook.

Q. Do you remember who your commander was?
A. I believe it was McNaughton.

Q. Did you report to any other lieutenants at that time?
A. No. Just Lieutenant cook was our top person on our watch.

Q. Can you provide your cell phone number for the record, your personal cell phone number.
A. It's [redacted].

Q. Was that your cell phone number as of October 20, 2014?
A. Yes.

Q. Officer Gaffney, you were present when
Laquan McDonald was shot on October 20, 2014; is that correct?

A. Not in the area when he was shot. I was -- that day, yes, I was there in that general area.

Q. You were in the general area?

A. General area, yes.

Q. What I want you to do for us is to walk us through your actions immediately following the shooting of Laquan McDonald.

I'm assuming you were still in the 815 Robert vehicle, correct?

A. Yes, I was.

Q. So I want you to walk us through what happened following the shooting for you personally.

A. Well, after I got onto Pulaski, I exited my vehicle. This was after all the shots were done that I heard.

I got out of my vehicle, walked pretty much to the middle of the street because there were other vehicles in front of mine, walked pretty much to the middle of the street and then went towards where all the officers were.

Q. So you parked your vehicle?

A. Yes.

<tr>

<tr>

intersection towards where all the other officers were.

Q. That's the intersection of 41st and Pulaski that you were in the middle of?
A. Just -- yes, where I first got out of my car, yes, and then I went a little bit south, so just a little bit south of there.

Q. When you went south, were you near Officer Van Dyke and Officer Walsh's vehicle?
A. Yeah, that's pretty much where I went towards.

Q. When you go there, what happens? You walk over to those officers?
A. I just seen that there was a male black laying on the ground. Obviously everybody was just trying to make sure nobody came near the area, tried to stop cars to make sure the intersection was clear, and people were on their radio asking for an ambulance and telling them what happened, and then I just walked around. That's just pretty much it.

Q. So when you were walking around, what were you doing?
A. Just looking, just to see what happened.

Q. Were you talking to anybody when you were
walking around?

A. No, not at that immediate time, no.

Q. Had you been given any assignments as to what to do?

A. No.

Q. Were you doing traffic control?

A. No. As I said, there were other cars that were coming that had pretty much like blocked off the intersection, blocked off the street.

I, just like I said, I just walked back, looked to what happened, and I just walked back trying to find my partner.

Q. At any time while you were at the scene of the shooting, did you ever see any officers directing civilian witnesses away from the scene?

A. No.

Q. Did you ever direct any civilian witnesses away from the scene?

A. No.

Q. Did you find your partner eventually?

A. Yeah.

Q. What happened once you found your partner?

A. I believe we kind of went back to where our vehicle was. By that time there was more ambulances
Q. Did you go back to sit inside your vehicle?
A. No. We just went to the general area where our vehicle was.

Q. Once you got back to your vehicle, what did you and Officer McElligott do?
A. Nothing. We were just like looking at our vehicle, trying to figure out what happened, because like I said, I didn't see exactly what happened in the intersection or where the shots were fired at, so we were just trying to talk about what had happened, who did what.

Q. Do you recall what Officer McElligott said about what he thought had happened at the scene?
A. No, I don't remember that.

Q. Did you tell him what you thought had happened at the scene?
A. No, no. Like I said, it was just everything going on at that time. We were just trying to get everything together. Checked out our vehicle. Tire was flattened.

I just told him I just heard the shots from when I was behind the Burger King.
Q. So after you and Officer McElligott got --

let me ask you this briefly: Officer McElligott was

your partner then, correct?

A. Yes.

Q. Was he your regular partner?

A. Yes, at the time, yes.

Q. How long had you two been partners?

A. Maybe six months to a year, in that area

type of thing.

Q. Do you and Officer McElligott socialize

outside of work?

A. Not that much, no, not really.

Q. How about with respect to some of the other

officers who were at the scene that night, just want

to rundown a couple of these folks. How about

Officer Van Dyke, what was your relationship with

Officer Van Dyke prior to the night of October 20,

2014?

A. Just work related.

Q. Work related?

A. Yeah.

Q. No socialization?

A. No, never.

Q. How long had you worked with Officer Van
Dyke?

A. I want to say he was in the district maybe about six months or so, maybe a year at the most.

Q. Had you worked ever with him as a partner?

A. I believe I did once.

Q. One shift with Officer Van Dyke?

A. I believe once.

Q. How about Officer Walsh, what was your relationship with Officer Walsh prior to --

A. Same thing, just work related.

Q. How long had you worked in the same district with Officer Walsh?

A. Obviously a little bit longer, maybe a couple years, if that, but yes.

Q. Had you worked as partner with Officer Walsh?

A. Maybe a couple times, maybe three or four, if that.

Q. Couple shifts?

A. If that.

Q. Officer Viramontes, what was your relationship with him prior to October 20, 2014?

A. Pretty much the same thing. I mean, I know him a little bit more outside of work.
Q. How do you know officer --
A. I actually went to high school with him.
Q. So you guys had known each other for a while?
A. Not real good friends. I knew him from high school. And then we kind of -- as we worked, we realized we went to high school and stuff like that together.
Q. Got you. Okay. Not close friends?
A. Not close, close friends, no.
Q. Got you. How about Officer Sebastian, Daphne Sebastian?
A. No, just work related.
Q. And how long had you worked in the 8th district with her?
A. I don't know just how long she has been there. Like I say, I have been in the 8th since 2001, the summer area, so however long she has been there.
I think she started or she -- I think her whole career was pretty much I think in 8th district, so however long she has been there, I don't remember.
Q. Have you worked as a partner with her on some shifts?
A. I think one or twice.

Q. Officer Mondragon?
A. Same, same thing. Just work related. Same thing. As long as she has been in the district because I have more time than pretty much everybody.

Q. Done a couple shifts with her as a partner?
A. I don't know. Maybe once or twice maybe, but not too much with her either.

Q. Officer Fontaine?
A. Same thing, work related.

Q. No socialization?
A. No.

Q. Officer Velez, Leticia Velez?
A. No. They're -- I believe she is afternoon watch, so I've never worked with her.

Q. No socialization with Office Velez?
A. No.

Q. Officer Bacerra?
A. Same thing.

Q. No socialization with Officer Bacerra?
A. No.

Q. So you and your partner are at your vehicle sort of trying to figure out what happened; is that correct?
A. Yeah.

Q. So then what happens after that and where is the next place you go after your vehicle?
A. Pretty much we just stayed in that area. Like I said, that's when the bosses came and everybody else was coming. They're just trying, like I said, just making sure everything goes smoothly if you will. Nobody goes into the crime scene or does anything that they shouldn't be doing.

Q. Sure. Who is the first person other than Officer McElligott that you speak to at the scene about the shooting?
A. I don't remember that.

Q. Do you recall speaking to sort of any of the lieutenants or sergeants at the --
A. Later, yeah, the sergeant we did.

Q. Which sergeant was that?
A. That's Sergeant -- the one I just --

Q. Franco?
A. Franco, yes.

Q. You had a conversation. Was this at the scene?
A. Yes.
Q. Tell us about the conversation you had with Sergeant Franco.

A. Just pretty much the basic telling what happened or what our timeline was from what happened to -- from the time we got the job to where we ended up.

Q. About how long after the shooting do you think that conversation occurred?

A. I don't remember. Maybe 15, 20 minutes or so, maybe that.

Q. Was Sergeant Franco taking any notes during that conversation?

A. Not that I remember, no.

Q. Do you think he was the first person you sort of gave a narrative of the event to?

A. I don't remember, but it could be possible.

Q. Do you remember speaking to detectives at the scene of the shooting that night?

A. Yes.

Q. Do you remember which detectives you spoke to?

A. No, I don't.

Q. If I told you you spoke to a Detective March, does that name ring a bell?
A. Not really. Just from reviewing the notes.
I'll be honest, I never, to my knowledge, never met him before that night.

Q. Couldn't pick him out of a lineup?
A. No, I couldn't.

Q. You do recall having a conversation with a detective though?
A. Yes.

Q. Tell us about that conversation.
A. I know in the beginning there were a couple -- two detectives I believe it was that we actually went in their car with because they went back to the original scene where we first encountered the two, male and female Hispanic.

We went there and we just showed them this is where we came in contact with him, and then we drove the whole route from that point to all the way back to where our car finally ended up.

Q. So you did sort of a drive-through of the events of that evening?
A. Yes.

Q. And was it you and Officer McElligott?
A. Yes, I believe so, yes.

Q. Then there was two detectives with you?
A. I believe so. Pretty sure it was two.

Q. Were you in the detectives’ vehicle?

A. Yes.

Q. So at some point detectives approached you and asked you to do a drive-through of the scene?

A. Yeah.

Q. But you don’t recall who those detectives were?

A. No, I don’t remember who they were, not at that time, no.

Q. So tell us about that drive-through that you did with them.

A. Like I say, we just went back to where we originally encountered the male and female Hispanic. We told them we pulled up and talked to them real quick and then they showed -- they told us the male black went around the corner.

So we drove down, around the corner and we told them pretty much where we kind of encountered him and then what we did.

My partner got out, and then we continued to drive with them. And then we went to Karlov where we actually came in contact -- well, where I used my vehicle to try and slow him down to stop him and then
where he did what he did, and then we just -- then we
went -- continued through the Burger King lot.

    I showed them that this is where my car
went and the other car went this way and then I --
how I had to go around the Burger King and then where
my vehicle finally ended up.

Q.  Do you recall whether those detectives were
taking notes during that drive-through?

A.  I don't remember that, no.

Q.  So after that drive-through ended, where
did you go?

A.  I believe we just pretty much stayed with
our car. We were in that area.

Q.  Did you speak to any other detectives that
night at the scene of the shooting?

A.  I'm sure I did, but I don't know. I don't
remember how many or who it was.

Q.  Okay. Did you talk to any other
supervisors at the scene?

A.  Yes. Actually our captain, Captain Rexall
was there, call it Captain Walsh. He was also there.

Q.  Captain Rexall, do you know how you
spell --

A.  Walsh.
Q. Captain Walsh comes to the scene?
A. Yeah, he was there also.
Q. And did you have a conversation with Captain Walsh?
A. Yes.
Q. Can you tell us about that conversation?
A. I believe it was just pretty much the same thing, what happened, because I know -- and then we showed him our car and stuff like that, because I know a little bit later he had helped us change our tire on our car.
Q. Captain Walsh?
A. Yes.
Q. Do you recall having any conversations with a Deputy Chief McNaughton?
A. I'm sure we did, but I don't recall exactly what we did or what we actually told him.
Q. So while you were at the scene, is it fair to say you had several conversations with different supervisors regarding what had occurred to you that night?
A. Yes.
Q. Okay. Did you at any time while you were at the scene of the shooting speak to any of the
officers who were present during the shooting?

A. Yeah, I believe I spoke to Officer Walsh and I believe Officer Sebastian also. I mean, nothing in depth, but just what happened type of thing.

Q. Do you recall what Officer Walsh said when you had --

A. No, I don't remember that.

Q. You also had a conversation with Officer Sebastian?

A. I believe so.

Q. Do you recall what that conversation was regarding?

A. No, I don't.

Q. Do you remember having a conversation at any time with Officer Van Dyke at the scene of the shooting?

A. No, I don't believe I did.

Q. How about any of the other officers that were -- besides Sebastian, besides Walsh, besides Van Dyke, do you recall having any conversation with any of the other officers who were present?

A. Not specifically, but I'm sure I might have like interacted with every -- a few people, but not
exactly like in-depth conversations.

Q. Right. So at any time while you were at the scene, did you hear Officer Van Dyke describe the shooting to anyone else?

A. No, I didn't.

Q. Did you hear Officer Van Dyke talking to anyone at the scene, overhear -- regardless of whether it was about the shooting or otherwise?

A. No, I didn't hear no conversation with him.

Q. Did you hear at any time detectives having conversations with other witnesses to the shooting?

A. No, not that I know of.

Q. Okay. Did you ever hear any detectives describing the events that took place that night to officer witnesses?

A. What do you mean describe?

Q. Sort of relating the events that occurred to officer witnesses.

A. No, not that I know of.

Q. Did you at any time while you were at the scene shooting see any video of the shooting?

A. I actually -- I believe it was 13 Roberts car, I just like maybe like -- it was on their inside camera. I think it was maybe a five-second little
clip that somebody played it back and that was it.

Q. So were you being shown the video, or did you just happen to walk by?

A. No. I think somebody -- like I say, I just looked. Somebody was -- played it, if you will, and I think I just kind of looked in the car and just seen like a real quick little part of it.

Q. Do you recall who was playing the video?

A. No, I don't.

Q. Did anyone make any comments about the video while you were there?

A. No, not that I remember.

Q. Did you talk to anyone about what you had seen on the video at the scene of the shooting?

A. I don't believe so. Like I said, just the same thing. We just like seen a little five-second clip of it or a little blip of it.

Q. Did you talk to any FOP representatives at the scene of the shooting?

A. At the scene? I don't remember if they were at the scene or not, but I believe they might have been, but I don't know if I talked to them at the scene.

Q. Do you recall seeing any FOP reps at the
scene of the shooting?

A. I don't remember that, no. I'm not sure.

Q. So after you got back from the ride through with the two detectives, did you leave your vehicle after that point?

A. No. Pretty much we stayed with our vehicle at that time.

Q. So when you were having conversations with various supervisors, were they coming to your vehicle?

A. Yeah, for the most part, because, like I said, that's where our car was, our tire was flattened and then the mark in the windshield, so pretty much that's where we were showing everybody.

Q. When you were changing the tire with Capital Walsh, had you moved the vehicle at that point or were you --

A. No, it stayed there until we -- well, actually if I'm not mistaken, somebody else actually brought it back to the area.

Q. At any point while you were at the scene of the shooting, did you hear officers trying to make sure their stories were in alignment?

A. No.
Q. At any time while you were at the scene, did you hear officers, besides yourselves, discussing what they thought had occurred or what they thought they saw?

A. No.

Q. At any time while you were at the scene of the shooting did you and Officer McElligott compare stories as to what you had seen?

A. Not compare, but we just talked about it, yes.

Q. Were there any disagreements between you and Officer McElligott as to what you had seen?

A. No, because like I say, we were pretty much together the whole time.

MR. NEUMER: So at this time I'm going to give my colleague an opportunity to ask clean-up questions with respect to -- if that's okay, Counsel, with respect to the scene of the shooting.

I know the CBA says one questioner. We can save all the questions to the end. We like to do it section by section. It just goes a little quicker.

MR. FAHY: That's fine.

MR. NEUMER: Okay.

BY MR. BROWN:
Q. After you got out of the vehicle near 41st and Pulaski, approximately how long was it before you met back up with Officer McElligott?

A. I don't remember. Maybe a couple of minutes maybe.

Q. So not that long of a time?

A. No, not that long.

Q. Could you see what Officer McElligott was doing in the interim, that time between when you got out of the car and before you met back up with him a couple of minutes later?

A. No. I didn't know where he went, because like I said, I went around the Burger King to get back onto Pulaski and I didn't know where he went after that.

Q. When you guys did meet up and talk, did he tell you what he was doing?

A. I believe, like I said, I believe he said he ran out to -- out onto Pulaski. I believe there was another squad car there and like just kind of waved it through, and then he pretty much was -- like pretty much stayed at that area.

Like I don't know if he said he blocked traffic or tried to stop other traffic and let the
squad cars go in front of him.

Q. Did McElligott make any statements to the effect of I didn't want to see what was going on, I turned my head, so I didn't see the incident?

A. No, he never said that.

Q. Do you recall sending any text messages that evening of October 20, 2014, to any of your colleagues?

A. No.

Q. Do you recall any of your colleagues sending text messages to you that night about the incident?

A. No. The only funny thing is my lieutenant actually called me right in the middle of this saying that I had court or something like that, which I mean had nothing to do with this incident, but, yeah. He just happened to call me right during the middle of this incident. That was the only thing that I can think I had on my phone.

Q. That was going to be my next question.

A. Okay.

Q. Did anybody call you about anything?

A. Yeah.

Q. Sounds like nothing related to the
incident?

A. No, nothing. I think he called me saying I had court or something like that type of thing.

Q. Do you recall any calls or text messages the next day or the days following the incident, anybody wanted to kind of --

A. Not that I remember, no.

Q. Okay. You told us you kind of had a ride along with detectives and you took them around where you spoke with the male Hispanic and the female Hispanic, the ones that made the initial complaint?

A. Yes.

Q. After you got done with them, do you recall speaking with any detectives who kind of asked you for your impression as to what happened?

A. No.

Q. Wanted a rundown of, hey, what was your observations that night?

A. What do you mean by observations?

Q. Like pretty much trying to figure out -- we assume at some point some detective spoke to you and got the rundown of all your observations that night starting from at the truck yard all the way to the point where your car stopped at Pulaski.
A. Uh-huh.

Q. Just trying to figure out if maybe that conversation occurred while you were in the car with those detectives or if maybe there was another conversation you might have had.

A. We spoke to detectives different parts of the scene. We were talking to them while we were in the car and after we ride in the car, we spoke to more people.

Q. So those other detectives you spoke to outside of the car, you might have also told them the whole cycle of events from that night?

A. Yes.

Q. Okay. Do you recall any detective coming up to you and introducing themselves as I'm the lead detective on this investigation?

A. Now that I don't remember, no.

Q. Okay. Those other detectives you spoke to, do you recall any of them having like a notepad and taking notes based on what you were telling them?

A. Like I said, I don't remember, but they could have been. I don't remember though.

Q. Those other detectives you spoke to, do you have any idea or recollection of where these
conversations occurred?

A. What do you mean other ones?

Q. Outside of the two that you spoke to in the vehicle.

A. No. Just pretty much right where our vehicle was, stuff like that, in that area.

Q. After you got done with the detectives doing the ride along, I know you said you were kind of standing near the car. Were you then given any particular assignment to do anything?

A. No, not really, no.

Q. Just kind of just maintain and just wait until --

A. Yeah, pretty much. Just stayed there because at the time every -- well, the offender was already in the ambulance and gone by that time, so there was just pretty much the traffic was already blocked off, so it was pretty much a -- the scene was pretty much quarantined or held down.

Q. Got you. Were you ordered to complete any paperwork?

A. Not at that time, no.

Q. Were you ordered to complete some paperwork, I guess, at a later time?
A. We did paperwork after that later.

Q. Not at the scene?
A. Not at the scene, I didn't.

Q. Was that paperwork completed at the area?
A. Depends who is doing it, but there was another car assigned to do the actual case report and then the detectives do their stuff, but not at the scene, no, we didn't do any paperwork.

Q. We are going to get to it a little bit later in the interview, we will talk about what happened at the area.
A. Right.

Q. Just wanted to make sure at the scene you didn't have to complete any paperwork?
A. No.

Q. I know you mentioned walking behind and seeing a video in 813 Roberts car?
A. Uh-huh.

Q. Do you recall if that was a sergeant that was operating the video?
A. No, I don't remember who, yeah.

Q. Just a wild stab, do you recall if the person showing the video was an exceptionally large person, very tall, maybe 6'6", 6'7"?
A. Wow. I don't even think there's somebody in that district like that that I know of.

Q. Okay. Just a person we have an idea of.

All right.

Do you recall what portion of the video you saw? I know it was a very small snippet, but do you recall what you saw?

A. No, I don't, no.

Q. Other than that five-second snippet that you saw at the scene, did you see any other videos?

A. No.

MR. BROWN: That covers all my --

MR. FAHY: Are you referring at the scene just to clarify?

BY MR. BROWN:

Q. Yeah. I'm referring at the scene of the shooting near 41st and Pulaski outside of the video of 813 Roberts car, did you see any other videos?

A. No, I didn't.

MR. BROWN: Thank you. That's all my questions.

BY MR. NEUMER:

Q. Just following up on that, at any time at the scene of the shooting did you see any of the
other officers watching video of the shooting?

A. No, not that I know of.

Q. Do you know whether Officer McElligott saw a video of the shooting at the scene?

A. I don't know. Not that I remember.

Q. At this time I'm going to show you, put in front of you I think it's Exhibit 6. This is the case supplementary report. I'm going to ask you a few questions about Exhibit 6. We'll give you Exhibit 7, GPR as well, but I'm going to direct your attention to Exhibit 6.

So if you can just take a moment and look over the Exhibit 6, your statement in Exhibit 6. I'm going to ask you a few questions about that.

So the statement that's attributed to you by Detective March, does that statement that you just reviewed, does that generally accurately reflect what you stated to the detectives on October 20, 2014?

A. Yes.

Q. I want to just go line by line over a few statements just with respect to each of these statements. I'm going to direct you to page 12 of the report. I'm going to ask you two questions. First question will be whether the statement that is
in the Exhibit 6 report, whether you made that statement to a detective on the night of October 20, 2014, and then the second question is whether that statement is true.

Okay. First question is just did you make the statement and the second is is that an accurate statement.

So let's see. Directing your attention to the third paragraph -- second full paragraph on page 12, McDonald began to run eastbound through the restaurant parking lot on the north side of the Burger King building.

Did you make that statement to a detective on October 20, 2014?

A. I believe so.

Q. Is that statement accurate?

A. Yes, fairly accurate, yes.

Q. Is there anything in there that you think is inaccurate or --

A. No.

Q. Okay. Next sentence, he ran out onto Pulaski and then turned and ran southbound on Pulaski.

Again, did you make that statement to a
detective on October 20, 2014?

A. I don't recall if I made it to a detective, but, yeah, I believe I probably said that, yes.

Q. And is that statement accurate?

A. Yes.

Q. Next sentence, Beat 845 Robert pursued McDonald in their police vehicle eastbound through the parking lot over the curb at Pulaski, then southbound on Pulaski.

Did you make that statement to a detective on October 20, 2014?

A. I believe so, yes.

Q. Is that statement accurate?

A. Yes.

Q. Officer Gaffney lost sight of McDonald when he turned southbound on Pulaski.

Did you make that statement to a detective?

A. Yes.

Q. And is that statement accurate?

A. Yes.

Q. Because of the flat tire on his vehicle, Officer Gaffney did not drive over the curb.

Did you make that statement to a detective on October 20?
A. Yes.

Q. And is that statement accurate?
A. Yes.

Q. As he drove around onto Pulaski, Gaffney heard multiple gunshots in rapid succession.

Did you make that statement to a detective on October 20?
A. Yes.

Q. Is that statement accurate?
A. Yes.

Q. He did not see who was shooting.

Did you make that statement to a detective?
A. Yes.

Q. On October 20, yes?
A. Yes.

Q. If I can finish the question, it will just be better a record.
A. Sorry.

Q. No problem. You are a step ahead of me. And is that an accurate statement?
A. Yes.

Q. When he reached Pulaski, McDonald was laying on the ground.

Did you make that statement to a detective
on October 20, 2014?

   A. When I finally -- yes.

   Q. And is that statement accurate?

   A. Yes.

   Q. So did you see McDonald get shot?

   A. No.

   Q. By the time you saw McDonald on the ground, had the shooting stopped?

   A. Yes.

   Q. So where were you in your vehicle, walk us through once you decided not to drive over the curb, how you proceeded out on to Pulaski.

   A. I had stopped -- it was the north side of the building in the parking lot.

   Q. Burger King?

   A. Yes. I stopped where the curb was because I knew like my tire was flat. I didn't know if I would be able to get over it, so I reversed, went west on the west and north side of the building, then behind the building, I went south and then turned and came back east around the building again, pretty much doing like a horseshoe almost and went towards Pulaski.

   Q. Okay. So how did you eventually get out on
to Pulaski?

A. There's pretty much where the red light is, the light at 41st, there's a driveway because the trucks -- I don't know if the trucks use that also, the Burger King with their drive-through and that drive-through also comes out on to that little area, that street.

Q. And the driveway exits onto Pulaski?

A. Yes.

Q. It exits onto the west side of Pulaski; is that correct?

MR. FAHY: No. That's actually --

THE WITNESS: Well, yeah. Pulaski, it will be the west side of Pulaski where the Burger King is also. That's where the --

MR. BROWN: Both sides. The drive-through is on the south side of the Burger King.

MR. NEUMER: Right. The Burger King is on the west side, so it's --

MR. BROWN: It's on the west side of Pulaski, yeah.

BY MR. NEUMER:

Q. So then you get out, you exit the Burger King onto Pulaski in the 815 Roberts vehicle, right?
A. Yes.

Q. And then which direction do you turn out of the Burger King?

A. I turn south.

Q. When you turn south, what do you see?

A. Pretty much right where I turned south, I pretty much stopped my vehicle because there were I believe one or two other squad cars in front of it.

Q. Would it have been possible for you to continue south on Pulaski?

A. No. I believe that's why I stopped because I -- well, besides the tire being flat, I believe that there were other cars in front of that area to where I wouldn't have been able to get around them.

Q. Could you see anything in terms of -- could you see Officer Van Dyke and Officer Walsh?

A. No, not when I was in the car.

Q. What was blocking your view of Officer Van Dyke?

A. Like I said, there were other vehicles in the intersection.

Q. Police vehicles?

A. Yes.

Q. Do you know whose vehicles those were?
A. I don't. I believe one might have been Roberts.

Q. So that's Sebastian and Mondragon?
A. Mondragon, yes.

Q. I'm going to -- well, I don't know if you have the notice of allegation in front of you, but I'll read it, and it is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated that you heard multiple gunshots in rapid succession. What is your response to that allegation?
A. It's true to the best of my knowledge.

Q. Did you hear any pause or break between the gunshots you heard?
A. No, I didn't.

Q. As you are looking through your statement, the Exhibit 6 statement, is there any significant details that you feel are not included in that statement?
A. I don't believe so.

Q. Is there anything that you recall telling a detective substantively about your encounter with McDonald on the night of October 20, 2014, that you do not see in the Exhibit 6 report?
MR. NEUMER: Okay. Kris, do you have any follow-up questions with respect to the CSR?

MR. BROWN: Just two quick ones.

BY MR. BROWN:

Q. When you are coming around the Burger King and you're coming east on 41st, is that where you heard the gunshots?

A. I was pretty much at the back of the Burger King in that area, in the back of the area of the Burger King. Then I proceeded to come around it and come out to Pulaski.

Q. So as you are kind of going around the Burger King, by the time you got to Pulaski, all the shots had ceased?

A. Yes, best of my knowledge, yes, they were all done.

Q. While you were driving behind the Burger King and then eventually coming up east on 41st, could you see anything that was going on?

A. No. There was fencing up along the lot that was south of the Burger King and then they had like canvas or like a covering over the fence. Like I said, I guess, I don't know if they
were doing construction or about to do construction,
so it was all so you couldn't see through it.

Q. So that fencing, that was blocking your
view of anything pretty much south?
A. Yes, pretty much anything towards Pulaski I
couldn't see.

Q. At that point could you see McElligott?
A. No, I don't know where he was at that time.

MR. BROWN: That's all my questions.
MR. NEUMER: Okay. We'll grab the exhibits
back so we can keep everything straight.

MR. FAHY: Can we just take a brief pause.
MR. NEUMER: Sure.
MR. BROWN: The time is 12:03 and we are
going to go off the record.

(Recess taken.)

MR. NEUMER: Okay. The time is -- are we
good to go back on the record?
MR. FAHY: Yes.
MR. NEUMER: The time is 12:04. We're back
on the record.

BY MR. NEUMER:

Q. Just now I want to talk to you about making
your way over to area central.
Do you recall about what time you left the scene of the shooting?

A. I would say in the 3:00, 3:30 area.

Q. Somewhere in that area?

A. Yeah.

Q. After you left the scene of the shooting, where did you go?

A. We went northbound to the expressway and then we took the expressway, the Stevenson to the Dan Ryan to 51st Street and then we got off there.

Q. To the area central headquarters?

A. Yes.

Q. And what vehicle did you take to get to area central?

A. Yeah. I don't remember because, like I said, they were waiting for ET to process our vehicle. They wanted to take pictures and do prints.

Q. Evidence technician?

A. Yeah. Take prints of the car and then the pictures of the windshield and all that, so they needed us at the area for everything going on. We just took another vehicle. That other party had waited with our vehicle.

Q. Do you recall who drove?
A. Drove with me and between -- I did. I was the driver.

Q. You are driving and Officer McElligott was in the vehicle?
   A. Yes.

Q. Anyone else?
   A. No.

Q. So the two of you drove over to area central?
   A. Yes.

Q. Were you ordered to go over to area central or your presence was requested?
   A. Yes, that's where we were supposed to go.

Q. Did someone tell you that?
   A. Well, yeah. That's where the investigation was being conducted at the area after the scene.

Q. Did Sergeant Franco say, hey, get on over to area central, or do you recall?
   A. I don't know about getting over, but I know they did I think on the radio just tell us that or somebody told us that we had to just leave the vehicle and take this vehicle and go over there.

Q. But you don't recall who that was?
   A. No, I don't remember.
Q. So you leave the scene of the shooting somewhere around 3, 3:30, somewhere like that?

A. Yes.

Q. How long does it take you to get to area central?

A. It was maybe 15 minutes or so. It wasn't that long.

Q. And then what happens when you arrive at area central?

A. We went up to the detectives area and then just continued. Whatever detective needed to talk to us, we talked to them. We talked to a couple other people, I believe, and then we did some reports or I did some reports I know.

Q. Do you recall what detectives you talked to?

A. No, I don't.

Q. Do you know what kind of questions they were asking?

A. No, just pretty much the same thing that they would ask us at the scene, if I remember.

Q. Do you have any recollection if it was the same individuals who had asked you questions at the scene that were asking you questions?
A. I don't remember, but I believe it probably was the same.

Q. So you talked to a couple other folks as well at area central?

A. I just mean like other officers, sergeants, stuff like that. Everybody was there.

Q. So tell us who was there when you get to the detectives division of area central.

A. Pretty much everybody that you mentioned already, all the officers that you had mentioned already.

Q. The people who were at the scene?

A. Yeah, the sergeant. I'm sure there were -- well, all the detectives or whoever the detectives were, they were there. Like I said, I don't know their names.

Q. Sergeant Franco was there?

A. Yes, he was there, yes.

Q. Where were people hanging out when you got there?

A. Just everywhere. It's just like a bunch of cubicles type of thing.

Q. Wherever there was room?

A. Yeah.
Q. And so in terms of officers who were at the scene, did you have any conversations with those officers while you were at area central?

A. They had everybody together. We just -- in the room. We just talked or just pretty much kind of little bit briefly said what they -- we had told everybody that what we had from the beginning, what happened from the beginning and how it progressed.

Like I said, they were all there before we were for probably an hour or two at least before we got there.

Q. You and Officer McElligott sort of related to the other officers who were present your experience that night?

A. Yes.

Q. Was Officer Van Dyke in that group, do you recall?

A. Yes, he was.

Q. Was Officer Walsh in that group?

A. Yes.

Q. Did anyone else relate their experiences that night to you?

A. I don't remember. I don't recall if they did.
Like I said, they were all there before --
for awhile before we got there, so they might have
been discussing it at that time, but I don't remember
if they said anything to us about it.

Q. Did you have any conversations with Officer
Van Dyke about what had occurred that night?
A. No.

Q. While at area central?
A. Not that I recall.

Q. How about individual conversation with
Officer Walsh about what occurred?
A. Again, I don't remember. Not that I --
maybe a few words, but nothing, a whole conversation.

Q. How about with any of the other officers
who were present at the scene, did you have any
individual conversations where you're sort of
comparing stories?
A. I don't know about comparing stories, but
we just might have discussed things, yeah.

Q. What happened to you, what happened?
A. Again, in detail I don't remember. I don't
remember what exactly we talked about.

Q. I got you. Other than detectives, did you
talk -- and did you have a conversation with Sergeant
Franco while you were at area central?

A. Yes.

Q. What was the nature of that conversation?

A. Because I needed to fill out an officer's battery report, so I know he was involved with that.

Q. I'll tell you what, why don't we put the -- so you completed an officer's battery report and a tactical response report while you were at area central?

A. Yes.

Q. Let's put those -- we'll mark this as Exhibit 8. It will be the officer's battery report and Exhibit 9 will be the -- fair to call it TRR, tactical response report?

A. Yeah.

(Gaffney Exhibit No. 8 marked for identification.)

(Gaffney Exhibit No. 9 marked for identification.)

BY MR. NEUMER:

Q. I'll call it OBR and TRR just so we don't -- we'll save some time that way.

Okay. You mentioned that you had a conversation -- correct me if I'm wrong, I don't want
to put words in your mouth, but a conversation with Sergeant Franco regarding the OBR and the TRR; is that fair to say?

A. Yes.

Q. Tell us about that conversation.

A. I don't remember it in detail, but just like that we had -- I had to fill it out, just like minor things that I might have asked what to put type of thing. Got temperature and stuff like that, I wouldn't have no clue what the temperature was.

Q. I got you. So would you have filled this out unless he had -- the TRR and OBR unless Sergeant Franco had directed you to fill out the TRR and OBR?

A. Yes. Like I said, during the investigation they determined that I should fill these out.

Q. Who determined that you should fill these out?

A. I'll be honest, I don't know.

Q. But Sergeant Franco ultimately said, Officer Gaffney, we will need you to fill out an TRR and OBR, something like that?

A. Yeah.

Q. Did you ask him any questions when he told you to fill these documents out?
A. No. Well, just like I said, some of the things involved in here, some of the little questions, but I knew why I had to fill it out.

Q. Why did you have to fill it out?

A. Because when the offender came at the car and hit the windshield with the knife and stuff like that, he pretty much was looking right at me. He was trying to stop me from doing what I was trying to do, stop him and slow him down, so at that time it was an assault on me at the time.

Q. Had you filled out a TRR or OBR prior to October 20, 2014?

A. I'm sure I have. I don't remember how many times. Not too many.

Q. Less than 10?

A. Yes, I would say so.

Q. And just generally walk us through what your understanding of a TRR is and when it's appropriate.

A. Just when you as a police officer become a victim, I would fill this out or if you have to use your tasers, something like that.

Q. What in your mind is the difference between a TRR and OBR?
A. That's a good question. This is for the actual battery or the assault, whatever, and this is just like if you have to use -- I believe if you have to use physical force or other kind of forces, for a tactical response is dealt with.

Q. So Sergeant Franco tells you to fill out the OBR and TRR while you were at area central, correct?

A. Uh-huh.

Q. So where do you complete the TRR and OBR?

A. On a computer at area central.

Q. Was it a desktop computer?

A. Yes, I believe so, yes.

Q. And was anyone else present while you were drafting or completing the TRR and OBR?

A. Present as in like right next to me, no, but like I said, there were people around everyone pretty much.

Q. You mentioned that Sergeant Franco might have given you some information as to what the temperature was?

A. Just like, yes, some of the things that I wasn't sure of.

Q. In terms of did you ever have any questions
as to which boxes to check on the TRR and OBR?

A.  Yeah. Like I said, if I did, I would have asked him.

Q.  Do you recall asking him questions as to what box should I check here?

A.  Honestly I don't remember. I'm sure I did, but like I said, I don't remember exactly what or how many times.

Q.  Did you talk to a Marlan Harvey while you were at area central on that evening?

A.  Not to my knowledge. I don't know that name though.

Q.  You are not familiar with the name of --

A.  No.

Q.  He's, I think, an FOP rep.

A.  Okay.

Q.  Okay. But no, you are not familiar with him?

A.  The name doesn't click, yeah.

Q.  Do you recall speaking to any FOP reps while you were at area central on October 21?

A.  Yes.

Q.  Who did you speak to?

A.  Could I ask my lawyer their name.
Q. Sure.
A. Would that be okay? Herbert, I believe Dan Herbert was there.

Q. FOP attorney?
A. Yes, I believe so, yeah.

Q. Let's see. I'm going to direct your attention to the officer's battery report, and on the right side of the report, about a third of the way down, there's a line that says number of officers battered.
A. Yes.

Q. It says three. Do you recall why you selected three as the number of officers that were battered?
A. Well, I believe that's what I was informed that -- like I said, I was one of them and that Officer Van Dyke and Officer Walsh were also assaulted, so they informed me just put three because that's how many reports were being done about -- officer battery reports were being done.

Q. Do you recall who informed of that?
A. I don't remember. If I -- if I should guess, probably Sergeant Franco, but I'm not 100 percent sure.
Q. What you mean is that since Franco was providing you with some other information, it might be possible that he told you the three?
A. It could have been, yes.
Q. Could it have been anyone else that told you the number?
A. I don't remember.
Q. Would you have been able to write that number down on your own without someone telling you what the number should be?
MR. FAHY: You know, I'm going to object to that question, would you be able to. I'm not sure what you are asking him, to speculate or if he's able to physically like write the number three.

Just to clarify, if you could clarify the question a little bit.
MR. NEUMER: Sure. We'll move on.

BY MR. NEUMER:
Q. You mentioned that you were aware that other officers were completing a TRR and OBR?
A. Yes.
Q. And who were the other officers that were completing OBRs and TRRs?
A. I believe it was Officer Van Dyke and
1 Officer Walsh.

2 Q. And did you see Officer Walsh completing a
3 TRR or OBR at area central that night?
4 A. I don't remember seeing him, but like I
5 said, I know they were all there.

6 Q. Do you know whether he received any
7 assistance in his completion of the OBR?
8 A. I don't remember.

9 Q. Did you ever see Officer Van Dyke
10 completing a TRR or OBR at area central?
11 A. No, I didn't.

12 Q. Do you know whether Officer McElligott
13 completed a TRR or OBR?
14 A. No, he didn't. I don't believe so.

15 Q. Do you have any understanding as to why you
16 completed a TRR and OBR but Officer McElligott
17 didn't?
18 A. Like I said, during the whole incident the
19 offender never came at us or did anything to us until
20 that incident with the vehicle where I was in the
21 vehicle.

22 He never like came at my partner, never
23 took a step towards my partner or anything like that.
24 He just came -- pretty much when he hit the
windshield and tried to come at me, that's the only reason.

Q. I'm going to go to the notice of allegations for a second here.

It is alleged that in the officer's battery report you completed concerning the McDonald shooting, you made a false statement when you stated that three officers were battered.

What is your response to that allegation?

A. Well, in officer's battery report it's also for batteries, aggravated batteries, assaults and aggravated assaults. That's just what it's called, officer's battery report, so three people were battered, but it's for assaults also, so technically we are assaulted, but just what it's called.

Q. Did you make the determination that three people were assaulted or battered?

A. No.

Q. Do you know whose determination it was that three officers were assaulted or battered?

A. No, I don't know. Obviously it was during the investigation. But like I said, I didn't see Officer Walsh and Officer Van Dyke. I didn't know when they were -- when it happened to them. I never
Q. At any time while you were at area central on October 20 or 21, 2014, were you shown video of the shooting?
A. No, I don't believe so.

Q. Did you ever see video of the shooting while you were at area central?
A. No.

Q. Did you see any other officers watching the video?
A. No, I didn't.

Q. You didn't see any detectives showing officers the video of the shooting?
A. No, not to my knowledge I didn't see any of that.

Q. Did you have any conversations with the other officers who were present at area central regarding the video?
A. No.

Q. When you were talking to detectives at area central, you had some conversations?
A. I believe so. I'm pretty sure, yeah.

Q. At any time did you feel those detectives were trying to get you to change your story regarding
what occurred on October 20, 2014?
   A. No.
   Q. So you did not -- is it fair to say other than the five-second clip that you saw at the scene of the shooting, you did not see video of the shooting before you completed your OBR and TRR?
   A. No.
   Q. Okay. When did you first see video of the shooting, do you recall?
   A. I want to say when it came out on the Internet.

MR. NEUMER: Any area of questions?
MR. BROWN: I do have a couple.

BY MR. BROWN:
Q. I know you stated that you stayed at the scene until approximately 3 a.m.?
A. Yes, roughly.
Q. Roughly. I imagine that you and Officer McElligott were two of the last officers to kind of leave the scene and then go to area central?
A. Yes.
Q. While you were waiting, do you recall what you were doing after you got -- I know you spoke with the detectives and you kind of milled about your car,
but do you remember anything specific that you did?

A. Like I say, we changed the tire and then we just pretty much -- we were just waiting because, like I said, we were waiting for the evidence technicians to do what they needed to do.

Q. Did you pretty much just talk to McElligott or did you go talk to other people?

A. No. It was pretty much just us two. Like I said, we were just standing around watching because the ETs were doing other things at the time, or ET, crime lab. They were doing other things at the time.

Q. There was never a point where all the officers on the scene kind of just huddled together and just kind of talked to each other?

A. Not that I seen on the scene, not that I noticed.

Q. Okay. When you got to the area, about how long was it before you started doing the OBR and TRR?

A. That I don't remember, because I know we did -- I did do an interview with IPRA, but then that was, I believe, was around 4:00, so I don't remember if I did this before or after that. I want to say before, but I'm not sure.

Q. When you did the OBR and TRR, do you recall
if anybody was, I don't know, at a computer next to you or on either side of you?

A. I don't remember. I'm not sure.

I know there were computers next to me, but I don't know if there was people at them or doing anything with them.

Q. You don't recall if anybody else was doing their OBR or TRR?

A. No. I don't remember if they were doing them there or if they had them done already. I'm not sure.

Q. My partner asked you some questions about the number of officers battered on the OBR being three. Did you have any concern with the number being three, concern that you didn't see the batteries that occurred to Van Dyke and Walsh?

A. No. Just like I said, it doesn't really specify, but I would just assume that that's asking how many in this incident, how many were assaulted or battered, so that's why I just put three, not that I had to see them, but that the whole incident, that's what the investigation revealed, that there were three of us altogether that were assaulted.
Q. I just didn't know if the report only had to reflect your observation or could it just --

A. I'll be honest, I don't know how that would work either. Like I said, I don't know if that's like for me or just for the whole incident, but that's what I put.

Q. Did you have any concern that Officer McElligott should have been included in that number?

A. No, because like I said, if he wouldn't have done -- if the offender wouldn't have done what he did to my vehicle, I wouldn't have even had to do this, but just because that one specific incident, that one second when he came at the car and came at me, that's why we did this.

Q. Sure. Officer McElligott was somewhat close to the car when --

A. He was still towards the back of the car, but he had a good enough distance.

Q. When the offender slashed your tire, McElligott was far enough away that --

A. Yeah. He never made any movement towards McElligott. He just like hit the tire, then I pulled the car a little bit further, and that's when he turned and looking right at me and hit that
Q. Okay. Do you know -- I know you haven't filled out a ton of OBRs or TRRs. Do you know if it's common practice where you will get information from sergeants or from other people to use to complete the documents?

A. I don't know if it's common practice, but there are little things that you might not think of when you are doing this type of thing that you might recall with your partner or something like that.

MR. BROWN: Okay.

BY MR. NEUMER:

Q. Just a couple things. Who did you submit the OBR and TRR to?

A. I don't know. I just know it was submitted, and whoever -- I don't know if Sergeant Franco would have signed off it on or somebody else. I know McNaughton's name is at the bottom of this one, so I don't know if he actually finally or at the very end approved it or how that would work.

Q. Is it just you hit a button on a computer, like hit send, submit, something like that?

A. I believe so, something like that, yeah.
Q. Did you give anyone notice at area central that, hey, finished the OBR and TRR?

A. Yes. I believe I talked -- my sergeant was still right around me when it was done.

Q. So you would have told Sergeant Franco finished these off?

A. Yeah.

Q. Did you ever hear anything further from anyone, any officers, sergeants, otherwise, after you submitted the OBR and TRR?

MR. FAHY: Regarding?

BY MR. NEUMER:

Q. Did anybody ask any follow-up questions regarding the OBR and TRR?

A. Not to my knowledge.

Q. Okay. Moving on to IPRA, the IPRA interview. You were interviewed by IPRA at area central; is that correct?

A. Yes.

Q. And where in area central did that interview take place?

A. It was in a separate room, not in the whole general area. It was in a separate room where it was just the IPRA investigator, me and then two --
believe it was two FOP people.

Q. And was one of those FOP people Dan Herbert?
A. Yes.

Q. Do you recall who the other FOP person was?
A. No. It might have been that person that you mentioned, but I'm not sure.

Q. Does the name Kato, last name Kato ring a bell?
A. It could have been him.

Q. Did you speak to anyone -- besides your attorney or Dan Herbert, did you speak to anyone in preparation for your IPRA interview?
A. Not specifically, no. Like I said, we just talked, everybody involved.

Q. Did you have any communications with McElligott before your IPRA interview in preparation for your IPRA interview?
A. I don't believe so, because we don't know what IPRA is going to ask or anything like that, so we can't --

Q. You mentioned that you had sort of related the events that occurred to you to some of the other officers who were present at area central?
A. Yes.

Q. Other than those communications, did you speak to any of the other officers in preparation for your IPRA interview?

A. I don't believe so, no.

Q. Did you make any attempt to ensure that the statements you were going to provide to IPRA was consistent with the statements provided by the other officers who were present at the --

A. No.

Q. Before your IPRA statement, were you pressured in any way to make sure that your statement was consistent with the other officers who were present at the scene?

A. No.

Q. Where did you go after you left area central?

A. Back to our district station, 8th district.

Q. Then home from there?

A. Yeah, pretty much, yeah.

Q. Do you recall what time about you left area central?

A. No, I don't. It was already light, so probably maybe 9, 10 area, somewhere in that area.
Q. 9, 10 in the morning?
A. Yeah, something like that maybe.

MR. NEUMER: Okay. Anything on IPRA?
MR. BROWN: No.

BY MR. NEUMER:

Q. I want to talk to you about in-car video systems.
A. Okay.

Q. Particularly the in-car video system of the vehicle you were driving on October 20, 2014.
A. Yes.

Q. We've talked about the 815 Robert vehicle. Do you know what the vehicle number was of that vehicle?
A. 8489.

Q. Sort of generally, what is an in-car video system?
A. Just a car camera that's mounted in the windshield pretty much and just it videotapes whatever is in front of the car.

Q. What's the purpose of an in-car video system?
A. To record any incidents that might be in front of the car, like just, say, a car going through
a red light or something like that type of thing.

Q. That system captures audio as well?
A. Yes.

Q. So during your day-to-day shift, how do you use the in-car video system?
A. Just we log onto the screen that's in there and it comes up and it's working.

Q. Has anything changed since October 20 in the way you sort of interact with the in-car video system?
A. Not really. Just our sergeants are more involved in making sure that everything works properly. They know if something is not working, we have to notify them immediately.

(Gaffney Exhibit No. 10 marked for identification.)

BY MR. NEUMER:

Q. At this time we're going to hand you what is marked as Exhibit 10, and this is the special order regarding in-car video systems that was in place as of October 20, 2014. Okay. Have you seen this Exhibit 10, special order SO3-05-CPD, special SO3-05?
A. I'm sure I have, yes.
Q. Were you familiar with certain directives with respect to in-car video systems. Were you aware of the sort of rules and protocols set forth in this special order as of October 20, 2014?

A. I believe so, yes.

Q. I want to direct your attention to section 6 of the special order, which is on page 3, specifically where it says that at the beginning of a tour of duty, a department member is to visually inspect the in-car video system equipment for damage and obtain the remote transmitter audio recorder, assure it is securely to the member's person and follow the start-up procedures for the in-car video system as trained and ensure the system is working properly.

Were you aware of those procedures as of October 20, 2014?

A. Yes.

Q. How were you aware of those procedures?

A. We had taken a class on how to operate, even though it was several years before this.

Q. So was that a full-day class?

A. I believe so.
Q. Do you recall where it was?
A. At the academy.

Q. After that class, did you ever receive any other training regarding the procedures outlined in Exhibit 10?
A. Not that I remember.

Q. Do you see the notes section close to the bottom of page 3 of Exhibit 10 that says, members will immediately notify a supervisor if at any point the in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable or the remote transmitter audio recorder is missing?
A. Yes.

Q. Did you ever have to notify a supervisor regarding a damaged in-car video system?
A. Yes.

Q. How does that process work?
A. We just notify them like if something is wrong or just, say, a screen doesn't come up, we notify them, and then he has to call whoever, I don't know, and get a ticket number for a repair, to get it repaired.

Q. That's the sergeant that you would call?
A. Yes.
Q. So if the system is not working, in-car video system is not working, you call your sergeant and let them know?

A. We let them know, yeah.

Q. What happens to a vehicle's in-car video system while a help desk ticket is being processed?

A. Nothing. We still use the vehicle.

Q. Still use the vehicle?

A. Yes.

Q. So you were the driver of vehicle 8489 on October 20, 2014?

A. Yes.

Q. That's the 815 Robert vehicle?

A. Yes.

Q. And that vehicle had an in-car video system; is that correct?

A. Yes.

Q. And did you generally drive the 8489 vehicle?

A. Yes, that was our vehicle, assigned to our beat.

Q. And as of October 20, 2014, how long had you been working in a vehicle that had an in-car video system?
A. I don't recall. Some vehicles have them. Some don't. A lot of times they were not working. It's off and on.

Q. It's fair to say like for a matter of years you had been working on and off on with cars that had --

A. It could be, yes.

Q. That had an in-car video system?

A. It could be, yeah.

Q. And had you had any issues with the 8489's vehicle in-car video system on previous tours of duty?

A. I don't recall, but I'm sure there was, because, like I said, it's not just us that use that vehicle. There's other people, other watches that use the vehicle also, so if something happens with another watch, they can get the ticket number, so a lot of times it takes months for it to get fixed.

Q. I got you. So walk us through what you did at the beginning of your tour on October 20, 2014, with respect to the 8489 vehicle's in-car video system.

A. Pretty much we logged into the -- put our PC numbers, our beat number on the little screen, and
you just press send, I believe, and it starts up, and
once you do that, the screen comes up where you can
see through the camera what's in front of you.

Q. And that's what you did on October 20, 2014?
A. Yes.

Q. What's your PC number, by the way?
A. [Redacted].

Q. And did you visually inspect the in-car video system for damage?
A. Yes. It's pretty much just a screen. The camera is stuck up there. As long as we log on and you can see out there, that would -- pretty much it's working.

Q. Where do you generally keep the microphones for the in-car video system?
A. There's little charging areas, I guess. Certain vehicles have them in certain different spots.

Q. Do you recall where the microphones were on October 20, 2014?
A. I believe they were where the charging spots were, in the charging spots.

Q. Where should they be? Is that where they
should be?

A. Yes, before we log on and all that stuff, yes.

Q. Do you know if you synced your microphone to the system when you entered the 8489 vehicle on October --

A. I don't believe I did.

Q. Do you know if the audio in the 8489 or 815 Robert vehicle, the audio for the in-car video system was functioning correctly on October 20, 2014?

A. I'm not sure if it was or not.

Q. Do you recall notifying your sergeant at any time on October 20, 2014, that the in-car video system audio was not working correctly?

A. No, because as what we knew, everything was working fine.

Q. I'm going to show you a couple exhibits here. Show you 11, 12 and 13. So this is going to be Exhibit 11.

(Gaffney Exhibit No. 11 marked for identification.)

BY MR. NEUMER:

Q. It is an email from Sergeant Lance Becvar to Jonathan Lewin regarding his findings with respect
to the five vehicles that were at the scene of the shooting, including the 8489 vehicle.

And his finding with respect to 8489 is system not engaged because of very long video, like hours long, was made previous to this event incident and system was processing that video and unable to start another video.

(Gaffney Exhibit No. 12 marked for identification.)

BY MR. NEUMER:

Q. And then Exhibit 12 is a supplementary report completed by Sergeant Lance Becvar regarding his findings regarding the in-car video system of the five vehicles that were at the scene of the shooting.

(Gaffney Exhibit No. 13 marked for identification.)

BY MR. NEUMER:

Q. And then Exhibit 13 is an in-car video system retrieval worksheet dated October 20, 2014, that contains Sergeant Lance Becvar's notes with respect to the five vehicles that were at the scene of the shooting, including the 8489 or 815 Robert vehicle.
So my question, Officer Gaffney, is do you have any explanation as to why the video function of the in-car video system didn't capture any of the -- prior to the shooting any of the scene?

A. No, I don't. Like I said, we logged on and the screen was on, showing the video, camera. Whatever was on the camera, we could see on the little screen. As of we knew, it was working.

Q. So when you started your shift on October 20, the video seemed to be working?

A. Yes.

Q. Do you have any explanation for why there was no audio captured by the in-car video system of vehicle 8489?

A. No, I don't.

Q. Do you have any explanation or any thoughts as to why there was no audio captured from the in-car video systems of any of the vehicles, CPD vehicles that were at the scene on October 20, 2014?

A. No, I don't.

Q. Did you ever learn that no audio was captured from those five vehicles?

A. Yes.

Q. Were you surprised to hear that?
A. Not really. Well, yes and no. I mean, some of the equipment does not function like it should, so sometimes it does. Sometimes it could work. It could not work.

Nowadays with the newer cars we have, everything works a lot better.

Q. As of October 20, 2014, was there a practice of Chicago police officers disabling the audio component of the in-car video system?

A. Not that I know of.

Q. Did you ever hear of --

A. Yeah, you hear stories about stuff like that, but --

Q. Had you ever disabled the audio component of your in-car video system?

A. No.

Q. I could refer you to the notice of allegations here. It is alleged that on or about October 20, 2014, you failed to ensure the in-car video system for CPD vehicle 8489 was working properly at the beginning of your tour of duty.

What is your response to that allegation?

A. Like I said, we logged into the camera properly, and as of we knew, the screen was on and it
was showing what the camera was showing, so to our
knowledge it was working.

Q.  What about with respect to audio?
A.  That I can't say.

Q.  It is alleged that on or about October 20,
2014, you failed to immediately notify a supervisor
that the in-car video system for CPD vehicle 8489 was
inoperable or damaged.

What is your response to that allegation?
A.  Like I said, we turned the camera, and as
of our knowledge, we thought it was working. We
believed it was working.

Q.  Did you ensure the audio was working at the
beginning of your shift?
A.  I don't believe we did, no.

Q.  It is alleged that on or about October 20,
2014, you failed to audibly record events with CPD
vehicle 8489's in-car video system during your tour
of duty.

What is your response to that allegation?
A.  Again, if the camera was working or if
everything was working properly, we would have been
able to get whatever, however they get this stuff out
of the system. It would have -- then you would have
known if it was working or not.

MR. NEUMER: Kris, follow-up questions regarding dash cam?

MR. BROWN: Just a few.

BY MR. BROWN:

Q. Does the in-dash camera system engage when you turn on your lights and sirens, or do you have to physically do something to turn the system on?

A. I believe you can do both. I believe when you turn the lights on, it automatically comes on, but I believe you can hit a button on the screen, it will turn it on.

Q. What's your general practice?

A. Just pretty much when you turn the lights on.

Q. When you do experience an issue, you mentioned you would tell the sergeant?

A. Yes.

Q. How do you communicate that to the sergeant?

A. Usually over computer or if you see him in person, we tell them in person.

Q. If you, I guess, send them over the computer, do you get some kind of response back from
the sergeant?

A. Yes, you normally would.

Q. What usually is that response?

A. Just that I would assume that they would have to either visibly look at it to see what's going on or they would just tell us they are going to order -- they'll get a ticket number for it to get fixed.

Q. Okay. And you would be letting the sergeant know early on in your tour?

A. Normally, yes. That's usually what -- at the beginning of tour is when you put on your equipment and turn everything on. You will know if something is working or not.

Q. You have a duty to tell the sergeant either way, working or not working, how the system is going?

A. We do now, yes. We usually tell them our car number and camera is working, stuff like that.

Q. Back in October 20, 2014, did you have to tell your sergeant if it was working or if it wasn't?

A. Normally obviously if it's not working, yes, we always tell them, because if there's already a ticket number on there, we have to give them the ticket number saying it's not working and there's a
ticket number already on for it to be repaired.

Q. But if the system is working, to the best of your knowledge, do you have to tell the sergeant anything?

MR. FAHY: Back in October?

BY MR. BROWN:

Q. Sorry. Back in October.

A. I don't remember if we did or not. Usually it's just -- not sure if it was just assumed, but like I said, usually when it's not working, we inform them right away.

Q. Okay. You mentioned you didn't sync the audio on October 20, 2014?

A. Yeah, I don't believe we did.

Q. Is there any particular reason why you didn't sync the audio that day?

A. No, not that I can give, no.

Q. Was it your common practice to not sync the audio on any day?

A. Yeah. We just -- a lot of times we just leave the mics in the car type of thing.

Q. Okay. It wasn't because you were trying to avoid making an audio record of any kind of police work?
A. Oh, no. If they would have gotten and audio would have worked, they would -- anything I would have said because I would have been right in the car, so the mics would have been right next to me pretty much.

Q. In theory if the mics weren't synced --
A. Yeah, yeah, I guess in theory, but I don't know if there's -- like I said, they always say that cameras don't work until you turn it on, but they actually can get the recordings without having -- they can still get a recording.

Q. You didn't have any kind of like preconceived notion to not sync the audio because you didn't want anyone to hear what you were doing --
A. Oh, no.

Q. -- on October 20, 2014?
A. No, nothing like that.

Q. How would you just -- I guess generally explain why you wouldn't sync the audio on a daily basis.
A. Can you --

Q. I'm sorry, yeah. Is there a reason why you wouldn't sync the audio on a daily basis?
A. No, just one of those things. They are
just there in cars and we just never really grabbed
them, just never put them on type of thing.

Q. Okay. Do you know it to be a violation of
CPD policy?

A. I'm sure it is.

Q. Are you supposed to wear the microphones on
your person?

A. Yes.

Q. Did you do that on October 20, 2014?

A. No, I didn't.

Q. Is there a reason why you didn't do that on
October 20, 2014?

A. No, no reason.

Q. Okay. Was that a common practice to not
wear the microphones on your person?

A. We normally didn't. We just make sure the
camera was on and then go.

Q. Is there any particular reason why you
wouldn't wear the microphones on your person on a
regular basis?

A. No.

Q. It wasn't because you were trying to defeat
making an audio record of your police work?

A. No, no. Just it was something we just
didn't do.

Q. Okay. You imagine that's a violation of some CPD protocol --
A. Yeah.

Q. -- to not wear the microphones?
A. I'm sure it is. I'm sure it was.

MR. BROWN: I think that's all the questions I have.

BY MR. NEUMER:

Q. Want to ask you some questions about Grand Jury testimony.

You were summoned to give testimony before a Grand Jury regarding the McDonald shooting; is that correct?
A. Yes.

Q. Did you give testimony before a Grand Jury?
A. Yes.

Q. Do you know whether that was a federal Grand Jury or a state Grand Jury?
A. Federal Grand Jury.

Q. You did give testimony before that Grand Jury?
A. Yes.

Q. Were you asked questions about the Laquan
McDonald shooting?
  A. Yes.

Q. Did you provide your account of events as they occurred to you to that Grand Jury?
  A. Yes.

Q. Were you presented with any exhibits as you testified before that Grand Jury?
  MR. FAHY: I'm going to object unless you have the transcript that you can provide for my client.
  I mean, he's not going to be able to recall what was presented and what questions were asked.

BY MR. NEUMER:
  Q. Certainly I don't remember or I don't recall is a fair answer.
  A. I don't remember.
  MR. FAHY: What's fairer is providing him a copy of the Grand Jury testimony. That's a fairer way to do it.
  MR. NEUMER: If we had it, we would provide it.

BY MR. NEUMER:
  Q. Do you recall about when it was that you gave that Grand Jury testimony?
A. No. It was some time last year.

Q. Did you -- Grand Jury aside, have you ever spoken to law enforcement authorities about the Laquan McDonald shooting?

A. As in like state's attorneys or stuff like that?

Q. FBI, state's attorney.

A. Yeah. We had spoke to them at 26th and California prior to the Grand Jury.

Q. And do you recall who you met with prior to the Grand Jury?

A. I don't remember their names actually, no.

Q. Was there someone from the FBI there?

A. I believe two people from FBI, one from the state's attorneys office, I believe.

Q. Were they asking you questions about your account of events on October 20, 2014?

A. Yes.

Q. Were they generally asking you questions similar to the ones we have asked you today?

A. Yes.

Q. Did your answers substantively differ from the answers you provided today?

A. No, not that I recall.
Q. Did you have any communications with Officer McElligott before your Grand Jury testimony in preparation of that Grand Jury testimony?

A. No, not that I recall.

Q. Any communications with Officer Van Dyke in preparation of your Grand Jury testimony?

A. No.

Q. Phone calls?

A. No. Like I say, I never -- outside of the one time we had a Christmas party, he came to the Christmas party after the incident. That was the only time I have ever spoken with him.

Q. Okay. Other than the events of the night of October 20, were you asked any questions outside of those regarding events of other nights?

A. Wait. Could you repeat that?

Q. Were you asked questions, any questions that were not about the events of October 20, 2014?

MR. FAHY: By whom?

THE WITNESS: Where?

BY MR. NEUMER:

Q. Sorry. By the FBI.

A. I don't recall. I would have to, yeah, have that in front of me. I don't recall what
they -- specifically outside the incident.

MR. NEUMER: Kris, any questions on this front?

MR. BROWN: I have no follow-up questions.

MR. NEUMER: We're just going to take a brief break here. The time is 12:52 to go off the record.

(Discussion off the record.)

MR. NEUMER: The time is 12:53 p.m. We're back on the --

MR. FAHY: Actually, could we just have --

MR. NEUMER: Sorry.

(Discussion off the record.)

MR. NEUMER: The time is 12:56 p.m. and we're back on the record.

BY MR. NEUMER:

Q. Officer Gaffney, we've asked all the questions we have today. Understanding what we are looking at and understanding that sometimes we miss topics, is there anything that you feel we should know regarding the matters we have been discussing today?

A. I don't believe so. I think we got it all.

Q. Do you have some sort of statement you
MR. FAHY: Can we just have one minute again?

MR. NEUMER: The time is 12:56 p.m. We'll go off the record.

(Recess taken.)

MR. NEUMER: The time is 12:59 p.m. We will go back on the record.

BY MR. NEUMER:

Q. Officer Gaffney, do you have a statement?

A. No, we're good.

MR. NEUMER: Okay. Then the time is 12:59 and we're concluded.

(Which were all the proceedings had or offered at said hearing of the above-entitled cause at 12:59 p.m.)

KILLEN: All right and then you're aware that this statement has the standing of an official Department report. And that any intentional falsification of any answer to any question would be in direct violations of rules and regulations?

P.O. GAFFNEY: Yes.

KILLEN: Given that, I (sighs) I'd like to remind you that failure to provide a complete and accurate account of this incident could result in a finding of Rule 14 with discipline leading up to and including separation from the Chicago Police Department. Do you understand that?

P.O. GAFFNEY: Yes.

KILLEN: All right and then you're aware that there are no allegations against you uh regarding this incident correct?

P.O. GAFFNEY: Yes.

KILLEN: Okay. So on 20 October 2014 at approximately 2150 hours what was your duty status and assignment?

KILLEN: And so was McElligott right?

P.O. GAFFNEY: Yes.

KILLEN: Okay. And you and Officer McElligott you guys were assigned a car?

P.O. GAFFNEY: Yes.

KILLEN: What kinda car?

P.O. GAFFNEY: Uh squad, marked squad car uh Tahoe.

KILLEN: Okay. Were you the driver or the passenger?

P.O. GAFFNEY: I was the driver.

KILLEN: Okay. And then last night about 2150 hours you and uh Officer McElligott were witnesses to a police-involved shooting correct?
P.O. GAFFNEY: Yes.

KILLEN: All right and um (someone clears throat) if you would, if you’d start from the beginning and just run me through what happened.

P.O. GAFFNEY: Uh we received a call holding offender at forty, 4100 South Kildare. Um there supposedly somebody had broken into a, a truck uh vehicles um tryin’ to get radios somethin’ like that. So we, we were on Archer approximately Kostner Kenneth. I came uh, came to the (noise) we got the job came uh down Kostner to 47th, 47th to Kildare and Kildare right to 4100 South Kildare.

KILLEN: So you were comin’ from the south goin’ north correct?

P.O. GAFFNEY: Yes.

KILLEN: Okay. (someone clears throat) So you got the call are you, you were dispatched?

P.O. GAFFNEY: Yes.

KILLEN: OBMG?

P.O. GAFFNEY: Yes.

KILLEN: Radio?

P.O. GAFFNEY: Yes.

KILLEN: Okay. So then when you get to 41st and Kildare what, what happens?

P.O. GAFFNEY: Uh there was a male Hispanic and a female Hispanic uh standing by a gate um to the truck
yard. Um the gate was partially opened and uh
the female had a chain in 'er hand and then we
stopped and spoke to them.

KILLEN: Whaddid they tell ya?
P.O.GAFFNEY: They said that the guy just went around the
corner. Um he was uh in the, in the you know lot
tryin' to get um tryin' to get into trucks. Uh
he had uh somethin' in his hand, he had uh a wire
from a phone in his hand. And he said somethin'
about a iPhone, I don’t know if he was sayin'
that he took an iPhone or he left an iPhone but
he said that he went around the corner so then
we, we asked 'em you know what he looked like,
what he was wearin'? He said he’s a male black
with the dark shirt. So at that time we, we went
up the street and turned the corner. (someone
clears throat)

KILLEN: So they, they, did those two, that, did that man
and woman tell you which way the, the offender
went?
P.O.GAFFNEY: Yes. Yeah he just pointed, he pointed north
um and he said he went around the corner.

KILLEN: Okay so then that'd, that’s 41st Street?
P.O.GAFFNEY: Yeah towards 40th Street.

KILLEN: Okay. And what happens then?
P.O.GAFFNEY: So we went, we went up the, up the block to
40th Street and we turned um east on 40th Street
and we, (inaudible) when we turned we seen um you
know somebody walkin’. So we approached ‘em, drove up to ‘em and at that time we seen it was a male black with dread locks. You know and he had a dark shirt on. So at that time my, my partner had gotten outta the vehicle (clears throat) and he had his flashlight you know he’s shining on ‘em. You know tell ‘em to come ‘ere. So at that time he just kinda had a look, you know a weird look in his face you know like glazed eyes and stuff lookin’ at us. So I stayed in my car in case he was gonna run. So at that time you know my partner kind of approached ‘em a lil bit more and that’s when he, he had seen you know tell ‘em to get his hands outta his pocket cause he had one hand in his pocket. And then he had seen something in his you know a shiny object in his hand. And I, I heard ‘em say you know he’s got a knife. So that’s when you know cuz then I, at first I was still in the car so I didn’t really see, see the knife at that time. But once my partner said that that’s when I kinda looked and I, at that time like I said we’re all still walking or still moving. So then the street lights were a lil bit more as we were walkin’ I, I seen a knife also in his hand.

KILLEN: Okay so this, so this point when you first see this guy he’s on what street?
P.O.GAFFNEY: He’s on 40th Street.

KILLEN: And he’s, he’s headed which way?
P.O.GAFFNEY: Uh east.
KILLEN: So he's headed toward Pulaski?
P.O.GAFFNEY: Yes.

KILLEN: All right is he by himself?
P.O.GAFFNEY: Yes.

KILLEN: Is he, like is he on the sidewalk --
P.O.GAFFNEY: On the, at that time he was on the sidewalk.

KILLEN: Which side of the street would he be on?
P.O.GAFFNEY: Uh south side.

KILLEN: So on the passenger side of your vehicle?
P.O.GAFFNEY: Yes. Yes.

KILLEN: All right so then you guys pull up, you pulled alongside of 'em?
P.O.GAFFNEY: Yes.

KILLEN: And then the officer --
P.O.GAFFNEY: Not quite, well not quite right next to 'em but yeah he was still like I said he was still walking but he was in front of the car. You know like in front of the area as we were walkin' and movin' at the same time.

KILLEN: You're kinda behind 'em?
P.O.GAFFNEY: Yeah, yeah but yeah.

KILLEN: And McElligott gets outta the car?
P.O.GAFFNEY: Yes.
KILLEN: Flashlight in hand.
P.O.GAFFNEY: Yes.

KILLEN: And he says come here?
P.O.GAFFNEY: Well yeah, yeah he starts you know come here. You know get your hand outta your pocket. And you know but he, he like I said he turned around, spun around a couple times and (inaudible) get to walking never said anything to us.

KILLEN: Which hand was in his pocket do you remember?
P.O.GAFFNEY: I think it was his left hand cause he had the other hand had whatever was in his, you know what he had in his hand at the time.

KILLEN: And do you know what was in his hand?
P.O.GAFFNEY: Not at that time I didn’t.

KILLEN: Okay.
P.O.GAFFNEY: Like I said my partner, he, when my, my partner said he’s got a knife that’s when I kinda you know like I said as we were walkin’ the street lights got a lil brighter and I was able to kinda look you know look over at the, and then see that he did have, you could tell you know it was in his hand and the blade was stickin’ out.

KILLEN: Okay. And when you say he turned around a couple times does he keep ‘em goin’ east toward Pulaski?
P.O.GAFFNEY: Yeah he, he always kept goin’.
KILLEN: So he never stops?
P.O.GAFFNEY: No he never stopped he just kept walkin’. A
couple times he went into the street but not,
just like a step or two in the street but he just
kept walkin’ eastbound.

KILLEN: And he was by himself?
P.O.GAFFNEY: Yes.

KILLEN: All right so then so McElligott approaches ‘em
and then you hear McElligott say he’s got a
knife?
P.O.GAFFNEY: Yeah when he said he has a knife that’s when
I you know that’s when I kinda like sat up a lil
bit to look, to look, get a better look and
that’s when I, I seen it too.

KILLEN: Okay that was in his right hand then? Is that --
P.O.GAFFNEY: Yeah, yeah it was in his right hand.

KILLEN: So what happens then?
P.O.GAFFNEY: Uh at that time like I said (noise) my
partner still kept you know tellin’, that’s what
he said drop the knife, drop the knife. You know
put the knife down whatever. And I got on the
radio and you know got on the radio and said you
know the guy’s got a knn, we’re at 40th and Kee,
uh Keeler approachin’ Keeler. Uh he’s got a
knife. Could we get another car over here with a
taser.
KILLEN: So you don’t carry a taser?

P.O. GAFFNEY: No I didn’t, no.

KILLEN: McElligott he doesn’t carry --

P.O. GAFFNEY: No he didn’t have one either.

KILLEN: Okay. So what happens then?

P.O. GAFFNEY: Well like I said we I, I, I called it in then the dispatcher you know asked for other cars and other cars said they were comin’. So we just, we just kept stayin’ you know keepin’ our distance at the time you know I kept drivin’ along. And um we just (noise) kept walkin’ with ‘em (noise) You know he never you know like came at us or anything at that time. He just kept like walkin’, my partner still kept givin’ ‘em verbal commands and droppin’ the knife and you know stop and that type a thing. But you know he just kept walkin’ turning around lookin’ back at us you know just that weird glaze look.

KILLEN: Did he ever say anything?

P.O. GAFFNEY: No never said a word to us at all.

KILLEN: Okay.

P.O. GAFFNEY: (Clears throat)

KILLEN: So then what happens?

P.O. GAFFNEY: We kept (noise) goin’ east. When we’re, we’re approaching uh Karlov, 40th and Karlov I knew the next block there was the Burger King, there was a truck lot so we were gonna get more
people. So as we approached the, pretty much the
corner of Karlov I like kinda turned my car
towards him a lil bit on you know and you know to
try and maybe get ‘em to go down Karlov cause
there’s more, you know there’s just factories so
there’s no people down that way. So and then uh -

KILLEN: So the purpose of doin’ that is keep ‘em away
from --
P.O.GAFFNEY: Yeah like try to slow ‘em down until other
cars got ‘ere and make ‘em see if he would maybe
even go down the side street.

KILLEN: Okay.
P.O.GAFFNEY: You know keep ‘em from getting to that more
populated area where there were cars and people.
(someone clears throat) So when I did that, he
kinda like took a step towards and swung his uh,
his arm down. When he did that that’s when I
heard like pssss a sound and I knew that he
popped a tire. (noise)

KILLEN: Okay.
P.O.GAFFNEY: And then one, once he did that I got on the
radio and said you know squad he just popped our
tire. So (clears throat) --

KILLEN: Where’s McElligott at this time?
P.O.GAFFNEY: He was still walk but he was, he was still
walkin’ with us but he was at like towards the
back of the car.
KILLEN: Okay.

P.O. GAFFNEY: You know the back you know he still kept his
distance. So (noise) (clears throat) once he did
that, once he popped the tire again he just with
that glazed stare, that glazed eye stare once he
did that he like stepped back like took a step
back, back away from the car. So I pulled up a
lil bit further in front of 'em to you know try
and maybe stop 'em or get 'em to go down that
street. That’s when he just took a step toward
me and swung his arm really hard and hit the
windshield with the knife.

HERBERT: And if I could just indicate for the record, with
his right hand holdin’ behind his, behind his
head (someone clears throat) bringin’ it down in
a striking motion.

P.O. GAFFNEY: Yeah he, he as hard as he could he was
attempting to break that windshield.

KILLEN: And how many times did he hit the windshield?

P.O. GAFFNEY: Just once. It was just once. Went real hard
swing right, right on the windshield.

KILLEN: What happens?

P.O. GAFFNEY: Obviously nothin’, I didn’t see nothin’
break but then he walked around the front of the
car and kept walkin’ eastbound on 40th Street.
And then at that time, maybe 10 to 15 more feet
that’s when you could hear um some you know some
sirens. And then a squad car came off a Pulaski
onto 40th Street with their lights on. At that
time he seen that and that's when he started to run. Oh yeah I, I, I (noise) got on the radio and some, one, one of us, I don't remember but somebody did say that he was you know he started to run towards you know towards the, the truck lot, the trucks.

KILLEN: Okay so, so you're still basically sittin' over at 40th and Karlov right? You see 'nothar car come up Pulaski?

P.O.GAFFNEY: Yeah that's, yeah he, 'nothar car came off Pulaski onto 40th Street.

KILLEN: So --

P.O.GAFFNEY: That, that's when he seen that and that's when he started runnin'.

KILLEN: So when they turn west on 40th he runs --

P.O.GAFFNEY: Yeah he runs --

KILLEN: -- east towards Pulaski?

P.O.GAFFNEY: -- he, he, he's still goin' towards Pulaski but he went off a, off a the sidewalk and um into, it was like a, an empty space where the trucks, the truckers park so they can sleep or whatever. And he (noise) ran that way between two trucks.

KILLEN: Okay. (noise)

P.O.GAFFNEY: So at that time (noise) my partner started runnin' and I drove the car, I drove the car up to the entrance of the Burger King lot and went
into the Burger King lot. And before I did that
the other car that came off went into the Burger
King lot also. So I just, I seen 'em come outta,
between the trucks. I ran, I kept drivin'
towards, towards the, the end of the lot, towards
Pulaski and that's, he ran and then I stopped
cause I (noise) my tire was pretty much flat. So
I couldn't get, I wasn't gonna go over the curb
and then the other car was behind 'em. He ran
into like towards the street and the other car
followed 'em went over the curb and followed 'em.

KILLEN: Do you know who, who's that other car you're
talkin' about? Do you know who that is?
P.O.GAFFNEY: At the time I didn't but now I know it was
845 Robert.

KILLEN: Okay. And that's the car he's talkin' 'bout
Pulaski and --
P.O.GAFFNEY: Yeah.

KILLEN: -- where they U turn and go back at 'em?
P.O.GAFFNEY: That's the one, that's the one yeah that's
the one that I, I (noise) know, I found out that
was the one that went over the curb, yeah.

KILLEN: Okay so you stop your (someone clears throat) car
where then?
P.O.GAFFNEY: Pretty much right behind the parkin' lot.
Before, before going over the curb and into the
street. (noise)
KILLEN: Okay. And then, and you stopped because of the (noise) flat?

P.O.GAFFNEY: Yeah cause I, I, I didn’t wanna, I didn’t know if I was gonna make it over the, cuz it was like you know that lil part there’s like lil the, the, cement tongue if you will, that, that’s the parkin’ lot. (noise) You know if I was gonna get over it.

KILLEN: And you see 845 Robert continue.

P.O.GAFFNEY: Yeah they went they continued followin’ ‘em and went into the street. So I --

KILLEN: And that’s Pulaski you’re talkin’ about?

P.O.GAFFNEY: Yeah. Into Pulaski. So I spun around went behind the park, behind the Burger King you know there’s a street, (inaudible) back towards Pulaski where it goes out to the street on Pulaski. (noise)

KILLEN: Okay so, so you don’t take the curb at all. You just --

P.O.GAFFNEY: No, no I, I, I turn around, I turned around and went around the parkin’ lot to, to get out where there’s a, there’s the light on 41st Street. (noise)

KILLEN: And that’s where your car’s stopped?

P.O.GAFFNEY: And then yeah I turned on Pulaski and that’s where my, that’s where I finally stopped.
KILLEN: That's when, when I saw your car was south, facin' south --

P.O. GAFFNEY: Yes. Yes that's right, that's where I stopped.

KILLEN: Okay so then do you see what happens then after, with, with the offender and 845 Robert then?

P.O. GAFFNEY: No that was all, yeah that was I believe done before I got onto Pulaski. Cause I, I spun around and that's when I, I heard, I started to hear shots before I got onto Pul, I think when I got onto Pulaski there was other cars and stuff in front of me too. So I didn't see what exactly was goin' on.

KILLEN: So you're basically goin' around Burger King.

P.O. GAFFNEY: Yeah that's when the shots I believe that's when the shots started firin'.

KILLEN: You heard gunshots?

P.O. GAFFNEY: Yeah.

KILLEN: At the time did you know who was shootin'?

P.O. GAFFNEY: No I didn't know.

KILLEN: Could you see who was shootin'?

P.O. GAFFNEY: No.

KILLEN: That's because --

P.O. GAFFNEY: Well there's a, yeah well there's a fence also right, opposite side of Burger King where, where we blocked, pretty much blocked. The fence
with uh, like a covering you know covering fence
so nobody could see through the fence. Cause
they were building some stuff there. So yeah
there was that was all blockin’ me.

KILLEN: There’s (noise) no line a sight.
P.O.GAFFNEY: No, no.

KILLEN: Okay.
P.O.GAFFNEY: No.

KILLEN: So then by the time you, you get south on Pulaski
there’s no more shooting correct?
P.O.GAFFNEY: I believe yeah I believe so. I don’t
(noise) remember any shooting at, at, when I got
onto Pulaski.

KILLEN: Where (noise) when you got on Pulaski and you’re
goin’ south could you see the offender still?
P.O.GAFFNEY: No not, not until I got outta the car and
started to go you know ‘round to, to where
everything was goin’ on.

KILLEN: Where was he?
P.O.GAFFNEY: The offender he was on the ground at the
time when I, when I got over there.

KILLEN: Okay. And it’s after that then you find out
who’s shooting what happened?
P.O.GAFFNEY: Yeah, yeah.
KILLEN: Okay. (noise) You didn’t see the shooting, you, 
you (noise) you didn’t see Officer Van Dyke 
discharge the weapon?
P.O. GAFFNEY: No I didn’t, no.

KILLEN: Okay. (sighs) And then that, that, (noise) the 
two people that called 9 1 1 said they were 
holdin’ the offender.
P.O. GAFFNEY: Hmm huh.

KILLEN: Do you have any idea who they are?
P.O. GAFFNEY: No not at the time, no. Cause right when 
they just said he went around the corner, they 
gave a quick description. We just wanted to go 
and you know see if we can catch ‘em. We didn’t 
know how long ago it was. Or where he would’ve 
went. So we just you know went and see if we 
could grab ‘em and figured they woulda still been 
there when we got back.

KILLEN: Okay. And then the knife that the offender had, 
as best you can describe it to me?
P.O. GAFFNEY: Uh all silver, real bright. And prob’ly 
‘bout four to six inch blade.

GAFFNEY, Thomas J -----

stated he was a Chicago Police Officer assigned to the 008th District. He was on duty, in uniform, working on Beat 815R. GAFFNEY was working with Police Officer Joseph MCELLIGOTT. The two officers were assigned to Chicago Police Department vehicle number 8489, a marked Chevrolet Tahoe, four door sport utility vehicle. GAFFNEY was driving the vehicle and MCELLIGOTT was the passenger.

The officers responded to an assignment of holding an offender for breaking into trucks at 41st Street and Kildare Avenue. Upon arrival at that location they met an Hispanic couple who told the officers a black male subject, wearing a dark shirt, had attempted to break into trucks parked in the parking lot at that location. The couple told the officers the subject had walked off and was last seen walking eastbound on 40th Street from Kildare.

Officer GAFFNEY drove northbound on Kildare to 40th Street. When he turned eastbound onto 40th Street he saw a black male subject wearing dark clothing, walking eastbound on the sidewalk, on the south side of the street. Officer MCELLIGOTT exited the police vehicle to approach the subject, now known as Laquan MCDONALD. GAFFNEY stayed in the vehicle in case MCDONALD fled. MCELLIGOTT called to MCDONALD and told him to stop but MCDONALD continued walking eastbound, ignoring MCELLIGOTT. MCDONALD's hands were in his pockets as he walked. MCELLIGOTT told MCDONALD to take his hands out of his pockets. MCDONALD took his hands out of his pockets and MCELLIGOTT told GAFFNEY that MCDONALD had a knife. GAFFNEY then saw a silver colored knife in MCDONALD's right hand. GAFFNEY also saw that MCELLIGOTT had his handgun drawn at this point. MCELLIGOTT repeatedly ordered MCDONALD to "Drop the knife," but MCDONALD ignored these directions. As MCDONALD
reached Keeler Avenue, GAFFNEY notified the dispatcher on the police radio that they were following a subject with a knife and requested assistance from a unit equipped with a taser.

MCDONALD continued walking eastbound, Officer MCELLIGOTT following on foot and Officer GAFFNEY following in the police vehicle. As MCDONALD approached Karlov Avenue, GAFFNEY turned the Tahoe southbound onto Karlov and stopped, blocking the crosswalk. GAFFNEY said he wanted to stop MCDONALD before he reached Pulaski Road, a business street where more civilians were present. The area where MCDONALD was first observed was industrial in nature with no other civilians present. When GAFFNEY stopped his vehicle in front of MCDONALD, blocking his path, MCDONALD stabbed the right front tire of the Tahoe with his knife, causing the tire to go flat. GAFFNEY immediately informed the radio dispatcher that MCDONALD had "popped" the tire. MCDONALD attempted to walk around the front of the police vehicle and GAFFNEY drove the Tahoe forward a short distance to continue to block MCDONALD's path. MCDONALD then stabbed at the windshield of the Tahoe with the knife, striking the right side of the windshield. MCDONALD then continued walking eastbound from Karlov.

As MCDONALD approached the Burger King restaurant parking lot at 40th Street and Pulaski, assisting police units arrived, approaching westbound on 40th Street from Pulaski. MCDONALD began to run eastbound through the restaurant parking lot, on the north side of the Burger King building. He ran out onto Pulaski and then turned and ran southbound on Pulaski. Beat 845R pursued MCDONALD in their police vehicle, eastbound through the parking lot, over the curb at Pulaski, then southbound on Pulaski. Officer GAFFNEY lost sight of MCDONALD when he turned southbound on Pulaski.

Because of the flat tire on his vehicle, Officer GAFFNEY did not drive over the curb. As he drove around out onto Pulaski, GAFFNEY heard multiple gunshots in rapid succession. He did not see who was shooting. When he reached Pulaski MCDONALD was lying on the ground.

It was noted that Officer GAFFNEY wore the same uniform configuration as Officer VAN DYKE with the addition of the uniform baseball style cap with embroidered patch.

I. PURPOSE

This directive:

A. implements the use of Department in-car video systems.
B. establishes the policies and procedures for the use, maintenance, and repair of in-car video systems.
C. establishes the roles and responsibilities of Department members affected by the introduction of in-car video systems for the video and audio recording of incidents.
D. establishes the requirements for viewing, retaining, and duplicating digitally recorded incidents.
E. continues the use of the Digitally Recorded Data Viewing/Hold/ Duplication Request (CPD-65 224).
F. identifies the Records Division as the Department repository and viewing location of digitally recorded data created by the in-car video systems.

II. POLICY

The Department is committed to protecting the safety and welfare of its members and the public. The in-car video systems can provide members with an invaluable instrument to enhance criminal prosecution by providing powerful evidence of criminal activity, limit civil liabilities, and objectively document officer conduct during individual interactions. Members assigned to a vehicle equipped with an in-car video system will use it pursuant to this directive.

III. GENERAL INFORMATION

A. There is no expectation of privacy for Department members related to incidents recorded by in-car video systems. Supervisors, members of Bureau of Internal Affairs, and the Independent Police Review Authority (IPRA) investigators may request to review the digitally recorded data from a vehicle equipped with an in-car video system. Any digitally recorded data created by the in-car video system may be used without a Department member’s permission for any official Departmental purpose.

B. The in-car video system will automatically engage audio and video recording when the vehicle’s emergency- roof lights are activated. However, Department members may manually activate the in-car video system without the activation of the emergency equipment. At the conclusion of the incident, Department members must manually disengage all recording processes, regardless of what method activated the in-car video system.

C. The Records Division will be the custodians of the digitally recorded data and will be responsible for the retention, duplication, and viewing of the in-car video systems. The Director, Records Division, will establish retention, viewing, and duplication procedures that provide for inventory control, the security of the digitally recorded data, and authorized duplicates.

D. All digitally recorded data created by the in-car video systems will be retained by the Records Division for a minimum of 90 days. Digitally recorded data that is marked and held as having evidentiary or training value will be retained as prescribed by law and established Department policy.

E. In general, minor infractions and minor deviations from Department policy observed through the review of digitally recorded data will not be subject to the disciplinary process and will be treated as a training opportunity.
IV. RECORDING GUIDELINES

A. Department members will use only Department-issued video and audio recording equipment.

B. Department members will conform to all laws and Department policies concerning the use of the in-car video system for the video and audio recording of incidents.

1. Department members are lawfully permitted to video record individuals without their consent if they are on the public way or in public view.

2. Department members who are in uniform and have identified their office are lawfully permitted to simultaneously audibly and visually record individuals without their consent whenever:

   a. the member is conducting an enforcement stop, or

   b. the patrol vehicle emergency lights are activated or would otherwise be activated if not for the need to conceal the presence of law enforcement.

   "NOTE: Any reports completed for an audibly recorded incident, including Traffic Stop Statistical Study - Driver Information Cards (CPD-21.103), Traffic Stop Statistical Study Stickers (CPD-15.516), and Personal Service Citations, must include the initial violation or investigatory need that led to the stop.

   "NOTE: Department members may audibly record an enforcement stop regardless of the subsequent enforcement action taken.

3. Department members may audibly and visually record an individual with the consent of the individual.

C. Uniformed Department members assigned to vehicles equipped with in-car video systems will activate the system to simultaneously audibly and visually record the entire incident for all enforcement stops.

D. Uniformed Department members assigned to vehicles equipped with in-car video systems will activate the system to visually record the entire incident for all:

   1. arrests and transports.

   2. nonpursuit emergency vehicle operations.

   3. any situation that the member, through training and experience, believes to serve a proper police purpose.

E. During the recording of an incident, Department members will not disengage the in-car video system until the entire incident has been recorded.

   "NOTE: Department members will be required to justify any disengagement of the in-car video system prior to the entire incident being recorded.

F. If recorded, felony and misdemeanor arrests, motor vehicle pursuits, traffic crashes resulting in property damage, personal injury, or a fatality, DUI incidents, and failure to yield to an emergency vehicle will be automatically stored by the in-car video system indefinitely when the correct event is selected from the postevent pop-up menu. All other incidents will be automatically stored for ninety days.

G. If digitally recorded data will be needed in judicial proceedings beyond ninety days, members will place an extended hold on that digitally recorded data as described in Item VIII of this directive, including but not limited to the following circumstances:

   1. Traffic stops other than DUI,
2. Enforcement stops,
3. Other traffic crash investigations, and
4. Stops for citizen assistance.

H. When a complaint against a Department member is received that involves a digitally recorded incident, the investigating member will request an extended hold on the data.

I. Assigned supervisors will request an extended hold on all digitally recorded motor vehicle pursuits and traffic crashes involving Department vehicles.

V. DEPLOYMENT OF THE IN-CAR VIDEO SYSTEMS
   A. Commanding officers of units with vehicles equipped with in-car video systems will:
      1. ensure that vehicles equipped with in-car video systems are evenly distributed for use by all watches.

      NOTE: Commanding officers will ensure the units assigned to traffic duties in district law enforcement use vehicles equipped with in-car video systems.

         c. follow the start-up procedures for the in-car video system as trained and ensure the system is working properly.

      NOTE: Members will immediately notify a supervisor if, at any time, the in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable, or the remote transmitter/audio recorder is missing.

      2. during the tour of duty:
         a. audibly and visually record events in accordance with this directive.

D. When digitally recorded data is determined to have evidentiary or training value, or a complaint against a Department member is received that involves a digitally recorded incident, the supervisor reviewing the recorded data will request an extended hold on the data.

VII. DOWNLOADING DIGITALLY RECORDED DATA FROM THE IN-CAR VIDEO SYSTEM

A. When downloading digitally recorded data from the mobile unit of an in-car video system to a land-based terminal, Department members will:

1. download the data in accordance with the manufacturer’s guidelines and training.

2. ensure the download of data was complete and return the vehicle back into service.

B. With the approval of the station supervisor in the district of occurrence, special requests for the immediate viewing of digitally recorded data from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA will be processed for major incidents where an in-car camera system may be reasonably expected to have captured a component of the incident.

1. Major incidents include, but are not limited to:
   a. police-involved shootings,
   b. serious injury or death to a Department member,
   c. serious injury or death to a member of the public.

2. Special requests for viewing digitally recorded data will be made to the station supervisor in the district of occurrence, who will:

   b. determine if the need for retrieval outweighs the operational impact of the vehicle being taken out of service; and
   c. notify Crime Prevention and Information Center (CPIC) of the decision.

3. Special requests will be in the form of one of the following types:
   a. Special wireless upload, or
   b. Emergency on-site retrieval.

C. Special Wireless Uploads

1. The station supervisor in the district of occurrence will take the vehicle out of service and secure it at the unit of assignment or other appropriate location.

2. The supervisor will:
   a. verify that the vehicle operator or partner is signed on to the in-car camera system;
   b. instruct the member to manually flag the entire tour of duty’s available video for upload;
c. instruct the member to initiate a manual upload of this video with the vehicle in range of the facility's wireless hotspot; and

NOTE: If video cannot be uploaded via wireless hotspot, a cradle upload will be used.

d. ensure that the vehicle remains out of service until the upload is complete.

3. Once complete, the station supervisor will allow personnel from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA, as appropriate, to review the uploaded files.

NOTE: For officer-involved shootings when an On-Call Incident Commander (OCIC) will respond, an emergency on-site retrieval will be immediately requested through CPIC.

4. The station supervisor may identify an alternate vehicle for the member to use while the identified vehicle completes its video upload, as appropriate.

5. If an attempt to wirelessly upload is unsuccessful, members may contact the City of Chicago Help Desk at 4-DATA for assistance.

6. If a wireless upload fails, an emergency on-site retrieval will be conducted.

D. Emergency On-Site Retrieval

1. The station supervisor in the district of occurrence will notify CPIC of an approved emergency on-site retrieval.

NOTE: An emergency on-site retrieval will only be conducted when an OCIC is responding or a wireless upload fails and contacting the City of Chicago Help Desk at 4-DATA has not resolved the problem.

2. CPIC will notify the Public Sector Information Technology (PSIT) Group personnel of a manual video retrieval from the “fail-safe” internal drive request.

3. The station supervisor in the district of occurrence will take the identified vehicle out of service during the retrieval process.

4. If the identified vehicle is still in use when the designated supervisor arrives at the unit facility or other appropriate location, the supervisor will report to the vehicle and instruct any member logged onto the system to log off the system.

5. The vehicle will remain out of service until PSIT responds and conducts the video retrieval.

NOTE: On-site review of video will be limited to the series of events and time frame giving rise to the alleged incident.

E. Viewing and Obtaining Copies of In-Car Video Recordings

1. Once retrieval has been completed for the requested time frame, the video may be viewed by personnel from the requesting party at the location of retrieval.

2. Requests for copies of in-car video recordings will be made by completing the form entitled “Digitally Recorded Data Viewing/Hold/Duplication Request” (CPD-65.224) and forwarding it to the Records Division.

F. The Managing Deputy Director, PSIT, will:

1. establish procedures to ensure the security of the digitally recorded data from downloading to storage by the Records Division.
2. develop a system to monitor the memory capacity of the land-based terminals and provide for the security of the downloaded data.

G. If members are unable to download digitally recorded data from the mobile unit of the in-car video system to the land-based terminals due to system inoperability:
   1. the station supervisor will notify the Help Desk and follow any further instructions given by the responding member of PSIT.
   2. A designated member of PSIT will respond to the requesting unit and:
      a. ensure the security of the digitally recorded data.
      b. perform a manual download of the digitally recorded data.
      c. record the manual download on the Help Desk ticket.

VIII. REQUESTING A HOLD FOR DIGITALLY RECORDED DATA
   A. Department members will place an extended hold on digitally recorded data they recorded using the postevent pop-up menu on the in-car video system.
   B. Within the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will request that a supervisor place the extended hold by using the land-based terminal at the district/unit station.
   C. After the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will:
      1. complete the Digitally Recorded Data Viewing/Hold /Duplication Request form.
      2. indicate on the form the necessary actions by the Records Division.
      3. explain in the narrative portion of the form the reason for the request.
      4. submit the form to the station supervisor/designated unit supervisor for approval.
      5. submit the completed and approved form to the Records Division for processing and retention in accordance with existing records-retention requirements.
   D. Department members who wish to remove an extended hold on digitally recorded data will follow the procedures outlined in Item VIII-C of this directive indicating the circumstances requiring the removal of the extended hold.
   E. The Director, Records Division, will:
      1. develop a cataloging system for storage and retrieval of recordings and procedures for ensuring archives are maintained consistent with Department directives (including the Forms Retention Schedule), applicable state and federal laws, and compliance with all court orders.
      2. be responsible for retaining digitally recorded data for which an extended hold was requested as prescribed by law and established Department policy.

IX. VIEWING, RETAINING, AND Duplicating Digitally recorded DATA
   A. All digitally recorded data created by the in-car video systems are the property of the Chicago Police Department. Dissemination of any digitally recorded data outside the Department is strictly prohibited without specific authorization by the Superintendent or an appointed designee.
      1. Any non-Departmental requests for duplication of digitally recorded data must be approved by the Superintendent or an appointed designee.
2. All approved requests will be forwarded in an expeditious manner to the Director, Records Division, along with:
   a. a completed and approved Digitally Recorded Data Viewing/Hold/Duplication Request form, and
   b. written instructions, including dissemination information, for compliance with the request.

B. Department members assigned to vehicles equipped with in-car video systems and their supervisors are encouraged to use the review/playback functions of the system for the purposes of:
   1. developing familiarity with the functions, capabilities, and limitations of the in-car video systems to create consistent recording techniques which capture relevant actions.
   2. searching for and identifying recorded events having evidentiary or training value.
   3. reviewing approach and officer safety issues.
   4. ensuring consistency with written reports.

C. Reviewing Digitally Recorded Data

Investigating members may view digitally recorded data in the performance of official police business. When it is necessary to view digitally recorded data stored by the Records Division, the following procedures will apply:

1. The requesting Department member will:

(Original exhibits sent to Ms. Ansari.)
MS. ANSARI: As a preliminary matter, I am providing the following information: An independent certified court reporter is present today to provide a verbatim transcript of this interview. To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio-record the interview.

The recording is the confidential work product property of the court reporter and will not be provided to any party, including the OIG, the Office of Inspector General. If you request, the audio recording will be discontinued.

So, Officer Mondragon, are you okay with the audio recording?

MS. RUSSELL: And we are going to ask for a certification from the court reporter that the audio will not be provided to the Office of Inspector General.

THE REPORTER: Yeah.

MS. RUSSELL: Thank you.

MS. ANSARI: Officer Mondragon, are you okay with the audio recording?

THE INTERVIEWEE: Yes.

MS. ANSARI: Let the record reflect that
today's date is March 22, 2016. The time 10:23 a.m.

We are located at Amicus Court Reporters, 300 West Adams, Suite 800.

My name is Sarah Ansari, the court reporter is Andrew Pitts, and I would ask that the other individuals present identify themselves and spell their name for the record.

THE INTERVIEWEE: Officer Janet Mondragon, M-O-N-D-R-A-G-O-N.

MS. ANSARI: There are no other individuals present.

We are here today pursuant to an investigation being conducted under Chapter 2-56 of the Municipal Code of the City of Chicago. We are here for an interview of Officer Janet Mondragon.

Officer Mondragon, would you please raise your right hand, and the court reporter will swear you in.

THE INTERVIEWEE: I didn't know that I was supposed to swear.
MS. RUSSELL: Yes, you are.

(Whereupon, the Interviewee was administered an oath.)

MS. RUSSELL: Prior to continuing, we would like to state for the record and obtain Inspector General's position on whether they believe criminal charges are probable in this case. We assert that Officer Mondragon should be receiving her Miranda warnings and her right to remain silent. What is the Office of Inspector General's position on that?

MS. ANSARI: OIG is conducting an administrative investigation, not a criminal investigation. OIG is not conducting a joint investigation and not working with any other law enforcement agency with respect to this investigation. As a result, the Office of Inspector General does not have information on whether or not criminal charges are probable.

The outcome of this administrative investigation relates to the subject's employment, and therefore under the CBA and General Order, the administrative rights of the Office of Inspector General will provide Officer Mondragon are appropriate.
In addition, the arguments being put forward would eviscerate Garrity, and we are going to proceed as we believe we are entitled to legally.

JANET MONDRAGON,
called as an Interviewee herein, having been first administered an oath, was examined and testified as follows:

BY MS. ANSARI:

Q. Officer Mondragon, is it fair to say that you will not answer questions from the Office of Inspector General regarding the Laquan McDonald
Based on the advice of my counsel, yes.

MS. ANSARI: At this time, I am going to place a phone call to Commander Robert Klimas. Counsel, is it fair to say you have agreed that we could have Commander Klimas order Officer Mondragon to answer questions via telephone?

MS. RUSSELL: Yes, of course I agreed. Could we go off the record?

MR. BROWN: The time is 10:29, and we'll go off the record.

(Whereupon, a break was taken at 10:29 a.m.)

COMMANDER KLIMAS: (Via telephone) Klimas.

MS. ANSARI: Commander Klimas, this is Sarah Ansari from the Office of Inspector General.

COMMANDER KLIMAS: Good morning.

MS. ANSARI: Good morning. We are currently in a court-reported interview of Officer Janet Mondragon. Her counsel, Jennifer Russell, is here, Investigator Kris Brown is here, and the OIG office -- Assistant Inspector General Sarah Ansari

Q. In order to prepare for today's interview, did you review the materials we provided?

A. Yes.

Q. Those --

MS. RUSSELL: Note for the record that while the document indicates that audio files were provided to the officer, no files were contained on the disk.

BY MS. ANSARI:

Q. Those materials included video files from the in-car systems of vehicles 813R and 845R, correct?

A. Yes.

Q. Did you view the video files?
Q. The materials we provided included a video from a Dunkin' Donuts security camera as well, correct?
A. Yes.
Q. Did you view that Dunkin' Donuts security video?
A. No.
Q. Since receiving our notice of interview, did you review any materials other than the materials we have provided you today?
A. No.
Q. Aside from your attorney, who did you speak to in preparation for this interview?
A. Nobody.
Q. So just your attorney?
A. Just my attorney, yes.
Q. Officer Mondragon, do you have any prepared remarks you would like to make before we start the substance of the interview?
A. I would like to preface this statement with the following: I believe I am entitled to be informed of my constitutional rights to remain silent. I have received no assurance from the
Office of the Inspector General that criminal charges are not probable.

Proceeding with this statement is in violation of the applicable collective bargaining agreement, but I have been advised that I will lose my job if I refuse to provide this statement.

This statement is not being made voluntarily but under duress, and it is only being made at this time because I know that I will lose my job if I refuse the direct order being given to me by my commander, Klimas. I am invoking each and every right granted to me under Garrity v. New Jersey.

Also, on the advice of my counsel, I am making the following additional objections: I am objecting to the fact that the City of Chicago Inspector General's Office is making allegations against me and conducting an investigation into its own allegations.

I am objecting that this interview is taking place before an arbitrator has decided the issues that were raised in regards to this investigation. The Fraternal Order of Police has filed a grievance and injunction regarding this
investigation, and the Inspector General refused to
postpone this interrogation.

I am also objecting that I have
requested my prior sworn testimony, namely the
testimony I provided to the Grand Jury. The
Inspector General refused to provide me with a copy
of my Grand Jury testimony and/or any other
statements that I have made to the federal
investigators in violation of my rights under the
contract. The Inspector General indicated that it
does not have possession of my Grand Jury
testimony.

To the extent I am questioned about my
Grand Jury testimony, I assert that the testimony
is truthful and was based upon my recollection at
the time. I stand by all of my answers.

MS. ANSARI: The Office of Inspector General
would like to reiterate that it is conducting an
administrative investigation, not a criminal
investigation. The Office of Inspector General is
not conducting a joint investigation and not working
with any other law enforcement agency with respect
to this investigation.

Therefore, the administrative rights
provided, Officer Mondragon, are appropriate. In addition, the arguments being put forward would eviscerate Garrity, and we are going to proceed as we believe we are legally entitled to.

Furthermore, the Office of Inspector General does not have the subject's Grand Jury statement in its possession, and under the collective bargaining agreement does not have an obligation to provide the subject with a statement that is not in its possession.

Are you guys ready to proceed?

THE INTERVIEWEE: Yes.

EXAMINATION (resumed)

BY MS. ANSARI:

Q. Okay. So we will start with some background questions.

Officer Mondragon, what is your Star number?

A. 4364.

Q. And your current unit of assignment?

A. 8th District.

Q. Was that your unit of assignment on October 20, 2014?

A. Yes.
Q. What watch were you on as of October 20, 2014?

A. Midnights.

Q. Midnights?

What was your chain of command as of that day? So did you report to -- what sergeant -- who was the sergeant you reported to who was the lieutenant, perhaps a commander? Who were the people you reported to?

A. I don't remember. That night?

Q. That night or in --

A. I don't recall, yeah.

Q. Okay. What is your personal cell phone number?

A. [Redacted].

Q. Was that your cell phone number as of October 20, 2014?

A. Yes.

Q. I am going to ask you a couple questions, several questions, about your Grand Jury statement. You were summoned to give testimony before a Federal Grand Jury regarding the Laquan McDonald shooting, correct?

A. Yes.
Q. Did you give testimony only once before the Federal Grand Jury?

A. Uh --

Q. Did you testify more than once regarding the Laquan McDonald shooting?

A. No.

Q. Do you remember when -- when was your testimony in front of the Federal Grand Jury?

A. I don't remember.

Q. Was it in 2015?

A. I don't remember if it was 2015.

Q. Would it have been before -- was it before Officer Jason Van Dyke was charged with murder?

A. I know it was last year, which was 2015, but I don't remember when.

Q. Okay. Do you remember season?

A. No.

Q. Was it summer, fall, before November?

A. No.

Q. In the Federal Grand Jury, did you assert your rights under the Fifth Amendment and refuse to testify?

A. I don't remember that.
Q. Did you answer questions in the Federal Grand Jury?
A. Yes.

Q. And you did not refuse to answer questions?
A. No.

Q. So you did not assert a right to remain silent?
A. Like I said, I don't remember if I did.

Oh, okay. No.

Q. Okay. Did you request any immunity to testify?
A. No.

Q. Were you given any immunity to testify?
A. Not that I remember, no.

Q. Approximately how long were you testifying in the Federal Grand Jury, how many hours or minutes?
A. I have no idea.

Q. Was it longer than one day?
A. No.

Q. Okay. So it was only one day, correct?
A. Well, it was in a day, yeah.

Q. Was it several hours?
A. Yeah, I would say several hours.

Q. Several hours? Okay. More than five? Less than five?

A. That I wouldn't be able to tell you.

Q. Okay. Did you take a break for lunch?

A. No.

Q. Did you provide a written statement to the Grand Jury?

A. I don't remember.

Q. Were you shown any documents in the Grand Jury?

A. I don't remember that.

Q. So the person questioning you, the assistant U.S. attorney, didn't give you any documents to look at before when you testified?

A. I can't remember if she did or if he did. I don't remember who.

Q. Was it a man or a woman? You don't remember?

A. I can't remember.

Q. Did you watch any video in your -- in the Grand Jury?

A. Uh --

Q. Were you shown any video?
A. Here's the thing. When I went for the Grand Jury, they said I shouldn't talk to anybody about my Grand Jury testimony. So I don't even know if I'm supposed to answer any questions about it.

Q. Well, on the Grand Jury, usually there's a list of people who are -- you are allowed to -- under the law, you can discuss your Grand Jury statement with us. There's a certain list that's put out there of people that cannot discuss it, and you are not on that list. So it is permissible to testify about what you stated in the Grand Jury or the questions we're asking you, is our position.

MS. RUSSELL: Can you produce some list or -- I don't know what you're talking about.

THE INTERVIEWEE: What do you mean? What list?

MS. ANSARI: Well, we assume she is not on a 6(e) list because witnesses usually aren't put on those. So we don't have any list in our possession. It is just the witnesses on a Grand Jury are not usually put -- under the law, witnesses are not subject to confidentiality about what they stated in the Grand Jury. That's our position.
THE INTERVIEWEE: But like I said, they told me, don't, you know, for -- your best advice is don't talk to anybody about your Grand Jury testimony.

MS. RUSSELL: Then don't. Then don't.

MS. ANSARI: So we can ask maybe some background questions, but not the substance. That's fine.

THE INTERVIEWEE: Okay.

BY MS. ANSARI:

Q. So I'll ask you questions kind of about what procedurally happened. If you aren't going to talk about the substance, then we will move forward from that.

MS. RUSSELL: I think she feels like she can't. I don't think she is refusing.

MS. ANSARI: I understand that.

MS. RUSSELL: Okay.

BY MS. ANSARI:

Q. So I am going to just ask procedural questions, and if you don't feel comfortable answering, just say that for the record.

A. Okay.

Q. And I am still going to ask the subject
questions, but if you don't feel comfortable 
answering, just let me know.

As a general matter, in the Grand Jury, 
were you asked questions about the Laquan McDonald 
shooting?

A. Yes.

Q. Did you describe the shooting incident?
A. I don't remember.

Q. Prior to your Grand Jury testimony, did 
you speak with the FBI?
A. Prior to my Grand Jury testimony?
Q. Correct.
A. Yes.

Q. Was it one or two agents, or who?
A. I can't remember. I know there was a 
few there.

Q. There were a few agents?
A. Uh-huh.

Q. Were they men or women?

THE INTERVIEWEE: Okay. All right.

BY MS. ANSARI:

Q. Do you remember when it was?

A. No. That, no, I don't know.
Q. Was it several weeks before your Grand Jury statement or months?

A. I have -- I have no idea.

Q. Your conversation with the feds -- with the FBI, did they ask you about the substance, about what you saw the night of the Laquan McDonald shooting?

A. They asked about the Laquan McDonald shooting, yes.

Q. Okay. And what did you tell them?

A. I don't remember.

Q. Did you have any conversations by phone, e-mail, or text with Officer Sebastian regarding the subject of the Laquan McDonald shooting before your Grand Jury testimony?

A. No.

Q. Did you have any conversations with Jason Van Dyke by phone, e-mail, text, any communications at all before your Grand Jury testimony about the Laquan McDonald shooting?

A. I don't believe so. I can't remember, but --

Q. Did you make any attempt to ensure that the statement you were going to provide to the
Grand Jury was consistent with the statements provided by the other officers who were present at the McDonald shooting?

A. No.

Q. Do you remember if the FBI -- you said that the FBI also interviewed you. Do you remember if they showed you any documents when they interviewed you?

A. No, I don't remember.

Q. Did they show you any video when they interviewed you?

A. Video, yes.

Q. They did show you video. What did they say about the video when they showed it to you?

A. I mean, it was the Laquan McDonald shooting, but I don't remember exactly what they said.

Q. Can you give a general --

A. No, I don't remember.

MS. ANSARI: Do you have any questions about the Grand Jury?

MR. BROWN: Just a couple brief ones.
EXAMINATION

BY MR. BROWN:

Q. Were you represented by an attorney before you spoke or gave testimony at the Grand Jury?

A. Yes.

Q. Do you recall the name of the attorney?

A. I don't -- I can't remember who it was.

Q. Was it the attorney that is representing you today?

A. No.

Q. Do you recall if the attorney was a man or a woman?

A. It was a male.

Q. And prior to giving your testimony before the Grand Jury, do you recall signing any documents?

A. No, I don't remember.

Q. Did your attorney speak with you about any agreements?

A. Not that I remember, no.

Q. You noted earlier that you were advised not to speak about your testimony before the Grand Jury. I wanted to ask, who gave you that advice?
A. Whoever -- when I went for the Grand Jury, whoever was the -- I don't know if it was the FBI agent or whoever conducted the interviews. I don't know who.

Q. You mean the interviews with the FBI?
A. The -- no, at the Grand Jury. When I was at the Grand Jury, when I walked out, they said, you know, it's best if you don't discuss your testimony with anyone.

Q. Was that the same person that was asking you questions throughout the Grand Jury testimony?
A. Yes.

Q. And I think you said you don't recall that person's identity?
A. I don't -- no. I don't remember.

Q. Do you recall if it was a man or a woman?
A. No. There was a few there, so --

Q. Oh. You were questioned by more than one person at the Grand Jury?
A. I don't know if questioned, but there was more people in the room.

Q. Okay. I'm not talking about the people who might have been kind of in the audience --
A. No. No. I'm talking about the people
that were there. There was more.

Q. The people that were questioning?

A. Uh-huh.

Q. There was more than one person?

A. Yes.

Q. So two people?

A. It could have been two, but like I said, it might have been three. I can't remember.

Q. Did you take any notes?

A. No.

Q. About your experience in there?

A. No.

Q. Did you speak to either of those persons, if it be one or two or three persons that actually questioned you in the Grand Jury, did you speak to them afterwards?

A. No.

Q. How did you learn that the FBI wanted to speak with you?

A. How did I learn?

Q. Uh-huh.

A. About -- well, I got served. They went to my house.

Q. The FBI did?
A. Yeah.

Q. Okay. Tell us -- well, what happened there?

A. Well, they were banging on my door, and my son said, "Mom, there's someone at the door." I go to the door, and there's the two FBI agents, and they said, "Here. We're serving you with this. It's regarding the shooting." That's it.

Q. Was this a subpoena?

A. I believe so. Yes.

Q. Was the subpoena related to the Grand Jury testimony you had to give?

A. Yes.

Q. After the agents served you the subpoena, did they interview you at your home?

A. No.

Q. But they did interview you at some point down the road?

A. Yes.

Q. Do you recall where the interview took place?

A. Are you talking about the Grand Jury interview?

Q. No, I'm sorry. I'm talking about when
the FBI agents spoke with you and asked you
questions about the McDonald incident.

A. Oh, okay. Okay.

Q. Do you recall where that interview took
place?

A. That was at 26th and Cal.

Q. And did that interview with the FBI occur
before your Grand Jury testimony?

A. Yes.

Q. The interview at 26th and Cal, was it
just the two FBI agents that served you the
subpoena? Were they the same ones that did the
questioning?

A. I don't remember that, but I don't think
so.

Q. Okay. You don't think so.

Were you represented by an attorney for
this interview with the FBI?

A. Yes.

Q. Okay. Did you sign any documents prior
to speaking with the FBI?

A. I don't remember. I don't think so, but
I don't remember.

Q. Do you recall discussing any type of
agreements or offers or anything with your
attorney?

A. I don't remember that, no.

Q. Was the attorney who represented you for
your interview with the FBI the same one that
represented you at the Grand Jury?

A. Yes.

Q. Did you -- I'm sorry. Before we get to
that, in addition to the FBI agents that
interviewed you, was there anyone else in the room?

A. I know there was other people, but I
can't remember who they were.

Q. Were these other people that were in the
room, did they ask you any questions?

A. I don't remember that. I don't remember
if they did or not.

Q. Did you do anything to prepare for this
interview you had with the FBI?

A. What do you mean "prepare"?

Q. Like did you review any documents, do
any, quote/unquote, "studying" before the
interview?

A. I don't remember if they gave us
anything.
Q. Okay. Different from if the FBI gave you documents during the interview, I was wondering did you independently review any documents in preparation for the interview.

A. Like I said, I don't remember if I had anything to even -- no.

Q. Okay. So you don't recall if you reviewed any documents prior to the interview, and you don't recall if the FBI or whoever else was there tendered you any documents during the interview?

A. Yes, I don't. I don't recall.

Q. Do you recall if the, I guess, testimony or the answers you gave to the FBI, was that the same information that you provided to the Grand Jury?

A. I don't remember exactly what was, you know, the content of everything. So I wouldn't be able to tell you if it was the same thing. I know it was in regards to the Laquan McDonald shooting.

Q. Sure. And I'm not asking you to recall, you know, word-for-word responses, but just would there be any reason for your testimony before the Grand Jury to be different from what you told the
FBI in substance?

A. It shouldn't be, no.

Q. Was the testimony you gave before the Grand Jury and the answers you provided to the FBI the same as what was reflected in your statement attributed to you in the Exhibit 6, the Case Supplementary Report?

A. Well, can you ask that question again?

Q. Sure. Yeah. The information that you -- well, we'll break it up then in two parts. In the interview with the FBI, they asked you a number of questions, correct?

A. Yes.

Q. Your answers to those questions, were they the same in substance as to what is attributed to you in Exhibit 6, the Case Supplementary Report? It's a --

A. I don't know if they were the exact same questions, so I wouldn't -- I wouldn't know if the answers are the same.

Q. Okay. But just in substance, subject matter, would there be any reason for your responses to the FBI interviewers and what was attributed to you in the Case Supplementary Report,
would there be any reason for them to be different?

A. No.

Q. Same question as regards to your Grand Jury testimony and what is attributed to you in the Case Supplementary Report. Is there any reason why those two would be any different?

A. No.

MR. BROWN: Okay. That's all my questions.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. Officer Mondragon, had you ever testified in a Grand Jury before?

A. Yes.

Q. Not just related to Laquan McDonald.

A. Oh.

Q. Any, any Grand Jury ever before?

A. I can't remember if I have.

Q. Do you remember if you have ever testified in a Federal Grand Jury? So, you know, there is the Grand Jury at 26th and Cal, the state cases, and Federal Grand Jury.

Have you ever testified in a Federal Grand Jury before?

A. I'm not sure. I probably have, but I
don't want to say, but I probably have.

MS. ANSARI: Okay. I am ready to move on to
the night of the shooting. Do you guys need a break
or anything?

THE INTERVIEWEE: Huh-uh.

MS. RUSSELL: No.

MS. ANSARI: Okay.

BY MS. ANSARI:

Q. So, Officer Mondragon, you were present
when Laquan McDonald was shot on October 20, 2014,
correct?

A. Yes.

Q. Walk us through your actions immediately
following the shooting. So McDonald is shot, then
what happens? What do you do personally?

A. Well, I was driving that night and as,
you know, he was shot, I step out of my car, I
noticed there's traffic coming from behind us, and
we started directing traffic.

Q. What -- can you describe where you were
directing traffic more specifically for the record?

A. Right at where we were, where -- you
know, where we were stopped.

Q. Okay.
A. Right --

Q. What side of the street was that, the -- whatever --

A. I don't even know if we were on the side or if we were in the middle.

Q. Okay. So you were directing traffic for cars coming which way?

A. They were coming southbound on Pulaski.

Q. Okay. Did you receive any direction to direct the traffic, or you on your own initiative got out of your vehicle to start directing traffic?

A. Like I said, as soon as I stepped out, I turned and I saw the cars coming that way, so that's when I started to direct traffic.

Q. Did your partner, Officer Sebastian, also start directing traffic?

A. I believe so.

Q. Were there any other officers in the area immediately following the shooting also directing traffic?

A. That I don't know.

Q. You didn't see any other officers also, you know, telling others to move over?

A. No.
Q. Do you not know if other officers were
directing traffic, or there were no other officers
directing traffic?
A. I don't know. I wouldn't remember.
Q. Did you ask any cars that witnessed the
shooting to move along and to drive away?
A. What do you mean "that witnessed the
shooting"?
Q. For any traffic that was there when the
shooting occurred, did you direct them away from
the scene?
A. No. Like I said, we directed the
traffic that was coming down the bridge.
Q. So any traffic that was actually present
when the shooting occurred, you did not direct them
away from the scene?
A. Not that I remember.
Q. Did you see any other officers directing
any civilian witnesses to the shooting to leave the
scene?
A. That I wouldn't know.
Q. So how long after the shooting were you
directing traffic for, approximately?
A. I don't know.
Q. Was it less than an hour?
A. It could happen -- like said, I'm not sure.

Q. Was it three hours?
A. No.

Q. Was it two hours?
A. That, I -- like I said, it wasn't three hours.

Q. Okay. Did it seem like a long time?
A. Like I said, I don't remember how long we were directing traffic.

Q. So when you stopped directing traffic, were you given an order to do that, or what happened after you were done directing traffic?
A. After that, I don't remember. I probably walked back to my car.

Q. Why did you stop directing traffic?
A. I don't remember.

Q. Was it because there was other officers coming to the scene to do it?
A. Yeah, I don't remember if that was it or they had taped it all off or --

Q. Okay. So you said after you were done directing traffic, you walked back to your car,
Q. Did you get inside your car, or were you standing outside your car?
   A. I don't remember.
   Q. So following the shooting, aside from your partner, Officer Sebastian -- so for these next group of questions, I am only going talk about the scene of the shooting. So we won't talk about when you went back to the area. We'll kind of keep it -- all of the questions are really like what happened while you were out there at -- out there. So following the shooting to when you left the scene, who did you talk to during that period, outside of your partner, Officer Sebastian?
   A. I don't remember exactly who.
   I remember the technician for the camera came by; but other than that, I don't remember who else.
   Q. Did you talk to any sergeants at the scene?
   A. I don't remember.
   Q. Did you talk to Sergeant Franco?
   A. I don't remember.
   Q. Did you talk to Commander David
Q. Do you remember if Sergeant Franco was at the scene?
A. I don't remember if he was there.
Q. Do you remember if Officer David McNaughton was at the scene?
A. Officer?
Q. Or Commander. I apologize.
A. No, I don't remember.
Q. Are you familiar with the term OCIC, so officer command -- when a shooting happens, there is a commanding officer who comes out to the scene and kind of directs everything that is happening there?
MR. BROWN: Officer in charge or something like that.
BY THE INTERVIEWEE:
A. Oh, I -- no.
BY MS. ANSARI:
Q. Are you not familiar with that term or whoever that person is?
A. No.
Q. Do you know Officer David McNaughton --
or Commander. I apologize.

A. I mean, I don't know him. I mean, he's the commander, but personally, no, I don't --

Q. But you know who he is?

A. I know who he is, yes.

Q. And what about Sergeant Franco?

A. Yes, I know who he is.

Q. Has he on occasion been your direct kind of supervising sergeant?

A. On other occasions?

Q. Is he your supervisor?

A. Yes, he's a sergeant. Yes.

Q. But you don't know if he was the sergeant on scene that night?

A. No.

Q. And you don't recall talking to Sergeant Franco or Commander McNaughton?

A. No, I don't.

Q. So you said you recall talking to the technician. Who else do you recall talking to?

A. That's about it.

Q. What about any detectives?

A. I don't recall. I don't -- I don't remember talking to the detectives.
Q. You don't recall talking to Detective David March?
A. No.

Q. Do you have any reason to believe you did not talk to Detective David March?
A. Honestly, I don't even know who he is, so no.

Q. You don't have any reason to -- I am going to ask that again, but, you know, as we have talked about earlier today, we gave you documents that show -- that are a Case Supplementary Report created by Detective David March and also handwritten notes of Detective David March's interview or conversation that he had with you.

So do you have any reason to believe you did not speak to him?
A. Like I said, I don't remember if I spoke to him.

Q. Okay. So you don't remember if you spoke with him, but do you have any reason to believe that you did not speak with him?
A. I'm sure I spoke to him at some point, but I don't remember where or when.

Q. Okay. So you're not sure -- I apologize.
You're not sure if you spoke to him at
the scene of the shooting?
A. I'm not sure. Yeah.
Q. But you know at some point you spoke to
him that night?
A. At some point, yes.
Q. It might have been at the scene or it
might have been at some other area?
A. Yes.

MS. RUSSELL: She spoke to some detective that
night.

BY MS. ANSARI:
Q. Did you speak with your partner, Officer
Sebastian?
A. Speak to her about --
Q. About anything. What did you talk to --
after the shooting, with your partner Officer
Sebastian?
A. On the scene?
Q. Uh-huh.
A. I did -- we didn't really talk. She
was -- I don't know where she was, but I was on
the -- on the other side. So --
Q. On the other side directing traffic?
A. Of the vehicle -- no. No. No. Just standing out there.

Q. So she was standing on one side of the vehicle, and you were standing on the other side?

A. Like I said, we were just walking back and forth. I mean, I don't know exactly where she was, but --

Q. Did you have any conversations regarding what you saw in the shooting -- with the shooting?

A. Not that -- no, I don't remember.

Q. Did you make any kind of statements like, "Oh, wow, that was crazy. I can't believe we just saw that"? Any statements kind of just even in passing to Officer Sebastian?

A. I don't remember.

Q. So the technician you spoke to at the scene, what was his name?

A. I don't -- I don't know.

Q. Do you remember, was it a man or a woman?

A. I don't remember. You know, I know it was a male.

Q. It was a male?

A. Uh-huh.

Q. Do you remember if it was a very, very
tall male?

A. Oh, that I wouldn't remember. I know it was a male.

Q. Okay. Because the person we think it might be is a big, imposing, tall person. So you don't recall?

A. I don't recall.

Q. Okay. So what was the -- can you describe the interaction with the technician from start to finish?

A. I remember he approached me and said who he was. He said if he could look at the in-car camera and if I could play it for him. I said yes. I put it where it was to play. I stepped out of the car. He sat down, and he -- whatever -- I don't know what he did after that.

Q. So during the shooting, you can see the video as it's recording -- can you see the video as it's recording?

A. Yes.

Q. On your car? Okay.

So then the shooting happens. The technician comes over. And do you show him the video, or you said you rewound the video --
A. Like I said, he asked me if I could play it for him. I put it to where he could press play, and then I stepped out of the car and he sat down and, I mean, he started watching it, I'm sure.

Q. Did you watch it with him?
A. No.

Q. About how long was he in the car getting the video?
A. I don't know.

Q. Less than 30 minutes? Just a couple, a couple minutes? An hour?
A. I don't remember.

Q. At the scene, you said you played the -- or rewound the video to the point where the shooting was -- or where did you rewind the video to?
A. No. I said I put it to where he played it. I showed him how to go in and do it, and then I left it so he could press play on it.

Q. Okay. Understood. What do you mean you showed him where he could go in and do it?
A. Because there's a menu where you go in and it says Menu and Playback, and then you hit Playback and then the -- whatever videos are stored
are up there. So I just clicked on that one
and --

Q. So you pinpointed the correct video and
played that?
A. Yes.

Q. Okay. Did you at the scene watch the
video at all, after the shooting, that came from
your car? At the scene of the shooting, after the
shooting, in between the shooting, when it happened
and when you left to go to the area, did you ever
watch the video?
A. I don't remember watching it.
Q. You don't remember, or you did not?
A. I don't remember.
Q. Okay. Do you think it's unlikely you
watched it or likely you probably watched it?
A. I think the first time I watched it is
when I went for the FBI, when they showed it to me.
Q. Okay. Got it. So that's what we're
trying to get at.
Okay. I am going to go through the
officers at the scene of the shooting and ask you
questions about them.
At the scene of the shooting, you said
you probably talked to -- well, so your partner Officer Sebastian was at the scene of the shooting, correct?

Q. What is your relationship with Officer Sebastian? How long have you worked together? Do you socialize outside of work?

A. I mean, we've been partners for a couple years. I don't know exactly how long. And what was the other question?

Q. Do you socialize with Officer Sebastian outside of work?

A. No. We -- you know, no.

Q. You don't get together with your families or --

A. No.

Q. -- anything like that after work?

A. No.

Q. Outside of work?

A. Yes.

Q. Okay.

A. We also have another partner. There's three of us in the car.
Q. And who is that person?
A. Anthony Wilson.

Q. Okay. How does it switch on and off between the two --
A. Well, we work four days. Two I work with her; two I work with him.

Q. And you said you have been partners with Officer Sebastian for a couple years?
A. Yes.

Q. More than five? Less than five? More than ten?
A. I don't know exactly. I mean, you would have to ask them and see exactly when we started working.

Q. When did you start with the police force?
A. April 2nd, I want to say, 2007.

Q. 2007? Did you start directly in 8th District?
A. Yes.

Q. And you have been there the whole time?
A. Yes.

Q. Has Officer Sebastian been your partner since you started, since 2008?
A. Like I said, I know we've been partners
almost since I started, but I don't know exactly how long.

Q. Okay. But --
A. Yes.

Q. -- the majority of the time. Okay.
A. And we had other partners.

Q. Right.
A. So it's not just like we've been partners -- we have had other partners in the car.

So --

Q. Understood. Did you at the scene of the shooting speak at all with Officer Jason Van Dyke?
A. No.

Q. What was your relationship with Officer Van Dyke prior to October 20, 2014?
A. He was a coworker.

Q. Were you ever interviewed in the context of other complaints made against him?
A. Interviewed by whom?

Q. Anyone? I mean, if someone -- if another -- if a citizen made a complaint against Officer Van Dyke, have you ever been interviewed in relation to that?
A. I don't remember, but -- I don't know
why I would be interviewed about --

Q. Okay. Have you ever worked with Officer Van Dyke? Has he ever been your partner assigned to you at all?

A. That I can't remember. I don't -- I don't know if we ever even worked once or not. I don't know.

Q. How often do you see him at work? Every day? Once a week, approximately?

A. Well, we have different day-off groups, so I can't tell you exactly when I see him, you know.

Q. Do you ever socialize outside of work or --

A. Yeah, well, if we have a different day off -- like I said, I don't know, but it would be maybe a day or two. Depends what nights he's off, I'm off. Since we rotate, it's different.

Q. You're on the same watch, though, correct?

A. Same watch, yes.

Q. Do you ever socialize with him outside of work?

A. If I ever socialized with him?
Q. Yeah. Yeah.

A. Once we had a picnic, like the FOP picnic. He was there.

Q. But never -- nothing outside of that?

A. No.

Q. Did you speak with Officer Joseph Walsh at the scene of the shooting?

A. I don't recall if I did.

Q. Have you ever worked with Officer -- has Officer Walsh ever been your partner?

A. That I -- like I said, you know, I wouldn't -- I wouldn't know unless you asked whoever puts us -- I've been there so for so many years, I don't want to say no and if I did work with him. I don't remember.

Q. Did you ever socialize with Officer Walsh after work?

A. No.

Q. Or outside of work.

Did you speak with -- actually, for Officer Walsh, do you recall him coming over to you and Officer Sebastian the night of the shooting asking you guys to call another officer, an Officer Geisbush, and tell him to stop bothering Van Dyke?
A. Not to me, no.

Q. Okay. Did you speak with Officer Ricardo Viramontes at the scene of the shooting?

A. I didn't even know they were there.

Q. So you didn't even know he was at the scene of the shooting. Okay.

Do you ever socialize with Officer Ricardo Viramontes outside of work?

A. No.

Q. Did you speak with Officer Dora Fontaine at the scene of the shooting?

A. I didn't even know she was there.

Q. Do you ever socialize with her outside of work?

A. No.

Q. Does she live in your neighborhood?

A. I don't know exactly where she lives.

Q. Okay.

MS. RUSSELL: I want to just interject quickly. You know, do you ever socialize outside of work is different -- her answer, I think, is different than have you ever one time socialized outside of work. I just want to make sure that is crystal clear. You know, if the question is, "Have you ever socialized
out of work," or, "Have you ever one time gotten together outside of work," they are two different questions.

BY MS. ANSARI:

Q. Yeah. What we are trying to get at is do you have a relationship with these people --

A. Oh, no.

Q. -- outside of just a work relationship.

So if some coworkers you are more friends with than others, you know, sometimes your families do things together, so you are actually friends. That's what we are trying to get at. It's not supposed to be a trick question, but you're right, it wasn't worded as clearly as it should have been. So that's what we were trying to get at.

You didn't know that Officer Dora Fontaine was at the scene of the shooting, correct?

A. No.

Q. Okay. Did you speak with Officer Thomas Gaffney at the scene of the shooting?

A. I don't recall if I did.

Q. Do you know if he was at the scene of the shooting?

A. Yes, they were there.
Q. Do you have a -- do you socialize with him outside of work?
A. No.
Q. Is he, you know, more than just a work colleague?
A. No.
Q. Did you speak with Officer Joseph McElligott at the scene of the shooting?
A. I don't recall if I talked to him.
Q. Do you know if he was at the scene of the shooting?
A. He was there.
Q. Do you socialize with him outside of work?
A. No.
Q. Did you talk to Officer Arturo Becerra at the scene of the shooting?
A. I don't know who that is.
Q. So you don't know who Officer Arturo Becerra is?
A. No.
Q. How about Officer Leticia Velez?
A. No.
Q. So you stated that you don't recall
speaking to Detective David March at the scene of
the shooting.

Do you recall speaking to any detectives
at the scene?

A. Like I said, I know I probably spoke to
a detective, but I don't know who, and I don't know
when.

Q. Okay. Did you talk to an FOP
representative at the scene of the shooting?

A. I don't remember.

Q. Did you see Officer Sebastian talk to any
detectives at the scene?

A. I really don't know. No.

Q. Okay. Those are my questions for the
scene.

MR. BROWN: Okay.

MR. BROWN: I have a couple of follow-up
questions.

FURTHER EXAMINATION

BY MR. BROWN:

Q. I know you stated that you and your
partner kind of took it upon yourselves to kind of
direct traffic after the incident occurred; is that
correct?
1. Yes.

2. I was wondering, were you and your partner ever ordered by anyone to do anything else on the scene?

3. I don't remember.

4. Were you ever ordered to do any paperwork while you were on the scene?

5. I don't remember. No, I don't think so.

6. Would it have been, I guess, odd for you to have to do some sort of reports after observing a shooting?

7. For us to do reports?

8. Yes.

9. No.

10. No. Do you have any recollection of having to do any sort of reports either that night or subsequent days after the shooting?

11. No, I don't.

12. You spoke a little bit about the video technician that came by to look at your --

13. Yes.

14. -- your vehicle. I know you said you didn't know who that person was, but I was wondering, had you ever seen that person before?
A. No, because, like I said, I don't know who it was.

Q. Oh, no. I totally get it. You might not know his name, but I thought you might have seen him at other scenes or seeing him at the district or something like that.

A. No.

Q. Was that technician in uniform?

A. I don't remember. I don't -- no, I don't remember.

Q. Do you have any recollection if he was a detective or a sergeant?

A. No, I don't.

Q. I wanted to ask, what process do you have to do to initiate playback on the video in your vehicle?

A. What do you mean "what process"?

Q. Well, like let's say you wanted to --

BY THE INTERVIEWEE:

A. Oh, you just hit -- there's a Menu box. You hit the menu, and then like four different things come up. One of them says Playback. You
hit on the playback, and then it shows you the
videos that are stored, and then you click on the
one you want to watch.

BY MR. BROWN:

Q. Okay. And the videos that are available
for playback, are they only from that day, like
your tour of duty?

A. That I wouldn't know, because, you know,
sometimes if they don't upload, they might sit
there. So --

Q. So there's a chance that there could be
videos from other days, other officers who have
used the vehicle prior to you?

A. Yes.

Q. When you want to -- you described those
steps that you would take to look at the video.
When you would do that, would you have to log in to
the system?

A. Initially, we log in to the camera, yes.

Q. So somebody has to be logged in before
this playback of the video is going to occur?

A. Yes. You have to turn it on.

MS. RUSSELL: Well, let me make sure.
BY THE INTERVIEWEE:

A. Oh yeah, well, we log in once, you know, you start your tour, you log in, and that's how the camera comes up.

BY MR. BROWN:

Q. Do you have to do any additional log-in steps to do the playback of videos?

A. No. It's our -- once you're logged in, it's there.

Q. Do you know if the software to the video, does it have a counter on it on how many times a video is shown?

A. I don't know. I don't know that.

Q. When you review a video in your vehicle, will it have your PC number at the bottom while it is playing?

A. I don't know. I don't remember if it's at the bottom or not.

Q. You noted that you had multiple police officer partners during your tenure at the 8th District, correct?

A. Yes.

Q. Can you state that Officer Sebastian has been your partner for the majority of your time,
your tenure at the 8th District?

Q. Do you and Officer Sebastian text each other or e-mail each other outside of work?

A. Yes.

Q. How often do you text or e-mail each other outside of work?

A. Oh, I don't know.

Q. Is it every day?

A. I don't know. It could be.

Q. Well, let's just look at the last -- this last week. Did you text Officer Sebastian every day outside of work?

MS. RUSSELL: I am going to object because this isn't relevant to any of the allegations before this officer.

Go ahead and answer.

BY THE INTERVIEWEE:

A. Like I said, I don't know how many times.

BY MR. BROWN:

Q. You don't know for -- okay.

How many times would that be different from just that you guys text or e-mail each other
every day outside of work?

A. Yeah, we text.

Q. Every day?

A. Like said, I --

BY THE INTERVIEWEE:

A. Outside of work? I don't know if every day, but we text.

BY MR. BROWN:

Q. Okay. So it's more than once?

A. Yes.

MR. BROWN: Okay. That's all the follow-up I had.

MS. RUSSELL: Could we take a break?

MR. BROWN: Yes. The time is 11:28, and we are going to go off the record.

(Whereupon, a break was taken from 11:29 to 12:03 p.m.)

MR. BROWN: Time is 12:03, and we are back on the record.

MS. ANSARI: Officer Mondragon, I am going to start with questions regarding --

MS. RUSSELL: Could we go off the record one more minute.
MR. BROWN: The time is 12:03, and we are going to go off the record.

(Whereupon, a break was taken from 12:03 to 12:04 p.m.)

MR. BROWN: The time is 12:04, and we are back on the record.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. So, Officer Mondragon, before the break we were talking about your experiences at the scene of the Laquan McDonald shooting. I am going to move to now what happened when you got to the area. About how long were you at the scene after Laquan McDonald got shot before you left?

A. I can't give you an exact time. I don't know.

Q. Was it a couple hours?

A. Couple hours.

Q. Couple hours. Okay. Do you remember if it was maybe after midnight or 1:00 in the morning, 2:00 in the morning?

A. When we went to the area?

Q. Yeah.
A. I don't remember what time it was.

Q. When you went to the area, who did you go with?

A. My partner.

Q. And you both -- did you drive?

A. I drove, yes.

Q. And you drove your squad car?

A. Yes.

Q. On the way to the area, did you and your partner, Officer Sebastian, talk about what you had seen, the shooting?

A. I don't remember what we talked about.

I remember we talked about that we were hungry.

Q. Okay. And can you just walk me through what happened when you got to the area? And where is the area, by the way?

A. Oh, that's a good question. I want to say -- I can't remember when, which area we went to.

Q. Was it 51st and --

A. Yes.

Q. -- Wentworth?

A. 51st and Wentworth, yeah.

Q. So if you could just walk me through what
happened when you first got to the area, where did you go, who did you talk to, what did you do until when you left, just as a general narrative.

A. We got to the area. We went upstairs. We sat, you know, or I sat by the computers, and I don't remember who I talked to.

Q. How long were you waiting at the area before you were interviewed by IPRA?

A. I don't know how long.

Q. So you said you went upstairs?

A. Uh-huh.

Q. Were you with your partner Officer Sebastian?

A. Yes.

Q. Were there other officers there also?

A. There were other officers, yes.

Q. Do you remember who?

A. I remember that is the first time I saw Dora and Rick.

Q. So you saw Dora Fontaine and Ricardo Viramontes at the area?

A. Yes.

Q. Did you see Officer Joseph Walsh?

A. I don't remember if he was there.
Q. Did you see Officer Jason Van Dyke?
A. I don't remember.

Q. Did you see Officer McElligott?
A. I don't remember if he was there.

Q. Did you see Officer Gaffney?
A. I don't remember if he was there too.

Q. So the three people that you know were at the area were your partner, Officer Sebastian, Dora Fontaine and Ricardo Viramontes?
A. Yes.

Q. And then the other officers I named could have been there, might not have been there; you don't know?
A. Yeah, I don't know.

Q. Okay. So right when you got there, you said you went upstairs. Were you in a waiting room or the main area, or what kind of -- what does the area look like?
A. No. Upstairs is their -- the detectives. It's -- I mean, it's just the office upstairs -- not an office, but it's -- they got all this desks and computers. Just a detective area.

Q. And you said you sat by a computer?
A. Yes.
Q. Were you sitting with any of the other officers, or were you by yourself?

A. Well, like I said, we were sitting in the area. There was other officers in the area, yeah, but I was sitting at -- not at the computer, but at the chair where there was a computer.

Q. Did you do anything on the computer, or you were just sitting there?

A. I don't remember if I did.

Q. Like, check your e-mail or anything like that?

A. Yeah, I don't remember if I did that or not.

Q. Outside of just kind of -- well, do you remember talking to any of the officers, anyone there, about the substance of what you saw with the shooting?

A. I don't remember talking to anybody.

Q. Did you talk to any detectives at the area?

A. That I don't remember if I did.

Q. Did you talk to Detective March at the area?

A. I don't know who Detective March is, so
I don't -- I wouldn't know if I talked to him or not.

Q. Do you have any guess about when you gave your -- so, you know, we have the documents you were provided by IAD, the case supplementary statement and the handwritten notes, and those were created by Detective David March.

Do you have any sense about when he would have talked to you or any -- you know, at the scene, at the area?

A. Talked to whom?

Q. Talked to you.

A. Talked to a detective?

Q. Yeah, or any detective. When did you at some point talk to a detective and tell them --

A. Like I said, I don't know if I talked to a detective on the scene or at the area. I can't remember.

Q. Do you remember giving a statement at all?

A. I don't -- I don't remember that.

Q. Did you talk to any FOP representatives at the area?

A. I don't remember if I did.
Q. Were there any FOP representatives at the area?

A. I believe there was.

Q. Did they get you guys dinner?

A. Yeah. They had pizza -- I don't know if it was them, but there was pizza there.

Q. Okay.

MS. RUSSELL: Could we take a quick break?

MS. ANSARI: Yeah.

MR. BROWN: It's 12:10, and we'll go off the record.

(Whereupon, a break was taken from 12:10 to 12:12 p.m.)

MR. BROWN: The time is now 12:12 p.m., and we are back on the record.

MS. RUSSELL: Okay. The officer wanted to just add --

THE INTERVIEWEE: Now, you asked about the detective? Like I said, I don't know if I talked to one on the scene or at the area. And another thing I don't know is if it was Detective March or another detective.

BY MS. ANSARI:

Q. But you do remember talking to a
detective at some point?

A. Yes, at some point. I'm just not sure where or, like I said, I'm not sure if it was even him or any other detective.

Q. And you remember giving a statement about what you saw in terms of the shooting?

A. Yes.

Q. Okay. So back to who you talked to at the area, you may have talked to a detective at the area, but that may have been on the scene?

A. Yes.

Q. And you didn't talk to any of the other -- you don't remember talking to any of the other police officers?

A. No, I don't remember.

Q. Okay. But you do remember an FOP representative being there getting pizza, correct?

A. No. I remember there was pizza there.

Q. Okay.

A. There was an FOP representative. Now, if they got it, I don't know.

Q. Can you explain -- I guess it seems like you don't remember a lot of stuff, but you remember that you got pizza. Why does that stick out, out

of every other thing that happened?

A. Because, like I said, we were hungry.

Q. Right. So every other thing that happened didn't stick out to remember, but dinner did?

A. Yes.

Q. So you were at the area. And were you interviewed by IPRA at the area?

A. Yes.

Q. The Independent Police Review Authority. Do you remember how long you were waiting before you were interviewed by IPRA?

A. I don't remember how long.

Q. Was it -- do you remember about what time they interviewed you?

A. I don't.

Q. Was it early in the morning?

A. I --

Q. Had you been waiting three or four hours?

A. I don't know how long we were waiting there.

Q. While you were waiting or at any time while you were in the area, did you view the video of the shooting?
A. Not that I remember, no.

Q. Did you view any video?

A. No.

Q. You stated earlier that the first time that you probably viewed video after the shooting was in preparation for your Grand Jury statement, correct?

MS. RUSSELL: I think her testimony was when she met with the FBI was the first time she viewed the video.

THE INTERVIEWEE: Yes, that's when I saw it for the first time.

BY MS. ANSARI:

Q. So you believe that the first time you saw the video of the shooting was when you met the FBI?

A. Was when -- yes.

Q. So before that you had not seen any video of the shooting, before you met with the FBI until -- before you met with the FBI, you had not seen the video of the shooting, correct?

A. I had probably glanced at it. Remember when I told you I put it for the tech guy, but not seen it, no.
Q. Okay. Understood.

When you were interviewed by the detective, either at the area or at the scene -- do you remember being interviewed, talking to a detective more than once, or do you believe it was only once that you gave a statement to a detective at any point that evening?

A. Like I said, I don't remember what -- you know, like, if I talked to -- but I'm sure it was once.

Q. Have you ever witnessed a police-involved shooting before October 20, 2014?

A. Not that I recall.

Q. Have you ever witnessed any shootings before October 20, 2014?

A. Not that I recall.

MS. ANSARI: Kris, do you have any questions about the area?

MR. BROWN: I have a couple questions.

FURTHER EXAMINATION

BY MR. BROWN:

Q. When you were at the area, you noted that Viramontes and Fontaine were there. Did you overhear anything they spoke about?
A. No.

Q. Did you overhear anything that any of the other officers that might have been there spoke about?

A. Not that I remember.

Q. Did you ever leave the room at the area that had the pizza?

A. What do you mean?

Q. You described to us you guys got there, when you got there you saw Viramontes and Fontaine, there was a pizza at some point brought by someone to the area. I want to know, did you ever leave that room on the second floor where you guys were?

A. Other than when I went to give my IPRA statement, no.

Q. Yeah. I'm sorry. Other than the IPRA statement, do you recall going to any other rooms?

A. No, I don't recall. No.

Q. And the IPRA statement, was that like a side interview room; do you recall?

A. I know it was in a room, but I don't know exactly where it was.

Q. It was a room on the second floor somewhere?
A. I don't remember if it was on the second floor, but it was in the area.

Q. A room in the area?

A. Yes.

Q. So if you had went into a different room in the area for a reason other than the IPRA statement, would you have recalled that?

A. Yes.

Q. Okay.

A. Oh, maybe I used the bathroom.

Q. Oh, yeah.

A. Well, I'm just saying because I think I remember I used the bathroom.

Q. Yeah, I'm sorry. I should have clarified.

When you did talk to a detective, wherever that might have occurred, area or on the scene, do you recall how long that conversation was with the detective?

A. No.

Q. Do you recall it being a Q and A with the detective?

A. Being a what?

Q. I'm sorry, a question and answer session
where the detective would ask you something and
then you would respond?

A. No, I don't recall.

Q. Do you recall if the detective asked you
to give a narrative as to what occurred that
evening?

A. No, I don't.

Q. Do you recall having to clarify any of
your answers or any of the conversation you had
with the detective?

A. No.

Q. Did the detective that spoke with you,
did they go over what you told them? Did they kind
of recite what, you know, the conversation was?

A. I don't remember.

Q. The detective that spoke with you, did
that person have any notes, like a notepad?

A. I'm sure he did, but I don't remember if
it was a notepad or a piece of paper.

Q. Do you recall the detective writing
anything down while you were speaking to him?

A. I don't remember.

MR. BROWN: That's all the follow-up I have.
FURTHER EXAMINATION

BY MS. ANSARI:

Q. Okay. Now, we are going to go into your statements to Detective March. That was the detective you spoke with, at least according to the documents. And we will provide you with Exhibits 6 and 7.

(Whereupon, said documents were tendered to the Interviewee.)

BY MS. ANSARI:

Q. Now, Exhibit 6 has your statement and the statement of your partner, Officer Sebastian.

A. Okay.

Q. If you could read both documents off the -- the handwritten document and the typed one, and let me know when you have reviewed or when you're ready, if you have already reviewed them.

A. Okay.

Q. So the first page of Exhibit 6 says it's a Case Supplementary Report. Do you know what a Case Supplementary Report is? What is a Case Supplementary Report?

A. Well, I'm guessing it's this (indicating).

Q. Have you seen one of these before?
A. This exact -- this one before?

Q. Yeah, the type of document -- not this exact one, I apologize.

A. Oh.

Q. Have you seen these types of documents before?

A. Not that I remember.

Q. Okay. Is this a document that is used by police officers, or is it a document that is used really only by detectives?

A. I would say detectives.

Q. Do you know what the purpose of this type of report is?

A. No.

Q. Now, for the notes, those are called general progress reports. Have you ever seen documents like this before? Have you ever seen a general progress report before?

A. Like this page?

Q. Not the exact one, just things like this, handwritten notes on a -- with the heading General Progress Report?

A. No.

Q. Okay. Is this a document that police
officers normally use?

A. I don't know if police officers, but it says Detective Division.

Q. Okay.

A. So I'm guessing the detectives use it.

Q. So let's go back to Exhibit 6 and your statement on -- well, it says Page 14 at the bottom.

Does Exhibit 6 accurately reflect what you said to Detective March on the night of October 20, 2014?

A. Which one are we looking at, this one (indicating)?

Q. Yeah.

A. So --

MS. RUSSELL: Wait. Do you want to go sentence by sentence?

MS. ANSARI: I am going to.

MS. RUSSELL: Okay.

BY MS. ANSARI:

Q. So if it's easier, I can just start going sentence by sentence, but as a general matter, is this accurate, this statement?

A. I mean, it looks like --
Q. If there are inaccuracies, I can go line by line?
A. Okay.

Q. Are there inaccuracies in this statement?
A. Probably, yes.

Q. Okay. We'll go through statement by statement, and for each statement I am going ask you if you made that statement and then I will ask you if the statement is accurate.
A. Okay.

Q. So it's kind of a two-parter, and we'll do that for each statement, and then I will ask you more follow-up.

So the first sentence, the first little paragraph is just kind of background, so we will start with the first sentence in the second paragraph.

"Officer Mondragon added that as she drove westbound on 40th Street she saw Officer McElligott running eastbound through the Burger King parking lot."

Did you say this statement to Detective March on the night of October 202014?
A. From what I recall, yes.
Q. Okay. Is that statement --

MS. RUSSELL: Hold on. Sorry.

BY MS. ANSARI:

Q. So did you make this statement to Detective March on the night of October 20, 2014?

A. I'm not sure if the exact statement, but that's accurate, yes.

Q. Okay. And it is accurate.

So when I ask you if you made that statement, I guess the exact -- I'm not asking for the exact words, but as a general --

A. It's accurate.

Q. That's what you said?

A. Yes.

Q. And that statement is accurate, correct?

A. Yes.

Q. Okay. Next sentence: "She made a U-turn," she meaning you, "made a U-turn and drove back out onto Pulaski Road."

Did you make that statement to Detective March?

A. Yes.

Q. Is that statement accurate?

A. Yes.
Q. "Mondragon turned southbound onto Pulaski."

Did you make that statement?

A. To the best of my knowledge, yes.

Q. And is that statement accurate?

A. Yes.

Q. "She saw Laquan McDonald running southbound on Pulaski in the middle of the street."

Did you make that statement to Detective March?

A. It's accurate. Yes.

Q. And -- but did you make that statement?

A. Maybe not the exact same, but yes, I made the statement. Yes.

Q. And is that statement accurate?

A. Yes.

Q. "As she got closer, she could see McDonald was holding a knife in his right hand."

Did you make that statement to Detective March?

A. Yes.

Q. Is that statement accurate?

A. Yes.

Q. "He was waving the knife."
Did you make that statement to Detective March?

A. Yes.

Q. Is that statement accurate?

A. Yes.

Q. "Officer Mondragon saw Officers Joseph Walsh and Jason Van Dyke outside of their police vehicle."

Did you make that statement to Detective March?

A. Yes.

Q. Is that statement accurate?

A. Yes.

Q. "She heard the officers repeatedly ordering McDonald to drop the knife as McDonald got closer and closer to the officers continuing to wave the knife."

Did you make that statement to Detective David March?

A. So I made part of the statement to the detective, but, you know, where it says "drop the knife," yes. Now, where it says "got closer and closer to the officers continuing to wave the knife," those were not my exact words.
Q. So what did you say?
A. I don't remember exactly what I said.
Q. What do you remember happening? Like, why is this statement inaccurate?
A. Because I probably said, you know, he was walking on -- you know, going forward southbound.
Q. Did you not say that McDonald was getting closer and closer to the officers?
A. I don't remember saying it, you know, like that.
Q. And --
MS. RUSSELL: I think what she may be trying to articulate is that, you know, by "closer and closer," it doesn't mean that he was walking towards, but as he was proceeding --
THE INTERVIEWEE: He was walking, you know, just going ahead, moving forward.
BY MS. ANSARI:
Q. Okay. So I want to kind of tease this out because, obviously, this is important and we want to get it right for the record.
So the statement says that you heard the officers repeatedly ordering McDonald to drop the
knife as McDonald got closer and closer to the
officers continuing to wave the knife. So we'll
take this in parts.

You heard the officers repeatedly
ordering McDonald to drop the knife. Did you say
that to Detective March, just that first part?

A. Yes, I --

Q. And did that happen? Is that accurate?

A. Yes.

Q. So we will kind of move on from there.

Now, the part that says "as McDonald got
closer and closer to the officers," you're not sure
if you said that to Detective March or not,
correct?

A. Correct.

Q. Okay. But now you know that is not -- or
but that is not accurate, correct? "As McDonald
got closer and closer to the officers"?

A. Like I said, when -- he was moving
forward. He was --

Q. So "as McDonald got closer and closer to
the officers" is not accurate because McDonald was
moving forward, not getting closer to the officers.

Is that what you're trying to say?
A. Well, here's the thing. I don't know what "closer" -- I don't know by whatever -- but whenever it says "closer and closer to the officers," I don't know if they were trying to say that he was, like, approaching them, like he kept walking towards, you know, not -- he was going southbound towards where the officers were.

Q. Okay. So this statement, "as McDonald got closer and closer to the officers" is not specific enough -- scratch that.

So your statement is that McDonald was walking southbound?

A. He continued southbound, yes.

Q. But he wasn't getting closer and closer to the officer -- but he wasn't moving towards the officers, like coming at them, correct?

A. Like I said, he's continuing to walk southbound where the officers are.

Q. Okay. We'll get into this probably a little bit later, but we might come back to this.

But is the part "continuing to wave the knife," did you say that to Detective March, that --

A. He was waving the knife?
Q. That Laquan McDonald was continuing to wave the knife as he was --

A. It doesn't say "continuing." It says he was waving the knife.

MS. RUSSELL: Well, down here (indicating).

BY THE INTERVIEWEE:

A. Oh, down here. Oh, you're down here?

Yes.

BY MS. ANSARI:

Q. Okay. So you stated that to Detective March?

A. To the detective, yes.

Q. To the detective. And is that accurate?

A. Yes.

Q. As you were placing your vehicle transmission into park -- "As she was placing her vehicle transmission into park, Mondragon looked down and heard multiple continuous gunshots without pause."

Is that what you told Detective March that night?

A. So where it says that I put the car into transmission, looked down, and heard multiple -- now, that "continuous gunshots without pause" I
don't remember. I remember I said several shots.

Q. Okay. So what part of this sentence is
wrong, what part is right? Because there are a
couple parts in the sentence. Can you just
explain?

A. I mean, when I put the vehicle into
park, "looked down and heard multiple." Now, the
"continuous without a pause," I don't recall saying
that.

Q. Okay. So as you were placing your
vehicle transmission into park, "Mondragon looked
down and heard" -- well, it says -- but you looked
down and then you heard gunshots?

A. Several shots, yes.

Q. Okay. You heard several shots. But
you're not sure whether it was continuous gunshots
without pause?

A. I don't remember.

Q. So are you saying there could have been a
pause between the gunshots?

A. I don't remember.

Q. Do you remember saying this to Detective
March?

A. I don't remember saying it.
Q. But what would be an accurate statement?
A. Like I said, that I looked down and heard several shots.

Q. Okay. And it's because you don't know if you heard continuous gunshots without pause, correct?
A. Yes.

Q. The next sentence, "Mondragon then saw McDonald fall to the ground."
Did you say that to Detective March?
A. Exact here like this?

Q. Did you say that to Detective March?
A. Oh, yes. Sorry.

Q. Did you say that to Detective March, to the detective?
A. To the best of my knowledge, yes.

Q. And is that statement accurate?
A. Yes.

Q. Mondragon did not know who fired the shots.
Did you say that to Detective March?
A. Yes.

Q. Is that statement accurate?
A. Yes.
Q. I want you to look at the statement attributed to Officer Sebastian. It's the page before. And then kind of compare it to, well, the first line in your statement. If you see, the first line in your statement, it says, "Janet Mondragon stated that she was a Chicago police officer assigned to the 8th District. Mondragon related the same facts as her partner, Officer Daphne Sebastian."

Do you see in the report where it says that?

A. Yes.

Q. Did you relate those same facts to the detective on the night of October 20, 2014?

A. Relate what facts?

MS. RUSSELL: These (indicating).

THE INTERVIEWEE: Oh.

BY THE INTERVIEWEE:

A. So for the most part, it is, you know, what I said. There's two things that, you know, my partner probably said I didn't.

BY MS. ANSARI:

Q. Okay. And what are they?

A. The one that says McDonald to drop
"McDonald ignored the verbal directions and continued to advance on the officers waving the knife."

Q. Okay. And you did not say that, you said, correct?
A. Correct.

Q. Is that accurate?
A. Like I said, he proceeded southbound, so --

Q. But he wasn't coming at the officers?
A. The officers were there where he was -- you know, he was proceeding going towards the -- where the officers were.

Q. Okay. What is the other line?
A. The one where it says, "Sebastian did not know who fired the shot" -- not that one.

"Which were fired in one continuous group."

Q. You did not say that?
A. No.

Q. Like we said before.
And the reason is because you're not sure how the shots were fired, correct?

A. Yes. I remember there were several
shots, but --

Q. You don't know if they all happened in a row or --

A. I don't know.

Q. Is it possible there was a pause between shots?

A. I don't know.

Q. You don't remember that?

A. No.

Q. Okay. So I am going to go into your allegations. This is going to be very repetitive of what we just talked about, but we will proceed how we will go through it.

MS. RUSSELL: So I just want to make sure the record is clear on this issue of advancing to the officers, coming close to the other officers, whatever the other statement was. I think that, you know, the officer is trying to say that the offender continued walking southbound in the direction where the officers were.

If the question is did he charge at the officers, was he perpendicular with the officers, I don't think that that's what her testimony is, but continuing walking southbound when the officers are
further southbound is consistent with what she saw.

    Officer, is that --

THE INTERVIEWEE: Yes.

MS. ANSARI: Okay. And we understand that, but you're right, for the record it is getting -- we do need to kind of get that. I understand what you are trying to say. We are trying to figure out the right words to put it on the record.

Before we get into the allegations, do you have any questions?

MR. BROWN: I did have a quick one that was going to try to clean up that portion.

FURTHER EXAMINATION

BY MR. BROWN:

Q. So I just want to make sure I got this part right. You did not tell the detective the words "closer and closer"?

A. No.

Q. Is that accurate?

A. Yes.

Q. You believe you stated to the detective, "McDonald was continuing to walk southbound"?

A. Yes.
Q. On the same note, you believe you did not use the words "continuous gunshots without pause" when speaking to the detective?

A. Yes.

Q. Right?

Your statement -- or, well, what you believe you told the detective was that Mondragon looked down and heard multiple gunshots?

A. I believe I said several.

Q. I'm sorry. Several gunshots. Okay.

Did we cover all the inaccuracies in this statement that is attributed to you?

A. To the best of my knowledge, yes.

MR. BROWN: I think that's good for now.

MS. ANSARI: I have a couple questions.

FURTHER EXAMINATION.

BY MS. ANSARI:

Q. Did you say anything to the detectives that is not reflected in this statement; not in Sebastian's, but your statement? Is there anything in here that you said, besides what you have already told us, that is not in this statement?

A. What do you mean?

Q. So did you say anything to the detective
that is not written here, besides what you already
told us?

A. Not that I recall.

Q. You said Detective March, or the
detective, you didn't say that McDonald got closer
and closer to the officers; you said he was
continuing to walk southbound.

So do you think the detective just made
up that statement?

A. Here's the thing. I can't speak for
him. You would have to ask him that question.

Q. Did the detective that was interviewing
you ever try and get you to change anything that
you were saying?

A. No.

Q. Okay. So what you told him, you know,
you never felt any pressure from the detective
interviewing you to have your report line up with
other officers?

A. No, not that I remember. No.

Q. Okay. We can get into the allegations.

So that is Exhibit 3. We are going to start with
Allegation No. 2.

A. Okay.
Q. "It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated that you saw McDonald running southbound on Pulaski in the middle of the street waving a knife."

Do you stand by this statement that is attributed to you? Do you stand by this statement?

A. Yes.

Q. "It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated that you heard officers Walsh and Van Dyke repeatedly ordering McDonald to drop the knife as McDonald got closer and closer to the officers continuing to wave the knife."

We discussed this already, but do you stand by this statement? And you can clarify like you did. All right?

A. Like I said, I'll stand until where it says "drop the knife." Now, where it says getting "closer and closer," like I said, he was walking southbound towards where the officers were.

Q. "It is alleged that October 20, 2014, you made a material omission during an interview with
Detective March when you failed to state that McDonald changed the direction in which he was walking prior to the shooting."

Why didn't you tell the detective that McDonald changed the direction he was walking prior to the shooting?

A. What do you mean "changed the direction"?

Q. So on the video -- which you viewed, correct?

A. Yes.

Q. And, you know, the whole -- a lot of people have seen. The video looks like it shows McDonald -- it shows McDonald walking southbound on the street and then turning, moving away from the officers, so southeast, walking southeast?

A. Well, he was always walking southbound. He never turned back and walked back or anything, that's what this is saying that he changed the direction.

Q. Okay. So --

A. Changing direction would be like he would turn and go back the other way, or -- I mean, maybe if he went a little bit, you know, to the
side, but he was always just going straight, you
know -- not straight, but southbound.

Q. Okay. So your response to that
allegation is that McDonald continued to walk
southbound; he did not change direction?
A. I did not observe him change direction.

Q. "It is alleged that on or about
October 20, 2014, you made a material omission
during an interview with Detective March when you
failed to state that Officers Walsh and Van Dyke
moved towards McDonald prior to the shooting."

Why didn't you tell Detective March that
they moved towards McDonald prior to the shooting?
A. What do you mean "moved towards"?
I didn't see them.

Q. So you didn't see Officers Walsh and
Van Dyke move towards Laquan McDonald prior to
Laquan being shot?
A. No.

Q. So you didn't see Officers Walsh and
Van Dyke make -- did you see Officers Walsh and
Van Dyke make any motion towards Laquan McDonald,
move at all towards McDonald?
A. Not that I remember, no.
Q. "It is alleged that" -- oh.

MS. RUSSELL: Well, I'm sorry.

MS. ANSARI: Sorry.

THE INTERVIEWEE: They got out of their vehicle. Is that what you mean?

MS. ANSARI: No, but --

THE INTERVIEWEE: Okay.

MS. ANSARI: That's fine.

BY MS. ANSARI:

Q. "It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated that as you were placing your vehicle transmission into park, you looked down and heard multiple continuous gunshots without pause."

Do you stand by this statement?

A. Again, for the most part, yes. When it comes down to the continuous without a pause, I don't recall saying that.

Q. So --

A. I heard several shots.

Q. Okay. "It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated
that you did not know who fired the shots."

Do you stand by this statement?

A. Yes. I didn't know.

Q. So I want to ask you, how did you not see who was shooting? Why did you not see who was shooting?

A. I was -- you know, I was driving, and I was focused on Laquan.

Q. Okay.

A. So everything, you know, happened so fast. I saw them get out of the car. Next thing you know, I put it on park, and that was it.

Q. So did you see Laquan actually being shot, or you didn't even see that?

A. I don't recall if I actually saw -- like I said, I put it on park, heard the shots. He fell to the ground.

Q. But did you -- so you saw him standing and then fall to the ground?

A. I don't -- I don't know. I don't remember.

Q. You don't know?

A. No.

Q. Do you remember -- you said you heard
multiple shots, correct?
A. Yes.

Q. How many shots did you hear?
MS. RUSSELL: Well, she knows now it's 16.
THE INTERVIEWEE: Right.

BY MS. ANSARI:

Q. But you didn't know at the time how many shots you heard?
A. No, I didn't know at the time. Like I said, it was several.

Q. All right. And you said -- you didn't hear any pauses between the shots?
MS. RUSSELL: And she knows now there was a pause. Okay?
MS. ANSARI: Right. Right.

BY MS. ANSARI:

Q. So at the time, did you not --
A. No. No.

Q. You did not recall hearing a pause between the shots.

Did you -- you said you had never witnessed a shooting before, correct?
A. Not that I remember, no.

Q. Would you think that witnessing a
shooting would be something that would stick in
your memory?

   A. I mean, I'm sure it would, but --
   Q. But it isn't really right now?
   A. No.
   Q. Okay. And you have worked with Officers
Walsh and Van Dyke before, correct, so they're
in -- you know them?
   A. They're coworkers. They work in the
area.
   Q. And they're coworkers. Okay. So two of
your officers are, you know, in front of you, your
car is facing them, and their guns are drawn with
an offender, facing an offender, and you look down
at your transmission and then look up and the
shooting is over? Is that what you were saying?
Is that what happened?
   A. I don't know if that's exactly what
happened, but yeah, I looked down, shots were
fired, he fell to the ground, and, I mean, that's
it.
   Q. I guess I'm trying to understand, you
know, this is -- at least from an outsider's
perspective, from a perspective of the public and
us and after reviewing the video, it seems surprising that you looked down during the entire -- you looked down to place your car into park during the entire shooting. You didn't see anything really of McDonald being shot, correct?

Is that what you're saying?

MS. RUSSELL: I think from your review of the video and all the analysis that has been done, you know 16 shots takes seconds. So if you are asserting that the officer took more than that time to put her car in park, I don't know. The video speaks for itself.

I'm sure you can tell from it when exactly the transmission was put in park.

I think -- I don't know what the question was. How can you not remember this, or how could you look down in putting your car into park? What was the question?

BY MS. ANSARI:

Q. I'm wondering how you can't remember this, what --

MS. RUSSELL: Well, I don't think that is an appropriate question, but answer it if you can.
BY THE INTERVIEWEE:

A. I mean, I don't remember it. So if I don't remember it, I don't remember it.

MS. RUSSELL: I would also say that this officer has been interviewed by the federal agents about this, the State's Attorney's Office, the Independent Police Review Authority; given Grand Jury testimony; her name has been in the paper as giving false reports; the video has been all over the place.

The fact that she can't remember a specific detail about, you know, whether he was in the middle of the southbound lane -- the video is the video. We have all seen it.

As you have brought up, the public demands answers. Like, whether this officer can directly pinpoint the exact time she put her car into park, it's not surprising to me that after giving 16 statements on this and having, you know, every press outlet in the country providing their input of what happened that she can't specifically recall with that statement.

THE INTERVIEWEE: And -- I mean, and also it happened how long ago?
BY MS. ANSARI:

Q. But you said you did not see who was shooting because you were focused on Laquan McDonald. Is that what you said before?

A. Yeah. I was looking at him.

Q. You were looking at the offender?

A. Yes.

Q. So you didn't notice who was shooting because you were looking at the offender.

And to get this on the record, just to try and clarify, you did see him standing and then on the ground, correct, like actually fall to the ground? Did you see him fall to the ground?

A. I don't remember.

Q. So you didn't see who was shooting because you were focused on the offender, but you did not see the offender actually fall to the ground?

A. Like I said, I don't remember that, but there was two officers with their guns drawn.

Q. Right.

A. So --

Q. Okay. I am going to go back to Allegation 1 and just repeat that one.
On or about October 20, 2014, you provided a false narrative to Detective David March concerning the McDonald shooting through a series of false statements and material omissions. Besides the corrections that you have already made, do you stand by your statement to Detective --

A. To the detective, yes.

FURTHER EXAMINATION

BY MR. BROWN:

Q. I've got a couple follow-up questions.

In the supplemental report -- supplementary report, I'm sorry, the detective attributes to you that, "Officer Mondragon saw Officers Joseph Walsh and Jason Van Dyke outside of their vehicle." You told us that was an accurate statement.

I'm wondering how is it you saw the officers get out of the vehicle, but you didn't see their next -- the next immediate movements they made to walk towards McDonald?

A. To walk towards McDonald?

Q. Yeah, the --

A. Like I said, I saw them. They got out
of their vehicle. As soon as they got out, like I said, I was focused, I saw them -- I mean out of the corner of my eye I saw them. They get out, and I was focused on him. That's when I put it on park and everything else happened.

Q. But there is a lot of time that elapsed there.

A. A lot of time? How much?

MS. RUSSELL: How much? How much time?

MR. BROWN: Okay. Well, that's --

MS. RUSSELL: I mean, what does the video show?

MR. BROWN: We will show the video to help.

BY MR. BROWN:

Q. But just plainly speaking, just I'm trying to understand. You saw them get out of the car. The very next movements they made were walking towards McDonald. I'm just wondering, how did you not see it? Did you want to not see them, did you --

A. Like I said, I -- I don't know. No.

Q. After --

A. I saw them get out, out of the corner of my eye, then, you know, I looked at Laquan, put my car in park, and everything happened. When you're
saying there's time, obviously, when you're out
there, seconds are nothing. You know, when you're
sitting here, yeah, we sit here for 30 seconds and
it feel like an eternity.

Q. But after reviewing the video, would you
say that the officers --
A. I can't speak for them.

Q. No. I mean, now that you have had the
opportunity to review the video, you know, after
the fact and in preparation for this interview,
would you say that Officers Walsh and Van Dyke did
make steps towards McDonald after getting out of
their vehicle?

MS. RUSSELL: Are you asking what her memory is
or whether she observed that on the video?

MR. BROWN: Whether she observed that on the
video.

MS. RUSSELL: Do you want to watch the video
and see if we can see that?

BY THE INTERVIEWEE:
A. I mean, I don't remember. Like I said,
I remember them getting out of the car. That's it.

MS. RUSSELL: I mean, I guess we would say the
video speaks for itself. She has testified to what
she remembers. The video speaks for itself.

MR. BROWN: And we will show the video in a little bit, but I just thought it would be easy just to say, yes, I saw them walking towards McDonald or no, I didn't see them walking --

THE INTERVIEWEE: Like I said, I saw them get out of their car; I looked at Laquan; the next thing you know, everything happened. So, I mean, the video shows -- like she said, the video shows whatever is there. So --

BY MR. BROWN:

Q. When you say "the video shows whatever is there," do you have --

A. Well, you're saying that they got out and they -- you know, they went -- I didn't see that. You're saying that you saw that in the video.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. So you didn't see that?

MS. RUSSELL: How could she testify to it if she didn't see it?

BY THE INTERVIEWEE:

A. Here's the thing. I don't -- yeah, I
I didn't -- I saw them get out of the car, and that's it.

FURTHER EXAMINATION

BY MR. BROWN:

Q. And I'm not saying about that day on October 20th. I'm just asking in preparation for this interview, you reviewed the video, correct?

A. I didn't -- no, I didn't see the video.

Q. In preparation for today's interview?

A. For today?

Q. Yes.

A. No.

Q. You didn't review the video?

A. No.

Q. I mean, you had seen it at some point prior to today, correct?

A. Yes, I said I saw it when I went for the FBI.

Q. Right. Past seeing it for the FBI, have you seen it after that?

A. No.

Q. You only saw it the one time after --

A. Well, and on TV, of course.

Q. Okay. So what I was just trying to get
at is from you seeing the video after the fact,
would you say that Officer Walsh and Van Dyke made
steps toward McDonald?
A. Here's the thing. Like I said, in the
video, I mean, I don't know. You might see it. If
you show it to me, I'll tell you, oh, yeah, it
looks like they're -- but that -- to me? No, I saw
them get out of the car, and that's it.
Q. I think we keep going around the same
issue. I wasn't trying to get to your recollection
that night. I was actually asking about --
A. Well, like I said, I haven't seen the
video. So if you show it to me, I will tell you,
yeah. But other than that, no.
Q. Okay. We will show you the video in a
little bit.
You noted that you put your transmission
in park, correct?
A. Yes.
Q. You noted that you were looking down,
correct?
A. Yes. I looked down to put the car in
park.
Q. Were you looking at anything in
particular?

A.  I just looked down to where -- no.

Q.  Were you looking at the video as it was happening on your screen?

A.  I don't remember. No.

Q.  How long does it take to put your car in park?

A.  I don't -- I don't know.

Q.  The vehicle you were driving on October 20, 2014, you had driven that vehicle prior to that day, correct?

A.  Yes.

Q.  What type of vehicle was it?

A.  I believe it was a Ford Explorer.

Q.  Give us an estimate of how many times you have given that Ford Explorer prior to October 20, 2014.

A.  I have no clue.

Q.  More than two times?

A.  I don't know. Several.

Q.  Several? Is that 50 times?

A.  I don't know. Several times.

Q.  So definitely more than one?

A.  Yes.
Q. Safe to say you won't agree to any number more than one; you're just going to say several?

A. Uh-huh.

Q. So you have had practice putting the car into park multiple times, correct?

A. Yes.

Q. How long does that normally take?

A. I don't know.

Q. Is it something you have to think about, how to put the car in park?

A. Well, what do you mean "to think about"?

Q. Well, I'm just trying to figure out how -- is it a difficult process to put the car in park?

MS. RUSSELL: I am going to object at this point. I think this is harassment of this witness, badgering, and not related to the allegations that she has already answered.

BY MR. BROWN:

Q. I am just trying to get an understanding of the effort it takes to put the car in park.

A. Well, I don't know how long it would take to put in park.

Q. I'm not asking for the exact to the
millisecond how long it takes, but would you say it
takes one second?

A. I don't know. Okay. It might take a
second. It might take two.

Q. Okay. It might take one or two seconds.

So seeing how it might take one or two
seconds to put the car in park, after the car was
put in park on the night of October 20, 2014, why
didn't you look back up after the car was put in
park?

MS. RUSSELL: I think she stated that she
looked down, put the car in park, she looks up,
McDonald's down. I mean, why didn't she -- yeah, I
mean --

BY THE INTERVIEWEE:

A. That I don't know. I mean -- I wouldn't
know. I don't know.

BY MS. ANSARI:

Q. And I know that's what you have stated,
but just thinking of the timeline, if it's several
seconds for the 16 shots to occur --

A. I don't know.

Q. No, I'm just -- just let me finish it
out, and then you can answer.
You see Walsh and Van Dyke get out of the car. You put your vehicle in park or you are starting to do that. You look down. You hear the shots. There's a number of seconds that go by and -- well, we'll look at the video and count, but we're going to estimate ten seconds --

MS. RUSSELL: We're not counting. We're not counting.

MR. BROWN: Okay.

MS. RUSSELL: The video's got its own timer, as we know.

MR. BROWN: Oh, sure. I'm sorry.

MS. RUSSELL: Yeah. We're not counting.

MR. BROWN: I misstated it.

BY MR. BROWN:

Q. We are not going to count. We will just go by whatever is on the video. But my estimation was just trying to figure out when the shots started and when they ended. My estimation was ten seconds.

So that's what I was trying to get from -- it took you one to two seconds to put the car in park, and you looked down. What was going for those other eight seconds?
A. I don't know.

Q. I mean, you've got two coworkers outside dealing with a situation that is serious. Their guns are drawn.

MS. RUSSELL: Is that a question for her?

MR. BROWN: Yeah. I was going follow it with a question.

BY MR. BROWN:

Q. Is that a situation that you would like to observe?

A. Like I said, I don't know, I don't remember why I didn't look up.

Q. Did you consciously not want to look up?

A. I don't -- I don't remember, so no, I -- if I don't know why I didn't look up, no.

Q. I'm just trying to give you an opportunity to explain it. Just to --

A. Well, and I'm just trying to tell you. I mean, if I didn't look up, I don't remember why. I don't know why. So I can't give you an answer. You are asking me, you know. I can't give you an answer. I don't know why.

Q. Okay. Then your statement is your statement. It is just from my reading of it, that
was one of the questions that popped into my mind, what happened, how come she didn't look up. That doesn't seem reasonable, but I just wanted to ask you to get your response to that.

A. Okay.

MR. BROWN: Okay. I guess --

FURTHER EXAMINATION

BY MS. ANSARI:

Q. When you were making the motion about placing the vehicle into park, you went like -- is the park on the steering wheel, or is it a -- what's it called?

A. No, it's on the steering wheel.

Q. It's on the steering wheel. So it's like when you're placing it into park, you're facing forward?

A. Yes.

Q. Okay. Not looking down because it's not down?

A. No. It's on the steering wheel.

MS. ANSARI: Okay. Let's watch the video.

MR. BROWN: Okay.

BY MS. ANSARI:

Q. So we are going to --
MR. BROWN: Let's go off the record for a
minute. It's 1:08.

(Whereupon, a break was taken from
1:08 to 1:15 p.m.)

MR. BROWN: So the time is now 1:15, and we are
back on the record.

BY MS. ANSARI:

Q. Officer Mondragon, I am now going to show
you a portion of the video that were recovered from
the in-car video system of the beat 813R vehicle.
This is one of the videos that the Office of
Inspector General provided to you on February 24,
2016, on a DVD.

Kris is going open the VLC media file,
which he has already done, titled Video TS.IFO on
his laptop. The file contains six minutes and five
seconds of footage. The video also has a timestamp
on it indicating the date and time the video was
recorded.

We are going to advance the video to the
portion timestamped 9:57:20. The VLC media player
time bar time, which again goes from zero to 6:05,
is at 4:38.

I am going to ask you to watch the video
once all the way through -- well, not all the way through, but a certain portion of the video showing the shooting. And then we will go back, and I am going to ask you to identify certain portions of the video that correspond to your statement.

We can watch the video in half speed, and you can watch the video as many times as you need to before identifying -- before answering my questions. Okay?

THE INTERVIEWEE: Yes.

MR. BROWN: And she also means we can watch it at full speed too, if that's better.

MS. ANSARI: Sorry. Full speed, half speed.

THE INTERVIEWEE: Okay.

MS. RUSSELL: I guess, do you want to tell her what the question is? Because then she may watch it different. I don't know.

MS. ANSARI: Yeah. So -- well, there's a couple -- there will be a couple questions.

BY MS. ANSARI:

Q. But what I'm -- the first question that I want to know is I would like you to point out, in your statement, you said that -- or you did not say McDonald got closer and closer to the officers; you
said that he was continuing to walk southbound. So I just want you to identify the portion where McDonald is walking southbound.

A. Okay.

Q. And then second, what I want to do, what I would like you to do is identify when in the video, as best as you can recall, you stopped seeing what was happening on the video, because your statement --

MS. RUSSELL: But the video shows McDonald the entire time. So she saw McDonald the entire time. So when you are saying identify when she stopped looking at the video?

MS. ANSARI: I apologize.

BY MS. ANSARI:

Q. When you -- your statement says as you were placing your vehicle transmission into park, you looked down and heard what we now know is multiple -- you said multiple gunshots. So what I am trying to figure out is at what point in the video did you look down and when did you look back up, as best as you can recall.

So you see what's happening here on the video. Laquan McDonald -- you will see what
happens. And, essentially, I want to know what you
saw and what you didn't see of what is on the
video.

A. I mean, seeing the video is not going to
change what my statement says. You want me to
pinpoint exact time? I can't.

Q. Well, let's watch it, and we'll stop it
at a certain portion and ask a question, and if you
don't remember, then that's fine.

A. Okay.

MR. BROWN: So you are going tell me to stop
when it's fine?

MS. ANSARI: Yeah.

MR. BROWN: Okay.

(Whereupon, a video was shown.)

BY MS. ANSARI:

Q. So is this part what you mean when you
say McDonald was continuing to go southbound? And
"this part" is at timestamp 4:44 going to 4:59.

MS. ANSARI: You can pause it here -- oh, I'm
sorry.

BY MS. ANSARI:

Q. So here --

A. You see he's waving the knife.
Q. Yeah, and here, you see him walking southbound, correct?
A. Yes.
Q. Does it look like now, viewing the video now --

MS. ANSARI: I'm sorry. Kris, can you align that a little bit? This is a little --
MR. BROWN: Yeah, there was --
MS. ANSARI: This is a little -- I understand this is a little awkward for me to do this.

(Whereupon, playback was stopped.)
MR. BROWN: Can you see it, Officer, if I have it right here? Maybe this is easier. Then you can just ask as we go.

BY MS. ANSARI:
Q. Okay. So, now, this is as we are watching the video together. It is not --

MS. ANSARI: Well, just play it along.

(Whereupon, a video was shown.)
BY MS. ANSARI:
Q. So here McDonald is walking southbound. And it appears from the video that he is now walking away from the officers. Is that what it looks like to you on the video?
A. Again, the video speaks for itself. You see him walking southbound.

Q. Okay. Do you see him walking away from the officers at 4:51?

MS. RUSSELL: This video speaks for itself. She doesn't have to narrate the video for you guys. The video speaks for itself.

MS. ANSARI: Okay.

BY THE INTERVIEWEE:

A. It looks like he's walking southbound.

BY MS. ANSARI:

Q. Okay. Now, if we could back up a little here. Did you see -- okay. You said you saw Officer Van Dyke and Officer Walsh get out of their vehicle, which is happening at 4:48. And McDonald is standing. He's on the ground.

(Whereupon, playback was stopped.)

BY MS. ANSARI:

Q. You said your attention was on McDonald when you were at the scene. Did you see him standing and then fall to the ground?

A. Like I said, I don't remember that.

Q. So your statement after viewing the video is that you saw Officers Walsh and Van Dyke get out
of their vehicle, and then you did not see them
shoot or McDonald fall to the ground?

MS. RUSSELL: Not shoot.

BY MS. ANSARI:

Q. Sorry. You did not see Officers Walsh or
Officer Van Dyke -- you did not see who shot?

A. No, I didn't.

Q. And you did not see Laquan McDonald
standing and then fall to the ground?

A. I don't recall seeing him, like you
said, but I don't, no. I didn't see who shot.

MS. ANSARI: Okay. Do you have any questions?

(Whereupon, a video was shown.)

FURTHER EXAMINATION

BY MR. BROWN:

Q. I should have done a better job trying to
point out when it appeared the shooting started,
but I just wanted to make a note of when it
appeared that the shooting started on the player.

Maybe --

(Whereupon, playback was stopped.)

(Whereupon, a video was shown.)

(Whereupon, playback was stopped.)
BY MR. BROWN:

Q. So it appeared to me that maybe 4:51 or 52 to approximately 5:05 or 5:06 on the recording, it appeared that McDonald was being shot.

So I wanted to ask you, is your statement that you did not see any of that, the shooting, because you were looking down?

A. I don't remember if I said because I was looking down the entire time, but I didn't see the shots.

MS. ANSARI: Are you done?

MR. BROWN: I'm done.

(Whereupon, a video was shown.)

(Whereupon, playback was stopped.)

(Whereupon, a video was shown.)

BY MS. ANSARI:

Q. Did you see Walsh kick the -- so on the video, did you see Walsh kick the knife out of Laquan McDonald's hand?

A. Right now? Right now?

Q. No. Just at the scene?

A. I don't remember.

Q. You don't remember seeing that. Okay.

MR. BROWN: Are we good with the video?
BY MS. ANSARI:

Q. So we are going to move on to your statement to IPRA. IPRA interviewed you about the McDonald shooting, correct?

A. Yes.

Q. That interview took place on October 21, 2014, correct?

A. Yes.

Q. Where did that interview take place

A. I remember in the area.

Q. In the area, so area central?

A. 50 -- yeah, 51st and Wentworth.

Q. Okay. Do you remember about what time that interview had occurred?

A. No, I don't.

MS. RUSSELL: We have the documents. It was at 0529 hours.

BY MS. ANSARI:

Q. Do you have any reason to believe that the interview did not occur at 5:29 in the morning?

A. No, I don't.
Q. Okay. Who was present during that interview?

A. Do you want --

Q. That you can recall? You don't have to refer to the document, just that you can recall.

A. Oh. I know the FOP attorney, the -- whoever the -- who interviewed me. I don't remember if there was anybody else.

Q. Did you talk to the FOP attorney or the FOP rep -- so the statement indicates that the FOP attorney Dan Herbert was there, and FOP representative Kristin Kato was there.

Do you remember talking to Dan Herbert or Kristin Kato before you spoke with IPRA?

A. No, I don't remember that.

Q. Have you ever met them before, either of them?

A. Not that I could recall.

Q. So is the first time you spoke with them the first time you met them when you walked in for your IPRA interview?

A. Yes.

Q. Okay. And you stated earlier that you did not talk to any of the police officers that
were at the scene of the shooting before your IPRA interview? Is that correct?

A. Not that I remember, no.

Q. Okay.

A. Outside, of course, my partner when we talked on the way there and whatever, but --

Q. And you said you didn't talk with your partner about any substance -- about what you saw that night?

A. No.

Q. Did you make any attempt to ensure that the statement you were going to provide to IPRA was consistent with the statements provided by the other officers who were present at the McDonald shooting?

A. No.

Q. Prior to your IPRA statement, were you pressured in any way to make that statement consistent with the statements of the other officers present at the scene?

A. No.

Q. I am going to direct your attention to your IPRA statement and the allegations in conjunction.
A. Okay.

Q. And we will start with the allegations on -- Allegation No. 9 is where we will start. And in the transcript, can I direct you to page 8 of the transcript, and can you review pages 8 and 9, please, would you?

A. And you said Question No. 9?

Q. No. Will you review pages 8 and 9 of your statement, of the transcript, please. Then I will ask you the question.

"It is alleged that on or about October 21, 2014, you made a false statement when during an interview with IPRA Investigator Killen you stated that McDonald was running southbound on Pulaski in the middle of the street waving a knife."

Do you stand by your statement to IPRA?

A. Yes.

Q. So I would like to direct you to page 10, lines 1 through 7 in your transcript, please.

A. Okay.

Q. "It is alleged that on or about October 21, 2014, you made a false statement during an interview with IPRA Investigator Killen when you
stated that McDonald was waving the knife when
Officers Walsh and Van Dyke were telling him to
drop it."

Do you stand by your statement to IPRA?
A. Yes.

Q. "It is alleged that on or about
October 21, 2014, you made a material omission
during an interview with IPRA Investigator Killen
when you failed to state that McDonald changed the
direction in which he was walking prior to the
shooting."

Why didn't you tell Investigator Killen
that McDonald changed the direction in which he was
walking prior to being shot by Officer Van Dyke?
A. Like I said, he was walking southbound.

To me, changing direction would be if he, you know,
turned around, started walking northbound or east
or west. That's changing direction.

Q. "It is alleged that on or about
October 21, 2014, you made a material omission
during an interview with IPRA Investigator Killen
when you failed to state that officers Walsh and
Van Dyke moved towards McDonald prior to the
shooting."
Why didn't you tell Investigator Killen that Officers Walsh and Van Dyke moved towards McDonald prior to the shooting?

A. Like I said, I saw them get out of the vehicle, and that's it.

MS. RUSSELL: I would also add for the record that in an IPRA statement, an officer is to respond to questions asked of him or her, not volunteer any additional or other information.

BY MS. ANSARI:

Q. "It is" -- oh, I would like to direct your attention to page 10, lines 29 to 30. So you should be on page -- yeah. Right. Lines 29 to 30. "It is alleged that on or about October 21st, you made a false statement during an interview with IPRA Investigator Killan when Killen asked you if you knew who was shooting, and you stated no."

Do you stand by your statement to IPRA?

A. Yes.

Q. On pages 10 and 11, would you please read pages 10 and 11 in full.

A. Okay.

Q. So in your IPRA interview, you said that
your car was still moving slowly behind -- well,
your car was still moving slowly towards the scene.

So when McDonald was shot, was your car
still moving? That's what I understood to be here,
but I'm asking you if that's what --

MS. RUSSELL: Are you asking her if she stands
by her statement?

MS. ANSARI: Yes.

BY THE INTERVIEWEE:

A. Yes.

BY MS. ANSARI:

Q. So in your detective statement, you stood
by the statement that you were putting the car into
park when you heard shots being fired.

So was your car moving, or were you
putting your car into park? Which was it?

MS. RUSSELL: This does not say that
simultaneous with the shooting, are you in park, are
you looking, are you moving, what are you doing.
She stands by her statement. It is only after the
statement that she has been sliced and diced with
every subsecond, millisecond of what happened that
night.

She stands by her statement as true. She
has been through the detective's stuff and corrected
anything that was in error. There is nothing
inconsistent about this statement.

BY MS. ANSARI:

Q. So if you look at Page 11, lines 12 to
13: "After I hear the -- you know, I'm -- like I
said, I'm still moving, and I hear the offender
drop down."

You said, "I'm still moving." Does that
mean that the car was still moving? I'm just
asking for clarification.

A. I stand by my statement.

Q. Right. So you stand by your statement
that, "I'm still moving and I see the offender drop
down," correct?

A. Yes.

Q. So that is different from putting your
car into park when the offender drops down?

MS. RUSSELL: What second are you talking
about? What second are you talking about?

MS. ANSARI: "I see the offender drop down."

So that's the second --

MS. RUSSELL: The second that -- is it when he
first --
MS. ANSARI: "I'm still moving as I see the offender drop down."

MS. RUSSELL: When he first drops down or in the video or --

MS. ANSARI: He only drops down once. That's what I mean.

MS. RUSSELL: Well, so when he first drops down, what second is that? Let's see it on the video.

MS. ANSARI: Okay.

MS. RUSSELL: I mean, can you slice this into what second? If you are going to ask this officer to slice and dice it into every second, I want to see exactly the second you are going to ask her whether she remembers moving, because she is standing by this statement and it is not inconsistent with her other statements.

MS. ANSARI: And for the record, we are starting the video again. It is the same video that we showed earlier.

(Whereupon, a video was shown.)

MS. RUSSELL: And what allegation are you asking her to address?

MS. ANSARI: This is background. I'm trying to
just get information.

MS. RUSSELL: To what allegation? So she needs to address your allegation.

MS. ANSARI: About not seeing who was shooting.

About not seeing who was shooting.

MS. RUSSELL: If you're asking her, "How is it possible that you couldn't see," that's the allegation she already answered, that she didn't see.

(Whereupon, a video is shown repeatedly throughout questioning.)

MS. ANSARI: So he drops down.

MS. RUSSELL: What exact second is that? No, because this is now two, three, four seconds.

MR. BROWN: Let me rewind.

MS. RUSSELL: I mean, that is what you guys are asking her to do.

MS. ANSARI: Right. I understand.

MS. RUSSELL: So I want to see the exact second you are referring to.

MS. ANSARI: 4:55, he drops down.

MS. RUSSELL: Okay. So not a second before that, not a second after it, you are asking this second, 4:55 on this, was your car in park? What is
Q. I wanted to know if your car was still moving when the offender dropped down. And in the video, it appears --

MS. RUSSELL: At 4:55 seconds?

MS. ANSARI: Let's rewind it.

(Whereupon, a video was stopped and then repeated.)

MS. ANSARI: Okay. 4:55.

MS. RUSSELL: Well, now we are at 4:57.

MR. BROWN: Well, we can --

(Whereupon, playback was stopped.)

MS. RUSSELL: What is the second? What second do you want her to ask her questions about? Because that is where we are at, at this point in the investigation. We're second by second.

BY MS. ANSARI:

Q. Between 4:55 and 4:58, was your car still moving? And we can watch it again.

A. I don't know.

Q. Okay.

(Whereupon, a video was shown.)
BY MS. ANSARI:

Q. "It is alleged that on or about" --

(Whereupon, playback was stopped.)

BY MS. ANSARI:

Q. So we will move on from that one.

"It is alleged" -- I am going to direct
your attention to Page 11, lines 1 through 3.

A. Okay.

Q. "It is alleged that on or about
October 21, 2014, you made a false statement during
an interview with IPRA Investigator Killen when
Killen asked you if you saw muzzle flashes or
anything like that you and you stated no."

Do you stand by your statement to IPRA?

A. Yes.

Q. How bright are muzzle flashes? Just a
background question: What does a muzzle flash
really look like? Is it a spark, or is it a --

A. I don't know. You would have to see it.

Q. It's just you know what it looks like;
it's just hard to describe here. Is that what
you're saying?

A. What do you mean if I know what it looks
like?
Q. What is a muzzle flash? When a gun is being fired, are there normally muzzle flashes?
A. That I don't know. Sometimes.
Q. Okay. "It is alleged that on or about October 21, 2014, you made a false statement when during an interview with IPRA Investigator Killen, Killen asked if everything you stated was a true and accurate account of what occurred, and you said yes."

Do you stand by your answer that you gave a true and accurate account of the McDonald shooting?
A. Yes.
Q. "It is alleged that on or about October 21, 2014, you provided a false narrative to IPRA Investigator Killen concerning the McDonald shooting through a series of false statements and material omissions."

Do you stand by your answer that you gave a true and accurate account of the McDonald shooting?
A. Yes.
Q. After your IPRA statement, did you get a copy of your statement?
A. I don't remember.

Q. Have you made statements to IPRA before?

A. I don't remember. Maybe once.

Q. Before reviewing your IPRA statement, in preparation for this OIG interview, had you reviewed, seen your statement before?

A. What's a senior statement?

MS. RUSSELL: No, have you reviewed or seen it.

BY MS. ANSARI:

Q. Well, I guess, when did you first see this statement?

A. Oh, when I got it from you guys.

Q. From us?

A. Uh-huh.

Q. That was the first time you had seen it?

A. Yes.

Q. Okay. Did you leave area central right after you gave the IPRA statement?

A. I don't remember if it was right after.

Q. Okay. Was it shortly after?

A. Yes.

Q. And then did you go back to your district with Officer Sebastian?

A. Yes.
Q. And then you went home?
A. Yes.

MS. ANSARI: Do you have any follow-up?
MR. BROWN: Just very brief.

FURTHER EXAMINATION

BY MR. BROWN:

Q. I understand as it relates to the IPRA interview you have to answer questions that are put to you. It's not your job to volunteer details. And that's just me making a statement. It's not a question.

But I did want to ask you, do you feel that there are additional details that you would have liked to have said but that Investigator Killen failed to ask you the right question to elicit those details?

A. No.

Q. You feel like he got an accurate picture as to what your observations were from that night?
A. Yes. Yes.

Q. Okay. And just a different follow-up, just on the muzzle flashes, just so I know, are there some times when a gun is shot that a muzzle flash doesn't happen?
A.  Like I said, I don't know. It could, yeah. It could not happen.

Q. Just from your experience, have you seen times where a gun is being shot and there is a flash and times where there isn't a flash?

A. Yes.

MR. BROWN: Okay. That was just for my own edification. Thank you.

MS. ANSARI: Okay. I have no more questions regarding your IPRA interview. I think we are ready to move on to the dash cam issue. Do you guys need a break?

THE INTERVIEWEE: No.

BY MS. ANSARI:

Q. Okay. So this is the last subject. So, Officer Mondragon, what is an in-car video system exactly? Can you just describe how it works, what it is?

A. I guess the camera in the vehicle.

Q. Okay. Do in-car video systems also capture audio?

A. Yes.

Q. Can you walk us through just, like, the steps that you take as an officer using your
vehicle's in-car video system throughout your shift? So starting -- you know, you start your shift, what do you do with the system, and then throughout the shift kind of what happens with the system?

A. I mean, when you get in the video, you log in, it logs in, the camera comes on, and that's it.

Q. And then do you --

A. And then you --

Q. I'm sorry. Go ahead.

A. And then it just records if you turn your lights on.

Q. So the video system, if you turn the lights on, the video system automatically starts recording?

A. Yes.

Q. Does it start -- can you manually start recording, even if your lights aren't on?

A. That I don't know.

Q. And then at the end of the shift, do you have to do anything with the video system?

A. Now we do.

Q. Before --
A. Oh.

Q. And so this is all -- sorry. To clarify, all these questions will be what the procedure was as of October 20, 2014, as best as you can recall.

A. Okay. Just log off, and you upload. It has a little thing where it says Upload and, you know, turn off the camera. That's it.

Q. Okay.

MS. RUSSELL: I'm sorry, Sarah. I missed that question. What is the question?

MS. ANSARI: Can you repeat it back?

(Whereupon, the record was read by the reporter as requested.)

MS. ANSARI: As of October 2014.

BY MS. ANSARI:

Q. So as of October 2014, what rules or regulations governed your use of the in-car audio-video system?

A. What do you mean?

Q. So are there any CPD General Orders or Special Orders talking about -- and this is as of October 2014. Were there any CPD General Orders or Special Orders governing the use of the system?
A. I'm sure there is, yes.

MS. ANSARI: Okay. We would like to introduce into evidence Exhibit 8.

(Whereupon, Exhibit 8 was marked for identification.)

BY MS. ANSARI:

Q. For the record, this exhibit is Special Order S03-05, CPD Special Order regarding in-car video systems, dated February 23, 2012. Does this special order refresh your recollection as to the in-car video system protocols that were in place as of October 2014?

A. Yes.

Q. I want to direct your attention to Section 6 of the Special Order titled Operational Procedures.

A. Okay.

Q. Section VI A states, "Department members assigned to a department vehicle equipped with an in-car video system will, 1, at the beginning of a tour of duty: Visually inspect the in-car video system equipment for damage; obtain the remote transmitter/audio recorder and ensure that it is securely attached to the member’s person; 3, or
(c), follow the start-up procedures for the in-car
video system as trained and ensure the system is
working properly.

"Note: Members will immediately notify a
supervisor if at any time the in-car video system
is inoperable, damaged, the equipped vehicle
becomes inoperable, or the remote transmitter audio
recorder is missing."

Were you aware of these procedures as of
October 20, 2014?

A. Yes.

Q. Yes?

Did you receive any training on these
procedures?

A. Yes, a long time ago.

Q. Do you remember when?

A. No. Years ago.

Q. Years ago?

A. When they first, you know --

Q. You started in 2008, correct?

A. 7.

Q. 2007. Okay. Was it close to when you
started with the --

A. I don't remember.
Q. Do you remember receiving more than one training on the use of the in-car video audio systems?

A. I don't remember.

Q. But you do remember a training, correct?

A. Yes.

Q. And do you remember actually seeing these procedures?

A. I mean, I'm sure I've seen them. I --

Q. But you don't recall?

A. I don't remember, yeah.

Q. So have you ever had to notify a supervisor regarding a damaged in-car video system?

A. Are you talking about now or before?

Q. In 2014.

A. 2014. So this is all before.

Q. Yeah, so all before.

A. No, I don't remember if I did.

Q. Okay. Do you remember your video or audio system not working before or ever having to do anything about it?

A. No, I don't remember.

Q. Are you familiar with the term help desk ticket?
A. Yes.

Q. Okay. What is that?
A. It's just a -- you call for data and get a ticket number if something's not working.

Q. So if something's not working, you request a help desk ticket, correct?
A. Yes. You call for data.

Q. And have you ever requested a help desk ticket before?
A. I don't remember.

Q. You were driving vehicle 8779 on October 20, 2014, correct?
A. Yes.

Q. Is this a vehicle you drive regularly?
A. It's assigned to us, but we don't always get it.

Q. Can you estimate about -- scratch that. So vehicle 8779 is assigned to you and Officer Sebastian, correct?
A. It's assigned to the beat.

Q. To beat 813R, correct?
A. Yes. It was.

Q. It was, yes, as of October 20, 2014. How often have you driven that vehicle?
A. I don't know. Several times. Like, not only do we have it, but if -- you know, afternoons takes it, days takes it. So --

Q. Okay. But it's safe to say that you have driven that vehicle several times?

A. Yes.

Q. So more than ten?

A. Oh, I don't know.

Q. Okay.

A. Yeah.

Q. And vehicle 8779 has an in-car video system, correct?

A. That day, yes.

Q. That day, yes, which we know because there is a video.

A. Yes.

Q. How long had you -- when you started on the force in 2007, how long from then up until October 20, 2014, how long had you worked in a car with an in-car video system?

A. Oh, that I wouldn't know.

Q. Okay. But the majority of the time, the cars had --

A. Like I said, it depends. Sometimes you
get cars that have no cameras. So I don't --

Q. But would you say it's like half time you have a car that has a camera and half the time not?
A. Yeah, I wouldn't be able to tell you if it's half the time or not.

Q. Did you ever have any issues with vehicle 8779's in-car audio or video system on previous tours, previous before October 20, 2014?
A. Not that I remember.

Q. So on the night of October 20, 2014, can you walk me through what you did at the beginning of your tour of duty related to the in-car video and audio system?
A. I don't remember if I logged in or my partner logged in. I don't remember.

Q. But one of you logged in?
A. Yes.

Q. And then what did you do?
A. Nothing. You log in, and you go out and patrol.

Q. Okay. So you log in, and then you go?
A. Uh-huh.

Q. Got it. Did you visually inspect the in-car system equipment for any damage?
A. What do you mean, like break -- if it was broken?

Q. Broken?
A. Broken?

Q. Or if it was working?
A. Honestly, I don't remember.

Q. And we know that it was working, so -- that's the video system.

Actually, what is your PC number? Do you know that by heart?
A. Yes.

Q. Okay. What is your number?
A. [blank]

Q. Where do you keep the microphones for the system?
A. What do you mean?

Q. Where do you keep the microphones for the in-car audio-video system?
A. It depends. I don't remember that car where they kept it.

Q. Are they on a cradle, or are they --
A. No, they're just -- I mean, like I said, I don't remember that car where they were, but there's a -- how can I say it? Somewhere where you
Q. Okay. And then do you put the microphones on your person before going out on the tour of duty?

A. Yes. Now we do.

Q. Yeah. As of October 20, 2014?

A. I don't remember if I did.

Q. So before, before October 20, 2014, did you at the beginning of a tour of duty, would you put the microphone on your person?

A. I don't remember.

MS. ANSARI: I would like to mark into evidence Exhibit 9 and Exhibit 10.

(Whereupon, Exhibit 9 and Exhibit 10 were marked for identification.)

BY MS. ANSARI:

Q. Okay. Exhibit 9 is the in-car camera video retrieval worksheet dated October 20, 2014, 22:30 hours, and it states the technician is Becvar who we know his name now is Sergeant Lance Becvar. And Exhibit 10 is an e-mail from Lance Becvar dated Friday, July 17, 2015.

So let's take a look at Exhibit 9. And if you see at the top, it says a handwritten 813R,
Vehicle 8779. The 9 is a little hard to read, but
that's a 9. And it says PC number PC0Z400. Is
that your PC number?

A. Yes.

Q. And if you look lower down on the page,
it says, "8779: Mics In Glove Box Batteries
Inserted Upside Down," with an arrow below that, it
says, "fully op." We're assuming "op" means
operational.

And then if you take a look at the
e-mail, Exhibit 10. It says, "Vehicle 8779 video
recovered titled PC0Z400" at -- a long number. "No
MICs because they were in the Glove Compartment
with the batteries inserted upside down - Disabling
them."

Do you recall having a conversation with
Sergeant Lance Becvar on the night of October 20,
2014?

A. No.

Q. Do you recall Officer Sebastian having a
conversation with Sergeant Becvar?

A. No.

Q. Can you explain why the mics were in the
glove compartment?
Q. Can you explain why the batteries were inserted upside down?
A. No.
Q. Did you purposely disable the microphones?
A. No.
Q. But did you check the microphones at the start of your tour of duty on October 20, 2014?
A. I did not, no.
Q. You did not check the microphones?
A. No.
Q. And you did not put the microphones on your person at the start of your tour of duty on October 20, 2014?
A. No.
Q. What are you supposed to do if audio is not functioning properly at the beginning of a shift?
A. I don't know because we don't check for audio.
Q. Okay. So it wasn't a practice to check for audio --
A. No.
Q. -- at the beginning of your shift before, as of October 20, 2014?

A. Before, no. Now it's different.

Q. Okay. So you said it wasn't your practice to check for audio at the beginning of a tour of duty as of October 2014, correct?

A. What do you mean by "practice"? You mean what did I do?

Q. Yeah, did you usually do it?

A. No.

Q. And did your partner, Officer Sebastian?

A. I don't know, you would have to ask her.

Q. And do you know if it was a general practice among other police officers to not check the audio before?

A. I don't know.

Q. Have you ever been disciplined for not wearing your microphone or checking the audio before -- for audio not working in your vehicle?

A. Not that I remember, no.

Q. Were you surprised to hear that none of the five vehicles at the Laquan McDonald scene captured any audio?

A. If I was surprised?
Q. Yeah.
A. No.

Q. Why weren't you surprised?
A. I mean, looking -- if you see the
reports here, mostly, the cars, sometimes they
don't work, you know, you -- it's -- no, I have
no --

Q. Okay. As of October 20, 2014, was there
a practice of CPD officers disabling the audio
components of the in-car video system?
A. No.

Q. Did you ever hear of such a practice?
A. No.

Q. Okay. We can go to the allegations.
MS. ANSARI: Or, actually, before the
allegations, do you have any follow-up?
MR. BROWN: I do have a little follow-up.

FURTHER EXAMINATION

BY MR. BROWN:

Q. I wanted to ask, what was your practice
as it relates to the audio-video system when you
would receive your vehicle for the evening?
A. Like I said, you log in, and if the
camera came on, that's it, and you go on to your
duties.

Q. Did you do any additional checks, like -- I guess we will separate that -- of the video system?

A. If I did any additional checks?

Q. What was your normal daily practice on the video system? Did you have to do any additional checks other than putting your PC number in?

A. No. Like I said, you log in and the camera comes on, and that's it.

Q. And I think you already mentioned that you didn't check the audio?

A. Yeah.

Q. Okay. How long was it your practice to not check the audio on your vehicles?

A. I don't -- I don't know.

Q. Was it just a general practice? Do you remember -- I'm sorry. Do you ever recall checking the audio in a vehicle that was issued to you?

A. I don't remember.

Q. Ever?

A. I don't remember this. I probably have checked it. I mean, like I said, I don't remember.
Q. Do you know why you would have checked the audio in vehicles sometimes but not other times?
A. Like I said, I don't even know if I checked it. So I don't -- I don't know.
Q. Well, just based on what you just told me, I thought you stated that you would check sometimes. I was just trying --
A. No. I don't remember if I ever checked.
Q. So it's possible that you have never checked the audio in the vehicles that have been issued to you?
A. That's possible, yes.
Q. Do you know when the audio-video systems were first installed in the vehicles --
A. No.
Q. -- that were issued to you?
A. No.
Q. Were they already in place when you started working in the 8th District?
A. I don't remember. Like I said, I don't know when they installed the cameras, so I couldn't tell you if when I got there they were there already.
Q. So is it safe to say that whenever the audio systems were installed in the vehicles, you might not have checked them because you just don't recall doing that?

A. Yes.

Q. Okay. And do you have a reason why you wouldn't have checked the audio system?

A. Like I said, if you logged in, your PC came on, the camera came on, that --

Q. Oh, no. Video sounds fine. It sounds like you checked the video. That's part of your daily practice. Correct?

A. Now it is, yes.

Q. I'm talking like from October 2014 and before, it sounds like your daily routine was to put your PC number in and make sure the video system was working, correct?

A. Yes.

Q. So I am just asking, why not the same for the audio system?

A. I don't know. I couldn't answer that.

Q. Was it a conscious effort to prevent there being an audio record of your police work?

A. No.
Q. You could throw it out to me. I'm just trying to figure out why --

A. Are you trying to say that --

Q. No, I'm just asking. I'm not trying insinuate anything, I'm just --

A. No. No.

Q. I'm sorry, we spoke over each other. I'm just trying to ask, is there a reason why --

A. No.

Q. -- you wouldn't have turned on or checked the audio?

A. No.

Q. But you can state that any failures to not check the audio system, it's not because you were trying to prevent there being a record of your police work?

A. Exactly.

Q. So if there was a problem related to the video system, what would be your steps after that?

A. What do you mean? That day?

Q. No. Just from October 20th and before -- I'm sorry, October 20, 2014, if there was a problem with your video system, how would you address it? What would you do?
A. You would usually just notify the sergeant. That's it. Let him know the camera is not working.

Q. Would you also have to notify the sergeant that the camera was working?
A. I don't remember if we had to before. Now we do.

Q. So it's possible you might have told, as part of your daily routine, tell the sergeant, "My video system is working"?
A. Like I said, I don't remember before. Now we do, but I don't remember before if we had to tell them that it was working or not.

Q. As part of the notification to the sergeant, would you say anything in regards to the audio system?
A. No, not that I could remember. No.

Q. Would you tell the sergeant that "My audio system is working," even though you might not have checked it that day?
A. Like I said, I don't even know if we were supposed to notify him. I don't remember.

Q. And as far as logging in to the video system, at least while you were partnered with
Officer Sebastian, did you have to always log in?

A. Sometimes, yes, because her PC wasn't working for a long time. So it was mostly my PC number.

Q. So if her PC number wasn't working, is it safe to say that you logged in all the time?

A. Not all the time; most of the time.

Well, like said, we had other cars. So --

Q. And, I'm sorry, I just meant in regards to your partnership with Officer Sebastian on those nights that you guys were out together.

A. Oh. Yes.

MR. BROWN: That's all I have.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. So let's go on to the allegations. So this is back to Exhibit 3. And we started at 16. We started Allegation 16.

"It is alleged that on or about October 20, 2014, you disabled the microphones for CPD vehicle 8779 by placing them into the vehicle's glove compartment with the batteries inserted upside down."

What is your response to that allegation?
A. No, I did not disable the microphones.

Q. And you did not place them into the glove compartment?

A. No.

Q. And you did not insert the batteries upside down?

A. No.

Q. Who might have done that? Do you know who did that?

A. I have no idea.

Q. "It is alleged that on or about October 20, 2014, you failed to ensure the in-car video system for CPD vehicle 8779 was working properly at the beginning of your tour of duty."

What is your response to that allegation?

A. This is the video?

Q. The in-car video system. So it includes video and audio, the whole system. The system as a whole includes video and audio?

A. Oh. I mean, I didn't know the audio wasn't working, but the camera was working.

Q. Okay. And you didn't know the audio was not working because you did not check the audio, correct?
A. Correct.

Q. "It is alleged that on or about October 20, 2014, you failed to immediately notify a supervisor that the in-car video system for CPD vehicle 8779 was inoperable or damaged."

What is your response to that allegation?

A. Like I said, I did. I didn't know that the audio wasn't working, so --

Q. "It is alleged that on or about October 20, 2014, you failed to audibly record events with CPD vehicle 8779's in-car video system during your tour of duty."

What is your response to that allegation?

A. Not that I failed; I didn't know it wasn't working.

Q. So you did not audibly record events on your video that night?

A. Correct. Correct.

MS. ANSARI: Okay. So we're done, almost.

Understanding the -- do you want to take a break?

MS. RUSSELL: I think the officer may make a statement.

BY MS. ANSARI:

Q. Understanding the nature of our
investigation or what -- is there anything that you would like to add?

MS. RUSSELL: We're going to take a break.

MR. BROWN: The time is now 2:11, and we will go off the record.

(Whereupon, a break was taken from 2:11 to 2:16 p.m.)

MR. BROWN: The time is now 2:16, and we are back on the record.

MS. RUSSELL: Do you mind reading back the last comment.

(Whereupon, the record was read by the reporter as requested.)

MS. RUSSELL: From there, I would just note that certainly this officer has no idea the nature of the OIG's investigation or the extent of it. With that, she would like to make a brief statement.

MS. ANSARI: Okay.

THE INTERVIEWEE: I have answered to the best of my ability. I have been interviewed by federal agents, the State's Attorney's Office, given a Grand Jury testimony, the Independent Police Review Authority on the events of that night. My name has been on the paper as giving false testimony and
making false reports.

If I don't remember second by second the events of that night, I apologize to the extent I don't remember the exact sequence of events or exactly who I talked with on October 2014. I have answered truthfully that I don't recall.

MR. BROWN: All right. The time is 2:17, and that will conclude this interview. Thank you.

(Whereupon, the interview concluded at 2:17 p.m.)

(Which were all proceedings in the above-entitled interview this date.)

P.O.MONDONAGON: Yes.

KILLEN: Okay. And start from the beginning just tell me how you became involved in that?
P.O.MONDONAGON: Uh we were responding to a call the officers were askin’ for more cars.

KILLEN: Okay do you remember why they were askin’ for more cars?
P.O.MONDONAGON: Uh yes they stated that um they had a call about someone breakin’ into cars. And uh the offender that was on scene um had a knife. So they were lookin’ for a car with a taser.

KILLEN: Okay. Do you carry a taser?
P.O.MONDONAGON: No.

KILLEN: Does Officer Sebastian?
P.O.MONDONAGON: No.
KILLEN: So you, you and you hear the call over the radio correct?
P.O. MONDRAGON: Yes.

KILLEN: So you're going as one of the assists?
P.O. MONDRAGON: Yes.

KILLEN: Okay. Do you remember where you were at when you heard the call?
P.O. MONDRAGON: We were around 55th and uh what's that Kostner.

KILLEN: So then so you drive --
P.O. MONDRAGON: We were driving westbound on 55th Street.

KILLEN: Okay so the, the call for the assist would be where?
P.O. MONDRAGON: It was uh I believe 40th and uh Kildare.

KILLEN: So you, you, you had that (inaudible)
P.O. MONDRAGON: Yes.

KILLEN: Okay so do you come up Pulaski?
P.O. MONDRAGON: Actually I went down Kostner, northbound on Kostner.

KILLEN: Okay.
P.O. MONDRAGON: From 55th.

KILLEN: Okay so start from the beginning so you go north on Kostner and what happens?
P.O. MONDRAGON: Uh I go northbound on Kostner then I take Archer Avenue and then I go down Pulaski.

KILLEN: Okay.
P.O. MONDRAGON: Going northbound towards 40th.

KILLEN: And what happens when you get to 40th?
P.O. MONDRAGON: Uh when we get, well when we get to 40th uh there’s a car in front of us already. Which I believe it’s 845 Robert. So I’m right behind them and uh when we get to 40th Street they turn, I turn right behind ’em. Um as I’m turning I see the officer running.

KILLEN: You know who that is?
P.O. MONDRAGON: Um Officer McElligott.

KILLEN: Okay.
P.O. MONDRAGON: I see ’em running across the Burger King parking lot. There’s a Burger King there.

KILLEN: Hmm huh.
P.O. MONDRAGON: He’s running. So as he’s running I come and I see 845 Robert keeps going and I do a turn to go back onto Pulaski.

KILLEN: Okay so when you saw Officer McElligott did you see the offender also?
P.O. MONDRAGON: I didn’t see him.

KILLEN: Okay so the only person you see if Officer McElligott?
P.O. MONDRAGON: I, yeah outta the corner of my eye I saw --

KILLEN: Okay so you go north on Pulaski when you get to 40th you turn left?
P.O. MONDRAGON: I turn left, yeah.

KILLEN: Okay and then you turn around --
P.O. MONDRAGON: I do a kind of like a U turn and come back onto --

KILLEN: -- on Pulaski.
P.O. MONDRAGON: -- Pulaski yes.

KILLEN: And then what happens, which way do you go?
P.O. MONDRAGON: Uh when I come back onto Pulaski I'm going south and as I'm approaching 41st Street I see the offender he's uh running. And uh there's another squad car coming towards us. So we're kinda goin' like this. And then 45 Robert's going around them.

KILLEN: Okay. So the offender is he on the sidewalk or is he in the street?
P.O. MONDRAGON: He's on the, on the middle of the street.

KILLEN: And he's going --
P.O. MONDRAGON: On the intersection.

KILLEN: So he's on Pulaski?
P.O. MONDRAGON: Yeah he's running.

KILLEN: Which direction is he goin'?
P.O. MONDRAGON: Uh southbound.

KILLEN: Okay so you’re behind him goin’ south?
P.O. MONDRAGON: We’re yeah. I’m right behind.

KILLEN: And who’s comin’ atcha?
P.O. MONDRAGON: Believe, well now I know it’s 22.

KILLEN: Oh okay.
P.O. MONDRAGON: Afternoons they were facin’ this way.

KILLEN: Okay so what happens as your, so you’re goin’ south. You’re, you’re basically followin’ the offender.
P.O. MONDRAGON: Yes.

KILLEN: Okay and when you see the offender that’s the first time you see the offender then right when he’s on Pulaski?
P.O. MONDRAGON: Oh I saw ‘em as soon as I come out on Pulaski. I saw ‘em he was running. So once I got closer yes.

KILLEN: Did you see ‘em with a knife in his hand?
P.O. MONDRAGON: I, at first I just saw ‘em goin’ like this. Wavin’ his hand up and down, up and down. Until I got closer that’s when I saw the knife.

KILLEN: Okay. So as you get closer you see a knife, what happens then?
P.O. MONDRAGON: Um as I get closer you know um he’s wavin’ the knife. He’s movin’ around. He’s like not
completely running but he's like I don't know jogging, I could say. And as we come you know I'm right behind 'em next thing you know I hear um, I see officers um Walsh get outta their vehicle and I hear them say drop the knife, drop the knife, drop the knife. And he's just you know wavin' it. And then that's when I hear shots fired. (noise)

KILLEN: Was the offender facin' Officer Walsh and his partner when, when he was wavin' that (inaudible) and all that?

P.O. MONDRAGON: Honestly I, I (noise) how would I recall.

KILLEN: Okay. And then you, you hear drop the knife, drop the knife.

P.O. MONDRAGON: Yeah several times. They said drop the knife, drop the knife.

KILLEN: And in, are you still moving, you still driving?

P.O. MONDRAGON: I'm still move, slowly cause we, like I said we were right behind 'em. So I'm drivin' slowly right behind 'em as he's runnin'. (noise)

KILLEN: So then (noise) and then you hear the gunshots correct?

P.O. MONDRAGON: Yes.

KILLEN: At that time did you know who was shooting?

P.O. MONDRAGON: No.
KILLEN: You didn't see like muzzle flashes or see nothin' like that?
P.O.MONDRAGNU: No.

KILLEN: Okay. Uh and you heard more than one gunshot?
P.O.MONDRAGNU: Yes.

KILLEN: If you had to guess at how many you heard?
P.O.MONDRAGNU: Several.

KILLEN: And what happens after you hear those gunshots?
P.O.MONDRAGNU: After I hear the you know I'm like I said I'm still moving and I see the offender drop down. And um honestly after that it's just I remember I got out of the car and actually I turned this way cause I saw traffic comin' our way. So I went over there and put my flashlight so they could start going the other, you know like turning around. I didn't want 'em to come towards where the officers were.

KILLEN: That's the traffic from behind you?
P.O.MONDRAGNU: Yeah.

KILLEN: So it woulda been comin' from the expressway?
P.O.MONDRAGNU: Yeah the --

KILLEN: Okay so you go north on Pulaski and direct traffic?
P.O.MONDRAGNU: Yes I get outta the, my vehicle and I turn around and I see the traffic coming that's when I start.
KILLEN:  All right. And at the time you didn’t know who was shooting correct?
P.O. MONDRAGON: No.

KILLEN: Okay. All right is there anything you’d like to add?
P.O. MONDRAGON: No.

KILLEN: And everything you told me is a true and accurate account of what occurred?
P.O. MONDRAGON: Yes.

KILLEN: All right this will conclude the audio recorded interview of Officer uh Janet Mondragon regarding Log number 1072125 U number 14 dash 36. Today is the 21st of October 2014 and the time is approximately 0540 hours.

SEBASTIAN, Daphne L -----

stated she was a Chicago Police Officer assigned to the 008th District. She was on duty, in uniform, working on Beat 813R. SEBASTIAN was working with Police Officer Janet MONDRAGON. The two officers were assigned to a marked vehicle. MONDRAGON was driving the vehicle and SEBASTIAN was the passenger.

The two officers responded to the request for assistance made by Beat 815R, regarding a subject with a knife. Officer SEBASTIAN thought the original call for assistance was at 40th Street and Keeler Avenue. The subject had punctured a tire on the police vehicle of Beat 815R. Officer MONDRAGON drove northbound on Pulaski Road, following Beat 845R, as they also responded to the request for assistance. MONDRAGON turned westbound onto 40th Street, behind Beat 845R.

Officer SEBASTIAN observed a black male subject, now known as Laquan MCDONALD, running southeast bound through the parking lot of the Burger King restaurant. Beat 845R pursued MCDONALD in their police vehicle, through the parking lot, toward Pulaski. SEBASTIAN told Officer MONDRAGON to drive back out onto Pulaski to assist in the pursuit. MCDONALD ran out onto Pulaski and continued to run southbound down the middle of the street. Beat 845R pursued MCDONALD in their vehicle, southbound on Pulaski, followed by Beat 813R. As MCDONALD ran southbound on Pulaski, SEBASTIAN saw the knife in his right hand. MCDONALD was waving the knife.

Beat 845R stopped their vehicle ahead of MCDONALD, between MCDONALD and the Dunkin' Donuts restaurant on the east side of Pulaski. Officers Joseph WALSH and Jason VAN DYKE exited their vehicle and drew their handguns. MCDONALD turned toward the two officers and continued to wave the knife. Sebastian heard the officers repeatedly order MCDONALD to "Drop the knife!" MCDONALD ignored the verbal directions and continued to advance on the officers, waving the knife. Officer SEBASTIAN heard multiple gunshots and MCDONALD fell to the ground, where he continued to move. SEBASTIAN did not know who fired the shots, which were fired in one continuous group. She then saw Officer WALSH kick the knife out of MCDONALD's hand.

MONDRAGON, Janet -----
stated she was a Chicago Police Officer assigned to the 008th District. MONDRAGON related the same facts as her partner, Officer Daphne SEBASTIAN.

Officer MONDRAGON added that as she drove westbound on 40th Street, she saw Officer MCELLIGOTT running eastbound through the Burger King parking lot. She made a U-turn and drove back out onto Pulaski Road. MONDRAGON turned southbound onto Pulaski. She saw Laquan MCDONALD running southbound on Pulaski, in the middle of the street. As she got closer she could see MCDONALD was holding a knife in his right hand. He was waving the knife.

Officer MONDRAGON saw Officers Joseph WALSH and Jason VAN DYKE outside of their police vehicle. She heard the officers repeatedly ordering MCDONALD to “Drop the knife!” as MCDONALD got closer and closer to the officers, continuing to wave the knife. As she was placing her vehicle transmission into Park, MONDRAGON looked down and heard multiple, continuous gunshots, without pause. MONDRAGON then saw MCDONALD fall to the ground. MONDRAGON did not know who fired the shots.

IN-CAR VIDEO SYSTEMS

ISSUE DATE: 23 February 2012  EFFECTIVE DATE: 23 February 2012

I. PURPOSE

This directive:

A. implements the use of Department in-car video systems.
B. establishes the policies and procedures for the use, maintenance, and repair of in-car video systems.
C. establishes the roles and responsibilities of Department members affected by the introduction of in-car video systems for the video and audio recording of incidents.
D. establishes the requirements for viewing, retaining, and duplicating digitally recorded incidents.
E. continues the use of the Digitally Recorded Data Viewing/Hold/Duplication Request (CPD-65.224).
F. identifies the Records Division as the Department repository and viewing location of digitally recorded data created by the in-car video systems.

II. POLICY

The Department is committed to protecting the safety and welfare of its members and the public. The in-car video systems can provide members with an invaluable instrument to enhance criminal prosecution by providing powerful evidence of criminal activity, limit civil liabilities, and objectively document officer conduct during individual interactions. Members assigned to a vehicle equipped with an in-car video system will use it pursuant to this directive.

III. GENERAL INFORMATION

A. There is no expectation of privacy for Department members related to incidents recorded by in-car video systems. Supervisors, members of Bureaus of Internal Affairs, and the Independent Police Review Authority (IPRA) investigators may request to review the digitally recorded data from a vehicle equipped with an in-car video system. Any digitally recorded data created by the in-car video system may be used without a Department member’s permission for any official Departmental purpose.

B. The in-car video system will automatically engage audio and video recording when the vehicle’s emergency-roof lights are activated. However, Department members may manually activate the in-car video system without the activation of the emergency equipment. At the conclusion of the incident, Department members must manually disengage all recording processes, regardless of what method activated the in-car video system.

C. The Records Division will be the custodians of the digitally recorded data and will be responsible for the retention, duplication, and viewing of the in-car video systems. The Director, Records Division, will establish retention, viewing, and duplication procedures that provide for inventory control, the security of the digitally recorded data, and authorized duplications.

D. All digitally recorded data created by the in-car video systems will be retained by the Records Division for a minimum of 90 days. Digitally recorded data that is marked and held as having evidentiary or training value will be retained as prescribed by law and established Department policy.

E. In general, minor infractions and minor deviations from Department policy observed during the review of digitally recorded data will not be subject to the disciplinary process and will be treated as a training opportunity.
IV. RECORDING GUIDELINES

A. Department members will use only Department-issued video and audio recording equipment.

B. Department members will conform to all laws and Department policies concerning the use of the in-car video system for the video and audio recording of incidents.

1. Department members are lawfully permitted to video record individuals without their consent if they are on the public way or in public view.

2. Department members who are in uniform and have identified their office are lawfully permitted to simultaneously audibly and visually record individuals without their consent whenever:
   a. the member is conducting an enforcement stop, or
   b. the patrol vehicle emergency lights are activated or would otherwise be activated if not for the need to conceal the presence of law enforcement.

NOTE: Any reports completed for an audibly recorded incident, including Traffic Stop Statistical Study - Driver Information Cards (CPD-21.103), Traffic Stop Statistical Study Stickers (CPD-15.516), and Personal Service Citations, must include the initial violation or investigatory need that led to the stop.

NOTE: Department members may audibly record an enforcement stop regardless of the subsequent enforcement action taken.

3. Department members may audibly and visually record an individual with the consent of the individual.

C. Uniformed Department members assigned to vehicles equipped with in-car video systems will activate the system to simultaneously audibly and visually record the entire incident for all enforcement stops.

D. Uniformed Department members assigned to vehicles equipped with in-car video systems will activate the system to visually record the entire incident for all:
   1. arrests and transports.
   2. nonpursuit emergency vehicle operations.
   3. any situation that the member, through training and experience, believes to serve a proper police purpose.

E. During the recording of an incident, Department members will not disengage the in-car video system until the entire incident has been recorded.

NOTE: Department members will be required to justify any disengagement of the in-car video system prior to the entire incident being recorded.

F. If recorded, felony and misdemeanor arrests, motor vehicle pursuits, traffic crashes resulting in property damage, personal injury, or a fatality, DUI incidents, and failure to yield to an emergency vehicle will be automatically stored by the in-car video system indefinitely when the correct event is selected from the postevent pop-up menu. All other incidents will be automatically stored for ninety days.

G. If digitally recorded data will be needed in judicial proceedings beyond ninety days, members will place an extended hold on that digitally recorded data as described in Item VIII of this directive, including but not limited to the following circumstances:

1. Traffic stops other than DUI,
2. Enforcement stops,
3. Other traffic crash investigations, and
4. Stops for citizen assistance.

H. When a complaint against a Department member is received that involves a digitally recorded incident, the investigating member will request an extended hold on the data.

I. Assigned supervisors will request an extended hold on all digitally recorded motor vehicle pursuits and traffic crashes involving Department vehicles.

V. DEPLOYMENT OF THE IN-CAR VIDEO SYSTEMS

A. Commanding officers of units with vehicles equipped with in-car video systems will:
   1. ensure that vehicles equipped with in-car video systems are evenly distributed for use by all watches.

   **NOTE:** Commanding officers will ensure the units assigned to traffic duties in district law enforcement use vehicles equipped with in-car video systems.

   2. whenever feasible, ensure vehicles equipped with the in-car video systems are deployed every tour of duty and service is requested for inoperable vehicles equipped with in-car video systems.

B. The station supervisors will:
   1. deploy every vehicle equipped with a functional in-car video system during the tour of duty.
   2. ensure digitally recorded data is downloaded from the in-car video systems.
   3. whenever operationally feasible, review video of any arrest recorded by the in-car video system as part of the approval of probable cause.

VI. OPERATIONAL PROCEDURES

A. Department members assigned to a Department vehicle equipped with an in-car video system will:
   1. at the beginning of a tour of duty:
      a. visually inspect the in-car video system equipment for damage.
      b. obtain the remote transmitter/audio recorder and ensure it is securely attached to the member's person.
      c. follow the start-up procedures for the in-car video system as trained and ensure the system is working properly.

   **NOTE:** Members will immediately notify a supervisor if, at any time, the in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable, or the remote transmitter/audio recorder is missing.

   2. during the tour of duty:
      a. audibly and visually record events in accordance with this directive.
      b. annotate all reports, including Contact Information Cards (CPD-21.101), prepared for an event which has been recorded by listing "Video Recorded Incident" at the end of the narrative portion.
c. after an incident has been recorded, use the post-event pop-up menu to select the most serious recorded occurrence as the event type and enter other event information.

NOTE: If the member did not use the postevent pop-up menu to mark the incident as being held for evidence, the member will request an extended hold on digitally recorded data in accordance with Item VIII of this directive.

d. if the in-car video system indicates that the memory required to record incidents is becoming low or if the member observes that less than 30 minutes of recording time is available, download the digitally recorded data.

3. at the conclusion of a tour of duty:
   a. verify the in-car video system is working properly.
   b. initiate the downloading of the digitally recorded data.

   NOTE: Members will immediately notify a supervisor if unable to complete the downloading of digitally recorded data due to technical problems.

   c. shut down the in-car video system and logoff the system.
   d. return the remote transmitter/audio recorder to the designated area for charging.

B. The sergeant assigned to supervise Department members using Department vehicles equipped with an in-car video system will:

1. monitor subordinates to ensure the in-car video system is used and that digitally recorded data is properly downloaded.

2. ensure that the Help Desk is contacted and a ticket number is obtained whenever any member is unable to use the in-car video system or download digitally recorded data due to technical problems.

3. initiate an investigation when notified of a missing or lost remote transmitter/audio recorder.

4. document on the Supervisor’s Management Log (CPD-11.455):

   a. whether each vehicle has an in-car video system and if it is functioning.
   b. all responses related to malfunctions of vehicles equipped with in-car video systems.
   c. digitally recorded data downloaded to land-based terminals, noting any units unable to complete the download and the Help Desk ticket number obtained.
   d. any request submitted for an extended hold of digitally recorded data.
   e. any instances of additional training, corrective measures, or disciplinary actions.

5. document on the Traffic Pursuit Report (CPD-22.958) or traffic crash report that the incident has been digitally recorded.

6. obtain a complaint register number and order an evidence technician to process the equipment if any damage or malfunction is suspected to have been caused by deliberate (tampering) means.

C. Station supervisors will:

1. designate a sergeant responsible for monitoring the downloading of digitally recorded data for the watch.
2. record the total number of vehicles equipped with in-car video systems deployed during the watch and the total number of these vehicles that do not have a functioning in-car video system, if any, on the Watch Incident Log (CPD-21.916).

3. ensure the status of vehicles equipped with in-car video systems is recorded on the Personal Equipment Log (CPD-21.916) by recording the word “VIDEO” in the "Camera/Tripod No." column.

4. if an in-car video system malfunctions or the system or vehicle becomes inoperable during the tour, record the vehicle and beat numbers and the words “VIDEO DOWN” on the Watch Incident Log.

D. When digitally recorded data is determined to have evidentiary or training value, or a complaint against a Department member is received that involves a digitally recorded incident, the supervisor reviewing the recorded data will request an extended hold on the data.

VII. DOWNLOADING DIGITALLY RECORDED DATA FROM THE IN-CAR VIDEO SYSTEM

A. When downloading digitally recorded data from the mobile unit of an in-car video system to a land-based terminal, Department members will:

1. download the data in accordance with the manufacturer’s guidelines and training,
2. ensure the download of data was complete and return the vehicle back into service.

B. With the approval of the station supervisor in the district of occurrence, special requests for the immediate viewing of digitally recorded data from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA will be processed for major incidents where an in-car camera system may be reasonably expected to have captured a component of the incident.

1. Major incidents include, but are not limited to:
   a. police-involved shootings,
   b. serious injury or death to a Department member,
   c. serious injury or death to a member of the public.

2. Special requests for viewing digitally recorded data will be made to the station supervisor in the district of occurrence, who will:
   a. evaluate the request;
   b. determine if the need for retrieval outweighs the operational impact of the vehicle being taken out of service; and
   c. notify Crime Prevention and Information Center (CPIC) of the decision.

3. Special requests will be in the form of one of the following types:
   a. Special wireless upload, or
   b. Emergency on-site retrieval.

C. Special Wireless Uploads

1. The station supervisor in the district of occurrence will take the vehicle out of service and secure it at the unit of assignment or other appropriate location.

2. The supervisor will:
   a. verify that the vehicle operator or partner is signed on to the in-car camera system;
   b. instruct the member to manually flag the entire tour of duty’s available video for upload;
c. instruct the member to initiate a manual upload of this video with the vehicle in range of the facility’s wireless hotspot; and

NOTE: If video cannot be uploaded via wireless hotspot, a cradle upload will be used.

d. ensure that the vehicle remains out of service until the upload is complete.

3. Once complete, the station supervisor will allow personnel from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA, as appropriate, to review the uploaded files.

NOTE: For officer-involved shootings when an On-Call Incident Commander (OCIC) will respond, an emergency on-site retrieval will be immediately requested through CPIC.

4. The station supervisor may identify an alternate vehicle for the member to use while the identified vehicle completes its video upload, as appropriate.

5. If an attempt to wirelessly upload is unsuccessful, members may contact the City of Chicago Help Desk at 4-DATA for assistance.

6. If a wireless upload fails, an emergency on-site retrieval will be conducted.

D. Emergency On-Site Retrieval

1. The station supervisor in the district of occurrence will notify CPIC of an approved emergency on-site retrieval.

NOTE: An emergency on-site retrieval will only be conducted when an OCIC is responding or a wireless upload fails and contacting the City of Chicago Help Desk at 4-DATA has not resolved the problem.

2. CPIC will notify the Public Sector Information Technology (PSIT) Group personnel of a manual video retrieval from the “fail-safe” internal drive request.

3. The station supervisor in the district of occurrence will take the identified vehicle out of service during the retrieval process.

4. If the identified vehicle is still in use when the designated supervisor arrives at the unit facility or other appropriate location, the supervisor will report to the vehicle and instruct any member logged onto the system to log off the system.

5. The vehicle will remain out of service until PSIT responds and conducts the video retrieval.

NOTE: On-site review of video will be limited to the series of events and time frame giving rise to the alleged incident.

E. Viewing and Obtaining Copies of In-Car Video Recordings

1. Once retrieval has been completed for the requested time frame, the video may be viewed by personnel from the requesting party at the location of retrieval.

2. Requests for copies of in-car video recordings will be made by completing the form entitled “Digitally Recorded Data Viewing/Hold/Duplication Request” (CPD-65.224) and forwarding it to the Records Division.

F. The Managing Deputy Director, PSIT, will:

1. establish procedures to ensure the security of the digitally recorded data from downloading to storage by the Records Division.
2. develop a system to monitor the memory capacity of the land-based terminals and provide for the security of the downloaded data.

G. If members are unable to download digitally recorded data from the mobile unit of the in-car video system to the land-based terminals due to system inoperability:

1. the station supervisor will notify the Help Desk and follow any further instructions given by the responding member of PSIT.

2. A designated member of PSIT will respond to the requesting unit and:
   a. ensure the security of the digitally recorded data.
   b. perform a manual download of the digitally recorded data.
   c. record the manual download on the Help Desk ticket.

VIII. REQUESTING A HOLD FOR DIGITALLY RECORDED DATA

A. Department members will place an extended hold on digitally recorded data they recorded using the postevent pop-up menu on the in-car video system.

B. Within the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will request that a supervisor place the extended hold by using the land-based terminal at the district/unit station.

C. After the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will:
   1. complete the Digitally Recorded Data Viewing/Hold /Duplication Request form.
   2. indicate on the form the necessary actions by the Records Division.
   3. explain in the narrative portion of the form the reason for the request.
   4. submit the form to the station supervisor/designated unit supervisor for approval.
   5. submit the completed and approved form to the Records Division for processing and retention in accordance with existing records-retention requirements.

D. Department members who wish to remove an extended hold on digitally recorded data will follow the procedures outlined in Item VIII-C of this directive indicating the circumstances requiring the removal of the extended hold.

E. The Director, Records Division, will:
   1. develop a cataloging system for storage and retrieval of recordings and procedures for ensuring archives are maintained consistent with Department directives (including the Forms Retention Schedule), applicable state and federal laws, and compliance with all court orders.
   2. be responsible for retaining digitally recorded data for which an extended hold was requested as prescribed by law and established Department policy.

IX. VIEWING, RETAINING, AND DUPLICATING DIGITALLY RECORDED DATA

A. All digitally recorded data created by the in-car video systems are the property of the Chicago Police Department. Dissemination of any digitally recorded data outside the Department is strictly prohibited without specific authorization by the Superintendent or an appointed designee.

   1. Any non-Departmental requests for duplication of digitally recorded data must be approved by the Superintendent or an appointed designee.
2. All approved requests will be forwarded in an expeditious manner to the Director, Records Division, along with:
   a. a completed and approved Digitally Recorded Data Viewing/Hold/Duplication Request form, and
   b. written instructions, including dissemination information, for compliance with the request.

B. Department members assigned to vehicles equipped with in-car video systems and their supervisors are encouraged to use the review/playback functions of the system for the purposes of:
   1. developing familiarity with the functions, capabilities, and limitations of the in-car video systems to create consistent recording techniques which capture relevant actions.
   2. searching for and identifying recorded events having evidentiary or training value.
   3. reviewing approach and officer safety issues.
   4. ensuring consistency with written reports.

C. Reviewing Digitally Recorded Data

   Investigating members may view digitally recorded data in the performance of official police business. When it is necessary to view digitally recorded data stored by the Records Division, the following procedures will apply:

   1. The requesting Department member will:
      a. prepare a Digitally Recorded Data Viewing / Hold / Duplication Request form, including approval of the requestor's station supervisor/designated unit supervisor.
      b. schedule an appointment to view the recorded incident with a Records Division supervisor (or an appointed designee) to ensure the availability of a technician and playback equipment.
      c. present the properly completed and approved form to a Records Division supervisor at the scheduled time.

   2. A Records Division supervisor will:
      a. process all approved recorded incident review requests.
      b. assign a technician to assist the requestor in viewing the recorded incident, as required.

D. Obtaining a Video Recording

   1. A duplicate copy of selected information may be made to retain that information:
      a. when it is not required that the master video be retained for an indefinite period (e.g., investigation of a routine administrative incident when the punishment is of a summary or minor nature).
      b. when the requesting member determines that a duplicate video of a master video will be sufficient.

   2. A duplicate video recording may be obtained by:
      a. completing a Digitally Recorded Data Viewing / Hold / Duplication Request form and submitting the completed form to the station supervisor/designated unit supervisor for approval.
      b. notifying the Records Division that a duplicate video recording is required and submit the approved Digitally Recorded Data Viewing/Hold/ Duplication Request form to the Director, Records Division.
c. indicating to the Records Division which information from the digitally recorded data is to be included on the duplicate video recording.

3. When the duplicate video recording has served the purpose for which it was made, the requesting member will ensure that it is immediately returned to the Records Division.

NOTE: A member requesting a duplicate video recording will not make additional copies of it or permit unauthorized persons to duplicate or view it under any circumstances.

E. Special Situations

When the Records Division receives a request for an extended hold of digitally recorded data that indicates it pertains to:

1. a motor vehicle pursuit or traffic crash involving a Department vehicle, the Director, Records Division, will ensure a duplicate video is forwarded to the Traffic Review Board.

2. an incident having training value, the Director, Records Division, will ensure a duplicate video is forwarded to the Deputy Chief, Education and Training Division.

(Original exhibits sent to Ms. Ansari.)
MS. ANSARI: As a preliminary matter, I am providing the following information: An independent certified court reporter is present today to provide a verbatim transcript of this interview. To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio-record the interview.

The recording is the confidential work product property of the court reporter and will not be provided to any party, including the Office of Inspector General. If you request, Officer McElligott, the audio recording will be discontinued.

So, Officer McElligott, are you okay with the audio recording?

MS. RUSSELL: No.

MS. ANSARI: No audio recording?

MS. RUSSELL: No audio.

(Whereupon, the audio recording was discontinued.)

MS. ANSARI: Let the record reflect that Officer McElligott has requested that the audio recording be discontinued.

Let the record reflect that today's date
is May 9, 2016. The time is 10:15 p.m. We are located at Amicus Court Reporters, 300 West Adams, Suite 800.

My name is Sarah Ansari, the court reporter is Andrew Pitts, and I would ask that the other individuals present identify themselves and spell their names for the record.

MS. ANSARI: There are no other individuals present.

We are here today pursuant to an investigation being conducted under Chapter 2-56 of the Municipal Code of the City of Chicago. We are here for an interview of Officer Joseph McElligott.

Officer McElligott, will you please raise your right hand, and the court reporter will swear you in.

THE INTERVIEWEE: Upon advice of the counsel, I
am not affirming in this fashion.

   MS. ANSARI: Officer McElligott, are you
refusing to be sworn in by the court reporter?

   THE INTERVIEWEE: Yes.

JOSEPH McELLIGOTT,
called as an Interviewee herein, refusing to be
administered an oath, was examined and testified as
follows:

EXAMINATION

BY MS. ANSARI:

   Q. Officer McElligott, I am now going to
hand you a form that is marked Advisement of
Rights. This has already been filled in with your
name, my name, and Investigator Valdez’s name.

   MR. VALDEZ: Yeah.

BY MS. ANSARI:

   Q. I am going to ask that you read along
with me as I go through it, and then I will ask you
after each paragraph to acknowledge that you have
read and understood the paragraph.

   "I understand this interview is part of
an official investigation and that I have a duty to
cooperate with the Office of Inspector General,
which includes answering all questions completely
and truthfully."

Do you understand?

A.  Yes.

Q.  "I understand that I have no right to

remain silent. I understand that I have an

obligation to answer questions put to me

truthfully. I understand that if I refuse to

answer questions put to me, I will be ordered by a

superior officer to answer the questions.

"I further understand that I have been

advised that if I persist in my refusal to answer

after an order to do so, such further refusal

constitutes a violation of the Rules and

Regulations of the Chicago Police Department and

may serve as the basis for my discharge."

Do you understand?

A.  Yes.

Q.  "I understand and have been advised that

my statements or response may constitute an

official police report. I understand that Rule 14

of the Chicago Police Department's Rules and

Regulations prohibits making a false report,

written or oral, and I further understand that

making such a false report, whether written or
oral, may result in my separation from the Chicago Police Department."

Do you understand?

Do you understand?

A. Yes.

Q. "I understand that I have a right to have a union representative or legal counsel at my choosing present at the interview to consult with and that I would be given a reasonable time to obtain a union representative or legal counsel as long as the interview is not unduly delayed."

Do you understand?

A. Yes.
Q.  "I understand that a refusal to answer any questions or any false, inaccurate, or deliberately incomplete statement by me would constitute a violation of Chicago Municipal Ordinance 2-56 and may serve as the basis for any discharge."

Do you understand?

A. Yes.

Q.  "I acknowledge that this statement of my administrative rights has been read aloud to me and I have been allowed to review this document."

Do you understand?

A. Yes.

Q.  Do you --

MS. RUSSELL: Based on the advisement of rights and the representation that this is an administrative proceeding, that is the basis for the officer refusing to be sworn in.

MS. ANSARI: Understood.

Officer McElligott, we ask that you sign this advisement of rights. The bottom of the advisement of rights is a waiver stating, "Understanding these rights, I wish to answer questions from the investigators from the Office of
Inspector General without having union representative or legal counsel present. No promises or threats have been made to me and no pressure or coercion of any kind has been made or used against me." I am going to cross that out since you have legal counsel here of your choosing. For the record, I'm going to sign the Advisement of Rights, and Investigator Valdez is also going to sign. And we will mark that as Exhibit 1.

(Whereupon, McElligott Exhibit 1 was marked for identification.)

BY MS. ANSARI:

Q. Officer McElligott, I am going to mark a number of service exhibits to put them on the record and present them to you to confirm your receipt of these exhibits. Marking as Exhibit 2 a document entitled Notification of Interview for CPD Member McElligott dated April 21, 2016.

A. Yes.

Q. Okay.

MR. VALDEZ: Could I get those exhibits back and the receipt forms as well? Thank you.

(Whereupon, documents were tendered to Investigator Valdez.)
BY MS. ANSARI:

Q. Officer McElligott, in order to prepare for today's interview, did you review the materials that we've provided in these exhibits?

A. Yes.

Q. These materials also included video from the in-car video systems of vehicles 813 and 845, correct?

A. Yes.

Q. And it included a video from a Dunkin' Donuts security camera, correct?

A. Yes.

Q. Did you review those three videos?

A. I was not able to review them on my computer at home.

Q. Okay. Since receiving our Notice of Interview on April 21st, did you review any materials other than the materials we provided you?

A. No.

Q. Aside from your attorney, who did you speak to in preparation for this interview?

MS. RUSSELL: Don't answer this.

Are we getting a direct order? How are we --
MS. ANSARI: Oh, we're waiting for you to request it, essentially.

MS. RUSSELL: Oh. Yes. Obviously, we want a direct order before he continues giving a substantive interview, and I note for the record also that it was indicated that he received audio files for beat number 813R and 845R, which was not contained in the documents he received.

BY MS. ANSARI:

Q. Officer McElligott, are you refusing to answer questions without an order from a superior officer?

A. Yes.

MS. ANSARI: Okay. At this time, we are going to place a call to Commander Bob Klimas of IAD. (Whereupon, a conference call was made.)

COMMANDER KLIMAS: (Telephonically) this is Bob Klimas.

MS. ANSARI: Commander Klimas, this is Sarah Ansari from the Office of Inspector General. Can you hear me?

COMMANDER KLIMAS: Yes, I can.

MS. ANSARI: Okay. We are currently in a
court-reported interview of Officer Joseph McElligott. His counsel, Jennifer Russell is here. Investigator Raul Valdez is also here.

The Office of Inspector General, having provided appropriate notice to Officer McElligott of this interview, is attempting to ask him questions regarding the Laquan McDonald shooting. He is refusing to answer questions regarding the shooting absent a command from his superior officer.

So I am asking you, Commander Klimas, to please order Officer McElligott to answer the Office of Inspector General's questions.

COMMANDER KLIMAS: This is Commander Robert Klimas, K-L-I-M-A-S, of the Chicago Police Department, Bureau of Internal Affairs. Officer Joseph McElligott, I'm giving you a direct order to answer all the questions posed to you this evening by the Office of Inspector General, City of Chicago. Do you understand?

THE INTERVIEWEE: Yes, sir.

COMMANDER KLIMAS: Very good.

MS. ANSARI: Okay. Thank you, Commander Klimas.

COMMANDER KLIMAS: Okay.
MS. RUSSELL: Upon receiving the direct order, the officer will move forward and has a statement to read.

THE INTERVIEWEE: I would like to preface this statement with the following: I believe I am entitled to be informed of my constitutional rights to remain silent. I have received no assurances from the Office of the Inspector General that criminal charges are not probable. Proceeding with this statement is in violation of the applicable collective bargaining agreement, but I have been advised that I will lose my job if I refuse to provide this statement.

This statement is not being made voluntarily, but under duress, and is only being made at this time because I know I will lose my job if I refuse the direct order being given to me by Commander Klimas. I am invoking each and every right granted to me under Garrity vs. New Jersey. Also, on the advice of counsel, I am making the following additional objections: I am objecting to the fact that the City of Chicago Inspector General's Office is making allegations against me and conducting an investigation into its
own allegations. I am objecting that this interview is taking place before an arbitrator has decided the issues that were raised in regards to this investigation. The Fraternal Order of Police has filed a grievance regarding this investigation, and the Inspector General has refused to postpone this interrogation.

I am also objecting that I have requested my prior sworn testimony, namely the testimony I provided to the Grand Jury. The Inspector General refused to provide me with a copy of my Grand Jury testimony and/or other statement I have made to the federal investigators, in violation of my rights under the contract. The Inspector General indicated that it does not have possession of my Grand Jury testimony.

To the extent I am questioned about my Grand Jury testimony, I assert that testimony is truthful and based upon my recollection at the time. I stand by all of my answers.

MS. RUSSELL: In addition, I am going to be objecting based on some of the questioning regarding the fact that it's not narrowly tailored to address the allegations. I can either, you know, do the
objection after every single question, or we can
agree that, you know, any objection I make, I'm
making it because it is not narrowly tailored, just
for purposes of --

MS. ANSARI: Speed?

MS. RUSSELL: Speed.

MS. ANSARI: Yes. If you have those
objections, are you saying that you will --

MS. RUSSELL: Raise them during the
questioning.

MS. ANSARI: Just kind of an umbrella objection
or --

MS. RUSSELL: I think the umbrella objection is
that I don't believe the questioning is narrowly
tailored to the allegations that have been levied
against this officer. I'm anticipating that I would
have those objections, and when those questions came
up, I would just simply say "objection," and we'll
carry on so it's noted for the record. You know, if
you have any inquiries on exactly what the objection
is, that's fine, but, you know, at the outset, I
would say, you know, primarily it will be to the
relevance of whatever.

MS. ANSARI: Of the questioning. That's
understood. Okay. Thank you.

MS. RUSSELL: In addition, we want our transcript 72 hours after it's done.

MS. ANSARI: Understood. 72 hours after this interview?

MS. RUSSELL: After we are done today -- tonight.

And for the record, the outcome of this administrative investigation relates to Officer McElligott's employment, and therefore under the collective bargaining agreement and the general order, the administrative rights you were provided are appropriate. In addition, arguments being put forward in your objection today would eviscerate Garrity, and we are going to proceed as we believe we are legally entitled to.

MS. RUSSELL: I would also like to note that the contract does require, you know, affidavit, substantiating these allegations. None have been provided or represented to or have been obtained, so I would ask that if they are obtained that the Inspector General provide them to us or make a representation that no affidavits have been
obtained.

MS. ANSARI: Okay. Are you requesting an affidavit in lieu of the complaint letter we received from John Escalante?

MS. RUSSELL: Oh, this officer has never received a complaint letter, or I will certainly review the complaint letter if the Inspector General would provide it to us.

MS. ANSARI: Okay. If you request that, we can provide you the letter that Escalante received, and that's noted in the Notification of Allegations. We can provide that to you.

MS. RUSSELL: Okay. So do you want me just to hold tight until I take a look at it, or --

MS. ANSARI: We can move forward, and I can provide that to you after. It's the -- the Notification of Allegations contains what is in that letter.

MS. RUSSELL: So if we proceed and you provide me the letter after, it would have these 11 allegations from John Escalante specifically?

MS. ANSARI: No.

MS. RUSSELL: Okay. Can we go off the record?
(Whereupon, a discussion was had off the record.)

MS. ANSARI: We are going back on the record. It is 10:35 p.m.

MS. RUSSELL: I was raising the issue regarding the correspondence from John Escalante and whether these allegations were something that he raised in that letter that I or the officer have a copy of, and it was represented that -- I don't want to put words in your mouth, that these specific allegations were drafted by the Office of Inspector General and not necessarily contained in the letter. Is that a fair and accurate representation of what you --

MS. ANSARI: The exact wording in the Notification of Allegations, the listed numbered allegations, is not listed in the letter from Escalante. That's correct.

MS. RUSSELL: So there is no complainant that is raising these specific allegations against this officer? Is that a fair characterization? We would just note for the record that we are raising the objection that there is no complainant that has raised these allegations against this officer.

MS. ANSARI: We'll note that objection for the
MS. RUSSELL: Thank you.

BY THE INTERVIEWEE:

A. [redacted]

BY MS. ANSARI:

Q. And was that your cell phone number as of October 20, 2014?

A. Yes.

Q. Officer McElligott, were you summoned to given testimony before a Federal Grand Jury regarding the Laquan McDonald shooting?

A. Yes.

Q. Okay. When was that testimony?

A. I don't recall the specific date. It was May or June of 2015.

Q. Did you assert your rights under the Fifth Amendment and refuse to testify in the Grand Jury, the Federal Grand Jury?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. No.

Q. Approximately -- were you given any immunity to testify before the Grand Jury?
BY THE INTERVIEWEE:

A. No.

BY MS. ANSARI:

A. No.

Q. Were you asked questions about the Laquan McDonald shooting?

A. Yes.

Q. Did you describe the shooting incident?

A. Yes.

Q. How did you describe the shooting
incident to the Grand Jury, as best that you can
recall?

A. I described basically the beginning when
we received the call until the end. Do you need
specific --

Q. Yeah. If you can provide more detail
from what you remember.

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. From what I remember, we received a call
of holding an offender at approximately 40th and
Kildare. We --

MS. RUSSELL: Is your question what happened
that night, or is your question what did you testify
to?

BY MS. ANSARI:

Q. What did you testify to, because we will
get into kind of your recollection of that night.
If it's the same, then you can say that and we can
go into it.

A. Oh. Pretty much I told the story of the
night, of my end basically.

Q. We will get into more details of that
evening later.
A. Okay.

Q. In the Grand Jury, did the Assistant U.S. Attorney present you with any of the reports that we introduced today as exhibits in the Grand Jury?

A. No.

Q. No?

A. No.

Q. Did the AUSA ask you about your statements to the Independent Police Review Authority and your statements to Detective March?

A. No.

Q. So you said that the Assistant U.S. Attorney asked you what happened that night, but then -- correct?

A. Correct.

Q. But then didn't question you about any statements you made after the fact?

A. No.

Q. Did your testimony before the Grand Jury about the shooting differ in any way from your statements to Detective March?

A. No.

Q. Did it differ in any way from your statements to IPRA?
A. I'm sure they differed as far as what was asked. I mean, it was slightly different.

Q. In the basic substance?
A. Slightly different in the basic substance, yes.

Q. Do you recall any of the differences between your statement to IPRA and to the Grand Jury?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:
A. Not specifically. I just --

MS. RUSSELL: We can review the documents if you would like, other than the fact that you haven't provided us with the Federal Grand Jury testimony. Are you asking him based on his recollection as he sits here today if he knows if there are any differences between his IPRA statement, his Grand Jury statement, the federal interviews, news reports, anything else?

BY MS. ANSARI:
Q. I mean, if there's anything that stands out.
A. No.

Q. Okay. Prior to your testimony in the
Federal Grand Jury, did you review any of the reports we presented you today?

A. Prior to my testimony?

Q. Uh-huh.

A. Of the Grand Jury?

Q. Yes.

A. No.

Q. Did you review any other documents to refresh your recollection of what happened that evening on October 20th?

A. I listened to my IPRA statement.

Q. Okay.

A. That was --

Q. So you listened to your audio-recorded IPRA statement?

MS. RUSSELL: Do you mean before you testified before the Grand Jury?

THE INTERVIEWEE: Yes.

BY MS. ANSARI:

Q. Yes. Before, in preparation for your Grand Jury testimony, did you -- you said you listened to your IPRA statement?

A. Yes.

Q. Okay. Did you speak to federal
investigators, FBI, before you testified in the Federal Grand Jury?

A. Yes.

Q. About how many days, weeks, months before your testimony did you speak with the FBI?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. Five or six months.

BY MS. ANSARI:

Q. Five or six months before your Grand Jury testimony, you talked to the FBI?

A. Yeah.

Q. Do you remember the approximate date? So it would have been maybe January?

A. End of December, early January.

Q. What was the nature of your conversation with the FBI?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. Pretty much the same thing. They wanted to know my basic -- tell the story of what happened.

BY MS. ANSARI:

Q. Okay. Did you testify regarding the
Laquan McDonald shooting in any other Grand Jury, the State -- for the State Grand Jury?

A. State Grand Jury?

Q. Did you only testify once in the Federal Grand Jury?

A. Yes.

Q. Did you testify regarding the Laquan McDonald shooting at any other time?

A. No.

Q. Did you have any communications by phone, e-mail, or text with Officer Gaffney before your Grand Jury testimony?

A. No.

Q. Did you have any communications by phone, e-mail, or text regarding the Laquan McDonald shooting with any of the other police officers who were on scene the night of October 20, 2014?

MS. RUSSELL: At what time?

BY MS. ANSARI:

Q. Before your Grand Jury testimony?

MS. RUSSELL: At any time before, between October 20th and the Grand Jury?

BY MS. ANSARI:

Q. Regarding the Laquan McDonald shooting.
A. Regarding the shooting or regarding the Grand Jury?

Q. Either. Both.
A. I don't recall specifically.

Q. Did you speak to Officer Van Dyke regarding the Laquan McDonald shooting before your Grand Jury testimony?

A. No.

MS. RUSSELL: Objection.

BY MS. ANSARI:

Q. Did the FBI present you with any of the reports that we entered into evidence today when they were talking to you?

A. No.

MS. ANSARI: Do you have any questions regarding the Grand Jury?

MR. VALDEZ: Just a couple.

EXAMINATION

BY MR. VALDEZ:

Q. Officer McElligott, on October 20, 2014, you said your unit of assignment was 8th district?

A. Yes.

Q. Were you assigned to a beat car that day?

A. Yes.
Q. What beat were you assigned to?
A. 815 Robert.
Q. And were you with a partner that day?
A. Yes.
Q. What is that partner's name?
A. Thomas Gaffney.
Q. And can you spell that last name, G-A-F-F --
A. G-A-F-F-N-E-Y.
Q. And were you a driver or a passenger that day?
A. I was the passenger.
MR. VALDEZ: Okay.

FURTHER EXAMINATION
BY MS. ANSARI:
Q. So I'm going to move on to the night of the shooting, October 20, 2014.
You were present when Laquan McDonald was shot that night, correct?
A. I was present.
Q. Walk us through your actions immediately following the shooting.
A. Immediately following the shooting?
Q. Yeah. So just to lay it out, I want to
focus on kind of two time periods that night:

First, what happened at the scene, and then we'll go into kind of what happened at area central.

So if you could walk me through your actions immediately following the shooting towards when -- up until when you left the scene. What happened?

MS. RUSSELL: Can we go off the record.

(Whereupon, a discussion was had off the record.)

MS. ANSARI: We're back on the record. It's 10:47 p.m.

BY THE INTERVIEWEE:

A. Immediately after? I was walking up to where the shooting occurred, and I witnessed Joe Walsh kick the knife out of Laquan McDonald's hand.

BY MS. ANSARI:

Q. Okay. And then what happened?

A. We waited, basically. Somebody called for an ambulance, and we waited for the ambulance to arrive.

Q. Do you know who called the ambulance?

A. I don't know.

Q. So following the shooting, who did you
talk to at the scene of the shooting, as best as
you can recall?

A. I don't recall talking to anybody. We
just kind of waited, and then things started taking
place as far as the crime scene, protection, who
was doing what.

Q. Do you recall what officers were on the
scene when Laquan McDonald was shot?

A. Joe Walsh, Jason Van Dyke, Janet
Mondragon, Daphne Sebastian, my partner Tom
Gaffney. I'm not sure of their names, but an
afternoon car, 822. I forget both their names.

Q. Would -- Leticia Velez?

A. That sounds right.

Q. Does that sound right?

And Arturo Becerra?

A. That sounds right.

Q. I'm going to ask you a couple questions
about each of those -- oh, do you know if Dora
Fontaine was present?

A. Yes, and her partner as well.

Q. Viramontes?

A. Rick Viramontes.

Q. I'll ask you a couple questions about
each of those officers.

So you said your partner was Officer Gaffney, correct?

A. Yes.

Q. What is your relation -- how long have you two been partners?

A. Since 2013 maybe. It's been a few years. I don't know the specific date.

Q. And I didn't ask you this, but how long have you been a police officer?

A. 14 years.

Q. 14 years? Okay.

So you've been partners with Officer Gaffney since 2013. Did you ever socialize with Officer Gaffney outside of work?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. No.

BY MS. ANSARI:

Q. So your relationship --

A. Actually, yes. He came to my wedding.

Q. Okay.

A. Other than that, no.
Q. Understood.

And he was your regular partner, correct?

A. Yes.

Q. Did you rotate between him and any other partners, or was he --

A. Yes.

Q. -- your only partner?

A. My other partner is Mike Walano.

Q. Okay.

A. And he was off that day.

Q. What was your relationship with Officer Van Dyke prior to October 20, 2014?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. He was a coworker on watch.

BY MS. ANSARI:

Q. How long had you worked with him on that same watch?

MS. RUSSELL: Assumes that he worked with him.

BY MS. ANSARI:

Q. Had you worked with him on that watch for how long? How long had you --

A. We had been on the same watch probably five or six months, from what I can recall.
Q. Did you ever socialize with him outside of work?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. No.

BY MS. ANSARI:

Q. What is your relationship with Officer Walsh prior to October 20, 2014?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. Coworkers as well.

BY MS. ANSARI:

Q. Did you ever socialize with him outside of work?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. No.

BY MS. ANSARI:

Q. How long have you known Officer Walsh?

A. Since I came to the watch in 2012.

Q. What is your relationship with Officer Mondragon?

MS. RUSSELL: Objection.
BY THE INTERVIEWEE:

A. Coworkers.

BY MS. ANSARI:

Q. Did you ever socialize with her outside of work?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. No.

BY MS. ANSARI:

Q. What is your relationship with Officer Sebastian?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. Coworkers.

BY MS. ANSARI:

Q. Did you ever socialize with her outside of work?

MS. RUSSELL: Objection.

BY THE INTERVIEWEE:

A. No.

BY MS. ANSARI:

Q. Same question regarding Officer Becerra. What was your relationship with him?

MS. RUSSELL: Same objections.
BY THE INTERVIEWEE:

A. I worked with him a short period of time when I was on third watch, and then after that, no, nothing -- no socializing either.

BY MS. ANSARI:

Q. Okay. And same with -- same question regarding Officer Leticia Velez. What was your relationship with her?

A. I don't believe I've ever worked on the same watch with her.

Q. Okay. And Officer Dora Fontaine?

A. Since I came to midnights in 2012.

Q. Okay.

A. So it's been coworker.

Q. Did you ever socialize with her outside of work?

A. No.

Q. And Officer Ricardo Viramontes, did you ever socialize with him outside of work?

A. No.

Q. And how long have you worked with him?

A. Since I came to the watch in 2012.

Q. 2012.

Where were you before you came to this
watch? Oh, you were in the 8th district, but you were on --

A. I was on third watch.

Q. On third watch. Okay.

How long have you been in the 8th district?

A. Since 2007.

Q. So after Laquan McDonald was shot and before any other supporting police officers arrived, did you speak with any of the officers we just discussed on the scene?

A. No. I don't recall speaking to anybody.

Q. So who arrived -- after the shooting, who arrived next?

A. We were --

MS. RUSSELL: Can you clarify that question, who arrived next --

THE INTERVIEWEE: After what?

MS. RUSSELL: -- after the shooting as opposed to all those people who were there? That's --

MS. ANSARI: Yeah.

BY MS. ANSARI:

Q. It would have been in terms of CPD members. What I'm looking for here is, you know,
was it the sergeant and then the chiefs, the detectives, kind of what happened after once all of the supporting units started to come and do an investigation?

A. Okay. Our sergeant, Steve Franko, was what I remember -- other than those that were already there? And then you said before other exempts came, or are you talking about what I can remember?

Q. So Franko is the first person you recall being there kind of in --

A. I recall some cars being there. I don't know specifically who was on them that day.

Q. Okay. When Officer Franko arrived on the scene, did you speak with him?

A. No. Sergeant Franko.

Q. Sergeant Franko. I'm sorry. I apologize. Did you see him speaking with any other officers?

A. I saw him speaking to Officer Van Dyke.

Q. Did he speak with your partner, Officer Gaffney?

A. At a certain point, yes. We spoke with him and the detectives around the same time.
Q. Okay. I'll get to that.

Did you hear what -- you said you saw Sergeant Franko speak to Officer Van Dyke. About how long after the shooting was that?

A. Within minutes.

Q. Within minutes?

About how long did he -- he got to the scene just several minutes after the shooting happened?

A. Yeah. I don't recall how long, but it was within minutes.

Q. Did you hear what they spoke about?

A. No.

Q. Other than Officer Van Dyke, did you see Sergeant Franko speak with anyone else?

A. I don't recall.

Q. Did you see him speak with Officer Walsh?

A. No. I don't recall that.

Q. So after Sergeant Franko arrived at the scene, who else arrived in terms of supervisors or detectives?

A. I don't recall who came first or anything like that, but I do remember the detectives shortly after seeing our captain at the
Q. And who is that?
A. Captain Walsh, Dennis Walsh.

Q. Do you remember seeing a commander David McNaughton on the scene?
A. Yes.

Q. Do you know about when he arrived?
A. No.

Q. Did you speak with your captain, Dennis Walsh?
A. I spoke with him while he assisted us changing our flat tire.

Q. What did you --
A. Not in regards to the shooting. It was just kind of he was showing us where to operate the spare to come down, and he’s kind of the hands-on guy, so I guess he just assisted in that manner.

Q. Okay. So where was that? Where was the car or, I mean, in relation to where the shooting happened, where was he helping you with your car?
A. My partner parked it along the curb of Pulaski and 40th Street or 41st Street.

Q. So I think it might be a little bit easier if we go back a little.
So what I'm trying to -- as best as you can recall, kind of who did you talk to that night in a super-- -- out of supervisors and detectives kind of from the shooting to when you left to go to area central, and then we can kind of go which one by one.

A. We spoke to the detectives on the scene.

Q. Okay.

A. I don't know names. It was like two on a car, and then there were probably 30 others that I don't recall specifically, but there were several: Officers, commandrs, detectives.

Q. So you said you talked to your captain, Dennis Walsh, but you didn't talk about the shooting; he just helped you change your tire, correct?

A. Yes.

Q. And then did you speak with commander McNaughton while he was on the scene?

A. No.

Q. No.

A. Did you see him speaking with Officer Van Dyke?

A. No.
Q. Did you see him speaking with any other officers on the scene?

A. No.

Q. When you spoke with Sergeant Franko, you said that was with the detectives?

A. He was kind of around. He wasn't really in the conversation. He was just there.

Q. Did you speak with him separate from the detectives or the first -- or was he was there a separate conversation with him?

A. No, there is no conversation; it was just kind of -- I mean, it wasn't a real -- maybe he said, "Are you guys okay," or, you know, he kind of got the gist of the story as he probably overheard us telling the detectives what had happened.

Q. So was the first time on the scene that you described what happened to the detectives? Was the first time you described what happened to a detective?

A. Yes.

Q. So it wasn't to Commander McNaughton or Sergeant Franko?

A. No.
Q. Did you do any -- I know that there were a lot of witnesses or a lot of civilians around when the shooting occurred. Were you responsible for any crowd control or controlling the perimeter of the scene after the shooting occurred?

A. We were, I guess, along the crime scene tape. Not really -- not really, but sort of in the same way by our presence.

Q. Did you direct any civilian witnesses to leave the scene?

A. No.

Q. Did you see -- do you know what officers -- did you see any officers directing any witnesses to leave the scene?

A. No.

Q. Do you remember the names of the detectives you spoke to at the scene of the shooting?

A. No.

Q. You said it was more than one detective?

A. Yes.

Q. Okay.

A. It was at least two on a car that we spoke to.
Q. So you said two in a car. Was it different detectives interviewing each -- you know, the officers that we've named that were on the, Walsh, Van Dyke, Becerra, Velez, all those officers, were the detectives kind of split up and interviewing each and every one different officers?

A. I don't know who was assigned the job and who was just there for support or to see what was going on or to assist in any way. I know I gave basically an on-scene interview, which was written down in notes on the hood of our squad car, and that was the only detective that I spoke to.

Q. And you don't have an independent -- outside from what the documents say, were you aware of the detective speaking to you being Detective David March?

A. I was not aware. They didn't give you their names. They just come up to you and start talking to you.

Q. Got it. Do you remember what the detective looked like who spoke with you?

A. I couldn't tell you what they looked like. I have no idea.

Q. And you said it was only -- I apologize.
You said it was only one detective talking to you?

A. There was, like, him and his partner.

Q. Him and his partner. Two detectives.

And you can't recall what either looked like?

A. No.

Q. About how long after the shooting did the detectives approach you and talk to you?

A. It's hard to even ballpark. 20 minutes, half hour maybe, somewhere around there.

Q. That's helpful.

You said that one detective was writing notes of what you were saying on a piece of paper on the hood of his car?

A. Scratch pad, yes.

Q. Okay. And were both the detectives taking notes or was just one?

A. I recall one.

Q. You recall one. Okay.

So when you said that they were taking notes on the hood of your car, your squad car?

A. Yes.

MS. RUSSELL: He said one, not "they."

MS. ANSARI: Sorry.
BY MS. ANSARI:

Q. That person was taking notes on the hood of your squad car which was parked where?

A. It was parked along the curb on Pulaski, the southbound lanes at 41st and Pulaski.

Q. Was your partner with you when you gave your statement to the detectives?

A. Yes. We were standing next to each other.

Q. Did you give your statements at the same time kind of going back and forth, or did he give a statement and then you gave a statement, or vice-versa? How did that work?

A. I don't really recall if they asked us separately or not.

Q. But you were there when he gave his statement to the detectives?

A. Yes.

Q. And you were both standing outside of your car?

A. Yes.

Q. On the same side of the car?

A. Yes.

Q. And he was there when you gave your
statement to the detective?

A. Yes.

Q. Besides the two detectives and you and Officer Gaffney, was anyone else present for your statements?

A. I don't recall if there was -- well, I think --

Q. You said maybe Sergeant Franko was kind of in and out?

A. Maybe Sergeant Franko kind of was lingering in and out, maybe another detective maybe, whoever was writing the notes, maybe his partner.

Q. Did you recall Sergeant Franko saying anything during your statement to the detectives?

A. No.

Q. So I just want to get this clear for the record. At the time that you spoke to the detectives, before that, you hadn't spoken to anyone about what happened that evening?

A. Before I spoke to the detectives?

Q. Before you spoke to the detectives telling them your story about what happened on
October 20th, had you spoken to anyone else about --

A. No.

Q. About what happened that night?

A. No.

Q. At any time, did anyone separate you from the other officers or your partner at the scene?

A. We, my partner and I, were placed in the back of the detectives' vehicle, squad car, and kind of gave a run-down. We went back to where the call started, and they checked where cameras would be.

Q. Okay. Can you -- so when was that?

A. Shortly after we gave statements.

Q. So you gave your statements to the detectives, and then did the same detectives take you in the back of their car?

A. I don't know if it was the same ones or somebody else, because I don't recall their faces who interviewed me.

Q. But it was two detectives?

A. Yes.

Q. So two detectives after your -- about how long after your statements did they take you?
Within a couple minutes, probably.

Okay. So two detectives take you and Officer Gaffney in the back of their squad car to -- where did you go?

They said, "Where did the call start?"

And we told them where. We drove there and then kind of ran through what we were saying happened.

And as we did that, I believe they were looking on buildings to see what video footage was available.

As part of that conversation, did they identify what videos were available?

They looked. They saw a camera at the food depository. I don't recall anywhere else.

So what happened after that, after the detectives -- you drove with them and you identified cameras that might have caught the incident, including the Chicago Food Depository camera. Well, then what happened?

We waited. And I recall an evidence technician needed to be ordered to recover our tire that had been punctured by Laquan McDonald and to take a photo of the windshield which had been
stabbed by Laquan McDonald.

Q. So did the detectives drop you back off to --

A. Yeah.

Q. -- do a certain -- where did they drop you --

A. To our car.

Q. To your car. Okay. And that was still parked where, at --

A. Yes.

Q. Southbound at 41st?

A. Southbound lanes at the curb.

Q. Okay. Got it.

So about how long did you wait until the evidence technician came, approximately?

A. Maybe an hour.

Q. Okay.

A. Within an hour. They had to wait, and I don't know, it was just kind of a waiting game. We had a few things we had to do.

Q. So the evidence technician came, took a photo of your windshield and took the tire?

A. They took fingerprints as well of the vehicle.
Q. Took fingerprints of the vehicle?
A. Yeah.

Q. Okay. And then what happened?
A. I recall somebody coming and downloading our video.

Q. And about how long after the shooting did that happen?
A. Within a couple of hours.

Q. And then what happened after that?
A. We had to change our tire, so that took time.

Q. And that was when you were with Captain Walsh?
A. Yes.

Q. Had he been on the scene before that?
A. Yes.

Q. Do you know about when he arrived on the scene?
A. Probably within a half hour.

Q. And so the video was downloaded, then Captain Walsh helped you to change your tire. That was a couple of hours?
A. Yeah. He had been on the scene already and just kind of approached.
Q. And then what happened after that?
A. I remember waiting at the scene. We were considered crime scene protection until we were cleared to go to the area.
Q. What do you mean you were "considered crime scene protection"?
A. They wanted us to wait there. I don't know how many cars were there, like, making sure that nobody crossed the lines.
Q. Oh, okay.
A. For the --
Q. You were there to protect the crime scene.
A. Yeah.
Q. That's what I mean. Okay. So kind of to make sure that everyone stays behind the yellow tape, essentially?
A. Yeah.
Q. So you gave a statement to the two detectives. They wrote it down on the hood of their car, then they took you on kind of a drive to describe what was going on at the scene, and then they dropped you off.

At any other time did you talk to the two
detectives about what happened that night?
   A. No.

Q. At the scene?
   A. No.

Q. So within an hour, the evidence technician -- then after the detectives dropped you off, within an hour the evidence technician came to tie a photo of your windshield and to get your tire, correct?
   A. Yes.

Q. And then a couple hours after that was when the technician came to download the video?
   A. Somewhere in between. I don't know exactly when.

Q. Do you remember who the person was who downloaded the video?
   A. I don't believe it was a detective. There was somebody in plainclothes. I think it's -- I think it was a sergeant.

Q. Was it someone who was unusually tall; do you recall?
   A. Yes.

Q. It was?
   A. Yes.
Q. Okay.

A. I can kind of recall his call sign, but I don't know his name.

Q. Okay. Did you have any conversations with that person?

A. Not me specifically. He was kind of mumbling and cussing under his breath.

Q. Got it. Why was he mumbling and cussing under his breath?

A. I don't know if he was not able to download anything or if he was having trouble with the camera, but he was kind of cursing, and I remember him -- I remember my partner engaging, you know, why -- he said something along the lines of "People are going to get jammed up."

And then my partner said, "We downloaded" -- or "We did everything that we're supposed to."

And then he apologized, and he never realized -- my partner didn't realize that he was a sergeant, and he was kind of just screaming. It's like because he couldn't -- like, he was fumbling with the video or something with -- I don't know if he was having a hard time with it or if he didn't
know what was going on with it, but I remember him being mad.

Q. So the sergeant was mad, and then you said your partner was the one who mostly engaged him in conversation?

A. Yeah. He said something along the lines of "Well, we did what we're supposed to."

Q. Okay. So we'll get into that a little later, but we'll move on.

A. Okay.

Q. Did you see the detectives at the scene speaking to any of the other officers who witnessed the shooting?

A. Not specifically, no. I don't recall.

Q. Did you see any of the officers at the scene specifically talking to Sergeant Franko?

I know you mentioned Van Dyke, but did you see him talking to any of the other officers?

A. I don't recall that. I don't believe he was.

Q. So there was a lot of waiting going on at the scene, right?

A. Right. Yes.

Q. Did you talk to your partner about what
happened, kind of recapping about what happened
that night? Were you just --

A. On the scene, not really. We just kind
of waited it out and wondered what was going to
happen next.

Q. Did you guys fill out any forms on the
scene?

A. I don't recall that.

Q. At any time while you were on the scene,
did you hear Officer Van Dyke describe the
shooting?

A. No.

Q. Did you hear Officer Walsh describe the
shooting?

A. No.

Q. And you said at the scene the detectives
only took one statement from you, correct?

A. Yes.

Q. Did you see any FOP representatives at
the scene?

A. I don't recall.

Q. Did you talk to any FOP representatives
at the scene?

A. Not at the scene.
Q. Did you see any video of the shooting at the scene?
   A. No.

Q. Did you see anyone else watching video at the scene?
   A. No.

Q. So you didn't see Sergeant Franko watching any video or Commander McNaughton watching any video?
   A. No.

Q. So you said that after you had been at the scene for several hours, Captain Walsh helped you change your tire, and then you were guarding the perimeter and then after that was when you went to the area, correct?
   A. Yes.

Q. About how long after the shooting did you go to the area?
   A. Four hours. Five hours.

Q. Four hours? Okay.

MS. ANSARI: Do you have any questions at the scene?

MR. VALDEZ: Yes.
BY MR. VALDEZ:

Q. Immediately after the shooting, do you recall seeing -- and I know you said you were on kind of the perimeter, crowd control?

A. Yes.

Q. Do you recall seeing any officers directing civilian witnesses away from the scene?

A. No.

MR. VALDEZ: Okay. That's it.

MS. ANSARI: Okay. So now we'll move to the area.

MS. RUSSELL: Is this a good time for a little break?

MR. VALDEZ: Yeah. That's fine.

MS. ANSARI: Time is 11:20, and we'll go off the record.

(Whereupon, a break was taken.)

MS. ANSARI: We're back on the record. It's 11:26 p.m.

BY MS. ANSARI:

Q. So, Officer McElligott, we were about to talk to what happened at area central that night of the Laquan McDonald shooting. You said that you
went to area central about four or five hours after the shooting occurred?

A. Yes.

Q. Do you remember approximately what time that actually was?

A. Probably around 3:00-ish, maybe a little later. I'm not sure.

Q. How did you get to area central?

A. We drove our car.

Q. So after the tire was changed, you drove it?

A. After the tire was changed, we kept it and we drove.

Q. Okay. And you drove with Officer Gaffney?

A. Yes.

Q. Did anyone else drive with you?

A. No.

Q. Where's area central located?

A. 51st and Wentworth.

Q. When you got there, where did you go?

A. We went to the second floor detectives unit.

Q. That's the -- you said that's the
detectives unit?
A. Their unit, yes.
Q. So when you got to the second floor, then what happened?
A. We ate what was left of the pizza.
Q. So were other people already there?
A. They were there for a while before us.
Q. Okay. Who was -- so, sorry, I want to go back really quickly to the scene. Were you guys kind of the last officers there?
A. I believe so, yeah. We were probably the last initial officers.
Q. Of the people who had --
A. Right.
Q. -- been at the shooting?
A. Most involved, yes.
Q. Do you remember how much earlier the other officers who had been at the scene who had witnessed the shooting had gone to area central?
A. An hour or two.
Q. An hour or two before you.
So why? Was that because a lot more evidence needed to be taken?
A. Because we had a lot to wait for.
Q. Okay.
A. After the evidence technician, then they told us to stick around until the scene pretty much cleared.

Q. Why did -- so I understand -- this is just for background, but I understand why they made you wait for the evidence technician, because they needed to get stuff from your car, but why else would they make you wait and to kind of guard the scene? Was it just --
A. I don't know.

Q. Okay. Just kind of bad luck of the draw?
A. Yeah, we were just --

Q. Okay.
A. -- following our orders.

Q. Got it. So when you got to area central, you ate what was left of the food?
A. Yes.

Q. Who else was there at that time?
A. Jason Van Dyke, Joe Walsh, Daphne Sebastian, Janet Mondragon, Rick Viramontes, and Dora Fontaine, as well as, I think, 822, Becerra and Velez.

Q. Velez?
A. Yeah.

Q. And they were there. Okay. So you recall, you independently recall this --

A. And Steve Franko.

Q. And Steve Franko?

A. Yes.

Q. Sergeant Franko?

A. Sergeant Franko.

Q. So you independently recall seeing all of these officers there at the --

A. Yes.

Q. -- area central?

A. Yes.

Q. And they were all there before you and your partner got there?

A. Yes.

Q. Did you talk with any of these officers about what you saw that night in terms of the shooting?

A. No.

Q. What did you talk about with the officers?

A. Didn't really talk to them. We all kind of had kind of our own thing going on. We were taken away from everybody. An evidence technician
came there as well and took our fingerprints with, like, real ink, not like a computer but with real ink, and they took a photo of us as well in a side room --

Q. Okay. So you said --

A. On the unit.

Q. I apologize. I interrupted you. What did you say?

A. In like a side room on the unit. I don't know if it was an interview room or just a holding cell.

Q. That was in the second floor?

A. A holding area. Yeah.

Q. So you got there, you ate, and then what happened?

A. They did that with the fingerprints, and then we kind of waited for IPRA to arrive.

Q. How long did you wait before your IPRA interview?

A. I think it was around 4:00-something, so we were kind of just waiting for each person to give a statement, and then we gave ours. So --

MS. ANSARI: I think we have a time on the statement.
THE INTERVIEWEE: As far as when I gave it 
versus how long did it take for IPRA?

BY MS. ANSARI:

Q. Oh, no. I just wanted to actually know 
how long you waited before you gave your IPRA 
statement. It looks like it's about 4:51.

A. I'm not sure when we arrived, but it was 
kind of a line of people giving interviews.

Q. Okay. So Van Dyke, Walsh, Sebastian, 
Mondragon, Viramontes, Fontaine, and Becerra, were 
they all and you and Officer Gaffney kind of all in 
a main room on the second floor? Where were you 
guys all actually located?

A. There is a -- basically, a giant office 
with rows of computers, and we were all kind of 
just scattered in those rows with those seats.

Q. Okay. So it wasn't like --

A. They're like cubby-holes. So we were 
just kind of wandering the area.

Q. Okay. Got it. So it wasn't like 
you -- was there kind of a central conference room 
that you guys were all using, or you were just kind 
of scattered?

A. No. It was just one big room.
Q. And where was Sergeant Franko during this whole time?
A. Same area.

Q. Was Commander McNaughton there?
A. He may have stepped in and out. I've seen him a couple times, but I don't recall him hanging around like we were.

Q. Okay.
A. I don't know where --

Q. And did you have any -- I apologize.

Sorry.
A. I don't know where he was mainly during that time, but --

Q. Did you have any conversations with Commander McNaughton that night?
A. No.

MS. RUSSELL: At the area.

MS. ANSARI: At the area, yes.

THE INTERVIEWEE: No.

BY MS. ANSARI:
Q. Did you have any conversations with Sergeant Franko that night?
A. At the area or all night?

Q. At the area. So we already talked about
[110x655]· 1· · your conversations --
[110x632]·2· · A. The scene.
[110x609]·3· · Q. -- with him on the scene. So now we'll
[110x586]·4· · just -- well, at the area.
[110x310]·5· · A. Okay. I don't recall any conversations
[110x34]·6· · other than hanging around, nothing about the
[110x11]·7· · shooting or anything, no. We were kind of just
[110x-12]·8· · done with talking at that point. We were just
[110x-288]·9· · waiting for the next --
[110x-564]10· · Q. Procedural move?
[110x-587]11· · A. -- part of -- yeah.
[110x-610]12· · Q. Did you talk to any detectives at the
[110x-886]13· · scene?
[110x-1162]14· · A. At the scene?
[110x-1185]15· · Q. At the area.
[110x-1208]16· · A. No.
[110x-1484]17· · Q. Okay. Did you see the detectives, any
[110x-1760]18· · detectives, talk to any of the other police
[110x-1783]19· · officers who had witnessed the shooting at the
[110x-1806]20· · area?
[110x-2082]21· · A. I recall them looking at a video and --
[110x-2358]22· · the video of Dunkin' Donuts, I believe, and
[110x-2381]23· · everybody was kind of over the shoulder.
[110x-2404]24· · I remember them specifically talking to either Joe
Walsh or Jason Van Dyke.

Q. Okay. So you saw detectives speaking to Jason Van Dyke and Joseph Walsh, or --

A. I'm not sure if they were both there or if they took them separately, but they were kind of watching a Dunkin' Donuts video, and it was on one computer, and several people were kind of like trying to peek at what it showed.

Q. What it was showing. Okay.

Do you know which detectives?

A. No.

Q. No? Okay.

Were any of the other police officers watching that video besides Walsh and Van Dyke?

A. I can't recall specifically, but there probably would have been a couple.

Q. Did you or your partner Officer Gaffney watch that video over the shoulder?

A. I over the shoulder, from what I could see, I didn't see very much, but --

Q. Do you know when they retrieved that video?

A. No.

Q. Do you know, what was everyone saying
about the video as they were watching it?

A. They were trying to see where they were
in relation to Laquan McDonald, I guess.

Q. Where who was?

A. Where -- I think they were talking to
either Joe or Jason, and they were trying to see,
like, when it began, kind of like an instant
replay.

Q. Okay.

A. What they could see from the beginning
to end and where everybody was standing.

Q. So was this conversation more Walsh and
Van Dyke explaining what happened to the
detectives, or was it the detectives saying, you
know --

A. They were kind of running through, yes.

Q. Okay. They were running through kind of
almost what had happened while looking at the
video?

A. Yes.

Q. Was any other video watched at the area
that you're aware of?

A. No.

Q. So not any --
A. I don't recall --

Q. Sorry. Go ahead.

A. I don't recall another video besides the Dunkin' Donuts.

Q. So you don't recall a video from any of the police officers' dash camera videos, such as 813R --

A. No.

Q. -- being shown that night?

A. Not on -- no.

Q. Okay. And you said you watched the Dunkin' Donuts video over one of detectives' shoulder, correct?

A. Sort of, yeah, what I could see.

Q. What you could see?

A. I wasn't the main person involved, so --

Q. So when the detectives were watching the video with Van Dyke and Walsh, did they make any conclusions about what they saw? Did they say, you know, "Okay, it looks like he was going towards you guys," anything like that?

A. I think they were focused on the officers' actions. They were saying -- I remember
them saying that Joe was back-pedaling at one
point. You could see, you could sort of see, but
it wasn't a great video, so --

Q. Okay. So you said that the detectives
mentioned that the video kind of showed that Joe
was back-pedaling?

A. Joe back-pedaling or Jason or both, I'm
not sure specifically, but I remember that being
sort of a topic.

Q. And that was something you heard the
detectives bring up, correct?

A. Yes.

Q. And when you heard the conversation that
Walsh and Van Dyke were having with the detectives,
did you hear them redescribing kind of what
happened that night?

A. So --

Q. Or was it more the detectives?

A. I don't recall anything further than
that they were kind of just back and forth
rewinding and showing again.

Q. And the detectives were saying --

A. Their placement on the scene.

Q. -- "Okay, look. It looks like you're
back-pedaling here"?

A. Yes.

Q. And they're agreeing with him?

A. Yes.

Q. So did you ever complete a Tactical Response Report or an Officer's Battery Report regarding the incident, the October 20th incident?

A. No.

Q. You know we're aware from your statements about what happened before the shooting and you following McDonald for quite some time and him --

A. Right.

Q. -- hitting the windshield and puncturing the tire.

Why did you not file a Tactical Response Report or an Officer's Battery Report?

A. They said because I was outside of the car, I wasn't considered to be a victim.

Q. Okay.

A. During the attack of the car, basically.

Q. Got it. Understood.

A. My partner was inside, so they said, "Since you were outside and he attacked the vehicle while he was in it, not you, you're not a victim."
You don't have to fill this out."

Q. So who said that?
   A. Detectives and Sergeant Franko, as far as I know.

Q. So you are aware that your partner, Officer Gaffney, did fill out a Tactical Response Report and an Officer's Battery Report, correct?
   A. I don't recall both of those. I remember him filling out a TRR.

Q. A TRR. Okay.
   Can you explain for the record what a TRR is?
   A. Basically, if you take any action using weapons, you have to fill it out.

Q. If the officer --
   A. Either as -- well, I'm not -- I don't fill them out often, so --

Q. Okay. From what you know, it's just --
   A. Basically, if there was some sort of resisting involved, it's kind of just describing what actions they used and you took to counter them.

Q. Okay.
   A. It's a bunch of boxes that need to be
Q. Okay. And you said that either detectives or Sergeant Franko told you you did not need to fill out either of these forms because you weren't considered a victim, correct?

A. Correct.

Q. Did you talk to anyone else besides the detectives or Sergeant Franko about filling out these forms?

A. No.

Q. So we kind of got to this. I just want to make it a little bit clear.

So how come Officer Gaffney was required to fill out the Tactical Response Report -- and he did also fill out an Officer's Battery Report -- but you weren't? You said you weren't --

BY MS. ANSARI:

Q. You were considered -- you weren't considered a victim, but he was. And why is that?

MS. RUSSELL: That wasn't his testimony. He didn't testify regarding what Gaffney was told or -- at least not to my recollection.
MS. ANSARI: You can answer the question.

BY THE INTERVIEWEE:

A. I thought I just explained it.

BY MS. ANSARI:

Q. Why do you think Officer Gaffney was required to fill out those forms?

A. Because he was inside the car, and he was perceived as being threatened by Laquan McDonald with the knife, an aggravated battery victim.

Q. Are you aware of any other officers filling out Tactical Response Reports or Officer Battery Reports that night?

A. Jason Van Dyke did for sure. I don't recall anyone else.

Q. Do you know if Officer Van Dyke was --

A. Did you say battery reports or the TRR?

Q. Both. Either.

A. I do know that Jason Van Dyke, Joe Walsh, and Tom Gaffney were listed as victims in the aggravated battery with a knife.

Q. Were those three officers -- are you aware of those three officers being told to fill out those reports by anyone?
A. I was aware that I didn't have to.

Q. Okay.

A. And I knew they were filling them out, so --

Q. Do you know who told them to fill out those reports?

A. I believe they were -- Sergeant Franko was having them fill them out.

Q. Okay. When the detectives were talking to Walsh and Van Dyke about the Dunkin' Donuts video, did it seem like they were trying to tell Officers Walsh and Van Dyke what to say?

A. No.

Q. Okay.

A. I don't recall specific conversations though.

Q. So IPRA interviewed you about the McDonald shooting, correct, that night?

A. Yes.

Q. And that interview took place at area central?

A. Yes.

Q. Who is present during that interview?

A. Dan Herbert, attorney for FOP, and a
Q. How long was FOP -- you said you didn't see FOP at the scene of the shooting, correct?
A. I don't recall them at the scene.

Q. But when did you first see FOP reps, Dan Herbert or any attorneys or representatives, at the area?
A. Sometime in between when we were giving fingerprints and pictures and when we actually gave the interview.

Q. Okay.
A. I don't recall a specific time.

Q. Did you see any FOP reps talking to the other officers?
A. I recall one being there. I don't recall the specific time or who they spoke to. Maybe Jason was spoken to by FOP and by the lawyer, Dan Herbert.

Q. Okay. Did you see any FOP reps helping Officers Walsh, Van Dyke, or your partner Officer Gaffney fill out the Tactical Response Reports or Officer Battery Reports?
A. No.
Q. Did you have any conversation with an FOP rep before your interfere, your IPRA interview?
A. No.
Q. Or Dan Herbert?
A. Not really. It was kind of just relax, give a statement, kind of give a run-down of how it's going to go. I mean, it was basically what everybody did all night. It was like, "This is what is going to happen next."
I've never been in this situation, so those of us that don't normally do this, they kind of said, "Well this is what happens, go to this and that," kind of gave a --
Q. Okay. So what --
A. -- description of what happens now during these incidents.
Q. Okay. So did you speak with FOP rep before any -- before you spoke with IPRA, did you speak with FOP rep about what you actually saw that night, kind of the substance of what occurred?
A. I don't recall anything specific, any specific conversations.
Q. But they procedurally went over what would happen in the interview?
A. Right.
Q. You said -- is this the first police -- is this the first shooting you've witnessed, police-involved or not, just any shooting?
A. That I can recall. I don't remember being as close to one outside of this.
Q. And is this the first officer-involved shooting you've --
A. Yes.
Q. -- been involved -- okay.
Did you have any conversations with your partner Officer Gaffney regarding what happened that night and your interactions with Laquan McDonald before your IPRA interview?
A. No, I don't recall any conversations.
Q. Did you make any attempts to ensure that the statement you were going to provide to IPRA was consistent with the statements provided by the other officers who were present at the McDonald shooting?
A. No, there was no pre-discussion. We just went in when it was our turn.
Q. Okay. Prior to your IPRA statement, were
you pressured in any way to make your IPRA statement consistent with the statements of the officers present at the scene?

A. No.

Q. After your IPRA statement -- sorry. I just want to go back a little bit.

When you were at the area, you said that you guys were waiting around to watch the video, you got fingerprints taken and pictures taken in a separate room?

MS. RUSSELL: He did say he looked over the shoulder while the video was playing and he did not see it all. He didn't watch the video.

MS. ANSARI: Right.

MS. RUSSELL: Let's just make sure.

MS. ANSARI: Thank you for correcting me.

BY MS. ANSARI:

Q. Before you gave your IPRA statement, did you guys do anything else, or was it you were mostly just waiting?

A. We were just waiting.

Q. After your IPRA statement, what did you do?

A. We waited until we were told we were
able to leave. We all filled out overtime slips, and then we left.

Q. So was the time after your IPRA statement before you were -- how long was the time period between after your IPRA statement before you were told you could leave?

A. A couple of hours.

Q. Why weren't you told you could leave right away? What else needed to be done?

A. They were giving other people interviews, or they were doing other interviews, IPRA, after myself.

Q. Okay. Why did they make you wait until the other interviews were done?

A. I don't know. In case they needed us, I guess.

Q. What time did you leave area central?

A. I don't recall a specific time.

Q. Did you leave with your partner Officer Gaffney?

A. Yes.

Q. Where did you go after you left?

A. We went across the parking lot to try to get a new spare tire.
Q. And then where did you go?
A. We went -- after not getting a spare
tire, we went in another district.

Q. And then you went home?
A. Yes.

Q. Do you know what time you got home that
morning?
A. I don't recall the specific --

MS. RUSSELL: Objection. Relevance.

BY THE INTERVIEWEE:
A. I don't recall.

MS. ANSARI: Do you have any questions about
the area?

MR. VALDEZ: Sure.

FURTHER EXAMINATION

BY MR. VALDEZ:

Q. And I'm sorry to back you up on this just
a little bit, but what jobs were you given that
night, if you recall any of those jobs?
A. What jobs.

Q. From dispatch. Yeah, what calls were you
placed on that night? So was the call --
A. This was the first one.

Q. Were you placed on another call for,
like, the crowd control? Did they ever assign you
to a job?

A. No. They just update that original
call.

Q. Okay. And then when you received the
order or the call to go to the area, how did you
receive that order or call?

A. I don't remember.

Q. Did you --

A. Somebody on the scene, the supervisor on
the scene, said go ahead and go.

Q. Okay. Just -- got it.

And you said when you were at the area
that you were separated from everyone, you said "we
were," and by "we," do you mean yourself and your
partner?

A. Yes.

Q. Okay. And do you recall what room they
took you to? Were you guys together?

A. I can recall the room. It was a very
empty room. It was a small room with white walls.

Q. So they take your picture and your
partner's picture as well as fingerprints, correct?

A. Fingerprints.
Q. And after that, are you returned then to the -- we'll call it the --

A. Main room.

Q. -- main area?

A. Yes.

MR. VALDEZ: Okay.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. So now I would like to provide you with Exhibits 6 and 7.

(Whereupon, documents were tendered to the Interviewee and counsel.)

MS. ANSARI: Exhibit 6 and Exhibit 7.

BY MS. ANSARI:

Q. Now, Exhibit 6 is titled Case Supplementary Report. Do you know what a Case Supplementary Report is?

A. Specifically with this title?

Q. Yeah. What is it generally, like, how is it used in CPD?

A. It's kind of like an additional page, I guess. A regular supplemental one, I don't know if there's a difference between case supplemental or a -- we have supplementary reports in our
station, but they don't look like this. They're paper, and that's basically it.

Q. Okay. What is the purpose of a Case Supplemental Report?

A. It's, I guess, to keep things together but also separate.

Q. Okay. Exhibit 7 is a General Progress Report. Do you know what -- I am going to call it a GPR, but do you know what these are?

A. These are detective reports. I always thought they were just a note pad, but they're an actual report.

Q. Okay. So this is what the detectives used at -- is this what the detectives take their notes on?

A. Yes, I believe so.

Q. Okay. Now let's go through Exhibit 6. That's the Case Supplemental Report. If you turn to page 12, towards the bottom you'll see your statement, and it goes to page 13. Can you please review your statement and let me know when you're ready.

A. Okay.

Q. I just want to go over a couple of these
sentences line by line, and then I'll ask you some
general questions.

A. Uh-huh.

Q. So if we go to page 13, the first full
paragraph, "When McDonald ran eastbound through the
parking lot of the Burger King, Officer McElligott
ran after McDonald and pursued."

Did you make this statement to the
detectives on the night of October 20, 2014?

A. I don't recall specifically these words,
but I gave kind of an overall run-down of what
happened.

Q. Okay. So for a couple of these
sentences, I'm going to ask you just to go -- to
give you a heads up --

A. Okay.

Q. -- two questions: Essentially, did you
make that statement, and is that statement
accurate.

So you say you don't recall necessarily
making that statement, but is that statement
accurate?

A. It's mostly accurate.

Q. What is -- when you say "mostly," what's
not accurate about it?

A. There's less detail as to where I was, the proximity of where I was during this.

Q. What do you mean? So what's the more detail that should be included?

A. Well, I ran after him, and there was traffic coming on Pulaski. There's a ramp for the Stevenson, and it was coming down, and when I turned the corner, when I actually got to Pulaski, which I didn't go into the street until I got to the light, so specifics as far as when it says "ran out into the middle of Pulaski" --

MS. RUSSELL: Are you still -- are you on the first sentence?

MS. ANSARI: Well, I'm still on the first sentence, but we can go into --

MS. RUSSELL: The first sentence first.

BY MS. ANSARI:

Q. Yeah. So we'll kind of take this in pieces.

The first sentence, "When McDonald ran eastbound through the parking lot of the Burger King, Officer McElligott ran after McDonald and pursued," is that --
A. That is accurate.

Q. That is accurate. Okay. And do you recall saying that to the detectives?

A. Yes.

Q. Okay. Now, the second sentence, "McElligott ran out into the middle of Pulaski Road in pursuit of McDonald," do you recall saying that to the detectives?

A. No.

Q. And is that statement accurate?

A. It's somewhat accurate.

Q. Okay. And what is the more -- and I know you were describing this. What is the more detail that should be included?

A. I was on the sidewalk once I got to Pulaski, and I followed up until I reached -- there's a light at 41st Street.

Q. Okay. So where it says, "McElligott ran out to the middle of Pulaski road in pursuit of McDonald," that is only somewhat correct because you actually --

A. I didn't reach the middle of Pulaski until seconds later. When I reached the light, the light was turning green and traffic was -- I was
expecting traffic to come to the scene. There were also squad cars congested in the area as well as coming toward me. And just details, some details are missing.

Q. Okay.
A. It's a very strong summary, shortened summary.

Q. Yeah. So what do you mean that's a strong or shortened summary?
A. Because they go right into the shooting when, in my mind, a couple of things happened prior to that.

Q. So yeah. So essentially is this what you're saying -- and I'm paraphrasing. Please tell me if I'm wrong. It says, "McElligott ran into Pulaski in pursuit of McDonald, then McElligott heard multiple gunshots." Essentially, in between those two sentences, you said --

A. There's seconds missing. I was at the light. I waved a car ahead of me, and it did a U-turn in front of me. I heard the shots, and then after I started hearing the shots and saw that traffic was being blocked -- because I believe 821 Robert completely cut off traffic at 40th Place, I
think it is.

Q. Okay. Okay.

A. So I -- there was a pause that was missed in this. I paused and then turned to walk toward the scene.

Q. Do you have any guess on why those statements are missing from this CSR?

A. I don't know. They're different -- they're very brief and they're written statements, so it's kind of -- I don't know specifically. I mean, they're not the same. It's not transpired from written to typed. So however the statements were made. Slightly different. I don't know. They hit on, like, bullet points in the written and then kind of -- kind of did their thing, and it's perhaps misinterpretation or -- I don't know.

Q. Okay.

A. My details may not be as important details in the overall scheme of the whole situation.

Q. So let's go back to -- let's go to the next statement.

So there are a couple seconds missing,
but then when it goes to "McElligott heard multiple
gunshots but did not see who fired the shots," did
you say that to the detectives?
  A. Yes.
  Q. And is that what happened?
  A. Yes.
  Q. Or is that accurate?
  A. Mostly accurate.
  Q. Why is that just -- that sentence mostly
accurate?
  A. Because I didn't see who was shooting,
but there were reasons why. In the summary, that's
accurate, yes.
  Q. But you said you didn't -- you said you
didn't see the shooting, so that's accurate, but
there was a reason why, which is not included in
here?
  A. I don't recall -- I had reasons why, but
like I said, they bullet-point things, whether they
were said and written down or it was just the
note-taking that I took as notes.
  MS. RUSSELL: I think at the end of the day, he
has no idea why detectives write what they're
writing. He can't guess why they're doing. He's
trying to explain to you why notes are done, why it
gets into the reports. At some point --

MS. ANSARI: Right. I understand that.

BY MS. ANSARI:

Q. So what I want to know is what happened.

So why didn't --

MS. RUSSELL: So just ask him what happened.
He'll tell you.

BY MS. ANSARI:

Q. When you said you didn't see the
shooting, but there were reasons why, what were
those reasons?

A. I was facing northbound when I first
heard the shots. I was stopped at the light.
There were squad cars coming at me and turning
around. And the Mars lights that we have now are
so bright that you can't see very far ahead or next
to them. One drove by me. I couldn't see their
VIN tag if I wanted to because they're just so
bright. And I was approaching the scene while
shots were being made.

Q. Okay. Mars lights are the --

A. The blue lights on the top.

Q. Okay.
A. They're like LED now, so they're extremely bright.

Q. Okay. Got it. So the next sentence in the statement says, "The gunfire was continuous, one shot after another."

Did you say that to the detectives?

A. I don't know specifically if that was my statement, but it was mostly accurate that what he wrote down, or it was accurate.

Q. That was accurate?

A. Yeah.

Q. That statement. Okay.

A. Verbatim, I don't know.

Q. Okay. Understood.

And then the next statement is "McElligott then saw McDonald lying on the ground"?

A. Yeah.

Q. Did you make that statement?

A. Yes.

Q. And is that statement accurate?

A. Yes.

MS. ANSARI: So I think we're going to show the video right now, Jennifer. Do you want to take a break, or do you want to just go straight into it?
MS. RUSSELL: Let's do it.

MS. ANSARI: Okay.

MS. RUSSELL: Which video?

BY MS. ANSARI:

Q. So I am now going to show you a portion of the video that was recovered from the in-car video system of the beat 813R vehicle. This is one of the videos that the Office of the Inspector General provided to Officer McElligott on April 21, 2016 on a DVD. Raul is going to --

MS. ANSARI: Well, you did.

MR. VALDEZ: Well, I'm sorry.

MS. ANSARI: Raul is going to open the VOC media file titled video_ts.ifo on his laptop, and we will project it onto the screen here. The file contains 6 minutes and 5 seconds of footage. The video also has a timestamp on it indicating the date and time the video was recorded. We are going to advance the video to timestamp --

MR. VALDEZ: 4:10?

MS. ANSARI: 4:10? The VOC media bar actually, we're going to advance the VOC media bar time to 4:10.

Now, Officer McElligott, I'm going ask
that you watch the next 20 or 30 seconds of footage, and then we'll ask you a couple questions.

(Whereupon, a video was shown.)

MS. ANSARI: Could we pause there?

I apologize.

MR. VALDEZ: Sure. How far back do you want us to go?

BY MS. ANSARI:

Q. Officer McElligott -- you can pause here -- do you know which car this is shown in the video, which beat?

A. I do now.

Q. Okay.

A. It's 845 Robert.

(Whereupon, a video was shown.)

MS. ANSARI: Now pause here.

BY MS. ANSARI:

Q. Officer McElligott, if you see, now we're at timestamp 4:18. Is that you running behind the --

A. Yes.

Q. -- police SUV? That's you?

A. Yes.

Q. Okay. And what car is in front of you
right there?

A. 845 Robert.

Q. That is 845 Robert. Okay. And that is, for the record, you running through the Burger King parking lot, correct?

A. Yes.

MS. ANSARI: Okay.

(Whereupon, a video was shown.)

MS. ANSARI: Can we pause right here.

BY MS. ANSARI:

Q. So we don't see you on the video. We see you running and then --

A. Then I stop.

Q. Then 813R goes around. And what I'm wondering is where did you -- as best as you can describe, where did you stop? You were running through the parking lot, you said, and then you stopped?

A. I stopped at the sidewalk.

Q. Where was it? At the sidewalk. Okay. And you said that was at the 41st Street light?

A. That light, I believe, is 41st Street.

That is not 40th Place.

Q. Okay.
A. That's kind of a short block.

Q. Oh, that light is -- you said that's 40th?

A. It's like an extra light. So it's, like, 40th Place or 41st Street. I don't know. I'm not sure.

Q. And you said you stopped because there was traffic coming, correct?

A. There was traffic building at the bottom of the ramp that's behind this officer.

(Whereupon, a video was shown.)

MS. ANSARI: Let's pause right here.

BY MS. ANSARI:

Q. At this point, are you still stopped where you said you were at the --

MS. RUSSELL: At 4:35?

BY MS. ANSARI:

Q. Yes. At 4:35, where were you?

A. I was walking toward the light.

Q. Okay. And could you --

A. On the sidewalk.

Q. Okay. And could you see McDonald in the
video?  At 4:35, McDonald is in the middle of Pulaski kind of on the left of the median?
  A. I don't recall seeing where he was.
  Q. You don't recall seeing him --
  A. I don't recall, because this car is here (indicating), and then I was -- like I said, the Mars lights on top, I don't recall seeing this position.
  Q. Okay. So what I want to do --
  MS. ANSARI: If we can go back a couple seconds, Raul.

BY MS. ANSARI:

  Q. I'm wondering if you could describe to me kind of when is -- when --
  MS. ANSARI: That's actually fine.

BY MS. ANSARI:

  Q. When you stopped being able see McDonald, if you could point it out on the video. Just tell us to pause, and we can do that.
  MR. VALDEZ: So just let me know, "Pause," and I'll click it.
  MS. RUSSELL: So what exactly is the question you're asking him?
BY MS. ANSARI:

Q. What I want to know is when you lost McDonald from your sight.

A. Yes.

Q. That's a bad way of wording that.

A. Okay.

(Whereupon, a video was shown.)

THE INTERVIEWEE: I would say right here.

MS. RUSSELL: At 4:29.

MS. ANSARI: At 4:29.

THE INTERVIEWEE: Or a second later or something, somewhere around there.

BY MS. ANSARI:

Q. Okay. Got it. And then we're going to keep playing, and then if you could tell me when you were able to see what happened, when was the next you were able to see what happened if it's in the video.

(Whereupon, a video was shown.)

BY THE INTERVIEWEE:

A. Probably somewhere around here is when I turned around.

BY MS. ANSARI:

Q. Okay. So did you see McDonald being --
MS. RUSSELL: At 4:48?

MS. ANSARI: At 4:48, for the record.

BY THE INTERVIEWEE:

A. I don't recall seeing him actually fall or not. I remember him being on the ground, and I was walking then down the middle of Pulaski.

BY MS. ANSARI:

Q. Okay. Did you see Officers Walsh and Van Dyke exit their vehicle?

A. No.

Q. Did you see them -- and you did not see who shot Laquan McDonald?

A. I could not see that far.

MS. ANSARI: Okay. This is the last video. Go back a couple seconds.

(Whereupon, a video was shown.)

BY MS. ANSARI:

Q. So this squad car, if we can keep going, do you know what the squad car is that's facing McDonald, that one right there?

A. That one is 22 afternoons.

Q. Okay.

(Whereupon, a video was shown.)
BY MS. ANSARI:

Q. And you'll notice at 441, 822 goes out of the screen?
A. Yes.

Q. Where is that? Why does 822 go?
A. They come around and do a U-turn in front of me after 813 Robert stops. He's turning in front of me. I wave him. I hear the shots and I look up at the light, and my concern was traffic coming toward gunshots.

Q. Okay. Understood. And so and you said the lights of the vehicle were so bright. It was that was one contributing factor of not being able to see?
A. It's a contributing factor, yes.

Q. Which lights were the ones that were directly in your vision?
A. Probably mostly 813 Robert and 22 afternoons as they were both between Laquan McDonald and myself.

Q. Got it.

MS. RUSSELL: Two times? Right between?
THE INTERVIEWEE: They didn't have a top over their head. It was two regular.
MR. VALDEZ: Would you like me to back up so you can see the vehicle?

MS. RUSSELL: No. I'm just trying to see between them.

THE INTERVIEWEE: The one that came this way. There were two.

MS. RUSSELL: Yeah. Right.

MS. ANSARI: Do you have any questions about the video?

MR. VALDEZ: Yes.

FURTHER EXAMINATION

BY MR. VALDEZ:

Q. I just want to make sure I have a good understanding of what happened after you turned the corner onto Pulaski. So you're running in a northeast direction through the parking lot, correct -- excuse me, southeast direction through the parking lot?

A. Yes.

Q. You get to Pulaski and the Burger King, we'll call it. At this point, you said you're walking on the sidewalk?

A. Once they went over the curb after him,
after Laquan, I stopped and looked at oncoming

Q. So you look at southbound traffic?

A. Yes.

Q. On Pulaski.

You said the traffic was starting to

build up at the end --

A. There was a light almost ready to

change, from what I can recall.

Q. Okay. And I know you said that you were

facing northbound at the light when the shots were

fired initially; is that correct?

A. My -- I was facing -- I was facing

northbound.

Q. So you're looking at the traffic coming

towards you?

A. I'm essentially blocking the light.

Q. Okay. So your concern is traffic heading

towards the scene?

A. The scene.

Q. And as opposed to looking at McDonald and

the confrontation between --

A. I turned my attention away. There were

several blue lights coming, and then I heard shots.
Once I saw that traffic was blocked is when I
turned around to go toward the shots.

Q. Toward the confrontation, we'll call it?
A. Yes.

MR. VALDEZ: Okay.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. So I want you to go back to the Case
Supplemental Report and look at the statements
attributed to Officer Gaffney. Actually, you know
what? I'm sorry. Can we go back through to your
statement? And you read your whole statement. We
didn't ask you about all of the statements that are
attributed to you.

Are there any other statements in here
that you think are incorrect or didn't happen,
characterized incorrectly?

MS. RUSSELL: You're talking about only his
statement?

MS. ANSARI: Only his statement.

BY THE INTERVIEWEE:

A. It was probably on this, and this I'm
not so --

MS. RUSSELL: Yeah.
BY THE INTERVIEWEE:
   A. I thought that's accurate.

BY MS. ANSARI:
   Q. Okay. If you could take a look at the statement attributed to your partner, Officer Gaffney, so that starts at page 11 and goes to page 12. And I want to know if there's anything incorrect in that statement.
   A. The address is approximate. I think it was just shy of 41st Street.
   Q. Okay. Where it says 40th Street from Kildare?
   A. Yeah, it was -- I think we were on 40th, and there's a yard that's connected to 40th. It starts at 40th and goes probably until 41st Street.
   Q. Okay.
   A. So somewhere in between there.
   Q. Right.
   A. It seems to be accurate.
   Q. All right. So I'm going to go through -- so you said that your partner's statement appears to be accurate, correct?
   A. Yes.
   Q. I'm going to go through the allegations.
And so this is going to be repetitive of what we just talked about. I'm going to go through the allegations listed in your Notice of Allegations and just ask you for a response to each allegation.

MR. VALDEZ: Officer, could I get those exhibits back, please.

(Whereupon, documents were tendered to Mr. Valdez.)

MR. VALDEZ: Here's the Notice.

(Whereupon, a document was tendered to the Interviewee.)

BY MS. ANSARI:

Q. "It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated that you heard multiple gunshots but did not see who fired the gunshots."

What is your response to that allegation?

A. I heard multiple shots and did not see who fired the shots based on different reasons.

Q. Okay.

A. That we've discussed.

Q. All right.

MS. RUSSELL: Can we take a quick break?
MS. ANSARI: Yeah. Sure. We are going off the record. It is 12:23 a.m.

(Whereupon, a break was taken.)

MS. ANSARI: We'll go back on the record. It's 12:25 a.m.

BY MS. ANSARI:

Q. "It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated you heard multiple gunshots but did not see who fired the gunshots."

What is your response to that statement?

A. It is not false, and I did not see who fired the shots.

Q. Okay. "It is alleged that on or about October 20, 2014, you made a material omission when you failed to tell Detective March that McDonald changed the direction in which he was walking prior to the shooting."

What is your response to that allegation?

A. I was not able to see what had happened immediately prior to shooting.

Q. "It is alleged that on or about October 20, 2014, you made a material omission when
you failed to tell Detective March that
Officers Walsh and Van Dyke moved toward McDonald
prior to the shooting."
What is your responses to that allegation?
A. I did not make a material omission.
I did not see the officers' actions just prior to
the shooting.
Q. "It is alleged that on or about
October 20, 2014, you made a false statement during
an interview with Detective March when you stated
that the gunfire was continuous, one shot after
another"?
A. I did not make a false statement. I did
hear the gunshots continuous, one after another.
Q. "It is alleged that on or about
October 20, 2014, you made a false statement during
an interview with Detective March when you stated
that Officer Van Dyke continued to shoot McDonald
after McDonald fell to the ground" -- I apologize.
"It is alleged that on or about
October 20, 2014, you made a material omission
during an interview with Detective David March when
you failed to state that Officer Van Dyke continued
to shoot McDonald after McDonald fell to the

ground."

A.  I don't --

Q.  What is your response?

A.  I don't recall specifically continuing
to shoot.  I don't recall that.  So I did not make
a material omission because I don't recall that
happening.

Q.  "It is alleged that on or about
October 21, 2014, you made a material omission
during an interview with IPRA Investigator Killen
when you failed to state that Officers Walsh and
Van Dyke moved towards McDonald prior to the
shooting."

What is your response to that allegation?

A.  I did not make a material omission
because I did not see the officers' actions just
prior to the shooting.

Q.  "It is alleged that on or about
October 21, 2014, you made a material omission
during an interview with IPRA Investigator Killen
when you failed to state that McDonald changed the
direction in which he was walking prior to the
shooting"?
A. I did not make any material omission because I did not see specifically what had happened just prior to Laquan McDonald being shot.

Q. "It is alleged that on or about October 21, 2014, you made a material omission during an interview with IPRA Investigator Killen when you failed to state that Van Dyke continued to shoot McDonald after McDonald fell to the ground."

What is your response to that allegation?

A. I did not make a material omission because I do not recall Officer Van Dyke continuing to shoot after he fell to the ground.

MS. ANSARI: Okay. So we're going to move on to questions regarding the dash camera system and eventually the allegations alluding to that. Investigator Valdez is going to lead the questioning in this section.

FURTHER EXAMINATION

BY MR. VALDEZ:

Q. Officer McElligott, are you aware that vehicle 815 Robert to which you were assigned on October 20th, are you aware of the vehicle number that was assigned to that?

A. Yes.
Q. What was the vehicle number?
A. 8489.
Q. And that car has a video system, correct, in-car video system?
A. Yes, it did.
Q. And just for the record, can you explain what an in-car video system is?
A. It's a camera that's attached to slightly to the passenger side windshield which has software that shows the camera view and a screen.
Q. And can you walk us through the ways you as an officer use that video system in the course of your duties?
A. We enter the car --
MS. RUSSELL: Are you talking about the Laquan McDonald shooting?
MR. VALDEZ: Yes, please.
BY MR. VALDEZ:
Q. On that night of October 20th.
A. On that night?
Q. Yes.
A. We entered the vehicle and we log -- after we do an inspection, a short inspection of the damage, possible damage outside prior to us
driving it, we check the back seat, and then we log
into the computer -- or we log into the in-car
camera system and as well as our computer.

Q. Okay. Did that differ from the way that
you used the system any other night?
A. No.

Q. And that video system also captures
audio; is that correct?
A. Yes.

Q. Upon entering the vehicle -- excuse me.
Let me back up.

As of October 20, 2014, were you aware of
any rules or regulation that govern the use of that
system?
A. I was aware they existed, but my first
training was years before, and we've changed the
types of cars from my original training from a Ford
Crown Victoria to a Chevy Tahoe. So there are
slight differences.

Q. And that vehicle that you were assigned
to, R8489, were you assigned to that vehicle at
other times prior to October 20th?
A. Yes.

Q. Is that your regular vehicle that you
1. would use?

   A. Yes, it was our regular vehicle.

2. Q. At that time, October 20, 2014, how long had you worked in vehicles with the in-car video system?

   A. Probably since, from what I can recall, when I started in the 8th district, somewhere around there.

3. Q. And what year was that, just for my recollection?

   A. I started in 2007.

4. Q. So approximately --

   A. Some vehicles had them; some did not. It kind of varied.

5. Q. Okay. Are you familiar with Special Order Sam 03-05?

   A. I'm not that familiar with it.

6. Q. Okay.

   A. I don't know what it says.

7. Q. What I'll do is I will enter this as Exhibit 8. And this is a Special Order S03-05, In-Car Video Systems. This one specifically is date 23rd February 2012.
(Whereupon, McElligott Exhibit 8 was marked for identification.)

BY MR. VALDEZ:

Q. So I would just like to put this in front of you. If you would like to take a look at that for a minute.

A. Okay.

Q. Specifically, I want to go over to page 3, and I'm looking specifically at section 6 titled Operational Procedures.

A. Yes.

Q. Specifically where it says that, "At the beginning of a tour of duty, a department member is to visually inspect the in-car video system for damage," and I know you said when you enter the vehicle, that's one of the steps that you take?

A. Yes.

Q. It also says, "To obtain the remote transmitter/audio recorder and ensure it is securely attached to the member's person."

Is that something that you recall doing on October 20th?

A. Not that day. We did not.

Q. Okay.
A. We did not attach the audio recorder to our person.

Q. Where are the audio recorders and/or microphones, we'll call them? Where are those usually kept in that vehicle?

A. In that vehicle, they were underneath the PDT in, like, a charger port.

Q. Okay. So on the charging cradles?

A. Yes.

Q. When you entered that vehicle, you said that they weren't attached to your person. Do you recall doing anything with the microphones upon entering the vehicle?

A. No.

Q. And I know you said you had received training when you first got into the in-car video system vehicle, correct?

A. Yes.

Q. Was it just one training?

A. Yes, that I can recall. Yes.

Q. Do you recall where that training was held?

A. At the police academy.

Q. Okay. And that's the main one on --
I think it's Racine and --

A. 1300 West Jackson.

Q. Got it. And this was just the one training, you said. Was it at a live training? Was it a video training? Do you recall any specifics about that?

A. It was a classroom training, and they showed us the cameras, and I think we watched video.

Q. When you entered that vehicle October the 20th and you did the inspection, did you note or at least notice, yourself or Officer Gaffney, anything that was broken or damaged with the camera?

A. No.

Q. As part of the startup procedures, do you have to inspect the actual screen that you can see as officers to make sure that it's recording properly?

A. At the time, we would log in and see that it showed the screen with the appropriate footage in front of us.

Q. So as long as that's showing, for the most part it's an operational camera?

A. Pretty much we knew that it was
operational.

Q. And is that the way they trained you at the academy?
A. It was probably in more detail, and things change over the years, so -- but I --

Q. And I know you -- I'm sorry. Go ahead.
A. No. Basically, that's it.

Q. I know you noted that when you were first trained that they were in Crown Victorias. The vehicle that you were in that night, do you recall what type of vehicle it was?
A. It was a Chevy Tahoe.

Q. Does anything specifically stand out to you in terms of differences between the software that you were trained on and the software in the Tahoe?
A. Just the microphone placement.

Q. And what's different about that?
A. In the Crown Victorias, the microphones were next to each of the doors, like where the seat belts attach to the top.

Q. Okay. And generally speaking, I know you said on this night the camera seems operational. If you get into a vehicle and the camera does not
appear to be operational, what's the process to report that?

A. We notify our sergeant that it's not operating.

Q. And by what means do you notify the sergeant?

A. We send a PDT message, a computer message.

Q. And I guess substantively, what does that say? What does your PDT message say?

A. "The video works" or "camera works but microphones" -- or however it would go.

Q. So just describing that issue?

A. "Video doesn't work properly" -- well, when it doesn't work, you say, "Camera's not working." And if it's not working, there would be a ticket number generated. Usually, they would leave it on a little piece of paper what ticket number was that was pulled by a sergeant. Only a sergeant can pull it, or at least sergeant or above, and we would let them know the ticket number if there was one; if there wasn't one, then he would have to call in and get us one.

Q. Okay. And on that night, assuming since
the camera was working correctly, was there a help
desk ticket attached to any --

A. No, there was not. It was operational.

Q. And when you send the message for a
non-operational camera to the sergeant, how long
roughly does that process take for them to pull the
ticket?

A. I don't know. Hopefully by the end of
the tour.

Q. Okay. So pretty -- I'd say that's pretty
quickly, within a day?

A. It takes a while.

Q. Is that fair to say?

A. Hopefully within that night.

Q. Have you ever experienced issues where
the sergeants have taken longer than that period of
time to get a help desk ticket pulled?

A. Yes.

Q. Do you --

MS. RUSSELL: When you say "help desk ticket,"
you mean a ticket --

MR. VALDEZ: For the non-operational camera.

MS. RUSSELL: Just calling the help desk?

MR. VALDEZ: Correct.
MS. RUSSELL: Okay.

BY MR. VALDEZ:

Q. So it's just the sergeant contact, I believe DoIT is what the process is. Do you recall any specific instance where that happened?

A. No.

Q. No? Just in the past, it has occurred?

A. I remember the camera in that specific car was working and not working. There were ticket numbers generated. There was a month that went by that nothing happened, and there was a ticket number that was notified every time we would have this, they're given the same number from -- it's the same number from the night before.

When he logged in -- and we knew when he logged in because it would get a bounce-back message if he was not logged in -- we would send him the ticket number and say, "Camera's not working. Here's the ticket number." And we'd type out each number.

Q. Got it.

Now, you were the passenger in that vehicle, correct?

A. Yes.
Q. Are you generally the passenger in that vehicle?

A. We rotate.

Q. So this is between yourself, Officer Gaffney, and the third officer, Michael --

A. Walano.

Q. And can you spell that name for the record, please?

Q. And, Officer McElligott, what’s your PC number?

A. .

Q. Is it safe to say that as the driver of the vehicle, you would be the one sending the PDT message to the sergeant?

A. As the passenger, we usually do the operating of a PDT, but it could go either way.

Q. And I know you said that that vehicle’s in-car video system had some issues in the past. Do you recall any of those specific issues that you had?

A. There were several different: They were not logged in right; there would just be a bunch of numbers on a black screen; there would be an
all-blue screen. Those are basically the ones that usually would happen.

Q. When those issues happen, I'm assuming you're not able to log into the system, correct?
A. Correct.

Q. And you said on that evening, October 20, 2014, that the microphones were underneath the PDT?
A. Yes.

Q. On the charging cradles?
A. Yes.

Q. Are they kept there pretty regularly? Is that just where they're kept?
A. That's where we would usually keep them, but there were times that they were beeping, and maybe the previous watch or whoever used the car before us got tired of the beeping and they threw them in the glove box. So we would take them out of the glove box, put them in the cradle, charge them up. So mostly that's where they stayed with us.

There used to be holders to attach to our uniform, which they no longer provided to us. We just -- and I remember in the beginning, we would get a holder or a microphone, and then they
stopped handing them out.

Q. Do you recall approximately when that practice was supplying the officers with the microphone holder, when that stopped?

A. It was stopped for years before.

Q. Okay.

A. It probably was around for a year or two before they no longer were available.

Q. It made it a little more convenient --

A. So there was a --

Q. I'm sorry. To hold the microphone, would that occur?

A. Oh, yeah. In the beginning, it was attach it to your uniform, and then when they stopped handing out the carrier, then we kept them on the charger, basically.

Q. And is there anything required of you when the audio does not function correctly? Is that considered part of the video system as a whole where if the audio is not functioning you should report that?

A. I would think so, yes. I don't recall specific times that I've notified anybody about the audio.
Q. Okay.

A. Or specific times that the audio did not work. I don't recall those.

Q. But for the most part, it's a regular practice to leave those microphones in the charging cradle?

A. It became a regular practice.

Q. Okay. Can you recall when, approximately, it became a regular practice just to leave those there?

A. It was years prior to that date.

Q. Okay. Years.

So what I want to do now is show you a what's called an In Car Video Retrieval Worksheet. And what this is, in summary, is just the technician that goes out to download video on the scene. This one is dated 20 October at 2230 hours.

MR. VALDEZ: We'll enter this as Exhibit 9.

(Whereupon, McElligott Exhibit 9 was marked for identification.)

BY MR. VALDEZ:

Q. And yours, obviously, will be 815R 8489?

A. Yes.

Q. And if you scroll to the bottom where it
saying "Notes of Work or Activities Performed,"
you'll see that there's a note there that says, "Processing videos, extremely large video files."
I know it's a little hard to read with the handwriting.

A. Okay.

Q. But according to this report, this retrieval worksheet -- do you need any more time?
A. No.

Q. Essentially, the system's not engaged because there's a very long video taking place. Do you recall having a conversation -- and I know we've covered this a little bit about on the scene, but with the gentleman that came to download this video from your vehicle?
A. I remember him complaining that he -- he had some trouble with it and made the statement of "Officers are going to get jammed up over this," and we got defensive, or my partner did, and said something, "Hey, we did it the way we're supposed to." And then he shortly after apologized for --

Q. And by "he," do you mean your partner, or this was the sergeant?
A. The sergeant.
Q. And when he said, "Officers are going to get jammed up for this," do you know what he was referencing in terms of the audio or the video?

A. Well, looking at it now, I was under the impression that everything worked, because after he retrieved our video, I heard him say, "Video and audio is working." I missed the part where he said that everything was jammed up, he couldn't get anything. Somehow I don't recall hearing that until long after, very long after I thought everything was recorded.

Actually, I found out pretty much through the media. It may have been this paper that I'm looking at that was shown on the TV. And I was not made aware of this clearly at least that night.

Q. Okay. Do you know when you were aware of this from media?

A. Probably when it was -- the video was released, and then it was like every couple weeks, couple months, something new came out through the media.

Q. And, now, based on this note, the video wasn't engaged due to processing?
MS. RUSSELL: That's not what the note says.

BY THE INTERVIEWEE:

A. It's processing video.

BY MR. VALDEZ:

Q. Processing video, but obviously --

MS. RUSSELL: Extremely -- what does it say?

"Extremely large video" --

BY THE INTERVIEWEE:

A. "Extremely large video file."

BY MS. ANSARI:

Q. So what we will do now is also show you an e-mail, and we'll enter this as Exhibit 10.

(Whereupon, McElligott Exhibit 10 was marked for identification.)

BY MS. ANSARI:

Q. This is an e-mail subject line 20 October 2014 with RB number HY475653. This is an e-mail sent from Lance Becvar on July the 17th, 2015, to Jonathan Lewin.

So if you could just take a minute to review that, or as much as you need.

A. Okay.

Q. Reading that --

A. Oh, there's two. Hold on. I'm sorry.
Q. Actually, that bottom one is to a
different vehicle. The one that relates to yours
is just the second vehicle. So it's 8489 at the
top.

A. Oh, 84 -- okay. Okay.

Q. Do you recall creating any long videos at
the beginning of your tour, at least prior to this
October 20th incident with Laquan McDonald?

A. No. We started -- we were on the street
approximately between 9:30 and 10:00, and this
incident occurred prior to 10:00. So it was about
20 minutes maybe.

Q. Is this the first call that you're
dispatched to?

A. Yes.

Q. After roll?

A. Yes.

Q. Okay. Can you explain at all why the
system was not engaged? Would you be able to?

A. I can guess, but I don't -- just based
on when it uploads, I guess the longer the video,
the longer it takes to upload. And perhaps it
didn't upload all the way, so it wouldn't,
like -- it kind of delayed it.
Q. Is it possible that an officer from the previous tour had a long video that was uploading, or would it have been yourself or one of your partners?

A. They would had to have been previous to us, unless there's days and days worth of video on there.

Q. So it's at least your impression that this vehicle is used by other tours in addition to your own, correct?

A. Yes.

Q. Okay. But you have no knowledge of whether a video had started or anything of that nature prior to you being on it?

A. No. Generally, if you can log in, it works.

Q. And you logged in successfully that night?

A. Yes.

Q. So you have no reason to believe there is any issues?

A. Yes.

Q. And I know we went over this, but would you be able to explain why no audio was captured on
the video that was recovered from R815 Robert?

A. No. I would like to know myself. It would help a lot.

Q. But the microphones were not attached to your person; were they?

A. They were not, but the window was open, and it would have captured some pretty vital information.

Q. Is there a microphone sync process that you need to go through when entering the vehicle?

A. Yes, and now I learned that after this.

Q. Okay. On that evening, did you and Officer Gaffney sync those microphones?

A. No, we did not.

Q. Is that possible that that's the reason that no audio was captured?

MS. RUSSELL: Anything's possible.

BY MR. VALDEZ:

Q. Do you believe that is the reason that no audio was captured?

A. I don't know.

Q. Were you surprised to hear that none of the cars or none of the officers responding to the scene, their dash videos, that they had no audio?
A. Yes.

Q. What was surprising to you about that?
A. We log in and assume -- not "assume," but expect for the equipment to work, and to know that it doesn't and it could help you is very aggravating.

Q. As of October the 20th, 2014, was there a practice of Chicago police officers disabling the audio component of those videos?
A. Not that I know of.

Q. For example, I know you said in some instances you've gotten into the vehicle and you've seen the microphones put in the glove box.
A. Okay.

Q. What reason would an officer have to put a microphone in the glove box?

MS. RUSSELL: Objection. This has nothing to do with the allegations against this officer or any actions taken by this officer.

MS. ANSARI: He can answer the question.
MS. RUSSELL: If he can.

BY THE INTERVIEWEE:
A. My assumption is that if the microphones were beeping, they wanted them to be quiet, so they
put them in the glove box.

BY MR. VALDEZ:

Q. So it's more of an annoyance issue than --

A. That's my guess.

MR. VALDEZ: Okay.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. Yeah, you said that you were surprised to hear that none of the vehicles at the scene captured audio, but earlier, you said it's kind of a regular CPD practice years before to not connect the audio to the person, correct?

A. As far as --

MS. RUSSELL: Go to the --

BY MS. ANSARI:

Q. If I'm mischaracterizing your statement --

A. Where do they operate?

MS. RUSSELL: "Person" doesn't mean it has to be on your person.

BY MS. ANSARI:

Q. So I guess I'm just trying to clarify, so if I'm mischaracterizing what you said, please
correct me.

You just said you were surprised to hear that none of the cars had audio, and then earlier you said that it was a regular practice or it became a regular practice, CPD practice, not to attach the audio from -- to the person.

A. Right.

Q. So why would you be surprised there would be no audio in the --

A. Because most of us were in our cars.

Q. Okay. So you were surprised --

A. So it should have captured something in the car, if not just outside the car where I was shouting orders to an offender to drop a knife.

Q. Okay. And you said your window, you and Officer Gaffney's windows were open, both windows?

A. I don't know if his was. Mine was.

Q. Yours was. Okay.

When you're driving the vehicle, can you see, like, what -- there's a screen for the in-car video camera, correct?

A. Yes.

Q. And so as it's recording, can you see what it's recording? So if you're looking at the
screen, you can see what's in front of you on the screen?

A. The screen doesn't change when it starts or stops recording. The only thing that's different is there's a red light that blinks and there's C1 or C2, which the camera's differently positioned. Ours was attached to the ceiling; the new cars we have, it's attached to the dashboard; and I think on the old cars, it was attached to the ceiling as well. So it's different.

Each car, if you could see it or you can turn him up or down, I guess if it's up, you can put it up so you don't necessarily see the camera view all the time, but at --

Q. To --

A. It swivels. It swivels.

Q. Okay. So on the night of October 20th, when you were driving, could you see what the camera was recording in front of you?

A. You would have --

MS. RUSSELL: I think the question of can you see what a camera is recording is what's -- can you see what you believe the camera is reporting? Is that the question? Because he can't tell what's
being recorded, obviously.

MS. ANSARI: No, that is --

MS. RUSSELL: Yeah.

BY MS. ANSARI:

Q. What I'm trying to get at is when you're driving that night, when you were driving and you were in the car and there's a screen, does the screen show what's in front of you?

A. Yes.

Q. Okay. So did you at any point look at the screen and see Laquan McDonald in the screen?

A. No.

Q. Okay. So you just saw him in person when you were actually looking at him?

A. I saw him when I was outside of the car for a brief second, and then I exited the vehicle.

Q. Okay. I just want to clarify.

You said the sergeant who got the video from you was aggravated. And I'm -- please correct me if I'm misquoting you, was aggravated because the video was -- he was having issues getting the video, correct?

A. Correct.

Q. He said, "Officers are going to get
jammed up for this." What did you take that to mean?

A. That it was officer's fault that he could not retrieve the video.

Q. So was he saying, "Officer, we're going to get jammed up because" --

A. Not necessarily specifically us, but whoever caused him to fumble with retrieving it, okay, he made a blanket statement, and we took offense to it.

Q. Okay.

A. Or my partner did more than myself, but he responded; I didn't.

Q. Did Officer Gaffney take offense because he thought that the sergeant was accusing him or, like, not using the video properly?

A. Was referring to us as not using it properly.

Q. Okay. Got it.

FURTHER EXAMINATION

By MR. VALDEZ:

Q. So similar to as we did with the other allegations, I'll get into the remaining ones for the in-car video. Did I take the allegations from
you already?

A. Yes.

KILLEN: Okay. And what happens when you get there?

P.O. MCELLEGOTT: Um a male Hispanic and a female Hispanic um we pull up to the address and they said um that a male black wearin' a black shirt was in the, tryin' to steal the radios outta the semi. Um he was holding a, a white cord to like a phone, like a charger. And he said he's got my phone. So then he said he's right around the corner. (clears throat) So then we, we drive north to 40th Street and we turn right and then we see a male black with a black shirt.

KILLEN: Okay and what's he doin'?

P.O. MCELLEGOTT: He's standing there and then he kinda turns around when he sees us pull up.

KILLEN: And what happens?

P.O. MCELLEGOTT: At that point I got outta the car and I'm giving 'em commands to stop, turn around. And I noticed he has his left hand in his pocket like in a ball. And in his right hand he's holding something else. And then I tell 'em take his hands out of his pockets; let me see your hands. He doesn't take his hands --
1 KILLEN: So at this point is he, his back is to you?
2 P.O. MCELLIGOTT: He’s facing me at this point.
3
4 KILLEN: Okay.
5 P.O. MCELLIGOTT: And then he starts turning and walking away. And he’s holding one arm out and one hand in his pocket. He continues to walk and uh then he turns again he takes both his hands out and, and at that point he has a knife in his right hand as if he just opened it up, like flipped it open and he’s holdin’ his hand. At that point I drew my weapon I tell ‘em to drop the knife. Um he kinda has this look in his eye like, like maybe he’s on some sorta drugs cause it was like his eyes like rolled back. And then he walked, he started walking east again with his hands out and then he’s kinda like kinda makin’ motions from side to side. He’s kinda all over. Goes from the street to the, to the sidewalk. And the whole time my partner is kinda paralleling me. And he’s driving and I’m had my flashlight on ‘em and I’m tellin’ ‘em to stop. Tellin’ ‘em to drop, drop the weapon. Drop the knife.

25 KILLEN: So you’re on foot correct?
26 P.O. MCELLIGOTT: I’m on foot, walking.
27
28 KILLEN: And Officer Gaffney --
29 P.O. MCELLIGOTT: Walking with some distance between me.
30
31 KILLEN: You’re behind him correct?
32 P.O. MCELLIGOTT: I’m yeah I’m behind him.
KILLEN: Behind the offender?
P.O.MCELLIGOTT: Yes.

KILLEN: And Officer Gaffney’s paralleling him in the car?
P.O.MCELLIGOTT: He’s, he’s kinda like as far as I am. Like he’s like to my right just a lil bit.

KILLEN: Okay.
P.O.MCELLIGOTT: Or to my left just a lil bit. Um --

KILLEN: Do you close the distance on this guy?
P.O.MCELLIGOTT: We just continue to follow 'em. And um then he, at one point (inaudible) my partner decides to pull towards him. And uh at that point he, the offender turned and like in a downward stabbing motion popped the front tire. My partner um at that point said that he popped the tire. Prior to that though um he had asked for an assist.

HERBERT: (inaudible)
P.O.MCELLIGOTT: He’d asked for somebody to come with a taser. So as we’re like tryin’ to buy time this happens with the, the tire at uh Keeler. And then um we go a lil bit further and he decide, my partner decides to pull closer to 'em to kinda cause he knew Pulaski was comin’ up and there was Burger King and there’s a bunch a other stuff where people are. Decides to pull over a lil bit (noise) kinda to veer 'em off so that he’ll go up one of the streets cause it’s, it’s a factory area. And we know it’s always like pretty bare.
There's nobody around. Um it's after hours. At that point he um he, he grabs the knife and he, he stabs at the, the windshield. So um then he starts walkin' away. Stabbed at the windshield then he walks away from the squad car. And he's walkin' on the sidewalk again. And then um we can hear the cars comin'. And then once we can kinda see (noise) in the windows we could see the, the blue lights in the reflection and you could hear the, you could hear the sirens now. (noise) That's when he decides to take off runnin'. He just full on sprint. Uh I started runnin' after 'em. My partner's driving the car that has a flat. He's goin' after 'em too. He goes through two semis were parked in the back of the Burger King lot at 40th and Pulaski. He goes through, I go through and then I see another squad car pull. They're right behind 'em. They pull behind 'em, he goes through a sidewalk and then they go, they go around through and they (clears throat) they cut through on the sidewalk as well. Around the north side of Burger King. And then I'm followin' up running and as I get to Pulaski I turn right cause they all turned right. (clears throat) And I got to about the light (noise) I could see a bunch of squad cars comin'. And um (clears throat) I keep runnin' (noise) and then one of 'em is, he's lookin' to do a U turn, one of the other squad cars. Um so instead of getting hit I just stopped and I waved them to go. (noise) (clears throat) And at that point he turned around he, he's goin' um southbound slowly
so I know they’re, they’re stopping right there. I hear the shots at that point. And uh when I approach I think I was running down maybe the middle that’s when I saw the offender layin’ on the ground. And at that point Joe Walsh, Officer Walsh uh he kicked, he the gun outta, or not the gun the uh the knife out of his, his right hand. (noise) Which he was still clenching at the time. And then um (noise) asked for an ambulance and that was pretty much it.

KILLEN: (clears throat) So when you guys, you’re on 40th and you see, you’re kinda walkin’ with this guy right? You see ‘em with the knife?

P.O. MCELLIGOTT: Hmm huh.

KILLEN: Right?

P.O. MCELLIGOTT: Yes.

HERBERT: Say yes.

KILLEN: So and you see ‘em uh uh you described it as a down motion, he stabbed the tire of the car right?

P.O. MCELLIGOTT: Hmm huh.

KILLEN: That’s the --

P.O. MCELLIGOTT: Yes.

KILLEN: -- front passenger tire correct?

P.O. MCELLIGOTT: Front passenger tire.
KILLEN: Okay and then you also saw ‘em stab the windshield?
P.O.MCELLIGOTT: Yeah.

KILLEN: Right.
P.O.MCELLIGOTT: Yes.

KILLEN: Okay. Uh and you may have said it and I may have missed it, but did you or uh Officer Gaffney get on the radio and say hey this guy’s armed. He’s got a knife?
P.O.MCELLIGOTT: Yes. Um it was before he said he popped the tire um my partner got on the radio and said (clears throat) said this guy has a knife. Can you send somebody with a taser over here. And then (inaudible) lil time passed by and then (clears throat) that’s when the tire incident.

KILLEN: Okay.
P.O.MCELLIGOTT: And then another five, ten seconds (noise) went by and (noise) attacked the car, stabbed the windshield.

KILLEN: So you’re, you were warning everybody ahead a time?
P.O.MCELLIGOTT: Yes.

KILLEN: Before you got anything, he had the knife in his hand.
P.O.MCELLIGOTT: Yes. It started with uh we asked for a taser. We said he had a knife. And then we were

1 giving uh kinda like a play by play (noise) stab,
2 he stabbed our tire, he just popped our tire.
3 And, you know and they’re askin’ if anybody’s
4 heading over there. And we’re just waitin’ for
5 the assist cars to come.
6
7 KILLEN: And I take it you don’t carry a taser?
8 P.O.MCELLIGOTT: I do not.
9
10 KILLEN: And then neither does Officer Gaffney correct?
11 P.O.MCELLIGOTT: No.
12
13 KILLEN: Okay. So then you basically follow 'em all the
14 way to Pulaski I take it. Karlov then Keeler
15 somethin’ like that.
16 P.O.MCELLIGOTT: Basically yeah. It was --
17
18 KILLEN: And then when the other car comes --
19 P.O.MCELLIGOTT: At that point he was (noise) he darted
20 towards Pulaski.
21
22 KILLEN: Okay.
23 P.O.MCELLIGOTT: From Karlov to Pulaski he was full on
24 sprinting and I was running after 'em.
25
26 KILLEN: And you’re after 'em. When he went between the
27 trucks you went between the trucks with 'em?
28 P.O.MCELLIGOTT: Yeah.
29
30 KILLEN: Okay so then when he got to Pulaski he goes
31 south?

LOG #1072125 U#14-36

1  P.O. MCCelligott: When he got to Pulaski yeah he head, he
2    went south around, he wrapped around the buildin'
3    and (noise) then Burger King.
4
5  Killen: And whaddid you mean cause you lost me when you
6    said somebody wanted to make a U turn so you let
7    them go ahead of you.
8  P.O. MCCelligott: There were cars coming northbound on
9    Pulaski to assist. And they passed up, they
10    passed him up and then came back around.
11
12  Killen: Oh I gotcha. Okay so he’s goin’ south --
13  P.O. MCCelligott: They made a U turn --
14
15  Killen: I gotcha.
16  P.O. MCCelligott: Yeah they passed him up and turned
17    around. I don’t know if they didn’t see ‘em or
18    if, what their reasoning was, but they, they made
19    a U turn and they turned kinda like right at me
20    and I just said go and I waved ‘em.
21
22  Killen: Now is he in the street at this time? He is
23    runnin’ in the street or is he on the sidewalk?
24  P.O. MCCelligott: I didn’t see him at that point I didn’t
25    see him because there were other squad cars in
26    front a me. And I don’t want, I finally saw him
27    I was in the median and I ran up towards him and
28    that’s when at that point he was already down and
29    the officer, other officer was kickin’ the gun,
30    uh knife away.
31
KILLEN: So were you on the median when you heard the
  gunshots?

P.O. MCELLEGOTT: I was, I heard the gunshots. There’s a
  traffic light. I heard the gunshots while I was
  at the traffic light. And then I waved, waved
  the other car to go and then um by the time I got
  there there were no more shots.

KILLEN: At the time did you know who was shooting?

P.O. MCELLEGOTT: No I did not.

KILLEN: You didn’t see anybody shooting anything like
  that?

P.O. MCELLEGOTT: No.

KILLEN: Okay. So by the time you got you said then he’s
  already, the offender’s already on the ground?

P.O. MCELLEGOTT: Yes.

KILLEN: Is he on his, is he on his back, (noise) his
  stomach? How’s he --

P.O. MCELLEGOTT: He was kinda on his side. On his right
  side.

KILLEN: And you said he still had the knife?

P.O. MCELLEGOTT: Yeah he was holdin’ it. (noise)

KILLEN: In his right hand?

P.O. MCELLEGOTT: In his right hand.

KILLEN: And that was Officer Walsh kicked it from his
  hand?
P.O. MCCOLLIGOTT: Yeah.

KILLEN: Okay. And what happens he's placed in custody?
P.O. MCCOLLIGOTT: Then he was, well he was obviously down, he wasn't movin' anywhere. We're surrounding him and that's (noise) (inaudible) come.

KILLEN: Okay. I mean after the knife gets kicked outta his hand, does anybody touch it to your knowledge?
P.O. MCCOLLIGOTT: No.

KILLEN: Do you ever touch it?
P.O. MCCOLLIGOTT: I didn't touch it.

KILLEN: Okay. So you didn't see, you didn't see Officer Van Dyke discharge his weapon at the offender correct?
P.O. MCCOLLIGOTT: No I saw 'em holding his weapon.

KILLEN: Right.
P.O. MCCOLLIGOTT: Just kinda (inaudible) (noise)

KILLEN: You heard gunshots but you didn't see --
P.O. MCCOLLIGOTT: Correct.

KILLEN: Okay. Anything you'd like to add?
P.O. MCCOLLIGOTT: No.

KILLEN: Everything you told me is a true and accurate account of what occurred?
KILLEN: All right this will conclude the audio recorded interview of Officer uh Joseph McElhigott regarding Log number 1072125 U number 14 dash 36. Today is the 21st of October 2014 and the time is approximately 0451 hours.

**THIS IS A FIELD INVESTIGATION EXC. CLEARED CLOSED (OTHER EXCEPTIONAL) REPORT**

...
stated he was a Chicago Police Officer assigned to the 008th District. He was on duty, in uniform, working on Beat 815R. GAFFNEY was working with Police Officer Joseph MCELLIGOTT. The two officers were assigned to Chicago Police Department vehicle number 8489, a marked Chevrolet Tahoe, four door sport utility vehicle. GAFFNEY was driving the vehicle and MCELLIGOTT was the passenger.

The officers responded to an assignment of holding an offender for breaking into trucks at 41st Street and Kildare Avenue. Upon arrival at that location they met an Hispanic couple who told the officers a black male subject, wearing a dark shirt, had attempted to break into trucks parked in the parking lot at that location. The couple told the officers the subject had walked off and was last seen walking eastbound on 40th Street from Kildare.

Officer GAFFNEY drove northbound on Kildare to 40th Street. When he turned eastbound onto 40th Street he saw a black male subject wearing dark clothing, walking eastbound on the sidewalk, on the south side of the street. Officer MCELLIGOTT exited the police vehicle to approach the subject, now known as Laquan MCDONALD. GAFFNEY stayed in the vehicle in case MCDONALD fled. MCELLIGOTT called to MCDONALD and told him to stop but MCDONALD continued walking eastbound, ignoring MCELLIGOTT. MCDONALD's hands were in his pockets as he walked. MCELLIGOTT told MCDONALD to take his hands out of his pockets. MCDONALD took his hands out of his pockets and MCELLIGOTT told GAFFNEY that MCDONALD had a knife. GAFFNEY then saw a silver colored knife in MCDONALD's right hand. GAFFNEY also saw that MCELLIGOTT had his handgun drawn at this point. MCELLIGOTT repeatedly ordered MCDONALD to "Drop the knife," but MCDONALD ignored these directions. As MCDONALD
reached Keeler Avenue, GAFFNEY notified the dispatcher on the police radio that they were following a subject with a knife and requested assistance from a unit equipped with a taser.

MCDONALD continued walking eastbound, Officer MCELLIGOTT following on foot and Officer GAFFNEY following in the police vehicle. As MCDONALD approached Karlov Avenue, GAFFNEY turned the Tahoe southbound onto Karlov and stopped, blocking the crosswalk. GAFFNEY said he wanted to stop MCDONALD before he reached Pulaski Road, a business street where more civilians were present. The area where MCDONALD was first observed was industrial in nature with no other civilians present. When GAFFNEY stopped his vehicle in front of MCDONALD, blocking his path, MCDONALD stabbed the right front tire of the Tahoe with his knife, causing the tire to go flat. GAFFNEY immediately informed the radio dispatcher that MCDONALD had "popped" the tire. MCDONALD attempted to walk around the front of the police vehicle and GAFFNEY drove the Tahoe forward a short distance to continue to block MCDONALD's path. MCDONALD then stabbed at the windshield of the Tahoe with the knife, striking the right side of the windshield. MCDONALD then continued walking eastbound from Karlov.

As MCDONALD approached the Burger King restaurant parking lot at 40th Street and Pulaski, assisting police units arrived, approaching westbound on 40th Street from Pulaski. MCDONALD began to run eastbound through the restaurant parking lot, on the north side of the Burger King building. He ran out onto Pulaski and then turned and ran southbound on Pulaski. Beat 845R pursued MCDONALD in their police vehicle, eastbound through the parking lot, over the curb at Pulaski, then southbound on Pulaski. Officer GAFFNEY lost sight of MCDONALD when he turned southbound on Pulaski.

Because of the flat tire on his vehicle, Officer GAFFNEY did not drive over the curb. As he drove around out onto Pulaski, GAFFNEY heard multiple gunshots in rapid succession. He did not see who was shooting. When he reached Pulaski MCDONALD was lying on the ground.

It was noted that Officer GAFFNEY wore the same uniform configuration as Officer VAN DYKE with the addition of the uniform baseball style cap with embroidered patch.

MCELLIGOTT, Joseph P ——

stated he was a Chicago Police Officer assigned to the 008th District. MCELLIGOTT related the same facts as his partner, Officer Thomas GAFFNEY.

Officer MCELLIGOTT added that after he exited the police vehicle, when Laquan MCDONALD took his hands out of his pockets and MCELLIGOTT saw MCDONALD holding a knife in his right hand, MCELLIGOTT drew his handgun. He repeatedly ordered MCDONALD to "Drop the knife." MCDONALD ignored MCELLIGOTT’s directions and continued to walk eastbound on 40th Street. MCELLIGOTT followed MCDONALD on foot, maintaining a safe distance between himself and the armed MCDONALD.

Officer MCELLIGOTT heard Officer GAFFNEY request assistance and a unit with a taser over the police radio. GAFFNEY attempted to use the police vehicle to block MCDONALD from continuing on toward the Burger King restaurant at Pulaski Road. At this point MCDONALD stabbed the right front tire and the windshield of the police vehicle. MCELLIGOTT began to hear the sirens of
approaching assisting police units and MCDONALD began to run toward the Burger King restaurant.

When MCDONALD ran eastbound through the parking lot of the Burger King, Officer MCELLIGOTT ran after MCDONALD in pursuit. MCELLIGOTT ran out into the middle of Pulaski Road in pursuit of MCDONALD. MCELLIGOTT heard multiple gunshots but did not see who fired the shots. The gunfire was continuous, one shot after another. MCELLIGOTT then saw MCDONALD lying on the ground. MCELLIGOTT saw Officer Joseph WALSH kick the knife out of MCDONALD’s hand.

It was noted that Officer MCELLIGOTT wore the same uniform configuration as Officer VAN DYKE.
After exiting 'Taiko', when I took hand out of pocket saw knives in R hand.

Supervisors, members of Bureau of Internal Affairs, and the Independent Police Review Authority (IPRA) investigators may request to review the digitally recorded data from a vehicle equipped with an in-car video system. Any digitally recorded data created by the in-car video system may be used without a Department member’s permission for any official Departmental purpose.

B. The in-car video system will automatically engage audio and video recording when the vehicle’s emergency-roof lights are activated. However, Department members may manually activate the in-car video system without the activation of the emergency equipment. At the conclusion of the incident, Department members must manually disengage all recording processes, regardless of what method activated the in-car video system.

C. The Records Division will be the custodians of the digitally recorded data and will be responsible for the retention, duplication, and viewing of the in-car video systems. The Director, Records Division, will establish retention, viewing, and duplication procedures that provide for inventory control, the security of the digitally recorded data, and authorized duplications.

      a. the member is conducting an enforcement stop, or

      b. the patrol vehicle emergency lights are activated or would otherwise be activated if not for the need to conceal the presence of law enforcement.

NOTE: Any reports completed for an audibly recorded incident, including Traffic Stop Statistical Study - Driver Information Cards (CPD-21.103), Traffic Stop Statistical Study Stickers (CPD-15.516), and Personal Service Citations, must include the initial violation or investigatory need that led to the stop.

C. **Station supervisors** will:

1. designate a sergeant responsible for monitoring the downloading of digitally recorded data for the watch.
2. record the total number of vehicles equipped with in-car video systems deployed during the watch and the total number of these vehicle that do not have a functioning in-car video system, if any, on the Watch Incident Log (CPD-21.916).

3. ensure the status of vehicles equipped with in-car video systems is recorded on the Personal Equipment Log (CPD-21.919) by recording the word "VIDEO" in the "Camera/Tripod No." column.

4. if an in-car video system malfunctions or the system or vehicle becomes inoperable during the tour, record the vehicle and beat numbers and the words "VIDEO DOWN" on the Watch Incident Log.

D. When digitally recorded data is determined to have evidentiary or training value, or a complaint against a Department member is received that involves a digitally recorded incident, the supervisor reviewing the recorded data will request an extended hold on the data.

VII. DOWNLOADING DIGITALLY RECORDED DATA FROM THE IN-CAR VIDEO SYSTEM

A. When downloading digitally recorded data from the mobile unit of an in-car video system to a land-based terminal, Department members will:

1. download the data in accordance with the manufacturer's guidelines and training.

2. ensure the download of data was complete and return the vehicle back into service.

B. With the approval of the station supervisor in the district of occurrence, special requests for the immediate viewing of digitally recorded data from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA will be processed for major incidents where an in-car camera system may be reasonably expected to have captured a component of the incident.

1. Major incidents include, but are not limited to:
   a. police-involved shootings,
   b. serious injury or death to a Department member,
   c. serious injury or death to a member of the public.

2. Special requests for viewing digitally recorded data will be made to the station supervisor in the district of occurrence, who will:

   a. evaluate the request;

   b. determine if the need for retrieval outweighs the operational impact of the vehicle being taken out of service; and

   c. notify Crime Prevention and Information Center (CPIC) of the decision.

3. Special requests will be in the form of one of the following types:

   a. Special wireless upload, or

   b. Emergency on-site retrieval.

C. Special Wireless Uploads

1. The station supervisor in the district of occurrence will take the vehicle out of service and secure it at the unit of assignment or other appropriate location.

2. The supervisor will:

   a. verify that the vehicle operator or partner is signed on to the in-car camera system;

   b. instruct the member to manually flag the entire tour of duty's available video for upload;
c. instruct the member to initiate a manual upload of this video with the vehicle in range of the facility’s wireless hotspot; and

NOTE: If video cannot be uploaded via wireless hotspot, a cradle upload will be used.

d. ensure that the vehicle remains out of service until the upload is complete.

3. Once complete, the station supervisor will allow personnel from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA, as appropriate, to review the uploaded files.

NOTE: For officer-involved shootings when an On-Call Incident Commander (OCIC) will respond, an emergency on-site retrieval will be immediately requested through CPIC.

4. The station supervisor may identify an alternate vehicle for the member to use while the identified vehicle completes its video upload, as appropriate.

5. If an attempt to wirelessly upload is unsuccessful, members may contact the City of Chicago Help Desk at 4-DATA for assistance.

6. If a wireless upload fails, an emergency on-site retrieval will be conducted.

D. Emergency On-Site Retrieval

1. The station supervisor in the district of occurrence will notify CPIC of an approved emergency on-site retrieval.

NOTE: An emergency on-site retrieval will only be conducted when an OCIC is responding or a wireless upload fails and contacting the City of Chicago Help Desk at 4-DATA has not resolved the problem.

2. CPIC will notify the Public Sector Information Technology (PSIT) Group personnel of a manual video retrieval from the “fail-safe” internal drive request.

3. The station supervisor in the district of occurrence will take the identified vehicle out of service during the retrieval process.

4. If the identified vehicle is still in use when the designated supervisor arrives at the unit facility or other appropriate location, the supervisor will report to the vehicle and instruct any member logged onto the system to log off the system.

5. The vehicle will remain out of service until PSIT responds and conducts the video retrieval.

NOTE: On-site review of video will be limited to the series of events and time frame giving rise to the alleged incident.

E. Viewing and Obtaining Copies of In-Car Video Recordings

1. Once retrieval has been completed for the requested time frame, the video may be viewed by personnel from the requesting party at the location of retrieval.

2. Requests for copies of in-car video recordings will be made by completing the form entitled “Digitally Recorded Data Viewing/Hold/Duplication Request” (CPD-65.224) and forwarding it to the Records Division.

F. The Managing Deputy Director, PSIT, will:

1. establish procedures to ensure the security of the digitally recorded data from downloading to storage by the Records Division.
2. develop a system to monitor the memory capacity of the land-based terminals and provide for the security of the downloaded data.

G. If members are unable to download digitally recorded data from the mobile unit of the in-car video system to the land-based terminals due to system inoperability:

1. the **station supervisor** will notify the Help Desk and follow any further instructions given by the responding member of PSIT.
2. A designated member of PSIT will respond to the requesting unit and:
   a. ensure the security of the digitally recorded data.
   b. perform a manual download of the digitally recorded data.
   c. record the manual download on the Help Desk ticket.

**VIII. REQUESTING A HOLD FOR DIGITALLYRecordED DATA**

A. Department members will place an extended hold on digitally recorded data they recorded using the postevent pop-up menu on the in-car video system.

B. **Within the first 48 hours** from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will request that a supervisor place the extended hold by using the land-based terminal at the district/unit station.

C. **After the first 48 hours** from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will:
   1. complete the Digitally Recorded Data Viewing/Hold/Duplication Request form.
   2. indicate on the form the necessary actions by the Records Division.
   3. explain in the narrative portion of the form the reason for the request.
   4. submit the form to the **station supervisor/designated unit supervisor** for approval.
   5. submit the completed and approved form to the Records Division for processing and retention in accordance with existing records-retention requirements.

D. Department members who wish to remove an extended hold on digitally recorded data will follow the procedures outlined in Item VIII-C of this directive indicating the circumstances requiring the removal of the extended hold.

E. The Director, Records Division, will:
   1. develop a cataloging system for storage and retrieval of recordings and procedures for ensuring archives are maintained consistent with Department directives (including the Forms Retention Schedule), applicable state and federal laws, and compliance with all court orders.
   2. be responsible for retaining digitally recorded data for which an extended hold was requested as prescribed by law and established Department policy.

**IX. VIEWING, RETAINING, AND DUPLICATING DIGITALLYRecordED DATA**

A. All digitally recorded data created by the in-car video systems are the property of the Chicago Police Department. **Dissemination of any digitally recorded data outside the Department is strictly prohibited without specific authorization by the Superintendent or an appointed designee.**

1. Any non-Departmental requests for duplication of digitally recorded data must be approved by the Superintendent or an appointed designee.
2. All approved requests will be forwarded in an expeditious manner to the Director, Records Division, along with:
   a. a completed and approved Digitally Recorded Data Viewing/Hold/Duplication Request form, and
   b. written instructions, including dissemination information, for compliance with the request.

B. Department members assigned to vehicles equipped with in-car video systems and their supervisors are encouraged to use the review/playback functions of the system for the purposes of:
   1. developing familiarity with the functions, capabilities, and limitations of the in-car video systems to create consistent recording techniques which capture relevant actions.
   2. searching for and identifying recorded events having evidentiary or training value.
   3. reviewing approach and officer safety issues.
   4. ensuring consistency with written reports.

C. Reviewing Digitally Recorded Data

Investigating members may view digitally recorded data in the performance of official police business. When it is necessary to view digitally recorded data stored by the Records Division, the following procedures will apply:
   1. The requesting Department member will:
      a. prepare a Digitally Recorded Data Viewing / Hold / Duplication Request form, including approval of the requestor’s station supervisor/designated unit supervisor.
      b. schedule an appointment to view the recorded incident with a Records Division supervisor (or an appointed designee) to ensure the availability of a technician and playback equipment.
      c. present the properly completed and approved form to a Records Division supervisor at the scheduled time.
   2. A Records Division supervisor will:
      a. process all approved recorded incident review requests.
      b. assign a technician to assist the requestor in viewing the recorded incident, as required.

D. Obtaining a Video Recording

   1. A duplicate copy of selected information may be made to retain that information:
      a. when it is not required that the master video be retained for an indefinite period (e.g., investigation of a routine administrative incident when the punishment is of a summary or minor nature).
      b. when the requesting member determines that a duplicate video of a master video will be sufficient.
   2. A duplicate video recording may be obtained by:
      a. completing a Digitally Recorded Data Viewing / Hold / Duplication Request form and submitting the completed form to the station supervisor/designated unit supervisor for approval.
      b. notifying the Records Division that a duplicate video recording is required and submit the approved Digitally Recorded Data Viewing/Hold/ Duplication Request form to the Director, Records Division.
c. indicating to the Records Division which information from the digitally recorded data is to be included on the duplicate video recording.

3. When the duplicate video recording has served the purpose for which it was made, the requesting member will ensure that it is immediately returned to the Records Division.

**NOTE:** A member requesting a duplicate video recording will not make additional copies of it or permit unauthorized persons to duplicate or view it under any circumstances.

**E. Special Situations**

When the Records Division receives a request for an extended hold of digitally recorded data that indicates it pertains to:

1. **a motor vehicle pursuit or traffic crash involving a Department vehicle,** the Director, Records Division, will ensure a duplicate video is forwarded to the Traffic Review Board.

2. **an incident having training value,** the Director, Records Division, will ensure a duplicate video is forwarded to the Deputy Chief, Education and Training Division.

My name is Raul Valdez, V-a-l-d-e-z. The court reporter is Teresa Volpentesta, and I would ask the other individuals present today to identify themselves and spell their names for the record.

MR. PLEINES: Thomas Pleines, P-l-e-i-n-e-s, counsel for the Deputy Chief.

MR. VALDEZ: There are no other individuals present.

We are here today pursuant to an investigation being conducted under Chapter 2-56 of the Municipal Code of the City of Chicago.

We are here for an interview of David McNaughton.

Deputy Chief McNaughton, I am going to give you a copy of your advisements.

Oh, I am sorry. Go right ahead.

(Witness duly sworn.)
DEPUTY CHIEF DAVID McNAUGHTON,
called as a witness herein, having been first
duly sworn, was examined and testified as
follows:

EXAMINATION

BY MR. VALDEZ:

Q. Deputy Chief McNaughton, here is a
copy of the Advisements.

We will just go through these
line-by-line, and we will just get an
affirmation that you understand each one.

So I, David McNaughton, understand
that I am being interviewed by Raul Valdez and
Sarah Ansari of the City of Chicago, Office of
Inspector General.

Today is 5/25, 9:00 a.m. We are at
300 West Adams, and David McNaughton, do you
understand that this interview is part of an
official investigation and that you have the
duty to cooperate with the Office of Inspector
General, which includes answering all questions
completely and truthfully?

A. I do.

Q. Do you understand that you have no
right to remain silent? You understand that you
have the obligation to answer questions put to
you truthfully? You understand that if you
refuse to answer questions, you will be ordered
by a superior office to answer the questions?
Do you further understand that you
have been advised that if you persist in a
refusal to answer after an order to do so, such
further refusal constitutes a violation of the
rules and regulations of the Chicago Police
Department and may serve as a basis for your
discharge?
   A. I do.
Q. Do you understand that you have been
advised that your statements or responses may
constitute an official police report?
   You understand that Rule 14 of the
Chicago Police Department's Rules and
Regulations prohibits making a false report,
written or oral, and further understand that
making such a false report, whether written or
oral, may result in your separation from the
Chicago Police Department?
   A. I do.
Q. You understand that any statement made by you during the interview may be used as evidence of misconduct or as a basis for disciplinary action up to and including removal or discharge?

A. I do.

Q. You understand that any statement made by you during this interview and the fruits thereof cannot be used against you in a criminal proceeding?

A. I do.

Q. You understand that you have the right to have a union representative or legal counsel of your choosing present at the interview to consult with, and you have been given a reasonable time to obtain a union representative or legal counsel as long as the interview is not unduly delayed?

A. I do.

Q. You understand that refusal to answer any question, or any false, inaccurate, or deliberately incomplete statement by you would constitute a violation of Chicago Municipal Ordinance 2-56, and may serve as a basis for
your discharge?

A. I do.

Q. You acknowledge this statement of your administrative rights has been read aloud to you and you have been allowed to review this document?

A. Yes.

Q. Okay. If you could please sign where it says Employee's Signature?

A. (Witness complied.)

Q. And right here where it says Waiver, since obviously you have counsel, we are just going to X that out, okay?

A. Okay. Will I obtain a copy of that document?

Q. What will happen is with the transcript, you will get a copy of all the exhibits that we served to you today, okay?

A. Okay.

MS. ANSARI: And for the record, Raul Valdez and Sarah Ansari are signing the witness lines.

And we are entering the Advisements into evidence as Exhibit 1.
MR. VALDEZ: And as I understand it, Counsel, you wanted us to have a call with Bureau of Internal Affairs to get an order?

MR. PLEINES: Yes.

MR. VALDEZ: Okay. So at this point, we will call Chief Welch to order Deputy McNaughton to answer questions via telephone.

BY MS. ANSARI:

Q. Deputy Chief McNaughton, it is our understanding that you will not answer questions without an order from a superior officer; is that correct?

A. That is correct. I respectfully refuse to answer any of your questions regarding this matter unless ordered to do so.

MS. ANSARI: Understood.

MR. VALDEZ: So here I am calling Chief Welch.

(Whereupon, Chief Welch was contacted and was present via teleconference.)
CHIEF WELCH: Eddie Welch, may I help you?

MR. VALDEZ: Hi, Chief Welch. This is Raul Valdez with the Inspector General's Office. I have you on speaker phone.

CHIEF WELCH: Hi, how are you this morning?

MR. VALDEZ: I am well. Thank you.

We are currently in a court-reported interview of Deputy Chief McNaughton. His counsel Thomas Pleines, and Assistant Inspector General Sarah Ansari are also here.

The OIG having provided appropriate notice to Deputy Chief McNaughton is attempting to ask questions of him regarding the Laquan McDonald shooting, and he has refused to answer questions about the shooting absent a command from a superior officer.

So I am asking you, Chief Welch, can you order Deputy Chief McNaughton to answer the questions?

CHIEF WELCH: Okay. This is Chief Eddie Welch, W-e-l-c-h, of the Chicago Police Department, Bureau of Internal Affairs.

Deputy Chief David McNaughton, I am giving you the direct order to answer all the
questions posed to you today by the Office of the Inspector General of the City of Chicago.

MR. VALDEZ: Did you see any videos that were on that CD?

MR. PLEINES: We saw what is being referred to as the Dunkin' Donuts video.

MR. VALDEZ: So of the three, we saw the one Dunkin' Donuts video?

MR. PLEINES: Correct.

THE WITNESS: Right. Can I have a moment with him?

MR. VALDEZ: Sure. The time is 9:11, and we will go off the record.

(Short break in proceedings.)

MR. VALDEZ: The time is now 9:13, and we are back on the record.
MR. PLEINES: I want to clarify the statement that I made about the videos that were on the disk that was tendered. My client was able to open the videos. As I reported to your office, I could not open all of them. Additionally, your office represented that the files on the disks that are marked audio, that there is no actual audio.

MR. VALDEZ: Noted, Counsel. Thank you.

BY MR. VALDEZ:

Q. So Deputy Chief McNaughton, just to make it clear for the record, you were able to view in-car video from vehicles 813 Robert, 845 Robert, and the Dunkin' Donuts video?

A. Yes, I opened up the one, I believe 813 Robert, and the Dunkin' Donuts video I did view.

Q. Since receiving your Notice of Interview, did you review any other materials in connection with this case?

MR. PLEINES: When you say, "any other materials," do you mean other than the exhibits marked here?
MR. VALDEZ: Other than the exhibits marked, correct.

THE WITNESS: No, I did not, that I can recall.

BY MR. VALDEZ:

Q. Aside from your attorney, did you speak with anybody else in preparation for this interview?

A. My wife, yeah.

Q. Okay.

A. I informed others I was going here, but I didn't prepare with them --

MR. PLEINES: You didn't discuss the facts of what occurred?

THE WITNESS: No.

BY MR. VALDEZ:

Q. Understood.

And Deputy Chief McNaughton, before we get started with the substance of the interview, are there any statements that you would like to put on the record?

A. Yes.

MR. PLEINES: Read it slowly and clearly.

THE WITNESS: I want to preface this
statement by saying that I am not giving this
statement voluntarily but under duress.

I am giving this statement because I
have been advised both orally and in writing
that I must give a statement or I will be
separated from the Department if I refuse the
direct order I have received.

In addition, on the advice of
counsel, I want to object to the delay in this
investigation.

This incident occurred almost
18 months ago. The delay in this investigation
is prejudicial to my ability to recall the
details of this incident so that I can defend
myself.

BY MR. VALDEZ:

Q. Thank you, sir.

MR. VALDEZ: And Counsel, just to confirm,
would it be okay to get this transcript to you
next week given the holiday weekend coming up?

MR. PLEINES: That would be fine.

BY MR. VALDEZ:

Q. Deputy Chief McNaughton, what's your
star number, sir?
And your unit of assignment?

115.

And that unit of assignment, was it the same on October 20, 2014?

It was not.

What was the unit of assignment then?

I was in Unit 211 on that date.

And what watch were you on then, sir?

I am assigned as a deputy chief, so we work all the time, so we will say second watch for the record, but I am available 24 hours, 7 days a week.

Understood. And on October 20th, what was your chain of command? October 20, 2014, what was your chain of command?

My chain of command was the Deputy Chief -- strike that.

The Chief of Patrol, Wayne Gulliford, and if he was off, his executive officer Eddie Johnson, who was then -- the chain after that is the First Deputy Alfonso Wysinger, and then the superintendent, Gary McCarthy.
BY MS. ANSARI:

Q. On October 20, 2014, what was your title?

A. Deputy Chief of Patrol.

Q. Okay. So it was Deputy Chief. Okay.

A. Yes.

BY MR. VALDEZ:

Q. And at that time, you were the commander of Area Central?

A. I was the Deputy Chief of Area Central, that is correct.

Q. And in the course of your duties, are you issued like a CPD cell phone, or do you guys use your personal cell phone?

A. I use the phone given to me by the Department, yes.

Q. Okay. And what's the phone number of that one, sir?

Q. And your personal cell phone, do you also use that for business on occasion?

A. I don't use a personal cell phone.

Q. Okay. And that cell phone number, the (312) 285-4051, that was the same on
October 20th?

A. It was.

Q. I want to get into what happened the
night of October 20, 2014, and we will start with how you received the call?

A. Okay.

Q. So if you could just walk me through how that happened.

A. Okay.

BY MS. ANSARI:

Q. As best as you can recall.

A. I was in bed. I had worked a full day, more than a full day. I was on the detail escorting -- the motorcade detail escorting President Barack Obama that entire day.

I was not scheduled to be the OCIC on the night of the 20th. I came home late after the conclusion of the detail with the President. I had something to eat, and I went to bed a little early because I worked the day prior as well and had little sleep.

I got a call from Operations Command or CPIC that the shooting had occurred, which is not unusual.
They would call the deputy chief of the area that this occurred. I was notified. And they also told me I am the OCIC to handle the shooting, and I told them I am not; that another exempt member was reassigned to take that duty, and that I would not be coming out.

MR. PLEINES: For purposes of clarity, could you tell the court reporter what OCIC stands for.

THE WITNESS: The On-Call Incident Commander.

I told them I would not be coming out. I tried to go back to bed. A second call came out again from the same CPIC saying, hey, you got to go. You are, you know, the other commander that was so -- that you thought was assigned is not assigned or he doesn't think he is assigned, you will have to go. I said -- I told them no again.

Third call came, and this was from Deputy Chief Eddie Johnson at the time who was serving as the Chief of Patrol when the Chief of Patrol was out, he is the executive officer. He assumes command.
He told me that there was some type of mix-up and that I would have to go attend to this. So I did.

So there was a considerable amount of time that occurred between the first call and the last call that I got from Eddie Johnson. I can't tell you how much time that was.

By Mr. Valdez:

Q. Right. Do you recall at least the time of the first CPIC call, approximately?
A. I really don't. I mean, yeah, it would probably -- I don't know.

Q. Okay. And do you recall what time you arrived on the scene?
A. I don't.

Q. Do you live near the scene?
A. I don't. I live on the northwest side of the city and, of course, the scene was on the southwest side of the city.

There was minimal traffic, so I don't think that there was any great delay other than me going downstairs, getting dressed in my uniform and proceeding to the scene.

Q. If you needed to estimate how much
time between the first CPIC call and to when you
arrived on the scene, would you be able to do
so?
A. It would be a wild guess.
MR. PLEINES: I am advising you not to
guess.
THE WITNESS: I just don't know.
BY MR. VALDEZ:
Q. Fair enough. Now, when you arrived
to the scene, you are coming from the north
side, so do you park on the north side of the
scene?
A. I do.
Q. Do you recall which side of the curb
you park on or approximately where you are at?
A. I do. I was on the west curb line.
Q. West curb line?
A. Yeah, yeah.
Q. Are you around --
A. Strike that. I was on the east curb
line.
Q. Okay. East curb line, north side of
the crime scene?
A. North of the crime scene, yes.
Q. At that point, you get out of your vehicle?

A. Uh-huh.

Q. And what's the first thing that happens when that -- when you get out of your vehicle?

A. I observed the scene, how big it is; that there is a lot of crime scene tape and a lot of police officers present.

Q. And was Laquan McDonald still on the scene?

A. He was not.

Q. And when you get there as an OCIC, what is kind of the assessment that takes place?

A. Are there certain people that come up to you, do you go up to certain people, how does that work?

MS. ANSARI: Let's start with maybe what happened that night and then --

MR. VALDEZ: Sure, sure.

BY MR. VALDEZ:

Q. This will be specific to that night. So did you go up to anybody, does anybody come up to you in terms of the assessment of the
scene?

A. Right. It has been such a long time that I can't remember exactly who I talked to right at the beginning, okay? I would have to guess.

I would -- there is going to be Commander O'Donnell, I believe, and Captain Walsh on the scene, and I believe I went up to either one of them, I can't recall which one, and just basically got the facts of what was going on.

I may have received a phone call or called O'Donnell prior to getting to the scene to get some of that information, but again, I can't be specific if I did or I didn't.

So that would be my first course of action to get a grasp for what was going on.

Who gave that to me and gave me a run down on what was happening, I simply can't recall.

Q. And Commander O'Donnell, what is he the commander over?

A. Commander of the 8th District.

Q. And is he Patrol section or is that
both Patrol and --

A. Patrol.

Q. And Captain Walsh?

A. Captain Walsh, he would be called as executive officer, so he was definitely on scene.

I can't even remember if -- I can't remember the status of O'Donnell, if he was there or not, but I imagine that's who I would have talked to. That would have been the right protocol.

Q. Would it help your recollection in recalling who these people were if I gave you a copy of a case supp, a case supplementary?

A. It would.

Q. Okay. So what we will do now is I am show you a copy of Case Supplementary Report HX 475653, and this is dated October 20, 2014, at 21:57 hours, and I will give you a few minutes to go through that.

I believe Page 17 is where it will start listing personnel?

A. I do want to state prior to reviewing this document that this is the first time I have
ever seen this document.

Q. Yes, sir.

A. The only documents that I am aware of were the ones that I worked on that night.

Q. Okay.

A. I have never seen a subsequent document, although I know that they have been published, I understand, in the press.

I knew that I had a role in this, and I didn't want to taint any future type of role I may have by looking at this document, so this will be the first time I am looking at this.

Q. Sure. Time as much time as you need.

MR. PLEINES: And I would like to state for the record that contrary to counsel's characterization of the witness' testimony, he is not reviewing this document because he doesn't remember who O'Donnell or Walsh are.

His testimony is he didn't remember who he spoke to first or if he spoke to both of them.

MR. VALDEZ: Correct.

MS. ANSARI: And there is a lot of substantive information in this document, but
what we are really using it for is to refresh
your recollection of who was on the scene, which
was on Page 17.

THE WITNESS: Okay. Well, let me go to
Page 17.

He was on the scene, okay.

MR. PLEINES: Make sure you review it
carefully.

THE WITNESS: Okay.

MR. PLEINES: Can I ask for a
clarification? What is your pending question?

MR. VALDEZ: My line of questioning is
going to go into what happened that night, and I
believe this will help Deputy Chief McNaughton
refresh his recollection as to who was there,
because we will get into some questions
regarding detectives on the scene, et cetera,
et cetera.

MR. PLEINES: Right. That's what I am
getting at.

Are you asking him who was there upon
his arrival, or who was there at some point
during the evening?

MR. VALDEZ: Right now we are at the point
of the arrival.

BY MR. VALDEZ:

Q. So as you arrived on the scene, you mentioned that Commander O'Donnell and Captain Walsh were there and may have apprised you of the situation. You can't recall specifics, I understand.

BY MS. ANSARI:

Q. Is that correct?
A. That is correct.

BY MR. VALDEZ:

Q. And before we get any further, I just want to make sure we enter this as Exhibit 11, and if you need to reference any of these documents, just let me know and we can grab those.

(Whereupon, document so offered was received in evidence as McNaughton Exhibit No. 11.)

THE WITNESS: I just do want to mention that I only viewed Page 17 for the names that were there.

I didn't -- I did not review that entire document.
BY MR. VALDEZ:

Q. Noted.

A. All right.

Q. Now, other than Commander O'Donnell and Captain Walsh, was there anybody else that you spoke with upon arriving on the scene?

A. I just can't remember. I am sure there was. My recollection is cloudy because of all the things that have transpired since that time that I have had to handle, and so I think they were out by the what would be by the scene of where the shooting actually occurred, and I think one of the first things I did was find out who the shooting officer was and just introduced myself to that officer, not asking him any questions, but introduced him, jus gave him what my role was going to be; that I was going to ask him some questions, et cetera, and then I think I proceeded to what would be the north portion of the crime scene, and Sergeant Becvar was already on scene, and I believe IPRA was already on scene as well.

Q. Okay. So Sergeant Becvar, correct me if I am mistaken, but he is the in-car camera
technician; correct?

A. He is the technician that helps us
with in-car camera on the scene so we can review
it and retrieve it.

Q. Now, in terms of personnel that are
assigned on the scene, did you tell people what
to do? Did you assign tasks, so to speak?

A. No, because I was so late in
arriving, and it is not the normal role of the
OCIC to do those tasks. Patrol handles the
crime scene to make sure it is protected.

The detectives start investigating
and interviewing people, and IPRA is on scene to
start their investigation, and then forensic
services will come in to collect the evidence.

Everyone has specific roles in what
they should do, and unless there is an issue
with them not doing it, I let the natural course
of events occur.

Q. Okay. And what are the duties of the
OCIC?

A. The OCIC on a shooting is to make
sure -- again, let's go through that the crime
scene is protected, so when I got there it
looked like we had crime scene tape and things marked off well, so the patrol is doing their job; that the officer involved that his weapon is secure, either on his person or a trunk of a car. That's one of the main things that we want to make sure of right away.

We want to make sure that the detectives are on scene and actively doing their job. We can check the box on that, they were doing that.

We want to make sure proper notifications were made right from the beginning, which they were, obviously, because I got notified, IPRA was on scene, and that any type of services beyond what would be normally needed for a scene, I would be able to call out. So if we needed a light truck, let's say, because we needed additional lighting, or any type of specialty-type vehicle, I could request that.

If everyone is doing their job - detectives, IPRA, patrol, things are progressing, I get a basic account of what goes on.
I do what is a walk through with the detectives to get a full account of what's happening, the facts that I know at that time. I do a walk through with the officer involved, which is a one-on-one interview, and then I make sure that IPRA gets a walk through of the scene and access to the entire scene.

The OCIC usually at that point would direct the investigation back into the area center, which is Area Central at this time, and then make sure that the weapon is retrieved by Forensic Service Division in my presence, and that the chemical testings for the officer, the breathalyzer and the urine sample is given, and then the final thing is to make sure at that time, it is no longer I don't think, but a News Affairs statement is put out, and the I will say the -- that the TRR's and the Officer's Battery Report are completed, and I review and get them done.

Beyond that, there is another role. I return all my documents. I make sure that they are properly completed and sent in, and then I do a briefing for the superintendent a
day later that encapsulates the entire -- gives
a summation and presentation of the entire
incident, and to my knowledge, all those things
were done.

Q. On that night, October 20th?
A. October 20th, 21st, and then the
superintendent's briefing was on the 22nd.

Q. Got it. To your recollection, did
you need to request any specialty vehicles or
anything that evening?
A. I don't believe we did.

Q. Okay. And it sounds like for the
most part, the command staff of the various
areas - patrol, the detectives division, that
they know their role upon arriving to the scene?

So it is not a situation where you
are necessarily telling them step-by-step what
they need to do?
A. That is correct.

Q. Are you given any instructions as to
the nature or scope of controlling the scene
that night?

MR. PLEINES: Do you understand the
THE WITNESS: I don't understand the question. Give it to me again, please.

BY MR. VALDEZ:

Q. So that night, October 20th, did anybody give you any specific instruction or direction as to specific duties in terms of controlling the scene, an OCIC role?

A. Did I receive an instruction about the crime scene?

Q. Correct. Any direction from anybody in terms of getting the crime scene controlled or any specific direction?

A. I don't recall, no.

Q. Okay. And did you give any instruction or direction to any staff?

A. About the crime scene itself?

Q. Correct.

A. I don't recall, no.

Q. And now you said you walked to the shooting officer who we know now is Jason Van Dyke?

A. That is correct.

Q. The first time you approached him, there was no substantive conversation, it was
1. just an introduction?
2. A. Yes.
3. Q. And then also you mentioned the role
4. of an OCIC is to ensure that the firearm is
5. secured; correct?
6. A. That is correct.
7. Q. So is that also kind of the purpose
8. of going to the shooting officer right away,
9. just to make sure those boxes are checked?
10. A. It is one of the first things you
11. want to find out to make sure, yes.
12. Q. Okay. In terms of that initial
13. conversation with Officer Van Dyke, did anything
14. else -- did you guys talk about anything else?
15. A. No. I can't remember the -- I can't
16. remember the conversation, so I won't get into
17. any detail, because I just don't remember.
18. It is more of a reassuring, hey, I am
19. here, this is what's going to happen type of
20. conversation; ask him if he has any personal
21. needs that he has to attend to to make sure he
22. is -- you know, it is a traumatic situation.
23. You try to make sure that they are okay
24. physically, you know.
Q. Definitely. Okay.

Do you recall speaking with any Cook County officers on the scene?

A. No.

Q. Do you recall seeing any Cook County officers?

A. I do not.

Q. Do you speak with any other -- excuse me.

Did you speak with any other CPD officers upon arriving to the scene?

A. I am sure I did. It may be as something as hello, how are you, but I am sure I talked to many officers, but I can't remember which one and where specifically.

Q. Do you recall any substantive conversations with any of the CPD officers -- officers involved in the incident?

MR. PLEINES: What do you mean by "substantive conversations"?

BY MR. VALDEZ:

Q. Anything relating to the shooting.

Do you have to interview them --

A. When I did the separate interviews, I
Q. Yeah, I think this is a good time to.
A. Or do you want me to go where I went next and what I did?
Q. I tell you what. Let's go to where you go next, and then we will take it chronologically.
This way, if we get out of order, you can let me know.
A. It just may help with my memory, if I am correct with my chronological order.
Q. We will get it to the best of your ability.
A. I believe one of the first things that I did was I saw -- I observed Lance Becvar in one of the vehicles retrieving video, and I was informed either by him or someone else that they did have video of the incident, and I did go to that vehicle, I believe that's 813 Robert, the -- and I did view the video that was presented by Lance Becvar.
Now, I don't know if it was on the in-car camera screen in the, you know, the
police car or on his laptop. I am not sure. I think for some reason it was on a laptop device that was on the dashboard if I can remember correctly, so I did see the video at that point.

Q. Upon seeing the video, what were your initial reactions?

A. Well, my initial reaction was, oh, my God, you know, this is, you know, something to see, but I looked at it several times from the perspective of a police officer, and there were some very troubling things on that video that need to be notated and are not being notated in the popular culture right now. Can I elaborate?

Q. Please.

A. Okay. I didn't know if you wanted me to go a long time here with this. That video shows an offender running through the Burger King parking lot, okay? And he is running at a good clip because police officers are running after him.

When he gets to what I believe is the intersection of 41st and Pulaski, he slows down and he almost -- and he is walking now, and he
almost comes up to a complete stop, and in front
of him, he is facing southbound, and in front of
him, his view, are two police cars. One that
just passed him and is parking at him, that's
Van Dyke and Walsh, and another vehicle that's
facing him, and I don't even know who the
officers are in that vehicle, I don't know their
beat number, but he is right in the middle of
the intersection observing those two things.

The point that really gets to me as
far as a police officer, and it would for any
police officer, is he stops, he hitches up his
pants, and with his right hand presents the
knife in a swinging motion, not trying to
conceal it, throw it away, which where I come
from in my personal knowledge of just being a
human being, not alone a police officer, that's
an aggressive act.

It is one that I would consider to be
an assailant at that point.

If I am going to confront this guy,
this guy is telling me, he is going to fight.

Also, I noticed that Walsh and
Van Dyke's vehicle have pulled several feet
ahead, and now the offender, or excuse me,
Mr. McDonald, is moving forward in such a
fashion. He is kind of veering to the right,
but he continues to move the knife.

He doesn't conceal it or surrender it
or discard it, and the officers are getting out
of their vehicle. They are hand motioning,
which would give me an indication that they are
telling him, hey stop, get back, get down on the
ground, normal police commands, drop the knife,
and he continues his motions to where he gets
close enough to Van Dyke where he makes a motion
with what looks like his right hand that is
obscured by the video itself when it appears
that Van Dyke does fire upon him.

I did see it several times, and my
impression was that, you know, this guy was an
aggressor, and if I was the police officers on
the scene at that time, would it be reasonable
for me to believe that I was in fear of my life,
and to me, that tape, before I even talked to
them, was something that confirmed that initial
thought.

So those were my initial thoughts,
but I didn't want to get ahead of myself. This was only one piece of evidence. There was a lot of things that we had to do.

I then asked the investigators on the scene, I think Lieutenant Wojcik was there, Lieutenant Ozzie Valdez was there, and I don't know which one I asked, but I would have asked one of them to get me the detective that's in charge of this, and I want to get a walk-through from him, from that detective, to make sure that what do I know, what am I missing here, what's going on?

I already had a basic narrative, but I want to make sure I got, you know, a cleaner picture, and that's what I normally do.

I don't think -- there is really no set class on OCIC, which I think is a problem that should be talked about, but what I do is I have the detective involved, clean up any gaps that I don't have right now, and they usually by this time have enough information to walk me through the scene.

So I had Detective March get into my vehicle, my Ford Fusion, and I said let's begin
from the beginning, from the radio call and
where this all came out, what you know at this
time.

So we went back to the truck yard at
40th and Keeler, I think it is 40th and Keeler,
where the call came out that there was a man
breaking into vehicles.

Detective March told me that he had
learned from the officers involved that when
they got there, when the officers I think it was
815 Robert, when they were on scene, they were
directed by an individual that there was a man
armed with a knife; that he was walking
eastbound on 40th; that I don't know if he was
breaking into vehicles or what actions he was --
what he was doing, but 815 Robert immediately
went to go and investigate, and they
subsequently found Laquan McDonald walking
eastbound on 40th Street.

I believe it was Officer McElligott
got out of the vehicle, noticed that he did have
the knife, and he followed him, McElligott with
his gun drawn following him at a good distance
behind on foot, and Officer Gaffney paralleling
the two as they are walking down 40th Street.

When they get to 40th and Karlov,

Gaffney pulls in front of McDonald in the
intersection to try to, as they say, cut him off
at the pass, to stop his progress.

It is at that point that Laquan

McDonald punctures the tire on the vehicle and
attacks the windshield for lack of a better term
in the vehicle that's occupied by Officer

Gaffney.

MR. PLEINES: With what?

THE WITNESS: With his knife, the knife,
with the knife. He punctures it with a knife,
and I believe at that time, I don't know if it
was Officer McElligott or Officer Gaffney had
been on the radio asking for assist, and they
even state that he punctured the tire.

Now it is a run. Now we have got a

chase going on, a foot chase, and they are

running eastbound on 40th that brings us through

the Burger King parking lot, and I rode through

and saw that, to the crime scene.

So we get out, park the car pretty

much back at my old former position, and I get
out and I walk the crime scene. I walk the
distance to where I think McDonald has stopped
to where he is hit, and the one thing you will
notice, if you have done it yourself is that --
people say he is walking away, that he is not
approaching them. That's just not the case.

If you are standing about 60 feet
away from where the parked vehicle is from Walsh
and Van Dyke, and they are pretty much a fixed
object, and McDonald is about ten feet away when
he is shot, he approached them. There is no
other way to describe it.

If you define approach as come near
to somebody, he came near to them. It wasn't
Van Dyke and Walsh that engaged him. It was
McDonald that came up to them.

I noticed the crime scene, I noticed
the casings that were on the ground and then I
saw the knife for the first time.

I don't know why I didn't see it when
I was doing it, but this is the time I saw the
knife.

It was on the ground exactly where
Walsh kicked it, and I believe I asked somebody,
and I don't know who it was, why is this so far from -- I didn't notice in the video.

Because there is so many things you don't notice when you see a video even a couple times.

BY MR. VALDEZ:

Q. Right.

A. You can look at it 100 times probably to see it correctly, was how far the knife was kicked, which kind of indicates how much adrenaline was pumping through these officers' bodies at the time, because it was kicked a considerable distance away from Laquan McDonald, out of his hand, but that knife could kill somebody.

I know it is characterized in subsequent media reports as being, you know, so many inches. I can tell you. I don't know if you have seen the knife yet, but that can definitely, definitely do somebody some harm.

At that point --

MR. PLEINES: Finish your thought.

THE WITNESS: Let me just let finish my thought.
So that was my walk through with March, okay?

Do you want me to continue as far as my chronological.

BY MR. VALDEZ:

Q. What we could do is, because I wanted to get back to the video.

How many times did you see the video with Becvar?

A. I don't know. It was several.

Q. Several times?

A. It was several times, and I believe other people were, I want you to see it, too, maybe detectives, detective sergeants at that point.

I think Lieutenant Wojcik saw it as well, Tony Wojcik saw it as well. Yeah, several times.

BY MS. ANSARI:

Q. The impressions you gave us, I just want to get this clear for the record, but the impressions you gave us of the video, those were the impressions you had at the time of viewing the video, not after the fact right now;
correct?

A. Right.

BY MR. VALDEZ:

Q. Do you recall -- I know the times are going to be hazy, but I am going to ask this kind of continually.

A. If I can go back to one thing about that video that stood out in my mind.

Q. And this is at the time of --

A. This is at the time that really I think, you know, set my mindset, was the action of McDonald hitching up his pants and throwing that out there.

An offender that is running from the police is fine, okay, we get that. That's normal.

An offender that sees the police ahead of him and stops and does that. That's not normal. That would send the hairs up anybody's neck that has to respond to that.

Most offenders that are armed try to discard or conceal the weapon. He didn't do either. He presented the weapon.

Again, that stood out in my mind.
Those were the things that were standing out in my mind.

Most either surrender or comply. He did neither. He continued his approach to the officers when he had a clear path.

If you look at the video, he had a clear path to run on the right-hand side, and knowing Laquan McDonald's size and stature and age and Officer Van Dyke's and Walsh's size and stature and age, I would venture to guess that he would make good his escape if he just put the knife down and took off.

He didn't do those things. It is -- it has been categorized later, and one that I strongly object to, is the fact that people say that this is a normal thing that police encounter. It is not.

When police encounter offenders, they usually do certain actions. Mr. McDonald didn't do those actions, and for that reason, it would give a reasonable person to believe that they would be in fear of their life if they were on the ground there at that time.

Twenty-five years of police
experience, I would have felt that way. I would have felt that way if I was on the ground.

Q. We get to the video, you view it several times. At that point, upon viewing the video, did you get any type of narrative from anybody to kind of say, you know, these are the officers involved, this is what happened, or was it more you viewed the video, and then as things kind of developed, you built that --

A. Yeah, you know, good question. I don't know who did what. Someone had to tell me, because I wanted to talk to them. I don't know who told me.

I know Van Dyke and Walsh were in the one car. I think we had McElligott and Gaffney come up. Their car was also on the scene as well with the punctured tire and the markings on the windshield. That was nearby the scene as well.

So at this point, I believe, I start doing my interviews with these officers. Who I interviewed and in what order, I can't remember, but I specifically know that I talked to them individually and separately.
They were not within earshot of anyone. We walked off to the side, and I told them -- each one of them when I talked to them, I told them to give me a chronological account of what happened, and they did, and none of them told me something that would contradict the facts that I knew at the time.

Q. Okay. And now this one-on-one interview with the various members, does that happen prior to your walk through or before -- or after your walk through?

A. It was prior to my walk through with IPRA, but after my walk through with Detective March.

BY MS. ANSARI:

Q. The walk through with Detective March happened, as far as you can recall, right after you viewed the video several times?

A. Yes.

BY MR. VALDEZ:

Q. Do you recall what time it was at that point that you had viewed video?

A. I was not looking at my watch. I couldn't tell you.
| Q. | And I know that you said your recollection is hazy, but that's going to be a question that I will ask just to try and get a timeline, so don't get annoyed by those questions. |
| A. | Sure. And again, I want to preface everything here to let you know that these -- this could have been done in different order. It is just the best of my recollection right now. |
| Q. | Understood. |
| A. | Okay. |
| Q. | So you get in your vehicle with Detective March? |
| A. | I already did that. We came back. |
| Q. | Was anybody else in the vehicle besides you and Detective March? |
| A. | No. |
| Q. | So you get back to the scene, you park your vehicle, get out of the vehicle, and at this point you believe you start interviewing the various members? |
| A. | I believe so, yes. |
| Q. | Do you know what member you would
have started with? Is it logical to start with the shooting member or --

A. I just -- I just don't remember, you know, I just cannot recall which one I talked to first.

Q. Okay.

A. I am not going to even speculate.

BY MS. ANSARI:

Q. When you say you did interviews with the involved officers, do you mean you interviewed the officers who witnessed the shooting; correct?

A. No. I think the only four officers I talked to, to the best of my recollection, would have been Van Dyke, Walsh, Gaffney, and McElligott. That's the best of my recollection. If I interviewed others, I just simply can't recall, but I think those are the ones that I talked to.

BY MR. VALDEZ:

Q. And you mentioned that you had talked to each of these officers separately, you pulled them to the side?

A. Right.
Q. No one else was present during these conversations?
A. No.

Q. And you said that to the best of your recollection, what they told you didn't differ from the facts that you had known at that point?
A. No.

Q. Had you met any of those officers prior to speaking with them that day?
A. I was the Commander of the 8th District prior to this, and when I was on scene, I was wondering Van Dyke didn't seem, you know -- I think Van Dyke was transferred in after I was promoted and left the district. McElligott and Gaffney, you know, maybe to say hi, and Walsh, I do remember Walsh, and I don't know why, just, you know, going out on jobs and seeing him, but none of them I would say I knew well or anything like that.

Q. So no type of social relationship?
Strictly at work?
A. No, no, nothing like that, no.

Q. Okay. Now, you mentioned you had spoke with Detective Valdez, Wojcik and also
March who was investigating the scene, the incident, I should say?

A. Yeah, Wojcik and March, yes. I am sure I talked to Lieutenant Valdez during -- on the scene.

I just can't remember in what form or fashion or how -- what the conversation was about.

Q. Now, in terms of the OCIC and the detective side of things, are they coming up to you with developments that they are learning as the night progresses?

A. If there is anything substantive, yes, they would have definitely.

Q. Does anything stand out in your mind the things they came and told you?

A. No, nothing does that I recall. Are you talking about the whole night?

Q. Let's just say at the scene. We will focus at the scene.

A. No, I can't recall.

Q. Do you recall if any of the detectives consulted with you about where to go with their investigation at all, and this is
again at the scene?

MR. PLEINES: When you say "consulted," do you mean in a sense asking the Deputy Chief how they are supposed to do their job?

MR. VALDEZ: In essence, yes.

THE WITNESS: No. It looked like everybody was doing their job. I didn't get the sense that I had to give anybody direction, nor was anyone asking me for direction that I recall.

You know, I am sure we had conversations about the scene, about, you know, particulars, but I just -- I honestly can't remember who I talked to and what the substance of the conversation would be.

BY MR. VALDEZ:

Q. And in terms of updates about developments on the scene again, you said -- I know you said you can't recall much in terms of specifics, but does anything stand out in your mind in terms of being at the scene where you would have learned a certain fact or any additional information such as civilian witnesses or CPD witnesses that people would have made you aware of?
MR. PLEINES: Other than what you have already said.

THE WITNESS: No, nothing that stood out that was out of the ordinary, no.

BY MR. VALDEZ:

Q. And now, you said you had a walk through with IPRA as well; correct?

A. I did. After I talked to the officers, I walked through the scene with IPRA.

Q. And who from IPRA?

A. I don't know their names. I believe there was four of them, or maybe more, but what I did is I offered and we did do the same thing that I did with March.

I offered get in my car -- I got a Ford Fusion, so I think we could only fit four people. If there was five, they would have had to sit on someone's lap in the back, and I brought them right through the scene in chronological order of what I knew at that time.

Q. But you don't know who was in the vehicle that you did the walk through with?

A. I know it was IPRA. I am sure we exchanged who we were, but I could imagine if I
see you 18 months from now I am not going to remember and stuff like that.

Q. Understood.

A. All those type of things.

Q. When IPRA arrives on the scene, I know -- they need to get access to the crime scene; correct?

A. Right.

Q. So how does that process work? How did it work that night?

A. You know, it has changed since that time, but basically, IPRA stays out on the periphery of the crime scene until the detectives are done with it or until I bring them in to do the walk through, and so when I got done with the one-on-one interviews with the officers involved, I then took IPRA through the scene in my car.

We first went to the -- and the same chronological account that I have just given you, I basically drove them through, had them look at the physical evidence on the scene.

There was one hitch in which one of the IPRA investigators informed me that members
from the Forensic Services Division started, I think, picking up -- I think they were casings they were picking up, and they told me. I said, all right, stop, you got to wait until the walk through.

That was about the only thing that stood out in my mind that didn't go according to Hoyle (phonetic) on the scene as far as, you know, and when I told them, okay, we will stop until you tell me to start again, and that was it.

I believe, and I can't -- I can't remember, but I think, and you can verify with Becvar or the IPRA investigators, I believe I showed them the video from the in-car camera right on the scene prior to leaving, and they may have seen it several times.

You have got to remember, when that video was being shown, you can only look inside the vehicle, so it can only be really one or two people can see it at the same time, because you only can stick, you know, two heads in a vehicle at the same time, so I believe they did.

If not, they definitely were made aware, to the best of my knowledge, that the
video existed.

Q. Okay. So you do the walk through with IPRA. When you come back, you meet up with Becvar, at least you believe you meet up with Becvar. Do you know what vehicle he is at?

A. It is the vehicle, I believe -- I believe it is the vehicle that captured the video.

Q. So 813 Robert?

A. Right.

Q. So he is still at 813 Robert with either his laptop or looking at the in-car video display?

A. I really can't remember to tell you the truth. He was going from car to car to car, trying to retrieve anything. That's what he does, and we got to make sure he does that, or if there is anything different or out there that we need to see, we want it look at that, too.

Q. But for some reason it stands out in your mind that either you went with IPRA and showed them video multiple times, or you at least made them aware of the existence of a video?
A. Yes, that's what I think happened, to
the best of my knowledge, yeah.

Q. Anybody other than IPRA, did they see
the video as well? I know you mentioned some
names previously. Anybody that you can recall?

A. That I can't recall. There could be
several of the -- I don't know. It wouldn't be
surprising if other supervisors saw it, if some
other detectives saw it. I don't know who.

I know I saw it. I know Lieutenant
Wojcik saw it because I think he was with me
when I first saw it, and then, you know, I am
sure there were others, but I am not sure.

Q. Right. But it is pretty common to
say, I mean, for police-involved shootings, if
there is video involved, the command staff will
look at that video and see --

A. I would think so, yes, yes.

Q. And with IPRA, did you have to give
IPRA a public safety statement? Do they get
those at that time?

BY MS. ANSARI: Is that a term of art that
is not --

A. That might be a new procedure since
this has all unfolded with IPRA, so I am not aware of that statement.

I know that things at that time were evolving with IPRA and the FOP that every time an OCIC would go out, there seemed to be a different rule on how we would do things, but that night, there was I don't think a public safety statement. I don't think that there is.

BY MR. VALDEZ:

Q. And in terms of just background for my own benefit, in terms of I guess we will call it flux between FOP, IPRA and the OCIC, you said there were some changes that happened around that time.

What's kind of the background for those changes? I mean, what types of changes are we talking about?

A. More of access to the officer as far as timing, and I don't know -- I think in this time, there was a rule that they would wait 24 hours at least to talk to the shooting officer.

Q. That's IPRA would wait?

A. IPRA would wait 24 hours, and the
witness officers would be within two hours of the incident.

Q. Okay. And that was new developments as of that time?

A. I don't know how new. No, I don't know. I don't want to get involved with -- I can't remember.

Q. No, not a problem. I was just trying to get some background.

A. Yeah, I wish I could give it to you.

MR. PLEINES: How are you doing? Do you want to take a break?

THE WITNESS: I am okay.

BY MR. VALDEZ:

Q. And now FOP reps, do you talk to any of the FOP reps on the scene? Did you talk to any FOP reps on the scene?

A. I might have. I don't recall. I know I am very cognizant that I don't want them coming with me when I do my walk through. They will try to walk right in with you on that, but I don't recall them -- I don't even know which FOP reps were there.

I know there were several reps
because -- I think there were several reps

there, but I don't recall -- I said hello to

them maybe. I don't know which ones they were
even.

Q. What's the reasoning behind for
trying to be separate from the FOP on the scene?

A. For me?

Q. Yeah.

A. Well, I don't want to be near anybody

as far as when I am talking to the involved

officers.

I want to give them the ability to

have that one-on-one conversation. That's kind

of a sacristy-type thing.

Q. You want a very unbiased statement

from them; right?

A. Right.

Q. Do you know if you are the first

person to talk to these officers, or at that

point have the detectives went and spoken with

these officers?

A. I am sure the detectives have talked

to them, their chain of command has talked to

them, but I am the one when I am going to do the
walk through, that I am going to talk to them, yes.

Q. And anybody else that you can recall that was on the scene other than IPRA, FOP, the detectives, your patrol guys?

A. Not that I am aware of.

Q. Nothing stands out?

A. Nothing stands out unusual.

Q. Okay. On the scene, did any media attempt to interview you at all or any other CPD members?

A. Not to my knowledge.

Q. And generally speaking, how is that handled? I know there is some shootings where there is more media presence their others?

A. Right.

Q. Does the media on occasion try to interview you or --

A. That has evolved over time, and based on superintendent's decisions. Years ago, we had a police spokesman that would be on the scene saying something, and then there was a decision made later on that we don't make any statements, that we refer them to the
Independent Police Review Authority, and then we started doing statements by the OCIC, and now we are doing a News Affairs, either the press spokesman for News Affairs or the I have seen now the Chief of Detectives giving statements, so it has evolved over time on how that is going on.

Now News Affairs shows up to police shootings. They didn't show up to this police shooting.

I know that one of the problems that we had had over a period of time was with IPRA being the people we were referring to, FOP was making statements.

They were not official statements at the Police Department. They were the statements made by FOP, so that's that.

Q. And at that time, do you know what procedures were in place in terms of the media contact?

A. As far as that, I would refer them to News Affairs, and then I would be in contact with News Affairs from the scene.

Q. Okay. And now anything else at the
scene that kind of stands out in your mind prior to leaving?

A. I can't recall.

Q. Okay. And do you know what time --

A. Oh, one thing that I did do, and I don't know when I did it. I did go get a cup of coffee at the Dunkin' Donuts, and I may have seen the video of the Dunkin' Donuts on their little screen in the office.

I am not sure if I saw there or if I saw it back at the Area, but I believe I saw it at the Dunkin' Donuts itself.

Q. So were there other CPD members of in the Dunkin' Donuts at the time --

A. There was a defective in there. I don't know who it was working that scene or working that aspect of it. I don't know his name.

Q. Do you know of any civilian witnesses or anything like that at that Dunkin' Donuts?

A. Oh, at the Dunkin' Donuts? Not that I know of. I am sure the detectives asked, but I didn't inquire if they saw anything.

Q. Now, the detectives, did they ask you
at all about transporting witnesses or anything like that from the scene?

A. That wouldn't be something that I would do or get involved in. If they needed somebody moved, they could either do it themselves or ask patrol officers to take people back to the area if they needed that.

Q. So in essence, are there any things that need to be cleared through the OCIC in terms of investigating at the scene?

A. As far as them doing their jobs and proceeding?

Q. Correct.

A. No. The only thing that we ask is Forensic Services to leave it intact until we are done, as far as the walk through that they would start collecting evidence.

Q. Do you recall what time you left the scene?

A. I don't.

Q. Was it mid-scene or were things kind of wrapping up at that point?

A. When we were really finished with the business of what we had to attend to, that's
when I left. It was several hours I would say
that I was there.

Q. Okay. Do you know if the evidence
tech guys were done at that point?
A. Oh, no, I don't think so. And they
wouldn't be typical to be done because they had
to process the scene, the vehicle, the knife,
the casings. They had a lot of work to do.

Q. So you were at least there for
several hours, but not until the end, there were
still some things going on?
A. Yes.

Q. After you left the scene, where did
you go?
A. To Area Central, 51st and Wentworth.

Q. And did you transport yourself in
your own vehicle?
A. I did.

MS. ANSARI: We are going to move on from
the scene?

MR. VALDEZ: Yes.

THE WITNESS: Could we take a break right
now then?

MS. ANSARI: That would be great. Thank
you.

MR. VALDEZ: We are going off the record at 10:05.

(Short break in proceedings.)

MS. ANSARI: Going back on the record. It is 10:11 a.m.

BY MS. ANSARI:

Q. Deputy Chief McNaughton, I have a couple follow-up questions related to your experience at the scene.

Well, first, who is the OCIC who was supposed to be on call that night.

A. Chris Fletcher.

Q. What happened -- why was he not able to go out on this call?

A. He actually, to my knowledge, I was told, he actually didn't think he was working that night, and for whatever reason, he was indisposed, couldn't go.

Q. So you said when you got to the scene, one of the first things you did was make an introduction to Officer Van Dyke; correct?

A. Yes.

Q. You said you don't recall any
specifics of that conversation, but do you have
any general recollection of him saying anything
to you about what happened in that initial
corneration?

A. No, no, I don't recall.
Q. Okay. And then you viewed the video
with Sergeant Becvar; correct?

A. I believe so, yes.
Q. And that was in Vehicle 813R?
A. Correct.

Q. You believe Lieutenant Wojcik viewed
the video with you?

A. I think he did at that time. That's
the best of my recollection. I could be wrong
on the timing; best of recollection.

Q. Okay. And you said that you weren't
sure if anyone else viewed the video, but you
believe other command staff would have viewed
the video and other detectives would have viewed
the video that night at the scene?

A. Yeah, I did say that. I really don't
know who did or didn't see it, so I don't want
to give you the mischaracterization.

Q. Okay.
A. You know, that others didn't see it.
    I wouldn't be surprised, okay, if that was the fact.

Q. Okay. And then after you viewed the video, Detective March walked you -- you did a walk through with Detective March?

A. Right.

Q. At the time, did you see that he had any notes?

Was he writing things down at the time, or did you see any of his reports that he was creating as he was conducting his investigation? Not just during the walk through, but the whole kind of night?

A. Right. No, I didn't notice him writing anything down or taking notes when we were talking.

If he had his clipboard, which is a common thing, it wouldn't stand out, so if he did, he did. If he didn't, he didn't, but that's typical if you see a detective on a scene to have a clipboard where they take notes.

Q. Okay. And on the walk through with Detective March, he was the only person walking
you through the scene? There weren't other
detectives?

A. No, I just had one individual. I
don't need 20 people telling me things, you
know, what's going on.

Q. Did you have any conversation that
you recall about the shooting with any other
detectives?

A. I may have, yes. I mean, there were
so many other personnel on the scene that, you
know, I just don't know who.

Q. But there is no other detective that
stands out in terms of kind of leading the
investigation essentially?

A. No.

Q. Okay. What were Lieutenant Wojcik's
and Lieutenant Valdez' roles on the scene?

A. They are the homicide, you know,
detectives for Area Central, so they are leading
the investigation from the detective side.

Yeah, they are the leadership for the
detectives that are on the scene.

Q. Are they both like equally --

A. I don't know if one supersedes the
other. You would have to ask their chain of command.

They are co-rank, but I think they work in tandem with each other. It is a big enough scene with a lot of people to interview and go through. There was plenty of work to do for everybody.

Q. Got it. And just to clarify for the record, you didn't have any involvement in the detective reports that were created that night?

A. No, and that's not the role of the OCIC. In fact, that's why I wanted to caution you when you showed me that report. It is the first detective supplementary that I have seen. I purposely stay away from that.

Q. And after the March walk through -- after Detective March walked you through the scene, you said that you had the separate conversations with at least Officers Gaffney, McElligott, Van Dyke, and Walsh?

A. I believe those are the officers I talked to. Definitely Van Dyke and Walsh, and I believe it was McElligott and Gaffney as well.

Q. And you don't believe you talked to
any other officers who witnessed the shooting,
or you are just not sure?

A. I am just not sure if I did.

Q. Did you -- how did you record the
statements that they gave you?

A. I didn't. Just simply to get them by
memory that night so we could proceed with our
paperwork.

There were a few things that stood
out especially from Van Dyke's side that I do
remember, because he was the one I was focused
on.

The other ones, I am not saying they
are peripheral, but let's face it, Van Dyke is
the shooter, so there are some things that stood
out in my mind with him.

Q. So as best as you can recall, recap
the conversation you had with Officer Van Dyke
and you said stuff -- there were things that
stood out. What stood out?

A. Right. So I had him do a
chronological order. He among the others I
think was not as strong as remembering what he
was actually doing through the whole, you know,
tour prior to coming there, because I think he was upset.

He looked like he was traumatized from this incident, which is natural, compared to the others.

It was at this time he told me a couple things that do stand out.

One is that he wanted to door him, and that's when you are driving by, you can open the door and hit somebody, and I think I quipped, "I wish to God you did," you know, but he didn't, because he told me that Walsh told him that to the effect don't do that, he has a knife, something -- words to that effect, something like that, and which only reinforced in my mind that he knew that the offender was armed with a knife prior to even parking the vehicle.

So at this point when I am talking to Van Dyke, it is the first time I actually learn -- I asked him how many times did you shoot, and he told me it was, you know, 16, you know, he fired, and I kind of did I think a, you know, a gafar (phonetic), 16 times, why, you
I could tell that he was traumatized, and he said words to the effect "eliminate the threat," and that's what he is trained to do in the academy when they learn to shoot, and we saw subsequent shooting classes that they take.

I wasn't aware that there was the curriculum in the academy; that they actually use that verbiage, "eliminate the threat." I subsequently learned that they do use that verbiage. I was surprised.

He seemed to me an officer that was extremely scared and afraid of what had happened and that he felt his life was in danger, his partner's life was in danger, and that's why he fired his weapon, and that's the impression I got when I talked to him on the scene.

Q. Okay. So you said that when he told you he shot Laquan McDonald 16 times that you -- and if I am putting words in your mouth, please correct me, that you were surprised. Is that a fair characterization?

A. Right. Because I didn't know at that point that that's how many rounds had been
fired.

Q. So the first time you found out 16 shots had been fired was when you talked to Officer Van Dyke?

A. I believe so. If I can remember correctly. I am doing the best I can.

Q. So that wasn't apparent to you when you viewed the video?

A. No, you can't tell, you know.

Q. Could you tell when you viewed the video that multiple shots were fired?

A. Yes. I believe multiple shots were fired, but you can't tell how many shots and you don't know -- you don't know if they are even striking, you know, Mr. McDonald.

Q. Right. So he told you that he -- when you asked him -- so he told you he fired 16 times, you were surprised, you asked him why. He said it was to eliminate the threat?

A. Right.

Q. And you said that later on you subsequently learned that that is part of CPD's curriculum?
A. Right.

Q. Can you explain, did you go and investigate that as a result of this shooting, or how did you subsequently learn that?

A. I did. I did try to find out, you know, after this event happened, you know, is that true, and I don't know who told me but I found out, yes, it is true.

Q. Is the reason --

A. Why is that?

Q. Yeah.

A. Why do they teach them that?

Q. I guess what I am wondering is you were surprised to learn that that was part of the curriculum.

Is it because you didn't think it should be, or what was your opinion of that kind of eliminate the -- what is the -- I apologize. I am going to start all over.

A. That's okay.

Q. What is actually taught? I mean, you said, "eliminate the threat." What is the teaching that you recall?

MR. PLEINES: We need to take a break.
MS. ANSARI: Okay.

MR. VALDEZ: The time is 10:21, and we will go off the record.

(Discussion had off the record.)

MS. ANSARI: So we are going to go back on the record. It is 10:23 a.m.

BY MS. ANSARI:

Q. My last question to you, Deputy Chief McNaughton, is what is the teaching -- you said that Officer Van Dyke fired 16 shots and explained that he did that because he wanted to eliminate the threat, and that that is part of a CPD -- what is the teaching that --

A. I am not sure of the curriculum at the academy, so you would have get someone else in here to talk about that.

Q. And you said that you subsequently looked up what the teaching was after the shooting. Was it in response to the shooting?

A. No. It was more of my personal knowledge to find out -- I had already done my job, put everything away, and I made an inquiry, I don't know even know who I talked to to find out if that verbiage is used.
Q. Okay. Was it because you -- and you said you were surprised -- were you surprised to -- scratch that.

So you spoke with Officer Van Dyke, and then at some point was there anything that stood out with your conversations with Officers Gaffney, McElligott, or Walsh?

A. Not that I can recall.

Q. And you said that you spoke to them separately. Do you know if the detectives had that same kind of -- and that was kind of your policy, to speak to the officers separately; correct?

A. That is the policy, not my policy, yeah.

Q. Okay. CPD policy. Is that something that the detectives also are supposed to follow?

A. No. Detectives are investigating the scene for the criminal portion of this. IPRA is doing the scene for the -- our procedures and policies, whether they are right and correct.

I am just doing an investigation, it is called I think a public safety investigation
to report the overall that making sure that the
detectives are doing the criminal side and IPRA
is doing the justification side and whether this
is within the policies and procedures of the
department, and I just got to make sure that
that is being done.

I am getting an overall view of this
and then reporting it back up to my chain of
command.

Q. Okay. And you said you did not write
anything down summarizing your interviews, take
any notes or write any reports, summarizing your
interviews that night?
A. That is correct.

Q. Is that a policy and procedure also?
A. No, I think it is just a good
practice.

Q. Why is that a good practice?
A. I don't know. I am not sure, to tell
you the truth. It is a common practice.
We are not the investigators. We are
not going to file reports. We are not going to
give court testimony on this -- well, we are
going to give testimony on it, but we are not
filing official reports about what exactly
occurred during the investigation or what -- you
know, what the justification of force is.
That's not my job. I am not taking down copious
notes, and it is certainly not for the
officer --

MR. PLEINES: In the usual course of
events.

THE WITNESS: Right, in the usual course of
events, this one being somewhat a different
time, so that's why.

BY MS. ANSARI:

Q. Okay. So you spoke with these
officers, and then as best as you can recall,
you walked IPRA through the scene; correct?
A. I did.

Q. And you said that you believe they
saw video at the scene?
A. I think.

Q. You think they saw video at the
scene?
A. Yes.

Q. But they were almost definitely aware
that a video existed of the shooting; correct?
A. I believe so, yes.

Q. You said that you also ensure that proper notifications are made. What did you mean -- who are the people that are notified?

A. Basically CPIC is notified. If I get there and the detectives aren't there, crime lab is not there, the medical examiner wasn't notified, all these type of things that are normally, then I would say, hey, have the notifications been made, but since they were made, and it was apparent that they were made, because everyone was there before I got there, it was a box I could check easily as far as making sure things were done.

Q. Who was in charge of the scene before you got there?

A. Well, our scenes get protected by patrol.

Q. Okay.

A. So the first ranking member is the one that owns the scene, probably a sergeant. The second, probably a lieutenant or a captain showing up on the scene, and the third was commander.
So I guess if we are going in rank, if we are looking at the rank structure, Commander O'Donnell would have been in charge of that scene prior to my arrival.

Q. Was Chief Roy on the scene?

A. I don't believe he was. My recollection, and I could be wrong, I believe he was ill. I don't think he was there.

Q. Would that have been since he is, you know, obviously the head of Area Central at the time, would that have been something that would stick out in your memory if he was there?

A. Yes. Yeah, he would have normally been there. I don't think he was. That's not my recollection that he was there.

I could be wrong, but I don't remember, you know, talking to him, and I believe if he was there I would have remembered a lot of conversations with him. I would have directly dealing with him.

Q. Yeah, because he would have -- so he would have been -- if he was there, one of the people that you were mostly communicating with?

A. Absolutely.
Q. Okay. Did you see detectives interviewing civilian witnesses at the scene?
A. I can't recall.
Q. Okay. And did you see any detectives interview anyone who was working at the Dunkin' Donuts?
A. I know they retrieved the video, so I imagine they asked them. I didn't see if they interviewed them or not specifically.
Q. I apologize if this isn't what you said, but did you see the Dunkin' Donuts video at Dunkin' Donuts?
A. I think I did, and if not, I think I saw it -- I think I did, yes.
Q. Did you have any -- do you recall what your impressions were at that time of that video?
A. Grainy, very grainy, hard to see, hard to discern what was going on other than you could see subjects moving and the position of where the vehicle was at, you know, which I think is important.
Q. Right. Did you go into the Burger King that was there?
A. No, I never went into the Burger King, no.

Q. Were you aware of any video being recovered from the Burger King?

A. I didn't know anything about a video at Burger King at all.

Q. Okay. You said you didn't recall speaking with any Cook County officers at the scene; correct?

A. That's correct.

Q. Can you say one way or another if any Cook County officers were at the scene?

A. Not that I recall.

Q. Would that be something that would have stood out to you if there were non-CPD officers there?

A. Yes.

BY MR. VALDEZ:

Q. I just want to circle back with you about the verbiage, "eliminate the threat."

When you were in the academy, what was taught to you at the time in terms of your use of force as it relates to discharging your firearm?
A. I am sorry. I really can't remember the course and what they told us and what they didn't do...

Q. Was there any reason specifically that that "eliminate the threat" verbiage stood out to you, why it caught you by surprise, let's say?

A. It was just something that I wasn't aware that they were, you know, that verbiage was being used.

Q. So no particular reason?

A. No. It was -- I just wasn't aware it was being used.

Q. Okay. Now --

MR. PLEINES: They didn't use it when you had revolver training?

THE WITNESS: They didn't. I was the first semiautomatic.

BY MR. VALDEZ:

Q. Well, good. You didn't have to retrain, because I know you have to re-qualify when they switch over; right?

A. I didn't have to re-qualify.

Q. You said you don't recall when you
left the scene, and we are getting back to now,
just to give you a little bit of insight,
leaving the scene and arriving to Area Central.
A. Okay.
Q. So I know you said you don't recall
what time it was, but it wasn't -- the evidence
techs are still working on the scene, and at
that point, you left for Area Central?
A. That's correct.
Q. Between leaving the scene and Area
Central, did you stop anywhere?
A. Not that I recall.
Q. Now, when you get to Area Central, do
you recall what time it was when you got there?
A. I do not.
Q. Okay. And when you get to Area
Central, do you have an office that you attend
to or --
A. You know, I -- first, I think I am on
the floor at Area Central. Have you been up
there to Area Central?
Q. Yes.
A. There is a big wide floor.
Q. Are we talking about the first floor
at this point?

A. Second floor. Second floor is the Defective Division.

As you are coming up the stairs, to the right are some offices on the far wall, I think it would be the south wall, and then there is offices along the windows, which would be the east side of the building, and then there is offices to the north side where you can go.

When I get there, one of the things I had requested from the detectives, and I don't know which one, and they did get it for me, was the 911 tape so I could listen to the call and how it came out and what developed, and they were able to get that for me. I don't know who delivered it to me, it was one of the detectives, one of the sergeants, and I put it into a computer, and I listened to the tape, so I just sat there and took 10, 15, 20 minutes, half -- whatever it was, and listened to the tape.

So it just reaffirmed in my mind the time frame, what had occurred.

It gave me, too, better feeling of
the -- what the anxiety and what the officers 
are going to feel because of what was happening, 
and also the fact that the puncture, that the 
tire was punctured and it was announced that he 
had punctured the tire so people were aware that 
that had occurred as well, so I heard that. 

Then I had to attend, and I don't 
know which order we did it, we had to attend to 
make sure that Officer Van Dyke's weapon was 
recovered, which we did, and that he got the 
chemical, you know, the breathalyzer and the 
urinalysis. 

I can't recall any other actions 
other than that. 

Oh, yes. During the tape, obviously, 
there was several requests by the -- the 911 
tape, by the officers on the scene that were 
walking with me for a Taser, and I don't think a 
Taser -- well, obviously, a Taser never got 
there on time. 

I don't know if it was the 
appropriate force option, anyway, but it didn't 
get there on time. 

So we tended to -- I listened to the
911 tape. I tended to Officer Van Dyke's getting retrieval of the weapon, and then the IAD, taking the breathalyzer and the urinalysis.

Q. When you arrived to Area Central, who else is there in that second floor when you arrive?

A. As far as personnel?

Q. Yes.

A. I think all the parties are coming there as far as the officers that are involved, the detectives and their supervisors.

I believe Commander O'Donnell and Walsh, members of the FOP also arrive, IPRA was also on the floor, and it is, you know, not just -- there is a police unit, but there is other things going on in the area that the detectives are attending to, so there is several detectives in the building.

Q. Do you have any recollection in terms of any of the time that you were there from arrival to leaving Area Central?

A. No. Again, it would be several hours. I think I left -- the latest probably somewhat after 7:00 a.m. probably, somewhere
around that time. That's a guess.

I had to actually attend to a meeting later that morning because Vice President Biden was coming into town, and I had to head up that detail for Vice President Biden, and we were going to have a meeting at the Secret Service here downtown where we bring everybody in and talk about what that's going to be, and I knew I had to get home, get changed into a fresh shirt and get back to that as well.

Q. Now, did you have an office there on the second floor that you --

A. They gave me something on the north wall where I could, you know, do my paperwork and what have you, and that's where I went back to would be -- not the north. I think the south wall. So if you come up the stairs, I believe it is to the right.

Q. And is that where you went immediately upon arriving to Area Central?

A. No, I think I listened to the tape on the floor, you know, on one of the computers on the floor and then I retreated back to that location there, if I remember correctly.
I can't remember how long I spent in which one. I just needed a computer to finish up the paperwork.

Q. And now, listening to the tape, were you alone when you listened to it? I know you were out on the floor where it is accessible to it --

A. I think they gave me some headphones so I could listen to it if I remember correctly.

Q. Okay. So you listened to the tape. It helps give you a better mindset of where the officers probably aware, in terms of what they are hearing and things like that?

A. Yes.

Q. Any other activities at Area Central upon arriving to Area Central that you can recall? Did you view the video again?

A. You know, I don't think we could. I think the video at that time, and I think still at this time that that video has to be uploaded at the district station.

Unless Sergeant Becvar can do something else with it, I don't think we could view that video in Area Central, and I don't
recall viewing it there.

I could be mistaken, but to the best of my recollection, I don't think so.

Q. Okay. So after you hear this 911 tape, and they are the OEMC tapes, right?

A. Right.

Q. You don't know what detective gave it to you, at least gave you the capability to listen to it?

A. Right.

Q. After that you go to an office to start working on reports, or what were you doing in the office?

A. Well, no, I made sure Van Dyke was attended to as far as those things we previously mentioned.

Q. Right.

A. At that point, you know, I want to start getting the, you know, the TRR's and the Officer Battery Report done so I can, you know, conclude my portion and allow IPRA and the detectives to do their interviews with the officers.

I believe I had to tell the officers
they have two hours to submit to a statement to
IPRA, and IPRA had no problem. Everybody was
cooperating, as far as I was concerned.

Q. So it is a little bit of a dance, I
guess we will call it, right? Because you have
different people with different priorities going
on?

A. IPRA is trying to locate witnesses
and talk to them separate from the detectives.

Detectives want to get their
interviews done with the officers.

It is kind of like the detectives
first, and then IPRA, so I think that was what
was going on with the -- that was kind of the
dynamic up there, but you would have to talk to
the detectives and IPRA to get better
information.

Q. Were you involved with any of the
tasks that the CPD detectives handled that
night?

A. No.

Q. Were you aware of any of the tasks?
For example, do you know of any of the witnesses
that they interviewed, CPD or otherwise?
A. Do I know which ones they interviewed?

Q. And this is at the time, right. I know post --

A. At the time, no. I am just assuming, you know, that things are working smoothly and that they are talking to all the possible witnesses that were there and getting statements from them.

Q. Okay. Are you involved in any of the interviews that they are conducting?

A. No.

Q. Of the CPD members or of the witnesses?

A. No, and that wouldn't be according to form.

Q. Okay. So they are really doing their own thing? You are not involved in that process at all?

A. That's right, as it should be.

BY MS. ANSARI:

Q. Did you see them interviewing any civilian witnesses?

A. I did not. That doesn't mean it
BY MR. VALDEZ:

Q. Now, understanding that, I still want to go through a couple questions regarding some of the interviews and some of the things that took place that we, you know, learned during the course of our investigation.

If you don't know it, you don't know it, but if it is something that you have some recollection of, let's talk about it a bit.

A. Sure.

Q. So you are aware obviously they were conducting civilian witness interviews at Area Central; correct?

A. IPRA?

Q. CPD detectives. I am sorry.

A. Actually, I can't recall if they interviewed people on the scene or interviewed them in the office. I really don't know.

Q. Do you know if they brought any civilians to Area Central at all?

A. I am not aware if they did. They may have. It wouldn't surprise me if they did.

Q. They are not telling you, you know,
we interviewed X and Y witness and this is what we have learned?

A. Not to my knowledge, yeah, not to my knowledge.

Q. I want to just ask you one more question, and this is going to be more of a, I guess, a field-type thing.

For civilian witnesses, would it be proper for anybody to show the civilian witnesses video of the incident?

A. To show -- would it be proper procedure?

Q. Right, would it be procedure wise?

A. I am not aware of the detectives' procedure and what they do, so I don't want to comment on that.

I just won't comment on that. That would be best for the detectives and how they conduct an investigation.

Q. And did you learn of any civilians being threatened with arrest or anything like that if they didn't submit to statements?

A. Not to my knowledge.

Q. Nothing that night that kind of
stands out to you in terms of stuff?

A. No.

Q. And you said you weren't present for any of the CPD interviews of the CPD members; correct?

A. That's correct.

Q. Any other witnesses for Van Dyke's interview, for example?

A. No, of course not.

Q. Were you aware of the 21-foot rule prior to this incident?

A. No, I was not.

Q. Never been taught to you, never presented to you, anything like that?

A. No.

Q. Are you aware of what it is now?

A. I have heard subsequent, yes.

Q. Is it related to this case that you have heard subsequent, or just in general?

A. In general.

Q. Okay. What's your understanding of it?

A. You want me to characterize the 21-foot rule?
Q. As you understand it.
A. I believe, as I understand it is that if you are 21 feet from somebody, you don't have time to draw your weapon, and you could be, you know, filleted or something like that, and I think there was a video that was done.

I think you will find it on YouTube, I think I saw it months later where something like that could happen, but I was not -- to my knowledge was I aware of that that night.

Q. So nothing like that would have come into play for your findings that night?
A. Not to me, not that I can recall.

Q. Okay. Were you aware at all of knives capable of firing bullets?
A. Was I aware of knives firing bullets?
Q. Yeah, do you recall any Officer Safety Bulletins that have gone out related to that subject?
A. I don't recall them.
Q. And now, you mentioned that when you are in Area Central -- actually, before I get into that, did you want to speak at all --
BY MS. ANSARI:

Q. Well, the bullet knives, you said you weren't aware of any Officer Safety Alert but had you ever heard of knives that were capable of firing bullets before this incident?

A. I might have. I just can't recall. We get continuous Officer Safety Bulletins that alert us to the fact that you can conceal a weapon or a weapon can look like something like a soda can or something.

You will get things like this where they found a, you know, something that looked like a, I don't know, it is concealed in a purpose.

It looks like a women's handbag and you can fire it or something, you know, those type of things, but I was not specifically aware that night of that Officer Safety Alert.

Q. And Officer Van Dyke, when you spoke with him earlier, he had never made any mention of the -- or referred to the 21-foot rule or an Officer Safety Alert regarding knives firing bullets?

A. To the best of my recollection, when
I talked to him on the scene, I don't remember him referring to that.

Q. Okay. At the scene -- I am sorry.

At Area Central, did you view any Dunkin' Donuts video?

A. I don't know if I saw it there or -- I believe I saw it at Dunkin' Donuts, but I may have seen it again there.

   It wouldn't surprise me if I did. I just can't recall if I did or I didn't.

Q. And I forgot to ask you. At the scene, was Sergeant Franko at the scene?

A. Sergeant Franko. I am not sure if he was on the scene or not.

   I know he was in the area because he signed off on these reports as the supervisor.

   I believe he was on the scene, but I am not certain, to tell you the truth. There is so many police officers there.

   Could he have been, yes? Do I remember talking to him or speaking to him on the scene? I could have and I just can't remember.

Q. Okay.
BY MR. VALDEZ:

Q. Now, in terms of the Tactical Response Reports, the TRR's and the Officer Battery Report, the OBR, as the Deputy Chief, you direct that those are completed, or is that something that the officers know have to be done?

A. It is just common knowledge that if you are involved in one of these situations that we are going to have to document the use of force, or that the use of force was directed against me.

As far as me directly, you know, having to direct someone to do it, it is like a task that I know that the case report has to be done or an arrest report or something else has to be done, so as far as directing somebody, no, I just expect it to get done and so we could move on and complete this phase of the investigation and get on with other things.

Q. Got it. So it is one of those boxes that you have to check, so to speak?

A. It is one of the things that we have to do, yes.
Q. Now, in terms of a decision point about who has to fill those out, is that something that you decide or is it collectively decided? How does that process happen?

A. To the best of my knowledge, that's a collective decision with the investigators, the detectives, the commander of the patrol, myself on the scene, what are we going to do here, and that would have been done that night, and it has been done subsequent to that.

It is just what makes sense here, how are we going to do this.

Q. Okay. And let's talk a little bit about how it happened that night.

Do you have any recollection in terms of exchanges that you had with people?

A. I wish I did, and I could tell you then, but I don't recall anything being a point of contention on who should do what or when they should do it, so I don't recall.

Q. Okay. And who would make the ultimate decision, I guess? Is there one person that can say this is the way it is going to happen?
A. If there was a bone of contention, if there was a debate on what we were going to do, yes, it would be brought to myself as the OCIC to make a decision.

I don't recall that being the case that night.

If it was, it wasn't a hard decision for me to make. It is one that I don't remember making if I did.

Q. And what is the purpose of a TRR?

A. Just to document that the force that was used by a police officer or the force that's used against a police officers.

Q. So any use of force requires a documentation on a TRR?

A. No. It is depending on the level of force.

Q. Okay.

A. Minimal, you know, taking someone and putting them in handcuffs, some people could think that's force. It is not. There is some things, a control hold, that wouldn't be bringing up to the level of a Tactical Response Report.
Q. What would be the threshold then for that filing? Is there a certain use of force that you would say, okay, this requires it? Is it like a hard and fast rule, or is it more of a subjective thing?

A. No, it is hard and fast rule. There is a definite policy. I don't have the policy in front of me, but there is different things that have to transpire.

Q. Understood.

MR. PLEINES: There is an order?

THE WITNESS: Yeah, Tactical Response Report Order, when to do it.

BY MR. VALDEZ:

Q. Got it. And so there is no -- you don't have to make a determination that a certain hold or a certain use of force requires that a TRR to be completed?

A. It is within the policy, yes, that's correct.

Q. And now in terms of the specific
members, in this case, you know, I believe we
had three of them; correct?

A. That's correct.

Q. Van Dyke, Walsh, and Gaffney; correct?

A. Right.

Q. What's your involvement in the
drafting of TRR's?

A. None. I don't draft the TRR's. I
review and approve them.

Q. So what's your involvement in the
approval of TRR's?

A. Once the TRR is submitted, the
sergeant reviews it, and it is sent to me, and
then I look at it and I review it for
completeness, and then I approve the TRR to make
sure it is -- moves along and it is filed.

Q. And is that how it happened on
October 20, 2014 -- or 21st?

A. To the best of my knowledge, yes.

Q. Were you present at all when
Van Dyke, Walsh, or Gaffney filled out their
TRR's?

A. I was in the same room, yes. I mean,
I believe I was in the opposite -- the south room when they did that, and I believe they were more the opposite end of the room working with their union reps and their sergeant, and I think it was, yeah, it must have been Sergeant Franko in completing it.

You know, one thing we want to make sure we are consistent on the times, the locations and some of those things.

Q. Okay. Now, those are completed and cleared; correct?

A. Right. It is on the computer. It is a computer operated -- we don't use any handwritten documents. It is a computer generated report.

Q. Okay. And did you have to assist them at all in completing the TRR's?

A. I don't recall doing so. I may have. You know, I am not saying I am not, you know.

Q. Right.

A. I don't remember direct involvement saying you check that box, you check this and this is this. I don't think that happened.

Q. You don't specifically recall any
questions, either by the members or their
command -- excuse me -- Sergeant Franko, anybody
in their --
A. Not that I recall. Not to say that
there wasn't a give-and-take. There could have
been. I just don't remember.
Q. Do you recall the first time you saw
a draft TRR from any of those officers?
A. I don't know if I did. If I did,
maybe they did send me a draft first and I
looked at it and said, okay, that's okay, let's
go with that.
I don't know if it happened or not.
It could have, yeah.
Q. So other than the finalized copy, do
you have any independent recollection of the
draft of that -- those TRR's?
A. The draft of the TRR's?
Q. Yes.
A. I don't.
BY MS. ANSARI:
Q. You said that Sergeant Franko and FOP
reps were over at one side helping the officers
fill out the TRR's and OBR's; is that correct?
A. That's correct.

Q. Do you recall the names of the FOP reps?

A. I don't.

Q. But you do recall that there were some FOP reps helping?

A. I do believe there was representation on the scene. I don't know if they were sitting next to the officer.

I really don't recall. I just know -- let me have a talk. Take a break.

MR. VALDEZ: We will do 10:53 and we will jump off the record.

(Discussion had off the record.)

MR. VALDEZ: Back on the record. It is still 10:53.

THE WITNESS: Let me go back to the statement. I really don't know who was sitting next to who and what was happening, you know.

If I made a characterization that they -- those reps were standing next to them and their sergeant was conversing with them, I am just thinking that that's possibly how this could have played out. I don't recall how and
when.

I know that they had access. They had access to me as well. Anybody could have come up and asked me a question, and they had access to their representatives when they were making out the reports, so just to be clear, okay?

BY MR. VALDEZ:

Q. And just for the record, to get a better understanding of how I guess the distance between where you were at and where these officers are filling out their TRR's, you are in an office, you said, in kind of the north side of the -- we will call it the detective bullpen?

A. Right.

Q. And they are on the other end in the open floor kind of thing?

A. The best I can recall, yes, that was -- that's where I was situated.

Q. Did you have to leave that office for -- at any point as these officers are filling out their TRR's?

A. I am sure I came and go as I pleased. I can't recall my individual movements.
Q. So you weren't really glued to a desk approving reports or anything like that?
A. No, no.
Q. And now, in terms of the TRR's, you are responsible for Page 2, and also responsible for approving the report in its entirety; correct?
A. That's correct.
Q. Okay. When you are making your findings in Page 2 of these TRR's, what type of information are you relying on to come to that conclusion?
A. Pretty much everything that I have collected up to that point on the scene. So pretty much what we prior discussed as far as gathering the facts that I had at that time. That's what I am using and basing my decision on.
Q. Okay. And in terms of the video, you had seen the video at this point multiple times?
A. Uh-huh.
Q. You are not sure you saw it at Central, but you did see it at the scene?
A. I don't think I saw it at Central. I
did see it on the scene.

Q. And did your review of that video, I guess how did it influence your finding?

A. It did influence it. You want a percentage?

Q. I guess --

A. That and many other factors, you know, talking with the officers, listening to the 911 tape, getting the full run through, the totality of the circumstances that I knew at that time.

Q. Okay. So what I want to do now is we will get into some of the specific allegations, and we will give you an opportunity to respond to those, and I know, you know, we have gone over a lot of material, and we are just going to get specifically in terms of the TRR.

I will read them to you and then you will have your opportunity to respond just to get that on the record, okay?

MS. ANSARI: And your response will probably be pretty repetitive of what you essentially said before.
BY MR. VALDEZ:

Q. Just to give you an opportunity to put it on the record.

MR. PLEINES: His response is going to be repetitive within the context of these questions.

MR. VALDEZ: Understood.

MR. PLEINES: Some of your questions are the same but for different officers.

BY MR. VALDEZ:

Q. I am going to read directly from Allegation No. 1. "On or about October 21, 2014, you made a false statement in the Tactical Response Report Officer Jason Van Dyke completed concerning his encounter with McDonald, which includes an Event Number of 1429315878 and an RD Number of HX475653, also known as the Van Dyke TRR. Specifically, you stated that, "Officer Van Dyke fired his weapon in fear of his life when the offender while armed with a knife continued to approach and refused all verbal direction."

What's your response to that allegation, sir?
A. To that allegation, a couple of things. First of all, you quote in that allegation that Officer Van Dyke fired his weapon in fear of his life, which is true, but you don't put the other statement in there that it was based on information available at this time, and it was my preliminary determination, okay, so I want to make sure that in this allegation, that we stressed that it was a preliminary investigation -- preliminary.

I am within hours of this happening, okay, so I just want to make sure that that is specifically clear.

I don't say -- this is not a false statement. False statement is to say something that I knowingly believe to be untrue, and this was not one.

So let's go -- I want to go through a couple things on it.

"Officer Van Dyke fired his weapon." He did. "In fear of his life." That's what he told me, and a reasonable person would believe that they would be in fear of their life if they were confronted with the circumstances that
Officer Van Dyke was confronted with.

He was confronted with an armed offender. He was confronted with an offender that refused his verbal direction, okay?

He was confronted with an offender who when Van Dyke parked his car, Van Dyke and Walsh were about 60 feet ahead of him.

I looked at Google Maps and I mapped this out, to the point where he was about 10 or 11 feet away, and the only subject that closed that distance was Mr. McDonald, okay?

So there is -- I don't think there is anything in that statement that is not true.

Let me just refer to my notes.

When you are approaching someone, you have to come near to them, right?

Where Van Dyke and Walsh are at, where they park their car, to where Mr. McDonald stops and hitches up his pants and waves that knife out, that again would put me in fear of my life. It is about 60 feet, okay, and the point where this ends is at about ten feet.

There is nothing false about this statement, and I don't even know why it is
frankly an allegation, because I think
everything on it is true.

Q. And now, in your response, you kind
of stress the finding is preliminary; right?
A. Right.

Q. That additional statement there.
Even now that it is not preliminary,
you have had some time to reflect on this, does
your finding remain the same to today?
A. You know, I don't even want to go
with what my finding is today. I am
specifically talking about what happened that
night. That's what I am being questioned for.
If I want to make a determination
today, there is a whole other series of facts
that I didn't know then and I don't know now
that I would want to know. There is many things
that are out there that are uncertain in my
mind.

Unfortunately, it is not my job, it
is not what I am supposed to do, and I have got
so many other things that I am tasked to do, so
I wouldn't even speculate on what my finding
would be today, you know.
What I am keying on is what I recalled for that evening.

Q. Fair enough. Now, in the review of the video, you mentioned this -- the 60-foot between --

A. Approximately.

Q. Approximately, of course, right. We are not out with a measuring tape, this is not meant to be an I gotcha or anything like that.

We are talking about approximately 60 feet between Walsh and Van Dyke's vehicle and Laquan McDonald when he hikes up his pants and you said, you know, kind of show your right arm flailing out is kind of the motion that he did.

As he is walking southbound, there is a turn from the middle lane to kind of the we will call it westerly lane, middle of the west lane.

In reviewing the video at the time, did any of those movements stand out in your mind? Do you see any motion away from the officers?

A. Oh, so you are saying because he is veering to the right, I don't -- to get back to
your question. I am sorry.

Q. Does that come into play in your finding at all, where McDonald is veering to the right, to use your language, when he is walking south and veering to the right in review of the video?

MR. PLEINES: Are you asking is that a factor that he considered?

MR. VALDEZ: Correct.

THE WITNESS: All what I saw in that video I considered all of it, not just that, but that as well. In what form or fashion are you -- BY MR. VALDEZ:

Q. Is the motion -- are you considering it a de minimis motion where it is not something that you would consider walking away from?

A. Do I consider him when he is going to the right walking away?

Q. Correct.

A. No, I don't, and I will tell you why. He has already taken aggressive stance. He has presented and -- presented that knife in such a fashion in front of not only Van Dyke and Walsh, but those two officers that subsequently walk in
an assailant move, hey, let's go, we are going
to go.

At this point, as far as what I am
looking at, is a person that is actually,
because he is right-handed, could actually
easily do a flanking maneuver.

If that was Mr. McDonald's only
option to straddle that white line, okay, if
that was his only option, that might have played
in my thinking, but he had a whole wide berth,
40 feet west of there that he could have clearly
gone to.

I don't know what was behind him. We
don't know. We don't have a 360-foot view. He
chose to do that, and also, if you are looking
at his actions, all the circumstances, what is
just as concerning is the fact that he is not
turning his head away from presenting the fact
that he has got that weapon to the officers.

He is looking straight on at them,
and he is understanding that a weapon is pointed
at him at this time.

I can't characterize what
Mr. McDonald knows or what he doesn't know, but
I can tell you he is facing full frontal Van Dyke and Walsh, and they are facing each other.

There is no miscommunication of what's going on here, and the distance, by the way, is not that far.

We are talking probably the distance from about between me and you right now.

MS. ANSARI: Which for the record is about --

MR. PLEINES: Seven feet?

THE WITNESS: Okay. I don't know how long the middle lane is to the right lane. We could measure it.

BY MS. ANSARI:

Q. Did you notice in the video that Officer Van Dyke and Officer Walsh stepped toward McDonald?

A. It is very hard to tell. I think at one point Van Dyke takes a step forward, and I think Walsh is moving around the car as far as their movements, but their movements don't appear to deviate too much from the vehicle.

If we are using the vehicle as our
anchor, I don't think that they are more or five
or six feet from their vehicle at any given
time, you know, and that's an approximation, you
know.

BY MR. VALDEZ:

Q. At any time during your conversations
with Walsh or Van Dyke, did they mention any
motions either towards or away from McDonald?

A. I can't specifically recall. I don't
know if it was Van Dyke or Walsh -- I can't
remember who said what. I believe -- I don't
want to characterize, you know.

I am trying to remember now even. I
don't want to characterize their statements.

Q. Okay. Fair enough. So it is fair
enough to say you don't recall any specific
conversation about that?

A. Not specifically.

Q. In the video, I know right now we are
mentioning the vehicle as an anchor, and you
don't move you say five or six feet away from
the vehicle.

In the steps forward that, you know,
it shows Van Dyke take away from the vehicle,
what's your take on those steps?

   Is that more to approach the
offender? Is that to get your footing to line
up a site for a shot?

A. The steps that Van Dyke takes?

Q. Yes.

A. I am not sure, to tell you the truth.

You would have to ask Van Dyke exactly.

MR. PLEINES: Calls for speculation.

THE WITNESS: I know that he is by his
vehicle. He is within a couple of feet, and he
is, you know, motioning, so is Walsh, and they
are, you know --

BY MR. VALDEZ:

Q. And you are not expecting somebody to
stand stiff and still; right? Is that --

A. I wouldn't think so. You know, if
you think you are fear of your life and an
attack is imminent upon you, you are taking a
posture that you can defend yourself, and that
looks like the posture that Officer Van Dyke was
taking.

Q. So the motion that you saw in the
video from either officer, you are deeming that
acceptable, right, those movements?

A. Right, and I believe -- I think it was Walsh and Van Dyke both have their hands motioning like in such a fashion that would -- led credence that they were giving verbal directions - stop, drop the knife, et cetera.

Q. In making your findings, was there any thought as to why Van Dyke was the only officer that fired upon -- fired upon McDonald?

MR. PLEINES: Are you asking whether or not that fact is one that he considered or affected his determination?

MR. VALDEZ: Correct.

THE WITNESS: No, I just focused on his use of force. I didn't focus on the fact whether other people did or didn't. It was -- to me, it was specific just to Officer Van Dyke on his actions and what he perceived at that time and for the various reasons that I have already enumerated of why I did believe he was in fear of his life, not only that he told me that, but I believe actually from the totality of circumstances that he was.

I didn't use the fact -- I don't -- I
didn't really put a factor other than those circumstances that I previously stated.

Q. Understood. And now, I want to move to Allegation No. 2, unless there is anything on Allegation No. 1 that you would like to address.

MR. PLEINES: Let's take a short break.

MR. VALDEZ: The time is 11:08:00 a.m., and we will go off the record.

(Short break in proceedings.)

MR. VALDEZ: The time is now 11:15 a.m., and we are back on the record.

BY MR. VALDEZ:

Q. Deputy Chief McNaughton, we are going to move into Allegation No. 2.

Again, I will just read the allegation and give you an opportunity to respond?

A. Hold on.

Q. Sure.

THE WITNESS: Do you need to say something son Allegation 1?

MR. PLEINES: No, we are good.

BY MR. VALDEZ:

Q. Allegation 2. "On or about
October 21, 2014, you reviewed and approved the Van Dyke TRR, which TRR contained the following false statements," and we will go through these one-by-one, and I will allow you to respond to them one-by-one.

A. Okay.

Q. So No. 1 is, "under category titled 'Assailant: Assault,' the box labeled 'imminent threat of battery' was marked."

A. Okay. First of all, I review and approve the TRR for Van Dyke and the other officers.

It is their information that they are inputting. It is their statements, and I don't think they are even qualified as statements. They are boxes that are being checked.

They are not my statements, okay? I review it and approve it for completeness. I just want to make sure.

Having said that, assailant and assault, imminent threat of battery.

As I previously stated, Mr. McDonald was armed with a knife. We have gone over this before as far as how he -- the totality of the
circumstances known to the officers at that
time.

As far as him being armed, their
observations that he was armed, his disregard
for verbal direction, his clearly brandishing
the weapon in a menacing manner in which he is
moving his right hand back and forth, and his
non-compliance or his what would be the normal
actions of an offender who would try to run
away. He didn't.

He stopped, hitched up his pants, and
threw out the knife. He didn't surrender or
comply with the verbal commands, and he did not
conceal or discard the weapon.

So -- and he continued to approach
the Officers Van Dyke and Officers Walsh. So
for that reason, that is correct. That is a
true statement.

Q. And in Statement No. 2, "under the
category titled 'Assailant: Battery,' the box
labeled 'attack with weapon'?"

A. Again, he was armed with the knife
and the previous factors I just stated.

Q. And No. 3, "under the category titled
'Assailant: Deadly Force,' the box labeled, 'uses force likely to cause death or great bodily harm' was marked?  
A. Right, and so his weapon, he had a weapon. The force that he could have used could likely cause death or great bodily harm.  
So if we go through the progression of what was going on, if he, in fact, made it across what was the distance between you and I, he could have obviously seriously injured the officer or the officers, and I did observe the knife, and it is not a butter knife. This is a knife that would cut through you. It cut through a tire.

BY MS. ANSARI:  
Q. So for "the category titled 'Assailant: Battery,' the box labeled 'attack with weapon' was marked."

Even though Van Dyke wasn't actually battered, why was this box appropriate?  
A. The attack was with a weapon. You are saying because it didn't come to the -- your characterizations is it didn't come to the threshold of a battery yet, he didn't actually
hit him?

Q. Correct.

A. You know, it is a fair question. I don't know. This is a computer-generated report and it limits your options, and this report is going to get cleaned up by the statements made by -- the actual statements made by the officers to IPRA and to the detectives.

To my knowledge, he did attack with a weapon. Does it fit battery as we know battery in the State of Illinois is actually, you know, hurting someone? It does not.

Again, the intention was not to deceive or to say something was false or to make it appear anything different.

I was of full knowledge as were the officers that this was on videotape, so I think it is a hairsplitting-type thing, and again, a lot of these boxes, and they say check all that apply, don't necessarily neatly fit in to our descriptions of battery and simple battery or aggravated battery on state statutes.

Q. Do you have to fill out something in the category Assailant: Battery?
MR. PLEINES: Does the computer require you to put in some information?

THE WITNESS: No, it does not.

BY MS. ANSARI:

Q. So it is possible to leave that blank?

A. It was possible to leave it blank. I don't think it's -- you know, is there an attack with weapon?

I do believe that. If it is under the Battery category, you know, that could be argued about, you know, and two different people can come to two different conclusions.

It definitely wasn't a false statement or intended to be a lie in my view of it when I reviewed it.

BY MR. VALDEZ:

Q. Can you elaborate a little bit on what your take on what the attack with the weapon, what motions McDonald made that was an attacking motion?

A. I will go right back to the first one, okay, and I don't want to key on that, but
it is really, really important, that in my view, that when I looked at that, that would make me believe that Mr. McDonald could be an assailant, he could be doing these actions.

The other circumstances were, again, the puncturing of a tire, and for lack of a better term, attacking a squad car that's occupied by another human being.

Come back to the question. I am sorry. I am getting a little tired.

Q. I just wanted to ask you to elaborate a little bit on the quote we will call it "attack with weapon."

Were there any motions McDonald made to attack --

A. The last weapon came in front of his -- with his right hand came in front of his body, and it forced him a little bit nearer the officers involved, and that actually was one of the gestures, too, that you could construe as the start of an attack.

I think you could actually say the attack may begin right when he hitched up his pants and put out his right hand with the knife.
I know I am being repetitive. I am sorry.

Q. No, not a problem and that's one of the reasons that we want your response for these is because, you know, obviously, these are allegations.

If you have a specific response, we will get it on the record, okay?

A. Okay.

MR. VALDEZ: Actually, we are going to take a quick one minute.

11:22 a.m. and we are going to go off the record.

(Short break in proceedings.)

MR. VALDEZ: The time is now 11:27 a.m. and we are back on the record.

BY MR. VALDEZ:

Q. Deputy Chief McDonald, we are going through the allegations, and we are currently at Allegation No. 3.

I know you said you read these. Do you have any response to Allegation No. 3?

A. Marking the box. Allegation No. 3 is I have marked the box, "I have concluded the member's actions were in compliance with
department procedures and directives," instead
of the box marked, "I have concluded that
further investigation is required."

Yes, I do want to make comment on
that.

If you looked at the Tactical
Response Report for Officer Van Dyke, you are
correct, I did put that "I have concluded that
the member's actions were in compliance with
department procedures and directives." That's
Box 77.

It allows you only to choose that box
or, "I have concluded that further investigation
is required."

Everyone -- first of all, I want to
back it up and say everything that I found that
night was preliminary, okay?

It was my preliminary finding. There
is no standing, the OCIC has no standing on
whether to make these conclusions. It has no
weight. It has no standing for the officers
involved, for the Department. It is not the
official stance of the department.

It is definitely not the stance of
the chain of command. All the officers involved
and the investigators involved realized that
when you check that statement it means
absolutely nothing.

Also, in that same box, I included
the log number, which acknowledges that an
investigation is going on right now. I inserted
Log Number 1072125.

Also, everyone knows, and it is clear
that the sole authority on these type of
investigations rest with the Independent Police
Review Authority, so we knew at that time, we
know to this day, until the law changes, that
they will make the conclusion on whether the
department's -- whether this member's actions
were in compliance with department policy.

I also want to elaborate on one of
your exhibits was the statement to the News
Affairs, and I put on the bottom of that that
all referrals to this matter will be made to the
Independent Police Review Authority,
acknowledging the fact that the use of force
investigation and the conclusion of this is
going to rest in that body.
Last point I want to make is, again,
I checked the box at that time. In retrospect,
it is causing me grief, was because my initial
findings were such that I did believe that a
reasonable person could believe that Mr. -- that
Mr. McDonald was, in fact, an aggressor, he was
an assailant, he was an active assailant, and
that Officer Van Dyke truly believed that at
that point he was under attack and he was going
to be -- he could face serious injury if he
didn't use his weapon, and that's -- he was in
fear of his life. He was in fear of his life.

He knew that at any moment,
Mr. McDonald could stab him with that knife, and
that's why he used his weapon.

It is not whether he should have done
it, okay? Remember that. It is not my
statement.

It is whether he could have done it
under the circumstances, and that's how limited
this was.

And again, I just want to repeat that
my statement and this checking of the box is in
context of an ongoing investigation by IPRA.
This was just starting.

This was the baby stages of this.

This was by no means the end and that checking that box would not suggest that this was over.

MR. PLEINES: Checking that box is going to have no effect on what happens in their investigation?

THE WITNESS: Absolutely not. It doesn't stop anything. It doesn't move anything. In fact, all the things that happened subsequently were done according to procedure with IPRA doing what they should do after my investigation was concluded. Nothing stopped that from happening.

BY MS. ANSARI:

Q. When you said that checking the box is now causing you grief, you meant because of --

A. Because of this. I am sitting here today with you.

Q. That's what I was -- I wanted to make sure you weren't saying it is causing you grief because you would have done something different at the time?

A. No.
MR. PLEINES: Just the fact that he has to spend this warm day explaining himself.

THE WITNESS: I completely understand your role, and I respect it. I could talk forever about it, but I won't.

BY MR. VALDEZ:

Q. For the sake of time, we will keep going.

A. Thank you.

Q. And now I want to talk to you a bit about the Officer's Battery Report.

A. Okay. This is Allegation No. 4?

Q. We are going to go to a line of questioning through the OBR prior to getting into the allegations.

A. So we are not going to go --

Q. Oh, I am mistaken. Allegation No. 4 is regarding the TRR with Walsh?

A. Right.

Q. Given your stance on the Van Dyke TRR, are your answers going to be the same for this, or is there anything you would like to add?

A. I don't think there is anything I
would like to add, because Walsh was standing
next to Van Dyke at the time, and I felt that
the prior statement would stand.

Q. Thank you. And for the record, can
you please explain the purpose of an Officer's
Battery Report?

A. I believe, and I would have to look
this up. I should have in preparation for this
and it was one of the things I forgot.

The Officer's Battery Report, I
believe, is only collected for statistical
purposes.

I think it is a report that we share
with some -- I think it is the FBI. I don't
know who we share it with, but I believe that's
the purpose of the report, and it is like any
generated form.

When you fill out a TRR, it forces
you to do the Officer's Battery Report if you
put certain things down on the TRR.

Q. And are those things documented in a
special order for the OBR's as well?

A. They would be, yes.

Q. Okay. So there was no determination
as to whether or not an OBR was necessary
because the computer tells you, you have to --

A. It is necessary, right.

THE COURT REPORTER: I am sorry. I can't hear anything you are saying.

THE WITNESS: He thinks they could go to the medical section as well, the Officer's Battery Report.

BY MR. VALDEZ:

Q. In terms of a threshold to determine in specific members that are responsible for filling out an OBR, again, it is a situation where if the TRR is completed, an OBR must be completed, so really the decision point I guess is at the TRR as opposed to the OBR?

A. I believe if you fill out the TRR and hit certain boxes, it is going to force you to make out the Officer's Battery Report. I am not sure what triggers it. I would have to look that up.

Q. And now three officers filled out OBR's and obviously TRR's, and the police report only indicated that McDonald attacked the vehicle, and I know we have gone through some of
your responses in terms of the allegations regarding that, but why would there be three if McDonald was shown to only attack the vehicle in the police report?

A. Right. Well, here is the thing: The Officer's Battery Report, if you look at it, has an RD number attached to it and an event number, and since we were using one RD and one event number, I don't think we could separate the two.

I am not sure, to tell you the truth. It is a computer-generated form, and we are doing the best we can to document it properly.

What we did do, and I don't remember, it wasn't me that probably decided this. It is just whoever made out the report, is we separate it by address.

If you look at the Officer's Battery Report, we do say there is three officers that are involved that are completed in OBR, but we are separating it by time and location on the report.

So if you look at Officer Gaffney's report and then look you look at Officers Walsh and Van Dyke's report, they are separated, I
believe, by time and by the location.

So it was never an attempt to again deceive or certainly not to make a false statement.

It was truly our belief, it is my belief, too, to this day, that we had an incident with Officer Gaffney at 40th and Karlov, and then we had the Walsh and McDonald incident at 41st and Pulaski, and this was just a way of documenting these things.

What's the allegation we are on right now?

Q. We are not reading it from an allegation. It is more of a line of questioning?

A. So just to kind of cut to the chase with the Officer's Battery Report and whether it is two or three, it is certainly not again a false statement. It is not meant to deceive. It is not meant to steer someone away for the truth.

It is a document I think that is gathered for statistical purposes, and again, any type of clarification that needed to be made
would be made in the detective reports and with
the Independent Police Review Authority.

Yeah, including the, you know, the
No. 3 in a box is not making a false statement.
It just simply isn't, and, you know, the
allegation as such to me it is kind of puzzling
actually.

We are doing the best we can with the
forms that we have, and I don't see it being
any attempt to deceive or to say anything
different.

Q. And I think in the crux of that, with
the three officers battered in that box, what we
would like some clarification on is going
through the whole event, you have McDonald
punching a tire and hitting the windshield on
Gaffney's vehicle?
A. Puncturing the tire.
Q. Puncturing the tire and hitting the
windshield with a knife?
A. Right. With Gaffney --
Q. With Gaffney in the vehicle?
A. Right.
Q. So that's one officer battered based
on -- we will start with a count, from that report; right?

A. Right.

Q. So that motion, that action by McDonald is what you consider the battery at that point; correct?

A. Yes.

Q. We have gone through this in previous parts of your statement --

A. I don't want to cut you off, but it says right here on the manner of attack, including actual attempt.

Okay. So they weren't --

MR. PLEINES: What are you referring to?

THE WITNESS: I am referring to the Officer's Battery Report where it says Manner of Attack for Officer Van Dyke, but I think the same box is checked on all three.

So it is an actual attempt, and if you are getting back to Gaffney's situation, he is occupying a vehicle where a subject is stabbing the tire and going after the windshield of an occupied vehicle.

I would think it would be reasonable
to believe -- a reasonable person could believe
that they were under attack at that point, and
that was my belief at the time, and that's why I
approved the report.

BY MR. VALDEZ:

Q. So now we are at a count of one.
A. Okay.

Q. Now McDonald continues, he goes
through the Burger King parking lot, and I just
want to recap, because I know we have gone over
this, you know, but I just want to recap just to
get kind of this line of questioning. We will
clear it up.
A. Uh-huh.

Q. So at the point where he -- at least
at the time where you believe McDonald is
attacking Walsh and Van Dyke to get to our three
officers battered, at what point do you believe
that attack starts?
A. I will go back, and I believe the
attack starts when Walsh and Van Dyke, in my
view, I don't know if in their view, in my view,
when he hitches up that pants, and swings out
that knife and starts almost a "hep to" as far
as his stride.

His stride wasn't one of I am going
to run away. It was here, I am going -- and
during his a approach, during his walking up, he
is moving that knife, and he is brandishing it
in front of them within clear view.

That to me indicates the attack.

That to me indicates --

BY MS. ANSARI:

Q. Was there any -- did you not -- was

there a decision not to include McElligott in

the OBR and why?

A. I don't know why we did or we didn't.

I think because there was a separation between
the two the whole time, although McDonald
clearly presented the knife and McElligott put
himself at risk by walking alongside of him.

We could have easily done a TRR just
on the assault of McElligott, but I don't think
there was actually an act of furtherance on
McDonald's part as far as a battery upon
McElligott's person that, you know, and that's
what I believe at the time, and I believe that
to be true now, but we could have had that
discussion. I don't know.

BY MR. VALDEZ:

Q. And now, the OBR's, I am assuming, are filled out pretty much at the same time as the TRR's; correct?

A. Yes. The system forces you to do it at the same time.

Q. Right, right. Yeah. Were you present at all for any of the officers filling out their OBR's?

A. I was in the same -- that was the area. You know, where I was sitting or standing or where I was at, I don't recall.

Q. Do you know if any of those officers received any assistance in filling out their OBR's?

A. I don't want to say that they did. I know that they had access to their FOP rep, their chain of command during the whole time.

Q. But you have no direct knowledge of that?

A. I have no direct knowledge.

Q. And again, I know we went over this on the TRR's, but what kinds of information did
you rely on to determine the need for these
OBR's?

A. For the Officer's Battery Report?

Q. Correct.

A. Again, when we are documenting the TRR's, it forces you to do it, so we just have to get through the form.

It was not, in my opinion, and looking back on it now, because they are accusing me of false reports, I was wrong, but it was not a -- it was not the focus of our investigation.

It was not something that I thought, oh, my God. It was let's get this done so the other entities that have to do their job can do their job.

Q. And in terms of the OBR's, what specifically are you -- do you fill out any boxes in the OBR's?

A. No. It just comes with a package to me. I don't think that there is a signature line. Oh, I think there is, I guess. I don't recall.

Q. So there is just an approval line?
A. Yes.

Q. But in terms of the actual boxes on the form itself or any of the narrative information, do you fill out any of that information?

A. No, I don't. It is just that I reviewed it and I click on, so it is usually, and in this case, I am sure it was.

It was just a matter of let's just get this one done, you know, let's go down the line and get it done when it comes to me, when it comes to my point. I want to make sure that it is -- I review it for completeness and things like that.

Q. Now, there are approximately, I believe, five to six allegations directly related to the OBR's?

A. Right.

Q. Would you like me to go through these and get a response for each of them, or do you want to -- do you have kind of a one blanket response for all the OBR's as a whole?

MR. PLEINES: I think the response that he has already given would be the same response he
would give in regards to the other ones.

THE WITNESS: Are you satisfied with that?

MS. ANSARI: Yes.

THE WITNESS: Are we satisfied with it?

BY MS. ANSARI:

Q. So Allegations 5 through 10 --

A. I think it is 5 through 7, isn't it?

Five, 6, and 7 are with the OBR's?

Q. Yes. And then 8, 9, and 10 are essentially --

A. Can I make one comment on 8, 9, and 10?

BY MR. VALDEZ:

Q. Please.

A. Because I think this is --

MR. PLEINES: Just hold your comment until we wrap up what we are doing with 5, 6, and 7.

THE WITNESS: Okay. We will finish 5, 6, and 7.

MR. PLEINES: We have no further comment on the Officer's Battery Reports.

Of course, if you have additional questions, we will answer them.
BY MR. VALDEZ:

Q. Okay. And knowing you have some comments about 8, 9, and 10, what I will do is I will read the three of them just to get them on the record.

A. For 5, 6, and 7?

Q. Do you have any response for 5, 6 or 7?

A. No.

Q. So I believe we are done with 5, 6, and 7. I am going to read 8, 9, and 10 together and give you an opportunity to respond.

A. Okay.

Q. Allegation No. 8. "On or about October 20, 2014 or October 21, 2014, you directed that Officer Van Dyke complete a false TRR and a false OBR concerning his encounter with McDonald."

Allegation No. 9. "On or about October 20 or 21, 2014, you directed that Officer Walsh complete a false TRR and a false OBR concerning his encounter with McDonald."

Allegation No. 10, "On or about October 20, 2014 or October 21, 2014, you
directed that Officer Gaffney complete a false
OBR concerning his encounter with McDonald."

What are your response to these
allegations?

A. I just want to say that I have never
directed any police officer under my direction
to fill out a false report.

I have never directed anyone to lie
on a piece of paper or in court or directed
anyone to deceive anyone at all, and I
categorically deny those allegations, and I
think that -- I don't even know how they have
any basis, in fact, that I directed anyone to do
anything in false, and if anyone is suggesting
that I did so, I would like to meet my accuser,
because that is just wrong, it is baseless, and
I categorically deny.

I have been a supervisor for -- how
many years -- I am getting tired.

Nineteen years, I believe, that I have been
doing this a long time.

I have never, ever told anyone to lie
on a report or gave them indication to do
anything like that.
Sorry. I just want to go for the record.

Q. And just to close up your time at Area Central, you said you left sometime around 7:00 a.m. that morning?

A. I believe that was the time.

Q. Around that time?

A. Yeah.

Q. Other than the tasks that we have gone through, including the TRR and the OBR, were there any other specific tasks that you can recall that you completed at Area Central?

A. Yes. The major incident notification that's included. I had to review that as well.

Q. Anything about that notification that stands out to you?

A. I don't have it in front of me. I would have to review it, but that is standard practice as well.

Q. And are you in charge at all of ensuring any officers receive assistance from an employee?

A. Thank you for prompting me. Yes, I am, and I can't recall doing that, but I am sure
I gave them the Employee Assistance Program forms. There may be other tasks that I am forgetting. I am not doing it to provide any type of subterfuge. I think that's Allegation 11. We are not to 11 yet?

Q. No.

A. All right. So I believe I completed all the tasks that is commiserate with my role as an OCIC, and if I forgot something to mention today, it is not because I am trying to deceive you in any form or fashion.

MR. PLEINES: Has anyone advised you that you overlooked or failed to perform any of your required tasks?

THE WITNESS: No one.

BY MS. ANSARI:

Q. You mentioned the Major Incident Notification Form. Who does that go to?

A. It is posted in our CLEAR System and it is done by the detectives. The detectives do it. I review it, and it is just posted, so other command staff members will know that there
was a shooting, a police shooting that night.

Q. I have a couple quick questions before we move on to our last topic.

A. There is two topics, right, 11 and 12?

MR. VALDEZ: We will give you an opportunity to respond to each of those if you would like, yes.

THE WITNESS: Okay.

BY MS. ANSARI:

Q. You said earlier that you don't know if a Taser was the appropriate force option. Can you explain that statement?

A. I really can't. You know, we would have to go into every aspect of it, and I would have to interview the officers again. It was a side remark that better left unsaid.

Q. Okay. And this is background, but how many -- how long have you been an OCIC?

A. Well, when you get promoted to Deputy Chief, then you become one of the OCIC's, part of a pool of people that they can use. It is rank specific. It is either deputy chiefs or the executive officer in an
area deputy chief's office.

So there are three commanders that do serve that role and the deputy chiefs of an area.

Q. Okay. And do OCIC's respond to all shootings or only officer-involved shootings?

A. Police officer shootings with hits, okay? So at that time, the subject had to be hit.

If Mr. McDonald wasn't hit, that would have been handled, I believe, by the commander or the captain at that time.

Q. You said police officer shootings with hits?

A. With hits, of people, where you hit somebody.

So if you have a police shooting where you don't hit anybody, the deputy chief does not have to come out, or if you shoot an animal destruction, you don't have to come out.

MR. PLEINES: Then the lieutenant fills out that part?

THE WITNESS: Yes.
BY MS. ANSARI:

Q. And how many shootings have you been the OCIC for?

A. Not many. I was a, I believe, one shooting prior to this -- yeah, I believe this was the second shooting that I had to handle.

Q. Okay.

A. That I was the OCIC. I have been at other shootings, but the one that I handled. I could be mistaken, but that's the best of my recollection.

Q. Okay. You said earlier that the TRR and OBR forms, or the TRR's when you are checking the box is just a preliminary determination, and when we asked you if knowing what you know now that would change you would say there were lots of -- you wouldn't be able to speculate on that, because there is lots of things that would you want to know.

A. Sure.

Q. And what are the types of things that you would want to know that could change your --

A. To make a thorough examination to come to a final conclusion?
Q. Yeah, that's correct.
A. It would be to run a full investigation similar to what you are doing right now to uncover just about every nook and cranny and ask every question.

So again, that takes a long time. You have to talk to a lot of witnesses. You have to gather and weigh a lot of evidence.

None of those things are part of the role of the OCIC, nor were I privy to that night.

So this is a very, very preliminary part of the investigation that is gone -- that is directed to the right people to investigate, and I report up my chain of command the next day what we know at this time, and they can further investigate or make inquiries to the proper parties after I give my summation to the superintendent and the chiefs.

Q. When you viewed the video, did you notice that -- did you notice if Officer Van Dyke or Officer Walsh stepped back before shooting McDonald?
A. I just can't recall at this time. I
would have to look at the video again.

They may have taken a step back. I can't remember which one did which at the time.

MR. PLEINES: To answer the question, you would have to see the video?

THE WITNESS: I would have to see the video.

MS. ANSARI: And I don't think it is necessary to show the video, so I just wanted to ask that follow-up question.

BY MR. VALDEZ:

Q. Now, I want to talk to you a little bit about the types of communications that happen after the shooting.

I know you had briefly mentioned briefing reports. What other types of communications have to go out from you being the OCIC?

Do you have to hold meetings regarding the shooting, things like that?

A. Okay. As far as communications?

Q. Right. So, for example, you had mentioned a briefing meeting the next day; right?
A. Right.

Q. Can you explain what that entails?

A. Sure. Are we going to get to 11 and 12 later?

Q. We will.

A. Because I was going to cover it in there.

Yeah, the briefing meeting is held usually in conjunction with what's called the Executive Management Meeting, which are held on Mondays, Wednesdays and Fridays in the superintendent's office, and if there was a shooting that occurred during the previous time from our last Executive Management Meeting, the OCIC that was present is going to give a presentation or a summation of all the events that occurred that night.

Now, I certainly was present for that. I believe now Chief Roy, then Commander Roy was able to attend, and we were able to walk through the command staff, including Superintendent McCarthy and the chiefs and the first deputy at that time the entire investigation that we knew at that time,
including the videos starting with the one on
40th Street, the Greater Food Depository, I
believe, that shows the actions of McElligott
and Gaffney, and then continuing on with the
video that we have often referred to and just a
timeline of everything that happened.

Now, to my knowledge, everything that
I have told you was presented at that meeting
that morning.

Q. Would there be any type of -- would
that presentation or meeting be memorialized
anywhere?

A. No. It is just simply to get them
aware and up to speed of where the investigation
stands and allows the parties that being,
whether it be the Internal Affairs Division, the
Superintendent's Office to make decisions based
on what we presented.

Q. So there is really no independent
report or anything like that?

A. There is no report, no.

Q. And the Executive Management Meeting
for the superintendent, I am assuming, is really
who it serves?
A. Right.

Q. But when did that happen after the shooting?

A. October 22nd, so that Wednesday, to the best of my knowledge is the day we did it.

Q. And do you recall who was present at that meeting?

A. I know the superintendent was, Superintendent McCarthy.

The other chiefs, there were plenty in the room, but I don't know which chiefs were there at the time.

We would have to look at a calendar to find out who was there and who wasn't.

Q. Is there like a specific mailing list or some type of outlook that would track that?

A. You would have to check with the superintendent's office. I am not sure.

Q. And obviously you presented on the Laquan McDonald shooting?

A. I did.

Q. Were there any other presentations at that meeting that you recall?

A. No. We go through the normal course
of the meeting that we normally have, and then I presented what had occurred with the Laquan McDonald shooting.

Q. Okay. And just for the record, you said everything that you told us today, everything that was presented to you was also presented at that meeting?

A. Pretty much the chronological order of what happened and where we stand.

BY MS. ANSARI:

Q. You said you do recall Chief Roy being in that meeting though; correct?

A. I do. And the reason is simple. Because he brought the tape of the 40th and -- the 40th Street tape.

Q. From the Greater Food Depository?

A. Right. So he helped me with that.

Q. So what other videos were shown at this meeting?

A. The 40th Street, they watched that, and the Laquan McDonald tape that we all know as the --

Q. The 813 Robert video?

A. 813 Robert video.
Q. Everyone watched that video?
A. Yes.

Q. Do you recall if Lieutenant Valdez or Lieutenant Wojcik were in that meeting?
A. I can't recall. They could have been. I don't know.

Q. Is it normal for someone at that level to be at that meeting?
A. Usually not, but they could have been. There may be a lieutenant in the area does show up. If he was there or not, I don't recall. They could have been.

Q. So what was everyone's reaction to your presentation?
A. Did they agree with -- I mean, you explained what your kind of preliminary conclusion was of that night.

A. I didn't explain. I told them exactly what had transpired and my paperwork was for the record.

They could look that up. They didn't ask me to justify what I thought or what I didn't think.

They knew, I am not going to put
words in their mouth, but it is understood, and it is why I just want to stress that point that the Independent Police Review Authority has the sole authority on any kind of conclusions to be made about this.

Q. So did anyone express any -- what were the reactions expressed in this meeting to the video and the presentation?

MR. PLEINES: We are going to need to take a break.

MS. ANSARI: We are going to take a break. It is 11:59.

(Short break in proceedings.)

MR. VALDEZ: The time is 12:02, and we are back on the record.

BY MS. ANSARI:

Q. So this October 22, 2014 meeting, that happened at headquarters?

A. Police headquarters, yeah.

Q. What time was that meeting?

A. They are usually at 9:30. I don't know if that one was at 9:30.

Q. So the last question that I had asked before we took a break was -- well, I am
wondering what the -- what was the group's reaction to the evidence presented, including the videos and what you --

A. Definitely a concern, you know, with the amount of shots that were being fired.

They looked -- the superintendent, I think, asked some questions about the officer's background and then some general questions about the investigation with Chief Roy or and then Commander Roy, but I can't remember exactly the content of who said what, where, when, all those type of things.

There is some general things that are normally done, like again, like the last IAD, the background of the officer, and what his status is, and that's about it.

Q. You said that there was concern for --

A. Oh, okay. Yeah, I just do want to add, too, no one criticized my performance or my abilities or my competency as later on described in an allegation that day, so none of that was put into question at all; why didn't I do this or do that or do the other.
Q. And you said that there was concern expressed about the number of shots. What did people say regarding that?

A. I can't recall. Just a natural reaction, I think, from, you know, anyone. I can't recall who said what and when.

Q. Okay. So the natural reaction that 16 shots would be --

A. You can categorize it any way you want. I am not going to categorize it.

Q. Okay. So I want to show you an e-mail exchange, just to get some background on --

A. Is this part of the exhibits that we have already had?

Q. No, it is an extra one. We will enter Exhibit 12.

(Whereupon, document so offered was received in evidence as McNaughton Exhibit No. 12.)

THE WITNESS: Yeah, I was going to get to this.

BY MS. ANSARI:

Q. So I am entering into evidence
Exhibit 12.

This is an e-mail exchange dated October 30, 2014, between you, Deputy Chief McNaughton, and earlier in the chain it has Eugene Roy and later in the chain Wayne Gulliford.

I am really just wondering -- you can take a minute to review it.

A. I was going to refer to this, too, so --

Q. Okay. I really just want some background on what's going on here.

A. It is pretty simple.

Q. Go ahead.

A. Here is the thing. We had the EMM meeting on the 22nd, I believe that's the day we had it.

Chief Gulliford, who was my immediate supervisor, was out of town. He wasn't privy to the briefing.

He basically wanted the briefing that we gave at the EMM on that night presented to him, and that's what this was about.

Again, I was going to bring up later
in the questions of my competency, Chief Gulliford had no questions at all about my competency or my role or my lack of fulfilling same during that presentation that we gave to him, and that's what that e-mail is about.

MR. PLEINES: Is there a number on that?
MS. ANSARI: Yes, that is No. 12.

BY MR. VALDEZ:

Q. So in terms of any other communications that happened post shooting, did you have any contact with anybody from the Mayor's office? Are they involved in the process at all?

A. Not to my knowledge.

Q. How about during the shooting? Do they need any type of information, anything like that?

A. I don't think so. I can't -- I think I would remember if the Mayor's office called.

No, I don't think so.

BY MS. ANSARI:

Q. I am sorry. For the record, you didn't create any other documents regarding the shooting, so a summary, like a report, a
briefing summary that was actually written down?

This was all done orally --

A. Yes.

Q. -- at the meeting?

A. Yes.

BY MR. VALDEZ:

Q. Now, do you recall revising a
statement for CPD News Affairs the night of the
shooting?

A. I don't remember exactly, but I did
do it. There is no doubt about it.

Q. And one of the exhibits that we
served to you, Exhibit No. 10, I believe, which
is the News Affair statement that we are
referring to.

A. Sure. I got it here somewhere.

Okay. Go ahead.

Q. Who was that e-mail directed towards?
Is there a specific person that that e-mail goes
to?

A. I think I sent it to the News Affairs
address; is that right?

Q. Correct.

A. Yeah, I don't know who is on the
other line there. I might have talked to him on
the phone as well. I don't know.

Q. You don't know who it was
specifically?

A. I don't know. You would have to look
up and see who was working that night.

Q. And now you said there was a phone
call. Was there any other communication other
than the phone call and the e-mail that we are
looking at?

A. I don't know. There could have been
a phone call. I mean, you know, a lot of this
is, you know, it is just, you know -- was there
an e-mail that I sent? I sent an e-mail, right?

Q. Correct.

A. Was there a prior e-mail that would
give us who sent it, or would they use the News
Affair address?

Q. What we have on this e-mail is --
there is really just the original statement from
News Affairs.

A. And I modified it.

Q. And you modified it; correct?

A. Could I see what I modified?
Q. Yes. Well, actually, there is not like a track changes. We just have the previous statement and the revised statement on the e-mail?

A. Well, the previous had to be different than the revised, right? How is it different?

Q. If your copy is different, we will show you --

A. You gave me a previous and a revised? You just gave me as part of my allegations just the --

MS. ANSARI: We will enter --

MR. VALDEZ: We already have it here, so let's go over this statement.

THE WITNESS: So you did give us the right one, okay. No, you did. Thank you.

MS. ANSARI: So for the record, we are looking at Exhibit 10.

THE WITNESS: So I just made a minor change to it. I got it. Okay. Go ahead.

BY MR. VALDEZ:

Q. Did you revise that statement on your own? Is there anybody that assists you?
I am sorry. That was a compound question, but did you revise the statement on your own?

A. Yeah, I reviewed the statement. I thought it was correct, and I revised -- whatever revision was made would have been -- it was from me to them, right?

Q. Yeah.

A. Yeah, I did it on my own. I don't think I would have asked anybody else to do my work for me.

Q. Do you have to get any input from anybody else on the scene?

A. If I want to.

Q. Do you recall in this instance if you did?

A. I don't recall that I did, no.

Q. Now, is this statement typical of police-involved shootings where News Affairs contacts the OCIC for revisions to the statement?

A. It wasn't that time. Now they are on the scene so we don't have this communication back and forth.
It is more direct and it is better crafted.

Q. And now the e-mail, if you look at the timestamp on the e-mail that you sent. So this would be on Page 1.

A. Okay.

Q. And there is a timestamp of 3:23 a.m.

A. Okay.

Q. And at that time, the TRR's and the OBR's were not yet drafted or approved.

Is it fair to say at that time based on the statement you believed that Van Dyke fired his weapon in compliance with the department policy?

A. By 3:00 a.m. in the morning?

Q. Correct.

A. Probably so. I don't think I was -- I wasn't like flipping a coin back and forth in my mind where I was going, you know, with this thing.

I don't know exactly what time that I had enough information to do that. But, you know, I think the official time when I made that
is when I put it on the TRR.

Q.  Okay.  And even though the TRR was a little bit after this, so your decision would have been sometime prior; correct?

MR. PLEINES: You had reached your conclusion and --

THE WITNESS: Right.

BY MR. VALDEZ:

Q.  And what we can do now is jump to the allegation regarding the e-mail with News Affairs, and I will read it for you for the record.

A.  All right.

Q.  "On October 21, 2014, you provided a false statement to the Chicago Police Department's Office of News Affairs when you stated McDonald, 'continued to approach' Officers Van Dyke and Walsh."

A.  So, again, I don't believe that on that night in question, nor do I believe now that that statement is false for previous reasons stated, but let me be clear for the record.

I believe that Officer Walsh and
Van Dyke parked their vehicle ahead, about probably 60 to 70 feet ahead of Mr. McDonald.

Mr. McDonald in clear view at that point when the vehicle came to a stop hitched up his pants, opened up his knife. He was about 60 feet away, I believe, and that's an approximate. He was 60 feet away at that point. At the point when Officer Van Dyke fired his weapon striking Mr. McDonald, I believe they were about 10 to 11 feet away, best guess estimate, and I believed it that night and I believe it now, and if the definition of the word "approach" is to come nearer to, then I don't think I was imprecise in that language.

I wish someone else could write statements. They could probably have crafted that better than I could, but it is there. I do not believe it is a false statement in my heart of hearts.

Q. And now you had mentioned that you were the OCIC on one other police-involved shooting?

A. I think prior to, yes.

Q. Was there anything significantly
different between the Laquan McDonald shooting
and the other shooting that you were involved
in?

A. It was completely different.

BY MS. ANSARI:

Q. In terms of procedure?

A. Oh, procedure. No, the procedures
are basically, they come together in the same
form and fashion.

MS. ANSARI: I have a couple quick
background questions. I am going to enter into
evidence **Exhibit 13.**

(Whereupon, document so offered
was received in evidence as
McNaughton Exhibit No. 13.)

BY MS. ANSARI:

Q. This is an e-mail from you to -- on
October 21st, 2014, to Al Wysinger at Admin 141
and Wayne Gulliford.

This is also just for background, but
do you know, what is this Admin 141 e-mail
address?

A. I am sorry. This is one other duty
that I forgot that I had to do that night. You
have to fill out an activity log, an OCIC log of
all the things that you did during the night.

   Every street deputy -- they call them
street deputies, fills out this log, and they
submit it to the first deputy prior to the
conclusion of their duties.

I probably did that while I was
waiting in the office to get all the other
reports done. Can I review it?

MR. VALDEZ: Please do.

THE WITNESS: Do I keep this or do I give
this to you?

BY MS. ANSARI:

Q. We will take it back.

Do you know who receives -- can you
explain what the Admin 141 e-mail address is
that you --

A. Admin 141 is the administrative
office for the first deputy.

So when the first deputy comes to
work the next day, he wants all the different
reports that have come in over the night, and so
if you want to get reports to the first deputy,
which is -- this is the mandatory report that
needs to be sent to him, you have to send it to
his Admin inbox, and then his secretary or
whatever will pull in whatever reports came in
for the night for the first deputy's review.

Q. And that was Al Wysinger at the time?
A. It was at the time. Now, I don't
know when he actually looked at it or reviewed
it, if he was at work the next day, I don't
know.

Q. And it is a general CPD procedure to
fill out this log and get it to him?
A. Yes, it is.

Q. Okay. Besides the briefing at the
Executive Management Meeting and the briefing
separately for Wayne Gulliford because he was
not there, were there any other briefings that
you made regarding the Laquan McDonald shooting?
A. Not that I am aware of, no.

BY MR. VALDEZ:

Q. Were you summoned at all before a
Federal Grand Jury regarding this case?
A. I was not.

Q. Were you interviewed by any other
investigative agencies, including the FBI,
regarding this case?

A. I was. Do you want me to elaborate?

Q. Please.

A. I don't have the date in front of me, but I believe it was in January of 2015, the State's Attorney -- Cook County State's Attorney and the FBI sat down, and I basically went through this whole thing with them as well, not into the detail or the time that it took, but basically the role of the OCIC and just general questions that they had.

Q. Do you recall any specific people that were in that meeting?

A. You know, I don't. I mean, I would have to -- I would have to find out. I don't know.

Q. Okay. Not a problem. Were there any types of conditions based on that meeting? Like did they offer any type of proffer protections or anything like that? Was there any indication of that?

A. They did give me a letter called a proffer. I didn't bring a lawyer. Tom is very mad at me that I didn't -- no, I am kidding.
I did not bring an attorney. I just went there and answered their questions.

I asked them about that because I had, you know, heard that you could get such a letter.

I got it just in case, but I don't know what it means or what it doesn't mean. I am not an attorney.

Q. Okay. During that meeting, we will call it an interview, did the FBI or Cook County State's Attorney present you with any other materials that we presented to you?

A. I don't recall if they did or they did not. They may have, but I don't recall us going into detail about, you know, dotting an I and crossing a T.

I think it was more of a general chronological order, what my role was. I was probably better answer that I could provide today because it was just so close to the proximity, but I don't recall if we looked at any documents that night.

Q. Okay. So there is no documents in general, not specifically to the ones we showed
you, but any documents?

A. I don't recall. I don't recall.

BY MS. ANSARI:

Q. Did you view any video?

A. I don't think we viewed the video. I don't recall doing that with them.

Q. And you said as a general matter, what you told them is what you told us today; correct?

A. To the best of my knowledge, yes.

Q. Is there anything that stood out about that conversation?

A. Not to my -- you know, other than the fact that I had to do it. That was the biggie, but as far as what their questions were and what they were asking me, it seemed pretty much what the investigation entails, who does what, when they do it, all that type of thing; more I think background information as far as in general and then specific information that happened that night, but I can't specifically recall, you know.

BY MR. VALDEZ:

Q. Now, understanding kind of what we
have been talking about and what we are doing today, is there anything that you would like to add that maybe we didn't ask you that you think would be helpful to us?

A. Are we going into Question 12?

Q. Yeah, I will give you an opportunity to respond.

A. Would be helpful to you?

Q. Yeah, anything you think maybe that I didn't ask you that I should have asked you.

MR. PLEINES: Let's take a break.

MS. ANSARI: So we are in like the wrap-up questions now.

The time is 12:20 p.m., and we are going off the record.

(Discussion had off the record.)

MR. VALDEZ: The time is now 12:22, and we are back on the record.

Can you please read back that last question?

(Record read.)

THE WITNESS: Not at this time.

BY MR. VALDEZ:

Q. Okay. So what we could do now is
move to the last allegation and give you kind of
the floor is yours type of thing.

I will read it for the record, and if
there is anything in addition to that that you
would like to add, feel free to do so.

So the last allegation is
Allegation 12, and it states, "You were
incompetent in the performance of your duties in
the ways enumerated in Allegations 1 through
11."

A. Well, when you look at 1 through 11
and then you look at Allegation No. 12, you are
basically saying that I -- if I am reading this
right, that either I am a fool or a liar.

I can tell you that when I walked
onto that scene and I left the area that day and
when I come into this room, my integrity is
intact.

Now, everything I knew, I have told
you. I never had any of these officers do
anything that what I would think would be
deceitful or false.

The conclusions that other people,
reasonable people may have about my
investigation, or the investigation that was
being done by myself there as the OCIC, they can
come to different conclusions and they can
question my judgment, but they cannot question
my integrity, and I am very -- I want that
stated for the record.

Now, my competency. I have been
doing this job for 25 years. My second shot at
the sergeant's exam, I think I had six years on
the job, I was 19 on the list.

I took the lieutenant's exam
subsequent to that after being promoted
sergeant. I was 84 on the list, and then
subsequent to that, because of the actions and
the work that I did as the role of lieutenant
and subsequent as a sergeant, the department in
its wisdom appointed me to the rank of captain,
district commander, and deputy chief.

I have been the district commander of
two of the largest districts with the most
population of the city, the 16th District with
over 200,000 people, and the 8th District with a
quarter of a million people.

It would be the second largest city
in the State of Illinois if it stood on its own.

In both locations, we saw unprecedented reductions in crime and developed good community relations with the people that lived there and with the officers that worked in those districts.

Because of those actions and my competency, the superintendent appointed me to rank of deputy chief and gave me what arguably is the most important area in the city, Area Central.

That includes the downtown area and then much of the south and west sides.

I was the -- served as a central command for those eight district commanders, again, covering probably the largest areas of the city as far as geographic and population.

I have handled every major protest that has been downtown for the last couple of years, and we are known nationally, the Chicago Police Department is known nationally on how we handle those protests as far as allowing people their First Amendment rights and at the same time trying to allow the orderly flow of traffic
and allow people to go about their day as well.

We did that with minimal disruption
and with respecting the rights of all involved.

I have been the incident commander of
major events downtown, including the parade
route for the Blackhawks celebration, Air and
Water Show, 4th of July celebration at Navy
Pier, the Bud Billiken Parade, the second
largest parade in the city -- or in the country,
I should say, as far as populated; the St.
Patrick's Day Parade.

I am missing so many other things
that I have been in charge of.

Not to mention the district, the
crime reduction that was going on in the area as
well.

At none of those times was my
competency ever questioned, okay?

As far as the OCIC role is, it was my
second time doing one of these shooting scenes.

I obviously have stated for the
record that I was fatigued. I had worked a full
day, not only on Monday, but I worked the night
before on the President Obama detail as well
where he gave a speech at Chicago State University.

So fatigue does play a factor as far as making proper decisions and doing things correctly, so if that has anything to say, it may have -- it may have something to say about my competency.

I subsequently, reported as stated in the record prior, all the actions that I did that night with the chain of command at the Executive Management Meeting and then subsequent with the Chief of Patrol, neither of which questioned at that meeting or subsequent after that meeting or with the Chief of Patrol, questioned my competency and my role involving this investigation.

Since that time, I have been now appointed as the Deputy Chief of Comp Stat. I had the accountability portion to the department where I actually work for the Office of the Superintendent and we have weekly meetings where we hold district commanders account.

They have entrusted me with that position. I am also the liaison with the
Department of Justice and the Violence Reduction Network, and the department has sent me to other cities representing the department in that fashion.

I have also been selected to various boards through the department. I am on the Merit Board as far as selection for promotion where I conduct the interviews with the eligible participants. I am on the Traffic Review Board that decides whether the actions of the officers involved in traffic pursuits and crashes were right and proper.

I was a senior subject matter expert for the last two promotional exams, all things that are entrusted to someone that is competent.

In conclusion, I just want to state that I have dedicated my life to this job. These allegations are as stated would allow me to be fired if found to be true, and I can tell you categorically that I am not a liar, and I am competent, and I am a dedicated member of this department, not only have I served it well, but I served the community well as well.
I am a father of three children and married for over 20 years. I own a home on the northwest side.

I would do nothing, I would do -- I would never do anything to jeopardize my integrity and my standing with my family.

I am one of 14 children that all live -- 13 children, one passed away, that all live in the City of Chicago, and again, this is my home.

I take my integrity and my reputation very seriously, and you can question my competency all day long.

You can look at my background and check with others, but my integrity is what I am here to talk to you about today, and I think I have in my last statement.

Is there anything else I should add?

MR. PLEINES: No, I think you have covered it.

THE WITNESS: Do you have any other questions?

MR. VALDEZ: No, we have no questions. We appreciate your time.
Thank you for coming down and speaking with us today, and that will conclude our interview of David McNaughton at 12:29 p.m.

THE WITNESS: Thank you.

MS. ANSARI: Thank you, Deputy Chief McNaughton.

City ordinance, and if applicable, collective bargaining agreements, provide that you are entitled to notice of the nature of the allegations against you and the identity of all complainants prior to any interview. Accordingly, you are advised as follows:

COMPLAINANT(S):

Subject: two requests
Gene,

When you have a minute can you give me a call. I am in the office all day today.

I'd like to see if we can give Chief Gulliford a run through of the Van Dyke shooting in 008 with the disc you have with the video. I am thinking since we will be down at 35th Street tomorrow for the briefing on the 9th District shooting we could go to Gulliford's office either before or after the 1400 Hour EMM and briefing.

I also have a off the beat request for the Wallenda event on Sunday night that I'd like to talk to you about.

Thanks
Dave

(Original exhibits sent to Ms. Ansari.)
MS. ANSARI: As a preliminary matter, I am providing the following information: An independent certified court reporter is present today to provide a verbatim transcript of this interview. To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio-record the interview.

The recording is the confidential work product property of the court reporter and it will not be provided to any party, including the Office of Inspector General. If you request, the audio recording will be discontinued.

So, Officer Sebastian, are you okay with the court reporter?

THE INTERVIEWEE: Yes.

MS. ANSARI: Let the record reflect that today's date is March 21, 2016. The time is --

MS. RUSSELL: I'm sorry, did you mean the audio recording of the --

MS. ANSARI: The audio recording, correct.

Let the record reflect that today's date is March 21, 2016. The time is 10:17. We are located at Amicus Court Reporters, 300 West Adams, Suite 800. My name is Sarah Ansari, the court
reporter is Andrew Pitts, and I'd ask that the other
dividuals present identify themselves and spell
their name for the record.

MR. BROWN: Kristopher Brown, B-R-O-W-N, City
of Chicago, Office of Inspector General.

MS. RUSSELL: Jennifer Russell, R-U-S-S-E-L-L,
counsel for Officer Sebastian.

THE INTERVIEWEE: Daphne Sebastian,

MS. ANSARI: There are no other individuals
present.

We are here today pursuant to an
investigation being conducted under Chapter 2-56 of
the Municipal Code of the City of Chicago. We are
here for an interview of Officer Daphne Sebastian.

Officer Sebastian, would you please raise
your right hand, and the court reporter will swear
you in.

(Whereupon, the Interviewee was
administered an oath.)

MS. RUSSELL: And prior to Officer Sebastian
continuing her statement, we are asking for the
Office of Inspector General's position on whether it
believes criminal charges are probable in this case.
We believe that if, in fact, criminal charges are probable that the officer should be entitled to remain silent.

    MS. ANSARI: OIG is conducting an administrative investigation, not a criminal investigation. We are not conducting a joint investigation and not working with any other law enforcement agency, including the State's Attorney. As a result, we do not have an opinion on whether or not criminal charges are probable.

    MS. RUSSELL: Our position then is regardless of whether or not the Office of Inspector General terms this an administrative investigation or otherwise, we believe that Officer Sebastian is entitled to remain silent.

    MS. ANSARI: So we'll start with administrative rights.

    DAPHNE SEBASTIAN, called as an Interviewee herein, having been first administered an oath, was examined and testified as follows:

    EXAMINATION

    BY MS. ANSARI:

    Q. Officer Sebastian, I am now going to hand
you a form that is marked Advisement of Rights. This has already been filled out with your name, my name, and Investigator Brown's name. I am going to ask you to read along with me as I go through it, and then I will ask you after each paragraph to acknowledge that you have read the paragraph.

A. Okay.

Q. "I understand that this interview is part of an official investigation and that I have a duty to cooperate with the Office of Inspector General, which includes answering all questions completely and truthfully."

Have you read that paragraph?

A. Yes, ma'am.

Q. "I understand that I have no right to remain silent. I understand that I have an obligation to answer questions put to me truthfully. I understand that if I refuse to answer questions put to me, I will be ordered by a superior officer to answer the questions."

"I further understand and have been advised that if I persist in my refusal to answer after an order to do so, such further refusal constitutes a violation of the rules and
regulations of the Chicago Police Department and may serve as the basis for my discharge."

A. I've read it and understand it.

Q. "I understand and have been advised that my statements or responses may constitute an official police report. I understand that Rule 14 of the Chicago Police Department's rules and regulations prohibits making a false report written or oral. And I further understand that making such a false report, whether written or oral, may result in my separation from the Chicago Police Department."

A. I've read and understand it.

Q. "I understand that any statement made by me during this interview may be used as evidence of misconduct or as the basis for disciplinary action up to and including removal or discharge."

A. I've read and understand it.

Q. "I understand that any statement made by me during this interview and the fruits thereof cannot be used against me in a criminal proceeding."

A. I have read and understand it.

Q. "I understand that I have a right to have
a union representative or legal counsel of my choosing present at the interview to consult with and that I will be given a reasonable time to obtain a union representative or legal counsel as long as the interview is not unduly delayed."

A. I've read and understand it.

Q. "I understand the refusal to answer any question or any false, inaccurate, or deliberately incomplete statement by me would constitute a violation of Chicago Municipal Ordinance 2-56 and may serve as the basis for my discharge."

A. I've read and understand it.

Q. "I acknowledge that the statement of my administrative rights has been read aloud to me and that I have been allowed to review this document."

A. I agree.

Q. If you will please sign at the bottom of this document.

MS. RUSSELL: Prior to executing this document.

THE INTERVIEWEE: Upon the advice of my counsel, I am refusing to answer further questions without the direct order of an immediate supervisor or a superior officer.
BY MS. ANSARI:

Q. Officer Sebastian, is it fair to say that you will not answer questions from the Office of Inspector General regarding the Laquan McDonald shooting?

A. Upon the advice of my counsel, yes, I am refusing to answer questions without a direct order.

MS. ANSARI: At this time I am going to place a phone call to Commander Robert Klimas. Counsel, is it fair to say that you have agreed that we could have Commander Klimas order Officer Sebastian to answer questions via telephone?

MS. RUSSELL: Correct.

(Whereupon, a phone call was placed to Commander Klimas.)

COMMANDER KLIMAS: Bob Klimas.

MS. ANSARI: Commander Klimas, this is Sarah Ansari from the Office of the Inspector General.

COMMANDER KLIMAS: Good morning.

MS. ANSARI: Good morning. We are currently in a court-reported interview. Officer Daphne Sebastian, her counsel Jennifer Russell is here, Investigator Kris Brown, and I are all here.
The OIG having provided appropriate notice to Officer Sebastian of this interview is attempting to ask her questions regarding the Laquan McDonald shooting. She has refused to answer questions regarding the shooting absent a command from her superior officer. So I am asking you, Commander Klimas, to order Officer Sebastian to answer the Office of Inspector General’s questions command her to.

COMMANDER KLIMAS: Okay. This is consider Commander Robert Klimas, K-L-I-M-A-S, for the Chicago Police Department, Bureau of Internal Affairs.

Officer Daphne Sebastian, I am giving you a direct order to answer all the questions posed to you today by Sarah Ansari or her designees from the Office of Inspector General, City of Chicago. Understand?

THE INTERVIEWEE: Yes, sir.

COMMANDER KLIMAS: Okay. Thank you.

MS. ANSARI: Thank you.

THE INTERVIEWEE: Thank you.

MS. RUSSELL: At this time, Officer Sebastian will acknowledge receipt of the advisement of rights
and sign.

MS. ANSARI: Okay. Thank you.

MS. RUSSELL: Is blue okay?

MR. BROWN: Blue is fine.

MS. ANSARI: Any color is okay.

MR. BROWN: And then we will witness after that.

MS. ANSARI: Yes. For the record, Sarah Ansari and Kristopher Brown will witness the advisement of rights.

(Whereupon, Exhibit 1 was marked for identification.)

MS. ANSARI: And we have marked the Advisement of Rights as Exhibit 1.

MS. RUSSELL: Prior to moving forward with the marking of exhibits, Officer Sebastian does have a statement that she would --

THE INTERVIEWEE: I have a statement that I would like to read. I believe that I am entitled to be informed of my constitutional rights to remain silent. I have received no assurances from the Office of the Inspector General that criminal charges are no probable.

Proceeding with this statement is in
violation of the applicable collective bargaining
agreement, but I have been advised that I will lose
my job if I refuse to provide a statement. This
statement is not being made voluntarily, but under
duress, and it is only being made at this time
because I know that I will lose my job if I refuse
the direct order being given to me by Commander
Klimas. I am invoking each and every right granted
to me under Garrity vs. New Jersey.

Also, on the advice of counsel, I am
making the following additional objections. I am
objecting to the fact that the City of Chicago
Inspector General's Office is making allegations
against me and conducting an investigation into its
own allegations.

I am objecting that this interview is
taking place before an arbitrator has decided the
issues that were raised in regards to this
investigation. The Fraternal Order of Police has
filed a grievance and injunction regarding this
investigation, and the Inspector General refused to
postpone this interrogation.

I am also objecting that I have requested
my prior sworn testimony, namely the testimony I
provided to the Grand Jury. The Inspector General refused to provide me with a copy of my Grand Jury testimony and/or any other statement I have made to federal investigators in violation of my rights under the contract.

The Inspector General indicates that it does not have possession of my Grand Jury testimony. To the extent that I am questioned about my Grand Jury testimony, I assert that the testimony is truthful and was based upon my recollection at the time. I stand by all of my answers.

My notification -- okay.

MS. ANSARI: It is the OIG's position that we are conducting -- as we have stated, we are conducting an administrative investigation, not a criminal investigation. We are not working with any other law enforcement agency, and we are not conducting a joint investigation.

As this is an administrative investigation that relates to your employment and therefore under the CBA and the general order, the administrative rights that you were provided are appropriate, and you are not entitled to Miranda rights.
With regards to the Grand Jury statement,
OIG does not have your Grand Jury statement in its
possession, and under the CBA, the OIG does not have
an obligation to provide Officer Sebastian with a
statement that is not in its possession.

BY MS. ANSARI:

Q. Okay. Officer Sebastian, I am going to
mark several documents into the record and ask you
if you have seen them and you received them. So we
will just kind of go through in a list.

A. Okay.

MR. BROWN: We'll go one by one?

MS. ANSARI: Yes. We are marking as Exhibit 2
Officer Sebastian's notification of interview dated
February 24, 2016.

(Whereupon, Exhibit 2 was marked
for identification.)

BY MS. ANSARI:

Q. Officer Sebastian, have you seen this
exhibit?

A. Yes, I have.

Q. Did IAD provide you with this document on
or about February 24, 2016?

A. Yes.
Q. I am going to mark as Exhibit 3 --

MR. BROWN: You didn't have one?

(Whereupon, Exhibit 3 was marked for identification.)

BY MS. ANSARI:

Q. This document is entitled Notification of Allegations, dated February 24, 2016.

Officer Sebastian, have you seen this Exhibit?

A. Yes, ma'am.

Q. Did IAD provide you this document on or about February 24, 2016?

A. Yes.

MS. ANSARI: Can you read back? Did I accidentally call that one 4, the one that we just entered into the record?

(Whereupon, the record was read by the reporter as requested.)

MS. ANSARI: Marking as Exhibit 4 a document entitled Receipt Form dated February 24, 2016.

(Whereupon, Exhibit 4 was marked for identification.)
BY MS. ANSARI:

Q. Officer Sebastian, have you seen this document?

A. Yes, ma'am.

Q. Did IAD provide you with this document on or about February 24, 2016?

A. Yes.

Q. If you will turn to the second page. Is that your signature on this document?

A. Yes.

MS. RUSSELL: And, for the record, Officer Sebastian states that she received audio files from 813 Robert and 845 Robert. No audio files were contained in the materials she was provided, as we will fully explore later.

MS. ANSARI: Marking as Exhibit 5 the transcript of Officer Sebastian's October 21, 2014 interview with the Independent Police Review Authority.

(Whereupon, Exhibit 5 was marked for identification.)

BY MS. ANSARI:

Q. Officer Sebastian, have you seen this document?
Q. Did IAD provide you with this document on or about February 24, 2016?
A. Yes.

(Whereupon, Exhibit 6 was marked for identification.)

MS. ANSARI: Marking as Exhibit 6 an excerpt of a CPD case supplementary report dated March 16, 2015 with RD number HX 475653 containing Officer Sebastian's statement to Detective March.

BY MS. ANSARI:
Q. With respect to Exhibit 6, Officer Sebastian, have you seen it?
A. Yes.

Q. Did IAD provide you with this document on or about February 24, 2016?
A. Yes.

(Whereupon, Exhibit 7 was marked for identification.)

MS. ANSARI: Marking as Exhibit 7 a general progress report dated October 20, 2014 with RD number HX 475653 containing Detective March's notes of his interview with Officer Sebastian.
BY MS. ANSARI:

Q. Officer Sebastian, have you seen this document?

A. Yes.

Q. Did IAD provide you with this document on or about February 24, 2016?

A. Yes, ma'am.

Q. Okay. In order to prepare for today's interview, did you review the materials we have provided so far?

A. Yes.

Q. Those materials included video from the in-car video systems of vehicle 813 and 845, correct?

A. They did; however, I was unable to -- I reviewed the documents. I was unable to review the video from 845 and 813's vehicle. I was able to pull up the Dunkin' Donuts one.

Q. Okay.

A. For some reason, I don't know whether it's my computer, I couldn't view it. So --

Q. So you viewed the Dunkin' Donuts security video, but you were unable to review the video from 813 Robert and 845 Robert?
A. Correct.

Q. Since receiving our notice of interview, did you review any other materials for this interview other than the materials we provided you?

A. No.

Q. Aside from your attorney, who did you speak to in preparation for this interview?

A. Just my attorney.

MS. ANSARI: And, Jennifer, I just wanted to confirm for the record that we will provide the transcript within 72 hours of receipt, not within 72 hours of the interview. Is that --

BY MS. ANSARI:

Q. So I am going to start with some background questions.

What is your star number?

A. 2763.

Q. Okay. And your current unit of assignment?

A. 8th district.

Q. Was your unit of assignment the 8th District on October 20, 2014?

A. Yes.
Q. What watch were you on as of that date?

A. First watch.

MS. RUSSELL: Can we go off the record for one second?

MR. BROWN: Sure. The time is now 10:36, and we are off the record.

(Whereupon, a break was taken from 10:36 to 10:37 a.m.)

MR. BROWN: The time is now 10:37, and we will go back on the record.

BY MS. ANSARI:

Q. What was your chain of command as of October 20, 2014?

A. As far as, like, sergeant, lieutenant?

Q. Sergeant, lieutenant, perhaps commander.

Who was your sergeant?

A. I don't know who my sergeant was that night.

Q. Okay.

A. The lieutenant -- I'm not even sure who the lieutenant was that night.

Q. And who was your commander?

A. At that time? I'm not sure who the commander was, because we had -- we have had a
couple changes. So I'm not sure who the commander was that night.

Q. What is your personal cell phone number as of -- what is your personal cell phone number?
A.  

Q. Was that your cell phone number as of October 20, 2014?
A. Yes.

MS. ANSARI: Do you have any background questions?
MR. BROWN: I do not.

BY MS. ANSARI:

Q. So we are going to ask you a couple questions about your statement to the Grand Jury. You were summoned to give testimony before a Federal Grand Jury regarding the Laquan McDonald shooting, correct?
A. Yes.

Q. Did you give testimony -- when was that testimony?
A. I don't know what the date was.

Sometime in 2015.

Q. Was it -- do you remember if it was the summer?
A. I don't remember.

Q. Do you remember if it was before or after November 2015?

A. I don't remember.

Q. In your statement to the Grand Jury, did you assert your rights under the Fifth Amendment and refuse to testify?

A. No.

Q. Did you request immunity to testify?

A. No.

Q. Were you given any immunity to testify before the Grand Jury?

A. No.

Q. Do you recall approximately how long you were in the Grand Jury testifying?

A. I do not.

Q. Was it more than -- was it more than a day?

A. No. It was not more than a day.

Q. Do you recall if it was more than five hours or less than five?

A. I don't recall.

Q. Did you provide a witness statement to the Grand Jury?
A. No.

Q. In the Grand Jury, were you asked questions about the Laquan McDonald shooting?

A. Yes.

Q. Did you describe the shooting incident?

A. I don't remember.

Q. You don't remember describing the incident?

A. I don't remember what they asked me. I don't remember.

Q. Have you ever testified before a Grand Jury before?

A. Before the Laquan --

Q. Before the Grand Jury related to the Laquan McDonald shooting?

A. No.

Q. And you are aware if you lie in a Grand Jury, you are potentially subject to criminal liability, correct?

A. Correct.

Q. So the accuracy of your testimony that day regarding the Laquan McDonald shooting was extremely important, correct?

A. Yes.
THE INTERVIEWEE: Can I ask? Let me just ask her a question real quick.

MS. ANSARI: Let's go off the record.

MR. BROWN: It's 10:41. We are going to go off the record.

(Whereupon, a break was taken from 10:41 to 10:42 a.m.)

MR. BROWN: Time is now 10:42, and we're back on the record.

THE INTERVIEWEE: For clarification, I have only testified in front of the Federal Grand Jury the one time. I have been to 26th Street for the Cook County Grand Jury a handful of times in my career.

BY MS. ANSARI:

Q. In your career -- well, have you been to 26th Street in front of the Cook County Grand Jury related to the Laquan McDonald shooting?

A. No.

Q. So the only testimony you gave related to the criminal prosecution or in a Grand Jury was the Federal Grand Jury related to the Laquan McDonald shooting, correct?

A. That's the only Federal Grand Jury I've
been to, yes.

Q. And that is the only Grand Jury -- just, that is the only Grand Jury you went to related to Laquan McDonald?

A. Yes.

Q. Okay. And only once?

A. Yes.

Q. And you said it was no more than a day?

You did not go for more than a day?

A. No.

Q. Do you recall what you were asked in the Federal Grand Jury?

A. I do not recall.

Q. And as part of your job as a police officer, it is important to remember details, correct?

A. Yes, ma'am.

Q. And you would agree that testifying in a Grand Jury was a very important experience, correct?

A. Yes.

Q. And you have never testified in a Federal Grand Jury before?

A. Correct.
Q. Have you ever testified related to an officer-involved shooting before?
A. No.

Q. Okay. So this was an important experience that would stand out in your memory, correct?
MS. RUSSELL: The Laquan McDonald shooting or the Grand Jury?
MS. ANSARI: The Grand Jury?

BY THE INTERVIEWEE:
A. I'm sorry. Repeat the question.

BY MS. ANSARI:
Q. So testifying in front of a Grand Jury would be something that would stand out in your memory?
A. Not really.

Q. And you stated you don't recall describing the Laquan McDonald shooting in the Grand Jury?
A. I don't recall whether I did or not.

Q. And you don't recall what the federal prosecutors asked you?
A. I didn't --

Q. Or what you were asked in the Grand Jury?
A. No, I don't.

Q. Okay. Did the federal prosecutors present you with any reports in the Grand Jury, any documents?

A. I don't recall.

Q. Were you asked about your statement to IPRA in the Grand Jury?

A. I don't recall.

Q. Were you asked about your sometimes Detective March in the Grand Jury?

A. I don't recall.

Q. Prior to your Grand Jury testimony, who did you speak with about what you were going to say about the shooting before your Grand Jury?

A. My attorney.

Q. Did you speak with anyone else besides your attorney?

A. No.

Q. Did you speak with the FBI?

A. I did speak with the FBI. I did get interviewed by the FBI.

Q. Do you remember how much -- how many days before the Grand Jury you were interviewed by the FBI?
A. No, I don't.

Q. Was it days? weeks? months?

A. I have no idea.

Q. Do you recall who interviewed you from the FBI?

A. Two females, but I don't recall their names.

Q. What did you say to those FBI agents?

A. I don't recall.

Q. Do you remember what you were asked?

A. I don't, other than the events of the evening of the Laquan McDonald shooting.

Q. So they asked you to relate your perception of the events of that evening?

A. No. The subject matter was of the Laquan McDonald shooting. I don't recall if they asked me the events of that night. The questions that they asked resolved around that evening.

Q. Did you have any communications with Officer Mondragon before your Grand Jury testimony?

A. Regarding the Grand Jury testimony?

Q. Yes. Correct.

A. Other than what day I was going, what time, you know, no.
Q. You didn't have any conversations with Officer Mondragon about what you were going to say in the Grand Jury?
A. No.

Q. So nothing substantive?
A. Correct.

Q. No phone calls?
A. To?

Q. To Officer Mondragon?
A. Officer Mondragon? No, not that I can recall.

Q. No --
A. Right. Not -- I mean, not that I can recall, and, again, not regarding any substance.

Q. Did you have any communications with Officer Van Dyke before your Grand Jury testimony?
A. No.

MS. RUSSELL: Can we just clarify? You know, in preparation for the Grand Jury, between the shooting -- between the shooting and the Grand Jury or --

MS. ANSARI: In preparation for the Grand Jury.

MS. RUSSELL: Okay.
BY THE INTERVIEWEE:

A. No, I did not.

MS. RUSSELL: The answer may be the same, frankly, but I just want to make sure it's --

MS. ANSARI: But you're right. It is temporal.

BY MS. ANSARI:

Q. It is before the Grand Jury in preparation for the Grand Jury.

Did you make any attempt to ensure that the statement you were going to provide to the Grand Jury was consistent with the statements provided by other officers who were present at the McDonald shooting?

A. No.

MS. ANSARI: Kris, do you have any questions regarding Grand Jury?

MR. BROWN: I do have a couple quick follow-up questions.

THE INTERVIEWEE: Sure.

EXAMINATION

BY MR. BROWN:

Q. Did the interview with the FBI occur prior to your testimony at the Federal Grand Jury?

A. Yes.
Q. Do you recall when that interview with the FBI occurred?
   A. No.
   Q. Same season?
   A. I don't recall. Again, it was in 2015. I have no recollection of the date.
   Q. Was it shortly before the Grand Jury?
   A. I don't remember.
   Q. Do you recall where the interview with the FBI occurred?
   A. I don't know for sure. I think it was at 26th and Cal, but I can't be 100 percent on that.
   Q. Who was in attendance besides yourself and the two FBI agents you mentioned for that interview?
   A. The two FBI agents, and then someone came in at the end. I don't know who it was. Another female.
   Q. Was that female another FBI agent?
   A. I have no idea. No idea.
   Q. Was there a Cook County State's Attorney's representative there?
   A. I don't know. I don't know.
Q. Do you know if a U.S. Attorney's Office representative was there?

A. I don't know.

Q. Did you prepare in any way for that interview with the FBI?

A. No.

Q. Were you represented at the time?

A. Yes.

Q. Who were you represented by?

A. Colleen Daley.

Q. Okay. Had you seen the documents that I guess were tendered to you by our office via IAD in February? Had you seen those documents prior to your interview that you had?

A. Prior to my interview with the FBI? The only document that I had prior to the interviews or anything was my IPRA statement that I was given the CD of that evening. I had nothing else.

Q. Okay. Did you review the IPRA statement in preparation for the interview with the FBI?

A. I don't remember.

Q. Were you asked questions about the IPRA statement during your interview with the FBI?

A. I don't remember.
Q. Okay. Moving on to the Grand Jury testimony, were you also represented by Colleen Daley before giving that testimony?

A. Yes.

Q. Okay. Similar questions: Did you prepare prior to giving your testimony at the Grand Jury?

THE INTERVIEWEE: And can I ask you -- can I take one more break.

MR. BROWN: Sure.

The time is now 10:51, and we are off the record.

(Whereupon, a break was taken from 10:51 to 10:53 a.m.)

MR. BROWN: The time is now 10:53. We are going to go back on the record.

THE INTERVIEWEE: I would like to clarify something. I was asked by Sarah -- I don't know how to pronounce your last name, sorry.

MS. ANSARI: That's fine.

THE INTERVIEWEE: If I remembered if my Grand Jury testimony was prior to November of 2015, to which I stated no; however, I can relate that I know that my Grand Jury testimony was prior to Officer
Jason Van Dyke being charged with first-degree murder. I do believe after thought that that might have been in November.

So I do want to clarify that my Grand Jury testimony was before he was charged with murder. So it was before, I believe, whatever the date -- I think it was in November for Officer Van Dyke.

MS. ANSARI: Okay.

THE INTERVIEWEE: Okay.

BY MR. BROWN:

Q. And how were you notified to, I guess, attend the Grand Jury?

A. I don't recall.

Q. Do you know if the notification was made to you, or could it possibly have been made to your attorney?

A. I don't remember.

Q. Is it possible that you might have been notified during roll call on one particular evening?

A. It's possible.

Q. Do you recall any of your co-workers receiving notifications to attend the Grand Jury
during roll call?

    A. When they give a notification in roll
    call, they don't specify what it's for. They just
    say you have a notification to go -- you know, to
    report to 26th. They don't always specify what
    it's for. So even if they did get a notification,
    I may not have known what it was for.

    Q. On that same line, did you speak with any
    of your co-workers about receiving notifications to
    give testimony before the Grand Jury?

    A. Yes.

    Q. Do you recall who you might have spoken
    with?

    A. I know that Janet told me that the FBI
    showed up at her house to present her with her
    notification. So that's the only one I know of
    other than -- I mean, I remember people saying they
    were getting notified, but the specifics I have no
    idea.

    Q. Is it safe to say that you were not
    notified via a visit from the FBI to your house?

    A. I was not notified in that manner.

    Q. I would think that would stick out.

    MS. ANSARI: You would have remembered that?
THE INTERVIEWEE: Yeah. My kids would have.

BY MR. BROWN:

Q. Prior to giving your testimony before the Grand Jury, do you recall signing any documents before giving that testimony?

A. I do not recall signing any documents.

Q. I know you mentioned that prior to your FBI interview, you had a chance to review the IPRA statement?

A. Well, I had my IPRA statement on CD, but I don't recall, like, reviewing it, whether I did or not.

Q. Okay. That was going to be my next question.

Did you have an opportunity to review your IPRA statement prior to the Grand Jury testimony?

A. I don't remember.

Q. Do you recall reviewing any other documents prior to the Grand Jury testimony?

A. No, I don't.

Q. Do you recall being asked questions about your IPRA statement during the Grand Jury testimony?
A. I don't recall.

Q. Would it be easier for you to just give us a narrative as to what was talked about during the Grand Jury testimony?

A. No, because I don't remember. If I had the transcripts, I would be able to go through it, but I don't. I don't remember.

MS. RUSSELL: Can we take a minute?

MR. BROWN: Sure. The time is now 10:57, and we are going to go off the record.

(Whereupon, a break was taken from 10:57 to 10:58.)

MR. BROWN: Time is now 10:58, and we are back on the record.

MS. RUSSELL: Do you mind reading back that last question. Thank you.

(Whereupon, the record was read by the reporter as requested.)

THE INTERVIEWEE: Okay. So I cannot provide a narrative of what was asked of me during the Grand Jury testimony, only that it related to the shooting of Laquan McDonald and the evening, the events of that evening.
BY MR. BROWN:

Q. Okay. Were you asked did you observe the shooting?

A. I don't remember specifically what the questions were. So I don't want to say that because I don't remember specifically what the questions were.

Q. Okay. Were you shown any videos during your testimony?

A. I was shown the dashboard cam of 813 Robert. I do remember that.

Q. Was that your first time seeing the video, that day?

A. Other than the night of the -- other than that night, yes. The night of the shooting.

Q. What questions were you asked about the video?

A. I don't remember.

Q. Were you asked if the shooting of McDonald was justified?

A. I don't remember. I don't remember any of the questions revolving it -- I remember, or that were involved. I do remember viewing the video.
Q. Is it safe to say that whatever question I ask, you are going to respond you are not going to be able to remember?
A. Correct.

Q. That's fine. Okay.
A. Like said, if I had the Grand Jury testimony, I would be happy to go through it, but I don't recall without -- I have no independent recollection of it.

MR. BROWN: Okay. That was the last of my questions, Sarah.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. I think the only thing that I am curious about is after you reviewed the video in the Grand Jury, did you modify any of the statements you had made before, such as, like, your IPRA statement or your statements to Detective March?
A. I don't recall.

Q. Okay. We are going to move on to the night of the shooting, October 20, 2014.
A. Okay.

Q. You were present when Laquan McDonald was shot that night?
Q. Would you walk us through what happened immediately following the shooting, just provide a narrative.

A. Of what I did immediately following the shooting?

Q. Yes. That's correct.

A. Immediately following shooting, when I exited my vehicle, my partner -- my partner alerted me to look. There was traffic coming from over the hill. I don't know if you're familiar with the area, but it goes over I-55, and there were citizens' vehicles coming southbound. So we immediately started directing traffic as those vehicles were coming towards.

Q. Okay.

A. Yeah.

Q. On your own initiative, you started directing traffic, correct?

A. Yes.

Q. So there was no sergeant on the scene?

A. If there was, I have no idea if there was a sergeant on the scene at that time.

Q. Were there any other officers in addition
to you and your partner, Officer Mondragon, also
directing traffic?

A. Not specifically where we were standing.
Not that I noticed. If they were anywhere else, I
have no idea.

Q. And so where were you directing -- if you
could repeat again where you were directing
traffic.

A. There is -- so we were at approximately
the vehicle -- we were in the southbound lanes, so
the traffic would be coming from over the bridge
southbound, and where our car was just behind it.
I can't give you an exact address of where our car
ended up.

Q. Okay. Did you direct any civilians away
from the scene who were there when the shooting
occurred?

A. No, not that I recall.

Q. Are you aware of any other officers
directing civilians away from the scene
who -- civilians who were present when the shooting
occurred, away from the scene?

A. No.

Q. And anyone that you directed to leave the
scene, the cars that had come up after the
shooting, were the people that --

A. The traffic, yes.

Q. -- you directed? Okay.

MS. RUSSELL: I want to make sure I clarify
that. You know, immediately after the shooting is
when Officer Sebastian and Mondragon went to
traffic.

MS. ANSARI: Yes. Immediately after.

THE INTERVIEWEE: Correct.

BY MS. ANSARI:

Q. So that was what we were getting at
was --

A. Yes.

Q. -- what you stated.

When did you stop directing the traffic?

A. I don't remember. When more resources
showed up, but I couldn't give you a timeline.

Q. Would it be an hour, less than an hour,
less than 30 minutes? Could you give an
approximation?

A. I would say less than an hour, but other
than that, I can't specify.

Q. So within an hour after the shooting
occurred, you were directing traffic. After you stopped directing traffic, when other resources came in, then what did you do?

A. Just stood by our car.

Q. You were with your partner, Officer Mondragon?

A. Yes.

Q. You stood outside of your car or waited inside your car?

A. In and out. In and out of the car. Let me clarify that she wasn't right next to me the whole time.

Q. Right.

A. However, we were in and out of the car.

Q. Officer Mondragon and you were in the same area but not necessarily with each other?

A. Correct.

Q. Following the shooting, in the immediate after -- while you were directing traffic after the shooting, did you talk to any other officers at the scene?

A. While we were directing traffic, no.

Q. Besides your partner, Officer Mondragon, who was the first person you talked to after the
shooting?

A. I don't recall.

Q. Did you talk to any of the other officers that were present at the shooting after the -- directly after the shooting at the scene?

MS. RUSSELL: After they were done directing traffic?

MS. ANSARI: Yeah.

THE INTERVIEWEE: Okay.

BY MS. ANSARI:

Q. And we're going to say, just to clarify, until I say otherwise, we are talking about at the scene, you know, at 41st and Pulaski, not after that.

A. Okay.

Q. So we will stay kind of in that time period.

A. Okay. I did have a brief conversation with Officer Walsh.

Q. And what did you guys talk about?

A. He told me to notify another officer that was either calling or trying to contact Officer Van Dyke. Joe asked if I could get ahold of him and tell him to leave it alone, knock it
Who was the officer that Walsh want you to notify?

A. Geisbush. I don't know how to spell it.

And what do you mean he told -- can you explain that?

He just said -- Joe just told me very basically, from what I can recall, "Call Geisbush and tell him to quit bothering Jason, quit calling him."

Again, not exact, not verbatim, but it was basically like, hey, tell him to leave him alone, you know.

Was Geisbush trying to call Van Dyke?

I don't know if he was calling to -- I don't know in what form, but he said just call him and tell him to leave him, you know, to stop. So I'm assuming -- I don't know. I don't want to assume. Somehow he was trying to contact Van Dyke, and he said tell him to leave him alone.

Okay. And Walsh didn't give you any information about what Geisbush was trying to --

No.

-- tell Van Dyke?
1  Q.  Okay.  About how long after the shooting
2  was this interaction with Walsh?
3  A.  I have no idea.
4  Q.  Was it after you started -- after you
5  were done directing traffic?
6  A.  Yes.
7  Q.  Did you speak with Officer Van Dyke after
8  the shooting at the scene?
9  A.  No.
10  Q.  Was that the only interaction you had
11  with Officer Walsh at the scene?
12  A.  Yes.
13  Q.  Did you speak with Officer Dora Fontaine
14  at the scene?
15  A.  No.
16  Q.  So back to Walsh, you stated that you
17  only had one interaction with him at the scene, and
18  that's when he asked you to get ahold of Officer
19  Geisbush and tell him to stop bothering Jason
20  Van Dyke?
21  A.  Yes.
22  Q.  Correct?
23  A.  Correct.
24  Q.  Okay.  What is your relationship with
Officer Walsh?

A. Co-worker.

Q. Co-workers?

A. Yes.

Q. How long have you worked together, approximately?

A. I have no idea. I don't know what -- he came to midnights a few years ago, but I don't know how many years it's been.

Q. Do you ever socialize outside of work with Officer Walsh?

A. No.

Q. What is your relationship with Officer Van Dyke prior to October 20, 2014?

A. Co-worker.

Q. Co-worker?

Were you ever interviewed in the context of other complaints made against him?

A. No.

Q. Okay. Have you ever worked him -- or how long have you worked with Officer Van Dyke?

A. Again, I don't know how long he's been a -- as long as he has been on the watch.

Q. How often do you see him at work?
A. Just in passing. I've never worked in the same vehicle with him before.

Q. Okay.

A. I've never been partners with him.

Q. Have you ever been partners with Officer Walsh?

A. Occasionally.

Q. Occasionally?

A. Uh-huh.

Q. Can you estimate about how often?

A. No. When my other two partners are on furlough, they will just put whoever's available, you know.

Q. And you never socialize with Officer Van Dyke outside of work?

A. He was at one Christmas party a couple years ago.

Q. Okay.

A. That's the only time I've ever been in a social setting with him.

Q. And that's the same with Walsh?

A. Walsh doesn't --

Q. Have you ever socialized with Walsh outside of work?
A. No. He doesn't go to any of that stuff, or not that I've seen. I don't go that often, so --

Q. Okay. Your partner, Officer Mondragon, how long have you two been partners?

A. Several years, but I can't remember exactly when we became partners.

Q. Do you ever socialize with her outside of work?

A. Occasionally.

Q. Can you estimate how often?

A. Once a month.

Q. Once a month?

A. And it's usually just to see her daughter.

Q. She has a new daughter or --

A. She has a two-year-old. She'll be three in a couple days.

Q. And she was your regular partner?

A. She's one of my regular partners. We have a third partner.

Q. Who is the third partner?

A. Right now, it's Tony Wilson.

Q. Okay.
A. We're on a three-man rotation.

Q. So how does that work? How often do you end up working with Officer Mondragon?

A. I do two three days and Officer Mondragon and two days with Wilson. I'm sorry.

Q. No, that's right. That's exactly what I was getting at. Okay.

What is your relationship with Officer Dora Fontaine as of October 20, 2014?

A. Co-worker.

Q. Co-worker? Do you ever socialize with Officer Fontaine?

A. Before that date, no.

Q. After that date?

A. After that date, one -- her family has a lake house. It is in close proximity to my daughter's college. So we stopped there for the day with my younger daughter's step-daughters, the day before I went to see my daughter.

Q. But prior to October 20, 2014, you did not socialize with Officer Fontaine outside of work?

A. No.

Q. How long have you known her?
A. Since the day I came to the 8th district on midnights. When I started midnights, she was there.

Q. Okay. And when was that?
A. Oh, that would be 2/8 after my academy and all of the PPO stuff. Sometime in 2004.

Q. Did you ever work with Officer Fontaine prior to October 20, 2014 or work with her on the same -- was she ever your partner?
A. Yes.

Q. What is your relationship with Officer Ricardo Viramontes as after October 20, 2014?
A. Co-worker.

Q. Co-worker. Did you ever socialize with him outside of work?
A. No.

Q. Did you ever work together prior to October 20, 2014?
A. Couple times, yeah.

Q. Same question regarding Officer Thomas Gaffney: What was your relationship with him as of October 20, 2014?
A. Co-worker.

Q. Did you ever socialize with him outside
of work?

A.  No.

Q.  Did you two ever work together?

A.  I don't remember.

Q.  What was your relationship with Officer Joseph McElligott as of October 20, 2014?

A.  Co-worker.

Q.  Did you ever socialize with him outside of work?

A.  No.

Q.  Did you two ever work together?

A.  We have worked together also.

Q.  About how often?

A.  Again, when my partners are on furlough or his partners are on furlough. So I can't even give you a number.

Q.  What was your relationship with Officer Arturo Becerras (phonetic) as of the October 20, 2014?

A.  I don't even know him.

Q.  So it's fair to say you do not socialize with him outside of work?

A.  I do not socialize with him outside of work.
Q. What was your relationship with Officer Leticia Velez as of October of 20, 2014?

A. I do not -- I don't know her either.

Q. You don't know her either.

A. No.

Q. Okay.

A. If she was standing in front of me, I -- because they work afternoons.

Q. Right. They are a different watch, correct?

A. Correct. Yes.

Q. Okay. But Walsh, Van Dyke, Viramontes, Fontaine, Gaffney, and McElligott, all on your watch?

A. Correct.

Q. So you have a familiarity with all of those officers, correct?

A. Correct.

Q. Okay. That was a little bit of a tangent. We're going to go back.

So back to the night of the shooting, you spoke with Officer Walsh once. Were there any other officers that you spoke to at the scene of the shooting besides your partner, Officer
Mondragon, which we will get to?

A. I don't remember talking to anybody specifically. I know that the tech person that comes in gets the information off the camera was there.

Q. Okay.

A. I know -- I did speak with Sergeant Franco.

Q. Okay.

A. And a detective.

Q. So we will take each of those kind of separately. But in terms of police officers, did you speak with any other POs?

A. I don't remember if I did or not.

Q. Now, for your partner, for Officer Mondragon, did you speak with her after the shooting?

A. Yes.

Q. What did you guys talk about -- what did you two talk about?

A. Directing traffic, you know, that we should stay close to the car knowing that our camera was on, and that's about it.
Q. Did you discuss what you had seen?
A. We didn't discuss what we saw, no.

Q. Okay.
A. Just that, you know, like, "Oh, my gosh, you know, just" --

Q. So when you say just, "Oh, my gosh," what do you mean?
A. Well, just that, I mean, it's a big incident.

Q. Have you ever witnessed an officer-involved shooting before this?
A. No.

Q. Have you ever witnessed a shooting before this?
A. No.

Q. Okay. So this is the first time anyone has been shot --
A. In front of me.

Q. In front of you?
A. Yes.

Q. Okay. So it was a stressful, a stressful or traumatic situation?
A. I wouldn't say stressful or traumatic, but it's, you know, it's --
Q. Something that sticks in your memory?
A. Right.
Q. And so you were just talking about that with Officer Mondragon, correct?

MS. RUSSELL: I think she said they were like, "Oh, my gosh." Like, that's what they discussed.

BY THE INTERVIEWEE:
A. Just that's it, just, "Oh, my gosh." You know?

BY MS. ANSARI:
Q. You said you spoke with Sergeant Franco at the scene, correct?
A. Correct.
Q. About how long after the shooting did you speak with Officer Franco?
A. I don't recall.
Q. Was it more than an hour after the shooting, less than an hour, while you were directing traffic?
A. I have no idea.
Q. Was it after you were done directing traffic? Do you remember that?
A. I don't even remember that.
Q. What did you talk about with Officer
Franco?

MS. RUSSELL: Sergeant.

BY MS. ANSARI:

Q. Sergeant Franco?

A. Yeah, I don't remember specifically what we talked about.

Q. But he didn't ask you to direct traffic, correct?

A. Correct.

Q. Did he direct you to do any other activities at the scene?

A. No activities at the scene, no.

Q. Did he tell you to stay put so you could be interviewed by a detective?

A. I don't remember specifically.

Q. Okay.

A. I mean, it was along those lines, but I don't want to get -- you know, it was just, you know, stay put, you know, but I don't remember specifically what he said.

Q. Right. Right. And it's okay, too, if you remember the general gifts of it. You can say that.

A. Okay.
Q. That's fine. We are never going to expect anyone to remember the exact words used in a conversation that long ago.
A. Okay. Generally, "Are you guys okay? Do you need anything?" You know, just those type of supervisor -- I mean, just, you know, "Do you need anything, are you okay," meaning in regards to -- well, I don't know in regards to, just the "are you okay?"
Q. Did you discuss what you saw of the shooting with Officer -- with Sergeant Franco?
A. No.
Q. Now, you said a technician came to your car, correct?
A. Correct.
Q. Do you remember that person's name?
A. I don't.
Q. Does Officer Lance Becvar or Detective Lance -- Lance Becvar sound familiar?
A. No. No. I mean I have no idea what his name was. I mean, he did tell us that night, but I don't recall what it was.
Q. What it was. Okay.
A. Do you remember if it was a sergeant?
A. I don't.

Q. About how long after the shooting did the technician come to your car?

A. I don't remember.

Q. Was it after you were done directing traffic?

A. It was after I was done directing traffic, yes.

Q. So maybe less than two hours?

A. I have no idea at that point.

Q. Just as a general, how long were you at the scene after the shooting?

A. I don't remember that.

Q. So the technician comes to your car. Was Officer Mondragon there at the time also?

A. I don't remember.

Q. And what did he say?

A. He just identified himself and that he was the technician that would handle the camera, the --

Q. Okay. And did he play the camera -- I guess, how does that work, him coming to get the video off of your car?

A. I have no idea.
Q. Okay.

A. I don't --

Q. So you weren't there watching him and --

A. I was there and I was present, but I don't know what he was doing.

Q. Did he play the video for you?

A. I can't remember.

Q. Did he confirm that -- did you already know before he had gotten there that you had captured video of the event, that your car had captured video of the event?

A. Well, I didn't really know for sure. I mean, I knew the camera was on. I knew the camera was supposed to be taping, but these cameras are very -- you know, sometimes you think that it's on and you think that it's working, and you go back and it doesn't capture anything.

So we did what we were supposed to, to log onto it, but the signal was on that it was recording, but at that point, we didn't know if it was stored, if it was really recording or not.

Q. Okay. And just to reiterate, did the technician confirm with you that you had captured video at that moment?
A. I don't know that he confirmed it with us.

Q. And you don't recall whether he showed you video?

A. I don't.

Q. And did you have any conversations with him regarding what you had seen of the shooting?

A. No.

Q. Did you have any other -- any conversations with him, besides --

A. No.

Q. -- "Hey, I want to come get the video off the car"?

A. Right. "Hey, this is so-and-so, so-and-so with" -- whatever they call that unit, no.

Q. Okay. Did you speak with the technician after you had spoken with Sergeant Franco?

A. I don't remember.

Q. Did you speak with him before or after you had spoken with the detective?

A. I don't remember.

Q. So you said you spoke to a detective. That was Detective March, correct?
A. I spoke to a detective. He identified himself that night. I don't remember whether it was Detective March or not.

Q. After the fact, that night you weren't sure if it was Detective March, correct?

A. Correct.

Q. Okay. After the fact --

A. I mean, he did identify himself, but I don't remember.

Q. Okay. And after the fact, reviewing the documents that we have provided you, are you confident that Detective March was the detective who you had spoken to?

A. Well, I'm not confident because I don't know. It's documented that way.

Q. Okay.

A. I have no independent recollection that it was Detective March, but I have no reason to doubt it because of the documents that you have provided to me.

Q. Okay. Great. So have you ever worked with Detective March before this night?

A. Not that I recall.

Q. Did you know him before?
A. No.

Q. Okay.

A. Personally, no. Do you pass people in the hallway or -- hey, I pass a lot of people in the hallway that I say hello to. I have no idea what they are, especially the detectives, because they have no identifiers on.

Q. Okay. Got it.

How long after the shooting did you speak to Detective March?

A. I don't recall.

Q. But it was after you were done directing traffic?

A. Correct.

Q. Had you and Officer Mondragon been waiting in or around your car for a while before you spoke to Detective March?

A. I have no idea.

Q. Where did that conversation occur with him?

A. On scene right around our car.

Q. Were you outside of your car or inside of the car?

A. Outside of the car.
Q. Outside of the car?
   Was anyone else present while you were talking to Detective March?
A. I don't remember.
Q. Was Officer Mondragon present when you talked to Detective March?
A. I don't remember.
Q. And you don't remember if you talked -- did he talk to you two at the same time?
A. I don't remember.
Q. Did you talk to anyone else besides Sergeant Franco and Detective March? Did you talk to anyone else with some kind of supervisory authority at the scene?
A. I don't remember.
Q. And Officer David McNaughton -- not Officer; Lieutenant. Commander?
A. Commander? Now he's a chief. I don't even remember what his status on that day was. I saw him there, but I don't think I spoke to him.
Q. You didn't speak with him.
So just to reiterate from what we talked about, you spoke with Officer Walsh at the scene?
A. Yes.
Q. Your partner, Officer Janet Mondragon, Sergeant Franco, the technician, and Detective March?

A. Correct.

MS. RUSSELL: And I think she said she spoke with Dora Fontaine.

THE INTERVIEWEE: No, I did not speak with Dora. I didn’t even know Dora Fontaine was on scene until we were at the area. I was like, "Hey, what are you doing here?"

MS. RUSSELL: I stand corrected.

MS. ANSARI: Got it. Okay.

BY MR. ANSARI:

Q. Was there anyone else that you spoke with at the scene that you recall?

A. Let me put it this way. If I said anything to anyone, it was, "Hey. Hey. Hey." That was it.

Q. No substance conversations or anything else?

A. No substance regarding the Laquan McDonald shooting.

Q. Okay. But nothing would have prevented you to talk about -- no one would have prevented
you to talk about the shooting with the other police officers at the scene, correct?

A. Nothing would have prevented me from talking?

Q. Scratch that question. It's a bad question.

A. Okay. Okay.

Q. Just to reiterate, did you see Detective March talk to Officer Mondragon at the scene?

A. I don't remember.

Q. So you know you spoke with him, but you're not sure if your partner spoke with him?

A. Correct.

Q. At the scene of the shooting, did you speak to any FOP representatives?

A. No.

Q. And you already stated this, but you didn't see any video at the scene of the shooting?

A. No.

Q. And you can't see the video as it's recording, right?

A. Well, it's in --

Q. In your car, it has --

A. Yeah, it's a live picture of what's
happening.

Q. Okay.

A. Right.

Q. So there's a live picture. I guess, do you know if there's a live picture kind of screen in your car as it's recording, correct? You said --

A. Correct.

Q. Okay. But after that, you didn't see it played back at the scene?

A. No.

MS. RUSSELL: Is it all right if we take just a quick break?

MR. BROWN: The time is now 11:29, and we are going to go off the record.

(Whereupon, a break was taken from 11:29 to 11:46 a.m.)

MR. BROWN: The time is now 11:46, and we are going to go back on the record.

MS. ANSARI: So when we last left off, we were talking about your interactions and what happened at the scene of the shooting after the shooting. And Investigator Kris Brown has a couple follow-up
questions about the scene.

THE INTERVIEWEE: Okay.

MR. BROWN: I do.

FURTHER EXAMINATION

BY MR. BROWN:

Q. First question is in regards to the directing traffic. You noted that you kind of took it upon yourself to direct the traffic. Is that a normal course of action for you and your partner?

A. If we deem it necessary, yes, i.e., car accident, sometimes you've got to jump out and just do it until you get other assist units that are there to help you. Yes. Right. Well, and, obviously, the reason we deemed that it was important do is because we saw cars coming off the crest of the hill that, you know, because it's a hill, they can't see until they brake, and by that time they're already on a downward -- that there is activity at all. So does that make sense?

Q. No. I do understand that. I'm familiar with the scene, so yeah, I know coming off --

A. Yes. You know how they're coming off that bridge.

Q. Off 55 and right --
A. And let me tell you, if they're --

Q. Yeah. Give them some momentum?

A. Yeah. If they're coming from the southbound side, it's even faster.

Q. Do you recall ever being requested over the radio to officially provide traffic support?

A. No.

Q. Do you recall hearing over the radio if anyone else was asked to provide traffic support?

A. I don't recall.

Q. Would a request to provide traffic support, would that typically come on the radio, or would it typically be like a verbal request from a sergeant or someone else?

A. It could be either way. It could be either way.

Q. It's no proportion goes one way or the other?

A. No. Not that I know of anyway. And I couldn't come up with any statistics to say one way or the other.

Q. Sure. You mentioned Geisbush. I wanted to ask you, who is Geisbush?

A. James Geisbush. He used to work
midnights. He's on days now, I believe. The last I heard he was working days in 8. I don't really know him other than at work.

Q. Is he a supervisor?
A. No. He's an officer.

Q. He's a police officer?
A. Correct.

Q. You mentioned he used to work your shift in 8?
A. Correct.

Q. How long did he work -- I guess is it correct to call it midnights?
A. Midnights, first watch.

Q. First watch.
A. Either way. I have no idea how long he worked. I'm not sure how long he was on midnights.

Q. Okay. Were you ever his partner during his tenure on first watch?
A. Not that I can recall.

Q. Had he worked with -- I'm sorry. I'll clean it up.

Do you know if he was a partner of anyone else we have talked about, the main proponents of that night, be it Van Dyke, Walsh, Mondragon,
Fontaine, Viramontes?

A. I don't know.

Q. How well did you know him prior to the events that occurred on October 20th?

A. Officer Geisbush?

Q. Yes.

A. I don't really know him that well at all other than just a co-worker.

Q. Just a co-worker. Okay. You wouldn't call him a friend?

A. No.

Q. Did you ever interact with him outside of work?

A. No.

Q. Do you know how Geisbush learned about the events of that evening?

A. No. I assume the radio, but I don't know.

Q. So as far as you know, he wasn't working midnights that night, correct?

A. I don't remember.

Q. Oh. So it's --

A. I don't mean if he was working that night or not.
Q. So it's possible he might have been someplace else within the 8th district, heard over the radio what happened, and called in?

A. Yeah. Honestly, I have no idea how he learned of the events. When I say the radio, I guess I just assumed he was working, but now that I think about it, I really have no idea whether he was working or not that night. I don't remember seeing him. I don't know.

Q. If a police officer isn't working at the time, is it, I guess, within regulation to listen to the radio and, I guess --

A. Some people do; some people don't. It's not a regulation.

Q. It's not against the rules to do so?

A. No.

Q. Okay. You noted you took it upon yourselves to help with traffic after the shooting occurred. I wanted to ask, were you ordered to complete any reports that evening?

A. Not that I recall, no.

Q. Were you ordered to do anything that night?

MS. ANSARI: At the scene?
MR. BROWN: I'm sorry.

BY MR. BROWN:

Q. At the scene.
A. At the scene? No, not that I recall.

Q. Okay. You explained to us that, I believe you said, Tony Wilson was the other rotational partner?
A. Correct.

Q. Do you have any recollection of him being involved at the scene or even working that evening?
A. No. Well, if he was working that night, it wasn't on midnights at 8. I mean, obviously, we have overtime initiatives: CTA, CHA, VRI. Whether he was working one of those, I don't know, but he was not working midnight, first watch, in the 8th district that evening.

Q. Well --
A. To clarify, I don't remember being ordered -- I thought you said paperwork, but I don't recall being ordered to do anything. At some point, we were directed by someone, I don't remember who, supervisor, to go to the area, area central.

Q. And that's --
A. And we'll --

Q. Once I finish with my kind of follow-up, we're going to transition to that.

A. That's fine. Okay. I just wanted to clarify that.

Q. No, I appreciate that.

A. Okay.

Q. Thank you. I know you mentioned you didn't know who the tech person was that came and spoke to you on the scene. I want to just ask you, could you describe that person?

A. No.

Q. Was that person very tall?

A. I don't remember.

Q. Okay.

A. Everybody's taller than me. I'm 5'2".

Q. I only ask you that because the person we might suspect was there, he's a very large man, maybe 6'6", 6'7". So I thought like, oh, maybe that would stick out as the guy.

A. I don't remember. I mean, I remember that it was a male, but I don't -- and he did, like I previously stated, identify himself that night, who he was and what he was there to do; I just
don't recall who he said he was.

Q. Was he a Caucasian male?
A. I can't say for sure.

Q. Okay. I'll stop it there.

You spoke a little bit about Sergeant Franco. I wanted to ask you a couple questions about him. Is he your, I guess, supervisor sergeant?

A. He is a sergeant in the 8th district -- well, he was. He doesn't work there anymore. He was a sergeant that night. Whether he was my direct supervisor that night, I'm not sure.

Occasionally, he primarily worked 810 Robert, which would be the 10th sector immediate supervisor; however, when staffing is short, he would be put on the late supervisor.

So he is a sergeant and a supervisor on midnights in 8. Whether he was my direct sergeant that night, I'm unaware. He could have been 20, which would have been 22nd, you know, so he is a sergeant, he is a supervisor on midnights. Does that make sense?

Q. It does.
A. I don't know how much you know about how
it works, but --

Q. Not a lot. We might have questions.

A. Okay.

MS. RUSSELL: More than he ever thought he would know.

BY MR. BROWN:

Q. Is it safe to say that Sergeant Franco will be your direct supervisor depending on what the circumstances for whatever particular night?

A. Yes.

Q. Okay.

A. I mean, depending on what he's assigned that night.

Q. Sure. And you don't recall if Sergeant Franco was your direct supervisor on the night of October 20, 2014?

A. I do not.

Q. I think Sarah asked you a question about speaking with Officer Mondragon about the incident. And I know you replied that you didn't speak with her. I was wondering, was that a conscious decision to not speak about the incident? And when I say "the incident," I mean the shooting of Laquan
McDonald. Did you think to yourself like, "Oh, this is a big incident, I don't want to talk about it," or can you describe to me a little bit what your mindset was?

A. No. I don't remember specifically thinking I'm not going to talk about this. We just didn't talk about it.

Q. It was just like a natural organic thing, you guys just didn't talk about the shooting?

A. I don't know if it's organic. We just didn't.

Q. I'm sorry. And what I meant by organic, like --

A. Or I didn't, you know, speak to her about it.

Q. What I meant by organic, I just meant that you guys -- it wasn't, like, some part of an arrangement ahead of time like, hey, if anything big ever happens, we're not going to talk about it?

A. No.

Q. Okay. It just happened just naturally?

A. Yeah. Right.

Q. Got you. Just for my edification, I keep saying "Mon-dragon." Is it "Mon-dragon" or
"Mantra-gon"?

A. Well, it depends. If you want to pronounce it Janet or "Yanet" because she's Hispanic, so if you want to say "Yanet Mantra-gon," then you say it that way, or you say "Janet Mondragon." She'll respond to either.

Q. What does she prefer?

A. She has no preference, really. I hear her say both.

Q. What do you call her?

A. Janet.

Q. Okay.

A. Janet. Yeah.

Q. Thank you. You mentioned that you spoke with March outside of your vehicle while on the scene.

A. Yes.

Q. Do you recall how long that conversation took?

A. No.

Q. Was it, you know, like an hour, like a long conversation?

A. No. It was quick, but I couldn't -- I don't remember how long exactly.
Q. Do you recall if Detective March or who we believe to be Detective March had any notes when he was speaking with you?
   A. I don't remember.
   Q. And I guess I should say do you recall him having like a note pad and taking notes based on what you were saying to him?
   A. He had a note pad, and he was writing, but I don't know what the context of his writing was, if that makes sense.
   Q. It does.
   A. I didn't look at what he was writing.
   Q. Sure. I understand that.
   A. Okay.
   Q. But it sounds like he was writing notes in response to whatever you were telling him?
   A. I could guess that that's what he was doing, but I did not see them, so I don't know for sure.
   Q. Can you detail us that conversation, like what he asked, what did you respond to? Like, what happened during that conversation with Detective March?
   A. He asked me regarding the events of the
shooting. However, I don't remember the questions that he asked me specifically.

Q. Did he ask you if you saw the shooting?

A. Yeah.

Q. And how did you respond?

A. He asked me if I saw the shooting, and I responded yes.

Q. Okay. And what did he ask next?

A. I don't remember. I don't remember what questions he asked after that. I know it was regarding the shooting. I don't remember the specific questions.

Q. Did he show you any video while having that conversation outside your car?

A. No.

Q. No. And I know it would be hard to recall specific questions at this point. Would it be easier for you to just give us a narrative about what you and March talked about outside of the car?

A. No, because I don't remember what the narrative was.

Q. You just know he was asking you about --

MS. RUSSELL: Let's take a quick break.

MR. BROWN: Sure. The time is now 11:59, and
we are going to go off the record.

(Whereupon, a break was taken from
11:59 to 12:01 p.m.)

MR. BROWN: All right. The time is 12:01, and
we are back on the record.

MS. RUSSELL: Would you mind just reading the
question back?

(Whereupon, the record was read by
the reporter as requested.)

BY THE INTERVIEWEE:

A. Okay. I cannot provide a narrative of
what our conversation included because I don't
remember specific questions or events. It was a
general conversation regarding my witnessing the
shooting of Laquan McDonald. Okay?

BY MR. BROWN:

Q. Okay. That's fair. And last thing on
that conversation, were you already outside the
car, or did March ask you to, I guess, exit your
vehicle?

A. I don't remember.

MR. BROWN: That's all my follow-up questions.
FURTHER EXAMINATION

BY MS. ANSARI:

Q. I have a couple follow-ups to his follow-ups --

A. Follow-ups to follow-ups?

Q. -- about the scene, and then we will move on from there.

A. Okay.

Q. Do you have any indication of why Geisbush would be even trying to kind of "bother" Van Dyke, as you said?

A. No.

Q. Because he is not in any kind of supervisory role.

A. No, he's just an --

Q. Okay.

A. He just -- he -- no. I have no idea why.

Q. Understood. So he's not a supervisor who was trying find out what was happening --

A. Absolutely not.

Q. -- in a kind of official capacity?

A. No.

Q. It appeared he just want to know what was
going on?

A. Yeah, I assume. I have no idea what the context -- I have no idea how or anything involved, so --

Q. Okay. Understood.

Regarding Sergeant Franco, do you know what he was doing at the scene at the time?

A. No.

Q. Was he talking to other officers at the scene?

A. I wasn't paying attention, so I don't know.

Q. Was he collecting evidence?

A. I didn't see him collecting any evidence. There were several supervisors on scene. There were a lot of police officers. I mean, everybody was walking around, so I didn't specifically see him talking to anyone in particular.

Q. Okay. Got it.

Do you recall what other supervisors were on the scene?

A. No, I don't specifically.

Q. But you did say earlier that you saw
Officer David -- or Commander David McNaughton on the scene?

A. Yes.

Q. Your conversation at the scene with Janet, with Officer Mondragon, you said it wasn't -- you guys didn't discuss what you saw, but you did offer reactions to the event, like, "Oh, my gosh, this is what happened"? Did you --

A. Just --

Q. Correct?

A. Yeah, just more like that. "Wow. Okay." You know, just --

Q. But you didn't discuss anything substantive about what you had seen?

A. No.

Q. Okay.

A. No.

Q. When you talked to Detective March at the scene, did you only talk to him once?

A. I recall only speaking to him once, I think. Yeah.

Q. At the scene?

A. Yeah.

Q. Did you see him talk to any other police
officers?
A. I did not. I mean, he may have and I just didn't see it.

Q. So you didn't talk to any other detectives at the scene?
A. Not that I can recall.

Q. So now I am going to move on to the area.
A. Okay.

Q. So what happened after you -- when you left the scene, about how long after the shooting did you -- about how long after the shooting did you leave the scene?
A. I don't remember.

Q. Was --
A. At some point, we were information to go to the area so we could give our IPRA statements.

Q. Okay. Do you remember if it was after midnight?
A. I don't.

Q. Who told you to go to the area?
A. I don't remember specifically who said, "Okay. Go to the area."

Q. Okay. And do you know if it was a supervisor?
A. I don't know for sure. I assume that it was, but I can't be for certain.

Q. And when they told you to go to the area, whoever it was said it was because you needed to give an IPRA statement?

A. Correct.

Q. And whoever this person was said it to you and your partner, Officer Mondragon, correct?

A. Yes.

Q. Do you know if any other officers were told -- at the time, did you know -- did you see any other officers being told to go to the scene?

A. I didn't see anybody else being told. I only saw when I got to the area.

Q. So you get to the area. What happens then?

A. We sit around and wait.

Q. Okay. About how long -- well, so about how long did you wait before your interview?

A. I don't remember. Enough time to have a couple pieces of pizza and something to drink.

MS. RUSSELL: Can we go off the record for a second?

MR. BROWN: Sure. The time is 12:07, and we
are off the record.

(Whereupon, a break was taken from 12:07 to 12:09 p.m.)

MR. BROWN: The sometime now 12:09, and we'll go back on the record.

BY MS. ANSARI:

Q. Okay. So you get to the area. Who else was at the area when you got there?

A. It was me, Janet, Dora, Rick, McElligott, Gaffney are the ones I specifically remember seeing. I think Joe -- oh, yeah, Joe Walsh was there.

Q. Okay.

A. Jason was there, but -- I heard Jason was there, but I never saw him. So --

Q. Okay. Did you see Officer Becerra (phonetic)?

A. I don't remember.

Q. Or Officer Velez?

A. I don't remember. They may have been there, too, but I don't know them, so I don't know.

Q. Okay. So Officer Fontaine, Viramontes, Mondragon, McElligott, Gaffney, and Walsh?

A. Yeah.
Q. Were you with them all in the same room while you were waiting?

A. Well, we were -- they have a couple of side rooms, so we were in and out, because the pizza is in one area and then there's just chairs in the other area, so everybody was just kind of milling around.

Q. Okay. But you were generally in the same vicinity?

A. In the same area, yeah.

Q. But you did not see Officer Van Dyke at all while you were there?

A. I don't remember seeing him at all when I was there.

Q. But you heard he was there?

A. That's what I heard, yeah.

Q. Who did you hear that from?

A. I don't even remember.

Q. What did you guys all talk about while you were waiting for your interviews?

A. Nothing. I mean, a lot of people were sitting around talking about the pizza. Just --

Q. Did you have any conversations about the shooting?

Q. Okay.

MS. RUSSELL: An unknown detective is who showed her the Dunkin' Donuts video. She doesn't know if it was March or who.

THE INTERVIEWEE: I don't know.

BY MS. ANSARI:

Q. So I was actually going to ask you that. Who showed you the Dunkin' Donuts video?

A. I don't recall.

Q. But it was a detective?

A. I --

MS. RUSSELL: Oh. I'm sorry then.

MS. ANSARI: That's okay.

MS. RUSSELL: Let me have her answer.

THE INTERVIEWEE: I don't know for sure. It may have been a detective. It may have been a sergeant. I don't know. I don't remember who showed us it to us.

BY MS. ANSARI:

Q. Was it the same tech person who took the video?

A. It may have been. I'm not sure. That's why I don't want to --

Q. Why did you watch the Dunkin' Donuts
video?
A. Just because they're like, "Oh, there's the Dunkin' Donuts video."

Q. Did anyone else watch it?
A. I don't remember.
Q. Okay. You don't remember if your partner Janet Mondragon watched it?
A. No, I don't remember.
Q. So before you gave your IPRA statement, who else did you speak with at the area?
A. Regarding the shooting or just, I mean --
Q. Well, regarding anything?
A. Okay.
Q. That you can recall.
A. Okay. I mean, other than general conversation, like, "Is this pizza good? Can you hand me that pop?"
Q. Right.
A. "What time do you think we're going to get out of here?" Stuff like that, I -- that just general conversation is all I had prior to talking to the IPRA investigator.
Q. So you had no conversations at the area
before talking to IPRA regarding the shooting?

A. Correct.

Q. I'm going to reiterate this question, but for the Dunkin' Donuts video, how did that even come about watching it, or how did you come about watching it?

A. Well, I wasn't summoned to come watch it. It was just on a computer screen, and I was like, "Huh," you know, type of thing.

Q. So it was on someone else's computer?

A. I'm not even sure that I saw the whole Dunkin' Donuts video.

Q. Was it on a laptop or a desktop?

A. I'm not sure.

Q. Was it in the -- my understanding -- where were you when you went to area central? What was the --

A. On the second floor where all the detectives are at.

Q. Okay.

A. Yeah.

Q. So there's a bunch of detectives' desks in the middle, correct?

A. Correct.
Q.  Was it at one of those desks that the video -- someone was playing the video?
A.  Yes.

Q.  And you just happened to be in the area when the video was playing?
A.  Yes.

Q.  And you watched it?
A.  Yes.

Q.  Did you talk to any FOP representatives at the area?
A.  Yeah. There was an FOP rep there.

Q.  Do you remember that person's name?
A.  Kris Kato.

Q.  Kris Kato? About how long had you been waiting at the area -- did you talk to Kris Kato before you did the IPRA interview?
A.  Yes, while we were standing around having pizza.

Q.  Do you remember about how long you had been at the area before Kris Kato arrived?
A.  No.

Q.  Do you remember if Kris Kato was at the scene before the shooting?
A.  No, I don't remember.
Q. And you didn't talk to -- is this a man or a woman, Kris Kato?
A. It's a man.
Q. It's a man. Okay. Did you talk to him -- I'm sorry. Did you see him talk to any officers at the scene of the shooting?
A. No.
Q. And you don't even know if he was there?
A. I don't even know if he was there.
Q. Okay. So Kris, when he first arrived at the area, when you first saw him at the area, what was he doing?
A. Standing by the pizzas.
Q. Okay. Did he talk to you individually or to all of the -- to Fontaine, Viramontes, Mondragon, McElligott, Gaffney, and Walsh all together?
A. Well, like I said, we were in and out of the rooms, and I think it was just -- I don't remember who was there when he -- you know, just when he spoke when I heard it, when we were talking, I don't remember who was in the room, but it was as a group. It was not me as an individual.
Q. So he didn't talk to you by yourself?
A. No.

Q. What did he say?

A. It was just, you know, "Everybody hang in there. You'll get through your IPRA statements. You'll be going home soon. Have some pizza. Is there anything else I can get you? Is there anything else you need?"

Q. Okay. Oh, did he actually bring the pizza in the room?

A. Well, I don't know if he brought it or if he had somebody bring it, but he is the FOP rep, so he was, I'm assuming, the one who initiated it. I could be wrong, but it might have been someone else.

Q. Okay.

A. He was the one that was, like, you know, presenting it and --

Q. "Here's our" --

A. Yes.

Q. "Here's your food. Here's dinner."

Did he talk to you guys, to you specifically, about any of the substance of what you saw of the shooting?

A. No.
Q. Did you hear him talk to any of the officers about the substance of the shooting?

A. No.

Q. Or what they saw?

A. No.

Q. Okay. When you went to the area, did you and Mondragon take your vehicle? Did you drive yourselves?

A. Yes.

Q. It was just the two of you in the car, correct?

A. Yes.

Q. Do you remember, how long were you waiting at the area before you spoke with IPRA?

A. Seemed like forever, but it wasn't. I don't know. I don't know specifically how long it was.

Q. What time did you get home that morning?

A. I don't remember.

Q. Was it in the morning?

A. Oh, it was in the morning, yeah.

Q. Was the sun up? Do you remember that?

A. I don't remember. It was in the morning.
Q. Did you have to take the kids to school --
A. I mean, I can look at my -- I can refer to the conclusion time somewhere in my IPRA statement.
Q. That's fine if you don't remember.
A. I don't remember specific -- I have no independent recollection of it.
Q. After your IPRA statement, did you go home?
A. Yes. After we went -- yeah, of course we had to go back to the district, get our personal cars, and then go home, but yes. Yes.
Q. Okay. So we are going to get into the IPRA statement later, so we won't talk about the substance there.
A. Okay.
Q. Okay. So you wait around. You speak with IPRA. After your IPRA statement, then what happened?
A. Well, we didn't -- they gave me a copy of the CD, and we left. But I can't remember whether Janet went before me or after me. I can't remember.
Q. And you got your statement that night on a CD?
A. I'm pretty sure he gave it to me that night. I'm not 100 percent sure.
Q. Yeah.
A. But I'm pretty sure I got it that night.
MS. RUSSELL: They usually burn it right away.
MS. ANSARI: Right away? Okay.

BY MS. ANSARI:
Q. So after you were either done with your IPRA interview or Mondragon was done with hers, you both left?
A. Yes.
Q. Correct? And you went back to district 8 or the station?
A. Uh-huh.
Q. Where's the station?
A. 63rd and Homan.
Q. And for the record --
A. It's 63rd and St. Louis.
Q. Sorry. For the record, where is area central?
A. 51st and Wentworth.
Q. Okay. So you drove back to district 8,
and then what did you do?

A. We just turn in our stuff and go home.

MS. ANSARI: So before we get into the
statements, do you have any follow-up?

FURTHER EXAMINATION

BY MR. BROWN:

Q. I have a brief follow-up.

A. Sure.

Q. Do you recall noting any documentation of

when you arrived at the area?

A. Did I make any documentation?

Q. Yeah. I don't know if there was any kind

of like sign-in sheets that you have to fill out?

A. No.

Q. Like, the time you got there?

A. No.

Q. Same thought: Was there any document you

had to sign when you left there?

A. No.

Q. While you were sitting, or if you were

sitting, but while you were with the other officers

in the big room, I know you didn't have any

substantive conversation about the McDonald

shooting, but I was wondering, did you overhear the
other officers speak about the McDonald shooting?

A. No.

Q. I know you mentioned that a detective did not come to, I guess, interview you at the area?

A. Correct.

Q. Did you see detectives take other people for interviews?

A. I didn't really pay attention. I don't recall it. I don't recall them taking anybody specific to be interviewed.

Q. Did you think it was odd that they didn't come and speak to you?

A. No.

Q. Okay.

A. Because I spoke to them on the scene, so --

Q. So you felt like you conveyed your observations to whatever detective you spoke to on the scene of the shooting?

A. Yes.

Q. Did you feel that there was any additional information that you would have liked to have conveyed to a detective?

A. I answered all the questions that he
1 asked of me.

2 Q. But having some time, I guess, to think
3 about it during the car ride over to the area and
4 then while you were waiting around for the pizza
5 and stuff, did anything come into your mind that
6 you would have liked to have added to the record --
7 or not to the record --
8 A. No.
9 Q. -- but to have added to what the
detectives were noting down?

A. No.

12 MR. BROWN: That's the end of my questions.
13 THE INTERVIEWEE: Okay.
14 FURTHER EXAMINATION
15 BY MS. ANSARI:
16 Q. One last question.
17 A. Okay.
18 Q. Did you see any witnesses being
19 interviewed at area central, any civilian
20 witnesses?
21 A. I don't recall seeing any.
22 Q. Did you see detectives interviewing any
23 civilian witnesses on the scene?
24 A. I didn't see any.
Q. Okay.
A. Not that I can recall.

Q. Okay.
A. There were so many officers on scene, and like I said, it just --

Q. Okay.
A. I didn't really pay attention to what was going around me. I just --

Q. Okay. All right. So, Officer Sebastian, we are going to provide you with Exhibits 6 and 7. We have extra copies, so we can give you each one.

MS. ANSARI: Do you want to take a break now?

This is a good stop if --

THE INTERVIEWEE: I'm fine.

MS. ANSARI: Okay.

(Whereupon, Exhibit 6 and Exhibit 7 were marked for identification.)

BY MS. ANSARI:

Q. So Exhibit 6 is the typed case supplementary report drafted by Detective March of your statements to him, and the handwritten document Exhibit 7 is the general progress report, and those are the handwritten notes of Detective March of his conversation interview with you. If
you will take a moment and review both documents
and let me know when you are done reviewing them.

A. Okay.

Q. For the record, we are going to focus on
Exhibit 6, the typed case supplementary report.

A. Okay.

Q. Do you refer to these as CSRs, by any
chance?

A. I have no idea what this is. This is
detective paperwork. So --

Q. Okay. Got it. I am going to refer to it
as a CSR going forward.

A. Okay.

Q. Just it's easier than repeating "case
summary report."

A. Okay.

Q. Does Exhibit 6 accurately reflect what
you said to Detective March on the night of
October 20, 2014?

A. I don't recall exactly what I -- I don't
recall my exact conversation and my exact answers
of that evening.

Q. Okay.

A. Okay?
Q. So what we will do is go over the statement line by line, and I will ask you a question about each statement individually.

A. Okay.

Q. Okay? The first statement -- well, we are going to start actually at the second paragraph. The first paragraph is background information.

A. Okay.

Q. "The two officers," meaning you and Officer Mondragon, "responded to the request for assistance made by beat 815R regarding a subject with a knife."

Did you make this statement to March on the night of October 20, 2014?

A. That information is correct.

Q. Well, did you make the statement? Do you recall?

A. Well, I --

Q. Or the information --

A. See, that's why I don't -- I'm not sure what you want me to answer.

Q. So I will ask you, just to procedurally what we are going to do --

March on the night of October 20, 2014?

A. Yes, I gave him that information.

Q. Okay. Where were you when you made this statement?

A. When he was interviewing us on scene.

Q. Okay.

A. Or interviewing me, I mean, on scene.

Q. For actually the whole statement, this was all done while you were on scene outside of your car, correct?

A. Correct.

Q. And no one else was present when you made that statement?

A. Not that I can recall.

Q. And just to confirm, Officer Mondragon -- you don't recall whether Officer Mondragon was there when you made the statement?

A. Correct.

Q. Now that line, is that statement accurate, the first statement in the second paragraph?

A. Yes.

Q. Okay. "Officer Sebastian thought the original call for assistance was at 40th Street and
Keeler Avenue."
Did you make that statement to Detective March?
A. Yes.
Q. Is that statement accurate?
A. I'm not sure of the accuracy. That's why I said I thought that that's where it was. I'm not sure that it was 40th and Keeler, but to the best of my knowledge at the time I was interviewed, that's where I thought the original call was at.
Q. "The subject had punctured a tire on the police vehicle 815R."
Did you make that statement to Detective March?
A. Yes.
Q. Is that statement accurate?
A. Yes.
Q. "Officer Mondragon drove northbound on Pulaski Road following beat 845R as they also responded to the request for assistance."
Did you make that statement to Detective March?
A. Yes.

Q. "Sebastian told Officer Mondragon to drive back out onto Pulaski to assist in the pursuit."

Did you make that statement to Detective March?

A. Yes.

Q. Is that statement accurate?

A. Yes.

Q. "McDonald ran out onto Pulaski and continued to run southbound down the middle of the street."

Did you make that statement to Detective March?

A. Yes.

Q. Is that statement accurate?

A. Yes.

Q. "Beat 845R pursued McDonald in their vehicle southbound on Pulaski followed by beat 845."

Did you make that statement to Detective March?

A. I -- I didn't make that. I mean, I don't remember saying that we were followed by 845 Robert. I don't remember saying that.
Q. Okay. Why does that stand out to you more than the other statements that I have said so far as something you might not have said?
A. Well, because 845 Robert, actually, we -- it's -- to me, the way it's written makes it sound like we were behind 845 Robert once we got onto Pulaski, and that's inaccurate.

Q. Okay.
A. Okay.

Q. Understood. What would be accurate?
A. What would be accurate was that we were southbound on Pulaski in the southbound lanes and that 845 Robert was southbound on Pulaski somewhat in the northbound lanes.

Q. Got it. "As McDonald ran southbound on Pulaski, Sebastian saw the knife in his right hand."

Is that what you told Detective March?
A. Yes.

Q. Is that accurate?
A. Yes.

Q. "McDonald was waving the knife."

Is that what you told Detective March?
A. Yes.
Q. Is that accurate?
A. Yes.

Q. "Beat 845R stopped their vehicle ahead of McDonald. Between McDonald and the Dunkin' Donuts restaurant on the east side of Pulaski."
Is that what you told Detective March?
A. Yes.

Q. Is that accurate?
A. Yes.

Q. "Officers Joseph Walsh and Jason Van Dyke exited their vehicle and drew their handguns."
Is that what you told Detective March?
A. Yes.

Q. Is that accurate?
A. Yes.

Q. "McDonald turned toward the two officers and continued to wave the knife."
Is that what you told Detective March?
A. It's not inaccurate; however, the next couple of lines are out of what I would say chronological order.

Q. Okay. So how would you correct it?
Well, what did the statements say that you think are out of chronological order, and then just tell
me how you would correct those?

A. Okay. "McDonald turned towards the two
officers and continued to wave the knife.
Sebastian heard the officers repeatedly order
McDonald to drop the knife."
The next sentence where Sebastian heard
the officers order McDonald to drop the knife,
immediately exiting the vehicle they were yelling
that repeatedly throughout the entire encounter.
Okay?

Q. Okay.

A. Until after the shooting. When it says
he continued to advance on the officers, he
continued to walk in a southbound direction. He
did not turn towards the officers until he
was -- he had already walked south further down.

Q. Understood.

A. Further south. Does that clarify it?

Q. Yes.

A. So, like, those should be flip-flopped.

Q. So I'm going to try and repeat that back
to you. Please correct me if I'm repeating it
incorrectly.

So your statement states, "McDonald
turned toward the two officers and continued to 
wave the knife. Then Sebastian heard the officers 
repeatedly order McDonald to drop the knife. 
McDonald ignored the verbal directions and 
continued to advance on the officers waving the 
knife."

Your testimony is that as Officers Walsh 
and Van Dyke were exiting their vehicle and drew 
their handguns, they were continuously telling 
McDonald to drop the knife, correct?

A. Correct.

Q. And then McDonald continued to advance 
and then turned toward the officers, continuing to 
wave the knife?

A. He continued to walk southbound.

Q. Okay.

A. Yes. He continued to walk.

Q. And is that what you told Detective 
March?

A. I don't remember the exact -- exactly 
what I used. I'm not sure of the exact verbiage I 
used.

Q. Okay. But your correction is what is 
accurate, how you corrected it just now?
Q. Okay. So we can skip to -- "Officer Sebastian heard multiple gunshots, and McDonald fell to the ground where he continued to move."

Did you make that statement to Detective March?

A. Yes.

Q. Is that accurate?

A. Yes.

Q. "Sebastian did not know who fired the shots which were fired in one continuous group."

Did you make that statement to Detective March?

A. Yes.

Q. Is that statement accurate?

A. Yes.

Q. "She then saw Officer Walsh kick the knife out of McDonald's hand."

Did you make that statement?

A. Yes.

Q. Is that statement accurate?

A. Yes.

Q. So we're going to go through the allegations -- some of the allegations, not all of
them -- in the Notice of Allegations, and I'm going
to ask you some follow-up questions around each of
those. So it's going to be kind of repetitive of
what we have already just done here.
   A.  Okay.
   Q.  But I am going to essentially probe a
little bit more while we go through the
allegations.
   A.  Okay.  Sure.
   Q.  And then I will let Kris -- once we're
done with these statement, I will talk to Kris and
we will go over it.
   We are going to start at Allegation 2.
   A.  Okay.
   Q.  We'll make sure we are starting at 2.
   Yes.  Okay.
   "It is alleged that on or about
October 20, 2014, you made a false statement during
an interview with Detective March when you stated
that you saw McDonald run out onto Pulaski and
continue to run down southbound down the middle of
the street waiving a knife."
   Do you stand by your statement to
Detective March that is attributed to you?
A. Yes.

Q. And you believe McDonald was running out onto Pulaski, running, not walking, correct?

A. Yes.

Q. And you believe that McDonald was waving a knife -- was waving the knife, correct?

A. Well, once I got into Pulaski and I could see that. When I initially saw him running, like, through the Burger King parking lot where he went on to Pulaski at some point, I did not see the knife at that time.

Q. Okay. Understood.

"It is alleged that on or" -- and so number 3. These will generally be in order. "It is alleged that on or about October 20, 2014, you made a false statement during the interview with Detective March when you stated that McDonald turned toward officers Walsh and Van Dyke and continued to wave the knife?"

Do you stand by your statement that is attributed to you?

A. Well, again, I corrected that in this statement saying that it's out of chronological order.
Q. Right.

A. He turned -- when it says he turned towards officers and continued to wave the knife, he turned towards -- yeah. I mean, I stand by it, but it's out of chronological order.

Q. Okay. And we talked about this earlier. I know that the order might not be exactly correct.

A. Right.

Q. But that did happen?

A. He did turn towards them and in a motion with the knife.

Q. Okay. Understood.

"It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated that McDonald ignored Officers Walsh and Van Dyke's verbal directions to drop the knife and continued to advance on the officers waving the knife."

Do you stand by your statement to Detective March?

A. Right, I stand by this, but I will also stand by my clarification as I stated before. He continued to walk southbound. He continued to.

Q. Okay.
A. Waving the knife.

Q. "It is alleged that on or about October 20, 2014, you made a material omission during an interview with Detective March when you failed to state that McDonald changed the direction in which he was walking prior to the shooting."

Why didn't you tell Detective March that Laquan McDonald changed direction, changed the direction in which he was walking prior to the shooting?

A. With this allegation, I'm not really sure what you mean by McDonald changing direction. He was walking in a southerly direction the entire time was what I saw. He didn't turn and go back north. He didn't turn and go directly east or directly west; his motion was in a southerly direction from what I saw that night.

Q. Okay.

A. Yeah, I never saw him change direction.

Q. Okay.

A. Okay.

Q. "It is alleged that on or about October 20, 2014, you made a material omission during an interview with Detective March when you
failed to state that Officers Walsh and Van Dyke
moved towards McDonald prior to the shooting."

Why didn't you tell Detective March that
they moved towards McDonald prior to the shooting?

A. I did not see Officers Walsh and
Van Dyke move towards McDonald prior to the
shooting.

Q. "It is alleged that on or about
October 20, 2014, you made a false statement during
an interview with Detective March when you stated
that McDonald continued to move after he fell to
the ground."

Do you stand by your statement to
Detective March?

A. Yes.

Q. "It is alleged that on or about
October 20, 2014, you made a false statement during
an interfere with Detective March when you stated
that you did not know who fired the shots which
were fired in one continuous group."

Do you stand by the statement that is
consider attributed to you?

A. Yes.

Q. So you told Detective March you didn't
see who was shooting?

A. Correct.

Q. How did you not see who was shooting?

A. Well, both Officer Van Dyke and Officer Walsh had their -- when I saw them over, they both had their guns drawn. Then I was watching Laquan McDonald because he was the one waving the knife around. The shots were fired. He fell to the ground. I was watching him. I had no idea who shot.

Lights? I didn't -- you know, I wasn't looking at the officers when the shots were being fired. I was looking at Laquan McDonald.

Q. So, I mean, I guess, when you fire a gun, isn't there some kind of recoil, like some kind of back -- you know, if somebody's firing a gun, usually isn't there a kind of recoil so you can kind of tell who is actually firing? I was just -- I'm curious.

A. Well, that's a two-part question. Okay?

Q. Yes.

A. Because I can fire a gun and have no recoil. You're not used to firing a gun; you may have a lot of recoil because you don't expect it.
It just depends on what type of a shooter you are.
That's the first part of your question.

Q. Okay.
A. And the second part of your question was -- I'm sorry.

MS. ANSARI: Andrew, can you repeat it back?
THE REPORTER: Sure.
THE INTERVIEWEE: Because it's not the same thing.

BY MS. ANSARI:

Q. That answers my question.
A. Okay. Yeah.

Q. Are there sparks that go off when a gun is fired?
A. There is a -- what do you call it?
Muzzle flash.

Q. Is it really bright? Is it --
A. I don't know. Yeah.

Q. Did you see a muzzle flash?
A. I didn't. No.

Q. So, you know, we now know that McDonald was shot 16 times. During all 16 of those shots, you were always looking at McDonald and not at who was shooting?
A. Correct.

Q. So I can see the first couple not knowing right away, but then the continuous shots always on McDonald, you never saw who was firing the gun?

A. I stand by my statement. I did not know who shot Laquan McDonald until after everything was all -- after the incident was done.

Q. At what point did you realize who was shooting, if you did?

A. I don't remember. At some point on scene, and I don't even remember --

Q. But it was after all of the shots were fired?

A. Yes. Yes.

Q. And McDonald was on the ground?

A. Yes. Yes.

Q. I'm going to go back to the allegation I said that we just repeated. Part of that allegation said that the shots were fired in one continuous group. Do you stand by that statement that is --

A. That's what I recall.

Q. "It is alleged that on or about October 20th," so we're going to go -- actually, this
allegation is number 1 on the list.

Q. "It is alleged that on" -- I'll get it.

A. Okay.

Q. "On or about October 20, 2014 you provided a false narrative to Detective David March of the Chicago Police Department concerning the McDonald shooting through a series of false statements and material omissions."

Do you stand by your statement to Detective David March besides what you have already clarified?

A. Yes.

Q. I want to go back to some of the allegations.

A. Okay.

Q. Well, I want to go back to the video. When did you first view the video of your dash cam, 813R? When did you first view that?

A. I don't even remember. I'm not sure.

Q. Did you view it when it came out in the press in November 2016?

A. Yes.

Q. You did?
A. Uh-huh.

Q. Did you view it through any official channels, or was it just from the --

A. Just the media.

Q. The press. Okay.

A. And the internet.

Q. And have you seen it -- how many times have you seen that video?

A. I don't know. Several.

Q. Several times?

A. Uh-huh.

Q. Did you view it in preparation for this interview with the Office of Inspector General?

A. Yes.

Q. After viewing the video, would you agree that McDonald -- after reviewing the video after the fact, do you agree that it appears McDonald changed direction on the video prior to being shot?

MS. RUSSELL: What do you mean by "changed direction"? He was going southbound and he moved eastbound, or what do you mean?

BY MS. ANSARI:

Q. Yeah. So he was -- it's a bad question.

MS. ANSARI: Let me take one break off the
record.

MR. BROWN: The time is 12:47, and we will go off the record.

(Whereupon, a break was taken from 12:47 to 12:48 p.m.)

MR. BROWN: And the time is 12:48.

MS. ANSARI: I'm going to strike that last question, and Kris is going to ask some follow-up questions about your statements to Detective March.

THE INTERVIEWEE: Okay.

FURTHER EXAMINATION

BY MR. BROWN:

Q. In regards to your conversation with Detective March outside of your vehicle on the scene of the incident, do you recall him asking you questions and you responding, or did you just give him a narrative as to what you saw?

A. He asked questions, and I responded.

Q. At any point --

A. I think. You know what? I'm not 100 percent sure on that. I honestly -- I can't remember for sure.

Q. Okay.

A. Okay?
Q. Do you recall at any point during his questioning of you did he say anything to the effect of "That's not what happened" or "That doesn't match what's on the video"?

A. No.

Q. No?

A. No.

Q. Okay. And now you spoke earlier that you thought the conversation with March took less than an hour, but I was wondering -- I think I forgot to ask you, like, a shorter parameter. Was it less than ten minutes?

A. I don't remember. It was -- it was quick, but I don't remember how long.

Q. Okay.

A. It wasn't an hour.

Q. It wasn't an hour. Is five minutes safe?

A. I can't -- you know, it seemed quick, but I don't want to guess. I don't want to put a number on it, because I'm not sure. It was less than an hour.

Q. Less than 15 minutes?

A. I don't remember.

Q. Okay.
A. I'm sorry.

Q. That's okay. In the statement done by March that is attributed to you, there is a bit in there about you hearing the orders to drop the knife. I wanted you to expand a little bit how you heard those orders. Kind of tell me what happened there.

A. Well, and I guess I'm just looking for a little clarification.

Q. Okay. Sure.

A. Joe Walsh you could hear yelling from a block away. That's the commanding voice that he has. He's a very loud commanding voice. I always have my window down a little bit pretty much all the time unless it's below zero.

Q. And that was what I was going to try to follow up on.

A. Yeah. It's just my standard. I mean, unless it's really, really, really cold, I have the window cracked because I like to be able to hear things, just --

Q. And on that night of October 20th, you have a recollection of your window being opened a little bit?
A. Yeah. Yes.

Q. And you have a recollection of hearing Walsh's, I guess, booming voice?

A. Yeah. Well, and it was multiple voices, but Walsh has a very loud -- he's loud. He can be very loud.

Q. Okay. So I guess where did you start hearing the directives to drop the knife? Where were you in the vehicle?

A. We were still slow rolling down Pulaski. I mean, we were still slowly moving down Pulaski in the squad car. Does that answer your question? Okay.

Q. So you hadn't stopped at that point when you started to hear the directives to drop the knife?

A. No. No.

Q. You mentioned that it was both Walsh and Van Dyke giving directives to drop the knife?

A. It was multiple voices, yes.

Q. Multiple voices. Okay. So as you're rolling up slowly, does your car stop at some point?

A. I don't remember at what point it
stopped. I mean, Janet was driving, so, I mean, yeah, we did stop at some point. I don't remember exactly when.

Q. Do you think it was after the shooting or --

A. It was after -- oh, man. I'm not sure. I mean, I could review the video and tell you when, but I don't -- independent recollection of at what point the vehicle actually came to a complete stop I don't remember.

Q. And the only reason I was going down that path is it seemed like -- I was wondering, at some point did you open the door to hear more as to what was being said out there?

A. No. No.

Q. So all of your, I guess, audible observations were just through the closed door but with the window cracked?

A. Correct.

Q. Okay. And I think you have already kind of touched on this. I just wanted to make sure it is absolutely clear.

Other than what you have already discussed, was there any mischaracterizations by
March in the statement that is attributed to you?

A. I guess I'm not sure what you mean by mischaracterizations. Yeah, other than chronological order, it seems mostly accurate, yeah.

Q. On that same line, was there anything that you told Detective March that was omitted in the statement that is attributed to you?

A. Yeah, I don't think so. No.

Q. No.

I think you noted that March had some notes and he was writing something down --

A. Correct.

Q. -- as conversation occurred with you outside of your vehicle?

A. Yes.

Q. Did March read you anything at the end of the conversation, like, "This is what I have for you," and to kind of check with you and see what he had?

A. No.

Q. No?

Did he say anything in, like, conclusion, like, "Is there anything else, or did I miss
anything"?

A. I don't remember if he said that. No.

MR. BROWN: That's all my follow-up.

BY MS. ANSARI:

Q. When did you first get out of the car after the shooting?

A. I know I saw Walsh kick the knife out of his hand. I can't remember whether I was out of the vehicle yet, like getting out, or if I was still in the vehicle. It was right around that time.

Q. Okay.

A. But I can't be specific.

MS. ANSARI: So I think we are ready to move to the IPRA statement. Do you guys want to take a break or are you --

THE INTERVIEWEE: Yeah, a quick break.

MS. ANSARI: Okay. That's fine.

MR. BROWN: The time is now 12:54. We are going to go off the record.

(Whereupon, a break was taken from 12:54 to 1:03 p.m.)

MR. BROWN: The time is now 1:03, and we are
back on the record.

MS. ANSARI: All right.

MR. BROWN: I think we're done with the
questions on these.

MS. ANSARI: Yes. So we can take all those
back.

BY MS. ANSARI:

Q. So, Officer Sebastian, we talked about
this already, but IPRA, just to confirm, IPRA
interviewed you about the McDonald shooting,
correct?

A. Correct.

Q. The interview took place on October 20,
2014 or --

A. No. It was the 21st.

Q. October 21st?

A. Yeah, because it was after midnight.

Q. Got it. Where did that interview take
place?

A. In the area central detective's division
area, the second floor.

Q. Was it in a conference room?

A. It was in some type of side room, yeah.

I don't know exactly what they refer to it as, but
it was in a side room.

Q. And who was present during that interview?

A. It was myself, Investigator Killen, FOP rep Kris Kato, and FOP attorney Dan Herbert.

MS. RUSSELL: Can I look?

MS. ANSARI: Yeah, you can -- I mean, it's in there, so it's fine. Whatever you remember, but we have it down.

MS. RUSSELL: Oh, yeah.

BY MS. ANSARI:

Q. Who did you speak to in -- oh.

MS. RUSSELL: Go ahead. I'm sorry.

BY MS. ANSARI:

Q. Who did you speak to in preparation for your IPRA interview?

A. No one.

Q. Nobody?

A. Nobody.

Q. So you said that Officers Fontaine Viramontes, McElligott, Gaffney, Walsh, and Mondragon and you were all at area central kind of milling about in the same area waiting for your IPRA interview, correct?
Q. And just to confirm, you didn't speak to any of those officers about the shooting, correct?
A. Correct.
Q. And there was no attempt to ensure that the statement you were going to provide IPRA corresponded with the other officers' statements?
A. Correct.
Q. And you never felt any pressure in any way to make your statement consistent with the other officers, correct?
A. No.
Q. Okay. Oh, you said you got a CD of your statement that night, correct?
A. Yes. I think it was that night. They usually do.
Q. Did you ever review that statement after the fact, review the -- before we provided you your IPRA statement to IAD or through IAD, had you reviewed your IPRA statement?
A. I think I previously stated I think I did for the Grand Jury, but I'm not sure.
Q. Okay. But shortly before the Grand Jury and in preparation for the Grand Jury, had you ever
reviewed your IPRA statement?

A. Okay. Say that one more time. I'm sorry.

Q. Okay. You stated that you may have reviewed your IPRA statement before you went into the Grand Jury, correct?

A. Correct.

Q. Before that, had you reviewed your IPRA statement?

A. I don't recall whether I did or not.

Q. Did you keep the CD -- where did you keep the CD? Where did you put it?

A. I just keep it at home just in a drawer.

Q. Okay. Got it. And you never at home pulled -- you know, stuck the CD in your computer and reviewed your statement?

A. No.

Q. Okay. So outside of -- scratch that.

MS. ANSARI: Okay. So we are going to go through the statement along with the allegations. So that's Exhibit 3. So I will direct you to certain portions of your transcript.

THE INTERVIEWEE: All I did was respond. I mean, I can, but you are going tell me the pages. I
just on mine just jotted down what pages they --

MS. ANSARI: Yes.

THE INTERVIEWEE: But if you're not going to do that, then --

MS. ANSARI: But if you want to use your copy, we have no issue with that.

BY MS. ANSARI:

Q. So what my plan is, is to go through the -- I will first direct you to where in your transcript, what lines in the transcript correspond to what allegations.

A. Okay.

Q. And then we will ask questions about each allegation.

A. Okay.

Q. So we are going to start with Allegation No. 10. I would like to direct your attention to transcript page 6, lines 20 to 22. There's a couple different parts. So if you want to start at page 6 and read through page 8 and let me know when you are done.

A. Okay.

Q. Okay. "It is alleged that on or about October 21, 2014, you made a false statement when
during an interview with IPRA Investigator Killen,

you stated that McDonald was running southbound in

the middle of Pulaski waving a knife back and

forth, front to back."

Do you stand by your statement to IPRA?

A. Yes.

Q. I would like to direct your attention

page 8, lines 28 to 31.

A. Uh-huh.

Q. Let me know when you get there and have

reviewed those lines.

A. I'm sorry. What was it?

Q. Page 8, lines 28 to 31.

A. Oh. Okay.

Q. "It is alleged that on or about

October 21, 2014, you made a false statement during

an interview with IPRA Investigator Killen when you

stated that McDonald was still waving the knife as

you approached 41st Street."

Do you stand by your statement to IPRA?

A. As he approached 41st Street?

Q. Uh-huh.

A. "Still waving the knife as you

approached 41st Street." I stand by my statement
as -- I guess I should have said approximately 41st Street at -- I'm not sure exactly where we were at, at 41st Street. I was just using that as a reference of where we were at, at the time.

Q. Okay. I would like to direct your attention to page 9, lines 28 to 32 and page 10, 1 through 4. So it's the statement that starts at 28 and goes into the next page.

A. Okay.

Q. And please let me know when you are done reading.

A. Okay.

Q. "It is alleged that on or about October 21, 2014, you made a false statement during an interview with IPRA Investigator Killen when you stated that McDonald was still waving the knife as you" -- oh, my gosh. I apologize.

A. That's okay.

Q. "It is alleged that on or about October" -- scratch that one.

"It is alleged that on or about October 21, 2014, you made a false statement during an interview with IPRA Investigator Killen when you stated that McDonald turned toward officers Walsh
and Van Dyke with a knife in a motion towards them."

Do you stand by your statement to IPRA?
A. Yes.

Q. Can you clarify? That section to us is a little confusing.
A. Okay.

Q. Can you clarify what you meant there?
A. Okay. So I'll clarify.

Q. Okay.
A. As he is walking southbound, walking, running, I mean, it was just this -- you know, a lot of movement, he's -- he's doing a back and forth motion with the knife, you know (indicating), or with his arm where he was holding the knife.

As he walked closer to Officers Van Dyke and Walsh, at one point he did a twisting, he turned towards them with the arm, his right arm, which was what he was holding the knife with in a twisting motion turning towards them. Does that clarify it?

Q. Yes, it does.
A. Okay.

Q. Thank you. Okay. "It is alleged that on
or about October 21, 2014, you made a material
omission during an interview with IPRA Investigator
Killen when you failed to state that McDonald
changed the direction in which he was walking prior
to the shooting."

Why didn't you tell Investigator Killen
McDonald changed the direction in which he was
walking prior to being shot by Officer Van Dyke?

A. As previously stated, he was in a
southerly direction. I didn't see him change
direction northbound, directly westbound, or
directly eastbound. He was still in a southerly
direction. So I didn't -- I didn't see -- I didn't
omit it because I didn't see it.

Q. "It is alleged that on or about
October 21, 2014, you made a material omission
during an interview with IPRA Investigator Killen
when you failed to state that Officers Walsh and
Van Dyke moved towards McDonald prior to the
shooting."

Why didn't you tell Detective March that
Officers Walsh and Van Dyke moved towards McDonald
prior to the shooting?

MS. RUSSELL: Just one correction. Not
Detective March. What was the question again?

MS. RUSSELL: Investigator Killen.

BY MS. ANSARI:

Q. Why didn't you tell Investigator Killen?

MS. RUSSELL: And the answer is the same whether it's March or Killen.

MS. ANSARI: Right.

THE INTERVIEWEE: Yes.

BY MS. ANSARI:

Q. To correct the question, why didn't you tell Investigator Killen that Officers Walsh and Van Dyke moved towards McDonald prior to the shooting?

A. I did not see Officers Walsh and Van Dyke move towards McDonald during the shooting.

Q. What type of motion did they make prior to the shooting?

A. I saw them get out of their vehicle. I mean, I guess if you want to say making a motion towards McDonald meaning getting out of the vehicle onto the street, but as far as that, I saw them out of the vehicle with their guns drawn. That's all I saw.
Q. And they didn't -- you didn't see them step forward to shoot?

A. I didn't, no.

Q. Did they step backward?

A. I didn't see -- I didn't -- I didn't notice any movement. I glanced over, I saw them out of the car with their weapons drawn, and then I was watching Laquan McDonald.

Q. So if you will look at page 11, lines 17 to 18.

A. I went the wrong way.

Q. Oh, did you? Okay.

A. Okay. I'm here.

Q. "It is alleged that on or about October 21, you made a false statement during an interview with IPRA Investigator Killen when Killen asked if you knew who was shooting and you stated, 'I did not.'"

Do you stand by your statement to IPRA?

A. Yes, I do.

Q. And we have already talked about how you did not see who is shooting, but can you repeat that for the record?

A. Sure. For the record, I can say that I
did not -- I saw Officer Walsh and Van Dyke out of
the vehicle with their weapons drawn, loud and
clear, "Drop the knife," ordering Mr. McDonald to
drop the knife. At that point, my attention was
turned to Laquan McDonald.

Q. So please turn to page 13, lines 14 to
16: "It is alleged that on or about October 21,
2014, you made a false statement when during an
interview with IPRA Investigator Killen, Killen
asked everything you stated was a true and accurate
account of what occurred, and you stated, 'Yes,
sir.'"

Do you stand by your answer that you gave
a true and accurate account of the McDonald
shooting to Investigator Killen?

A. Yes.

Q. The last allegation is, I believe,
Allegation 9: "It is alleged that on or about
October 21, 2014, you provided a false narrative to
IPRA Investigator Brian Killen concerning the
McDonald shooting through a series of false
statements and material omissions."

Do you stand by your answer that you gave
a true and accurate account of the McDonald
shooting to Investigator Killen?

A. Yes.

MS. ANSARI: Okay. So I am done with the IPRA statement.

Do you have any follow-up questions, Kris?

MR. BROWN: I have just one follow-up question.

FURTHER EXAMINATION

BY MR. BROWN:

Q. You noted a little while ago that you observed a twisting motion by McDonald?

A. Correct.

Q. I wanted to ask you, was that twisting motion because McDonald was shot?

A. To the best of my recollection that the twisting motion was before the shooting began.

MR. BROWN: Okay. That's all I had.

THE INTERVIEWEE: Okay.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. So we are going to move on to background and the allegations related to the dash camera.

A. Okay.

Q. So we have quite a few background
questions before we get into those allegations.

A. Okay. Sure.

Q. The night of the incident, you were the passenger in the car, correct?

A. Correct.

Q. Okay. So what exactly is an in-car video system? What is it meant to do, how does it work, kind of the background of what you know about the systems?

A. The in-car video, when the lights are active -- you can either activate it manually to turn the camera on, or when you turn light bars on, it activates.

Q. Automatically?

A. It turns on automatic -- well, it's supposed to. Again, we have several issues with this system.

Q. Right.

A. But when you turn the light bar on, it is supposed to activate, yes.

Q. Okay.

A. There's a front camera and a back seat camera. The back seat camera does not automatically engage with the light bar; it has to
Q. So the in-car video system captures audio as well, correct?
   A. Yes.

Q. It's intended to?
   A. Supposed to. Yes.

Q. Can you walk us through the ways generally that you use the in-car video system in a shift, during a shift?
   A. I guess I'm kind of -- you would have to be a little more specific.

Q. Scratch that.
   A. Okay.

Q. It's not a good question.
   A. Okay.

Q. So as of October 20, 2014, what are the rules and regulations governing your use of the in-car video and audio system?
   A. I don't know.

Q. So we have an exhibit, a special order --
   A. Okay.

Q. -- regarding the car video system.

MS. ANSARI: So we will mark this exhibit, Exhibit 8.
(Whereupon, Exhibit 8 was marked for identification.)

BY MS. ANSARI:

Q. It is CPD special order S03-05 regarding in-car video systems. It's date February 3rd, 2012.

A. Okay.

Q. And it is our understanding that this was the special order that was in place on October 20, 2014.

A. Okay.

Q. Does this special order refresh -- I will give you a chance to review it. Let me know when you are done. It's long. I guess you don't have to read the whole thing.

A. Yeah.

Q. You don't have read the whole thing.

A. Okay.

Q. We can direct you to relevant sections.

A. Okay.

Q. But as a general matter, does this special order refresh your recollection as to the in-car video system protocols that were in place as of October 2014?
A. Uh-huh. Yeah.

Q. Have you seen this document before?

A. Probably at some point.

Q. I want to direct your attention to section 6 titled Operational Procedures.

Okay. Right at the beginning, section A, it states, "Department members assigned to department vehicle equipped with an in-car video system will at the beginning of a tour of duty visually inspect the in-car video system for damage, obtain the remote transmitter/audio recorder and assure it is securely attached to the member's person, follow the startup procedures for the in-car video system as trained, and ensure the system is working properly.

"Note: Members will immediately notify supervisor if at any time an in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable, or the remote transmitter audio recorder is missing?"

Were you aware --

THE INTERVIEWEE: Can I -- I need a break for a quick minute.

MS. ANSARI: Sure.
MR. BROWN: The time is 1:24 p.m. We are going off the record.

(Whereupon, a break was taken from 1:24 to 1:26 p.m.)

MR. BROWN: The time is 1:26, and we are back on the record.

BY MS. ANSARI:

Q. So we left off at reading operational procedure section 6, or section 6, subheading A.

A. Okay.

Q. Were you ever trained on these procedures, Officer Sebastian?

A. Yes.

Q. Do you remember when?

A. In 2006.

Q. 2006?

Were there subsequent trainings after 2006?

A. I don't recall.

Q. But you remember at least -- did you have multiple trainings on these in-car video systems?

A. I don't recall.

Q. But at least once? You have had --

A. At least once.
Q. -- the training at least once?
A. Yeah. Yeah. It's hard to -- because they've kind of picked up the pace on it now, so I can't discern, like --

Q. Well, as of October 20, 2014?
A. Well, I can recall it was -- yes, I had the training in 2006.

Q. Do you remember what the nature of the training, like what substance went into the training in 2006?
A. I don't remember. That's when they were introducing them, so I don't remember specifically what the content was of the class; however, it was the general procedures on how to operate the cameras. Specifically, I don't recall.

Q. So the note in here which says, "Members will immediately notify a supervisor if at any time the in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable, or the remote transmitter audio recorder is missing," is that a regular practice to actually notify the supervisor if the in-car video system is inoperable, damaged in the equipped --
A. Yes.
Q. Okay. Have you ever in the past, so not related to anything on October 20, 2014, but have you ever in the past had to notify your supervisor about problems with your in-car video system?

A. Yes, up to and including the fact that my PC number didn't work until after the incident.

Q. Okay.

A. I had over the course of 2006 to 2014 intermittently -- when I didn't have a partner that could sign in, like a PPO or whatever, let them know that my PC number doesn't work.

Q. What does that mean that your PC number doesn't work?

A. When you log into the system, you have to have your PC number, which is your computer number that's used for almost all computer applications, the PDT, the CLEAR system, so that's basically our computer number. My PC number for the in-car camera system was never operable.

I can't give you any specific dates, any specific supervisors; however, I did do two to-froms and I did make notifications that my PC number didn't work. However, if I had a partner whose PC number worked, that's just what we did.
We would sign in with theirs.

Q. Okay.

A. It wasn't until after the Laquan McDonald incident when I contacted -- someone advised me to contact for data which no one had ever done before, and that's when they enabled my PC number. I don't know what they did to do it. I got an e-mail saying, "Hey, it's done. You're good to go." And now I can log in.

Q. Okay.

A. Okay?

Q. And your partner, Officer Mondragon, does she have a valid PC number that works?

A. Yeah. Yeah.

Q. I mean, there was video that night.

A. Yeah.

Q. So it's not --

A. Obviously, that part was working. Yeah.

Q. It worked.

A. Yeah.

Q. So you were driving vehicle 8779 on October 20, 2014, correct?

A. Correct.

Q. Okay.
A. I wasn't driving; I was riding in it.
Q. You were riding. I apologize.
A. That's okay.
Q. You were a passenger in that vehicle.
A. Is that a vehicle that you regularly use?
Q. As a general matter, so not just that night, how often do other people, police officers, use that car?
A. Often.
Q. Oh, very often?
A. Yes.
Q. Like, weekly?
A. Different watches use it. You know, I don't know what other beat it's assigned to, but it usually is one opposite ours, so it might be days, you know, or -- so it's not assigned specifically to 813 Robert.
Q. Okay. So --
A. It's assigned to another watch, and
other officers can use it too. There's no specifics.

Q. How many watches are there, two or three?
A. Well, there's three watches. There's first, second, third, but then you have two starts at every watch, an early start and a late start; and then on afternoons you have what they call rapid cars. So they're like a whole other time block or two maybe even.

Q. And 8779 isn't a rapid car, or is it?
A. I don't remember what its --

Q. What it is?
A. Pretty much, whatever's there you take.

Q. You take. Okay.
A. Yes.

Q. And so it's regular. So --
A. They try to give it to us, but that doesn't --

Q. So 8779 is generally your car, but is it also a regular car of another beat, the --
A. Yes.

Q. -- daytime, well, or first watch? Is that who comes?
A. No. We're first. Days is second.
Q. Okay. So --

A. I think -- I can't tell you exactly who it's assigned to. I think it's a day shift, like that, but I'm not positive.

Q. Do you know about how long you have had that car or as a general matter how long you have been using it?

A. How long we had that car?

Q. Yeah.

A. Because we don't have it anymore. No.

Q. I don't remember how long we had had it at that point.

Q. Had you had any issues with 8779's video system before?

A. I don't remember.

Q. What about the audio? Did you have any issues with the audio before this?

A. I don't remember.

Q. You don't recall ever reporting issues with 8779's camera?

A. I don't --

Q. Besides the PC number, your PC number working, do you recall ever reporting issues with that, regarding the in-car video system of that
specific car?

A. I don't recall whether I did or not.

And the reason that is, is because I've called and reported video in-car camera systems not working, but I can't remember if we were using 8779 that night.

Q. Okay.

A. So I may have, but I don't recall.

Q. So on previous occasions, you have been in cars where the video system isn't working?

A. Correct.

Q. And have you on previous occasions been in cars where the audio system isn't working?

A. Correct.

Q. Is it more likely that the audio doesn't work than video? Maybe that was a bad question.

Yeah, I guess, is it more likely that the video isn't working versus the audio, or is it kind of a regular thing that the audio never works and videos maybe half the time?

A. I don't know.

Q. What about with your personal experience?

A. I don't know.

Q. So on the morning or at the beginning of
your tour on October 20, 2014, can you walk us through what you did with regards to the in-car video and audio system?

A. Well, Janet logged in because I can't -- I don't have a log-in. So we just logged into the camera.

Q. Do you recall visually inspecting the in-car video system equipment for damage?

A. Yes.

Q. Do you recall obtaining the remote transmitter audio recorder and ensuring it was securely attached to your person?

A. No.

Q. You don't recall doing that?

A. I didn't do it.

Q. Okay. Why didn't you do it?

A. I don't have an answer for that.

Q. Okay.

A. I didn't do it.

Q. Is it your regular practice to do that?

A. It is now.

Q. It is now. Before October 20, 2014?

A. No, it was not.

Q. It was not. Okay.
The department in general, was it regular practice for other -- is it your understanding that it wasn't a regular practice for other police officers?

A. I don't know whether it was or it wasn't.

Q. Okay.

A. Can I just clarify that you asked if we visually inspected the in-car video system? It was -- I'm referring specifically to the camera portion of it. Okay?

Q. Yes.

A. All right. I just wanted to make sure.

Q. Yeah. Understood.

So you said that Janet Mondragon logged in with her PC number, correct?

A. Correct.

Q. Where do you generally -- as a general matter, and this is not necessarily on October 20, 2014, where do you normally keep the microphones for the --

A. They have a cradle. I don't know what you call them, a charger or cradle. There is just a little thing that they stay in, and that's what
charges them. We call it a cradle. I don't know what the technical term is for it.

MS. ANSARI: Okay. So I'm going to enter into exhibit -- well, what are we on, 9?

MR. BROWN: Yes.

MS. ANSARI: Exhibits 9 and 10.

(Whereupon, Exhibit 9 and Exhibit 10 were marked for identification.)

BY MS. ANSARI:

Q. Okay. Exhibit 9 is an In Car Camera Video Retrieval Worksheet. It was filled out -- the technician listed on this worksheet is Becvar, that is Sergeant Lance Becvar. And then Exhibit 10 is an e-mail from Sergeant Lance Becvar dated Friday, July 17, 2015.

A. Okay.

Q. And that is regarding the in-car videos. Both documents are regarding the in-car video system.

So, Officer Sebastian, you stated you were in vehicle 8779 on October 20, 2014 on the night of the Laquan McDonald shooting, correct?

A. Yes.
Q. Now, the in-car camera video retrieval worksheet states on the top line, it looks like a little bit of it is scribbled out, but the top is 8779, colon, "Mics In Glove Box Batteries Inserted Upside Down."

And then if you look at Exhibit 10 next to vehicle 8779, it says, "Video recovered titled PC number" -- which we assume is Officer Mondragon's, "No MICs because they were in the Glove Compartment with the batteries inserted upside down - Disabling them"?

MS. RUSSELL: I would also note on the document entitled In Car Camera Video Retrieval Worksheet, under the officer's numbered car, it also has an arrow that says "fully op."

MS. ANSARI: Yes. That's correct.

BY MS. ANSARI:

Q. So your video was working the night of October 20, 2014?

A. Uh-huh.

Q. But there was no audio in the --

A. Yes.

Q. There was no audio working?

A. Uh-huh.
Q. So according to Becvar, the mics were in the glove compartment with the batteries inserted upside down, disabling them.

Do you recall having a conversation with Officer Becvar on the night of October 20, 2014?

A. No.

Q. Do you remember Officer Mondragon having a conversation with him?

A. No.

Q. Can you explain why the mics were in the glove compartment? Okay. And you don't know who Sergeant Becvar is?

A. No.

Q. Correct? I mean, we have asked that already.

A. I may have seen him, but I don't know him.

Q. Okay. And we really have kind of covered that already.

A. We've covered that already.

Q. So why were the mics in the glove compartment?

A. I don't know.

Q. Do you know why the batteries were
inserted upside down?

A. No, I do not.

Q. Did you purposefully disable the microphones?

A. No, I did not.

Q. Can you explain why there is no audio captured by any of the in-car video systems on the night -- of any of the five vehicles on the night of the McDonald shooting?

A. No.

Q. Were you surprised to hear that none of the five vehicles captured any audio?

A. No.

Q. Why were you not surprised to hear that?

A. Well, this is a perfect example right here. If you look at the sheet that you gave me, Exhibit, I believe, No. 10, if you look at the description of all the systems, it will show you right there that half of them aren't working, there are videos so long that they can't be processed, unable to start another video. This is a regular occurrence. I can't give you any statistics on it; however, it's -- it happens.

Q. After the Laquan McDonald -- the video
came out in public in the media November 2015, are you aware of news articles that came out after that discussing dash cam video and audio and about how it was in a lot of officers' -- I will rephrase that question.

Have you ever been disciplined for having not working video or audio in your dash cam vehicle?

A. No.

Q. For your vehicle?

A. No.

Q. No. Okay.

Do you know if there was a practice of CPD officers disabling the audio component of the in-car video system?

A. I do not know that there is a practice where officers do that.

Q. Okay. And you have never heard of such a practice?

A. No.

Q. Did you hear of an incident where officers threw their microphones on the roof of their district?

A. Maybe on the news. I don't know.
Maybe. I don't know. I don't know. It sounds familiar, but I have no -- I have no idea where I heard it from. So --

MS. ANSARI: Okay. Okay. I think we can just go ahead and -- oh, well, I will go into the allegations, and then you can do follow-up, or vice-versa.

MR. BROWN: Okay.

BY MS. ANSARI:

Q. Go back to the allegations.

A. Okay.

Q. So this starts at 17.

A. Yes.

Q. So we will go from there.

"It is alleged that on or about October 20, 2014, you disabled the microphones for CPD vehicle 8779 by placing them into the vehicle's glove compartment with the batteries inserted upside down."

What is your response to that allegation?

A. My response is that I did not insert the batteries upside down or put the microphones in the glove box.

Q. So you weren't --
A. Oh, but I don't deny that it was
disabled.

Q. Okay. But you weren't the one who placed
the microphones in the glove compartment?
A. Correct.

Q. And you did not insert the batteries
upside down?
A. Correct.

Q. And you recall that? It's not something
that you don't recall; you know that you didn't do
that?
A. I know that I didn't do that, yes.

Q. You're just not sure how it happened?
A. Exactly.

Q. "It is alleged that on or about
October 20, 2014, you failed to ensure the in-car
video system for CPD vehicle 8779 was working
properly at the beginning of your tour of duty."

What is your response to that allegation?
A. My response to that allegation is that
it appeared that the in-car camera was working
properly at the beginning of the tour; however, I
did not ensure that the audio system was working
correctly.
Q. "It is alleged that on or about October 20, 2014, you failed to immediately notify a supervisor that the in-car video system for CPD vehicle 8779 was inoperable or damaged."

What is your response to that allegation?

A. My response to that is that's correct. I did not immediately notify a supervisor.

Q. "It is alleged that on or about October 20, 2014, you failed to audibly record events with CPD vehicle 8779's in-car video system during your tour of duty."

Do you have --

A. Can I go back? I apologize for interrupting. Can I go back to number 19?

Q. Sure.

A. Because although -- I did fail to immediately notify the supervisor; however, I did not check the microphones. So I didn't know that they were inoperable, damaged. I didn't check them.

Q. Okay.

A. Okay? So I just wanted to add that to it. Okay. Go ahead. I'm sorry.

Q. No problem.
"It is alleged that on or about October 20, 2014, you failed to audibly record events with CPD vehicles 8779's in-car video system during your tour of duty."

What is your response to that allegation?

A. Again, I'll repeat the fact that I didn't inspect the microphones. I didn't ensure that they were working. So I had no knowledge whether it would record it or not record it at the time of the incident.

Q. Understood.

MS. ANSARI: Do you have any questions for Officer Sebastian?

MR. BROWN: Just a couple.

FURTHER EXAMINATION

BY MR. BROWN:

Q. You noted receiving a training in 2006 in regards to the -- I guess, the video system?

A. Yes.

Q. The video system that was in the vehicles in 2006, is that the same one that was in the vehicles in 2014?

A. I think they have an updated version. I can't answer that question for sure. I think the
cameras have slightly changed, and I only know that
because I've been in some old vehicles and I'm
looking at them like, huh, I'm not quite sure how
to do this because this might be an old one.

So I know the cameras have changed. I'm
not sure that the -- I know logging in is the same;
the appearance is different. So maybe, maybe not.
The general information is the same; the cameras
have changed. Okay?

Q. Okay. So as far as, I guess, the
operation and the logging in, it has remained the
same?

A. Correct.

Q. It is the actual hardware that might have
changed over time?

A. Right, or the appearance of it or --
yes.

Q. Okay. You noted that vehicle 8779 you
guys don't have anymore?

A. No, we don't.

Q. Do you know the reason why you no longer
have that vehicle?

A. They just assigned it to a different --
it actually has a traffic -- it has plate readers
on it now. So when they have plate readers on it, they like to give it to a traffic officer who maybe does car accidents and stuff like that, so now we have a new vehicle, which is not unusual. They trade out and swap vehicles a lot -- I mean, not a lot, but they do it.

Q. As far as you know, it wasn't any response to any, I guess, deficiencies with the systems in vehicle 8779?
A. Not to my knowledge.

Q. I know you stated that you couldn't estimate the frequency as to which or how often the audio or the video system was not working. But whenever the audio or the video system wasn't working, would you typically report that to your sergeant?
A. Yes, if there was anything wrong with the -- yeah. Yes.

Q. It sounds like from what you have told us that it was typical that you would check the video system when you start your tour?
A. Correct.

Q. Was it typical for you to also check the audio system?
A. As of October 20, 2014? No.
Q. So every day you would go in, the PC number wouldn't work; whoever your partners were, they would log in; you guys would check the video?
A. Yes.
Q. But for whatever reason, you wouldn't check the audio system?
A. Myself, no.
Q. Why would you not check it over this span of time?
A. I don't have an answer for that question. I don't know.
Q. So is it safe to say you likely didn't report to your sergeant any issues with the audio for I don't know how long, but years, because you would never check the audio?
A. Yeah, I guess.
Q. All right.
A. It's safe to say that.
Q. Now, when you and your partner get into a car, it's not incumbent on just the passenger to check the video and audio system, right, it's incumbent on both you guys?
A. Correct.
Q. And I know you have had, you know, not just Mondragon as a partner; you have had other people. Each time, as far as you know, you and your partner wouldn't check the audio?

A. I can't speak for anyone I have ever worked with, and I don't supervise what they do. So they may have checked and I just didn't. I don't know. I can't answer that question.

Q. So it's possible that a partner of yours might have checked the audio system and then made the, I guess, required notification to the sergeant?

A. If need be, it's possible. Yes.

Q. In practice, do you think that's what has been happening?

A. I'm not going answer that. I don't know.

Q. I'm sorry, not as of right now, but I mean, like, back in October of 2014?

A. I have no idea. Yeah.

Q. And I think we asked this, but I just want to make sure.

A. Sure.

Q. Is there any particular reason why you
wouldn't check the audio system?

A. I can't give you any reason for that.

Q. Is it cumbersome to check?

A. No. I don't think it's cumbersome to check. I mean, now that it's part of my routine, it's not cumbersome. I mean, I can't give you a reason for why before that day, just --

Q. It wasn't because of a conscious decision to not have any audio recording what's going on?

A. Absolutely not. No. No.

MR. BROWN: All right. That was my follow-up.

FURTHER EXAMINATION

BY MS. ANSARI:

Q. In retrospect, do you think you should have checked the video --

A. Oh, absolutely.

Q. Checked the audio?

A. Absolutely. Yes. And the practice now is very forward and very specific on what we need to do to check it.

Q. Okay.

A. And, really, I'm sure the department in retrospect would say the same thing. I mean, now we have a different way of checking it. We
actually conduct a video, and then we review the video and the audio, and it's -- now, it's done, you know, right.

MR. BROWN: That sounds comprehensive.

THE INTERVIEWEE: Correct.

MS. ANSARI: So I think we have wrapped up with our questions.

BY MS. ANSARI:

Q. You know, understanding the nature of our investigation --

MS. ANSARI: Do you guys want to take a break we ask kind of the wrap-up question, or --

THE INTERVIEWEE: No.

BY MS. ANSARI:

Q. So understanding the nature of our investigation, is there anything that you would like to add that we -- so is there anything that we didn't ask you today that you want to add? Is there anything that you would like to clarify that you have told us?

This is kind of your -- you know, this, obviously, has been a very big event that's been in the news, and, you know, this is kind of your opportunity to add anything to your statement to
A. No.

MS. RUSSELL: I would also just add that to the extent Officer Sebastian actually understands the extent of your investigation --

MS. ANSARI: Yes.

MS. RUSSELL: -- I don't think she has anything to add.

MS. ANSARI: Understood. Okay. Then I think we can go off the record, and this concludes our interview. We'll go off the record. The time is 1:53 p.m.

P.O.SEBASTIAN: Yes.
KILLEN: All right so what was your duty status and assignment on 20 October 2000, 2014 at approximately 2150 hours?

P.O. SEBASTIAN: Correct.

KILLEN: And if you would just from the beginning just explain to me what happened?

P.O. SEBASTIAN: Uh we were responding to a call for uh to assist Beat 815 Robert. Um they had called to get a taser because they said that their offender had a knife.

KILLEN: And do you recall where you were at when you received that?

P.O. SEBASTIAN: Uh right around 55th and Kostner.

KILLEN: Okay. And you received, you’re getting all that information over the radio correct?

P.O. SEBASTIAN: Correct.

KILLEN: Dispatch?

P.O. SEBASTIAN: Hmm huh.

KILLEN: Okay. Um and then were you the driver or passenger?

P.O. SEBASTIAN: I was the passenger.

KILLEN: So then Officer Mondragon and you drive over to where, 815 --

P.O. SEBASTIAN: Is calling for help, yes.

KILLEN: Okay and what happens when you get there?

P.O. SEBASTIAN: Um as we’re in route I would get further information that the offender is going eastbound towards uh the Burger King, towards Pulaski on
foot. That he has a knife in hand. And then um additionally that he punctured the tire of 815 Robert’s car. We were northbound on Pulaski um behind 845 Robert. Uh we turned westbound on 40th Street which is just, the street just north of the Burger King parking lot. Um as we got to the Burger King parking lot 845 Robert went into the parking lot um and we uh had information that the offender was running through that parking lot.

Um --

KILLEN: You got that information over the radio?

P.O. SEBASTIAN: Over the radio, hmm huh. Yes. Um I see the offender at quite a distance. My partner does not. Um I tell her, we decide to go out onto Pulaski to try and cut the offender off on Pulaski. (noise) So she turns goes back on 40th Street and then goes to Pulaski southbound. (noise) Once we get southbound on Pulaski we get to 41st Street where the offender is uh running in front of like southbound um in the middle of the street of Pulaski. Like in front of our car, away from us. (noise)

KILLEN: So the first time you see (noise) the offender where are you?

P.O. SEBASTIAN: First (noise) time I see the offender is when (noise) we’re um turning around in the Burger King parking lot. The driveway of the Burger King.
KILLEN: So that’s after you come up Pulaski onto 40th and into the parking lot?

P.O. SEBASTIAN: Correct. Yes.

KILLEN: So you’re basically just going back around?

P.O. SEBASTIAN: Yes.

KILLEN: And when you see him he’s runnin’?

P.O. SEBASTIAN: He’s runnin’ yes.

KILLEN: Which way does he go?

P.O. SEBASTIAN: He’s running uh southeast basically through the parking (noise) lot.

KILLEN: So toward Pulaski from --

P.O. SEBASTIAN: Correct.

KILLEN: -- 40th Street.

P.O. SEBASTIAN: Yes.

KILLEN: And when you see ‘em you see ‘em with a knife?

P.O. SEBASTIAN: I did not see a knife at that time. No.

KILLEN: If you had to guess at how far away he was, when you first saw ‘em?

P.O. SEBASTIAN: Uh well we were at one end of the parking lot so all the way to the other, I mean several yards. Prob’ly (noise) 50 yards.

KILLEN: (noise) Okay. So then by the time Officer Mondragon’s able to turn it around get back onto Pulaski and go south --
P.O.SEASTIAN: Hmm huh.

KILLEN: -- the offender is, is that when he’s running
south in the street?
P.O.SEASTIAN: Correct. (noise) He’s already in the street
running south.

KILLEN: And then --
P.O.SEASTIAN: At that time I can see the knife in his hand
as we’re getting closer to him (noise) I can see
the knife. Um he has it in his right hand and
he’s actually waving it back and forth. Like
front to back. Moving his arm back and forth as
he’s um maybe like a fast walk, slow run
southbound on Pulaski.

KILLEN: Okay so what happens? So he’s goin’ south, you
guys are goin’ south.
P.O.SEASTIAN: Hmm huh.

KILLEN: What happens?
P.O.SEASTIAN: Um --
HERBERT: Got to say yes.
P.O.SEASTIAN: Yes.
HERBERT: No huh huh’s.
P.O.SEASTIAN: Oh sorry. Yes.
HERBERT: That’s okay.
P.O.SEASTIAN: Uh we get to 41st Street um 845 Robert is
already Officers Walsh and Van Dyke are already
out of the car. Um we see the offender um in the
street still waving his, his arm with the knife.
Uh I heard several shots fired and the offender fell to the ground.

KILLEN: At the time did you know who was shooting?
P.O. SEBASTIAN: I did not.

KILLEN: Did you see like Officer Van Dyke out there gun pointed at 'em?
P.O. SEBASTIAN: I saw Officer Van Dyke and, and Officer Walsh both had their guns drawn. But my attention at the time of the shots fired were towards the offender. Cause we were still in motion. We were still moving --

KILLEN: Goin' south on --
P.O. SEBASTIAN: Yeah we were still moving. Cause we were slow you know goin' slow at the time. (noise)

KILLEN: So when you, when you're goin' slow south on Pulaski where's the offender?
P.O. SEBASTIAN: He's in front of us.

KILLEN: He's still in, in the street?
P.O. SEBASTIAN: Hmm huh. Yes, yes.

KILLEN: You see he's wavin' a knife back and forth is he wavin' it at somebody or whaddoes he do?
P.O. SEBASTIAN: He was (noise) waving it (noise) before he got towards 845 Robert he was just swinging his arm back and forth. I mean he's doing all kinds of like twisting body motions as he's walking. (noise) Um when he got closer to them and they
got outta the vehicle, it (noise) he turned his
body towards them like the knife like (noise) in
a motion towards them. His, (noise) his right
arm did. (noise)

6 KILLEN: And did you see where Officers Van, Van Dyke and
7 Walsh came from? Or did they come north on
8 Pulaski toward 'em or --
9 P.O.SEBASTIAN: No. They were, they had also come from,
10 they went southbound and they were like in the,
11 um they were in the northbound lanes. And they
12 went down past him um in front of him at a great
distance. So they were several feet --

15 KILLEN: So they went south on the other side of the
16 street in the northbound lanes?
17 P.O.SEBASTIAN: Yeah. Yeah.

19 KILLEN: They went south.
20 P.O.SEBASTIAN: They went south like, like cause this, the
21 offender was walking kinda down the middle of the
22 street. So they went in the northbound lanes and
23 then kind of cut across in, in, in front of him.

25 KILLEN: Okay.
26 P.O.SEBASTIAN: Okay as to stop 'em. There was a Dunkin'
27 Donuts on the (noise) uh east side of the street.
28 So kind of in between him and the Dunkin' Donuts
29 basically (noise) what it was.

31 KILLEN: Does he stop walking when they cut in front of
32 'em?
P.O. SEBASTIAN: No he doesn’t. He’s still moving.

KILLEN: Is that when he turns, so he faces --
P.O. SEBASTIAN: Hmm huh yeah he’s still, he’s still moving yes.

KILLEN: And you see, you saw Officers Van Dyke and Walsh get outta the car?
P.O. SEBASTIAN: I saw them outta the car, yes.

KILLEN: Okay saw them with guns drawn?
P.O. SEBASTIAN: I did.

KILLEN: Pointed at the offender?
P.O. SEBASTIAN: Yes.

KILLEN: But you didn’t see who was shootin’?
P.O. SEBASTIAN: I did not.

KILLEN: At the time you couldn’t tell?
P.O. SEBASTIAN: At the, at that time honestly at that time my attention was towards the offender. (someone clears throat)

KILLEN: And then, but you heard gunshots?
P.O. SEBASTIAN: Hmm huh. Heard gunshots.

KILLEN: Okay. Could you guess at how many you heard?
P.O. SEBASTIAN: I, I really don’t know.

KILLEN: And what happens after you hear the gunshots?
P.O. SEBASTIAN: We get out of the vehicle. My partner stops the vehicle, we get out. Um actually (noise) we get out, we see that the offender is no longer a threat. As, as my partner comes out of the car, she notices that the southbound traffic is coming like uh citizens vehicles coming towards the, the crime scene. Cuz they're coming off of a hill, off of the expressway. (noise) So um you know (noise) there were plenty of officers over there attending to that. Our attention turned to the traffic and stopping the citizens from driving into the crime scene. (noise)

KILLEN: And when you say the offender's no longer a threat, whadda you mean by that?

P.O. SEBASTIAN: I didn't see that there was any more movement. Um Officer Walsh, I saw Officer Walsh (noise) um kick the knife, the, he still had the knife in his hand. (noise) You could see that. And he kicked it away from 'em and it was no more, I didn't see any movement from the offender.

KILLEN: So is the offender still standing at this time or is he --

P.O. SEBASTIAN: Oh no he's on the ground.

KILLEN: Okay.

P.O. SEBASTIAN: Yeah he's on the ground.

KILLEN: So after the gunshots he's on the ground?

P.O. SEBASTIAN: Yes.
KILLEN: And then Officer Walsh kicks the knife from his hand.

P.O. SEBASTIAN: Hmm huh. Yes.

KILLEN: And that’s what you mean by he’s no longer a threat now?

P.O. SEBASTIAN: Yes.

KILLEN: Okay. All right. All right is there anything you’d like to add?

P.O. SEBASTIAN: No.

KILLEN: And everything you told me is a true and accurate account of what occurred?

P.O. SEBASTIAN: Yes sir.

KILLEN: All right this will uh conclude the audio recorded interview of Officer Daphne Sebastian regarding Log number 1072125 U number 14 dash 36. Today is the 21st of October 2014. The time is approximately 0519 hours.
I, CAROL A. O’LEARY, do hereby certify or affirm that I have impartially transcribed the foregoing from an audio recording of the above-mentioned proceeding to the best of my ability.

THIS IS A FIELD INVESTIGATION EXC. CLEARED CLOSED (OTHER EXCEPTIONAL) REPORT
SEASTIAN, Daphne L -----

stated she was a Chicago Police Officer assigned to the 008th District. She was on duty, in uniform, working on Beat 813R. SEASTIAN was working with Police Officer Janet MONDRAGON. The two officers were assigned to a marked vehicle. MONDRAGON was driving the vehicle and SEASTIAN was the passenger.

The two officers responded to the request for assistance made by Beat 815R, regarding a subject with a knife. Officer SEASTIAN thought the original call for assistance was at 40th Street and Keeler Avenue. The subject had punctured a tire on the police vehicle of Beat 815R. Officer MONDRAGON drove northbound on Pulaski Road, following Beat 845R, as they also responded to the request for assistance. MONDRAGON turned westbound onto 40th Street, behind Beat 845R.

Officer SEASTIAN observed a black male subject, now known as Laquan MCDONALD, running southeast bound through the parking lot of the Burger King restaurant. Beat 845R pursued MCDONALD in their police vehicle, through the parking lot, toward Pulaski. SEASTIAN told Officer MONDRAGON to drive back out onto Pulaski to assist in the pursuit. MCDONALD ran out onto Pulaski and continued to run southbound down the middle of the street. Beat 845R pursued MCDONALD in their vehicle, southbound on Pulaski, followed by Beat 813R. As MCDONALD ran southbound on Pulaski, SEASTIAN saw the knife in his right hand. MCDONALD was waving the knife.

Beat 845R stopped their vehicle ahead of MCDONALD, between MCDONALD and the Dunkin' Donuts restaurant on the east side of Pulaski. Officers Joseph WALSH and Jason VAN DYKE exited their vehicle and drew their handguns. MCDONALD turned toward the two officers and continued to wave the knife. Sebastian heard the officers repeatedly order MCDONALD to "Drop the knife!" MCDONALD ignored the verbal directions and continued to advance on the officers, waving the knife. Officer SEASTIAN heard multiple gunshots and MCDONALD fell to the ground, where he continued to move. SEASTIAN did not know who fired the shots, which were fired in one continuous group. She then saw Officer WALSH kick the knife out of MCDONALD's hand.
Responded to S17R request for assist.

**NOTE:** Members will immediately notify a supervisor if unable to complete the downloading of digitally recorded data due to technical problems.

c. shut down the in-car video system and logoff the system.

d. return the remote transmitter/audio recorder to the designated area for charging.

B. The sergeant assigned to supervise Department members using Department vehicles equipped with an in-car video system will:

1. monitor subordinates to ensure the in-car video system is used and that digitally recorded data is properly downloaded.

2. ensure that the Help Desk is contacted and a ticket number is obtained whenever any member is unable to use the in-car video system or download digitally recorded data due to technical problems.

3. initiate an investigation when notified of a missing or lost remote transmitter/audio recorder.

4. document on the Supervisor’s Management Log (CPD-11.455):
   a. whether each vehicle has an in-car video system and if it is functioning.
   b. all responses related to malfunctions of vehicles equipped with in-car video systems.
   c. digitally recorded data downloaded to land-based terminals, noting any units unable to complete the download and the Help Desk ticket number obtained.
   d. any request submitted for an extended hold of digitally recorded data.
   e. any instances of additional training, corrective measures, or disciplinary actions.

5. document on the Traffic Pursuit Report (CPD-22.958) or traffic crash report that the incident has been digitally recorded.

6. obtain a complaint register number and order an evidence technician to process the equipment if any damage or malfunction is suspected to have been caused by deliberate (tampering) means.

C. **Station supervisors** will:

1. designate a sergeant responsible for monitoring the downloading of digitally recorded data for the watch.
2. record the total number of vehicles equipped with in-car video systems deployed during the watch and the total number of these vehicle that do not have a functioning in-car video system, if any, on the Watch Incident Log (CPD-21.916).

3. ensure the status of vehicles equipped with in-car video systems is recorded on the Personal Equipment Log (CPD-21.919) by recording the word “VIDEO” in the “Camera/Tripod No.” column.

4. if an in-car video system malfunctions or the system or vehicle becomes inoperable during the tour, record the vehicle and beat numbers and the words “VIDEO DOWN” on the Watch Incident Log.

D. When digitally recorded data is determined to have evidentiary or training value, or a complaint against a Department member is received that involves a digitally recorded incident, the supervisor reviewing the recorded data will request an extended hold on the data.

VII. Downloading Digitally Recorded Data from the In-Car Video System

A. When downloading digitally recorded data from the mobile unit of an in-car video system to a land-based terminal, Department members will:

1. download the data in accordance with the manufacturer’s guidelines and training.

2. ensure the download of data was complete and return the vehicle back into service.

B. With the approval of the station supervisor in the district of occurrence, special requests for the immediate viewing of digitally recorded data from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA will be processed for major incidents where an in-car camera system may be reasonably expected to have captured a component of the incident.

1. Major incidents include, but are not limited to:
   a. police-involved shootings,
   b. serious injury or death to a Department member,
   c. serious injury or death to a member of the public.

2. Special requests for viewing digitally recorded data will be made to the station supervisor in the district of occurrence, who will:
   a. evaluate the request;
   b. determine if the need for retrieval outweighs the operational impact of the vehicle being taken out of service; and
   c. notify Crime Prevention and Information Center (CPIC) of the decision.

3. Special requests will be in the form of one of the following types:
   a. Special wireless upload, or
   b. Emergency on-site retrieval.

C. Special Wireless Uploads

1. The station supervisor in the district of occurrence will take the vehicle out of service and secure it at the unit of assignment or other appropriate location.

2. The supervisor will:
   a. verify that the vehicle operator or partner is signed on to the in-car camera system;
   b. instruct the member to manually flag the entire tour of duty’s available video for upload;
c. instruct the member to initiate a manual upload of this video with the vehicle in range of the facility's wireless hotspot; and

NOTE: If video cannot be uploaded via wireless hotspot, a cradle upload will be used.

d. ensure that the vehicle remains out of service until the upload is complete.

3. Once complete, the station supervisor will allow personnel from the Bureau of Detectives, Bureau of Internal Affairs, or IPRA, as appropriate, to review the uploaded files.

NOTE: For officer-involved shootings when an On-Call Incident Commander (OCIC) will respond, an emergency on-site retrieval will be immediately requested through CPIC.

4. The station supervisor may identify an alternate vehicle for the member to use while the identified vehicle completes its video upload, as appropriate.

5. If an attempt to wirelessly upload is unsuccessful, members may contact the City of Chicago Help Desk at 4-DATA for assistance.

6. If a wireless upload fails, an emergency on-site retrieval will be conducted.

D. Emergency On-Site Retrieval

1. The station supervisor in the district of occurrence will notify CPIC of an approved emergency on-site retrieval.

NOTE: An emergency on-site retrieval will only be conducted when an OCIC is responding or a wireless upload fails and contacting the City of Chicago Help Desk at 4-DATA has not resolved the problem.

2. CPIC will notify the Public Sector Information Technology (PSIT) Group personnel of a manual video retrieval from the "fail-safe" internal drive request.

3. The station supervisor in the district of occurrence will take the identified vehicle out of service during the retrieval process.

4. If the identified vehicle is still in use when the designated supervisor arrives at the unit facility or other appropriate location, the supervisor will report to the vehicle and instruct any member logged onto the system to log off the system.

5. The vehicle will remain out of service until PSIT responds and conducts the video retrieval.

NOTE: On-site review of video will be limited to the series of events and time frame giving rise to the alleged incident.

E. Viewing and Obtaining Copies of In-Car Video Recordings

1. Once retrieval has been completed for the requested time frame, the video may be viewed by personnel from the requesting party at the location of retrieval.

2. Requests for copies of in-car video recordings will be made by completing the form entitled “Digitally Recorded Data Viewing/Hold/Duplication Request” (CPD-65.224) and forwarding it to the Records Division.

F. The Managing Deputy Director, PSIT, will:

1. establish procedures to ensure the security of the digitally recorded data from downloading to storage by the Records Division.
2. develop a system to monitor the memory capacity of the land-based terminals and provide for the security of the downloaded data.

G. If members are unable to download digitally recorded data from the mobile unit of the in-car video system to the land-based terminals due to system inoperability:
   1. the station supervisor will notify the Help Desk and follow any further instructions given by the responding member of PSIT.
   2. A designated member of PSIT will respond to the requesting unit and:
      a. ensure the security of the digitally recorded data.
      b. perform a manual download of the digitally recorded data.
      c. record the manual download on the Help Desk ticket.

VIII. REQUESTING A HOLD FOR DIGITALLY RECORDED DATA
   A. Department members will place an extended hold on digitally recorded data they recorded using the postevent pop-up menu on the in-car video system.
   B. Within the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will request that a supervisor place the extended hold by using the land-based terminal at the district/unit station.
   C. After the first 48 hours from downloading digitally recorded data from the vehicle, Department members who do not use the postevent pop-up menu and request an extended hold on digitally recorded data will:
      1. complete the Digitally Recorded Data Viewing/Hold/Duplication Request form.
      2. indicate on the form the necessary actions by the Records Division.
      3. explain in the narrative portion of the form the reason for the request.
      4. submit the form to the station supervisor/designated unit supervisor for approval.
      5. submit the completed and approved form to the Records Division for processing and retention in accordance with existing records-retention requirements.
   D. Department members who wish to remove an extended hold on digitally recorded data will follow the procedures outlined in Item VIII-C of this directive indicating the circumstances requiring the removal of the extended hold.
   E. The Director, Records Division, will:
      1. develop a cataloging system for storage and retrieval of recordings and procedures for ensuring archives are maintained consistent with Department directives (including the Forms Retention Schedule), applicable state and federal laws, and compliance with all court orders.
      2. be responsible for retaining digitally recorded data for which an extended hold was requested as prescribed by law and established Department policy.

IX. VIEWING, RETAINING, AND DUPLICATING DIGITALLY RECORDED DATA
   A. All digitally recorded data created by the in-car video systems are the property of the Chicago Police Department. Dissemination of any digitally recorded data outside the Department is strictly prohibited without specific authorization by the Superintendent or an appointed designee.
      1. Any non-Departmental requests for duplication of digitally recorded data must be approved by the Superintendent or an appointed designee.
2. All approved requests will be forwarded in an expeditious manner to the Director, Records Division, along with:
   a. a completed and approved Digitally Recorded Data Viewing/Hold/Duplication Request form, and
   b. written instructions, including dissemination information, for compliance with the request.

B. Department members assigned to vehicles equipped with in-car video systems and their supervisors are encouraged to use the review/playback functions of the system for the purposes of:
   1. developing familiarity with the functions, capabilities, and limitations of the in-car video systems to create consistent recording techniques which capture relevant actions.
   2. searching for and identifying recorded events having evidentiary or training value.
   3. reviewing approach and officer safety issues.
   4. ensuring consistency with written reports.

C. Reviewing Digitally Recorded Data

Investigating members may view digitally recorded data in the performance of official police business. When it is necessary to view digitally recorded data stored by the Records Division, the following procedures will apply:
   1. The requesting Department member will:
      a. prepare a Digitally Recorded Data Viewing / Hold / Duplication Request form, including approval of the requestor's station supervisor/designated unit supervisor.
      b. schedule an appointment to view the recorded incident with a Records Division supervisor (or an appointed designee) to ensure the availability of a technician and playback equipment.
      c. present the properly completed and approved form to a Records Division supervisor at the scheduled time.
   2. A Records Division supervisor will:
      a. process all approved recorded incident review requests.
      b. assign a technician to assist the requestor in viewing the recorded incident, as required.

D. Obtaining a Video Recording
   1. A duplicate copy of selected information may be made to retain that information:
      a. when it is not required that the master video be retained for an indefinite period (e.g., investigation of a routine administrative incident when the punishment is of a summary or minor nature).
      b. when the requesting member determines that a duplicate video of a master video will be sufficient.
   2. A duplicate video recording may be obtained by:
      a. completing a Digitally Recorded Data Viewing / Hold / Duplication Request form and submitting the completed form to the station supervisor/designated unit supervisor for approval.
      b. notifying the Records Division that a duplicate video recording is required and submit the approved Digitally Recorded Data Viewing/Hold/ Duplication Request form to the Director, Records Division.
c. indicating to the Records Division which information from the digitally recorded data is to be included on the duplicate video recording.

3. When the duplicate video recording has served the purpose for which it was made, the requesting member will ensure that it is immediately returned to the Records Division.

NOTE: A member requesting a duplicate video recording will not make additional copies of it or permit unauthorized persons to duplicate or view it under any circumstances.

E. Special Situations

When the Records Division receives a request for an extended hold of digitally recorded data that indicates it pertains to:

1. a motor vehicle pursuit or traffic crash involving a Department vehicle, the Director, Records Division, will ensure a duplicate video is forwarded to the Traffic Review Board.

2. an incident having training value, the Director, Records Division, will ensure a duplicate video is forwarded to the Deputy Chief, Education and Training Division.

MR. NEUMER: My name is Peter Neumer, am
I'm an assistant Inspector General for the City
of Chicago Inspector General's Office. My
colleague, Raul Valdez, V-a-l-d-e-z,
Investigator II for the Inspector General's
Office is with me as well. The time is
12:15 p.m. There are no other individuals
present.

Mr. Valdez and I are present today
for the scheduled interview of Officer Jason
Van Dyke. The interview of Jason Van Dyke was
scheduled for today at 11:30 a.m.

An employee of Mr. Van Dyke's
attorney's office, Terri Ryan, confirmed that
date and time for the interview on March 11,
2016, by sending an e-mail to my colleague Sarah
Ansari, A-n-s-a-r-i. She also e-mailed Dan
Herbert and CCed Kristopher Brown, an
investigator at the Office of the Inspector
General, and myself.

The e-mail reads as follows: "Sarah,
Mr. Herbert confirms March 22nd at 11:30 for the
Van Dyke interview."

Today Raul and I arrived at
approximately 11:15 a.m. at 300 West Adams, Suite 800, Amicus Court Reporters for the interview. At the time we arrived, Commander Klimas of IAD, Internal Affairs Division, of CPD was present in the Amicus Court Reporters' lobby ready to order Officer Van Dyke to answer the Office of Inspector General's questions should Officer Van Dyke refuse.

After neither Officer Van Dyke nor his attorney Dan Herbert, H-e-r-b-e-r-t, appeared for the interview, I contacted Herbert via telephone at 11:45 a.m. During that phone call, Mr. Herbert acknowledged that neither he nor his client had entered the building at 300 West Adams at any point today.

Mr. Herbert represented that his colleague, Tom Rebholz, had possibly entered the building, and he claimed that Mr. Rebholz learned that my colleague, Ms. Ansari, was conducting an interview at the same time and assumed that the interview would not be going forward.

During that phone call, in addition to Mr. Valdez being present, my colleagues
Ms. Ansari and Kris Brown were also present. During that phone call Mr. Herbert acknowledged it was his mistake that Officer Van Dyke did not appear for the interview.

The court reporter's office has represented that no individual contacted them today asking for Ms. Ansari or the Inspector General's Office with respect to the interview of Officer Van Dyke.

I subsequently contacted Mr. Herbert again via telephone at 12:01 p.m. I informed him that our office would interpret Officer Van Dyke's failure to appear for a previously scheduled interview that was confirmed by Mr. Herbert's office as a failure to cooperate.

We informed Mr. Herbert that we were ready and willing to proceed with the interview, as we did during the 11:45 a.m. call.

Mr. Herbert represented that it would not be possible for him to go forward with the interview today and requested a continuance.

Given that the Office of Inspector
General was present for the scheduled interview of Officer Van Dyke well before the scheduled interview time and given that, upon calling Mr. Herbert, Mr. Herbert represented that the interview would not be going forward as scheduled, the Office of Inspector General is now going to interpret Officer Van Dyke's failure to appear for the scheduled interview as a failure to cooperate, and we are now going to conclude the proceedings for today. The time is 12:21 and we will go off the record.

(WHEREUPON, discussion was had off the record.)

MR. NEUMER: The time is 12:23. We'll go back on the record and we are going to mark as Exhibits 1 through 8.

I'm going to mark as Exhibit 1 an Notification of Interview. This is a document entitled Notification of Interview for CPD member dated February 24, 2016. This document has what purports to be Officer Jason Van Dyke's signature which was made on February 24, 2016, at 12:55. It does not state whether that was a.m. or p.m.
The next exhibit I will mark is Exhibit 2, a Notification of Allegations. This is dated — also dated February 24, 2016. This document was provided to Officer Van Dyke on February 24, 2016 and contains his signature and printed name. Also signed at 12:55. Exhibit 1 was also provided to Officer Van Dyke on February 24, 2016, by IAD.

I will next mark as Exhibit 3 a Receipt Form which indicates IAD's provision to Officer Van Dyke on February 24, 2016, of a DVD containing materials relevant to his interview.

I will next mark as Exhibit 4 a transcript of an October 21st, 2014 Independent Police Review Authority interview of Officer Van Dyke. This interview transcript was provided to Officer Van Dyke on February 24, 2016, by IAD as part of a DVD of materials relevant to his interview.

I will next mark as Exhibit 5 an excerpt of a Chicago Police Department Case Supplementary Report dated March 15, 2015 with the RD Number HX475653 containing Officer Van Dyke's statement to Detective March.
This Exhibit 5 Case Supplementary Report was provided to Officer Van Dyke on February 24th, 2016 as part of a DVD of materials put together by the Office of Inspector General and provided to Officer Van Dyke by Internal Affairs division of CPD.

I will next mark as Exhibit 6 a General Progress Report dated October 20th, 2014, with the RD Number HX475653 containing Detective March's notes of his interview of Officer Van Dyke. This Exhibit 6 was provided to Officer Van Dyke on February 24, 2016, on a DVD of materials put together by the Office of Inspector that are relevant to his interview.

I will next mark as Exhibit 7 a Tactical Response Report with the RD Number HX475653. This contains the star and employee number of Officer Jason Van Dyke. This Exhibit 7 Tactical Response Report was provided to Officer Van Dyke on February 24, 2016, on a DVD put together by the Office of Inspector General and provided to Officer Van Dyke by IAD.

And I will finally mark as Exhibit 8
an Officer's Battery Report with the RD Number HX475653. The reporting member's name for the report is Jason Van Dyke and the report contains his star number of 9465.

This Officer's Battery Report, Exhibit 8, was provided to Officer Van Dyke on February 24, 2016, by IAD on a DVD prepared by the Chicago Office of Inspector General and contains -- that DVD, again, contained materials relevant to Officer Van Dyke's interview.

Having marked these eight exhibits and, again, given Attorney Herbert's representation that Officer Van Dyke will not be appearing at the scheduled interview today, March 22, 2016, we will go off the record at 12:29 p.m.

(WHEREUPON, the statement for the record was concluded at 12:29.)

P.O. VAN DYKE: Yes.

KILLEN: -- essentially. All right. Did you work the night before?
P.O. VAN DYKE: No I did not.

KILLEN: So the 20th of October is like your Monday?
P.O. VAN DYKE: Yes.

KILLEN: Okay. Prior to, prior to showin' up to work on the 20th of October where were ya?
P.O. VAN DYKE: Um I was at home. And I had a part-time job that day.

KILLEN: Oh whadda you do?
P.O. VAN DYKE: Um I worked at uh the Wal-Mart in Cicero.

KILLEN: Security?
P.O. VAN DYKE: Yes.

KILLEN: Okay.
P.O. VAN DYKE: For Moneray.

KILLEN: Did you go, go from Moneray Security work, you work for Moneray Security?
P.O. VAN DYKE: Yes.

KILLEN: I gotcha. Did you go from your part-time job to, to the 8th District and work? Or did you go from home to 8?
P.O. VAN DYKE: I went from home to 8.
KILLEN: Okay. All right and then on 20 October 2014 approximately 2156 hours you were involved in a police shooting correct?

P.O. VAN DYKE: Yes.

KILLEN: All right. And if you would just start from the beginning explain what happened that night that brought you, brought you there?

P.O. VAN DYKE: Um I heard um 815 Robert requesting assistance and we responded.

KILLEN: Okay. So (inaudible) so 20, so on 20 October 2014 you start work at 2100 hours correct?

P.O. VAN DYKE: Yes.

KILLEN: So you get there you have roll call?

P.O. VAN DYKE: Yes.

KILLEN: What time do you have roll call at? About?

P.O. VAN DYKE: Around 2100, 2110.

KILLEN: Okay. And if you remember approximately what time did you get out of roll call?

P.O. VAN DYKE: Maybe 20 minutes later.

KILLEN: Okay so say somewhere between 2130, 2140?

P.O. VAN DYKE: Yes.

KILLEN: All right so you and Officer Walsh you go get your car?

P.O. VAN DYKE: Yes.
KILLENN: You guys get in the car. You leave the 8th District.

P.O. VAN DYKE: Yes.

KILLENN: And whadda you do immediately from leaving the 8th District?

P.O. VAN DYKE: Um we drove and we got some coffee at the 7 Eleven on 59th and Pulaski.

KILLENN: Okay. Is that where you’re at when you hear the call that the 815 Robert needs assistance?

P.O. VAN DYKE: We were leaving there.

KILLENN: Okay. So you get your coffee and the call you’re talkin’ about you hear over the radio correct?

P.O. VAN DYKE: Yes.

KILLENN: Were you assigned the job? Or did you just hear it?

P.O. VAN DYKE: Um we didn’t hear their initial job. We heard them requesting assistance.

KILLENN: Okay do you remember exactly what kinda assistance they were lookin’ for or why?

P.O. VAN DYKE: Um they were requesting a taser for an individual.

KILLENN: Okay do you remember where they were at when they requested it?

P.O. VAN DYKE: They were around 40th and, 41st and one of the K streets. I don’t remember.
KILLEN: Okay. (clears throat) So uh so you and Officer Walsh you leave the 7 Eleven parking lot basically?

P.O. VAN DYKE: We were already on Pulaski.

KILLEN: Okay but you just left the park, you just left 7 Eleven?

P.O. VAN DYKE: Right.

KILLEN: Who’s drivin’?

P.O. VAN DYKE: Joe Walsh.

KILLEN: Okay. So you immediately then go to say 40th and whatever K street there, the 815 Robert were at?

P.O. VAN DYKE: Um yeah we were proceedin’ southbound, yes.

KILLEN: Okay so you head toward --

P.O. VAN DYKE: I’m sorry northbound.

KILLEN: You see them north on Pulaski towards 40th Street?

P.O. VAN DYKE: Yes.

KILLEN: Okay. So you guys go lights and sirens?

P.O. VAN DYKE: Yes.

KILLEN: All right so you guys go straight from let’s just say from 7 Eleven to 40th and Pulaski that’s where you’re headed?

P.O. VAN DYKE: Yes.

KILLEN: And what happens there?
P.O. VAN DYKE: Um once we get closer heard also over the
air that um subject, they're still askin' for a
taser and that the uh, the subject is armed uh
with a knife. And that he had just slashed one
of their tires.

KILLEN: So that's over the radio you hear all this
correct?
P.O. VAN DYKE: Yes.

KILLEN: All right. Do you carry a taser?
P.O. VAN DYKE: No I do not.

KILLEN: Does Officer Walsh?
P.O. VAN DYKE: I don't know that.

KILLEN: Okay.
P.O. VAN DYKE: That night I don't think he had one.

KILLEN: Okay. And Officer Walsh he would be your regular
partner correct?
P.O. VAN DYKE: No.

KILLEN: Okay oh you said he was.
P.O. VAN DYKE: Yes.

KILLEN: You really bounce around then.
P.O. VAN DYKE: Yes I do.

KILLEN: Okay. So you and Officer Walsh you get to 40th
and this is about Karlov is where this happens
at. Or starts off at Karlov and these guys and, and toward Pulaski.

P.O. VAN DYKE: I yeah I don't know what K street it was. I just --

KILLEN: No I'm, I'm tellin' ya.
P.O. VAN DYKE: Okay.

KILLEN: All right so, so you guys get to, so you get to 40th and Pulaski and what happens?
P.O. VAN DYKE: Um we, we head um westbound on 40th Street. We're right there at the Burger King um he's givin' out that the guy's runnin' eastbound towards Pulaski um I'm sorry. One of the officers of 815 Robert is givin' out a description over the air that the offender's runnin' eastbound towards Pulaski and he's at the Burger King lot. Um I see Officer McElligott on foot um approaching into the Burger King lot. I see the offender running eastbound through the Burger King parking lot.

KILLEN: Okay. Do you remember the description given out over the radio of the offender?
P.O. VAN DYKE: No.

KILLEN: But when you see the guy runnin' through the parkin' lot --
P.O. VAN DYKE: I see the guy runnin' through the parkin' lot with the knife.
KILLENN: Okay. And as best you can describe to me what that man looks like?

P.O. VAN DYKE: Uh he's a male black, braids. He had a black jacket on and blue jeans.

KILLENN: And you saw 'em with a knife?

P.O. VAN DYKE: Yes I did in his right hand.

KILLENN: He's runnin', he, he's runnin' east through the parking lot?

P.O. VAN DYKE: He's runnin' east and on a diagonal towards the uh Burger King.

KILLENN: And when you see this where you at?

P.O. VAN DYKE: We're about getting, we're basically at the mouth of the parking lot.

KILLENN: Burger King?

P.O. VAN DYKE: Yes.

KILLENN: What happens then? So you see this guy runnin' and you see Officer McElligott on foot after 'em correct?

P.O. VAN DYKE: Yes.

KILLENN: Okay and what happens?

P.O. VAN DYKE: We enter the parking lot. We kinda cut 'em off from goin' into the Burger King. See another squad car approaching on our left. And it looks like we're going to be able to pin 'em in. He continues running eastbound towards Pulaski. We continue to follow him on to Pulaski and at that
point he starts running southbound on, in the middle of Pulaski.

KILLEN: So at this point you have, you have neither of you, you or Officer Walsh have exited the squad car?
P.O.VAN DYKE: No.

KILLEN: Okay. So then when the offender runs south on Pulaski you continue south after 'em?
P.O.VAN DYKE: Yes.

KILLEN: And what happens from there?
P.O.VAN DYKE: Um we get a lil bit closer to 'em because it looks like he's tryin' to run towards the Dunkin' Donuts cause he's continually makin' a beeline towards the nearest um, nearest building. We cut 'em off again. There's another squad car approaching and he diverts um back into the um southbound lanes on Pulaski. And at that point we go around the other squad cars and we get ahead of 'em by about five or six car lengths.

KILLEN: Okay. And what you mean is you went, you went further south on Pulaski right?
P.O.VAN DYKE: Yes we did.

KILLEN: The chase continued south on Pulaski?
P.O.VAN DYKE: Yes it did.

KILLEN: And so you get ahead of 'em?
P.O.VAN DYKE: Yes.
KILLEN: And what happens?
P.O. VAN DYKE: Um we parked the squad car kind of on an angle in the middle of Pulaski so he can’t keep on running down the road.

KILLEN: Okay.
P.O. VAN DYKE: Um I exit the vehicle. Uh I see ‘em runnin’ wavin’ this knife with his right hand you know under, it in an under position. I give ‘em verbal commands to drop the knife. I’m yellin’ at ‘em drop the knife.

KILLEN: Okay. When you guys, you park your car on Pulaski correct?
P.O. VAN DYKE: I’m sorry?

KILLEN: The car, your car gets stopped on Pulaski?
P.O. VAN DYKE: Yes it does.

KILLEN: Is there traffic, is there regular traffic on Pulaski at that point do you remember?
P.O. VAN DYKE: I don’t remember really any being there.

KILLEN: Okay. And he’s --
P.O. VAN DYKE: I’m focused on him.

KILLEN: Right I know. And he’s still on Pulaski and he’s in the southbound lanes still runnin’ south though right?
P.O. VAN DYKE: Yes.
KILLEN: You said he was kinda makin' that beeline between
say Burger King and the Dunkin' Donuts on the
east side of Pulaski?
P.O.VAN DYKE: Correct.

KILLEN: So you, you stop. You get out, pistol drawn.
P.O.VAN DYKE: Yes.

KILLEN: And order 'em to put the knife down.
P.O.VAN DYKE: Yes I do.

KILLEN: And you say he's wavin' it at, as best you can
describe what you were doin' with your hand
there?
P.O.VAN DYKE: He's wavin' it in an, he's clenchin' it. Um
with the blade forward underneath and he's wavin'
it um from you know his right side towards his
left in an upward fashion.

KILLEN: Okay. Him doin' that make you think he was gonna
put the knife down?
P.O.VAN DYKE: No.

KILLEN: You took that to be a threatening --
P.O.VAN DYKE: Yeah he was wavin' it upwards --
REBHOLZ: Chest level.
P.O.VAN DYKE: -- yeah at my chest. Chest level.

KILLEN: As if he wanted to he could stab you?
P.O.VAN DYKE: Yes.
KILLEN: Okay. And how far, so you get out and he’s doin’ this with the knife. How far are you from him at this point if you guess?
P.O.VAN DYKE: I would say I was approximately ten to fifteen feet away from him.

KILLEN: And he’s facin’ you?
P.O.VAN DYKE: He’s, he’s comin’ towards me.

KILLEN: Okay. So he’s closin’ the distance between you and him?
P.O.VAN DYKE: He is and I’m back pedalin’.

KILLEN: Okay and at that point what’s between you and him?
P.O.VAN DYKE: Nothing.

KILLEN: And what’s behind you? Do you know?
P.O.VAN DYKE: I have no idea.

KILLEN: Do you know where Officer Walsh was at at this time?
P.O.VAN DYKE: I have no idea.

KILLEN: All right what about any other officers. Did you see them too?
P.O.VAN DYKE: I saw some squad cars approaching from the um the north. Um that’s about it.

KILLEN: Okay. And I know you said it before, I’m gonna assume your attention is focused on the man with the knife.
P.O. VAN DYKE: Yes.

KILLEN: Okay. And he’s closin’ the distance between you and him and you’re back pedalin’ did you say?
P.O. VAN DYKE: Yes I am.

KILLEN: Is he runnin’ toward you?
P.O. VAN DYKE: He’s walkin’ really fast almost like ah almost like a jog I think.

KILLEN: Okay. And that’s when he’s doin’ the wavin’ with the knife?
P.O. VAN DYKE: Yes.

KILLEN: And what, what happens? So he’s closin’ the distance. You’re back pedalin’ and what happens?
P.O. VAN DYKE: He’s gettin’, he’s gettin’ closer to me. I could see that there’s nobody to my right. There’s nothin’ in front a me. There’s nothin’ to my left. I keep on orderin’ ’em drop the knife, drop the knife, drop the knife. He doesn’t drop the knife. He’s still wavin’ the knife at me. I’m thinkin’ he’s, he’s goin’ do somethin’ to me.

KILLEN: And whaddid you think was he was gonna do?
P.O. VAN DYKE: I think he’s going to try and take my life away from me.

KILLEN: And what happens?
P.O. VAN DYKE: I shoot ’em.
KILLEN: Okay. Do you know how many times you fired?
P.O.VAN DYKE: I shot 16 rounds.

KILLEN: You know that now?
P.O.VAN DYKE: I know that because my weapon went into slide lock.

KILLEN: Oh so at the moment, at the time you knew that, you were aware of that?
P.O.VAN DYKE: Yes.

KILLEN: Okay. And so when your pistol goes into slide lock do you think, do you know that you emptied the clip or do you think like it's a malfunction?
P.O.VAN DYKE: I know I emptied the magazine.

KILLEN: Okay. So you weren't afraid of a malfunction?
P.O.VAN DYKE: No.

KILLEN: And whadda you do? So the slide locks and whadda you do with your pistol?
P.O.VAN DYKE: I did a tactical reload.

KILLEN: Okay. And do you fire again?
P.O.VAN DYKE: No I do not.

KILLEN: Why not?
P.O.VAN DYKE: Um I felt that the threat was eliminated. Um my partner, Officer Walsh said Jason back up I have this. Um I covered him while he approached and kicked the knife outta the offender's hand..
INDEPENDENT POLICE REVIEW AUTHORITY

KILLEN: Okay and when you say the threat’s been eliminated, why is the threat eliminated?

P.O. VAN DYKE: Um the subject was now layin’ on the ground.

KILLEN: And Officer Walsh had to kick the knife from his hand?

P.O. VAN DYKE: Yes he had to forcefully kick the knife out of his hand.

KILLEN: So the offender falls to the ground and he’s still got the knife?

P.O. VAN DYKE: He still has the knife. He’s you know we’re still yellin’ at ‘em drop the knife.

KILLEN: Okay. So then Officer Walsh tells you to back up, he’s got this.

P.O. VAN DYKE: Right.

KILLEN: He approaches the offender.

P.O. VAN DYKE: He approaches the offender and he kicks it out of his hand.

KILLEN: And that whole time you’re what the cover officer at that point?

P.O. VAN DYKE: Yes.

KILLEN: Okay so and do you know what happens right after that then?

P.O. VAN DYKE: After that um Officer Walsh gets over the air and um says shots fired by the police. I remember shouting we need an ambulance. Um I, I
think I keyed it up over the radio. I don’t remember if I did or did not, but I shouted we need an ambulance.

KILLEN: All right and then that’s when all the other officers start runnin’ up, gettin’ there correct?

P.O. VAN DYKE: Yes.

KILLEN: Okay. All right. At any time did you, did you handle that knife?

P.O. VAN DYKE: No I did not.

KILLEN: So Officer Walsh kicks it as it remains on the ground?

P.O. VAN DYKE: Yes.

KILLEN: Are you aware of any officer pickin’ it up or touching or handlin’ it in any way?

P.O. VAN DYKE: No I think it was just the um the crime lab recovered it.

KILLEN: Okay. So where they recovered it as far as you know is where it laid the entire time?

P.O. VAN DYKE: Yes.

KILLEN: Okay. And then just goin’ back to when you discharged your firearm, do you remember, were you, were you standing still when you fired or were you movin’?

P.O. VAN DYKE: I think I was moving.
KILLEN: Do you think, do you think you were still movin’ backwards?
P.O.VAN DYKE: Yes.

KILLEN: Okay. Do you remember how you held the pistol?
P.O.VAN DYKE: Yes.

KILLEN: How?
P.O.VAN DYKE: Held it in front of me. Um two hands.

KILLEN: Are you right handed or left handed?
P.O.VAN DYKE: I’m right handed.

KILLEN: All right so your right hand dominant.
P.O.VAN DYKE: Yes.

KILLEN: So your left hand was for support?
P.O.VAN DYKE: Yes.

KILLEN: Is that what you’re doin’. And do you use sights?
P.O.VAN DYKE: No I do not.

KILLEN: Okay. Before I forget what kinda pistol did you have?
P.O.VAN DYKE: Um it’s was a Smith & Wesson um 5943 9 millimeter.

KILLEN: It was fully loaded?
P.O.VAN DYKE: Yes it was.

KILLEN: So what’s that 15?
KILLEN: Okay. All right at the time did you have any other firearm on you?
P.O.VAN DYKE: No I did not.

KILLEN: Do you own any other firearms?
P.O.VAN DYKE: Yes I do.

KILLEN: What do you own?
P.O.VAN DYKE: I own a um a Chief Special 38 Revolver.

KILLEN: That’s it?
P.O.VAN DYKE: That’s it.

KILLEN: Okay. All right. So you, you, you’re fully loaded. 16 rounds fired. Slide lock, you do tactical reload but you don’t fire again?
P.O.VAN DYKE: I do not.

KILLEN: All right so then when, when your weapon is recovered by the crime lab, that’s what they got, they got the reloaded firearm?
P.O.VAN DYKE: Yes sir.

KILLEN: So the clip is 15?
P.O.VAN DYKE: I’m sorry?

KILLEN: Did you put one in the chamber and then 15 or is the 15 from the clip?
P.O.VAN DYKE: 15 from the magazine.
KILLEN: Okay. All right. And you weren't injured at all correct?
P.O.VAN DYKE: No sir.

KILLEN: To the best of your recollection can you estimate how close you were when, or how close you and the offender were to each other when you fired your weapon at 'em?
P.O.VAN DYKE: I would say it was approximately 10 to 15 feet.

KILLEN: Okay. All right. And as far as you were, you're the only police officer that fired correct?
P.O.VAN DYKE: Yes sir.

KILLEN: Okay. All right. Is there anything you'd like to add?
P.O.VAN DYKE: No sir.

KILLEN: Everything you told me is a true and accurate account of what occurred?
P.O.VAN DYKE: Yes sir.

KILLEN: All right this will conclude the audio recorded interview of Officer Jason Van Dyke regarding Log number 1072125 U number 14 dash 36. Today's the 22nd of October 2014. The time's approximately 1206 hours.
I, CAROL A. O’LEARY, do hereby certify or affirm that I have impartially transcribed the foregoing from an audio recording of the above-mentioned proceeding to the best of my ability.

VAN DYKE, Jason D ----- 

stated he was a Chicago Police Officer assigned to the 008th District. He was on duty, in uniform, working on Beat 845R. VAN DYKE was working with Police Officer Joseph WALSH. The two officers were assigned to Chicago Police Department vehicle number 6412, a marked Chevrolet Tahoe, four door sport utility vehicle. WALSH was driving the vehicle and VAN DYKE was the passenger. 

The two officers responded to a request for assistance from Beat 815R, regarding a man with a knife, on 40th Street, west of Pulaski Road. A unit equipped with a taser had also been requested. Officer VAN DYKE heard the radio transmission when Officer Thomas GAFFNEY said the man with a knife had "popped" the tire of GAFFNEY's police vehicle. VAN DYKE understood this to mean the subject had slashed the tire with his knife. As Officer WALSH drove westbound on 40th Street from Pulaski, VAN DYKE observed a black male subject, now known as Laquan MCDONALD, running eastbound in the parking lot of the Burger King restaurant on the southwest corner of 40 Street and Pulaski. MCDONALD was holding a knife in his right hand. VAN DYKE saw Police Officer Joseph MCELLIGOTT pursuing MCDONALD on foot. VAN DYKE also saw a civilian who was standing on 40th Street pointing to MCDONALD. 

Officer WALSH drove eastbound in the parking lot, in pursuit of MCDONALD, on the north side of the Burger King restaurant building. WALSH used the police vehicle to block MCDONALD from entering the restaurant. MCDONALD ran out onto Pulaski Road and then turned southbound, running toward a Dunkin' Donuts restaurant, on the east side of Pulaski, south of the Burger King. WALSH positioned the police vehicle between MCDONALD and the Dunkin' Donuts to block his path towards that restaurant. When WALSH slowed the police vehicle alongside MCDONALD, Officer VAN DYKE opened the right front door of the vehicle to exit and confront MCDONALD. WALSH told VAN DYKE to stay in the vehicle as they were too close to MCDONALD to safely exit their vehicle. WALSH drove on southbound and stopped the police vehicle ahead of MCDONALD. 

Officer VAN DYKE exited the vehicle on the right side and drew his handgun. As VAN DYKE stood in the street on Pulaski, facing northbound, toward MCDONALD, MCDONALD approached southbound. MCDONALD was holding the knife in his right hand, in an underhand grip, with the blade pointed forward. He was swinging the knife in an aggressive, exaggerated manner. VAN DYKE ordered MCDONALD to "Drop the knife!" multiple times. MCDONALD ignored VAN DYKE's verbal direction to drop the knife and continued to advance toward VAN DYKE. 

When MCDONALD got to within 10 to 15 feet of Officer VAN DYKE, MCDONALD looked toward VAN DYKE. MCDONALD raised the knife across his chest and over his shoulder, pointing the knife at VAN DYKE. VAN DYKE believed MCDONALD was attacking VAN DYKE with the knife, and attempting to kill VAN DYKE. In defense of his life, VAN DYKE backed away and fired his handgun at MCDONALD, to stop the attack. MCDONALD fell to the ground but continued to move and continued to grasp the knife, refusing to let go of it. VAN DYKE continued to fire his weapon at MCDONALD as MCDONALD was on the ground, as MCDONALD appeared to be attempting to get up, all while continuing to point the knife at VAN DYKE. The slide on VAN DYKE's pistol locked in the rearward position, indicating the weapon was empty. VAN DYKE performed a tactical reload of his pistol with a new magazine and then assessed the situation.
MCDONALD was no longer moving and the threat had been mitigated, so Officer VAN DYKE and Officer WALSH approached MCDONALD. MCDONALD was still holding the knife in his right hand. VAN DYKE continued to order MCDONALD to “Drop the knife!” Officer WALSH told VAN DYKE, “I have this.” VAN DYKE then used his handgun to cover WALSH as WALSH walked up and forcibly kicked the knife out of MCDONALD's right hand, thereby eliminating the threat to the officers.

Officer WALSH then notified the dispatcher on the police radio that shots had been fired by the police. Officer VAN DYKE requested an ambulance for MCDONALD on the radio.

Officer VAN DYKE's weapon was a Smith and Wesson, nine millimeter, semi-automatic pistol, with a 15 round magazine. VAN DYKE said the pistol was fully loaded at the beginning of his tour of duty, with 15 cartridges in the magazine and one cartridge in the firing chamber.

It was noted that the uniform Officer VAN DYKE was wearing consisted of a light blue long sleeve uniform shirt, with shoulder patches; black body armor vest, with patches; navy blue cargo pants; and equipment belt with handgun and radio.

The reporting detective then interviewed Officer VAN DYKE's partner.

MS. ANSARI: As a preliminary matter, I am providing the following information. An independent certified court reporter is present today to provide a verbatim transcript of this interview.

To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio record the interview. The recording is the confidential work product property of the court reporter and will not be provided to any party including the Office of Inspector General. If you request, the audio recording will be discontinued.

So, Officer Van Dyke, are you okay with the recording?

MR. HERBERT: You know what, actually I'd ask -- and I've never done this before, but I would ask that it not be recorded in this case.

MS. ANSARI: Okay. For the record, we'll be returning off the recording.

Let the record reflect that today's date is April 7, 2016. The time is 10:15 a.m. We are located at Amicus Court Reporters, 300 West Adams, Suite 800.
My name is Sarah Ansari, the court reporter is Michelle Yohler, and I'd ask that the other individuals present identify themselves and spell their name for the record.

MR. BROWN: Kristopher Brown, B-r-o-w-n, City of Chicago, Office of Inspector General.

MR. HERBERT: Good morning, my name is Dan Herbert, H-e-r-b-e-r-t, on behalf of Jason Van Dyke.

Address yourself.

OFFICER VAN DYKE: Jason Van Dyke, V-a-n D-y-k-e.

MS. ANSARI: There are no other individuals present.

We are here today pursuant to an investigation being conducted under Chapter 2-56 of the Municipal Code of the City of Chicago. We are here for an interview of Officer Jason Van Dyke.

Officer Van Dyke, would you please raise your right hand, and the court reporter will swear you in.

(WHEREUPON, the witness was duly sworn.)

MS. ANSARI: Officer Van Dyke, I am now
going to hand you a form that is marked
Advisement of Rights. This has already been
filled in with your name, my name, and
Investigator Brown's name.

I'm going to ask you to read along
with me as I go through it and then I will ask
you after each paragraph to acknowledge you have
read and understand that paragraph.

MR. HERBERT: At this point, if I can, just
before you go forward, it's our understanding
that Jason will not be provided criminal rights
in this case, which -- which I guess we will
find out for sure when the commander calls here.
But at this point, we will invoke our right to a
Fifth Amendment.

So he's going to answer in the Fifth
Amendment on every question, which is required
by law, otherwise he may waive some of his Fifth
Amendment rights so...

MS. ANSARI: The OIG's position is the
outcome of this administrative investigation
relates to the subject's employment and,
therefore, under the CBA and the General Order,
the Administrative Rights the Office of
Inspector General is going to provide -- will provide Officer Van Dyke are appropriate.

Officer Van Dyke, before we go ahead with the Advisement of Rights, it is your position that you will answer the Fifth Amendment to any questions that we ask you?

MR. HERBERT: Well, we have to be asked the questions. And I think we can probably just do this now: I mean, it's our understanding that my client is not going to be given his criminal rights today; is that correct?

MS. ANSARI: That is correct, yes.

MR. HERBERT: So then for those reasons, I'll just put the objections on the record to this investigation. And, first -- and this has already been addressed in a grievance which has been filed, we believe that this investigation and the requirement that my client provide a statement violates the collective bargaining agreement between the parties, specifically Section 6.1, Paragraph I, wherein the parties have agreed that in a situation in which criminal prosecution is probable against an officer, the officer will be given his
Constitutional rights concerning self-incrimination prior to the commencement of the interrogation.

In this case, there is no clearer example that criminal prosecution is probable in light of the fact that it is -- he has already been charged with first degree murder in this case. So clearly this applies to that section of the contract, and it is clear that he is not being given his self-incrimination rights --

... warnings, I should say.

And, second of all, in this case, the criminal case, which I will mark as an exhibit probably -- we can do Respondent's Exhibit A -- the criminal case is 15-CR-20622. An order was entered in that case on January 20, 2016, by Judge Vincent Gaughan, G-a-u-g-h-a-n, wherein it's entitled a decorum order and it prevents any witnesses or anyone involved in the case from testifying and providing statements in any way related to the evidence concerning this case. That order is subject to -- or I should say anyone that violates that order is subject to criminal contempt before Judge Gaughan.
So, for those reasons, my client cannot talk about anything pertaining to the subject of the allegations in which he's been served with today because there can be no question that the allegations concerning the investigation today and any answers to those questions and allegations would certainly be part of the subject matter in which Judge Gaughan has specifically precluded from being discussed.

If you want to give me a sticker, I'll mark this as **Exhibit A**.

(WHEREUPON, a certain document was marked Respondent's **Exhibit A**, for identification, as of 04/07/2016.)

MR. HERBERT: So for all those reasons, including the language or the information discussed in the grievance that has previously been filed, it is our position that my client, Jason Van Dyke, will invoke his right to remain silent pursuant to the Fifth Amendment.

MS. ANSARI: Officer Van Dyke, given the information, the objections provided by your counsel, and on the advice of your counsel, are
you refusing to answer questions regarding the Laquan McDonald shooting.

OFFICER VAN DYKE: For all the reasons addressed previously, I invoke my Fifth Amendment right.

MS. ANSARI: At this time I'm going to call Commander Deenihan of the Bureau of Internal Affairs.

(PHONE RINGING)

COMMANDER DEENIHAN: Hello?

MS. ANSARI: Commander Deenihan, my name is Sarah Ansari with the Office of Inspector General. We are currently in a court-reported interview of Officer Jason Van Dyke. His counsel Dan Herbert, and Investigator Kris Brown are also present.

The Office of Inspector General, having provided appropriate notice to Officer Van Dyke of this interview, is attempting to ask him questions regarding the Laquan McDonald shooting. He has refused to answer questions based on his Fifth Amendment right regarding the shooting, and we request that you order Officer Van Dyke to answer the
Office of Inspector General's questions.

COMMANDER DEENIHAN: Am I on speaker?

MS. ANSARI: You are on speaker.

COMMANDER DEENIHAN: Jason, are you there?

MR. HERBERT: He's here.

COMMANDER DEENIHAN: Officer Van Dyke, this is Commander Deenihan. I know I spoke with you -- I think it was sometime earlier this week -- and I provided you the General Order that states that you are required to cooperate in any administrative investigation and your failure to cooperate could result in a penalty up to and including separation. Do you understand that order?

OFFICER VAN DYKE: Yes, sir.

COMMANDER DEENIHAN: So at this time, I'm giving you a direct order to cooperate in the administrative investigation. Do you understand that?

OFFICER VAN DYKE: Yes, sir.

COMMANDER DEENIHAN: Okay. Do you need anything else from me?

MR. HERBERT: Commander, real quick, how are you, Commander? Dan Herbert.
COMMANDER DEENIHAN: I'm good, Dan. How are you?

MR. HERBERT: Good. Thanks. We're on the record. So it's my understanding that you are not going to advise Jason of his criminal rights; is that correct?

COMMANDER DEENIHAN: That's correct.

MR. HERBERT: And we are aware of an ongoing grand jury investigation by the federal government as well as the fact that my client is currently a defendant in this case. So we believe it's appropriate that he, in fact, be given his criminal warnings pursuant to the contract and pursuant to his administrative rights as well.

COMMANDER DEENIHAN: Are you asking me to give him his criminal rights?

MR. HERBERT: Someone's got to give him his criminal rights.

MS. ANSARI: Commander Deenihan, Counsel is putting this on the record, so I think we don't -- the last thing we'd like is, Mr. Herbert, will you stipulate that this is Commander Deenihan on the phone?
MR. HERBERT: I will.

MS. ANSARI: I don't believe we need you for anything else. Thank you, Commander Deenihan.

COMMANDER DEENIHAN: Does anybody need me?

MS. ANSARI: I think we're good. Thank you.

COMMANDER DEENIHAN: Okay. Let me know what else you guys need. Thank you.

MS. ANSARI: We will. Thank you.

Can we go off the record? It is 10:27 a.m.

(WHEREUPON, discussion was had off the record.)

MS. ANSARI: We can go back on the record. It is 10:29 a.m.

Officer Van Dyke, given the order from Commander Deenihan to answer the Office of Inspector General, we ask -- we'd like to read you your administrative rights.

MR. HERBERT: We can acknowledge that we have received a copy of the administrative rights; we've read them; we understand them; and my client is going to maintain to invoke his
Fifth Amendment right.

MR. BROWN: And he will not sign the advisement, correct?

MR. HERBERT: Correct, on the advice of counsel.

MS. ANSARI: So we're marking the Administrative Rights form as Exhibit 1 and noting that Officer Van Dyke has refused to sign the Administrative Rights form.

(WHEREUPON, a certain document was marked Exhibit No. 1, for identification, as of 04/07/2016.)

MR. BROWN: And then Sarah and myself will sign the witness lines.

MS. ANSARI: I'm marking as Exhibit 2 a notification -- a document entitled Notification of Interview for CPD member Officer Van Dyke dated March 31st, 2016.

(WHEREUPON, a certain document was marked Exhibit No. 2, for identification, as of 04/07/2016.)

MR. HERBERT: We'll acknowledge receipt of this as well as it notes my client's signature from April 4th. He was served personally.

(WHEREUPON, a certain document was marked Exhibit No. 3, for identification, as of 04/07/2016.)

MR. HERBERT: We will acknowledge that we were served personally with this on April 4, 2016, as indicated by my client's signature. My client has read and understands the allegations.

MS. ANSARI: Does your client have any questions regarding the 34 allegations in the Notification of Allegations?

MR. HERBERT: My client's position is that, at this point, due to the criminal investigation, one that is ongoing with the federal government as well as the state case that has already been charged, that he cannot speak to any of the information contained within the allegations.

MS. ANSARI: I'm marking as Exhibit 4 a document entitled Receipt Form dated February 24, 2016.
WHEREUPON, a certain document was marked Exhibit No. 4, for identification, as of 04/07/2016.)

MS. ANSARI: Officer Van Dyke, have you received the information listed in the Receipt Form?

MR. HERBERT: Can we go off the record?

MR. BROWN: Sure. The time is now 10:33 and we're off the record.

WHEREUPON, discussion was had off the record.

MS. ANSARI: Can we go back on the record.

It's 10:33 a.m.

When we went off the record, I was marking as Exhibit 4 a document entitled Receipt Form dated February 24, 2016.

Officer Van Dyke, have you received the DVD containing the materials listed in the receipt?

OFFICER VAN DYKE: For all the reasons addressed previously, I invoke my Fifth Amendment right.

MS. ANSARI: I'd like to note for the record that Officer Jason Van Dyke's signature
is on Page 2 of the Receipt Form, and it is
dated February 24, 2016.

Marking as [Exhibit 5] a document
entitled Receipt Form dated April 4, 2016.

(WHEREUPON, a certain document was marked
[Exhibit No. 5], for identification, as of
04/07/2016.)

MS. ANSARI: Officer Van Dyke, have you
received the information listed in this Receipt
Form?

OFFICER VAN DYKE: For all the reasons
addressed previously, I invoke my Fifth
Amendment right.

MS. ANSARI: I'll note for the record that
Officer Jason Van Dyke's name is -- or signature
is at the bottom of the Receipt Form and is
dated April 4, 2016.

Marking as [Exhibit 6] an April 4, 2016, memo to William Marback, the Deputy
Inspector General, from Brendan Deenihan
Commander of Bureau of Internal Affairs.

(WHEREUPON, a certain document was marked
[Exhibit No. 6], for identification, as of
04/07/2016.)
MS. ANSARI: The memo states that the Reporting Commander met with Officer Jason Van Dyke on April 4th, 2016 at 1530 hours at the Fraternal Order of Police Hall on 1412 West Washington. Also present was Sergeant Daniel O'Connor from BIA and FOP representative Tom McDonough.

Reporting Commander gave Officer Van Dyke a direct order to cooperate with the ongoing investigation into the allegations of misconduct against him.

Reporting Commander served Van Dyke with the Notification of Interview for CPD member. The interview was scheduled for April 7th, 2016, 10:00 a.m., at 300 West Adams, Chicago, Illinois.

Reporting Commander also served Van Dyke with Notification of Allegations as well as a Receipt Form regarding additional items given to Van Dyke.

Officer Van Dyke signed all the appropriate forms and stated he understood the order to cooperate with the investigation.

Furthermore, Reporting Commander
tendered General Order 0801 and Rule 51 of CPD's rules and regulations. Both explained a member's duty to cooperate with any ongoing administrative investigation.

The memorandum is signed by Brendan Deenihan.

Officer Van Dyke, did Reporting Commander Brendan -- did Commander Brendan Deenihan give you an order -- a direct order to cooperate with the ongoing investigation into allegations of misconduct against you on April 4, 2016?

MR. HERBERT: We will acknowledge that that order was given, which is why we're here.

MS. ANSARI: Marking as Exhibit 7 a transcript of Officer Van Dyke's October 22nd, 2014, IPRA interview.

(WHEREUPON, a certain document was marked Exhibit No. 7, for identification, as of 04/07/2016.)

MS. ANSARI: Officer Van Dyke, have you seen this document?

OFFICER VAN DYKE: For all the reasons addressed previously, I invoke my Fifth
Amendment rights.

MS. ANSARI: As noted on the Receipt Form that Officer Van Dyke signed on February 24, 2016, Officer Van Dyke received the transcript of his October 22, 2014, interview with IPRA.

I'm marking into evidence Exhibit 8 an excerpt of a CPD Case Supplementary Report dated March 16, 2015, with RD Number HX4756534 containing Officer Van Dyke's statement to Detective March.

(WHEREUPON, a certain document was marked Exhibit No. 8, for identification, as of 04/07/2016.)

MS. ANSARI: Officer Van Dyke, did you receive this statement on February 24, 2016?

OFFICER VAN DYKE: For all the reasons addressed previously, I invoke my Fifth Amendment rights.

MS. ANSARI: For the record, the Receipt Form lists the CPD Case Supplementary Report dated March 16, 2015.

I'm marking into evidence as Exhibit 9 a second excerpt of a CPD Case Supplementary Report dated March 16, 2015, with
RD Number HX475653 containing Officer Van Dyke's second statement to Detective March.

(WHEREUPON, a certain document was marked Exhibit No. 9, for identification, as of 04/07/2016.)

MS. ANSARI: Officer Van Dyke, have you read this statement?

MR. HERBERT: What was the question? Has he read it?

MS. ANSARI: Or do you understand -- did you receive this statement on --

MR. HERBERT: This case report?

MS. ANSARI: Did you receive this case report from IAD on April 4, 2016?

OFFICER VAN DYKE: For all the reasons addressed previously, I invoke my Fifth Amendment right.

MR. HERBERT: At this time we're going to -- my client is going to invoke his Fifth Amendment rights, so whatever documents you have, if you want to just enter them into the record, that's fine. They're going to be part of the record. Our answer's not going to change so...
MS. ANSARI: Okay. I'm entering into evidence Exhibit 10, a General Progress Report dated October 20, 2014, with RD Number HX475653 containing Detective March's notes of his interview of Officer Van Dyke.

(WHEREUPON, a certain document was marked Exhibit No. 10, for identification, as of 04/07/2016.)

MR. BROWN: Did you still want to see it at all?

MR. HERBERT: No.

MS. ANSARI: I'm entering into evidence Exhibit 11, a General Progress Report dated October 20th, 2014, with RD number HX475653 containing Detective March's notes of his second interview of Officer Van Dyke.

(WHEREUPON, a certain document was marked Exhibit No. 11, for identification, as of 04/07/2016.)

MS. ANSARI: I'm entering into evidence Exhibit 12 a Tactical Response Report with RD Number HX475653.
WHEREUPON, a certain document was marked Exhibit No. 12, for identification, as of 04/07/2016.)

MS. ANSARI: I'm entering into evidence as Exhibit 13 an Officer's Battery Report with RD Number HX475653.

WHEREUPON, a certain document was marked Exhibit No. 13, for identification, as of 04/07/2016.)

MS. ANSARI: Officer Van Dyke, I'd like to turn your attention to Exhibit 3. Exhibit 3 is the April 4, 2016, Notification of Allegations served on Jason Van Dyke with his signature on the last page.

Officer Van Dyke, on or about October 20th, 2014, you provided a false narrative to Detective David March of the Chicago Police Department concerning the McDonald shooting through a series of false statements and material omissions.

What is your response to the allegation against you?

OFFICER VAN DYKE: For all the reasons addressed previously, I invoke my Fifth
Amendment rights.

MR. HERBERT: And I will state for the record that there's not an answer that we could give to any of these allegations that would not be violative of the decorum order and would not subject my client to further criminal prosecution.

So, based on that, my client will invoke his Fifth Amendment right to any questions. So, with that being said, we can -- I'm hoping we can adjourn.

MS. ANSARI: Well, it's OIG's position, as this is a compelled administrative interview and, as you have been advised, the statements you make during this interview cannot be used against you in a criminal proceeding, therefore, your invocation of the Fifth Amendment is not valid.

Accordingly, should you fail to answer the question, your failure to respond will subject you to discipline.

MR. HERBERT: And I will just state that the IG's position on that is patently false.

Statements made during an administrative
investigation can, in fact, be used as -- in
furtherance of the prosecution and they can
certainly be used as substantive evidence when
it comes to the areas of impeachment. So I
wanted to point that fact out.

And if you want -- off the record, if
you don't mind?

MR. BROWN: Sure. The time is 10:44 and
we're off the record.

(WHEREUPON, discussion was
had off the record.)

MS. ANSARI: Let's go back on the record.

It's 10:45 a.m.

MR. HERBERT: It's my understanding that
any questions that would be asked of my client
would require him to give answers that would be
in violation of his Fifth Amendment rights as
well as the decorum order that we addressed
earlier.

So at this point, we do not see the
necessity to answer any further questions unless
the IG has questions that do not relate to this
case in some way, shape, or form.

MS. ANSARI: Mr. Herbert, has your client
read allegations 1 through 34 in the
notification of allegations?

MR. HERBERT: Yes.

MS. ANSARI: Does he understand the allegations made against him by the OIG in allegations 1 through 34 in the notification of allegations?

MR. HERBERT: No, he doesn't and nor do I.

MS. ANSARI: And is your position that Officer Van Dyke will take the Fifth Amendment in response to any questions relating -- any question -- in response to the allegations 1 through 34 in the Notification of Allegations.

MR. HERBERT: He has to otherwise he would subject himself to further criminal prosecution and a violation of a court order.

MS. ANSARI: In addition to the questions relating to the allegations in the Notification of Allegations, OIG has additional questions concerning the Laquan McDonald shooting. Is it correct that you will invoke the Fifth Amendment in response to each of those questions?

MR. HERBERT: If it relates to the Laquan McDonald shooting in any way, shape, or form,
it's evidence in a future criminal proceeding
and it is evidence that is subject to an ongoing
criminal investigation by the federal
government, so yes.

MS. ANSARI: Can we take a quick break.

It's 10:47 a.m.

(WHEREUPON, a recess was had.)

MS. ANSARI: We're back on the record.

It's 10:48 a.m.

We'd like to go through each of the
allegations 1 through 34 one by one and have
Officer Van Dyke respond to each in turn.

MR. HERBERT: We are not going to do that.

My client is facing a first degree murder charge
in which the sentence is a minimum of 45 years
in jail.

We have come down here because we're
compelled to come down here. We have indicated
the legal bases as to why we cannot answer any
of these questions. The purpose of going
through questions in which we know what the
answer is going to be would serve no purpose,
and, respectfully, because we are compelled by
the court and my client has criminal rights, we
cannot and will not speak on this issue.

So, therefore, unless there is anything that is unrelated to this case, we are going to leave at this point.

MR. BROWN: The time is 10:49 and that will terminate the interview.

(WHEREUPON, the interview was concluded at 10:49 a.m.)

KILLEN: Okay so say somewhere between 2130, 2140?
P.O.VAN DYKE: Yes.

KILLEN: All right so you and Officer Walsh you go get your car?
P.O.VAN DYKE: Yes.
KILLEN: You guys get in the car. You leave the 8th District.
P.O.VAN DYKE: Yes.

KILLEN: And whadda you do immediately from leaving the 8th District?
P.O.VAN DYKE: Um we drove and we got some coffee at the 7 Eleven on 55th and Pulaski.

KILLEN: Okay. Is that where you’re at when you hear the call that the 815 Robert needs assistance?
P.O.VAN DYKE: We were leaving there.

KILLEN: Okay. So you get your coffee and the call you’re talkin’ about you hear over the radio correct?
P.O.VAN DYKE: Yes.

KILLEN: Were you assigned the job? Or did you just hear it?
P.O.VAN DYKE: Um we didn’t hear their initial job. We heard them requesting assistance.

KILLEN: Okay do you remember exactly what kinda assistance they were lookin’ for or why?
P.O.VAN DYKE: Um they were requesting a taser for an individual.

KILLEN: Okay do you remember where they were at when they requested it?
P.O.VAN DYKE: They were around 40th and, 41st and one of the K streets. I don’t remember.
KILLEN: Okay. (clears throat) So uh so you and Officer Walsh you leave the 7 Eleven parking lot basically?

KILLEN: Okay but you just left the park, you just left 7 Eleven?
P.O.VAN DYKE: Right.

KILLEN: Who’s drivin’?
P.O.VAN DYKE: Joe Walsh.

KILLEN: Okay. So you immediately then go to say 40th and whatever K street there, the 815 Robert were at?
P.O.VAN DYKE: Um yeah we were proceedin’ southbound, yes.

KILLEN: Okay so you head toward --
P.O.VAN DYKE: I’m sorry northbound.

KILLEN: You see ‘em north on Pulaski towards 40th Street?
P.O.VAN DYKE: Yes.

KILLEN: Okay. So you guys go lights and sirens?
P.O.VAN DYKE: Yes.

KILLEN: All right so you guys go straight from let’s just say from 7 Eleven to 40th and Pulaski that’s where you’re headed?
P.O.VAN DYKE: Yes.

KILLEN: And what happens there?
P.O. VAN DYKE: Um once we get closer heard also over the air that um subject, they're still askin' for a taser and that the uh, the subject is armed uh with a knife. And that he had just slashed one of their tires.

KILLEN: So that's over the radio you hear all this correct?

P.O. VAN DYKE: Yes.

KILLEN: All right. Do you carry a taser?

P.O. VAN DYKE: No I do not.

KILLEN: Does Officer Walsh?

P.O. VAN DYKE: I don't know that.

KILLEN: Okay.

P.O. VAN DYKE: That night I don't think he had one.

KILLEN: Okay. And Officer Walsh he would be your regular partner correct?

P.O. VAN DYKE: No.

KILLEN: Okay oh you said he was.

P.O. VAN DYKE: Yes.

KILLEN: You really bounce around then.

P.O. VAN DYKE: Yes I do.

KILLEN: Okay. So you and Officer Walsh you get to 40th and this is about Karlov is where this happens
at. Or starts off at Karlov and these guys and, and toward Pulaski.

P.O. VAN DYKE: I yeah I don't know what K street it was. I just --

KILLEN: No I'm, I'm tellin' ya.

P.O. VAN DYKE: Okay.

KILLEN: All right so, so you guys get to, so you get to 40th and Pulaski and what happens?

P.O. VAN DYKE: Um we, we head um westbound on 40th Street. We're right there at the Burger King um he's givin' out that the guy's runnin' eastbound towards Pulaski um I'm sorry. One of the officers of 815 Robert is givin' out a description over the air that the offender's runnin' eastbound towards Pulaski and he's at the Burger King lot. Um I see Officer McElligott on foot um approaching into the Burger King lot. I see the offender running eastbound through the Burger King parking lot.

KILLEN: Okay. Do you remember the description given out over the radio of the offender?

P.O. VAN DYKE: No.

KILLEN: But when you see the guy runnin' through the parkin' lot --

P.O. VAN DYKE: I see the guy runnin' through the parkin' lot with the knife.
KILLEN: Okay. And as best you can describe to me what that man looks like?
P.O.VAN DYKE: Uh he's a male black, braids. He had a black jacket on and blue jeans.
KILLEN: And you saw 'em with a knife?
P.O.VAN DYKE: Yes I did in his right hand.
KILLEN: He's runnin', he, he's runnin' east through the parking lot?
P.O.VAN DYKE: He's runnin' east and on a diagonal towards the uh Burger King.
KILLEN: And when you see this where you at?
P.O.VAN DYKE: We're about getting, we're basically at the mouth of the parking lot.
KILLEN: Burger King?
P.O.VAN DYKE: Yes.
KILLEN: What happens then? So you see this guy runnin' and you see Officer McElligott on foot after 'em correct?
P.O.VAN DYKE: Yes.
KILLEN: Okay and what happens?
P.O.VAN DYKE: We enter the parking lot. We kinda cut 'em off from goin' into the Burger King. See another squad car approaching on our left. And it looks like we're going to be able to pin 'em in. He continues running eastbound towards Pulaski. We continue to follow him on to Pulaski and at that
point he starts running southbound on, in the middle of Pulaski.

KILLEN: So at this point you have, you have neither of you, you or Officer Walsh have exited the squad car?

P.O. VAN DYKE: No.

KILLEN: Okay. So then when the offender runs south on Pulaski you continue south after 'em?

P.O. VAN DYKE: Yes.

KILLEN: And what happens from there?

P.O. VAN DYKE: Um we get a lil bit closer to 'em because it looks like he's tryin' to run towards the Dunkin' Donuts cause he's continually makin' a beeline towards the nearest um, nearest building. We cut 'em off again. There's another squad car approaching and he diverts um back into the um southbound lanes on Pulaski. And at that point we go around the other squad cars and we get ahead of 'em by about five or six car lengths.

KILLEN: Okay. And what you mean is you went, you went further south on Pulaski right?

P.O. VAN DYKE: Yes we did.

KILLEN: The chase continued south on Pulaski?

P.O. VAN DYKE: Yes it did.

KILLEN: And so you get ahead of 'em?

P.O. VAN DYKE: Yes.
KILLEN: And what happens?

P. O. VAN DYKE: Um we parked the squad car kind of on an angle in the middle of Pulaski so he can’t keep on running down the road.

KILLEN: Okay.

P. O. VAN DYKE: Um I exit the vehicle. Uh I see ‘em runnin’ wavin’ this knife with his right hand you know under, it in an under position. I give ‘em verbal commands to drop the knife. I’m yellin’ at ‘em drop the knife.

KILLEN: Okay. When you guys, you park your car on Pulaski correct?

P. O. VAN DYKE: I’m sorry?

KILLEN: The car, your car gets stopped on Pulaski?

P. O. VAN DYKE: Yes it does.

KILLEN: Is there traffic, is there regular traffic on Pulaski at that point do you remember?

P. O. VAN DYKE: I don’t remember really any being there.

KILLEN: Okay. And he’s --

P. O. VAN DYKE: I’m focused on him.

KILLEN: Right I know. And he’s still on Pulaski and he’s in the southbound lanes still runnin’ south though right?

P. O. VAN DYKE: Yes.
INDEPENDENT POLICE REVIEW AUTHORITY
LOG #1072125 U#14-36

1 KILLEN: You said he was kinda makin' that beeline between
2 say Burger King and the Dunkin' Donuts on the
3 east side of Pulaski?
4 P.O.VAN DYKE: Correct.
5
6 KILLEN: So you, you step. You get out, pistol drawn.
7 P.O.VAN DYKE: Yes.
8
9 KILLEN: And order 'em to put the knife down.
10 P.O.VAN DYKE: Yes I do.
11
12 KILLEN: And you say he's wavin' it at, as best you can
13 describe what you were doin' with your hand
14 there?
15 P.O.VAN DYKE: He's wavin' it in an, he's clenchin' it. Um
16 with the blade forward underneath and he's wavin'
17 it um from you know his right side towards his
18 left in an upward fashion.
19
20 KILLEN: Okay. Him doin' that make you think he was gonna
21 put the knife down?
22 P.O.VAN DYKE: No.
23
24 KILLEN: You took that to be a threatening --
25 P.O.VAN DYKE: Yeah he was wavin' it upwards --
26 REBOLZ: Chest level.
27 P.O.VAN DYKE: -- yeah at my chest. Chest level.
28
29 KILLEN: As if he wanted to he could stab you?
30 P.O.VAN DYKE: Yes.
31
KILLEN: Okay. And how far, so you get out and he’s doin’ this with the knife. How far are you from him at this point if you guess?

P.O. VAN DYKE: I would say I was approximately ten to fifteen feet away from him.

KILLEN: And he’s facin’ you?

P.O. VAN DYKE: He’s, he’s comin’ towards me.

KILLEN: Okay. So he’s closin’ the distance between you and him?

P.O. VAN DYKE: He is and I’m back pedalin’.

KILLEN: Okay and at that point what’s between you and him?

P.O. VAN DYKE: Nothing.

KILLEN: And what’s behind you? Do you know?

P.O. VAN DYKE: I have no idea.

KILLEN: Do you know where Officer Walsh was at at this time?

P.O. VAN DYKE: I have no idea.

KILLEN: All right what about any other officers. Did you see them too?

P.O. VAN DYKE: I saw some squad cars approaching from the um tho north. Um that’s about it.

KILLEN: Okay. And I know you said it before, I’m gonna assume your attention is focused on the man with the knife.
P.O. VAN DYKE: Yes.

KILLEN: Okay. And he’s closin’ the distance between you and him and you’re back pedalin’ did you say?
P.O. VAN DYKE: Yes I am.

KILLEN: Is he runnin’ toward you?
P.O. VAN DYKE: He’s walkin’ really fast almost like an almost like a jog I think.

KILLEN: Okay. And that’s when he’s doin’ the wavin’ with the knife?
P.O. VAN DYKE: Yes.

KILLEN: And what, what happens? So he’s closin’ the distance. You’re back pedalin’ and what happens?
P.O. VAN DYKE: He’s gettin’, he’s gettin’ closer to me. I could see that there’s nobody to my right. There’s nothin’ in front a me. There’s nothin’ to my left. I keep on orderin’ ‘em drop the knife, drop the knife, drop the knife. He doesn’t drop the knife. He’s still wavin’ the knife at me. I’m thinkin’ he’s, he’s goin’ do somethin’ to me.

KILLEN: And whaddid you think was he was gonna do?
P.O. VAN DYKE: I think he’s going to try and take my life away from me.

KILLEN: And what happens?
P.O. VAN DYKE: I shoot ‘em.
KILLEN: Okay. Do you know how many times you fired?
P.O.VAN DYKE: I shot 16 rounds.
KILLEN: You know that now?
P.O.VAN DYKE: I know that because my weapon went into slide lock.
KILLEN: Oh so at the moment, at the time you knew that, you were aware of that?
P.O.VAN DYKE: Yes.
KILLEN: Okay. And so when your pistol goes into slide lock do you think, do you know that you emptied the clip or do you think like it’s a malfunction?
P.O.VAN DYKE: I know I emptied the magazine.
KILLEN: Okay. So you weren’t afraid of a malfunction?
P.O.VAN DYKE: No.
KILLEN: And whadda you do? So the slide locks and whadda you do with your pistol?
P.O.VAN DYKE: I did a tactical reload.
KILLEN: Okay. And do you fire again?
P.O.VAN DYKE: No I do not.
KILLEN: Why not?
P.O.VAN DYKE: Um I felt that the threat was eliminated. Um my partner, Officer Walsh said Jason back up I have this. Um I covered him while he approached and kicked the knife outta the offender’s hand.
KILLEN: Okay and when you say the threat's been eliminated, why is the threat eliminated?

P.O. VAN DYKE: Um the subject was now layin' on the ground. Um he wasn't makin' any efforts to get up.

KILLEN: And Officer Walsh had to kick the knife from his hand?

P.O. VAN DYKE: Yes he had to forcefully kick the knife out of his hand.

KILLEN: So the offender falls to the ground and he's still got the knife?

P.O. VAN DYKE: He still has the knife. He's you know we're still yellin' at 'em drop the knife.

KILLEN: Okay. So then Officer Walsh tells you to back up, he's got this.

P.O. VAN DYKE: Right.

KILLEN: He approaches the offender.

P.O. VAN DYKE: He approaches the offender and he kicks it out of his hand.

KILLEN: And that whole time you're what the cover officer at that point?

P.O. VAN DYKE: Yes.

KILLEN: Okay so and do you know what happens right after that then?

P.O. VAN DYKE: After that um Officer Walsh gets over the air and um says shots fired by the police. I remember shouting we need an ambulance. Um I, I
think I keyed it up over the radio. I don’t remember if I did or did not, but I shouted we need an ambulance.

KILLEN: All right and then that’s when all the other officers start runnin’ up, gettin’ there correct?
P.O.VAN DYKE: Yes.

KILLEN: Okay. All right. At any time did you, did you handle that knife?
P.O.VAN DYKE: No I did not.

KILLEN: So Officer Walsh kicks it as it remains on the ground?
P.O.VAN DYKE: Yes.

KILLEN: Are you aware of any officer pickin’ it up or touching or handlin’ it in any way?
P.O.VAN DYKE: No I think it was just the um the crime lab recovered it.

KILLEN: Okay. So where they recovered it as far as you know is where it laid the entire time?
P.O.VAN DYKE: Yes.

KILLEN: Okay. And then just goin’ back to when you discharged your firearm, do you remember, were you, were you standing still when you fired or were you movin’?
P.O.VAN DYKE: I think I was moving.
KILLEN: Do you think, do you think you were still movin' backwards?
P.O.VAN DYKE: Yes.

KILLEN: Okay. Do you remember how you held the pistol?
P.O.VAN DYKE: Yes.

KILLEN: How?
P.O.VAN DYKE: Held it in front of me. Um two hands.

KILLEN: Are you right handed or left handed?
P.O.VAN DYKE: I'm right handed.

KILLEN: All right so your right hand dominant.
P.O.VAN DYKE: Yes.

KILLEN: So your left hand was for support?
P.O.VAN DYKE: Yes.

KILLEN: Is that what you're doin'. And do you use sights?
P.O.VAN DYKE: No I do not.

KILLEN: Okay. Before I forget what kinda pistol did you have?
P.O.VAN DYKE: Um it's was a Smith & Wesson um 5943 9 millimeter.

KILLEN: It was fully loaded?
P.O.VAN DYKE: Yes it was.

KILLEN: So what's that 15?
P.O. VAN DYKE: 15 plus one.

KILLEN: Okay. All right at the time did you have any other firearm on you?
P.O. VAN DYKE: No I did not.

KILLEN: Do you own any other firearms?
P.O. VAN DYKE: Yes I do.

KILLEN: What do you own?
P.O. VAN DYKE: I own a um a Chief Special 38 Revolver.

KILLEN: That's it?
P.O. VAN DYKE: That's it.

KILLEN: Okay. All right. So you, you, you're fully loaded. 16 rounds fired. Slide lock, you do tactical reload but you don't fire again?
P.O. VAN DYKE: I do not.

KILLEN: All right so then when, when your weapon is recovered by the crime lab, that's what they got, they got the reloaded firearm?
P.O. VAN DYKE: Yes sir.

KILLEN: So the clip is 15?
P.O. VAN DYKE: I'm sorry?

KILLEN: Did you put one in the chamber and then 15 or is the 15 from the clip?
P.O. VAN DYKE: 15 from the magazine.
KILLEN: Okay. All right. And you weren't injured at all correct?
P.O. V. AN DYKE: No sir.

KILLEN: To the best of your recollection can you estimate how close you were when, or how close you and the offender were to each other when you fired your weapon at 'em?
P.O. V. AN DYKE: I would say it was approximately 10 to 15 feet.

KILLEN: Okay. All right. And as far as you were, you're the only police officer that fired correct?
P.O. V. AN DYKE: Yes sir.

KILLEN: Okay. All right. Is there anything you'd like to add?
P.O. V. AN DYKE: No sir.

KILLEN: Everything you told me is a true and accurate account of what occurred?
P.O. V. AN DYKE: Yes sir.

KILLEN: All right this will conclude the audio recorded interview of Officer Jason Van Dyke regarding Log number 1072125 U number 14 dash 36. Today's the 22nd of October 2014. The time's approximately 1206 hours.
I, CAROL A. O'LEARY, do hereby certify or affirm that I have impartially transcribed the foregoing from an audio recording of the above-mentioned proceeding to the best of my ability.

Carol A. O'Leary
stated he was a Chicago Police Officer assigned to the 008th District. He was on duty, in uniform, working on Beat 845R. VAN DYKE was working with Police Officer Joseph WALSH. The two officers were assigned to Chicago Police Department vehicle number 6412, a marked Chevrolet Tahoe, four door sport utility vehicle. WALSH was driving the vehicle and VAN DYKE was the passenger.

The two officers responded to a request for assistance from Beat 815R, regarding a man with a knife, on 40th Street, west of Pulaski Road. A unit equipped with a taser had also been requested. Officer VAN DYKE heard the radio transmission when Officer Thomas GAFFNEY said the man with a knife had "popped" the tire of GAFFNEY’s police vehicle. VAN DYKE understood this to mean the subject had slashed the tire with his knife. As Officer WALSH drove westbound on 40th Street from Pulaski, VAN DYKE observed a black male subject, now known as Laquan MCDONALD, running eastbound in the parking lot of the Burger King restaurant on the southwest corner of 40 Street and Pulaski. MCDONALD was holding a knife in his right hand. VAN DYKE saw Police Officer Joseph MCCELLIGOTT pursuing MCDONALD on foot. VAN DYKE also saw a civilian who was standing on 40th Street pointing to MCDONALD.

Officer WALSH drove eastbound in the parking lot, in pursuit of MCDONALD, on the north side of the Burger King restaurant building. WALSH used the police vehicle to block MCDONALD from entering the restaurant. MCDONALD ran out onto Pulaski Road and then turned southbound, running toward a Dunkin’ Donuts restaurant, on the east side of Pulaski, south of the Burger King. WALSH positioned the police vehicle between MCDONALD and the Dunkin’ Donuts to block his path towards that restaurant. When WALSH slowed the police vehicle alongside MCDONALD, Officer VAN DYKE opened the right front door of the vehicle to exit and confront MCDONALD. WALSH told VAN DYKE to stay in the vehicle as they were too close to MCDONALD to safely exit their vehicle. WALSH drove on southbound and stopped the police vehicle ahead of MCDONALD.

Officer VAN DYKE exited the vehicle on the right side and drew his handgun. As VAN DYKE stood in the street on Pulaski, facing northbound, toward MCDONALD, MCDONALD approached southbound. MCDONALD was holding the knife in his right hand, in an underhand grip, with the blade pointed forward. He was swinging the knife in an aggressive, exaggerated manner. VAN DYKE ordered MCDONALD to "Drop the knife!" multiple times. MCDONALD ignored VAN DYKE’s verbal direction to drop the knife and continued to advance toward VAN DYKE.

When MCDONALD got to within 10 to 15 feet of Officer VAN DYKE, MCDONALD looked toward VAN DYKE. VAN DYKE raised the knife across his chest and over his shoulder, pointing the knife at VAN DYKE. VAN DYKE believed MCDONALD was attacking VAN DYKE with the knife, and attempting to kill VAN DYKE. In defense of his life, VAN DYKE backpedaled and fired his handgun at MCDONALD, to stop the attack. MCDONALD fell to the ground but continued to move and continued to grasp the knife, refusing to let go of it. VAN DYKE continued to fire his weapon at MCDONALD as MCDONALD was on the ground, as MCDONALD appeared to be attempting to get up, all the while continuing to point the knife at VAN DYKE. The slide on VAN DYKE’s pistol locked in the rearward position, indicating the weapon was empty. VAN DYKE performed a tactical reload of his pistol with a new magazine and then assessed the situation.
MCDONALD was no longer moving and the threat had been mitigated, so Officer VAN DYKE and Officer WALSH approached MCDONALD. MCDONALD was still holding the knife in his right hand. VAN DYKE continued to order MCDONALD to "Drop the knife!" Officer WALSH told VAN DYKE, "I have this." VAN DYKE then used his handgun to cover WALSH as WALSH walked up and forcibly kicked the knife out of MCDONALD's right hand, thereby eliminating the threat to the officers.

Officer WALSH then notified the dispatcher on the police radio that shots had been fired by the police. Officer VAN DYKE requested an ambulance for MCDONALD on the radio.

Officer VAN DYKE's weapon was a Smith and Wesson, nine millimeter, semi-automatic pistol, with a 15 round magazine. VAN DYKE said the pistol was fully loaded at the beginning of his tour of duty, with 15 cartridges in the magazine and one cartridge in the firing chamber.

It was noted that the uniform Officer VAN DYKE was wearing consisted of a light blue long sleeve uniform shirt, with shoulder patches; black body armor vest, with patches; navy blue cargo pants; and equipment belt with handgun and radio.

The reporting detective then interviewed Officer VAN DYKE's partner.

Officer Jason VAN DYKE was re-interviewed for additional detail, in the Area Central office.

VAN DYKE, Jason D -----

related the same sequence of events as documented in his original interview at the scene of this incident.

VAN DYKE additionally articulated the reasoning behind his decision to use deadly force against the offender in this incident, Laquan MCDONALD. VAN DYKE was aware of the radio transmissions from Officer Thomas GAFFNEY, on Beat 815R, that MCDONALD was armed with a knife. VAN DYKE was aware that MCDONALD had attacked the officers on Beat 815R by slashing the tire of their police vehicle.

As he confronted MCDONALD at 4112 South Pulaski Road, VAN DYKE saw that MCDONALD was in fact, armed with a knife, a deadly weapon. VAN DYKE was aware of the widely accepted teaching in law enforcement that an assailant armed with a knife was considered a deadly threat, if within 21 feet, because it was possible for such an assailant to close that distance and attack with the knife before a defensive shot could be fired from a handgun. VAN DYKE was also aware of the existence of throwing knives, which can be thrown from a distance, as well as spring loaded knives, which propel a blade through the air from the knife handle. VAN DYKE also said he recalled a previously issued Chicago Police Department bulletin warning of a weapon which appeared to be a knife but which actually was capable of firing a bullet, making it a firearm.

Subsequently, a search was conducted of the Chicago Police Department, Automated Message Center, to find the bulletin Officer Jason VAN DYKE remembered, regarding the weapon that appeared to be a knife, but was actually a firearm. This bulletin was issued on 04 December 2012. It was Officer Safety Alert number 2012-OSA-297. It was a warning regarding a "revolver knife" which was capable of firing .22 caliber cartridges.

MR. NEUMER: As a preliminary matter, I am providing the following information: An independent certified court reporter is present today to provide a verbatim transcript of this interview.

To aid in the accuracy of the transcript, it is the custom and practice of court reporters to audio record the interview.

The recording is the confidential work product property of the court reporter and will not be provided to any party, including the OIG. If you request, the audio recording will be discontinued.

So Officer Viramontes, I would ask do you object to the court reporter having an audio recording to assist her in the transcribing of this interview?

OFFICER VIRAMONTES: No, I have no problem.

MR. NEUMER: Let the record reflect today's date is March 18, 2016. The time is 10:10 a.m. We are located at Amicus Court Reporters, 300 West Adams, Suite 800.

My name is Peter Neumer. The court reporter is Teresa Volpentesta, and I would ask
that the other individuals present to identify
themselves and spell their name for the record.

MR. BROWN: Kristopher Brown, B-r-o-w-n,
City of Chicago, Office of Inspector General.

MS. RUSSELL: Jennifer Russell,
R-u-s-s-e-l-l, attorney for the officer.

OFFICER VIRAMONTES: Officer Ricardo
Viramontes, R-i-c-a-r-d-o, last name
V-i-r-a-m-o-n-t-e-s, Star 10590 assigned to the
8th District, Chicago Police Department.

MR. NEUMER: We are here today pursuant to
an investigation being conducted under Chapter
2-56 of the municipal code of the City of
Chicago.

We are here for an interview of
Ricardo Viramontes.

Officer Viramontes, would you please
raise your right hand.

(Witness duly sworn.)

** ** ** ** **

(Whereupon Exhibit Nos. 1-6 were
marked for identification.)
OFFICER RICARDO VIRAMONTES,
called as a witness herein, having been first
duly sworn, was examined and testified as
follows:

EXAMINATION

BY MR. NEUMER:

Q. Officer Viramontes, at this time, I
am going to put before you what has been marked
as Exhibit 1.

This is an Advisement of Rights Form.
The top has been filled in by me, and I would
ask that you read along with me.

I will read each paragraph of this
advisement, and then ask that -- ask you whether
you have read that paragraph as I have read it
aloud to you.

So the Advisement of Rights states,
I, Ricardo Viramontes, understand that I am
being interviewed by Peter Neumer and Kris Brown
from the City of Chicago, Office of Inspector
General.

I understand that this interview is
part of an official investigation; that I have a
duty to cooperate with the Office of Inspector
General, which includes answering all questions completely and truthfully.

Officer Viramontes, do you see the paragraph I just read aloud to you?

A. Yes, I do.

Q. I understand that I have no right to remain silent. I understand that I have an obligation to answer questions put to me truthfully.

I understand that if I refuse to answer questions put to me, I will be ordered by a superior officer to answer the questions.

I further understand that I have been advised that if I persist in my refusal to answer after an order to do so, such further refusal constitutes a violation of the rules and regulations of the Chicago Police Department and may serve as the basis for my discharge.

Officer Viramontes, do you see the paragraph I just read aloud to you?

A. Yes, I do.

Q. I understand and have been advised that my statements and responses may constitute an official police report.
I understand that Rule 14 of the Chicago police Department's Rules and Regulations prohibits making a false report, written or oral, and I further understand that making such a false report, whether written or oral, may result in my separation from the Chicago Police Department.

Officer Viramontes, do you see the paragraph I just read aloud to you?

A. Yes.

Q. I understand that any statement made by me during this interview may be used as evidence of misconduct or as the basis for disciplinary action up to and including removal or discharge.

Officer Viramontes, do you see the paragraph I just read aloud to you?

A. Yes.

Q. I understand that any statement made by me during this interview and the fruits thereof cannot be used against me in a criminal proceeding.

Do you see the paragraph I just read aloud to you?
A. Yes.

Q. I understand that I have the right to have a union representative or legal counsel of my choosing present at the interview to consult with, and that I will be given a reasonable time to obtain a union representative or legal counsel as long as the interview is not unduly delayed.

Do you see the paragraph I just read aloud to you?

A. Yes.

Q. I understand that a refusal to answer any question or any false, inaccurate, or deliberately incomplete statement by me would constitute a violation of Chicago Municipal Ordinance 2-56 and may serve as the basis for my discharge.

Do you see the paragraph I just read aloud to you?

A. Yes.

Q. I acknowledge that this statement of my administrative rights has been read aloud to me, and I have been allowed to review this document.
Do you see the paragraph I just read aloud to you?

A. Yes.

Q. At this time, I would ask that you sign the Advisement of Rights form marked as Exhibit 1.

MS. RUSSELL: Peter, prior to Officer Viramontes executing this document, can you please indicate the Office of the Inspector General's position on whether criminal charges are probable against Officer Viramontes?

MR. NEUMER: The Office of the Inspector General has no position as to whether criminal charges are probable against Officer Viramontes. OIG is conducting an administrative investigation, not a criminal investigation. OIG is not conducting a joint investigation and is not working with any other law enforcement agency with respect to this investigation.

MS. RUSSELL: The fact that the Office of the Inspector General has deemed this an administrative investigation is not relevant to the determination of whether Officer Viramontes
receives his administrative rights or his right
to remain silent.

We have indicated that the advisement
that you have provided him indicates he has no
right to remain silent.

MR. NEUMER: Okay. And again, OIG's belief
is that we are proceeding today as we are
legally entitled to do.

MS. RUSSELL: Officer Viramontes, will you
execute the document marked [Exhibit 1?]

(Document executed by
Officer Viramontes.)

MR. BROWN: And then we will witness down
here.

MS. RUSSELL: Prior to moving forward with
the statement, we are going to require him to
receive an order from a senior officer, and we
consent to receive that order via telephone.

BY MR. NEUMER:

Q. Officer Viramontes, is it fair to say
that you will refuse to answer questions
regarding the Laquan McDonald shooting absent an
order from your superior officer?

A. I am sorry. Am I going to refuse?
No, I am not going to refuse.

MS. RUSSELL: Can we take a break for a minute?

MR. NEUMER: We will go off the record.

The time is 10:16.

(Discussion had off the record.)

MR. NEUMER: The time is 10:17. We will go back on the record.

BY MR. NEUMER:

Q. So Officer Viramontes, is it fair to say that you will refuse to answer questions put to you by the Office of the Inspector General regarding the shooting of Laquan McDonald absent an order from your superior officer?

A. On the advice of my counsel -- I am sorry -- I ask for an order from a superior officer before proceeding.

MR. NEUMER: The Office of the Inspector General is going to interpret Officer Viramontes' statement as a refusal to answer questions regarding Laquan McDonald's shooting, and we will now contact Commander Klimas via telephone to have him order Officer Viramontes answer questions regarding the shooting of
Laquan McDonald.

(Whereupon, Commander Klimas contacted and present via telephone.)

COMMANDER KLIMAS: Bob Klimas.

MR. NEUMER: Commander Klimas, this is Peter Neumer with the City of Chicago, Office of the Inspector General.

I have you on speaker phone. We are in the middle of a court-reported interview with Officer Ricardo Viramontes.

His Attorney Jen Russell is present as is my colleague Kris Brown. We are asking -- attempting to ask Officer Viramontes questions about the shooting of Laquan McDonald, having provided proper notice of the interview and proper notice of the allegations against him.

However, Officer Viramontes is refusing to answer all questions related to the Laquan McDonald shooting, and therefore I would ask that you please order Officer Viramontes to answer the Office of Inspector General's questions.

COMMANDER KLIMAS: Okay. This is Commander
Robert Klimas, K-l-i-m-a-s, of the Chicago Police Department, Bureau of Internal Affairs.

   Officer Ricardo Viramontes, I am giving you a direct order to answer all questions posed to you today by Peter Neumer or his designees from the Office of Inspector General, City of Chicago.

   OFFICER VIRAMONTES: I understand.

   COMMANDER VIRAMONTES: Okay.

   MR. NEUMER: Thank you, Bob.

   COMMANDER VIRAMONTES: Sure, good-bye.

   MS. RUSSELL: And prior to moving forward, Officer Viramontes would like to make a statement.

   THE WITNESS: This statement is not being made voluntarily, but under duress. It is only being made at this time because I know that I will lose my job if I refuse a direct order given to me by Commander Klimas.

   I am invoking each and every right granted to me under Garrity vs. New Jersey.

   Also, on the advice of Counsel, I am making the additional objections: I am objecting to the fact that the City of Chicago
Inspector General's Office is making allegations and conducting an investigation into its own allegations.

I am objecting that the interview is being placed before an arbitrator, has decided the issues that were raised in regards to this investigation.

The Fraternal Order of Police has filed a grievance regarding this investigation, and the Inspector General refused to postpone this interrogation injunction.

I am also objecting that I have requested my prior sworn testimony; namely, the testimony I provided to the Grand Jury.

The Inspector General refused to provide me with a copy of my Grand Jury testimony and/or any other statement I have made to the Federal investigators in violation of my rights under the contract.

The Investigator General indicated that it does not have possession of my Grand Jury testimony.

To the extent I am questioned about my Grand Jury testimony, I assert that the
testimony is truthful and was based upon my recollection at the time. I stand by all of my answers.

MR. NEUMER: The Office of Inspector General would note again that the OIG is conducting an administrative investigation and not a criminal investigation.

It is not working with any other law enforcement agency with respect to this investigation.

We are not in possession of any grand jury statements Officer Viramontes made, and do not have a obligation to provide statements from the grand jury that are not in our possession.

In addition, we believe that the arguments offered in support of the FOP's injunction have no merit, and we are proceeding today as we believe we are legally entitled to do.

MS. RUSSELL: Officer Viramontes is prepared to give his statement now.

BY MR. NEUMER:

Q. Okay. As a preliminary matter, we are going to mark several exhibits and put them
Officer Viramontes, you were provided these exhibits by IAD, and we will start with what has been previously marked as Exhibit 2, a document entitled Notification of Interview to CPD Member dated February 19, 2016. Have you seen the Notice of Interview previously, Officer Viramontes?

A. Yes.

Q. And did IAD provide you with this document on or about February 19, 2016?

A. Yes.

Q. I am now going to hand you what is marked as Exhibit 3, a document entitled Notification of Allegations dated February 19, 2016. Have you seen this Notification of Allegations before, Officer Viramontes?

A. Yes, I have.

Q. And did IAD provide you with this document on or about February 22nd, 2016?

A. Yes, they did.

Q. And before you hand that back, is your signature on the second page of the
Exhibit 3 Notification of Allegations?

A. Yes, it is.

Q. And I will hand you back Exhibit 2 and just ask you the same question.

Is your signature on the bottom of the Exhibit 2 Notification of Interview?

A. Yes.

Q. Now, I will hand you what has been previously marked as Exhibit 4, which is a Receipt Form.

Have you seen this receipt form prior to today, Officer Viramontes?

A. Yes, I have.

Q. And did IAD provide you with this Receipt Form on February 19, 2016?

A. Yes.

Q. And did you sign this Receipt Form on February 19, 2016?

A. Yes, I did.

Q. Okay. I am now going to hand you what has been previously marked Exhibit 5. This is an excerpt of a CPD Case Supplementary Report dated March 16, 2015, with the RD number HX475653 containing Officer Viramontes'
statement to Detective March.

Officer Viramontes, have you seen this exhibit, this excerpt of a Case Supplementary Report prior to today?

A. Yes.

Q. And did IAD provide you with this document on or about February 19, 2016?

A. Yes, they did.

Q. I will now hand you what has previously been marked [Exhibit 6], a General Progress Report dated October 20, 2014 with the RD number HX475653 containing Detective March's notes of an interview of Officer Viramontes.

Officer Viramontes, have you seen the [Exhibit 6] General Progress Report, prior to today?

A. Yes.

Q. And did IAD provide you with this General Progress Report on or about February 19, 2016?

A. Yes.

Q. Okay. In order to prepare for today's interview, did you review the materials that we provided you through IAD?
A. Yes, I did.

Q. And those materials included video from in-car video systems of the Beat 813 Robert vehicle and the Beat 845 Robert vehicle; is that correct?

A. That's correct.

Q. And there was also video, the OIG's DVD that IAD provided you also included video from a Dunkin' Donuts security camera; is that correct?

A. That's correct.

Q. And did you review those videos, the 813 Robert video the 845 Robert video and the Dunkin' Donuts security cam video prior to today's interview?

A. Yes, I did.

Q. Since receiving the Notice of Interview, did you review any materials other than the materials OIG provided you through IAD?

A. No other materials.

Q. Aside from your attorney, who did you speak to in preparation for today's interview?

A. Really no one. I mean, I spoke to my partner, but that's my partner.
As far as reviewing, no, it is usually more scheduling.

Q. Your partner, Officer Fontaine?

A. Yes.

Q. And what did you speak to Officer Fontaine about in preparation for this interview?

A. Well, not really preparation. Just -- I mean, actually, I spoke to her yesterday just in regards to an overtime slip. That's basically it, and see how long she was here. That's about it though.

Q. Anything other than the overtime issue and how long the interview lasted with Officer Fontaine?

A. No, no specifics.

MR. NEUMER: Okay. Before we get into some general background questions, Counsel, is it fair to say that you are willing to accept receipt of the transcript of today's interview within 72 hours of the OIG's receipt of that interview, and not 72 hours of the interview taking place?

MS. RUSSELL: Yes, that's fine. And also,
I would note that regarding the Receipt Form, it indicates that there were audio files provided to Officer Viramontes, and there were none, as we will address later today.

MR. NEUMER: Exactly.

BY MR. NEUMER:

Q. Okay. With respect to your work background, Officer Viramontes, could you just state your full name, your star number, and your current unit of assignment?

A. It is Officer Ricardo Viramontes, R-i-c-a-r-d-o, V-i-r-a-m-o-n-t-e-s, Star 10590. I am assigned to the 8th District, Chicago Police Department.

Q. Officer Viramontes, what was your unit of assignment on October 20, 2014?

A. I was 841 Robert.

Q. And what watch were you on as of October 20, 2014?

A. That was first watch.

Q. Can you tell us what your chain of command was as of October 20, 2014?

A. I don't know specifically who my sergeant was. I know there was -- I don't know
who was the watch commander, but I believe it
was -- Sergeant Franko was one of them that I do
remember.

Q. Okay. Do you remember the
lieutenant?
A. No, I don't. I don't know who was
working that day.

Q. And you don't -- do you remember the
commander?
A. No, I don't. We have had so many.

(Discussion had off the record.)

THE WITNESS: The reason I say 841 Robert,
because that's usually my assigned car. It
usually gets downed when necessary, so I get
switched around, so I believe I was 841 Robert.
So I have to -- yeah, I have to --

MS. RUSSELL: That's fine.

BY MR. NEUMER:

Q. Officer Viramontes, what is your
personal cell phone number?
A. It is [REDACTED].

Q. And was that the same cell phone
number you had as of October 20, 2014?
A. The number, yes.
Q. Okay. I want to talk to you a little bit about the Grand Jury.

Were you summoned to give testimony before a Federal Grand Jury regarding the McDonald shooting?

A. Yes.

Q. Did you give testimony before a Federal Grand Jury regarding the McDonald shooting?

A. I am sorry. Can you repeat the question?

Q. Sure. Did you give testimony before a Federal Grand Jury regarding the McDonald shooting?

A. Yes, I did.

Q. And did you go before a Grand Jury on more than one occasion?

A. No, I didn't.

Q. On one occasion?

A. Just one occasion.

Q. Okay. When was that?

A. I don't remember the date.

Q. Do you remember the month?

A. No, I don't remember the month.
Q. Was it in 2015?
A. It has been that long. It possibly can be.

Q. So several months ago?
A. Yeah, I would say that.

Q. Okay. Did you assert your rights under the 5th Amendment and refuse to testify before the Federal Grand Jury?
A. No, I answered the questions.

Q. Okay. You weren’t given any immunity to testify before the Grand Jury?
A. Not that I remember, but no, I answered all the questions.

Q. Okay. About how long were you answering questions before the Grand Jury?
A. I don’t know the amount of time I was there.

Q. Do you think it was more than an hour?
A. I don’t -- I would just be guessing right now.

Q. It didn’t take more than a day, did it?
A. No, not more than a day.
Q. Okay. Did you provide a written statement to the Grand Jury?

A. No, I didn't.

Q. Prior to your Grand Jury testimony, who did you speak to in preparation for that testimony?

A. It would be counsel, but I forgot his name already. I forgot the counsel's name.

Q. Okay. So you had counsel, and you spoke to that counsel prior to your Grand Jury testimony?

A. That's correct.

Q. Okay. But you don't remember his name?

A. No. It is on the tip of my tongue. I am sorry. I can't remember.

Q. Other than your attorney, did you speak to anyone else in preparation for your Grand Jury testimony?

A. No.

Q. Did you speak with Officer --

(Discussion had off the record.)

THE WITNESS: Oh, yeah, going back to your question. I did meet with the Feds before the
Grand Jury. I forgot about that part.

BY MR. NEUMER:

Q. Who with respect to the Feds did you meet with?

A. I don't remember their names.

Q. Tell us about that meeting.

A. I mean, I don't remember.

Q. So how many people did you meet with?

A. I don't know. I think there were two people there, but I don't remember.

Q. And do you remember where the meeting took place?

A. You know what, right now, I can't remember.

Q. Okay. Was your attorney present during this meeting?

A. Yes.

Q. Okay. So it was you, your attorney, and two people from the Federal Government?

A. Yes.

Q. Do you know whether they were FBI agents or Assistant U.S. Attorneys or --

A. I thought they were FBI, yeah.

Q. Okay. Did that meeting occur like
shortly before your Grand Jury testimony?
A. I don't know how long it was before
when I gave my testimony to the Grand Jury, I
don't remember how long it was.
Q. Okay. Do you recall if prior to
speaking with the representatives from the
federal government you received proffer
protection?
A. I am sorry?
Q. Are you familiar with that term?
A. No.
Q. Did you get any sort of -- did you
sign an agreement with -- prior to speaking with
the federal authorities?
A. I don't remember signing anything,
but I don't remember.
Q. Let's talk first about your meeting
with the federal authorities.
Again, your recollection is that was
the FBI you spoke with?
A. Yes.
Q. Okay. Did you speak with the FBI on
more than one occasion?
A. Not that I remember, no.
Q. Okay. So it was one time you spoke with the FBI, correct?

A. Yeah, I believe so, yes.

Q. And then one time you gave a statement before a Federal Grand Jury?

A. That's correct.

Q. Okay. Did you speak to any other governmental officials regarding the -- or investigatory agencies regarding the Laquan McDonald shooting, not including CPD, but following the shooting?

A. No.

Q. Going back to your interview with the FBI, were you asked questions about the Laquan McDonald shooting?

A. At the Grand Jury?

Q. Sorry. With the FBI, when the --

A. Yes, they were asking me questions about the shooting.

Q. And did you describe the shooting to the FBI?

A. I can't remember what specific questions were asked, but they were in regards to the shooting though.
Q. Did they ask you to go through your recollection of the shooting, your witnessing of the shooting?
A. They did show me some video of the shooting.

Q. Okay.
A. In regards to -- they were asking me questions about it.

Q. Were they asking whether you thought the shooting was justified?
A. No, they never asked me that.

Q. Okay. Did they ask you about the statements you made to Detective March?
A. No, I don't remember them asking me that.

Q. So one of the exhibits we handed you previously, Exhibit 5, was a Case Supplementary Report that has a statement attributed to you. Did the FBI ask you about that statement or show you that statement?
A. No.

Q. Do you recall whether the FBI showed you any exhibits or documents during your interview?
A. No. The only thing they showed me was that video.

Q. Okay. And that was the video of the Laquan McDonald shooting?

A. That's correct.

Q. Did they ask you questions regarding that video?

A. Yes, they did.

Q. And what were they asking you?

A. I don't remember the specific questions they were asking me.

Q. Did the meeting with the FBI occur before you made your statement to the Grand Jury?

A. I am sorry. Can you repeat?

Q. Did your meeting with the FBI occur before you testified before the Grand Jury?

A. Yes.

Q. Okay. And you never spoke to the FBI after your Grand Jury testimony?

A. That's correct.

Q. Okay. Did your testimony -- so having reviewed the Exhibit 5, CSR, did your testimony to the FBI about the shooting event
differ at all from your statement to Detective March in the Exhibit 5 CSR?

MS. RUSSELL: Can we see the Exhibit 5 so he can take a look at it really quick? I don't know if he read it or not.

MR. NEUMER: Sure.

THE WITNESS: Yeah, I don't remember any of the specific questions that they did ask in regards to this.

BY MR. NEUMER:

Q. Okay. So you don't recall any ways in which your statement to the FBI differed from your statements to Detective March?

A. The questions that they asked me from this, I don't remember if they were specific to this.

Can you ask me your question again?

Q. Sure. I am wondering whether your statement to the FBI differed at all from the statement attributed to you in the Exhibit 5 CSR?

A. I don't know what -- I can't remember what statements I gave to them.

Q. To the FBI?
Q. Prior to your Grand Jury testimony, did you speak with any of the officers who were present at the McDonald shooting scene?

A. I mean, I see them sometimes on a daily basis.

Q. I will ask a different question. In preparation for your Grand Jury testimony, did you speak to any of the officers who were present at the scene of the McDonald shooting?

A. Just my partner, just scheduling issues.

Q. So you spoke to Officer Fontaine about how you would cover your shift or something like that?

A. No. It is actually it is more the stress that I am getting from all this. That's -- I mean, she is my partner, so...

Q. Did you have any substantive conversations with Officer Fontaine in preparation for your Grand Jury testimony about the night of the McDonald shooting?

A. No.

Q. Did you have any conversations
regarding the night of the McDonald shooting
with any of the other officers who were present
at the scene in preparation for your Grand Jury
testimony?
   A. No.

Q. Would you have exchanged any phone
calls, texts, e-mails with Officer VanDyke prior
to your Grand Jury testimony?
   A. Specific to Officer VanDyke, is that
what you are asking me?

Q. Yes, yes.

A. No.

Q. How about with any e-mail, text or
phone exchange with any of the other officers
who were present at the McDonald shooting? And
I can go through the names if you would like me
to.

A. It is not necessary. You don't need
to. I don't remember if texts were sent or --
that night.

Q. No, no, no. Sorry. I am talking
about in preparation for your Grand Jury
testimony, did you have any phone
communications, e-mails, or texts with any of
the officers who were present at the scene of
the shooting?

   We have talked about VanDyke, and now
I am talking about the other officers.

   A. No, no.

   Q. Okay. Well, let me -- well, let me
actually ask you about your relationship with
the other officers at the scene of the shooting.
   So I am just going to go one at a
time here.

   What was your relationship with
Officer Fontaine as of October 20, 2014?

   A. She is my partner. I have probably
been to her house once. That's about it though.

   Q. Okay. And how long have you two been
partners as of October 20, 2014?

   A. I can't be specific. It has been
years now.

   Q. Okay. Couple of years?

   A. Couple years.

   Q. Okay. And how often did you
socialize with Officer Fontaine outside of work?

   A. Rare; very, very, very rare.

   Q. Rare occasions?
A. Yeah. I mean, like I said, I think I have been to her house once.

Q. And where does Officer Fontaine live?
A. She lives further south from -- I don't even know her address.

Q. Okay. What neighborhood do you reside in?
A. I live in Garfield Ridge.

Q. What's the nearest intersection?
A. That would be Archer, Archer and -- if you want a bigger -- Central.

Q. Archer and Central?
A. Uh-huh.

Q. Okay. What was your relationship with Officer VanDyke as of October 20, 2014?
A. I don't even speak to him. I mean, if I did, it was once in a big great while if he was sitting next to me, but I don't have a relationship with him.

Q. Okay. Have you ever worked with him?
A. I don't think so, no.

Q. Okay. Did you ever socialize with Officer VanDyke outside of work?
A. No.
Q. Were you ever interviewed as part of a complaint someone had made against Officer VanDyke?

A. No.

Q. How about Officer Gaffney? What was your relationship with Officer Gaffney as of October 20, 2014?

A. I guess more of a -- I mean, I talk to him probably more than some of the officers because of my beat. That's why.

Q. And do you -- how often do you see him at work?

A. I think we have the same day off group, so I kind of almost see him almost everyday.

Q. Do you have any relationship with Officer Gaffney outside of work?

A. No.

Q. No socializing?

A. No.

Q. Okay. What was your relationship with Officer McElligott as of October 20, 2014?

A. I would say the same.

Q. Same as with Gaffney?
A. Yes.

Q. So you would see him on an almost daily basis at work?
A. Yeah.

Q. Any socializing with Officer McElligott?
A. No.

Q. What was your relationship with Officer Arturo Bacerra as of October 20, 2014?
A. I don't know him.

Q. Don't know who that is?
A. I think I know -- the person, but I don't -- I think he is on a different watch if I am not mistaken.

Q. So you never work with Officer Bacerra?
A. No.

Q. Do you ever socialize with Officer Bacerra?
A. No.

Q. What was your relationship with Officer Janet Mondragon as of October 20, 2014?
A. I talk to her when I see her.

Q. At work?
A. At work, yes.

Q. And are you guys ever partnered up at work?

A. I -- once in a great while. I mean, like I said, my car gets downed, I get thrown everywhere.

Q. Sure, sure. So once in awhile, you might partner with Officer Mondragon?

A. Once in awhile.

Q. Is that true with Officer Gaffney and Officer McElligott?

A. I have worked with them at one time or another.

Q. But Officer Fontaine is your regular partner?

A. That's correct.

Q. Any socializing with Officer Mondragon outside of work?

A. No.

Q. What was your relationship with Officer Daphne Sebastian as of October 20, 2014?

A. There is no real -- same thing with like Janet Mondragon, Officer Mondragon.

Q. May have partnered with her once
every so often?

A. Yes.

Q. And see her on a daily or weekly basis at work?

A. Well, the off groups, depending on. If she is there, I mean, it is not -- we are a very small watch so, you know, I talk to them once in awhile.

Q. Sure, sure. Do you ever socialize with Officer Sebastian outside of work?

A. No.

Q. What was your relationship with Officer Leticia Velez as of October 20, 2014?

A. Actually, I didn't know her until all this so...

Q. Okay. How about since then? Do you ever work -- since October 20, 2014, do you work with her ever?

A. No. She is on a different watch.

Q. Okay. Either prior to or post October 20, 2014, do you ever socialize with Officer Velez?

A. No.

Q. What was your relationship with
Officer Walsh as of October 20, 2014?

A. I have worked with him before, but no socializing after work.

Q. Okay. I want to go back to the Grand Jury. You said no texts, phone calls, communications with any of those officers we just discussed in preparation for your Grand Jury testimony?

A. No, not that I can -- no, I don't think so, no.

Q. Okay. When you testified before the Grand Jury, were you asked questions about the Laquan McDonald shooting?

A. I am sorry. Can you repeat again?

Q. When you testified before the Federal Grand Jury, were you asked questions about the Laquan McDonald shooting?

A. Yes, I was.

Q. Did you describe the shooting incident to the Grand Jury?

A. I don't remember how they -- they brought it about, but I don't know the specifics.

Q. So I guess did you give a description
of the shooting to the Grand Jury?

A. If I can remember, it was just a video that they did show, also. They showed me a video.

Q. Okay. They showed you a video of the Laquan McDonald shooting?

A. Yes, they did.

Q. And was that one of the videos that OIG provided you on a DVD prior to today's interview?

A. I don't remember -- yeah, it could have been. You know, I am not sure.

Q. Do you think it was -- you were shown one of the dash cam videos?

A. It was a dash cam video.

Q. So you were shown the dash cam video when you were testifying before the Grand Jury, and were you asked questions about that video?

A. Yes.

Q. Okay. What sort of questions did they ask you about the dash cam video?

A. I don't remember the questions.

Q. That was --

MS. RUSSELL: Do you want him to say
generally?

MR. NEUMER: I mean, I just want his
best -- I don't want anything that's
speculation.

I would just think that, again, you
know, this is an important day in your life.
You had an obligation to tell the truth. It was
subject to possible criminal liability if you
told any untruths, so I just -- I think that,
you know, what you can remember and tell us
about what went on in front of the Grand Jury as
best you can.

MS. RUSSELL: I think we are getting caught
up on, you know, specifics versus general.

I believe he is trying to explain
that he can't remember specifically what was
said, but maybe if you explain generally what
the substance of your testimony was, that will
help.

THE WITNESS: I mean, as far as the video
goes, I mean, it is -- I am trying to -- I am
sorry.

I am getting the interview and the --
the interview with the Federal, with the Feds
and the Grand Jury all mixed up, because they were both different. That's why.

BY MR. NEUMER:

Q. Okay. Well, let me walk it back a little bit and just say like, okay, so you are testifying before the Grand Jury. What general topics are they asking you about?

A. They were asking me where I was -- in what position my car was. I believe that's one of the topics that they did touch on.

Q. Okay.

A. What was I doing at the time. I mean, that's -- I can't remember any more.

Q. Did they ask you whether you thought the shooting was justified or not?

A. I believe they never -- they never asked me that question.

Q. Were you shown -- this is when you were before the Grand Jury, did they -- were you provided any exhibits or documents?

A. Just the video. There was no other documents.

Q. Were you provided your statement to Detective March?
A. No, I wasn't.

Q. Did you review your statement to Detective March prior to your Grand Jury testimony?

A. No.

Q. Did you review any materials in preparation for your Grand Jury testimony?

A. No.

Q. Okay. Besides your attorney, did you talk to anyone else in preparation for your Grand Jury testimony?

A. No.

Q. Prior to your Grand Jury testimony, did you make any attempt to ensure your story did not conflict with any of the other officers who were at the scene of the shooting?

A. No, because my testimony to me was so insignificant, I forgot all about it until just the recent events that I got notified for this.

Q. You forgot about your Grand Jury testimony before this --

A. Well, the thing is, to me, my account of what happened was -- I mean, it is -- to me, I gave an account, and I forgot all about it. I
found out later that my name was in the paper
and that's how I found out.

Q. So you were asked where you were at
the time of the shooting?

A. Yes.

Q. Okay. And sort of what you were
doing at the time of the shooting?

A. Yes.

Q. Were you asked to describe what you
saw with respect to the shooting?

A. Yes.

Q. Okay. And what did you say when you
were asked to describe what you saw with respect
to the shooting?

MS. RUSSELL: He is going to stand by his
Grand Jury testimony as truthful and documented,
but go ahead and answer if you can.

THE WITNESS: I mean, just basically what I
heard, what I saw -- more specific what I did,
in relation to when the shooting happened.

BY MR. NEUMER:

Q. And what did you do?

A. Well, the problem is my timing was
all wrong because just different videos were
shown to me at one time, zoomed up more.

When I gave my testimony to the Grand Jury, I believed I was out of the car when the actual shooting happened. That was probably one thing that I did remember saying.

Q. Okay.
A. Because after everybody keeps showing me different videos, I found that later on that I was actually not even out of the car when it happened.

Q. Okay. So prior to your Grand Jury testimony, did you review the videos -- any videos of the --
A. No.

Q. You didn't review any videos -- sorry. I will complete my question.
A. Sorry.

Q. Prior to your Grand Jury testimony, did you review any videos of the McDonald shooting?
MS. RUSSELL: Other than what he testified to already with the FBI?
MR. NEUMER: Correct.
THE WITNESS: I mean, no.
BY MR. NEUMER:

Q. Okay. And so you believe you testified before the Grand Jury that you were out of the car when you witnessed the McDonald shooting?

A. Yeah, that's what I thought.

Q. And so as of today, is your understanding different as to where you were located at the time of the shooting?

A. Well, just to make this straight. One of the -- somebody -- I don't know if it was one of the Feds at the Grand Jury did bring up that question, because the video did show, and after they showed it to me, I realized that the timing wasn't what I thought. So I did correct myself during the Grand Jury so just to get that straight.

Q. Okay. So you were asked about where you were; correct?

A. That's correct.

Q. And you said before the Grand Jury that you were outside of the vehicle when you saw the shooting initially; correct?

A. That's correct.
Q. And then you were shown the video at the Grand Jury; correct?

A. That's correct.

Q. And then after you saw the video at the Grand Jury, you said, I was actually inside the vehicle when I watched the shooting?

A. Well, it -- just the timing. I -- when -- see -- what I have to make -- I have to -- I am sorry. Hold on. Let me just get my thoughts straight.

I did correct myself during the Grand Jury as far as the timing goes, because everything that I thought I did at the time of the shooting was incorrect.

Now, after the video of the McDonald shooting was released to the public, I finally realized that even the timing, even when I did change it at one time, was totally different still.

I mean, so the perspective that I had at that time was just my timing was just distorted.

Q. When you testified before the Grand Jury?
A. That's correct.

Q. How much of the video did they play for you?

A. I can't remember the specifics, but I know I remember my car approaching, my vehicle approaching, just after the shooting sometime, I don't know specifics as far as the, you know, timeline.

Q. So at least from when your vehicle approached the scene of the shooting to when the shooting finished?

A. That's correct.

Q. Okay. And it might have been more, but --

A. Yeah, I mean, that's give or --

Q. Okay. Was the video that you were shown before the Grand Jury the same video that the FBI showed you?

A. I believe they are the same.

Q. Okay. And do you know whether or not that was the 813 Robert dash cam video that we provided you in advance of today's interview?

A. Yes.

Q. So you believe that all the video we
provided you, the 813 Robert dash cam video was
the same as the video you were shown before the
Grand Jury, and that was the same as the video
that was shown to you by the FBI?

A. That's correct.

Q. Okay. Do you recall whether you were
asked in the Grand Jury about any of your
statements to Detective March?

A. I don't remember them asking me any
questions about my statements.

Q. Okay. Anything else you can remember
from your Grand Jury testimony?

A. No.

Q. General topics that were covered?

A. No. It is just the one thing that
stood out in my mind was the timing. That's
when I realized.

MR. NEUMER: Okay. At this time, I am
going to turn the questioning over to my
colleague for follow-up as to Grand Jury and
your testimony before the Grand Jury.
EXAMINATION

BY MR. BROWN:

Q. How are you doing?

A. All right.

Q. Do you want to take a drink of water or anything?

A. Yeah, my throat is starting to irritate me again.

Q. If you want to slow down or take a break.

A. No, I just want to get this through.

Q. Okay. I wanted to ask you, how were you notified of your appearance before the Grand Jury?

A. I believe it was in roll call, I got a summons, I believe. I think that's what it was.

Q. Okay. So --

A. I am sorry. No, I think I got it during roll call. They gave me a summons, usually the sergeant hands it over.

Q. Just a regular day at work, you weren't expecting it, just the sergeant gives it to you one day?
A. Yeah, I think that's how it happened.

It has been so long.

Q. Do you recall if other people received their notifications in the same manner?

A. I don't remember. I don't remember who got it or when they got it.

Q. Okay. When you went before the Grand Jury -- I know you don't remember exactly when it occurred, I just wanted to ask you, do you remember if it was hot outside?

A. I am trying to remember what I was wearing. I believe it was warm, but it is just my guess.

Q. Sure. That's fair. And you also mentioned your meeting with the -- who you believe to be the FBI?

A. Yes.

Q. Do you recall if that meeting occurred while you were at work for CPD?

A. It wasn't while I was at work.

Q. So the meeting occurred --

A. Some off-site.

Q. So the meeting occurred at a different location?
A. That's correct.

Q. Do you recall if you went to the meeting while you were kind of on the clock for your job at CPD, during your normal working hours?

A. No, it wasn't during my normal working hours, no.

Q. So the meeting was kind of arranged with you?

A. Yes.

Q. Okay.

A. I am just trying to think of the location where it was at, and I can't recall right now.

Q. Sure. Is it possible that you met with the FBI agents on Roosevelt Road?

A. I really can't remember.

Q. And I only ask that because the FBI has their headquarters located --

A. Oh, it wasn't at their headquarters. That I know.

Q. So you know it wasn't at their headquarters?

A. Yes.
Q. Do you think it was possibly another CPD location other than your district?
A. I think it was at 26th and California. The only reason I remember was the lunch area because that's where I met my attorney.

Q. That was kind of getting to my next question.

At that meeting with the FBI, do you recall if there were attorneys there at that meeting?
A. Just my attorney. I think it was Fahy. It was Attorney Fahy. I couldn't remember his name.

MR. NEUMER: Is that F-a-h-y?
MS. RUSSELL: Yes.

BY MR. BROWN:

Q. At that meeting with the FBI where your attorney Mr. Fahy attended, do you recall if attorneys from the U.S. Attorneys Office appeared or maybe attorneys from the Cook County State's Attorneys office appeared?
A. I don't remember who was exactly there. I know the Federal, they were there, but
there might have been somebody else asking
questions as well.

Q. In addition to the two Federal
Agents?

A. I am sorry. This is the Grand Jury
that I am thinking of. I am sorry.

Q. That's quite all right. Just in
relation to that meeting with the FBI that
happened before the Grand Jury appearance you
made, do you recall if there were other persons
there besides the two FBI agents?

A. I don't remember anybody else, no.

There shouldn't have been. I think there were
just the Federal agents there.

Q. Okay. Prior to speaking to the
Federal agents, had you seen Exhibit 5, the Case
Supplementary Report, or Exhibit 6, the General
Progress Report?

A. No, I didn't see those.

Q. And I believe you already stated that
you had not seen those before your Grand Jury
testimony either; correct?

A. That's correct.

Q. Okay. There were a couple of
questions about your relationships with the officers. I just had one follow-up there.

A. Sure.

Q. You mentioned VanDyke. I wanted to ask, how often was it that you worked with Officer VanDyke?

A. I never -- I don't believe I ever worked with Officer VanDyke.

Q. And is it accurate to say that he was not a member of your watch?

A. No, he was in our watch.

Q. Okay.

A. But I never worked with him as far as in the same car. I don't think I did, no.

Q. Okay. But if some event occurred that it called for other officers to support one another, would VanDyke be one of those officers that could support?

A. I worked the whole district.

Depending on where I am working, I could have easily had been at the same scene for assistance at one occasion or another but --

MS. RUSSELL: I think when he says he hasn't worked with VanDyke, as partners, right?
THE WITNESS: Yeah, partners.

MS. RUSSELL: But, they are on the same --

THE WITNESS: As far as say an officer

needs assistance, I could have easily been

there.

BY MR. BROWN:

Q. Okay. Just as the same situation

with those other officers we mentioned earlier
to you, that you might have worked with them

depending on the circumstance?

A. Yes, that's correct.

Q. All right. Now, you mentioned you

were in a small watch group. I wanted you to

explain that a little bit more to me. Is that
different than the district group?

A. Well, I used to work third watch,

which is a bigger, because it is afternoons.

Because it is midnights, I don't know

for some reason they skimped out on the

manpower, but it is just a smaller group that we

work with.

Q. And those officers we mentioned to

you, they are part of the midnights watch;
correct?
A. Except for Bacerra and --

MR. NEUMER: Velez?

THE WITNESS: Yeah, they were on another watch.

BY MR. BROWN:

Q. Okay. And would it be normal for you to when you receive jobs over the radio to provide assistance to any officers as needed, as in the example with the McDonald incident?

A. That's correct.

Q. Okay. This might be a hard question, but how frequently would you receive that type of call where you were asked to provide assistance to other officers and you had to travel to a location?

A. I mean, there will be times when an officer doesn't really ask for assistance. If we are close by, we will assist, but it depends on the calls. I mean, there is a large volume of calls that come through so...

Q. So it could be once a day?

A. It could be multiple times a day that, you know, an officer needs assistance or there is a call that's close by, we will go and
Q. So it just depends on the flow of how things are going?
A. Just the way things go, yes.
Q. Okay. And whenever you would come to provide assistance to another officer, would you and the officer you assisted have any conversations as to what occurred afterwards?
A. Like I said, it all depends. There will be times where we just take off. If everything is handled, we will just leave.
Q. Okay. So if -- I was wondering if there was any paperwork that was required to completed per the assistance to an officer, would there be any conversations before the paperwork would be completed?
A. It all depends on the job, type of job. If it needs paper, they might put us on the paper.
I mean, it is -- but like I said, it just depends on the job.
Q. So if the job calls for paper, would it be typical that there would be some kind of conversations between yourself and whatever
officers you might have assisted before completing the paper?

   A. If I am assisting somebody, it depends on my role in the assistance. I mean, there would be times just my presence being there might -- they don't require anything from me. Like I said, it all depends on the job, so it differs.

   Q. Does that mean there would be some situations where I guess depending on your role they might need to speak with you to kind of get an understanding of what occurred before making the reports on paper?

   A. It is fair to say, yes.

MR. BROWN: That's all I have.

MR. NEUMER: Just really quickly.
FURTHER EXAMINATION

BY MR. NEUMER:

Q. How often did you see Officer VanDyke on a weekly basis at work?

A. I couldn't even answer that. I don't even know his day off group or anything. Like I said, I don't know.

Q. I mean, like was he one of the people you would see everyday or a couple times a week?

A. I don't know. There were people I only see once, once or twice a week, but I -- like it is not somebody I talked to. It is not somebody I know.

Q. Okay. You don't regularly have conversations with Officer -- or didn't regularly have conversations with Officer VanDyke when you were at work?

A. That's correct.

Q. Okay. And how many officers are on your watch?

A. I couldn't count. I don't know what the watch is.

Q. Like is it over 100 or --

A. I would be guessing right now. To be
honest with you, I don't know, because there is
some -- like I said, there is some officers I
don't -- I maybe see once or twice. It is a --
it keeps moving, because people are on vacation
or -- so I don't know who is there or who is
not.

Q. Okay. I want to talk to you about
the events of October 20, 2014.

A. Okay.

Q. You were present when Laquan McDonald
was shot that night; correct?

A. That's correct.

Q. I want you to walk us through your
actions following the shooting in as much detail
as you can remember.

I am looking for you to just kind of
go step-by-step immediately what you did or what
you did immediately after the shooting, and then
take us through, and I will ask questions
throughout, but I want you to just walk us
through your best recollection as to what
actions or what you did following the shooting.

A. Well, after the shooting, I stayed
mostly by my vehicle. I really didn't know what
to do, so I started walking around, and then I
decided to go look for my partner.

Q. Okay. That's Officer Fontaine?
A. Officer Fontaine, yes. After I found
her, we headed to the vehicle and --

Q. Where was she?
A. You know what, there was so many
people there, so I don't know where exactly I
found her or she found me, but eventually we got
into the car.

Q. The 841 Robert vehicle you were
assigned to?
A. That's correct.

Q. Okay.
A. And we decided -- I don't know if
they were assigning it to us, but we were going
to go assist with traffic.

Q. Okay.
A. Immediately after we got in our car,
we turned around. I believe it was one of the
sergeants that told us we were the paper car,
which is basically doing the report.

Q. Okay. Tell us a little bit about
what a paper car is?
A. The paper car is basically the car that does the case report.

Q. Okay. And tell us what a case report is?

A. It is just a document where depending on what the type of event is, just a documentation of events or -- it is just a document we have to create.

Q. Okay. Does it document the officers who were present at the scene?

A. Yes.

Q. Let me ask you a different question. What information is contained in a case report?

A. Well, like I said, it depends on the event.

Q. Okay.

A. With this event, basically what was on that report was just to refer to the supplement of -- the detective's supplement and trying to get as much as far as the individuals that were -- the officers that were on scene on that report.

Q. So you want to get the individuals who are on scene. Anything else?
A. As far as that report, that's all I can remember now.

Q. Okay. Before we go into that, talk to me about your efforts at crowd control or perimeter control or traffic. I can't remember what your phrase was.

A. To traffic control?

Q. Yeah.

A. What we were trying to do?

Q. Yeah, you mentioned that --

A. Oh, we were about to go and block off one of the streets.

Q. Okay.

A. But I believe one of the sergeants went over the air, and I can't remember which one, but assigned us the job.

Q. So before you really were able to block off a street, you got asked to do the case report?

A. That's correct.

Q. Okay. At any time while you were at the scene, did you see -- well, let me ask you first. Did you direct any witnesses to the shooting to leave the scene?
Q. Did you see at any time while you were on the scene of the shooting any other officers direct witnesses to the shooting away from the scene?

A. No.

Q. Okay. So before you can do, I will call it a traffic control, there is an order over the radio asking you and Officer Fontaine to do a case report or to be the paper car?

A. That's correct.

Q. Okay. And so by "paper car," you interpret that as you and Officer Fontaine have to complete the case report?

A. That's correct.

Q. So tell us what happens next.

A. I believe we were parked in front of a Dunkin' Donuts, still on the street.

Q. On Pulaski?

A. On Pulaski.

Q. So you and Officer Fontaine are in the 841 Robert vehicle parked in front of the Dunkin' Donuts on Pulaski?

A. That's correct. I don't know how
long it was that we were still -- we were parked, when another sergeant came over and told us to follow the ambulance with the body.

Q. You said you and Officer Fontaine were apart or were -- were you apart or were you in the vehicle together?

A. It was on and off, because Officer Fontaine was doing the case report. She was doing it on the computer.

Q. Okay. In the vehicle?

A. In the vehicle.

Q. Okay.

A. I was -- my job, which I didn't have that -- I was going around -- getting everybody's -- as much as I can, my ability to get everybody's name and star and what beat of assignment they were.

Q. Okay. Do you remember who you talked to at the scene while you were assisting in the completion of the case report?

A. No. It was chaotic. It was just so many people coming and going.

Q. Okay. While you were sort of walking around the scene of the shooting; is that fair
to say?

A. Yeah.

Q. Or the perimeter? Where are you walking?

A. I don't believe I ever went close to where the -- McDonald was at. It was more of the perimeter, trying to get the beat cars that were around.

Q. Okay. And help me out with the timing.

Is McDonald still -- is he still present at the scene while you are walking around?

A. I don't know the timing, but like I said, another sergeant, while we were there, assigned us to go with the ambulance, so I don't know what the time was, so I don't know how long we were still there.

Q. I gotcha. But when you first went out to talk to individuals who were at the scene to collect the star numbers and that sort of thing, Laquan McDonald must still have been at the scene, right, because the accident hadn't left?
A. Yeah, he was still there.

Q. Does that sound fair?

A. Yeah.

Q. So this must be pretty shortly after the shooting then, correct?

A. That's correct.

Q. Okay. So while you are, I will call it canvassing the scene a little bit, trying to collect star numbers and names of the individuals who are at the scene, did you have any substantive conversations with those individuals regarding the shooting?

A. No. At that point, I didn't even know still what was going on as far as what happened with 815 Robert, because that's what their initial call was from, and it was just bits of information that people were providing us with.

Q. Okay. So you are out there collecting information, and then there is a call, and you get assigned to accompany the body?

A. Yeah, that's --

Q. Walk me through that.
A. Well, I don't know how long it was when we were sitting there when one of the sergeants goes over the air and tells us to go follow the ambulance to the hospital.

Q. So you were in the 841 Robert vehicle when that call came in?

A. I don't know exactly if I was outside or inside the vehicle giving Officer Fontaine some of the information as far as names so she can --

Q. But you two were together?

A. On and off, yes. I was -- she was mostly in the car, because she had to do -- she was typing and making phone calls.

Q. I am just wondering if she had to come out and grab you on the scene or if you were right there and said let's go?

A. I think it was -- I don't know when it was, but we did get assigned to go to the hospital.

Q. Okay. And did you follow the body to the hospital?

A. Well, we started to, yes, and my partner was very frustrated. She goes over the
air and tells, you know, just frustrated to tell what do you want us to do; do you want us to follow the ambulance or do this report.

Q. Okay. And what was the response?

A. They told us, well, just stay -- do the report, so we turned back. So we were already traveling, and we returned.

Q. Okay. About how long were you away from the scene of the shooting?

A. I mean, it wasn't -- we got up the ramp. I mean, I don't know, I don't know, from the time that we started the car moving, I don't know, it could have been seconds. I mean, maybe a minute maybe.

Q. Okay. And then you came -- so you get back to the scene. Where do you park?

A. It is almost the same location. We weren't far. I mean --

Q. Near the Dunkin' Donuts on Pulaski?

A. Yes.

Q. So once you get back to the scene, what happens?

A. We just completed our report. You know, there is bosses everywhere. It was
chaotic. I mean, there was people everywhere.

Q. And when -- did you go back out to
do -- again, I will call it a canvass, another
canvass of the scene to collect more
information?

A. Well, I tried -- like I said, my job
was to try and get everybody's -- who was on
scene basically.

So if I didn't -- I mean, I tried to
the best of my ability. I am pretty sure I
missed somebody.

Q. No, no. My question is --

MS. RUSSELL: They are like thanking their
lucky stars right now they were missed.

BY MR. NEUMER:

Q. My question is before you got called
to follow the ambulance, you were out on the
scene outside the vehicle talking to people
getting information?

A. Well, just getting their name.

Q. Getting their information?

A. Yes.

Q. And my question is after you came
back to the scene, were you again out in the
area of the shooting, the general area collecting more information?

A. Trying to see who I had missed.

Q. Okay. And so once you collect that information outside, how do you give it to Officer Fontaine so she can complete the report?

A. I mean, everything was written on a scratch paper.

Q. And you just hand it to her?

A. Just hand it to her, yeah.

Q. Okay. And did you -- other than collecting basic info from individuals at the scene of the shooting, did you have any conversations with -- more substantive conversations about the shooting with anyone at the scene?

A. No. I mean, I believe I just stayed mostly by the car, just waiting until we were done.

Q. At any time, did you speak to Detective March at the scene of the shooting?

A. I believe that was his name, when he approached us, yes.

Q. Okay. So tell us about your -- did
you have a conversation with Detective March at
the scene?

A. It was very brief. He asked me my
name, star, unit of assignment, and a quick
brief of what happened.

Q. Okay. Where were you when you talked
to Detective March?

A. This was in the car.

Q. Was Officer Fontaine in the car?

A. Yes, she was.

Q. Was he speaking to you at the same
time?

A. Yeah, it was just, like I said, real
general, real quick. He was doing whatever he
needed to do.

Q. Okay. Did he ask you for your name
and star number and then Officer Fontaine's name
and star number?

A. Yeah, that's correct.

Q. Okay. Was he asking questions to you
individually or to you both?

A. He really didn't ask questions as far
as just our name and stars, just, you know, what
happened, just give a quick brief.
Q. So when he asked you what happened, is he saying, Officer Viramontes, what happened, or is he saying, hey, guys, what happened here?

A. Yeah, I don't know exactly what words, but that's how it was, more informal.

Q. I guess my question is --

MS. RUSSELL: Was he addressing both of you guys?

THE WITNESS: I can't remember if it was just -- because he was by my window. I might have gone out just so he could -- if Officer Fontaine had anything else to say, but I was always present there.

BY MR. NEUMER:

Q. Okay. So your recollection is that you were inside the vehicle when Detective March came up to talk to you?

A. I believe so I was.

Q. So windows open?

A. Yes.

Q. He comes up. Officer Fontaine is in the driver's seat or the passenger's seat?

A. She is the passenger.

Q. So she is in the passenger's seat,
you are in the driver's seat, and then March
talks to you through the open window; is that
correct?

MS. RUSSELL: I just want to make sure one
ting is clear. I don't know that he exactly
knows that it was Detective March.

MR. NEUMER: Okay. Sure, sure. Good
point.

BY MR. NEUMER:

Q. So a detective comes up to you when
you are in the 841 Robert vehicle on the
scene -- at the scene of the shooting; is that
correct?

A. That's correct.

Q. So you are in the 841 Robert vehicle
in the driver's seat?

A. Yeah.

Q. And Officer Fontaine is in the
passenger's seat, and Detective March approaches
the driver's side window which at some point is
open and asked you questions -- or asked you for
your name and star number; is that correct?

A. That's correct.

Q. And at that same time, he asked
Officer Fontaine for her name and star number?

A. That's correct.

Q. And then he asks generally what happened?

A. Yeah.

Q. Okay.

A. No specific questions or anything.

Q. And what did you tell the detective?

A. Just exactly what I thought I saw. I saw Mr. McDonald walking down the street swinging his arm very angrily, he looked very agitated.

I saw him turn towards the officers, and Officer VanDyke started shooting.

Q. Do you recall what Officer Fontaine, how she described the shooting to the detective who came up to the window?

A. No, I don't recall what she said to him.

Q. Do you recall it differing from what your version of the shooting was at all?

A. I don't remember. I don't know if it differed or anything.

Q. Okay. While you were at the scene of
the shooting, did you ever talk to Officer Fontaine about the shooting, about what you had just witnessed?

A. I mean, there was really no time to even have a conversation. I mean, people were asking us questions, you know, in regards to the report, she had to do phone calls. I mean, we were constantly keeping busy until we got to the area.

Q. Okay. Did you like after the night of the shooting, did you ever learn that the detective who came up to your window, did you ever learn his name?

A. He probably did tell me his name, I just don't know if March, that was his name, but --

Q. Okay. Based on the information you reviewed in preparation for today's interview, do you believe that the detective who came up to your window was Detective March?

A. Yes, I mean, just from the notes.

Q. Okay. Do you recall when Detective March was speaking to you and Officer Fontaine at the scene of the shooting, whether he was
taking notes?

A. I believe he was, yes.

Q. Okay. Did you at any time at the
scene of the shooting see a video of the
shooting?

A. I believe I saw a glimpse of it at
the Dunkin' Donuts.

Q. Tell me about that.

A. Well, the detectives went in there.
I went in there to get their names, and that's
when I got a glimpse of that one.

Q. Okay. So tell me, this is as part of
your canvassing to complete the case report?

A. Uh-huh.

Q. Is that correct?

A. You could say that, yes.

Q. Okay. Are you objecting to my use of
the word "canvassing"?

A. No, no, no.

Q. I am trying to use the best term.

A. You make it sound like I am
investigating. I am not. I am just getting
everybody's name. That's what I was doing.

Q. As you are going around the scene as
part of that process of completing the case
report, you went into Dunkin' Donuts; is that
correct?
A. I did, yes, to get some names.
Q. And there were officers or CPD folks
inside that Dunkin' Donuts?
A. That's correct.
Q. Okay. And did you get their names
and star numbers?
A. I believe I did get some.
Q. And what were those -- do you think
they were officers or detectives?
A. I want to say they were detectives.
Q. About how many?
A. I couldn't count how many were in
there.
Q. Less than ten?
A. I would say less than ten, yes.
Q. Less than ten but more than two?
A. Yes, I would say.
Q. What were those detectives doing
inside the Dunkin' Donuts?
A. I would assume they were trying to
recover the video.
Q. Okay. And where were these detectives in the Dunkin' Donuts?

A. Sitting on one of the, I guess, chairs, the tables that they had there.

Q. Did they have a laptop or did they have --

A. I believe it was a laptop, yes.

Q. Okay. So they had a laptop, and one laptop, multiple? Do you recall?

A. I think it was just the one.

Q. And so as you were getting information from them, I mean, how did it come that you saw a little bit of the video?

A. There were -- they were reviewing it, and I was present there waiting for them to finish so I could get their names and stars.

Q. Did they specifically show you the video?

A. No.

Q. So you were sort of -- you just happened to see it?

A. Yes, that's correct.

Q. Okay. Do you recall what portion of the events the video you watched in the Dunkin'
Donuts captured?
A. I believe it is the same one that was provided to me that you all provided.

Q. So you think it was the --

MS. RUSSELL: He said what portion.

THE WITNESS: Oh, what portion? I am sorry. I don't know what portion it was.

BY MR. NEUMER:

Q. Okay. But you believe it was the 813 Robert dash cam video that we provided you?

A. No, I believe it was the Dunkin' Donuts.

Q. Oh, okay. So you think it was the Dunkin' Donuts security camera footage?

A. That's correct.

Q. Okay. How far away were you when you saw that footage?

A. I don't know. I was behind everybody's shoulders, I guess.

Q. So maybe like five or 10 feet, something like that?

A. Probably.

Q. How good was your angle?

A. I couldn't answer that.
Q. Outside of the Dunkin' Donuts security footage, on the scene on the night of October 20, 2014, did you see any other footage of the McDonald shooting?

A. No, no. I don't think I did, no.

Q. Okay. So do you recall whether Detective March approached you and Officer Fontaine before you followed the ambulance or after you followed the ambulance?

A. I believe it was before the ambulance left.

Q. Okay.

A. I am just guessing right now, but I believe it was before.

MS. RUSSELL: Don't guess.

THE WITNESS: I don't recall.

BY MR. NEUMER:

Q. Is there a basis for your belief that it was before?

MS. RUSSELL: He said he was guessing.

MR. NEUMER: And that's why I want to make sure.

BY MR. NEUMER:

Q. If it is a really I don't know, then
it is an I don't know.

A. I don't know.

Q. Okay. So besides Detective March -- sorry.

Besides the detective who you later found out was Detective March; is that fair to say?

A. Yes.

Q. Did you speak to any other detectives at the scene substantively regarding the shooting?

A. I don't remember. Like I said, I had a lot of people coming up to us, since we are the paper car.

Q. Did you talk to any FOP representatives at the scene of the shooting?

A. There might have been one there, but I don't know if I spoke to them.

They might have came up to us just to ask, you know -- I think I might have asked just to get his name. He might have been on the report.

Q. Do you recall who that individual's name was?
A. No, I don't.

Q. Okay. And do you even know whether you actually talked to an FOP representative there or is it just something that's possible?

A. It could have been possible.

Q. Okay. Prior to your conversation with Detective March at the scene of the shooting, did you have any substantive conversations about the shooting with anyone else?

A. Like I said, there was really no time after -- after the shooting, I mean, everything just was going fast pace.

They gave us the job. We just did what we had to do and get that report.

Q. At any time while you were at the scene of the shooting, did you speak to VanDyke substantively about the shooting?

A. No.

Q. Okay. Do you recall whether you got his name and star number as part of your completion of the case report?

A. I don't think I even spoke to him that day.
Q. Okay. So any substantive conversation with any of the officers who were at the scene of the shooting regarding the shooting?

A. No, not really, no.

Q. Okay. At any point, were you separated from the other officers who were at the scene of the shooting or segregated from them?

A. The only time we were -- when we were doing that report, I mean, we were in the car, mostly in the car, or I was walking around. I probably had more exposure than Officer Fontaine.

Q. I see. But nothing prevented you from having a conversation with the other officers who were at the scene of the shooting?

A. No.

Q. Okay. So after you complete the case report, what happens?

A. After the case report was completed, I -- I don't know who told us, but we were to go to the Area Central.

Q. Okay.
A. To the area.

Q. Okay. So about -- and so you complete your case report and then someone tells you to go to Area Central?

A. That's correct.

Q. Was it Sergeant Franko?

A. I don't know who told us to go. It could have been one of the detectives. I don't know.

Q. And about what time do you leave the scene? Just for your reference, the shooting occurs just prior to 10:00 p.m.

A. I do not know what time we got to the area. I couldn't even tell you how long we were there.

Q. Okay. So you are ordered to go to the Area Central at 51st and Wentworth?

A. That's correct.

Q. How do you get there?

A. We drove on 841's car.

Q. You are still the driver, Officer Fontaine is the passenger?

A. That's correct.

Q. At any time during that car ride, did
you discuss the shooting?

A. No, not really, no.

Q. Had you been involved in an officer-involved shooting prior to October 20, 2014?

A. No.

Q. I understand that, you know, on the scene things are chaotic, but I would have thought that on the way there, you might have just discussed, you know, what this pretty traumatic event you just witnessed.

MS. RUSSELL: He already answered the question of whether they talked about it.

I don't know. Is that a question or just your observation of what you think?

MR. NEUMER: It is my observation and just asking if, you know, you have any --

MS. RUSSELL: He already answered.

THE WITNESS: The thing is, I mean, there is really nothing to talk about. I mean, as far as it happened, we are trying to get -- we are frustrated, we are hungry. I mean --

BY MR. NEUMER:

Q. Okay. What happens when you arrive
at Area Central?

A. I think they ordered pizza. That's about all I remember. I was hungry.

Q. So you get some pizza?

A. Yeah, just waiting around.

Q. Where are you waiting? Once you enter Area Central, where do you go?

A. We go upstairs to the detectives, their unit, whatever you want to call it.

Q. And where are you waiting in that detective unit room?

A. Just by their cubicles, wherever there is a seat available.

Q. And who else is present?

A. Oh, I know my partner was there. The only ones I really do remember was Janet Mondragon, Officer Mondragon and Sebastian, and there could have been some detectives.

Like I said, I don't know who else was present there.

Q. Okay. So several of the officers who were at the scene of the shooting then went to
Area Central?

A. Yeah, we didn't all go all at once. I think we just went in there.

Q. And so folks were sitting at available seats in that detective room?

A. It is a big open area where there is cubicles, and we just got to sit wherever we can so...

Q. After you arrived at Area Central, did you have any conversations about the shooting with any of the other officers who had been at the scene of the shooting?

A. No. We were more focused on getting something to eat.

Q. Did you talk to an FOP representative while you were at Area Central?

A. He might have spoke to us. I don't know who -- we were waiting there -- we were told that we were going to give statements to IPRA.

Q. Was that told by the FOP rep?

A. That I don't remember -- I am not going to guess so I don't recall so...

Q. Okay. So you were -- you are sitting
in that area, that detective room, second floor?

A. That's correct.

Q. Okay. Second floor of Area Central.

And you were told by someone, you can't recall who, that you would be interviewed by IPRA?

A. That's correct.

Q. And then what happens next?

A. I believe -- I don't know what detective got us into one of the side rooms, and they showed us the video again.

Q. Okay. Was it the same detective who spoke to you at the scene of the shooting?

A. I want to say yes, yeah.

Q. Okay. How certain are you that it was the same detective at the scene of the shooting and that same detective is the one who showed you the video?

A. I don't recall. If it was Detective March?

Q. Right.

A. I am not sure it was him.

Q. Okay. So tell us about a detective showing you the video of the shooting.

A. I believe it was the 813 Robert's
video camera that they showed us in that side room.

Q. Okay. Who was present when you saw that video?

A. I know my partner was there.

Q. Okay.

A. And I don't know who else was there, and the detective.

Q. Okay. So the detective showed you and Officer Fontaine, perhaps another individual or other individuals as well the 813 Robert dash cam video?

A. That's correct.

Q. Did that detective say anything to you prior to showing you the video in that room?

A. No. We kind of just went over what we just said on the scene.

Q. So did the detective ask you questions regarding the shooting prior to his showing you the video?

A. No. What happens, while we are watching the video, we were just -- how can I say this?

We were kind of agreeing what we had
stated on scene as we were watching it, you
know, this, this, and this happened. He wasn't
asking us -- he wasn't asking us questions if
that's what you are asking.

Q. You were making statements while the
video was playing?

A. We were just saying, oh, you know, we
were watching it, because we haven't -- we
haven't watched that video, but it was -- I
don't remember the quality of the video.

It looked like I had been seeing more
sharper video than the one that they had on
there.

Q. I would just like to get a little
more detail on that.

What sort of statements were you
making while the video was playing?

A. It was just basically what we said on
scene, what -- as far as -- I don't know.

Q. So my confusion is like, you know,
you made some statements while you were on the
scene of the shooting, at the scene of the
shooting to a detective who we have identified
as March; right?
A. Uh-huh, uh-huh.

Q. Is that correct?

A. That's correct.

Q. So then you are shown the video?

A. Uh-huh.

Q. And what I hear you saying is that we said the same things we said at the scene, and I am trying to -- did you literally make the same kind of statements while the video was playing that you said at the scene, or, you know, were you saying like oh, that seems about right with what I saw?

A. That's it.

Q. So walk me through that. I don't want to put words in your mouth. I am just trying to get a sense of what --

A. I understand. We weren't adding anything to what was said already. We were just, oh, this is what happened, and we were going by whatever was being shown at the time.

There was nothing added or -- it was just almost this is what we thought happened and this is what we are seeing, and I am like okay.

Q. Okay. So you thought it confirmed
the statements you made -- the video confirmed
the statements you made at the scene of the
shooting to Detective March?
   A. Yeah.
   Q. Okay. Did the detective who showed
you the video ask you any questions regarding
the video?
   A. No.
   Q. Did the detective who showed you the
video make any comments regarding the video?
   A. I mean, I don't know what -- if he
said anything, I don't remember what he said.
   Q. Did the detective who showed you the
video say anything like the video contradicts
what you are telling me about what occurred at
the scene of the shooting?
   A. No.
   Q. Did the detective ever try and get
you to change your statement in any way?
   A. No.
   Q. Do you think the detective who showed
you the video ever tried to guide your statement
in a particular direction?
   A. No.
Q. Do you think the detective in any way tried to coerce or modify the recollection you had as to what you witnessed?

A. No.

Q. Do you recall the detective who showed you that video saying anything about or pointing out where McDonald supposedly turned?

A. No.

Q. Following your viewing of the video, did the detective ask you any questions?

A. No.

Q. So what was the purpose of the detective showing you the video?

A. I have no idea. You know, I started to give him exactly what -- I started to talk -- tell him about what had happened, and he really didn't really want to listen to what I had to say, so he moved to Officer Fontaine.

Q. Was that before or after he showed you the video?

A. I don't know the timing. It could have been during.

Q. Okay. So at some point, you started to say, hey, here is what I saw?
1. Q. And what did he say?
2. A. He didn't really care.
3. Q. How did you get the impression that he didn't care? Did he say, ah, I don't need to hear that?
4. A. No, he just moved on to the Officer Fontaine.
5. Q. Were you able to kind of complete your story about what happened before he moved on to Officer Fontaine?
6. A. Yes. I mean, it is, you know, I told him this is what I saw, and he moved on. It was very brief. I mean, it wasn't -- we weren't in that room that long.
7. Q. Okay. I guess it just strikes me when you say he wasn't interested in your statement, like what gave you that impression?
8. A. I don't know. That's -- because he moved on to Officer Fontaine.
9. Q. And he didn't ask any follow-up questions?
10. A. No.
11. Q. Did he ask you to clarify any of the
statements you were making?

A. No.

Q. Okay. So when he moved on to Officer Fontaine, did he ask her to describe the scene to him?

A. I don't remember what he asked her.

Q. Okay. Do you recall what Officer Fontaine told him?

A. I don't remember what she answered.

Q. Do you recall Officer Fontaine's recollection of the shooting differing from yours at all?

A. I don't remember what she stated or anything.

Q. Did the detective ask you about any differences in your stories?

A. No. That is the thing. The detective asked and it was just, like I said, it was a brief -- you know, he asked me what happened, boom, and it was done.

Q. Did the detective ever tell you guys better get your story straight here?

A. No.

Q. Never said anything --
A. Nothing in regards to anything like that, no.

Q. What happened after you left the room?

A. I don't know when the pizza came, but we just ate, and we were just waiting when our turn was to give statements, but we never gave one.

Q. Okay. Did you have any substantive conversations about the shooting after you watched the video at Area Central that night --

A. No.

Q. -- with any of the officers who were at the scene of the shooting?

A. No. We were tired. We just wanted to go home. It was late.

Q. Did you -- so what happened -- so IPRA never asks you to give a statement; correct?

A. They told us that they would notify us whenever -- they were to notify us whenever we were going to give statements, but they never did so...

Q. And then how did you know you could
leave?

A. I don't know who told us, but we were
told that we could go.

Q. Okay.

A. That they would notify us at another
time for the statements.

Q. Okay. Do you recall when you left
Area Central?

A. I don't know. It was early in the
morning. I don't remember the time.

Q. Okay. And where did you go after you
left Area Central?

A. We went straight to the District and
went home.

Q. Okay. And you and Officer Fontaine
drove from Area Central to the District?

A. That's correct.

Q. And the District is at -- on 63rd, is
it --

A. Excuse me. Yes. I need some water.

MS. RUSSELL: Let's take a quick break.

MR. NEUMER: Sure. The time is 11:49. We
will go off the record.

(Short break in proceedings.)
MR. NEUMER: The time is 11:59. We are back on the record.

BY MR. NEUMER:

Q. Officer Viramontes, I believe when we went off the record, I was asking you about where you went after leaving Area Central.

A. To the 8th District.

Q. Okay. And how did you get from Area Central to the 8th District?

A. 841 Robert's vehicle.

Q. And did you drive with Officer Fontaine?

A. That's correct.

Q. And during that trip to the 8th District, did you and Officer Fontaine have any conversations regarding the McDonald shooting?

A. I don't remember our conversations but -- all I do remember we were tired and we wanted to go home. That's all.

Q. Do you recall any conversations regarding -- with Officer Fontaine regarding your viewing of the video of the McDonald shooting?

A. Like I said, I don't remember our
conversation, if we even had one.

Like I said, at that point, we just wanted to go home. I mean, we got family stuff to do. That's what we do.

Q. And after you got to the 8th District, did you then go home?

A. That's correct.

Q. Drive your personal vehicle home?

A. That's correct.

MR. NEUMER: Okay. Kris, do you have any follow-up?

MR. BROWN: I have a couple follow-up questions.

FURTHER EXAMINATION

BY MR. BROWN:

Q. Back when you were on the scene, you mentioned crowd control?

A. If you want to call it crowd control, yeah.

Q. Should I not say crowd control?

A. To me crowd control is like we are trying to block everybody from, you know -- I don't know what you are specifically trying to --
Q. Sure. When you were -- and correct me if I am wrong.

Were you asked to I guess at one point move your car to kind of block traffic?

A. We were going to, yes. We never got to that point.

Q. Right. And I just wanted to ask some follow-up about that.

When you were asked to do that, how was that request made to you?

A. I don't remember if it was somebody that asked us. I believe we put it upon ourselves to go help out as far as doing something instead of just leaving the scene.

I don't know if somebody specifically asked. I don't think so but --

Q. Is that a normal thing, where you have the discretion to I guess go and try to help the scene by blocking off traffic?

A. If you put it -- some officers will decide to just leave.

I mean, we decided that we wanted to stay around the perimeter and we will go block the street off, just to do something.
Q. When you decided to do that, to go block the street off, did you have to inform the sergeant or anyone else?

A. I believe -- well, usually we will go over the air and tell the zone, the dispatcher.

Q. You would tell the dispatcher --

A. If we were going to do it, yes. I don't know if we got to that point. I don't remember.

Q. For this particular instance?

A. That's correct.

Q. Okay. Other than telling the dispatcher, would you do anything else such as a PDT message or go over the air with your radio?

A. It is usually just over the radio where we tell the dispatcher, yeah, but no PDT messages to anybody.

Q. As far as I guess other officers doing similar actions, trying to control the traffic, do you recall hearing any messages over the radio to instruct other officers to control traffic?

A. There might have been sergeants giving some direction, but I don't know what was
1. given over the air at that time.

2. Q. Okay. Given over the air, you mean just over your radio?

3. A. Over the radio, that's correct.

4. Q. And that would be the same way you would speak to the dispatchers is over the radio?

5. A. Yeah, that's correct.

6. Q. Okay. Do you recall hearing any orders over the radio to instruct officers to tell civilians to leave the scene?

7. A. I don't remember. I couldn't tell you what was going over the air at that time.

8. Q. Okay. How long after you arrived on the scene, if you had to estimate, did March come to speak with you?

9. A. I don't remember. As far as specific times, no, I don't remember.

10. Q. Sure. Could it be an hour?

11. A. Like I said, I would be guessing right now.

12. MS. RUSSELL: Don't do that.

13. BY MR. BROWN:

14. Q. We definitely don't want you to
guess. I am just trying to --

A. I am not guessing. I don't know the time. Like I said, my time, it could have been quicker, it could have been -- I don't know.

Q. So maybe a better way would be to I guess recount the stuff you did before March came to speak with you and how long you thought those activities took.

A. I don't -- to be honest with you, I don't even know how long we were there on the scene from start to finish, from when the shooting started until -- I couldn't even tell you what time.

That's how warped my -- I couldn't tell you. Even after I -- even after reviewing all this, I still can't -- I am trying not to because it stresses me out.

Q. I can definitely understand that.

A. I am trying to get away from it as much as possible.

Q. Do you have any idea when you arrived at the Area?

A. I don't -- maybe midnight. I don't know, to be honest with you. It could have been
somewhere around there.

Q. Okay. That's fair. I mean, if you -- your shift starts, what is it, 10:00 o'clock?

A. 21:00, so 9:00.

Q. I apologize. So you told us a little bit about March coming to your vehicle and speaking to you through your driver's side window?

A. Yes.

Q. And you inform March of your observations in regards to the shooting?

A. That's correct.

Q. Do you recall March having any response to what you told him?

A. That's the thing. There was no response. There was no direction as far as questioning.

You know, he just asked what happened, and we gave the response.

Q. Right. I remember you said what happened.

I was just curious if after you told him your observations, did he say anything in
response to your observations?

A. No.

Q. Okay. Do you think that that conversation, and it might not even be right to call it a conversation, but that exchange, can you estimate how long that took?

A. It was very, very quick. It was minutes. I mean, it was very, very brief.

Q. Okay. And after he spoke to you through the driver's side, do you recall -- I am sorry -- through the driver's side window, do you recall if March went to the passenger's side window to speak to Fontaine?

A. I don't remember. I don't remember if the exchange was right through me or if he went around. I don't remember what he did actually after that.

Q. Okay. Do you recall about how long the conversation with Fontaine took?

A. No, I don't. Like I said, our exchanges with him was brief. He had to go do whatever he needed to go do.

Q. So is it safe to say it was maybe five minutes or less?
A. Yeah, I would say less.

Q. Now, you mentioned to us that your window was open when March spoke with you. Were your windows open when you arrived on the scene?

A. I don't remember if the windows were open.

Q. Okay.

A. Yeah, I don't -- that's my answer.

Q. When you arrived on the scene, were your lights and sirens flashing?

A. My emergency lights were on. I don't remember the siren. It could have been on. I don't remember.

Q. If you have your lights flashing, would it be typical for you to have your windows up at that time?

A. I could have them either down or up.

Q. It could be either way?

A. Yeah.

Q. So when you got to the Area, you noted all the officers did not arrive at the same time.

You mentioned like Mondragon was there, McElligott and Gaffney, the other
officers arrived at different times.

Do you recall hearing any conversation that those officers had amongst themselves?

A. No.

Q. Okay. Now, we are going to move on to the point where you spoke to the detective in the side room.

A. Okay.

Q. The detective, do you recall him showing you the video, or was it the other person -- if there was another person there, do you recall the other person showing you the video?

A. I don't know who was the one that told us did you see the video, you know, come in, you know.

I mean, what I am trying to say is that I don't know which -- what detective, because I know there was one -- it could have been March, and there might have been another detective there, but I don't know which one had told us to come in.

Q. Okay. So whichever detective was I
guess giving you the questions, was he the same

one that was operating the video player?

A. That's the thing. There was no

questions. They just showed us the video,
because we hadn't seen it. That's why they put

us in the side room.

Q. Okay. Was there anything that stuck

out about the other person that was there, if it

was Detective March, besides him?

A. No. They all look the same to me

so...

Q. Was the other person a male or a

female?

A. I think it was a male, another male.

Q. Was he very tall?

A. I don't -- I don't know.

Q. Just trying to maybe figure out who

the other person was.

A. Okay.

Q. When you were shown the video, do you

recall if it was just one time or were you shown

the video multiple times?

A. I don't remember how many times, if

they did show it to us. Like I said, my time in
that room was really quick, so I couldn't -- I
don't know if they did show it to us multiple
times.

Q. Okay. And you said your time was
quick in there.

Would you estimate it was less than
ten minutes?

A. It would be less than ten minutes,
yes.

Q. Do you recall if any of the
detectives that were in the room had any notes
while they were, I guess, listening to what you
might have told them?

A. I am -- I wasn't paying attention as
far as them holding anything. I don't know.

Q. Okay. Which is when March spoke to
you at your vehicle, you do recall him having
some notes?

A. That's correct.

Q. The last thing you mentioned that
when you got to the Area, you know, people were
hungry.

I want to ask, is that your normal
lunchtime? Is it a couple hours into the shift
or --

A. There is no normalcy.

MS. RUSSELL: I think he has testified so many times that he doesn't know the time frame.

I mean, I don't know if you are trying to set the time frame by his hunger pains. He doesn't know what time.

BY MR. BROWN:

Q. No, I was just curious like if there is a normal time that you guys take lunch during your shift.

A. No, there is no normal time. It is whenever you get a chance. That's basically when it is.

MR. BROWN: Okay. That's all.

FURTHER EXAMINATION

BY MR. NEUMER:

Q. Really quickly. Other than at Area Central, other than when the detective or detectives showed you the video of the McDonald shooting and there was an exchange regarding the shooting, did you have any other substantive conversations regarding the shooting at Area Central?
A. No, just saw the video. I mean, that's --

Q. And that was the only time at Area Central you had an interaction or a communication regarding the McDonald shooting?

That was the only time?

A. That's what I recall, yes. That was the only time.

Q. Okay. We are now going to show you or put in front of you Exhibits 5 and 6, the CSR and the GPR, the General Progress Report, the excerpt from the CSR containing the statement attributed to you and the GPR, which contains Detective March's notes of his conversation with you.

So take as much time as you need to review. Just let me know when you have had enough time to review.

MS. RUSSELL: Can we go off the record for a second?

MR. NEUMER: Sure. The time is 12:14. We are off the record.

(Discussion had off the record.)

** ** ** **
(Short break in proceedings.)

MR. NEUMER: The time is 12:18 p.m. We are back on the record.

BY MR. NEUMER:

Q. Officer Viramontes, we just -- we put Exhibits 5 and 6 in front of you.

Have you had sufficient time to review those exhibits -- well, Exhibit 5?

A. Yes.

Q. Okay. Let me ask you generally, what is a Case Supplementary Report?

A. It is an added report that -- I don't want to use the same word, but that adds onto the initial case report.

Q. Okay.

A. Which is usually, I don't know how the detectives work, but this is what the detective do as far as -- they add onto whatever the main report is.

Q. Do you ever complete Case Supplementary Reports as part of your duties as an officer?

A. Yes.

Q. You do? Okay. So you are familiar
with -- can I call them CSRs?

A. Well, the detectives name them differently.

Q. Okay.

A. We do have another report that's a supplement. I don't know how different their job is, because I am not too familiar with what they do and what their reports are named.

Q. Okay.

A. We do have one called a supplement. Say we miss something or we get some added information, we could always do a supplemental report. So they might be different.

Q. Are you general family with again what I will call a CSR?

A. See, I don't know that term. That's a detective term so that's probably what they named them.

Q. Okay.

A. That's their job.

Q. What is your understanding of what the purpose of a Case Supplementary Report is?

A. Just to add on information on the initial report, and I know detectives do it on
a -- because they don't do the initial report, so that's my understanding of it.

Q. And who completes Case Supplementary Reports?
A. I believe this one was completed by a detective.

Q. And do detectives generally complete Case Supplementary Reports?
A. In this type of incident, yes.

Q. Okay. In other types of incidents, other folks might --
A. I don't know. It depends on what the type of work -- or the job is. On a shooting or a homicide or -- actually, I will take that back. I am sorry. I have never dealt with a police shooting, so this is the first time I had to deal with it, and I understand that the detective were the ones that do the supplemental report.

Q. Okay. And at least in a police-involved shooting, a detective will do a Case Supplementary Report?
A. Yes, that's correct.
Q. Can you take -- I am going to ask you some general questions regarding the Exhibit 6, General Progress Report.

Are you familiar with General Progress Reports?

A. No, I am not.

Q. Okay. Have you ever completed a General Progress Report?

A. No.

Q. Okay. Do you know what the purpose of a General Progress Report is?

A. No, I don't.

Q. All right. With respect to Exhibit 5, in the middle of the page is your name and then some statements that are attributed to you?

A. Yes.

Q. It starts off, "Ricardo Viramontes stated he was a Chicago Police Officer assigned to the 8th District. Viramontes related the same facts as his partner Officer Dora Fontaine."

I want to go line-by-line through your statement here, and I am going to ask you
two questions with respect to each statement.

One, whether you made the statement attributed to you on the night of October 20, 2014; that is, whether you made that statement to a detective, and then two, whether that statement is accurate. Okay?

So I will go through this a little bit. I want to give you a little preview of what I am going to do with each one of these, okay?

A. Okay.

Q. Again, the first question is whether you made the statement, not concerned at that time whether it is right or wrong or anything, just did you make the statement to Detective March, and then the second question will be, is that statement accurate?

A. Okay.

Q. Okay. So I am going to read the statement, and then I am going to ask the first question and we will go from there.

So the statement attributed to you is as follows: "Officer Viramontes added that when he exited his police vehicle at the scene, he
observed a black male subject, now known as Laquan McDonald, walking southbound on Pulaski Road in the middle of the street holding a knife in his right hand."

So first question, did you, Officer Viramontes, make that statement to Detective March on the night of October 20, 2014?

MS. RUSSELL: Or any other detective?

BY MR. NEUMER:

Q. Or any other detective?
A. Yes, I did.

Q. You made that statement?
A. That's correct.

Q. Do you recall to whom you made that statement?
A. It is now believed it was Detective March.

Q. And were you at the scene of the shooting when you made that statement to Detective March?
A. Yes, I was.

Q. Second question, is the statement that I just read to you, is it accurate?
A. Yes.
Q. Okay. You mentioned previously when we were talking about your Grand Jury testimony, we talked about you exiting the vehicle and where you were when you witnessed the shooting?

A. Uh-huh.

Q. So do you feel that the statement, and again, I will read it for the record, "Officer Viramontes added that when he exited his police vehicle at the scene, he observed a black male subject, now known as Laquan McDonald, walking southbound on Pulaski Road in the middle of the street holding a knife in his right hand."

So I want to ask you again. Is that accurate? Is that what happened?

Did you exit the police vehicle and then observe Laquan McDonald walking southbound on Pulaski Road?

A. Yes, I did, but the timing, like I said, the timing is -- but I did see that.

Q. Okay. So I am going to direct your attention to the portion of -- well, let me clarify first.

So you are saying I did observe -- it
is accurate to say that I observed a black male
subject, now known as Laquan McDonald, walking
southbound on Pulaski Road in the middle of the
street holding a knife in his right hand?

A. That's correct.

Q. That is an accurate statement?

A. Yes.

Q. Okay. Now I am going to direct your
attention to the portion of that sentence that
says, "When he exited his police vehicle."

So my question is given your previous
testimony today regarding the Grand Jury, is
that an accurate statement that you made that
observation after you exited your police
vehicle?

A. It wasn't after. It was as I
approached the scene in the car.

Q. Okay. So tell us about that -- and
so we have a statement here, and you said this
is what you told Detective March?

A. Uh-huh.

Q. Explain that to me why you told
Detective March that you exited the police
vehicle and made that observation, and then why
you are now saying that you were -- is it
correct to say you were inside the police
vehicle when you made this -- or approaching the
scene when you made this observation?

   A. Well, based on the review of the
video that I did see, what occurred was when I
arrived on scene, as I was arriving on scene, I
could see Mr. McDonald holding the knife as --
because everything happened instantaneous. My
door opened as the shooting started.

   Q. Okay. And did you exit the vehicle
as the shooting occurred?

   A. The video speaks for itself.

   Q. Well --

   MS. RUSSELL: He said he doesn't remember
the exact sequence of events. You guys have the
video. Take a look at the video. You can see
him opening the door, and you can see what's
happening at that time.

   He said he doesn't remember. You
guys --

   MR. NEUMER: But I didn't think we --

   MS. RUSSELL: The timing, the sequence of
events, I mean, we have been down this --
BY MR. NEUMER:

Q. I just want to know do you recall whether you actually exited the 841 Robert vehicle when the shooting was occurring?

A. My door opened as the shooting was occurring.

Q. Okay. And then did you exit the vehicle after your door opened?

A. That's correct, yes.

Q. You did exit the vehicle?

A. I did exit the vehicle. It is on the video. I mean, it is --

Q. Okay. I just -- I am not trying to play gotcha or anything --

MS. RUSSELL: Are you sure you are not? He is saying look at the video. He doesn't remember the sequence. We have talked about this.

MR. NEUMER: This is --

MS. RUSSELL: Go ahead.

BY MR. NEUMER:

Q. Okay. We will come back to that.

So now looking at the statement regarding when -- that you exited the police
vehicle and made the observation, is it -- would it be a more accurate statement to say that when you approached the scene, you made that observation?

MS. RUSSELL: Can we go off the record for a second?

MR. NEUMER: Sure. The time is 12:28, and we are off the record.

(Discussion had off the record.)

MR. NEUMER: The time is 12:30 p.m. We are back on the record.

Could we read back whatever question was pending?

(Record read.)

THE WITNESS: I mean, my timing was incorrect, and after reviewing the video, I mean, like my timing, I kind of understand where my position was at the time of the shooting and when I observed those.

BY MR. NEUMER:

Q. And so you first observed Laquan McDonald when you were inside the vehicle?

A. As approaching the scene, yes.

Q. Okay. Next statement. "Viramontes
heard officer Jason VanDyke repeatedly order McDonald to drop the knife."

First question, did you make that statement to Detective March or another detective on the night of October 20, 2014?

A. Yes, I did.

Q. Okay. Do you recall where you were when you made that statement?

A. I was opening my vehicle and I heard someone yell, which I believe --

MS. RUSSELL: Can you restate the question?

BY MR. NEUMER:

Q. Do you recall -- let me first say, do you recall who you made that statement to, meaning, who did you tell that you heard Officer Jason VanDyke repeatedly order McDonald to drop the night?

A. I told Detective March.

Q. And did you make that statement at the scene of the shooting?

A. Yes, I did.

Q. Okay. My next question is, is your statement that you heard Officer Jason VanDyke repeatedly order McDonald to drop the knife
accurate?

A. Yes.

Q. Okay. Next statement, "McDonald ignored the verbal direction and turned toward VanDyke and his partner officer Joseph Walsh."

Did you make that statement to Detective March on the night of October 20, 2014?

A. Yes, I did.

Q. And where were you when you made that statement?

A. On scene. You are asking me when I gave --

Q. Right.

A. On scene.

Q. You were in the 841 Robert vehicle?

A. That's correct.

Q. Fontaine was in the passenger's seat?

A. That's correct.

Q. And Detective March was at the window?

A. That's correct.

Q. Okay. Next statement, "At this time, VanDyke fired multiple shots from his handgun."
Did you make that statement to Detective March on the night of October 20, 2014?

A. Yes, I did.

Q. And where were you when you made that statement?

A. In 841 Robert's car on the scene.

Q. Is that statement accurate?

A. Yes.

Q. Next statement, "McDonald fell to the ground but continued to move, attempting to get back up with the knife still in his hand."

Did you make that statement to Detective March on the night of October 20, 2014?

A. Yes, I did.

Q. And where were you when you made that statement?

A. On scene on 841 Robert's car.

Q. And is that statement accurate?

A. Yes, to my ability, yes.

Q. What do you mean, to your ability?

A. That's what I saw. That's the
statement I gave to the detectives.

Q. Next statement, "VanDyke fired his
weapon at McDonald continuously until McDonald
was no longer moving."

Did you make that statement to
Detective March on the night of October 20,
2014?

A. Yes, I did.

Q. And where were you when you made that
statement?

A. 841 Robert's car on scene.

Q. Okay. Is that statement accurate?

A. Yes.

Q. Okay. It is alleged that on or about
October 20, 2014, you made a false statement
during interview with CPD Detective March when
you stated that after McDonald fell to the
ground, he attempted to get back up with the
knife still in his hand.

Do you stand by your previous
statement to Detective March?

A. Yes, I do.

MS. RUSSELL: I am sorry. Where exactly is
that statement codified? Attempting to get back
up with the knife still in his hand?

MR. NEUMER: Right.

MS. RUSSELL: Let me look through the allegations. Which one are we on?

MR. NEUMER: I don't have them numbered. I guess it is -- it would be six.

MS. RUSSELL: Could you read the question back?

BY MR. NEUMER:

Q. It is alleged that on or about October 20, 2014, you made a false statement during an interview with CPD Detective March when you stated that, after McDonald fell to the ground, he attempted to get back up with the knife still in his hand. Do you stand by your previous statement to Detective March?

A. Yes, I do.

Q. It is alleged that on or about October 20, 2014, you made a false statement during an interview with Detective March when you stated that McDonald was walking southbound on Pulaski Road in the middle of the street. Do you stand by your previous
statement to Detective March?

   A.  Yes.

   Q.  It is alleged that on or about
    October 20, 2014, you made a material omission
    during an interview with CPD Detective March
    when you failed to state that Laquan McDonald
    changed the direction in which he was walking
    prior to being shot by Officer VanDyke.

    Why didn't you tell Detective March
    that McDonald changed the direction which he was
    walking prior to being shot by Officer VanDyke?

   A.  I didn't give a statement because I
    didn't see that.

   Q.  You didn't see McDonald change
    direction?

   A.  That's correct.

   Q.  It is alleged that on or about
    October 20, 2014, you made a material omission
    during an interview with CPD Detective March
    when you failed to state that Officer Walsh and
    Officer VanDyke moved towards McDonald prior to
    the shooting.

    Why didn't you tell Detective March
    that Officer Walsh and Officer VanDyke moved
towards McDonald prior to the shooting?

A. That's another one. I did not see that.

Q. You didn't see Officer Walsh and Officer VanDyke move towards McDonald prior to the shooting?

A. That's correct. I didn't see.

Q. It is alleged that on or about October 20, 2014, you made a false statement during an interview with CPD Detective March when you stated that McDonald ignored Officer VanDyke's verbal direction to drop the knife and turned toward VanDyke and Officer Walsh.

Do you stand by your previous statement to Detective March?

A. Yes.

Q. I want to go back to the CSR, and it says under your name that you related the same facts as your partner Officer Dora Fontaine.

So I want to go through the statements that are attributed to Officer Fontaine and ask you whether you related those facts to Detective March.

So same thing. We are going to go
one-by-one and ask you whether you related those
facts.

First statement, "The two officers
responded to the request for assistance made by
Beat 815R regarding a man with a knife at 41st
Street and Pulaski Road."

Did you make that statement to
Detective March on the night of October 20,
2014?

A. Yes.

Q. Okay. And where were you when you
made that statement?

A. You are asking me when I gave that
statement?

Q. I am saying. Did you make that
statement to Detective March on the night of
October 20, 2014?

MS. RUSSELL: And you said yes and then he
asked where were you.

THE WITNESS: Where I gave that statement?

BY MR. NEUMER:

Q. Exactly, yes.

A. On-scene at 841 Robert's car.

Q. Next statement. "Officer Viramontes
drove northbound on Pulaski."

Did you make that statement to
Detective March on the night of October 20,
2014?

A. Yes, I did.

Q. And where were you when you made that
statement?

A. On-scene, on 841 Robert.

Q. Next statement. "When they arrived
at the scene of this incident in front of the
Dunkin' Donuts restaurant, Officer Fontaine saw
a black male subject, now known as Laquan
McDonald, walking southbound in the street with
a knife in his right hand."

Did you make that statement to
Detective March on the night of October 20,
2014?

A. I can't say what Officer Fontaine
said.

Q. And so my question is whether you
made that statement to Detective March on the
night of October 20, 2014?

A. But that statement I didn't make. I
am not going to comment on anything Officer Fontaine said.

Q. Well, okay. I guess these statements of Officer Fontaine are -- Detective March has noted that you related the same facts as your partner Dora Fontaine, and so what I am trying to determine is which of the statements attributed to Officer Fontaine you made to Detective March and which, if any, you didn't make to Detective March.

So my question is with respect to the statement, "When they arrived at the scene of the incident in front of the Dunkin' Donuts restaurant, Officer Fontaine saw a black male subject, now known as Laquan McDonald, walking southbound in the street with a knife in his right hand."

Did you make that statement to Detective March?

A. No.

Q. Were you present when Officer Fontaine made that statement to Detective March?

A. I don't remember what Officer Fontaine told him. I could have been there. I
Q. Okay. So you don't know when Officer Fontaine made that statement to Detective March?
A. I don't recall anything she did mention to officer -- to the detective. She could have said that. I don't know.

Q. Okay. My question is do you recall where she was when she made that statement?
MS. RUSSELL: He doesn't recall that she made that statement, let alone where she was when she made that statement he is not aware of.

BY MR. NEUMER:

Q. Next statement, "McDonald was walking sideways with his body facing east toward Officers Jason VanDyke and Joseph Walsh." Did you make that statement to Detective March on the night of October 20, 2014?
A. Yeah, I don't remember saying that, no.

Q. Okay. Do you recall Officer Fontaine making that statement to Detective March?
A. I don't remember what she told the detectives.

Q. Next statement, "These two officers
were standing in the middle of the street on the right side of their police vehicle which was facing southbound."

   Did you make that statement to Detective March on the night of October 20, 2014?
   A. No, I didn't.
   Q. Do you recall Officer Fontaine making that statement to Detective March?
   A. I don't remember what she told them.
   Q. Next statement, "Fontaine heard the officers repeatedly order McDonald to drop the knife."
   Did you make that statement to Detective March on the night of October 20, 2014?
   MS. RUSSELL: He can't say if Fontaine did. It is contained in his portion, which he already agreed that he said.

BY MR. NEUMER:

Q. Okay. Okay. Do you recall Officer Fontaine was when she made that statement?
A. That statement, I don't know where -- she could have made it in the car. I don't
Q. Next statement. "McDonald ignored the verbal direction and instead raised his right arm towards Officer VanDyke as if attacking VanDyke."

A. No, I didn't say that statement.

Q. Do you recall officer Fontaine making that statement to Detective March?

A. I don't recall her stating anything to the detectives in regards to that.

Q. Is that statement accurate, that McDonald raised his right arm toward Officer VanDyke as if attacking VanDyke?

A. I am not going to comment on what my partner or Officer Fontaine did say, but I did not see that.

Q. Okay. You did not see McDonald raise his right arm toward Officer VanDyke as if attacking VanDyke?

A. That's correct.

Q. Okay. Next statement, "At this time, VanDyke fired multiple shots from his handgun until McDonald fell to the ground and stopped moving his right arm and hand which still
grasped the knife."

Did you make that statement to Detective March on the night of October 20, 2014?

A. I didn't make that statement, but my statement on the bottom portion of what I just said.

Q. Okay. Do you recall where you were -- where Officer Fontaine was when she made that statement?

A. I don't remember where -- when she made that statement.

Q. Next statement, "The gunshots were rapid fire without pause."

Did you make that statement to Detective March?

A. I did not say that statement, but my statement is the one below.

Q. And do you recall where Officer Fontaine was when she made that statement?

A. I don't remember.

Q. Next statement, "Officer Walsh then kicked the knife out of McDonald's hand."

Did you make that statement to
Detective March on the night of October 20, 2014?

A. I did not say that statement.

Q. Okay. And do you recall where Officer Fontaine was when she made that statement?

A. I don't remember.

MR. NEUMER: At this time, I want to show you the 813 Robert dash cam video, so let's go off the record to set up the video. The time is 12:48 p.m.

(Short break in proceedings.)

MR. NEUMER: The time is 12:53. We are back on the record.

BY MR. NEUMER:

Q. Officer Viramontes, it is alleged that on or about October 20, 2014, you provided a false narrative to detective David March concerning the McDonald shooting through a series of false statements and material omissions.

Do you stand by your previous statements to Detective March, or is there anything you would like to add regarding this
allegation?

A. No. That's pretty accurate.

Q. Okay. And you stand by your previous statements to Detective March?

A. That's correct.

MS. RUSSELL: The statements as he told you today are attributed to him, or are you asking does he stand by the statements that are listed in this report?

MR. NEUMER: The statements that are listed in the Exhibit 5 Case Supplementary Report under your name.

MS. RUSSELL: I think he has fully testified about what he said and what he didn't say. So I don't know. I mean --

BY MR. NEUMER:

Q. We have gone through -- I am just talking about the portion of the CSR, the middle portion under your name?

A. That's fine.

MS. RUSSELL: Except for relayed the same facts as his partner Officer Dora Fontaine?

MR. NEUMER: Yes.

MS. RUSSELL: So beginning, "Officer
Viramontes added when he existed his police vehicle?'

BY MR. NEUMER:

Q. Yes, beginning at that and ended was no longer moving"?  

A. Yes.

Q. And also with the exception of the "exited his police vehicle"; correct?

A. That's correct.

Q. Other than those two exceptions, you stand by your previous statements to Detective March?

A. That's correct.

Q. At this time, we are going to show you a video that we provided to you. This is the 813 Robert dash cam video that IAD provided to you on February 19, 2016 on a DVD. My colleague Kris Brown has opened the VLC media file titled Video ts.ifo on his laptop. This file contains six minutes and five seconds of footage. The video also has an embedded timestamp on it indicating the date and time the video was recorded.

The video also has a VLC Media Player
time bar which goes from zero to six minutes and
five seconds, and we are going to advance the
video to the portion time stamped with the
embedded time stamp of 9:57 and approximately
22 seconds, and we are going to ask you to watch
the footage, and then we will have some
questions regarding that footage.

Initially, we will watch the video in
a slowed-down format, because we think that will
make it a little bit easier for you to assess
what's going on, but if at any portion or at any
time you need to see the video again with
respect to the questions we are asking, please
ask, we will show you the relevant portion again
as many times as you need to see it.

I would then ask -- I am going to
approach Officer Viramontes so we can all watch
the video together if that's okay.

Officer Viramontes, we are going to
play you a portion of this video, and my
first -- I am going to first ask you to tell us
to stop when you see your vehicle, the 841
Robert vehicle pull up to the scene of the
shooting; okay?
A. All right.

Q. Okay. So we will start the video at 9:57:22.

(Whereupon, a video was played for the witness.)

THE WITNESS: That's my car right there.

BY MR. NEUMER:

Q. Okay. All right. So Officer Viramontes has directed us to stop. There is no embedded timestamp present on the video, but the Window Media Player time bar reads four minutes and 51 seconds. Is that accurate, Mr. Viramontes?

A. I probably saw myself a little bit sooner, but yeah.

Q. Maybe at 4:50? Should we watch again to get a --

A. That's fine.

Q. We will go back a little bit.

A. Yeah, I just saw the lights. I want to make sure that was a car.

Q. Sure. We will watch again.

(Whereupon, a video was played for the witness.)
THE WITNESS: There.

MR. NEUMER: Okay. Stop.

THE WITNESS: That's my car.

MS. RUSSELL: Indicating a car coming down the street with flashers on.

BY MR. NEUMER:

Q. And the embedded timestamp reads 9:57:30 p.m., okay?

Now we will run the video from this portion, and I am going to ask you specifically look to see whether you can see yourself exiting the 841 Robert vehicle on this footage, so we can run the video.

(Whereupon, a video was played for the witness.)

THE WITNESS: Yeah, I don't see myself. I see the door open, but that's it.

BY MR. NEUMER:

Q. Do you need to see the video again?

(Whereupon, a video was played for the witness.)

THE WITNESS: The door opens. I don't see myself. It goes off camera.
BY MR. NEUMER:

Q. Okay. So do you recall whether you exited the vehicle, the 841 Robert vehicle during the shooting?

A. I believe there is another video, and I could probably clarify it. Right now, I know I exited the vehicle. I don't know if it was simultaneously, I believe it was, but I don't -- from this view, I can't tell.

Q. Okay. Do you believe you exited the vehicle immediately after you opened the vehicle door?

A. Yeah, I don't know.

Q. Okay. Do you think it is the Dunkin' Donuts security video that you -- that shows you exiting the vehicle?

A. Yeah, I don't know.

Q. Okay. But you believe that some video you saw showed you exiting the vehicle?

A. Yes.

Q. Okay. We are now opening the Dunkin' Donuts security cam file.
(Whereupon, a video was played for the witness.)

BY MR. NEUMER:

Q. Is this the video you believe you were referring to, Officer Viramontes?

A. No, this isn't the video.

MR. BROWN: All right. We will stop that one.

MR. NEUMER: We will go back to the other video.

MR. BROWN: Do you think there is a chance it could be the 845?

THE WITNESS: I see myself getting out the 845, but that's the one I had a problem with the timing issue.

I know I get out of the car, but I don't know as far as -- the timing as far as when the shooting happened, and that's what you see.

You see me getting out, but you don't see McDonald or anybody, just my car. If you could play that.

MR. BROWN: Sure, okay.
(Whereupon, a video was played for the witness.)

MR. NEUMER: We are now viewing the 845 Robert video, dash cam video. The time stamp says 9:57:22 p.m.

THE WITNESS: That's -- I think this is my shadow.

BY MR. NEUMER:
Q. That's you?
A. Yes.
Q. Okay. We will go back.

(Whereupon, a video was played for the witness.)

BY MR. NEUMER:
Q. So now the Window Media Player time bar reads four minutes and 44 seconds.

Is the vehicle shown in the 845R dash cam here, is that your vehicle, Officer Viramontes?
A. Yes, it is.
Q. And is that -- let's see. That's the passenger door being opened, is that what the video shows?
A. This is the driver.
Q. That's the driver. Okay. All right.

So the driver's side door is being opened.

Embedded time stamp was 9:57:36.

A. Yes.

Q. And Officer Viramontes, does the video show you exiting your vehicle?

A. Yes, it does.

Q. And it shows Officer Fontaine exiting the vehicle?

A. That's correct.

MR. NEUMER: Okay. Can we go back to the other video?

MR. BROWN: Now we will go back to the 813R video.

BY MR. NEUMER:

Q. And as we watch the video this time, Officer Viramontes, I want you to focus on the arrival of your vehicle in connection to the ultimate shooting.

(Whereupon, a video was played for the witness.)

BY MR. NEUMER:

Q. My question is, you stated that it was accurate that you repeatedly heard Officer
VanDyke say "drop the knife"; is that correct?

A. That's correct.

Q. So I want you to watch the video one more time and tell me whether that changes your assessment as to the accuracy of your statement that you repeatedly heard Officer VanDyke say "drop the knife."

MR. BROWN: And I will ask Officer Viramontes, do you want that on full speed or do you want that to be slowed down?

THE WITNESS: No, you could put it full speed.

(Whereupon, a video was played for the witness.)

BY MR. NEUMER:

Q. Would you like to see the video again?

A. No.

Q. Do you believe there was sufficient time for you to have heard Officer VanDyke repeatedly say drop the knife?

A. When my door opened, that's when I started hearing.

Q. So after you opened the door, you
heard Officer VanDyke say "drop the knife"?
A. He was saying it. As he was -- as he was using his duty weapon, he was stating those. That's what I believe, yes.

Q. As he was firing his weapon, he was saying "drop the knife"?
A. That's correct.

Q. Okay. Did you hear Officer VanDyke say "drop the knife" before he started firing?
A. I couldn't have, because I was still traveling.

Q. Okay. So it was during the shooting incident?
A. That's correct.

Q. Okay. I think we are done with the video.

With respect to the shooting, I am unfamiliar. How loud is it when you shoot a service weapon?

MS. RUSSELL: Do you want to give him decibels? Do you want him to compare it to what, a drum? What do you want to do?

I mean, it is not quiet. Would you agree?
THE WITNESS: Well, the only experience --
the only experience I have is in the gun range,
and I have -- and it is pretty loud in there.

BY MR. NEUMER:

Q. So you put like earmuffs on?
A. Yeah, so like as far as being
outside, I don't know what millimeter, what was
used, I don't recall.

So I don't know, it depends on the
type of service weapon that he had.

Q. Is it like a firecracker?
A. There is loud firecrackers, there is,
you know.

Q. Okay. So I guess your statement is
that it is loud enough that when you go to a gun
range, you put on earmuffs; right?

A. You are enclosed being in a gun
range. Being outdoors, it could be different.

MR. NEUMER: Kris, follow-up?
FURTHER EXAMINATION

BY MR. BROWN:

Q. I do have one follow-up question.

Near the earlier part of the statement that's attributed to you, the part about when Officer Viramontes added that when he exited the police vehicle, you noted after having the opportunity to view the video that you wanted to kind of amend that and say it was more accurate to say that was when you were driving to the scene, that's when you were arriving, as opposed to stating when you exited the police vehicle you observed the black male subject now known as Laquan McDonald?

A. Are we talking about when I observed him walking? Is that what you are asking?

Q. Yeah, I am sorry. Let me do a better job.

I am just making a note of the very first statement that's attributed to you.

A. Okay.

Q. Early on you noted that after having an opportunity to view the video, you stated that it wasn't when you exited the vehicle you
made the observation about the black male

subject, now known as Laquan McDonald. That

occurred as you were driving down the street as

you were approaching the scene; correct?

A. Yeah, that's what you were asking me, yes. I saw while I was driving towards the

scene, I saw a male, which we now know as

McDonald, walking down the street.

Q. So now in that similar type of I
guess review and reflection, I wanted to ask you

about the statement about McDonald fell to the

ground but continued to move, attempting to get

back up with the knife still in his hand.

I was wondering after you had the

opportunity to view the video, did you want to

make any clarifications to that statement that

was attributed to you?

A. No.

MR. NEUMER: Would it be helpful to view

the video again in response to my colleague's

question?

THE WITNESS: Ask me the question one more
time.
BY MR. BROWN:

Q. Sure, sure. In the statement, it is attributed to you, it is listed that McDonald fell to the ground but continued to move, attempting to get back up with the knife still in his hand.

I wanted to ask you, after having the opportunity to view the video, did you want to clarify that statement at all?

A. You know, this is the problem that I have about that video. You can keep showing me that video.

I mean, you can show me and show me, but what I thought I saw when I got there is what I gave my statement to the detective.

Now, the video, of course everybody is telling me different, but the video might show me differently, but I believe what I stated is what I thought I saw.

Q. And I wasn't -- yeah, I wasn't asking if what you -- your observation when you made the statement.

I wasn't asking, per se, about that.

I was asking more so like now that you have had
time to review the video, do you feel that
anything about that statement was inaccurate
that you would like to clarify?
   A.   No.

   MS. RUSSELL: I mean, so I think here is
where the problem lies is, is that what he
believes he saw at the time? Yes.
   So are you asking him like now that
you have had a chance to review the video, does
it change what you thought you saw at that time?

BY MR. BROWN:

   Q.   No, I am more so asking that now that
you had a chance to view the video, do you think
that's an accurate statement?
   A.   Well, the video speaks for itself.
   Q.   Well, just keeping in mind that you
clarified that first statement that was
attributed to, I was just wondering did you want
to clarify this statement?
   A.   No. That's what I thought I saw.
   Q.   And I think we are in agreement on
that part, that's what you thought you saw, but
I am just asking about after you saw the video,
did you want to clarify anything about it?
A. No.

Q. Kind of going back to the first statement now where it is attributed to you that you observed a black male subject now known as Laquan McDonald walking southbound on Pulaski Road in the middle of the street holding a knife in his right hand.

I wanted to ask you if you saw that, how was it that you did not see McDonald turn towards Officer VanDyke and Officer Walsh?

MS. RUSSELL: What was that question again?

BY MR. BROWN:

Q. Okay. If you saw -- as you are approaching the scene and you see McDonald walking southbound, you noted earlier that you did not see McDonald make the turn.

I was just wondering if you was able to see McDonald walking southbound and you were able to see the shooting, how is it that you did not see him make the turn toward the officers?

MS. RUSSELL: Can we have a minute?

MR. BROWN: Sure.

(Discussion had off the record.)

MR. NEUMER: The time is 1:15 p.m. We are
back on the record.

BY MR. BROWN:

Q.  Just to clean that question up, the

turn that you didn't see was just in regards to

McDonald, I guess, walking southbound making the

slight turn?

A.  No. Are you talking about the
direction that he turned?

I mean, he turned towards them. He

looked at them if that's -- that's what I

stated, not the actual change direction part of

it.

Q.  That's what I am trying to get to.

That's the part you didn't see?

A.  Yeah, I didn't see that.

MR. BROWN: Okay. That's fine.

FURTHER EXAMINATION

BY MR. NEUMER:

Q.  One question with respect to the

statement that, "After McDonald fell to the

ground, he attempted to get back up with the

knife still in his hand."

Officer Viramontes, did anyone tell

you to make that statement?
Q. Did anyone encourage you to make that statement?
A. No.

Q. Okay. We are going to go on to the in-car video system for the Vehicle 8948. Just briefly, what is a in-car video system and what is its purpose?
A. In-car camera records anything that's -- well, the camera is pointed in front of the vehicle, and it usually starts recording -- well, it is always recording, my understanding, it is always recording, but it will turn on, I think it stamps when the mars lights are, emergency vehicle -- I am sorry. When you turn on the mars lights, it starts regarding, which is what we thought, and you can't automatically turn it off. You have to manually turn it off.

Q. Okay. And so tell us about how you interact with the system. How do you get it going, like during your daily shift, during your tour of duty?
A. You are asking me from the beginning?
Q. Yeah, start from the beginning of the day and any other time you are kind of interacting with it, whether turning it on, off, things like that?

A. Well, we are assigned a vehicle. We get -- we inspect the vehicle before leaving, make sure the camera is working, but other than that, sometimes there is ticket numbers on there, but if it is working, we log on through our -- what we call our PC number and our password.

Q. And what's your PC number?

A. It is [redacted].

Q. And this is the sort of process and protocols that were in place as of October 20, 2014?

A. Yeah, I don't know when it started, but it seems like it has been awhile now.

Q. Okay. So your best recollection is that those were the protocols you described were the ones that were in place on October 20, 2014?

A. That's correct.

MS. RUSSELL: I think he said he didn't know.
BY MR. NEUMER:

Q. I want to hand you an exhibit. It is a Special Order and we will mark this as Exhibit 7.

(Whereupon Exhibit No. 7 was marked for identification.)

BY MR. NEUMER:

Q. This is Chicago Police Department Special Order S03-05, issue date of February 23rd, 2012, and I am going to direct your attention to Section IV of the Special Order. This should be on Page 3. Section VI is titled Operational Procedures, and I am going to read you a portion of this.

It says, "Department members assigned to a Department vehicle equipped with an in-car video system will at the beginning of a tour of duty: visually inspect the in-car video system equipment for damage; obtain the remote transmitter/audio recorder and ensure it is securely attached to the member's person; follow the start-up procedures for the in-car video system as trained, and ensure the system is working properly."
Officer Viramontes, as of October 20, 2014, were you aware of the procedures, the operational procedures I just read to you?

A. I don't know General Order about it. I probably was told at one time, but I don't remember.

Q. Were you ever trained as to the operational procedures I just read to you?

A. Yes.

Q. Tell us about that training.

A. It was at the Academy. I don't remember when I was trained, but it has been awhile.

Q. For a training like that, would you sign in, or would there be some record of your attendance?

A. There should be, yes.

Q. So again, with the protocol that you were to visually inspect the in-car video system equipment for damage, as of October 20, 2014, was it your practice to inspect the in-car video system for the car you were assigned for any damage?

A. That's correct.
Q. Okay. So did you know that that was the proper protocol to follow?
A. Can I ask --

MS. RUSSELL: You know what, guys, we are going to take a walk around the block.

MR. BROWN: The time is now 1:21, and we will go off the record.

(Short break in proceedings.)

MR. NEUMER: The time is 1:33 p.m. We are back on the record.

BY MR. NEUMER:

Q. We were talking about some of the operational procedures that relate to the in-car video system.

I think, I believe, correct me if I am wrong, you stated that it was your practice to visually inspect the in-car video system equipment for damage prior to the start of your tour of duty?

A. That's correct.

Q. And do you recall whether that was your practice prior to October 20, 2014?

A. Yes.

Q. I want to direct your attention in
the Exhibit 7, Page 3, Section VI, there is a Note that says members -- sorry.

Section VI, Note at the bottom of the page, second to the last paragraph. Do you see what I am talking about?

A. No.

MS. RUSSELL: Right there.

BY MR. NEUMER:

Q. It says, "Members will immediately notify a supervisor if, at any time, the in-car video system is inoperable, damaged, the equipped vehicle becomes inoperable or the remote transmitter/audio recorder is missing."

Were you aware of that requirement as of October 20, 2014?

A. Yes.

Q. Okay.

A. But in practice, I don't think we are doing that. I mean, as far as -- there is a procedure that the sergeants handle however they handle it in the District.

Q. Can you say a little more?

A. Just when the vehicle -- when the
in-car camera is not working, sometimes there is
a ticket number, and usually the supervisor will
ask us early on in the shift, usually through
the PDT if our camera is working or not.
Q. And just for the record, what's the
PDT?
A. That's the computer in our vehicle.
And that's how we usually will notify our
supervisor when the camera is not working, or if
it has a ticket number, we relay the ticket
number to the sergeant.
Q. And just so we are clear. For the
moment we are talking about like October 20,
2014, so was that the practice that was in place
as of October 20, 2014?
A. If that's what the sergeants were
doing, that's what they are doing. That's what
we are following.
Q. So have there been occasions where
you have at the beginning of your tour found the
in-car video system for the vehicle you are
assigned to to be inoperable?
A. That's correct.
Q. And so tell us about what you would
1. What you have done in those situations.
2. What process would you follow?
   A. I would just log onto my computer, go
   on my tour of duty, wait until either the
   sergeant asks me for that information, or
   sometimes I will send it myself.
3. Q. Okay. And does that happen every --
4. does the sergeant check in everyday to say how
5. is the in-car video system for your vehicle?
   A. That's correct, yes.
6. Q. And so you give him a thumbs up or a
7. thumbs down?
   A. That's correct.
8. Q. Is that still the procedure now?
   A. I know they have changed general
9. orders recently.
10. Q. Yes.
    A. Do I tell my sergeant when it is
    broken at the time? Yes, I do, right away, but,
    you know, it all depends on the sergeant.
    The sergeants don't go out when we do
    sometimes. I know they have some in-house
    procedures.
    I don't know what they are doing
there, whatever they need to do.

Q. Okay. I want to now direct your attention to October 20, 2014, and the in-car video system for the 841 Robert vehicle you were driving?

A. Okay.

Q. Do you recall what that 841 Robert vehicle's number was?

A. I should know by heart. No, I don't.

Q. Does the number 8948 ring a bell?

A. I use so many cars.

MS. RUSSELL: If you represented that that was the vehicle you were driving that night --

THE WITNESS: Yeah.

MS. RUSSELL: We have no reason to doubt it.

BY MR. NEUMER:

Q. If records indicate that it was Vehicle 8948, you --

A. That's fine, yeah. It is whatever was stated on the --

Q. Okay. And so I will -- at times I will be interchangeably referring to it as 841 Robert vehicle and Vehicle 8948, is that okay?
Q. So you were the driver of the 841 Robert vehicle on October 20, 2014; correct?

A. That's correct.

Q. And that vehicle had an in-car video system?

A. That's correct.

Q. Were you generally assigned Vehicle 8948 as of that time, October 20, 2014?

A. Are you asking me if other people use that car?

Q. I guess I am saying I know that there are certain relief officers who bounce around vehicles a lot.

Did you generally stay in the same vehicle, or were you bouncing around to vehicles all the time?

A. I -- whatever is available, they usually will give it to me.

Q. So in a given week, you could have -- be in three or four different vehicles?

A. That's correct.

Q. As of October 20, 2014, how long had you worked in a squad car that had an in-car video system?
A. I mean, there will be occasions. Even now, the problem is I am on 841 Robert, which is a rapid response car, and that vehicle usually will get downed if there is not enough manpower to fill in the other beats. So I bounce around. I am never usually on 841.

Q. Sure.

A. As far as the vehicle, it is whatever is available at the time.

Q. I guess let's talk about the two years prior to October 20, 2014. Were the vehicles you were assigned to, did they generally have in-car video systems?

A. If that was -- I don't remember. I mean, until this day, I occasionally will get a car that doesn't have a camera.

Q. Okay.

A. Which is basically a pool car, which is the left over.

Q. Do you have any recollection with respect to the vehicle you were driving on October 20, 2014, whether you had previously,
prior to that night, had issues with that vehicle's in-car video system?

A. I don't -- I wouldn't remember.

Q. Okay. So take us through, if you have any recollection, what you did with respect to the in-car video system of the 841 Robert vehicle on the night of October 20, 2014.

MS. RUSSELL: What would his normal protocol be, or what he remembers he specifically --

BY MR. NEUMER:

Q. I am asking your independent recollection on October 20, 2014, as to what steps you took with respect to the in-car video system.

A. As far as what I did with the in-car camera, I mean, if -- usually there is a ticket number, I don't go beyond turning it on because it -- apparently, it is broken, but that night, I don't know exactly what I did, but I -- after I got my belongings from my vehicle, my personal vehicle after leaving the lot, I went to Dunkin' Donuts, so that's -- not the Dunkin' Donuts from -- this is another one on 55th, and that's
when -- that's how quick it happened from the
start of the shift so...

I didn't do anything with respect --
if you are asking me, did I notify a sergeant.

No, I didn't.

Q. What were you referring to with
respect to Dunkin' Donuts?

A. I thought my procedure of what I did.
I was telling you my day already.

I didn't tell the sergeant, if that's
what you are referring to. I didn't do anything
because I believed at the time it wasn't
working, or I think that's what it was. I don't
remember.

Q. Okay. So I guess your -- do you have
a recollection, and you may have just answered
this, as to whether the in-car video system for
vehicle 8948 was functioning on that night?

A. I don't remember if I checked it or
if I didn't.

Q. Okay. So there was no audio or video
recovered from Vehicle 8948 the night of October
20, 2014.

Do you have any explanation as for
why that was?

A. I have no idea.

Q. In general, the in-car video system, it is supposed to automatically engage the audio and video recording when the emergency lights are activated; right?

A. That's correct.

Q. And your emergency lights, the vehicle, the 841 Robert's vehicle emergency roof lights, they were activated when you arrived to the McDonald shooting; is that correct?

A. That's correct.

Q. At any time on October 20, 2014, or in days or weeks prior, did you intentionally tamper with the 841 Robert vehicle's in-car video system causing it to be non-operational on that night?

A. No, I didn't.

Q. Do you know whether at any time prior to October 20, 2014, or on October 20, 2014, Officer Fontaine intentionally tampered with the Vehicle 8948's in-car video system causing it to be non-operational?

A. No, I wouldn't know that, no.
Q. Okay. We are going to hand you what
is marked as -- we are going to do three
exhibits. It is 8, 9 and 10.

(Whereupon Exhibit Nos. 8-10
were marked for identification.)

BY MR. NEUMER:

Q. The first is a Supplementary Report
completed by Sergeant Lance Becvar that concerns
the vehicles that were -- the CPD vehicles that
were at the scene of the shooting and his
findings regarding in-car video systems of those
vehicles.

The second exhibit I am going to hand
you, Exhibit 9, is an In-Car Camera Video
Retrieval Worksheet, and this -- which is dated
October 20, 2014.

The requester is Deputy Chief
McNaughton, and again has -- makes reference to
five of the vehicles, CPD vehicles that were at
the scene of the shooting and their in-car video
system, and then Exhibit 10, is an e-mail from
Sergeant Lance Becvar to Jonathan Lewin, and
this contains his findings with respect to the
vehicles that were at the scene of the shooting,
including -- well, the Exhibit 10 refers to Vehicle 8949.

We subsequently confirmed with Sergeant Becvar that was a typo in his e-mail; that he was referring to 8948, and Vehicle 8948 corresponds to the In-Car Camera Video Retrieval Worksheet, Exhibit 9, as well as the Supplementary Report, Exhibit 8, so we believe he is indeed referring to Vehicle 8948 there.

So take a moment, look these over. I will direct you to the Exhibit 8, Supplementary Report.

At the almost the bottom of it, the next to Beat 841 Robert Vehicle 8948, Sergeant Lance Becvar has written, "Not engaged - Officer reported application error."

With respect to the "officer reported" portion of his notes, do you recall having any conversation with Sergeant Becvar on the night of October 20, 2014?

A. No.

Q. Do you recall Officer Fontaine having any conversation with Sergeant Becvar on October 20, 2014?
Q. Do you have any recollection of reporting that there was an application error in the in-car video system for 841 Robert vehicle the night of October 20, 2014?

A. No. Can I add something?

Q. Sure.

A. This is with regards to the camera.

MS. RUSSELL: Tell me first. Let’s step out.

MR. BROWN: The time is now 1:47, and we will go off the record.

MR. NEUMER: The time is 1:47. We are back on the record.

THE WITNESS: This is in regards to the camera. I do remember on scene, there was a tech from the City trying to retrieve, because -- anything, video from our vehicle. My understanding is that sometimes they could retrieve certain footage or even audio, whatever it was, but my understanding is they couldn't get anything. It was a dead system.

So I don't know who that tech guy
was, but I know he was from the city.

BY MR. NEUMER:

Q. Okay. So you saw him out at the scene?

A. Yes.

Q. Okay. Did you have any conversations with him when he was trying to retrieve the footage from your vehicle?

A. No, I don't. I mean, I know, because we had to get out of the vehicle, just so he could -- whatever he needed to do.

Q. Okay. So you and Officer Fontaine stepped out of the vehicle, and then sergeant -- well, a tech?

A. Yeah. I don't know if he is the one that was retrieving the video from all of the --

Q. Some tech was taking out --

A. That's correct.

Q. Do you know what he was taking out?

A. I know he was dealing with the in-car camera video.

Q. So you and Officer Fontaine stepped out, and he came in to do something with the in-car video system?
A. That's correct.

Q. Did you watch him? Did you see what he was doing?

A. I --

Q. No?

A. I, you know -- no, I don't know.

Q. Okay. All right. So what are you supposed to do if the in-car video system for your assigned vehicle is not functioning properly?

A. I would --

Q. And this is as of October 20, 2014?

A. I am supposed to tell a supervisor.

Q. Okay.

A. Our sector sergeant, whatever our sergeant is assigned to.

Q. Did you call your supervisor on October 20, 2014 to report that Vehicle 8948's in-car video system wasn't working?

A. No, I didn't.

Q. How come?

A. Like I mentioned earlier before, I usually will wait for him to give me -- ask for that information.
Whether he was out on the street or not -- I can't remember the sergeant that was -- it might have been 810 Robert. I think it was Sergeant Franko that was out, but he is usually not on the street right away. That I do know.

Q. Do you recall whether at any time on the night of October 20, 2014, or the next day you reported the in-car video system for 841 Robert vehicle was non-operational?

A. Are we talking that same night?

Q. Same night, the next morning.

A. No, I didn't, because we all knew -- well, when they were trying to retrieve, I knew it wasn't working.

Q. Did you think at that point that they knew, that the appropriate people knew?

A. A sergeant might have came over. All that I know, a sergeant came over and did his log, whatever they needed to do.

Q. Okay. Do you recall if you filed -- are you familiar with the term "Help Desk Ticket"?

A. Yes.

Q. Okay. What is a Help Desk Ticket?
A. It is a -- it is where we called -- when we have problems, like logging onto the computer.

Actually, we have been calling because our 841 Robert doesn't register on the in-car camera. It is only 841.

Q. As of recently?

A. It has been going on since we have been on -- the camera has been going on, so I know my partner has been trying to -- she has been getting ticket numbers to get it registered on there, so we just register as 841.

Q. I gotcha. Do you recall filing or creating a Help Desk Ticket with respect to the 841 Robert vehicle's in-car video system any time prior to October 20, 2014?

A. We give the information when it is not working to the sergeant, and the sergeant is the one that calls.

Q. Okay. All right. Do you recall telling the sergeant any time prior to October 20, 2014, that the Vehicle 8948's in-car video system wasn't functioning?

A. I don't know what car I had the day
before or any other time.

I might have had that car at one
time, and if it wasn't working, I would tell
them.

Q. And would there be a record if you
told your sergeant about a non-functioning
in-car video system?

A. Hopefully, there is. I mean, I
believe they keep a log of when the cars -- I
mean, every watch, if they use that car on every
watch, their sergeant should -- I don't know how
they collected data as far as the sergeants,
what they do with the information, if it is not
working.

Q. Is it fair to say you are not sure
one way or another what sort of records they
keep?

A. That's correct.

Q. Okay. Do you have any explanation
why there was no audio captured by any of the
vehicles that were at the scene of the McDonald
shooting?

A. I can't speak for the other vehicles,
but for my vehicle, if the video camera is not
working, there isn't going to be no audio.

Q. Was it surprising -- when did you learn that there was no audio recovered from the vehicles that were at the scene of the shooting?

A. I wouldn't know that. No.

Q. Did you know that prior to today; that there was no audio recovered from any of the vehicles that was at the McDonald shooting?

A. Well, it is all over the news.

Q. Did it surprise you when you found out that there was no audio recovered?

A. You know, in all fairness, most of those -- most of the cameras didn't work at that time I know on most of the vehicles.

I mean, I want to say a big majority of the vehicles had ticket numbers that I have used.

I can't speak for anybody else of why they -- if they didn't have video or audio.

Q. As of October 20, 2014, had you ever heard of police officers intentionally disabling the audio system for their vehicles?

A. I have heard something, but I --

Q. What have you heard?
| A. | I heard about people turning the battery -- I don't know how many instances. |
| Q. | Turning the batteries upside down? |
| A. | That's what I heard but... |
| Q. | Had you ever witnessed anyone doing that? |
| A. | No. |
| Q. | This is now the Notice of Allegation portion. We can look at 7, 8 and 9. |
| Officer Viramontes, it is alleged that on or about October 20, 2014, you failed to ensure the in-car video system for CPD vehicle 8948 was working properly at the beginning of your tour of duty. What is your response to that allegation? |
| A. | Yeah, I failed to do it. |
| Q. | It is alleged that on or about October 20, 2014, you failed to immediately notify a supervisor that the in-car video system for CPD Vehicle 8948 was inoperable or damaged. What is your response to that allegation? |
| A. | Yeah, I failed to do that, too. |
Q.  It is alleged that on or about October 20, 2014, you failed to record audio and video events with CPD Vehicle 8948's in-car video system during your tour of duty. What is your response to that allegation?

A.  That one -- I had no control over that one. The video wasn't working.

MR. NEUMER:  Kris, follow-up?

MR. BROWN:  I do have a couple follow-up questions.

FURTHER EXAMINATION

BY MR. BROWN:

Q.  You mentioned typically the sergeant would reach out to you to ask if the in-car video system was working; is that correct?

A.  That's correct.

Q.  Is there a particular time that the sergeant would reach out to you?

A.  No, not really. Just usually they try to -- whatever they log -- I don't know how they work, but even now, I try to give it as quick as I can, so I voluntarily will send them a message if he is able to get the message.
Q. Okay. So if a sergeant does send you a message, and you don't have your system open, will you receive it?

A. Well, I am supposed to log on right away. I usually log on as soon as my start of the shift on the computer.

Q. Okay. And you mean that that's the PDT?

A. That's the PDT, that's correct.

Q. And is that a rule or procedure, you are supposed to log on the PDT as soon as you start your shift?

A. Yes. Now, is it practiced a lot? Probably not, because you get your coffee and, you know.

MS. RUSSELL: Back to the Dunkin' Donuts again, guys.

THE WITNESS: You got to get that donut.

BY MR. BROWN:

Q. And I think you kind of already said this, but it sounds like if the sergeant doesn't notify or ask you if the video camera in your car is working, you would then in turn notify him at some point during your shift; correct?
A. I personally, yes.

Q. Is there any other method that you use to notify the sergeant other than the PDT?

A. No, not really. I mean, usually the PDT is the way we communicate.

Unless you are friends with -- I am not, you know, just they are co-workers for me, supervisor if you want to say, but everything is done on the PDT.

Q. Okay. So if certain officers are friends with the sergeant, do you mean that they might call the sergeant --

A. Or text them, sometimes a message here if they are busy, but I, you know, I don't do that as a practice.

Q. Do you know if you have your PDT system open but the sergeant hasn't opened his, will he receive your message about a camera system or anything else you want to send him a message about?

A. Both systems have to be logged in, not just turned on. So you have to log in to be able to receive and get messages.

If you send a message and they are
not logged on, usually it will give you a message telling you they are not on.

I don't know what words they -- the PDT uses, but it will notify you that they are not signed on.

Q. But if you were to send a message and you can understand to see that, oh, the recipient isn't logged on, when they do log on, will they then receive your message?

A. No. There is a way of doing it, but no, they won't get it like that.

Whoever is sending it, they will automatically know they are not logged on.

Q. A little bit ago we talked about a Sergeant Becvar. I wanted to ask. Do you know who Sergeant Becvar is?

A. No.

Q. All right. Would you have any idea if you ever -- strike that. You don't know who he is.

You mentioned that you heard about audio being tampered with, maybe the batteries being turned upsidedown?

A. It is -- you hear about it --
MS. RUSSELL: It is like a rumor?

THE WITNESS: It is a rumor, yeah, if that's what you want to call it.

BY MR. BROWN:

Q. I wanted to ask had you heard any other rumors about the audio being tampered with, any other methods how that could occur?

A. No, not that I --

Q. Okay. Had you heard anything about the video systems being tampered with?

A. They are all rumors, people moving the camera around, but that's -- I mean, everybody -- you just hear stuff, I mean, from other districts, but if they are true or not, I don't know.

Q. Sure. But just trying to understand what some of the methods might be. Is one moving the camera around?

A. It is probably one of them, but I mean, I can't start thinking about any other methods that people use, if there was any.

Q. Sure. Just in relation to moving the camera around, do you know, how would that work?

A. Well, the camera is, it is easily --
you could move it. It tilts, and part of our
inspection is that you have to make sure that
the camera is in full view of what you need to
do.

Q. So you have to make sure the view is
oriented out the windshield?
A. That's correct.
Q. And it is easy to turn it a different
direction if you -- if an officer wanted to do
that?
A. If you wanted to, yeah.
Q. Okay.
A. It is not stable. It is enough that
we are able to control how much to be able to
get a full view of what we need to.
Q. Okay. Had you heard any other rumors
about how video is tampered with?
A. No.
MR. BROWN: No. Okay. That's all my
follow-up.
MR. NEUMER: I think that's all our
questions today. We thank you for your time.
MS. RUSSELL: He may have a final comment.
Let's take a minute. Break again.
MR. NEUMER: The time is 2:01. We will go off the record.

(Short break in proceedings.)

MR. NEUMER: The time is 2:01 p.m., and we are back on the record.

THE WITNESS: No, I don't have another comment.

MR. NEUMER: That's it. At 2:01, this interview is concluded.

MR. BROWN: Thank you very much, Officer Viramontes.

(Which were all the proceedings had in the above-entitled cause on this date.)

stated she was a Chicago Police Officer assigned to the 008th District. She was on duty, in uniform, working on Beat 841R. FONTAINE was working with Police Officer Ricardo VIRAMONTES. The two officers were assigned to a marked vehicle. VIRAMONTES was driving the vehicle and FONTAINE was the passenger.

The two officers responded to the request for assistance made by Beat 815R, regarding a man with a knife at 41st Street and Pulaski Road. Officer VIRAMONTES drove northbound on Pulaski. When they arrived at the scene of this incident, in front of the Dunkin' Donuts restaurant, Officer FONTAINE saw a black male subject, now known as Laquan MCDONALD, walking southbound in the street, with a knife in his right hand. MCDONALD was walking sideways, with his body facing east, toward Officers Jason VAN DYKE and Joseph WALSH. These two officers were standing in the middle of the street, on the right side of their police vehicle, which was facing southbound. FONTAINE heard the officers repeatedly order MCDONALD to "Drop the knife!" MCDONALD ignored the verbal direction and instead, raised his right arm toward Officer VAN DYKE, as if attacking VAN DYKE. At this time VAN DYKE fired multiple shots from his handgun, until MCDONALD fell to the ground and stopped moving his right arm and hand, which still grasped the knife. The gunshots were rapid fire, without pause. Officer WALSH then kicked the knife out of MCDONALD's hand.

VIRAMONTES, Ricardo ——

stated he was a Chicago Police Officer assigned to the 008th District. VIRAMONTES related the same facts as his partner, Officer Doña FONTAINE.

Officer VIRAMONTES added that when he exited his police vehicle, at the scene, he observed a black male subject, now known as Laquan MCDONALD, walking southbound on Pulaski Road, in the middle of the street, holding a knife in his right hand. VIRAMONTES heard Officer Jason VAN DYKE repeatedly order MCDONALD to "Drop the knife!" MCDONALD ignored the verbal direction and turned toward VAN DYKE and his partner, Officer Joseph WALSH. At this time VAN DYKE fired multiple shots from his handgun. MCDONALD fell to the ground but continued to move, attempting to get back up, with the knife still in his hand. VAN DYKE fired his weapon at MCDONALD continuously, until MCDONALD was no longer moving.
This form is designed for recording handwritten notes and memoranda which are made during the conduct of investigations, including: inter-watch memoranda (handwritten or typewritten), witness and suspect interview notes, on-scene canvas notes, and any handwritten personal notes made by detectives during the field investigation of violent crimes which are used to prepare official Department case reports.

Upon arrival, the suspect refused to comply with the police orders and began to attack the officers with a knife. The suspect was repeatedly told to drop the knife, but continued to move forward. The suspect then attempted to get up, but was still in the line of fire and was fired at until he ceased moving.

EXHIBIT 6
IN-CAR VIDEO SYSTEMS

ISSUE DATE: 23 February 2012 EFFECTIVE DATE: 23 February 2012
RESCINDS: Version dated 20 April 2011; S10-10 INDEX CATEGORY: Field Operations

I. PURPOSE

This directive:

A. implements the use of Department in-car video systems.
B. establishes the policies and procedures for the use, maintenance, and repair of in-car video systems.
C. establishes the roles and responsibilities of Department members affected by the introduction of in-car video systems for the video and audio recording of incidents.
D. establishes the requirements for viewing, retaining, and duplicating digitally recorded incidents.
E. continues the use of the Digitally Recorded Data Viewing/Hold/Duplication Request (CPO-65.224).
F. identifies the Records Division as the Department repository and viewing location of digitally recorded data created by the in-car video systems.

II. POLICY

The Department is committed to protecting the safety and welfare of its members and the public. The in-car video systems can provide members with an invaluable instrument to enhance criminal prosecution by providing powerful evidence of criminal activity, limit civil liabilities, and objectively document officer conduct during individual interactions. Members assigned to a vehicle equipped with an in-car video system will use it pursuant to this directive.

III. GENERAL INFORMATION

A. There is no expectation of privacy for Department members related to incidents recorded by in-car video systems. Supervisors, members of Bureau of Internal Affairs, and the Independent Police Review Authority (IPRA) investigators may request to review the digitally recorded data from a vehicle equipped with an in-car video system. Any digitally recorded data created by the in-car video system may be used without a Department member’s permission for any official Departmental purpose.

B. The in-car video system will automatically engage audio and video recording when the vehicle’s emergency roof lights are activated. However, Department members may manually activate the in-car video system without the activation of the emergency equipment. At the conclusion of the incident, Department members must manually disengage all recording processes, regardless of what method activated the in-car video system.

C. The Records Division will be the custodians of the digitally recorded data and will be responsible for the retention, duplication, and viewing of the in-car video systems. The Director, Records Division, will establish retention, viewing, and duplication procedures that provide for inventory control, the security of the digitally recorded data, and authorized duplications.

D. All digitally recorded data created by the in-car video systems will be retained by the Records Division for a minimum of 90 days. Digitally recorded data that is marked and held as having evidentiary or training value will be retained as prescribed by law and established Department policy.

E. In general, minor infractions and minor deviations from Department policy observed through the review of digitally recorded data will not be subject to the disciplinary process and will be treated as a training opportunity.
IV. **RECORDING GUIDELINES**

A. Department members will use only Department-issued video and audio recording equipment.

B. Department members will conform to all laws and Department policies concerning the use of the in-car video system for the video and audio recording of incidents.

   1. Department members are lawfully permitted to video record individuals without their consent if they are on the public way or in public view.

   2. Department members who are in uniform and have identified their office are lawfully permitted to simultaneously audibly and visually record individuals without their consent whenever:

      a. the member is conducting an enforcement stop, or

      b. the patrol vehicle emergency lights are activated or would otherwise be activated if not for the need to conceal the presence of law enforcement.
